GENERAL INFORMATION II

TRADEMARKS ACT 2019 (Act 815)

PUBLICATION OF APPLICATION FOR REGISTRATION OF TRADEMARKS

Pursuant to **section 31** of the Trademarks Act 2019, the following applications for registration of trademarks have been accepted and are hereby published in Intellectual Property Official Journal under **paragraph 148(1)(a)** of the Trademarks Act 2019

Where an application for registration is accepted subject to any conditions, amendments, modifications or limitations, such conditions, amendments, modifications or limitations shall appear in the publication.

Pursuant to subsections 35(1) and 35(2) of the Trademarks Act 2019 and subregulation 23(1) of the Trademarks Regulations 2019, a notice of opposition to oppose the registration of the application for registration of trademark which shall include the statement of the grounds of such opposition may be filed together with payment of the prescribed fee with the Registrar of Trademarks within two months from the date of the publication of the acceptance of such application for registration of trademark.

Notwithstanding the above paragraph, pursuant to subsection 153(1) of the Trademarks Act 2019 and subregulation 23(2) of the Trademarks Regulations 2019, the request for an extension of time may be allowed at the discretion of the Registrar of Trademarks for not more than two months after the expiry of the period for filing the notice of opposition.

GENERAL INFORMATION III

TRADEMARKS ACT 2019 (Act 815)

PUBLICATION OF ACCEPTANCE OF INTERNATIONAL REGISTRATION DESIGNATING
MALAYSIA

Pursuant to regulation 71 of the Trademarks Act 2019, the following international registrations designating Malaysia have been accepted and are hereby published in Intellectual Property Official Journal under section 148 of the Trademarks Act 2019.

Where an application for registration is accepted subject to any conditions, amendments, modifications or limitations, such conditions, amendments, modifications or limitations shall appear in the publication.

Pursuant to subsections 35(1) and 35(2) of the Trademarks Act 2019 and subregulation 72(1) of the Trademarks Regulations 2019, a notice of opposition to oppose the registration of the international registrations designating Malaysia which shall include the statement of the grounds of such opposition may be filed together with payment of the prescribed fee with the Registrar of Trademarks within two months from the date of the publication of the acceptance of such international registrations designating Malaysia in the Intellectual Property Official Journal.

Notwithstanding the above paragraphs, pursuant to subsection 153(1) of the Trademarks Act 2019 and subregulation 72(2) of the Trademarks Regulations 2019, the request for an extension of time may be allowed at the discretion of the Registrar of Trademarks for not more than two months after the expiry of the period for filing the notice of opposition

Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking, life-saving and teaching apparatus and instruments, namely, laboratory testing apparatus; Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; Apparatus for recording, transmission or reproduction of sound or images; Calculating machines, data processing equipment, computers; Computer software for testing, certification, qualification, inspection, operation, safety management of equipment, design, construction, strength assessment, qualitative and quantitative risk assessment and information management and analysis, database functions, application service provider functions, and for providing technical and business support all in process industry, chemical industry, petrochemical industry, offshore industry, maritime industry, aerospace, automotive, finance, food and beverage, healthcare, it and telecom, oil, gas and energy, biorisk, climate change, corporate responsibility, hospital accreditation, it software and systems, operational excellence, quality management, risk management, railroads; Software programs for data collection, monitoring and processing; Data collection, monitoring and processing apparatus, namely, data transceivers, wireless networks and gateways for collection and management of data; Computer software platforms for use in data management; Software for the management and distribution of results and analysis of big data on an upgradeable shared grid; Data management software for accessing defined infrastructure consolidated application software; Data management applications, namely, computer software for integrating, analyzing and protecting defined infrastructure consolidated application software; Computer software and hardware for management of information related to an intelligent life-cycle; Software and hardware for strategy-based intelligent planning functions for use and performance of infrastructures, applications, infrastructure systems and instruction manuals in electronic form, sold as a unit; Computer hardware and software for data storage, data visualization; Computer software and

hardware for data management; Computer hardware, namely, storage devices; Digital data storage system for programming services or maintenance of data storage system software.

CLASS 35

Business management; Business administration; Business auditing; Management of business risks; Business consultancy, business management and organization consultancy; Business risk management consultancy; Business consultancy related to knowledge and information handling and to databases, business management consulting relating to occupational health and safety management; Benchmarking services for business management purposes, namely, data collection; Data processing and aggregation; Automated data collection, processing and aggregation, namely, electronic data collection and electronic data processing for business purposes; Data processing services, provided online and on the internet; Advisory services relating to data collection, processing and aggregation; Business consultancy, namely, consultancy services relating to data collection, processing and aggregation; Compilation and analysis of data and information relating to business management; Business consultancy; Consultancy services, namely, expert evaluations related to business efficiency; Business management and consultancy services; Consultancy services in the field of business management and data verification; Business management consultancy services provided via the internet; Business strategy development; Business support services, namely, providing business support staff services; Business intelligence services; Business consultancy services relating to quality management; Business consultancy services relating to business management for compliance with public and private standards and/or other regulations compliance services; Business administration services and business management for compliance with standards and regulations; Collating services, namely, collating of data in computer databases; Verification of data in computer databases, namely, computerized business data analysis; Compilation of business statistics and commercial information; Business information services; Negotiation and conclusion of commercial transactions for third parties; Providing an online commercial market place for data trading and exchange on the internet; Providing business information and data, via a global computer network; Provision of an online marketplace for buyers and sellers of business information products, applications, data and services; Provision of marketing, price comparison and business analysis reports and visualization reports, namely, expert evaluations and reports relating to business matters irrespective of medium or format; Updating and maintenance of data in computer databases or data sets; Data processing services, namely, validating and assessing in the nature of performing data analysis for business purposes to determine the relevance, quality and accuracy of data to be used as basis for decisions; Data processing services, namely, services within the field of data quality evaluation, namely, statistical evaluations of business data; Systemization of data and information in the nature of written communications for others for the creation, development and design of computer software and applications for collecting, processing and analysis of data in real-time, for the purpose of obtaining basis for decisions for ad-hoc and/or strategic decision processes, for analysis and direct data processing applications, in particular on a real-time basis, for readouts on a real-time basis, and for the rapid evaluation of transaction data, including big data and data relating to the internet of things, cloud-based data storage, analysis and software solutions; Business project management in the field of electronic data processing.

CLASS 38

Digital data transfer, namely, transfer of data by telecommunications; Transmission of digital files; Communication on the internet or via analog and digital computer terminals, namely, personal communication services; Transfer services over the internet, namely, providing multiple use access to global computer information networks for the transfer and dissemination of a wide range of information; Digital transfer services for audio, video or graphical data, namely, providing telecommunication connectivity services; Providing access namely, telecommunication access to platforms for the purpose of exchanging digital business intelligence data; Providing access to platforms, namely, providing internet access.

CLASS 40

Treatment of materials, namely, production of energy and conversion of wasted energy into electricity and useful steam, processing of gas, carbon, water, oil; Production of energy; Consultancy in the field of production of energy as well as other services relating to the aforementioned activities, namely, consultancy in the field of treatment of materials, namely, production of energy and conversion of wasted energy into electricity and useful steam, processing of gas, carbon, water, oil.

CLASS 41

Education, namely, arranging, conducting and providing courses, training, seminars and workshops in the field of the process industry, chemical industry, petrochemical industry, offshore industry, maritime industry, aerospace, automotive, finance, food and beverage, healthcare, it and telecom, oil, gas and energy, biorisk, climate change, hospital accreditation, it software and systems, and railroads and all in the subject matter of inspection, consulting, analysis, certification, classification, guidelines, rules and standards, corporate responsibility, operational excellence, quality management, and risk management; Publication of books, journals, brochures: publication of texts, other than publicity texts; Publication of printed matter featuring rules, regulations, standards and protocols of others.

CLASS 42

Scientific and technological services and research and design relating thereto, namely, research and design in the field of aerospace, automotive, food and beverage, it and telecom, maritime, oil, gas and energy, petrochemical, biorisk, climate change, it software and systems, railroads; Industrial analysis, namely, product research in the field of aerospace, automotive, food and beverage, healthcare, it and telecom, maritime, oil, gas and energy, petrochemical, biorisk, it software and systems, rail roads, process industry, chemical industry, offshore industry; Technical consultancy services in the field of environmental science; Technical consultancy in relation to technical research in the field of foods and beverages; Design and development of computer hardware and software; Maintenance and implementation of software; Software improvement and development services; It service management, namely, remote and on-site management of the information technology (it) systems of others; Consulting in the field of computer risk management services; Safety management services, namely, product safety testing and food safety testing in the field of aerospace, automotive, food and beverage, healthcare, maritime, oil, gas and energy, petrochemical, rail roads, biorisk, hospital accreditation, process industry, chemical industry, offshore industry; Testing, and classifying the goods and services of others for the purpose of certification, verification and classification; Verification of the quality and quantity of raw materials, commodities, manufactured, semi-manufactured and transformed goods or goods or services of any other nature and their conformity with national and international norms, laws, rules, practice and standards and with clients' contractual requirements in the field of aerospace, automotive, finance, food and beverage, healthcare, it and telecom, maritime, oil, gas and energy, petrochemical, rail roads, biorisk, climate change, corporate responsibility, hospital accreditation, it software and systems, process industry, chemical industry, offshore industry; Information technology consultation; Computer software consultation; Computer systems design and analysis consultation in the field of aerospace, automotive, finance, food and beverage, healthcare, it and telecom, maritime, oil, gas and energy, petrochemical, rail roads, biorisk, climate change, corporate responsibility, hospital accreditation, process industry, chemical industry, offshore industry; Product traceability services, namely, design and implementation of software for the purpose of product authentication and tracking, and brand monitoring and protection, to protect against counterfeiting, tampering, and diversion, and to ensure the integrity of genuine products; Assessment services, namely, testing, analysis and evaluation of the goods and services of others for the purpose of certification, verification and classification; Scanning, namely, digitization of documents scanning; Digital compression of data; Electronic storage of digital images; Hosting digital content on the internet; Conversion of texts to digital format; Cross-platform conversion of digital content into other forms of digital content; Design and development of software and hardware for digital signal processing; Hosting a website for the electronic storage of digital photographs and videos and other digital resources, namely, hosting the websites of others on a virtual private server; Providing computer facilities for the electronic storage of digital data, namely, providing facilities for the location of computer servers and equipment of others; Design and development of software and hardware for producing, recording and processing digital and analog signals; Product benchmarking services, namely, product development services; Creating programs for data processing, namely, design and development of computer software; Development of data processing programs for others; Programming of data processing programs, namely, computer programming; Maintenance of data processing software and applications; Computer programming for data processing and communication systems; Maintenance of computer software for data processing; Research in the field of data processing technology; Software engineering services for data processing programs; Design, development, maintenance and updating of computer software for word processing, data processing and process control; Hosting platforms on the internet, namely, cloud hosting provider services for the platforms of others; Programming of software for marketing platforms for others; Hosting computer application software for others in the field of knowledge management for creating searchable databases of information and data; Design and development of software for importing and managing data; Updating of web sites for others; Updating of internet pages for others; Updating and maintenance of computer software; Testing services for the certification of quality or standards, namely, testing of ships, vessels, oil and gas installations and platforms, energy production installations, namely installations producing wind, solar and water energy, computer systems, management systems to assure compliance with industry standards; Research in the field of computer technology conducted using databases and the internet; Consulting and advice in the field of data storage systems and software-defined infrastructure; Consulting and advice relating to the design, selection, implementation and use of computer hardware and software systems for data storage systems and software-defined infrastructure for others; Technical support services, namely, repair of data storage systems in the nature of computer software for data storage systems and problems relating to software-defined infrastructure, namely, repair of damaged computer programs; Design services for data storage systems and software-defined infrastructure for others; Installation, updating and maintenance of data storage systems, namely, computer software for software-defined infrastructure; Consulting services in the field of software as a service (saas) for providing the storage of electronic data and software-defined infrastructure; Electronic data storage and providing temporary use of non-downloadable software for the storage and recovery of data as a service (saas); Software-defined infrastructure software as a service (saas) services featuring software for use in database management; Design of a digital data storage system as software for storing of documents and business intelligence data; Rental of data storage systems, namely, rental of computers and computer software; Providing computer services in connection with electronic data storage and providing computer programs for software defined infrastructure, namely, providing virtual computer systems and virtual computer environments through cloud computing; Provision of data as a service, namely,

providing temporary use of on-line non-downloadable cloud computing software for use in electronic storage of data; Platform as a service (paas) featuring computer software platforms for use in database management; Test services involving use of explosives, namely, explosion testing of construction materials and offshore structures.
