General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

National Applications Published For Opposition

Purposes

National Trade Mark No: 40202023079S-01

Filing Date: 04 November 2020

Classes: 09 10

Goods and/or Services:

Class 09

Multifunctional electronic devices for displaying, measuring, and uploading of information to the Internet; computer hardware for use in taking electrocardiograms; sensors for scientific use; electronic monitors; but expressly limited to not include DC/DC converter modules, isolation modules and filters, and connectors for use in local area networks (LAN) and wide area networks (WAN).

Class 10

Medical monitoring instruments, sensors and alarms, medical devices for measuring body weight and estimating body fat percentage; general wellness instruments and apparatus for medical purposes, namely, health monitoring devices for storing, relaying, tracking, measuring and displaying body movement and other physiological and physical parameters; general wellness instruments and apparatus for medical purposes, namely, health monitoring devices for estimating maximal oxygen consumption, pulse, and respiratory events; electrical weight loss body belt for

medical or therapeutic purposes; none of the aforesaid goods include medical catheters or surgical apparatus and instruments for use in medical surgery.

CHUBB VISION+

Goods and/or Services:

Class 09

Downloadable mobile application software for use in connection with remotely monitored fire safety and security systems; downloadable mobile application software for use in connection with requesting and dispatching emergency personnel; downloadable mobile application software for use in connection with personal safety monitoring systems; Downloadable mobile application software used to operate, manage and monitor fire safety and security systems; Downloadable mobile application software for performing electronic business transactions, and review and payment of invoices; Downloadable mobile application software for live chat, customer support, requesting and scheduling maintenance visits, and requesting remote maintenance for fire safety and security systems; Downloadable mobile application software for sharing of maintenance data, monitoring data, video content, installation information and data, and scheduled event data for fire safety and security systems; Downloadable mobile application software for customized digital workflow management of alarm activation events to automate approvals, notifications,

and record events for fire safety and security systems; Downloadable mobile application software for remote monitoring, and management of alarm activation events for fire safety and security systems; Downloadable mobile application software for real time data analysis and intelligent automation for management of alarm activation events for fire safety and security systems.

Class 37

Installation, maintenance, and repair of remotely monitored fire safety and security systems; Provision of maintenance and repair support services in connection with remotely monitored fire safety and security systems; Maintenance of fire safety systems, security systems, audio and video systems, and access control systems; Remote maintenance of fire safety systems, security systems, audio and video systems, and access control systems; Consultation services relating to installation, maintenance, remote maintenance, and repair of remotely monitored fire safety systems, security systems, fire safety systems, audio and video systems, and access control systems.

Class 42

Providing a non-downloadable software platform as a service (PaaS) for use in connection with remotely monitored fire safety and security systems; Providing non-downloadable software as a service (SaaS) for use in connection with managing and monitoring fire safety and security systems; Maintenance of software for security, surveillance and monitoring systems; Cloud storage services for electronic data; Platform as a service (PAAS) featuring computer software platforms for remote management of fire, and security systems by customers; Providing online non-downloadable computer software for live chat, customer support, requesting and scheduling maintenance visits, and requesting remote maintenance for fire safety and security systems; Platform as a service (PAAS) featuring computer software platforms for live chat, customer support, requesting and scheduling maintenance

visits, and requesting remote maintenance for fire safety and security systems; Providing online non-downloadable software for performing electronic business transactions, and review and payment of invoices; Platform as a service (PAAS) featuring computer software platforms for performing electronic business transactions, and review and payment of invoices; Providing online non-downloadable software for sharing of maintenance data, monitoring data, video content, installation information and data, and scheduled event data for fire safety and security systems; Platform as a service (PAAS) featuring computer software platforms for sharing of maintenance data, monitoring data, video content, installation information and data, and scheduled event data for fire safety and security systems; Providing online non-downloadable software for performing customized digital workflow management of alarm activation events to automate approvals, notifications, and record events for fire safety and security systems; Platform as a service (PAAS) featuring computer software platforms for performing customized digital workflow management of alarm activation events to automate approvals, notifications, and record events for fire safety and security systems; Platform as a service (PAAS) featuring computer software platforms for remote monitoring and on site management of alarm activation events for fire safety and security systems; Providing online non-downloadable software for remote monitoring and on site management of alarm activation events for fire safety and security systems; Platform as a service (PAAS) featuring computer software platforms for real time data analysis and intelligent automation for management of alarm activation events for fire safety and security systems; Providing online non-downloadable software for real time data analysis and intelligent automation for management of alarm activation events for fire safety and security systems.

Class 45

Providing security surveillance of premises for others; Emergency response medical alarm monitoring services; Remote monitoring emergency alarms and dispatching

emergency personnel to respond to alarms; Emergency response alarm monitoring services, namely, monitoring of alert devices by a remote monitoring center for the dispatch of emergency public health and security services and notification to third parties, that include the monitoring of fire alarms, burglar alarms, elevators, temperature, water leaks, gas leaks, emergency panic/hold-up telephone calls, medical duress signals, carbon monoxide, emergency medical conditions with police, fire, and video verifications; Security services for the protection of property and individuals; Security and safety monitoring services for use in relation to location devices for use in connection with lone workers, children and elderly or infirm persons, Global Positioning System (GPS) apparatus, GPS navigation devices, global positioning apparatus, global positioning instruments, position fixing apparatus, satellite navigational apparatus, electronic navigational instruments, communications devices, personal alarms, panic alarms, monitoring, signaling and tracking equipment, transmitters and receivers; information, advice and consultancy in respect of all of the aforesaid services; Security services; security personnel services; guarding, remote security patrol and emergency response services; Key holding services; alarm response and mobile patrol services; monitoring of mass notification systems for security reasons; monitoring of fire suppression systems; monitoring of commercial security systems; monitoring of automatic fire sprinkler systems; monitoring of fire detection systems; monitoring of low voltage systems, namely, fire alarm, fire detection, closed circuit tv, nurse call, public address, paging, and access control systems, for security reasons; Guarding and security services; intruder detection, investigation services relating to the physical safety of persons and security of tangible property and remote surveillance services; closed circuit surveillance services; Electronic surveillance; video surveillance, computerized surveillance services relating to breaking and entering, burglary and fire; Monitoring of surveillance systems; alarm monitoring services; Opening of security locks; provision of information relating to fire and intruder detection alarms; biometric access control; drone security services; Surveillance services by drone; drone

monitoring; prisoner tracking systems; monitoring and tracking material assets and personnel via remote monitoring systems for security purposes; Monitoring services via remote access for security and security control purposes, namely controlling remote access systems, building control systems, gate control systems, electronic lock systems, electronic building entry systems, building automation systems, climate control systems, lighting control systems, video and audio recording systems, video and audio closed circuit systems, communication and intercom systems, fire detection systems, fire alarm systems, fire suppression systems, intrusion or burglar detection systems, intrusion or burglar alarm systems, security systems, hazardous material detection systems, hazardous material alarm systems, personal emergency response systems; Monitoring of IoT (Internet of Things) devices, namely, technical alarms for security and fire protection purposes; Monitoring services using internet of things (IoT) devices, wireless and wired sensors, motion detectors, alarms, audio devices, video devices, home automation devices, and security system devices and equipment for protecting people and property; Remote video guarding and security services via remote monitoring systems; Consultation services relating to fire safety systems, personal safety systems, personal protection, property protection, surveillance systems, security guard services, and security systems.

NOVASIC

Goods and/or Services:

Class 09

Single-layer or multilayer semiconductor wafers having received different machining operations, namely, operations for conducting cutes, meplats, bevels; single-layer or multilayer semiconductor wafers having received different surface preparation operations ready for epitaxy or bonding, namely, lapping, precision grinding, mechanical and chemical mechanical (CMP) polishing, cleaning, laser marking operations; single-layer or multilayer semiconductor wafers having received different surface treatments in the field of materials used for obtaining electronic or opto-

electronic or photonic components; all these goods being used in precision grinding, mechanical and chemical mechanical polishing (CMP) operations and other surface treatments in the field of materials used for obtaining electronic or opto-electronic or photonic components or for layer growth by epitaxy or for molecular bonding or for wafer recycling.

Class 40

Material treatment of wafers of semiconductor or piezoelectric materials or oxides relating to machining operations featuring processing for conducting cuts, flats, bevels; material treatment of wafers of semiconductor or piezoelectric materials or oxides relating to surface preparation operations, namely, lapping, precision grinding, mechanical and chemical mechanical (CMP) polishing, cleaning, laser marking operations; material surface treatments, used for obtaining electronic or opto-electronic or photonic components or for layer growth by epitaxy or for molecular bonding or for wafer recycling; all these services being provided in the field of semiconductor or piezoelectric materials or oxides for obtaining electronic or opto-electronic or photonic components or for layer growth by epitaxy or for molecular bonding or for wafer recycling.

Class 42

Testing and tests of machining techniques, namely, technical tests and trials for conducting cuts, meplats, bevels; testing and tests of surface preparation techniques, namely technical testing and testing of lapping, precision grinding, mechanical and chemical mechanical polishing (CMP), cleaning, laser marking; technical testing and tests of other surface treatments in the field of materials used to for obtaining electronic or opto-electronic or photonic components or for layer growth by epitaxy or for molecular bonding or for wafer recycling; research and development for new products; research and development of new consumable products used in machining operations, namely, operations for conducting cuts, meplats, bevels; research and

development of new consumable products for use in surface preparation operations, namely, lapping, precision grinding, mechanical and chemical mechanical (CMP) polishing, cleaning, laser marking operations; research and development of new consumables used in other surface treatments in the field of materials used for obtaining electronic or opto-electronic or photonic components or for layer growth by epitaxy or for molecular bonding or for wafer recycling; technical assistance, support and advice for conducting machining operations, namely, operations for conducting cuts, flats, bevels; technical assistance, support and advice for conducting surface preparation operations, namely, lapping, precision grinding, mechanical and chemical mechanical (CMP) polishing, cleaning, laser marking operations; technical assistance, support and advice for conducting other surface treatments in the field of materials used for obtaining electronic or opto-electronic or photonic components or for layer growth by epitaxy or for molecular bonding or for wafer recycling; technical assistance, support and advice of surface characterization, namely, topography, roughness and chemical analysis; technical assistance, support and advice for structure characterization, namely, morphology and crystallography; all these services being provided in the field of semiconductor or piezoelectric materials or oxides for obtaining electronic or opto-electronic or photonic components or for layer growth by epitaxy or for molecular bonding.

Goods and/or Services:

Class 09

Scientific (other than for medical use), surveying, photographic, cinematographic, optical, weighing, measuring, signaling, checking (supervision), life-saving and teaching apparatus and instruments; apparatus for the input, recording, storage, manipulation, transmission, reproduction of sound, images, signals and all kinds of data; recording media for the reproduction of sound, images, signals and data; electronic cards for processing images and data; magnetic, optical, digital recording media; transmitting and receiving apparatus for radio broadcasting and for long-distance transmission; satellites; radio-paging transmitters and receivers; read-only-memory disks (digital compact discs); sound recording disks; computer hardware connection equipment (modems); sets of printed circuits; personal digital assistants [PDAs]; encryption apparatus; safety tokens [encryption devices]; apparatus and equipment for processing information or data; apparatus and equipment for inputting, storing, processing information or data; data transmission systems; data management systems comprised of computers and supercomputers; data communication hardware; data storage programs; database server centers; databases; computer data storage apparatus; information storage apparatus [electric or electronic]; memory storage devices; data networks; interactive data transfer apparatus; computers; computers including personal computers and microcomputers; calculators; calculators; supercomputers; microprocessor devices and microprocessor systems; computer servers; computer terminals; digital or electronic control desks; display screens; cloud servers; cloud computing server software; application software for cloud computing services; software; software and software applications for mobile devices (telephones, smartphones); computer software packages; financial transaction security software; computer security software and software for encryption; downloadable cryptographic keys for receiving and spending cryptocurrency; software for digital processing, processing of business processes

and processing of customer service; integrated management software packages; software for monitoring, analyzing, processing, managing, controlling and leveraging data and big data; electronic artificial intelligence apparatus for the transmission, processing and management of data; data processing apparatus with artificial intelligence; humanoid robots with artificial intelligence for scientific use; computer hardware and virtual reality software; software for artificial intelligence and machine learning integration; computer systems, namely computer hardware and computer programs incorporating functions of natural language processing, computational linguistics, documentary research and automatic learning; computer systems, namely computer hardware and computer programs capable of understanding general human queries and formulating responses; computer devices, mechanical and digital machines which transfer data on a network without requiring any human or human-machine interaction; biometric identification devices and apparatus with voice recognition and facial recognition functions; video cameras; video cameras using artificial intelligence; interface circuits for video cameras; data processing equipment and apparatus; computer systems, computer application software for implementing the Internet of Things [IoT]; hardware modules, namely computer network adapters, wide area network equipment, computer equipment for network storage servers (NAS), computer storage area network (SAN) servers, routers with integrated network configuration software for electronic devices using the Internet of Things (IoT); sensors for the Internet of Things [IoT]; downloadable digital files authenticated by non-fungible tokens (NFT); downloadable computer software used as a digital wallet; computer hardware and software for securing energy efficiency and reducing carbon emissions; data and artificial intelligence models, namely, computer programmes containing algorithms for automatic recognition and prediction of sounds, images, signals, information and any kind of data; algorithmic operating routines, namely, computer programmes containing algorithms that performs the automatic processing of computer instructions; software for use as an application programming interface (API).

Class 35

Administrative management of computer operations for others; computerized administrative management in connection with administrative, commercial and technical matters; general administrative management of Internet sites; administrative or commercial management advisory services in the field of information technology, digital processing, advanced computing and data processing, cyber security and computer security, cloud computing and artificial intelligence; administrative and commercial management advice in the field of information technology, digital processing, advanced computing and data processing, cyber security and computer security, cloud computing and artificial intelligence; commercial strategy planning in the field of information technology; administrative and commercial management advice in the field of energy consumption and carbon offsetting; quality management services, namely, administrative management services for securing energy efficiency and reducing carbon emissions; data input and processing; organization of exhibitions and events for commercial purposes in the field of advanced computing and data processing, cloud computing, information technology, cyber security and computer security and digital processing; computer file management; compilation of data in databases; professional consulting and consulting services in the field of compilation of data in computer databases; commercial and administrative advice in the field of data systematization, processing and outsourcing; data processing, systematization and management; information and advisory services related to data processing; computer data entry services; remote computerized administrative management for administrative, commercial, accounting and human resource purposes; outsourcing services for document and data processing for a company, namely, collection and systematization of data into computer databases, input and processing of data, information, images (data) and documents, updating of image (data) and data in database; outsourced administrative management of companies; outsourcing services in the field of

commercial operations; providing outsourcing services in the field of managing customer relations; customer relations management; business management of a digital workplace environment; administrative or commercial advisory services in the management of a digital workplace; digital data processing.

Class 36

Financial sponsorship; financial sponsorship of cultural events and sporting activities.

Class 38

Telecommunications; communications between computer terminals; provision of access to electronic sites; secure electronic mail services; provision of access to databases for computerized management of data transmission systems and telecommunication access to computer databases for data processing; provision of a secure connections to a communication channel; computer-aided transmission of data; transmission of video-on-demand footage; provision of discussion forums on the Internet; teleconferencing and video conferencing services; communication services for commercial interaction in the field of global computer networks; rental of access time to computer database servers; providing access to databases; providing secure access to computer networks, servers and the Internet; providing access to and rental of access time to a computer database; providing access to websites on the Internet or on any other communication network; providing user access to computers for business management; telecommunication services for secure payment and remote transactions; provision of access to computer networks for computerized management of secure remote transaction and payment systems; provision of temporary access to software; providing temporary access to software that cannot be downloaded online; digital communication services; database interconnection services (telecommunication); facilitating the exchange of third parties via computer and communication networks, namely, telecommunications services; communication services for the Internet of Things [IoT]; rental of edge

network facilities, namely rental of communication apparatus.; providing access to websites containing information on virtual services provided in new networks and telecommunication environments (3rd generation Internet), namely, providing access to virtual networks.

Class 41

Conducting, arranging and facilitating courses, seminars and all training activities in the field of computing, cyber security and computer security, information technology and artificial intelligence; training services in the field of information technology; training services in the field of information technology; training with respect to computer hardware and computer programming.

Class 42

Software as a Service [SaaS]; computer Platform as a Service [PaaS]; platforms for artificial intelligence as SaaS [Software as a Service]; programming for computers; software programming; design, development, maintenance and updating of software; design and development of computers, supercomputers, calculating machines and computer peripheral devices; development of computer platforms; duplication of computer programs; technological advice in the field of computer programming; writing computer code; micro services (computer services); quantum computing; integration and configuration of computer systems and networks; computer server management, namely configuring, maintaining, hosting and developing servers and monitoring servers for computer security purposes; computer facilities management, namely, hosting computer servers; computer system analysis services; computer programming services for data processing; software engineering services for data processing; integration of computing devices; advisory services in the field of computer system integration; design of computer and software interconnection systems, namely, electronic interconnection of computers and software; technological advice relating to digital transformation; advice on the transformation of

cloud computing; outsourced services relating to information technology; technological advisory services relating to sustainable development in the field of new technologies; technological advice on digital ecology and computer platforms; computer support and advisory services relating to the use of services on the Internet; rental of computers and software; rental of computer hardware and software; scientific and industrial research services, namely, research and development of new products (for others) and technological research; conducting technical project studies in the field of hardware and software; research and development services in the field of advanced computing and data processing, digital processing, cloud computing, cyber security and computer security, information technology and artificial intelligence; programming of software for financial transaction security; programming of software for the banking and financial sector; cloud seeding; cloud computing; design and development of software for cloud storage of data; cloud hosting provider services; private, public or hybrid cloud hosting provider services; advice and support in the field of artificial intelligence integration; providing computer programs for Artificial Intelligence; development of computer hardware and computer software integrating natural language processing (NLP), computational linguistics (CL), document retrieval and machine learning; integrations of mechanical and digital machines capable of transferring data on a network without the need for human-to-human or human-to-computer interaction; software as a service [SaaS] featuring software for machine learning; software as a service [SaaS] services featuring software for machine learning, deep learning and deep learning networks; providing artificial-intelligence computer programs on data networks; providing software services for trading, storing and managing downloadable digital files authenticated by non-fungible tokens (NFTs); technological management of digital assets; hosting of digital content; electronic data storage; digital compression of computer data; rental of computer facilities for the electronic storage of digital data; conversion of texts into digital format; data storage by means of blockchains; data encryption services; data security services; consultant services with respect to data security; computer

programming services for data storage; computer services concerning electronic data storage; development of data storage systems; technical data analysis services; computer services relating to technical data analysis; data mining; computer programming services for electronic data security; Internet security advisory services; computer virus protection services; computer security services in the form of providing digital certificates; security services for computer networks; computer security for multiple or hybrid cloud computing platforms; computer security and information systems security (ISS); monitoring of secure computer systems; monitoring of computer systems for detecting unauthorized access or data protection breaches; remote monitoring of computer systems; electronic monitoring of credit card transactions for the detection of fraud via the Internet; user authentication services using technology for e-commerce transactions; computer monitoring of personally identifying information to detect identity theft via the Internet; user authentication services using single sign-on technology for online software applications; user authentication services by means of blockchain technology; Blockchain as a Service [BaaS]; advisory and information services relating to all the aforesaid services; database as a service [DBaaS]; Access Control as a Service (ACaaS); computer infrastructure as a service [IaaS]; containers as a service [CaaS], platforms for artificial intelligence as software as a service [SaaS]; operation of artificial intelligence models as an application platform as a service [Apaas], transformation of cloud-based applications, cloud orchestration and cloud-based layers; provision of computer services in relation to private and sovereign cloud computing, micro services, application programming interfaces, scripts, workload and semantic computing, neural networks, deep learning, document retrieval and machine learning; provider of application services featuring an application programming interface (API) software for accessing and searching content and data in electronic publications and on online databases; application service provider (ASP); providing virtual computer systems through cloud computing; conversion of computer programs and data, other than physical conversion; information relating to

information technology and programming by means of websites; computer data recovery; rental of computer resources and facilities, namely database servers, hardware, servers, and other equipment for high-speed processing and storage of data; provision of scientific and technological information and advice with respect to carbon offsetting; orchestration (computer services); orchestration services for a federated, sovereign and interoperable data space, namely, configuration and hosting of clouds and cloud layers; cloud-stored data protection services; cloud storage services for electronic data and files; technological management consulting services in the field of information technology, digital processing, advanced computing and data processing, cyber security and computer security, cloud computing and artificial intelligence; technological management advice in the field of information technology, digital processing, advanced computing and data processing, cyber security and computer security, cloud computing and artificial intelligence; archiving of databases; technical advice in the management of a digital workplace; computer system analysis services.

Class 45

Computer licensing; licensing of computer programs and software; technology licensing; trademark licensing.

Classes: 09 41 42

Goods and/or Services:

Class 09

Recorded and downloadable media; computer software; virtual and augmented reality software; downloadable image files; downloadable sound files; downloadable computer graphics; downloadable multimedia files; downloadable video files;

downloadable virtual reality models for use online and in virtual environments; downloadable digital collectibles authenticated by non-fungible tokens [NFTs], namely virtual vehicles, vehicle parts, model cars, bicycles, motorcycles, scooters, yachts, cosmetics, decorative cosmetics, perfumery, razors, cutlery, side arms, eyewear, loudspeakers, jewellery, watches, bags, suitcases, sports bags, backpacks for use online and in virtual environments; downloadable digital collectibles authenticated by non-fungible tokens [NFTs], namely virtual works of art, statues, figurines, furniture, mirrors, picture frames, household and kitchen utensils and containers, cookware and tableware, glassware, porcelain and earthenware, clothing, footwear, headgear, toys, games, and playthings, sports equipment, pool tables, alcoholic beverages, smokers' articles for use online and in virtual environments; downloadable digital goods authenticated by non-fungible tokens [NFTs], namely virtual vehicles, vehicle parts, model cars, bicycles, motorcycles, scooters, yachts, cosmetics, decorative cosmetics, perfumery, razors, cutlery, side arms, eyewear, loudspeakers, jewellery, watches, bags, suitcases, sports bags, backpacks for use online and in virtual environments; downloadable digital goods authenticated by non-fungible tokens [NFTs], namely virtual works of art, statues, figurines, furniture, mirrors, picture frames, household and kitchen utensils and containers, cookware and tableware, glassware, porcelain and earthenware, clothing, footwear, headgear, toys, games, and playthings, sports equipment, pool tables, alcoholic beverages, smokers' articles for use online and in virtual environments; virtual goods for use online and in virtual environments, namely virtual vehicles, vehicle parts, model cars, bicycles, motorcycles, scooters, yachts, cosmetics, decorative cosmetics, perfumery, razors, cutlery, side arms, eyewear, loudspeakers, jewellery, watches, bags, suitcases, sports bags, backpacks; virtual goods for use online and in virtual environments, namely virtual works of art, statues, figurines, furniture, mirrors, picture frames, household and kitchen utensils and containers, cookware and tableware, glassware, porcelain and earthenware, clothing, footwear, headgear, toys, games, and playthings, sports equipment, pool tables, alcoholic beverages, smokers'

articles; downloadable computer software for the creation, production, modification and management of digital animated and non-animated designs, characters, avatars, digital overlays and skins for use online and in virtual environments.

Class 41

Entertainment services; providing online non-downloadable images, videos, multimedia and sound files; entertainment services, specifically, providing online non-downloadable digital goods authenticated by non-fungible tokens [NFTs], namely virtual vehicles, vehicle parts, model cars, bicycles, motorcycles, scooters, yachts, cosmetics, decorative cosmetics, perfumery, razors, cutlery, side arms, eyewear, loudspeakers, jewellery, watches, bags, suitcases, sports bags, backpacks for use in virtual environments; entertainment services, specifically, providing online non-downloadable digital goods authenticated by non-fungible tokens [NFTs], namely virtual works of art, statues, figurines, furniture, mirrors, picture frames, household and kitchen utensils and containers, cookware and tableware, glassware, porcelain and earthenware, clothing, footwear, headgear, toys, games, and playthings, sports equipment, pool tables, alcoholic beverages, smokers' articles for use in virtual environments; providing online non-downloadable virtual goods for use in virtual environments, namely virtual vehicles, vehicle parts, model cars, bicycles, motorcycles, scooters, yachts, cosmetics, decorative cosmetics, perfumery, razors, cutlery, side arms, eyewear, loudspeakers, jewellery, watches, bags, suitcases, sports bags, backpacks; providing online non-downloadable virtual goods for use in virtual environments, namely virtual works of art, statues, figurines, furniture, mirrors, picture frames, household and kitchen utensils and containers, cookware and tableware, glassware, porcelain and earthenware, clothing, footwear, headgear, toys, games, and playthings, sports equipment, pool tables, alcoholic beverages, smokers' articles; entertainment services, specifically, providing non-downloadable virtual goods, namely animated and non-animated designs, characters, avatars, digital overlays, and skins for use in virtual environments.

Class 42

Providing online non-downloadable software; providing temporary use of online non-downloadable software; providing temporary use of non-downloadable interactive entertainment software; providing online non-downloadable computer software for the creation, production, modification and management of digital animated and non-animated designs, characters, avatars, digital overlays and skins for use online and in virtual environments.

Goods and/or Services: All goods and/or services claimed in this class

Mark Clause(s):

The following claim is made in the International Registration: Colour(s) claimed: Red, white, black, silver.

Applicant/Proprietor Details:

Bugatti International S.A.

412F, ROUTE D'ESCH

L-1030 LUXEMBOURG

Agent Details/Address for Service:

W.P. LAI & COMPANY

P.O. BOX 637

BUKIT MERAH CENTRAL POST OFFICE

SINGAPORE 911535

National Trade Mark No: 40202306121V

International Registration No: 1718732

Date of Protection in Singapore: 22 December 2022

Classes: 09 16 35 36 41 42 45

Goods and/or Services:

Class 09

Downloadable customized software program that allows interactive modeling of future financial performance projections assuming various combinations of success related to an organization's key business performance drivers; downloadable customized software program, namely, a value added analysis calculator.

Class 16

Printed materials, namely, newsletters, reports, guides and manuals in the field of accounting, auditing, tax, business, financial management and analysis.

Class 35

Accounting services for business; general financial ledger, namely, bookkeeping and financial statement preparation services; payroll preparation and financial record-keeping services for others; business assurance services for others, namely, account

and business records auditing, accountancy, namely, reviewing of accounts, and compilation of account information and data for preparing financial statements into computer databases, preparation of prospective financial statements, internal account auditing services and internal business accounts control reviewing management services, namely, monitoring, reviewing and reporting controls to prevent internal accounting fraud and accounting advice, and attestation services in the nature of preparing business reports regarding review of financial or business documents, policies or procedures; business succession planning services; tax planning and tax compliance services, namely, management of tax files; corporate business services, namely, consultation regarding mergers and acquisitions, divestitures, and corporate business planning; forensic accounting services; business management consulting services; business planning services; general business consulting in the fields of assistance with budgets, namely, financial records management, economic forecasting and business strategic planning; international services, namely, account auditing and accounting bookkeeping services, tax planning and tax auditing; tax services, namely, tax consulting and tax preparation services, tax return preparation, trust tax preparation services, and state and local tax (SALT) consulting; consulting services, namely, business consultation services in the field of E-Businesses; executive search services; outsourcing services [business assistance]; financial outsourcing services, namely, arranging service contracts for others in the field of fractional accounting and finance leadership, interim accounting and finance executive services; providing customized accounting solutions, namely, providing temporary personnel for assistance and project management; vendor outsourcing business management services relating to the selection of vendors for clients, managing and monitoring vendor-client relationships, and assessing vendor risks.

Class 36

Financial investment services, namely, asset management services; financial

management and investment consulting and advice regarding employee financial benefits; estate planning services; financial planning services; insurance consulting services, namely, life insurance policy review, executive long-term care insurance planning, qualified retirement plan planning, supplemental disability insurance planning and non-qualified deferred compensation plan planning; retirement planning services, namely, financial planning for retirement; financial forecasting in the field of cash flow; international corporate financial planning services; financial valuation of personal property, namely, estate valuation; business and property valuation services in the field of bankruptcy; valuation services, namely, business and personal property valuations; real estate consultation, namely, consultation with respect to real estate acquisition, divestitures, management and processes, real estate loan financing, and real estate appraisal; financial risk management services; financial consulting services, namely, providing a financial planning process which identifies and models the financial impacts of an organization's key business performance drivers and provides financial performance projections assuming various combinations of success related to the key business performance drivers; provision of financial advisory services relating to employee benefit plans, including insurance services; insurance consultation.

Class 41

Training in the use and operation of computer hardware and software; education services, namely, conducting courses, seminars, conferences, workshops and classes in the field of accounting, auditing, tax, management consulting, business, financial management and analysis, information technology and online business activities and operations and, developing and distributing educational materials in connection therewith.

Class 42

Consulting services regarding accounting software selection, and implementation of

accounting software; technology consulting services in the field of technology planning regarding computers, software, office equipment, communications equipment, and networks; advisory services relating to designing, selecting, and implementing computer hardware and software systems for use by others; consultation regarding business software and computer networks; installation of computer software; computer network technical support services, namely, performing computer network systems monitoring, computer network system audits, computer network system inventory, regularly scheduled computer network system maintenance; providing temporary use of an on-line non-downloadable customized software program that allows interactive modeling of future financial performance projections assuming various combinations of success related to an organization's key business performance drivers; managed service provider (MSP) services, namely, remote technological management of IT systems of others.

Class 45

Litigation support services, namely, legal discovery and pre-trial analysis, and expert witness services in legal matters in the fields of litigation or forensic investigations; litigation support services.

RESONAC

Goods and/or Services:

Class 02

Paints; varnishes; acrylic or epoxy special primer; primers; nonferrous metals in foil or powder form for painters, decorators, printers and artists; undercoating for surfaces to be painted; conductive film-forming paints; anti-rust greases; moisture proof paints; moisture resistant paints; anti-corrosive paints.

Class 03

Abrasive paper [sandpaper]; abrasive cloth; abrasive sand; artificial pumice stone; polishing paper; polishing abrasives; abrasives for grindstone; abrasives for coated abrasives; abrasive material; fine powder abrasives; abrasives for lapping process; glass abrasive material; nonwoven fabric for abrasive; polishing slurry; polishing slurry for semiconductors; chemical mechanical polishing slurry; slurry for chemical mechanical polishing.

Class 04

Fuels; gaseous fuels; solid lubricants; lubricants; gasoline; propane; kerosene; heavy oils; lubricating graphite.

Class 05

Pharmaceutical preparations and other preparations for destroying vermin, fungicides, herbicides; diagnostic reagents for medical use; chemical reagents for medical purposes; diagnostic preparations for medical purposes; reagents for medical use; cell culture media for medical diagnostic purposes; cell culture media for medical purposes; cell culture media for regenerative medicine purposes; diagnostic media for bacteriological cultures; cells for medical use; cells for regenerative medicine use; drugs for medical purposes; blood plasma; reagent paper for medical purposes; test kit comprising reagents for medical diagnostic purposes; test kit comprising reagents for allergy diagnostic purposes; pharmaceutical

formulations containing exosomes.

Class 10

Medical diagnostic apparatus; medical apparatus and instruments; diagnostic apparatus and instruments for medical purposes; sample preparation apparatus for medical diagnosis; biochemical automatic analyzer for medical purposes; apparatus for use in medical analysis; apparatus for blood analysis; testing apparatus for medical purposes; measuring apparatus for medical purposes; medical diagnostic apparatus and instruments as a test kit; medical apparatus and instruments as a test kit.

Class 11

Deep freezers for processing foodstuffs; heat exchangers and their parts and fittings; boilers, other than parts of non-electric prime movers or engines; air-conditioning apparatus [for industrial purposes]; freezing machines and apparatus for industrial purposes; drying apparatus [for chemical processing]; recuperators [for chemical processing]; steamers [for chemical processing]; evaporators [for chemical processing]; distillers [for chemical processing]; radiators [for industrial air-conditioning purposes]; air conditioners for industrial purposes; drying apparatus for chemical processing; recuperators for chemical processing; steamers for chemical processing; evaporators for chemical processing; distillers for chemical processing; heat exchangers for chemical processing; piping freezing device; waste water treatment tanks for industrial purposes; septic tanks for industrial purposes; alkaline waste water neutralizers; electric freezers; reactors being industrial chemical installations used for decomposition of nitrous oxide in semiconductor factories and chemical plants; air deodorizing apparatus for industrial purposes; gas scrubbing apparatus; food quick freezing device; electric lamps and other lighting apparatus; chromatography columns for industrial purposes; ice-cooling refrigerators for household purposes; radiators for electronic machines and apparatus.

Class 12

Automobiles and their parts and fittings; automobile parts; molded products being parts of vehicles; sheet products being parts of vehicles; interior molded products being parts of automobiles; exterior molded products being parts of automobiles; backdoor parts of automobiles; brake fluid reservoir for land vehicles; washer fluid reservoir for land vehicles; ventilator grille for land vehicles; impellers for pump, machine elements for land vehicles; pulleys, machine elements for land vehicles; thrust washers, machine elements for land vehicles; power transmissions and gearing, machine elements for land vehicles; high-strength resin gears, machine elements for land vehicles; mechanical elements for land vehicles; gas turbines for land vehicles; shafts, axles or spindles, machine elements for land vehicles; bearings, machine elements for land vehicles; shaft couplings or connectors, machine elements for land vehicles; brakes, machine elements for land vehicles; disc brake pads for land vehicles; brake shoes for land vehicles; brake segments for land vehicles; brake linings for land vehicles; automobile bumpers; fenders for land vehicles; rear spoilers for land vehicles; vessels and their parts and fittings; aircraft and their parts and fittings; railway rolling stock and their parts and fittings.

Class 16

Food wrapping plastic film for household purposes; garbage bags of paper for household purposes; garbage bags of plastics for household purposes; paper patterns; tailors' chalk; banners of paper; flags of paper; hygienic hand towels of paper; towels of paper; table napkins of paper; hand towels of paper; handkerchiefs of paper; shipping labels of paper; emergency drinking water bags made of synthetic resins for household purposes; food storage bags made of synthetic resins for household purposes; filth storing bags made of synthetic resins for household purposes; accessory bags made of synthetic resins for household purposes; daily necessities packaging film bags for household purposes.

Class 21

Chemically activated packs for heating food and beverages; chemically activated packs for cooling food and beverages; cold packs for chilling food and beverages; non-electric ice chests; kitchen containers for rice; food preserving jars of glass; drinking flasks for travellers; vacuum bottles [insulated flasks]; portable cool boxes, non-electric.

Class 37

Construction; high-pressure gas plumbing work; cross-section restoration work for deteriorated concrete structures; painting of surfaces to prevent concrete corrosion (for waterworks); painting of surfaces to prevent concrete corrosion; maintenance or painting for corrosion protection; painting of cross-section; repair or maintenance of measuring and testing machines and instruments; repair or maintenance of medical apparatus and instruments.

Class 42

Testing, inspection or research of pharmaceuticals, cosmetics or foodstuffs; technological research; scientific research; scientific laboratory services; culturing cells and tissues for scientific research purposes; developing a cell manufacturing method by contract; testing and research on cell and tissue culture, and providing information and advice regarding these; consultancy services relating to the cell culture for scientific research purposes; research and product development on cell and tissue culture, and advice regarding these; scientific research on the separation and culture of living tissues and cells; consultancy services in the development of pharmaceuticals; drug testing or research, and providing information and advice regarding these; testing and research on pharmaceuticals and biotechnology, and advice regarding these; medical research, and providing information and advice regarding these; culture or processing of cell therapy agents, hematopoietic cells, immune cells, recombinant cells or other modified cells, cells cultured and

proliferated in bioreactors, cells intended for regeneration of living tissue, and other therapeutic cells, for scientific research purposes; testing and analysis in the field of cell-mediated immunity; research and development on cell-mediated immunity test methods; design, creation or maintenance of computer programs for operation optimization control systems for electric furnaces for steelmaking; design, creation or maintenance of computer programs for petrochemical plant operation optimization control systems; chemical analysis services and provision of information, advice and consultancy in relations to chemical analysis services; research and development related to analysis such as chemical analysis, physical analysis, and physical property analysis, and provision advice, consultation and information relating thereto; environmental research, analysis, diagnosis and provision of information relating thereto; rental of measuring apparatus; rental of laboratory apparatus and instruments.

Class 44

Providing information and advice in the field of medical and regenerative medicine; medical practice; physical examination; dentistry services; preparation and dispensing of medications; human tissue bank services; providing medical information; medical, medicinal and pharmaceutical consultancy; separation, collection and storage of blood components; separation, collection and storage of blood components including umbilical cord blood, bone marrow, placenta, and other cells or stem cells obtained from parts of the human body; medical monitoring, testing, testing and analysis related to diagnosis and treatment; separation, collection, and storage of blood components including hematopoietic cells, immune cells, recombinant cells, other modified cells, cells cultured and proliferated in bioreactors, cells intended for regeneration of living tissue, cells of human or animal origin, or other cells; cell culture and tissue culture for medical use; advice on cell culture and tissue culture for medical use; separation and culture of biological tissues and cells

Trade Marks Journal No. TM031/2024

for medical use; medical exams, tests, and providing information and advice regarding these.

IBM CLIENT ENGAGEMENT MODEL

Goods and/or Services:

Class 09

Computers; quantum computers; computer hardware and software; computer hardware and software for information technology analysis and data management; computer hardware and software for application development; computer hardware and software for cloud computing; computer hardware and software for cognitive computing; computer hardware and software for artificial intelligence; computer hardware and software for blockchain technology; computer hardware and software for quantum computing and quantum programming; computer hardware, namely, magnetic tape units (data processing), magnetic tapes, printed circuits, integrated circuits, computer keyboards, compact disks (audio-video), optical disks, couplers (data processing), floppy disks, magnetic data media; computer hardware, namely, video screens, scanners (data processing equipment), computer printers, interfaces (data processing), readers (data processing), software (recorded programs), microprocessors, modems, monitors (hardware), computers, computer memories, computer peripherals; computer adapters; computer components; data processing equipment; data processing equipment for data and information management; semiconductors; machine-readable electronic data media; magnetic disks; hard disk drives; tape recorders; calculating machines; cash registers; facsimile machines; video recorders; videotapes; electric cells and electric batteries; computer chips; boards for integrated circuits; computer accessories, namely, computer communication servers; computer carrying cases; computer interface boards; computer cables and computer cable parts; fax modem cards for computers; computer accessories, namely, screen filters, mouse pads, radio pagers, joysticks;

electric converters, namely, digital-to-analog, analog-to-digital and step-by-step voltage switches; computer mice; integrated circuit cards and smart cards, adapters for integrated circuits and adapters for smart cards; readers for integrated circuit cards and smart cards; microcomputers; electric power supply apparatus; projectors (projection apparatus); remote controllers for computers; inverters, surge protectors and uninterruptible power supplies; point-of-sale terminals; computer servers; computer storage devices, namely high-speed storage subsystems for storage and backup of electronic data either locally or via a telecommunication network; recorded and downloadable computer programs and software; video game software; operating system software and programs; software for accessing a global computer network; document management software; database management software; software for locating, recovering and receiving text, electronic documents, graphic illustrations and audiovisual information on company-scale internal computer networks and on local, wide-area and global computer networks; software for development and software for web authoring and user manuals, in electronic format, sold as a unit; computer software for controlling the operations and execution of computer systems, programs and computer networks; computer software for connecting disparate computer networks and systems, servers and storage devices; computer programs for linking computers together and for enabling computer activities across a global computer network; computer software for managing systems, software and processes existing within an information technology environment; computer systems combining computer hardware and software for use in management and analysis of data and instruction manuals in electronic format sold with these products; cloud computing systems, namely networks integrating computer hardware and software for dynamic provisioning, virtualization and consumption metering of computer resources; recorded and downloadable cloud-computing software for deploying and managing virtual machines to a cloud computing platform; computer systems, namely, computer hardware and computer software for developing and integrating artificial intelligence, namely, machine learning, deep learning and natural language

processing which are capable of collecting, organizing and analyzing data; computer systems, namely computer hardware and computer software that integrate Natural Language Processing (NLP), Computational Linguistics (CL), Information Retrieval (IR) and Machine Learning (ML) functions and capable of understanding general human queries and formulating responses; software for developing, building and operating blockchain applications; computer hardware and computer software for developing and testing quantum algorithms; documentation and instruction manuals recorded on machine-readable electronic data media and relating to computers or computer programs; electronic publications, downloadable; electronic publications on computer media, namely, user manuals, guide books, brochures, information sheets, written presentations and teaching materials in the field of computing, computer networks, computer storage, computer operating systems, information technology, database management, cloud computing, artificial intelligence, blockchain technology and quantum computing; computer hardware, computer programs and computer software applications related to partner acquisition and maintenance, partner loyalty, behavioral analytics, and data analytics.

Class 35

Advertising; sales promotion services (for third parties); commercial business management and advice regarding commercial business management; business information; distribution of prospectuses; distribution of samples; arranging newspaper subscriptions for third parties; accounting; document reproduction; systematization of data in a central file; organization of exhibitions for commercial or advertising purposes; business management consulting services and business consulting services; business development service; market study statistic and data analysis; electronic data processing; computer data processing services for artificial intelligence; computer data processing services for cognitive computing; computer data processing services for cloud computing; computer data processing services for blockchain technology; computer data processing services for data management;

computer data processing services for quantum computing and quantum programming; arranging and conducting trade show exhibitions in the field of computers, computer services, information technology, artificial intelligence, cloud computing, blockchain technology, quantum computing, database management and electronic business transactions via a global computer network; business consulting services for companies regarding artificial intelligence; business consulting services for companies regarding computer systems that integrate Natural Language Processing (NLP), Computational Linguistics (CL), Information Retrieval (IR) and Machine Learning (ML) functions and capable of understanding general human queries and formulating responses; business consulting services for companies relating to cloud computing; business consulting services for companies regarding blockchain technology; business consulting services for companies regarding quantum computing, quantum programming and for developing and testing quantum algorithms; business consulting services for companies regarding information technology; analyzing and compiling business data; systemization of data in computer databases; business acquisitions and management consultancy services; business consultation services regarding customized partner acquisition and management experiences; marketing consulting services in the field of partner experience and partner acquisition and management; organisation of member relationship management programs for third parties; business consulting services in the field of partner relationship management programs; business services via implementing and managing partner loyalty and partner acquisition and management programs; conducting business and market studies, surveys, and analyses for third parties; promoting third-party goods and services through partner incentive and acquisition and management programs; organisation of incentive programmes, administration of loyalty rewards programmes and business acquisition and management programs.

Class 41

Education; entertainment; training; organization and conducting of conferences, seminars and congresses; organization of exhibitions for cultural or educational purposes; production of radio and television programs; sporting and cultural activities; educational services, namely organization and conducting of classes, seminars, conferences, webinars and workshops in the field of computers, computer services, information technology, artificial intelligence, cloud computing, blockchain technology, quantum computing, database management, image and audio processing technology, global computer and telecommunication networks; training in the field of computers, computer services, information technology, artificial intelligence, cloud computing, blockchain technology, quantum computing, database management, image and audio processing technology, global computer and telecommunication networks; conducting entertainment exhibitions featuring information technology demonstrations; entertainment services, namely, online computer game services; conducting entertainment exhibitions, namely, real-time athletic competitions via a global computer network; conducting entertainment exhibitions via providing demonstrations on web-sites featuring museum exhibitions, sporting events, art gallery exhibitions, concerts, and musical recordings; editing of books and journals; show and film production; conducting of exhibitions for cultural or educational purposes; booking of seats for shows; education services, namely, providing online courses, in-person courses, training, coaching, workshops in the field of online education, marketing, business development, partner acquisition and management, and partner experience; educational services, namely, developing curriculum for third parties in the field of online education, marketing, business development, partner acquisition and management, and partner experience.

Class 42

Computer programming; Software as a service (SaaS) services featuring software for data management; software as a service (SaaS) services featuring software for cloud computing; software as a service (SaaS) services featuring software for

artificial intelligence; software as a service (SaaS) services featuring software for cognitive computing; software as a service (SaaS) services featuring software for blockchain technology; software as a service (SaaS) services featuring software for quantum computing and quantum programming; software as a service (SaaS) services featuring software for constructing, analyzing and running quantum programs and quantum algorithms; software as a service (SaaS) services featuring software for developing and testing quantum algorithms; computer programming and computer consulting services for artificial intelligence; computer programming and computer consulting services for cognitive computing; computer programming and computer consulting services for information management; computer programming and computer consulting services for data management; computer programming and computer consulting services for cloud computing; computer programming and computer consulting services for blockchain technology; computer programming and computer consulting services for quantum computing; computer programming and computer consulting services for software as a service (SaaS); design, installation, updating and maintenance of software; design of computer software and hardware for third parties and consulting services in the field of computers; technical support services, namely, troubleshooting of computer program and software problems; computer services, namely, design, creation and maintenance of websites for third parties; analysis of computer systems, integration of computer systems and networks, computer programming for third parties, all intended for commercial interactions on global computer networks; design of systems for interconnection of computers and software, namely, electronic connection of computers and software to each other; computer software and hardware testing services (quality and technical controls); technical project study in the field of computer hardware and software; computer consulting with respect to computer hardware, namely advice with respect to computer research and development; computer advice and assistance concerning Internet use; rental of computers and software; scientific and industrial research, namely research and development of new products, biological research,

bacteriological research, chemical research, cosmetology research, mechanical research, geological research, technological research, pharmaceutical research, scientific research for medical purposes; information technology consulting; computer system integration services; consulting services in the field of design, selection, implementation and use of computer and software systems for third parties; technical support services, namely, diagnosing computer hardware and computer software problems; computer system design services for third parties; design of systems for interconnection of computers and computer programs, namely, integration of computer systems and computer networks; computer program and computer hardware testing services, namely testing of software, computers and servers to ensure proper functioning thereof; cloud computing services, namely, network integrated computer hardware and software services for dynamic provisioning, virtualization and consumption metering of computer resources; providing virtual computer systems and virtual computer environments through cloud computing; design and development of software for cloud storage of data; cloud computing hosting provider services; electronic data storage and data recovery services; data security service; computer support services rendered by computer specialists; design of computer hardware for computer networks; technical support services, namely, troubleshooting computer hardware problems; design and development of computer systems, computer software and computer applications related to partner acquisition and management, partner loyalty, behavioral analytics, and data analytics.

Playhop

Goods and/or Services:

Class 09

Joysticks for use with computers other than for video games; floppy disks; sound recording disks; magnetic disks; optical disks; electronic devices for digital display; electronic interactive whiteboards; electronic devices for displaying messages; audio interfaces; luminous signboards; downloadable emoticons for mobile telephones; interfaces (for computers); biometric identity cards; magnetic identity cards; video game cassettes; memory cards for video game machines; encoded cards, magnetic; thin clients (computers); downloadable cryptographic keys for receiving and spending cryptoassets; encoded key cards; electronic book readers; digital notepads; optical compact disks; computer; notebook computers; tablet computers; wearable computers; downloadable e-wallets; monitors (computer hardware); sound recording media; magnetic data media; optical data media; laptop computers; software (recorded programs); biometric passports; electronic passports; electronic pocket translators; transmitters (telecommunication); telephone transmitters; electronic signal transmitters; computer platforms in the form of recorded or downloadable software; digital signs; personal digital assistants (PDAs); downloadable computer software applications; recorded computer operating programs; downloadable game software; recorded game software; downloadable computer programs; computer screen saver software, recorded or downloadable; downloadable electronic publications; electronic pocket dictionaries; integrated circuit cards [smart cards]; smart glasses; smartphones; smart watches; audiovisual teaching apparatus; credit card terminals; interactive touch-screen terminals; video recorders; sound reproduction apparatus; invoicing machines; data processing apparatus; computer peripheral devices; readers (data processing equipment); downloadable ringtones for mobile telephones; downloadable image files; downloadable music files; animated cartoons; USB flash drives; downloadable graphic elements for mobile telephones.

Class 35

Arranging subscriptions to telecommunication services (for others); advertising agency services; rental of advertising space; computerized file management services; demonstration of goods; marketing research; layout services for advertising purposes; marketing; marketing in the framework of editing of software; influencer marketing; targeted marketing; updating and maintenance of data in registers; updating and maintenance of data in computer databases; updating of advertising material; online retail services for downloadable and pre-recorded music and movies; online retail services for downloadable ring tones; online retail services for downloadable digital music; organization of exhibitions for commercial or advertising purposes; conducting and organization of trade fairs, including online; data search in computer files for third parties; providing commercial information via websites; providing commercial information and advice to consumers regarding choice of goods and services; providing online marketplaces for buyers and sellers of goods and services; providing user reviews for commercial or advertising purposes; providing user classifications for commercial or advertising purposes; providing business information concerning blockchain technology and virtual currencies; presentation of goods on all communication media for retailing; provision of online auction services; sales promotion for third parties; promotion of goods and services by means of sponsorship of sports events; promotion of goods through influencers; production of tele-shopping programs; production of advertising films; rental of advertising time on all communication media; rental of advertising material; rental of advertising panels; consumer profiling for commercial and marketing purposes; publication of advertising texts; radio advertising; development of advertising concepts; advertising; online advertising on a computer network; compilation of information into computer databases; systematization of information in computer databases; compilation of information indexes for commercial or advertising purposes; telemarketing services; commercial administration of the licensing of third-party goods and services; business management of reimbursement programs for

others; administration of consumer loyalty programs; administration of frequent flyer programs; pay per click advertising services; lead generation services; online ordering services in the field of restaurant take-out and delivery; market intelligence services; website traffic optimization; search engine optimization for sales promotion purposes; retail services for works of art provided by art galleries; procurement services for others (purchasing goods and services for other businesses); providing the above-mentioned services also via an online or mobile application.

Class 36

Financial analysis; financial research; financial consultation; crowdfunding; financial management; exchange operations; financial exchange of virtual currency; organization of financial collections; financial evaluation (insurance, banking, real estate); electronic transfer of funds; awarding discounts to third-party member institutions via a membership card; providing financial information; providing financial information via websites; fund investment; charitable fundraising services; financial sponsorship; payment services by means of e-wallets; electronic exchange of virtual currency; providing the above-mentioned services also via an online or mobile application.

Class 41

Booking of seats for shows; publication of books; layout services other than for advertising purposes; practical training (demonstration); training services by means of simulators; providing recreational facilities; organization and conducting of colloquiums; organization and conducting of congresses; organization and conducting of conferences; organization and conducting of concerts; organization and conducting of workshops [training]; organization and conducting of non-virtual educational forums; organization and conducting of seminars; organization and conducting of symposiums; organization of competitions (education or entertainment); organization of sports competitions; providing non-downloadable videos online;

providing information with respect to recreation; providing information with respect to entertainment; providing non-downloadable music online; providing non-downloadable television programs via video-on-demand services; providing non-downloadable films via video-on-demand services; providing user reviews for entertainment or cultural purposes; providing user rankings for entertainment or cultural purposes; amusement arcade services; providing non-downloadable electronic publications online; production of films other than advertising films; electronic desktop publishing; online publication of specialized electronic books and journals; publication of texts other than advertising texts; entertainment services; news reporter services; film directing other than advertising films; planning of receptions (entertainment); game services provided online from a computer network; ticket agency services (entertainment); providing the above-mentioned services also via an online or mobile application.

Class 42

Computer system analysis; recovery of computer data; computer virus protection services; software installation; research in the field of telecommunication technologies; research and development of new products for others; consultation with respect to computer security; advice regarding information technology; computer technology consulting services; consultant services with respect to computer hardware design and development; consultant services with respect to Internet security; consultation with respect to software; consultant services with respect to data security; updating of software; monitoring of computer systems to detect breakdowns; monitoring of computer systems for the detection of unauthorized access or data protection breaches; remote monitoring of computer systems; Software as a Service (SaaS); maintenance of computer software; digitization of documents (scanning); conversion of data or documents from physical to electronic media; providing information on computer technology and programming via a web site; providing Internet search engines; computer Platform as a Service (PaaS);

conversion of computer programs and data, other than physical conversion;
conducting of technical project studies; computer system design; rental of web
servers; computer rental; rental of computer software; website hosting; server
hosting; development of computer platforms; software development (design);
software development in the framework of software publishing; creation and design
of information directories based on web sites for others (information technology
services); creation and maintenance of websites for third parties; computer
programming; technical writing; duplication of computer programs; cloud computing;
outsourced services relating to information technology; off-site data backup;
telecommunication technology consultancy services; user authentication services
using single sign-on technology for online software applications; user authentication
services using technology for e-commerce transactions; data encryption services;
electronic data storage; electronic monitoring of credit card transactions for the
detection of fraud via the Internet; electronic monitoring of personal identification
information for the detection of identity theft via the Internet; providing the above-
mentioned services also via an online or mobile application.

Goods and/or Services:

Class 35

Advertising, marketing and public relations; organization of exhibitions and trade fairs for commercial or advertising purposes; office functions; secretarial services; arranging newspaper subscriptions for others; compilation of statistics; rental of office machines; systemization of information into computer databases; telephone answering for unavailable subscribers; business management, business administration and business consultancy; accounting; commercial consultancy services; personnel recruitment, personnel placement, employment agencies, import-export agencies; temporary personnel placement services; auctioneering; the bringing together, for the benefit of others, of a variety of goods, namely, bleaching and cleaning preparations, detergents other than for use in manufacturing operations and for medical purposes, laundry bleach, fabric softeners for laundry use, stain removers, dishwasher detergent, perfumery, cosmetics (except medicated cosmetics), fragrances, deodorants for personal use and animals, soaps (except medicated soap), dental care preparations, dentifrices, denture polishes, tooth whitening preparations, mouth washes, not for medical purposes, abrasive preparations, emery cloth, sandpaper, pumice stone, abrasive pastes, polishing preparations for leather, vinyl, metal and wood, polishes and creams for leather, vinyl, metal and wood, wax for polishing, industrial oils and greases, cutting fluids, dust absorbing, wetting and binding compositions, solid fuels, coal, firewood, liquid and gas fuels, petrol, diesel oil, liquified petroleum gas, natural gas, fuel oil and their non-chemical additives, candles, wicks, semi-finished wax, wax and paraffin for lighting purposes, pharmaceutical and veterinary preparations for medical purposes,

chemical preparations for medical and veterinary purposes, chemical reagents for pharmaceutical and veterinary purposes, radioactive substances for medical and veterinary purposes, medicated cosmetics, dietary supplements for pharmaceutical and veterinary purposes, dietary supplements for human consumption, dietary supplements for animals, nutritional supplements, medical preparations for slimming purposes, food for babies, herbs and herbal beverages adapted for medicinal purposes, dental preparations and articles, teeth filling material, dental impression material, dental adhesives and material for repairing teeth, sanitary preparations for medical use, hygienic pads, hygienic tampons, plasters, materials for dressings, diapers, including those made of paper and textiles, babies diapers of paper, babies diapers of textile, babies napkins of paper, adult diapers of paper, adult diapers of textile, diapers for pets, preparations for destroying vermin, fungicides, herbicides, rodenticides, deodorants, other than for human beings or for animals, air deodorising preparations, disinfectants, antiseptics, detergents for medical purposes, medicated soap, disinfectant soap, antibacterial hand lotions, paper and cardboard, paper and cardboard for packaging and wrapping purposes, cardboard boxes, paper towels, toilet paper, paper napkins, plastic materials for packaging and wrapping purposes, printing blocks and types, bookbinding material, printed publications, printed matter, books, magazines, newspapers, bill books, printed dispatch notes, printed vouchers, calendars, posters, photographs [printed], paintings, stickers [stationery], postage stamps, stationery, office stationery, instructional and teaching material [except furniture and apparatus], writing and drawing implements, artists' materials, paper products for stationery purposes, adhesives for stationery purposes, pens, pencils, erasers, adhesive tapes for stationery purposes, cardboard cartons [artists' materials], writing paper, copying paper, paper rolls for cash registers, drawing materials, chalkboards, painting pencils, watercolors [paintings], office requisites, paint rollers and paintbrushes for painting, chaplets (rosaries), unworked or semi-worked leather and animal skins, imitations of leather, stout leather, leather used for linings, goods made of leather, imitations of leather or other materials, designed for

carrying items, bags, wallets, boxes and trunks made of leather or stout leather, keycases, trunks [luggage], suitcases, umbrellas, parasols, sun umbrellas, walking sticks, whips, harness, saddlery, stirrups, straps of leather (saddlery), furniture, made of any kind of material, mattresses, pillows, air mattresses and cushions, not for medical purposes, water beds, not for medical purposes, mirrors, beehives, artificial honeycombs and sections of wood for honeycombs, bouncing chairs for babies, playpens for babies, cradles, infant walkers, display boards, frames for pictures and paintings, identification plates, identification tags, nameplates, identification tags of wood or synthetic materials, packaging containers of wood or plastics, casks for use in transportation or storage, barrels, storage drums, tanks, boxes, storage containers, transportation containers, chests, loading pallets and closures for the aforementioned goods, of wood or plastics, small hardware goods of wood or synthetic materials, furniture fittings, of wood or synthetic materials, ornaments and decorative goods of wood, cork, reed, cane, wicker, horn, bone, ivory, whalebone, shell, amber, mother-of-pearl, meerschaum, beeswax, plastic or plaster, namely figurines, holiday ornaments for walls and sculptures, all made of wood, cork, reed, cane, wicker, horn, bone, ivory, whalebone, shell, amber, mother-of-pearl, meerschaum, beeswax, plastic or plaster, baskets, fishing baskets, kennels, nesting boxes and beds for household pets, portable ladders and mobile boarding stairs of wood or synthetic materials, bamboo curtains, roller indoor blinds [for interiors], slatted indoor blinds, bead curtains for decoration, curtain hooks, curtain rings, curtain tie-backs, curtain rods, non-metal wheel chocks, hand-operated non-electric cleaning instruments and appliances, brushes, other than paintbrushes, steel chips for cleaning, sponges for cleaning, steel wool for cleaning, cloths of textile for cleaning, gloves for dishwashing, non-electric polishing machines for household purposes, brooms for carpets, mops, toothbrushes, electric toothbrushes, dental floss, shaving brushes, hair brushes, combs, non-electric household or kitchen utensils [other than forks, knives, spoons], services [dishes], pots and pans, bottle openers, flower pots, drinking straws, non-electric cooking utensils, ironing boards

and shaped covers therefor, drying racks for washing, clothes drying hangers, cages for household pets, indoor aquariums, vivariums and indoor terrariums for animals and plant cultivation, ornaments and decorative goods of glass, porcelain, earthenware or clay, namely statues, figurines and vases, all made of glass, porcelain, earthenware or clay and cups, not of precious metal, mouse traps, insect traps, electric devices for attracting and killing flies and insects, fly catchers, fly swatters, perfume burners, perfume sprayers, perfume vaporizers, electric or non-electric make-up removing appliances, powder puffs, toilet cases, nozzles for sprinkler hose, nozzles for watering cans, watering devices, garden watering cans, unworked or semi-worked glass, except building glass, mosaics of glass and powdered glass for decoration, except for building, glass wool other than for insulation or textile use, woven or non-woven textile fabrics, textile goods for household use, curtains, bed covers, sheets (textile), pillowcases, blankets, quilts, towels, flags, pennants, labels of textile, swaddling blankets, clothing, including underwear and outerclothing, other than special purpose protective clothing, socks, mufflers [clothing], shawls, bandanas, scarves, belts [clothing], footwear, shoes, slippers, sandals, headgear, hats, caps with visors, berets, caps [headwear], skull caps, carpets, rugs, mats, prayer rugs, linoleum, artificial turf, linoleum for covering floors, gymnasium mats, wallpaper, wall hangings not of textile, enabling customers to conveniently view and purchase those goods, such services may be provided by retail stores, wholesale outlets, by means of electronic media or through mail order catalogues.

Mark Clause(s):

Registration of this mark shall give no right to the exclusive use of the word "Home".

LC WAIKIKI MAĞAZACILIK HİZMETLERİ TİCARET ANONİM ŞİRKETİ

15 TEMMUZ MAHALLESİ, GÜLBAHAR CADDESİ,
NO. 41, BAĞCILAR, İSTANBUL,

National Trade Mark No: 40202311566P

International Registration No: 1731758

Date of Protection in Singapore: 04 November 2022

Classes: 07 09 12 37 40

Goods and/or Services:

Class 07

Slurry blender machines for use in oil or gas well hydraulic fracturing operations; high-pressure pumps for use in oil or gas well hydraulic fracturing operations; oilfield production machines for extracting oil from geological layers and processing hydrocarbons; geotechnical drilling machines; structural and replacement parts for fluid ends for reciprocating pumps in the nature of pump components that circulate drilling fluid, fracking fluid or completion fluid, namely, valves for pumps, packing being mechanical seals, liners being mechanical seals; structural and replacement parts for positive displacement pumps in the nature of pump components that circulate drilling fluid, fracking fluid or completion fluid, namely, valves for pumps, mechanical seals; structural and replacement parts for drilling modules being parts

for oilfield wellhead machines that circulate drilling fluid, fracking fluid or completion fluid, namely, valves for pumps, packing being mechanical seals, liners being mechanical seals, gate valves, ball valves, check valves, plug valves, globe valves, valve parts, seats being pipe fittings and flanges, pistons for drilling; parts of oilfield wellhead machines, namely, gate valves, ball valves, check valves, plug valves, globe valves, casing heads, tubing heads, casing spools, choke and manifold industrial pumps, pump and valve parts, pipe fittings and flanges; machines for connecting surface equipment to wellheads.

Class 09

Well pressure monitoring systems.

Class 12

Lubricator trailers; gun loading trailers.

Class 37

Construction of structures for the production of crude oil; drilling of deep oil or gas wells; extraction of oil and gas; fracking services; installation of oil production apparatus; oil well casing, tubing, and drill pipe installation; well improvement services, namely, hydraulic fracturing of subsurface geologic formations to enhance well production.

Class 40

Processing of oil; technical consulting in the field of processing of oil and gas production and processing.

CEVEC

Goods and/or Services:

Class 01

Chemical and biological products for scientific purposes, except for medical and veterinary purposes; chemical and biological preparations (other than for medical or veterinary purposes) for use in research; cultures of microorganisms.

Class 05

Medicaments; pharmaceutical and veterinary products; chemical and biological preparations for medical diagnosis and analysis; eukaryotic cell culture lines, microorganisms, polypeptides, nucleic acids respectively for medical and diagnostic purposes.

Class 42

Scientific and industrial research, in particular in the fields of molecular biology, biotechnology, genetics; research and development of medicaments and methods of therapy; scientific and technological services related to breeding, recovery, optimisation, synthesis and modification of eukaryotic cell culture lines, microorganisms, polypeptides, nucleic acids for third parties; research services in the fields of medicine and pharmaceuticals.

Class 44

Medical and veterinary services; medical services related to breeding, recovery, optimisation, synthesis and modification of eukaryotic cell culture lines, microorganisms, polypeptides, nucleic acids for third parties; consulting services in the fields of medicine and pharmaceuticals.

RESONAC

Goods and/or Services:

Class 02

Paints; varnishes; acrylic or epoxy special primer; primers; nonferrous metals in foil or powder form for painters, decorators, printers and artists; undercoating for surfaces to be painted; conductive film-forming paints; anti-rust greases; moisture proof paints; moisture resistant paints; anti-corrosive paints.

Class 03

Abrasive paper [sandpaper]; abrasive cloth; abrasive sand; artificial pumice stone; polishing paper; polishing abrasives; abrasives for grindstone; abrasives for coated abrasives; abrasive material; fine powder abrasives; abrasives for lapping process; glass abrasive material; nonwoven fabric for abrasive; polishing slurry; polishing slurry for semiconductors; chemical mechanical polishing slurry; slurry for chemical mechanical polishing.

Class 04

Fuels; gaseous fuels; solid lubricants; lubricants; gasoline; propane; kerosene; heavy oils; lubricating graphite.

Class 05

Pharmaceutical preparations and other preparations for destroying vermin, fungicides, herbicides; diagnostic reagents for medical use; chemical reagents for medical purposes; diagnostic preparations for medical purposes; reagents for medical use; cell culture media for medical diagnostic purposes; cell culture media for medical purposes; cell culture media for regenerative medicine purposes; diagnostic media for bacteriological cultures; cells for medical use; cells for regenerative medicine use; drugs for medical purposes; blood plasma; reagent paper for medical purposes; test kit comprising reagents for medical diagnostic purposes; test kit comprising reagents for allergy diagnostic purposes; pharmaceutical formulations containing exosomes.

Class 10

Medical diagnostic apparatus; medical apparatus and instruments; diagnostic apparatus and instruments for medical purposes; sample preparation apparatus for medical diagnosis; biochemical automatic analyzer for medical purposes; apparatus for use in medical analysis; apparatus for blood analysis; testing apparatus for medical purposes; measuring apparatus for medical purposes; medical diagnostic apparatus and instruments as a test kit; medical apparatus and instruments as a test kit.

Class 11

Deep freezers for processing foodstuffs; heat exchangers and their parts and fittings; boilers, other than parts of non-electric prime movers or engines; air-conditioning apparatus [for industrial purposes]; freezing machines and apparatus for industrial purposes; drying apparatus [for chemical processing]; recuperators [for chemical

processing]; steamers [for chemical processing]; evaporators [for chemical processing]; distillers [for chemical processing]; radiators [for industrial air-conditioning purposes]; air conditioners for industrial purposes; drying apparatus for chemical processing; recuperators for chemical processing; steamers for chemical processing; evaporators for chemical processing; distillers for chemical processing; heat exchangers for chemical processing; piping freezing device; waste water treatment tanks for industrial purposes; septic tanks for industrial purposes; alkaline waste water neutralizers; electric freezers; reactors being industrial chemical installations used for decomposition of nitrous oxide in semiconductor factories and chemical plants; air deodorizing apparatus for industrial purposes; gas scrubbing apparatus; food quick freezing device; electric lamps and other lighting apparatus; chromatography columns for industrial purposes; ice-cooling refrigerators for household purposes; radiators for electronic machines and apparatus.

Class 12

Automobiles and their parts and fittings; automobile parts; molded products being parts of vehicles; sheet products being parts of vehicles; interior molded products being parts of automobiles; exterior molded products being parts of automobiles; backdoor parts of automobiles; brake fluid reservoir for land vehicles; washer fluid reservoir for land vehicles; ventilator grille for land vehicles; impellers for pump, machine elements for land vehicles; pulleys, machine elements for land vehicles; thrust washers, machine elements for land vehicles; power transmissions and gearing, machine elements for land vehicles; high-strength resin gears, machine elements for land vehicles; mechanical elements for land vehicles; gas turbines for land vehicles; shafts, axles or spindles, machine elements for land vehicles; bearings, machine elements for land vehicles; shaft couplings or connectors, machine elements for land vehicles; brakes, machine elements for land vehicles; disc brake pads for land vehicles; brake shoes for land vehicles; brake segments for land vehicles; brake linings for land vehicles; automobile bumpers; fenders for land

vehicles; rear spoilers for land vehicles; vessels and their parts and fittings; aircraft and their parts and fittings; railway rolling stock and their parts and fittings.

Class 16

Food wrapping plastic film for household purposes; garbage bags of paper for household purposes; garbage bags of plastics for household purposes; paper patterns; tailors' chalk; banners of paper; flags of paper; hygienic hand towels of paper; towels of paper; table napkins of paper; hand towels of paper; handkerchiefs of paper; shipping labels of paper; emergency drinking water bags made of synthetic resins for household purposes; food storage bags made of synthetic resins for household purposes; filth storing bags made of synthetic resins for household purposes; accessory bags made of synthetic resins for household purposes; daily necessities packaging film bags for household purposes.

Class 21

Chemically activated packs for heating food and beverages; chemically activated packs for cooling food and beverages; cold packs for chilling food and beverages; non-electric ice chests; kitchen containers for rice; food preserving jars of glass; drinking flasks for travellers; vacuum bottles [insulated flasks]; portable cool boxes, non-electric.

Class 37

Construction; high-pressure gas plumbing work; cross-section restoration work for deteriorated concrete structures; painting of surfaces to prevent concrete corrosion (for waterworks); painting of surfaces to prevent concrete corrosion; maintenance or painting for corrosion protection; painting of cross-section; repair or maintenance of measuring and testing machines and instruments; repair or maintenance of medical apparatus and instruments.

Class 42

Testing, inspection or research of pharmaceuticals, cosmetics or foodstuffs; technological research; scientific research; scientific laboratory services; culturing cells and tissues for scientific research purposes; developing a cell manufacturing method by contract; testing and research on cell and tissue culture, and providing information and advice regarding these; consultancy services relating to the cell culture for scientific research purposes; research and product development on cell and tissue culture, and advice regarding these; scientific research on the separation and culture of living tissues and cells; consultancy services in the development of pharmaceuticals; drug testing or research, and providing information and advice regarding these; testing and research on pharmaceuticals and biotechnology, and advice regarding these; medical research, and providing information and advice regarding these; culture or processing of cell therapy agents, hematopoietic cells, immune cells, recombinant cells or other modified cells, cells cultured and proliferated in bioreactors, cells intended for regeneration of living tissue, and other therapeutic cells, for scientific research purposes; testing and analysis in the field of cell-mediated immunity; research and development on cell-mediated immunity test methods; design, creation or maintenance of computer programs for operation optimization control systems for electric furnaces for steelmaking; design, creation or maintenance of computer programs for petrochemical plant operation optimization control systems; chemical analysis services and provision of information, advice and consultancy in relations to chemical analysis services; research and development related to analysis such as chemical analysis, physical analysis, and physical property analysis, and provision advice, consultation and information relating thereto; environmental research, analysis, diagnosis and provision of information relating thereto; rental of measuring apparatus; rental of laboratory apparatus and instruments.

Class 44

Providing information and advice in the field of medical and regenerative medicine;

medical practice; physical examination; dentistry services; preparation and dispensing of medications; human tissue bank services; providing medical information; medical, medicinal and pharmaceutical consultancy; separation, collection and storage of blood components; separation, collection and storage of blood components including umbilical cord blood, bone marrow, placenta, and other cells or stem cells obtained from parts of the human body; medical monitoring, testing, testing and analysis related to diagnosis and treatment; separation, collection, and storage of blood components including hematopoietic cells, immune cells, recombinant cells, other modified cells, cells cultured and proliferated in bioreactors, cells intended for regeneration of living tissue, cells of human or animal origin, or other cells; cell culture and tissue culture for medical use; advice on cell culture and tissue culture for medical use; separation and culture of biological tissues and cells for medical use; medical exams, tests, and providing information and advice regarding these.

Goods and/or Services:

Class 16

Paper and cardboard; printed matter; bookbinding material; photographs; stationery and office requisites, except furniture; adhesives for stationery or household purposes; drawing materials and materials for artists; paintbrushes; instructional and teaching materials; plastic sheets, films and bags for wrapping and packaging; printers' type, printing blocks; pastes for stationery or household purposes; plastic adhesives for stationery or household purposes; wallpaper stencils; sealing wax; printers' galleys [interline leads]; addressing machines; ink ribbons; automatic stamp affixing machines; electric staplers for offices; envelope sealing machines for offices; stamp obliterating machines; drawing instruments; typewriters; office check writing machines; mimeographs; relief duplicators; paper shredders for office use; franking machines; rotary duplicators; marking templates; decorators' paintbrushes; containers of paper, for packaging; plastic bags for wrapping; plastic cling film, extensible, for palletization; plastic bubble packs for wrapping or packaging; food wrapping plastic film for household purposes; baking paper sheets coated with fluorinated resin; sheets of paper or plastic for ice trays in refrigerators; paper or plastic food wrapping bags; plastic film for wrapping; garbage bags of paper for household purposes; garbage bags of plastics for household purposes; paper patterns; tailors' chalk; banners of paper; flags of paper; hygienic hand towels of paper; towels of paper; table napkins of paper; hand towels of paper; handkerchiefs

of paper; printed paper for lot, other than toys; washi; adhesive washi; adhesive washi for decoration; adhesive calendar; kraft papers; adhesive kraft papers; adhesive release papers; adhesive papers; stationery; paper stationery; note books; adhesive note paper; note paper; adhesive labels of paper; paper labels for bar codes; adhesive tapes for stationery or household purposes; self-adhesive tapes for stationery or household purposes; removable adhesive tapes for stationery or household purposes; masking tape for stationery or household purposes; gummed tape for stationery or household use; adhesive handicraft tapes for stationery or household purposes; adhesive washi tapes for stationery or household purposes; stickers [stationery]; decorative stickers; removable decorative stickers of washi; adhesive bands for stationery or household purposes; adhesive tape dispensers [office requisites]; writing implements [writing instruments]; mechanical pencils; ball pens; rubber erasers; modelling materials; books; periodicals; paintings and calligraphic works; photograph stands; paper wipes for cleaning; tissues of paper for removing make-up; bags [envelopes, pouches] of paper or plastics, for packaging; absorbent sheets of paper or plastic for foodstuff packaging; wrapping paper; printed decorative paper; peelable adhesive tape for stationery and household purposes for use in decorating walls, ceilings, floors, window-panes, furniture, lighting and electric appliances for household purposes, automobiles and bicycles.

Class 17

Unprocessed and semi-processed rubber, gutta-percha, gum, asbestos, mica and substitutes for all these materials; plastics and resins in extruded form for use in manufacture; flexible pipes, tubes and hoses, not of metal; sealants; sealing materials; foam rubber sealing materials; adhesive sealing materials; adhesive sealing tapes; dust proofing sealants; waterproof sealants; general purpose silicone rubber sealant having anti-rust property; sealing materials for water-, air- or sound-proofing, or thermal insulation, for home electric or electronic appliances; sealing materials for water-, air- or sound-proofing, or thermal insulation, for vehicles; sealing

materials for water-, air- or sound-proofing, or thermal insulation, for residential facilities, equipment and installations; sealing materials for water-, air- or sound-proofing, or thermal insulation, for construction or building machines; sealing materials for water-, air- or sound-proofing, or thermal insulation, for building; sealing materials for building; sealing materials for residential buildings; sealants for repairing leaks in water cooling systems; sealants for repairing leaks, other than fillers, for automobile body repair; sealant compounds for joints; rubber seals for jars; mica [raw or partly processed]; valves of india-rubber; valves of vulcanized fiber; gaskets; junctions for pipes, not of metal; joint packings; floating anti-pollution barriers; marine pollution control membranes, in the nature of insulating waterproofing membranes; electrical insulating materials; insulating materials; stuffing of rubber or plastic; electrical insulating tapes; electrical insulating rubber products; insulating and sealing materials; insulating varnish; washers of rubber; washers of vulcanized fiber; chemical fiber, not for textile use; plastic fibers, other than for textile use; insulating materials of mineral wool; slag wool; rubber thread and covered rubber yarn, not for textile use; chemical fiber yarn and thread, not for textile use; rubber cords and laces; industrial packaging containers of rubber; shock-absorbing buffers of rubber; rubber stoppers; rubber lids and caps for industrial packaging containers; plastic sheeting for agricultural purposes; condenser paper; vulcanized fiber; plastic semi-worked products; plastic substances, semi-processed; adhesive-coated plastic sheets for use in manufacture; reflective plastic sheets; semi-processed plastics in the form of foams, for filtration; semi-processed plastics in the form of films and membranes, for filtration; porous plastics, semi-processed, for filtration; plastic film, other than for wrapping; plastic film for use in surface protection, other than for wrapping; semi-processed plastic in sheet form; adhesive-coated plastic film and sheet; light-proof plastic film; light-proof plastic film for use on windows; heat-shielding plastic film for use on windows; ultra-violet-shielding plastic film; self-adhesive plastic sheets for use with optical instruments; self-adhesive fluorine resin sheet; polymeric porous film; laminated plastics, semi-processed, for

filtration; porous plastics, semi-processed, for use with pressure control valves; breathable plastic sheets, not for wrapping; semi-processed plastics in the form of foams; thermally-peelable plastic sheets; thermally-peelable adhesive sheets for use in manufacturing electronic devices; plastic film for use in the manufacture of dust removal mats; polymeric film for use in the manufacture of electric circuits; semi-processed plastics for use as damping materials; filtering materials of semi-processed foams of plastic; heat-insulating plastic film and sheet, not for wrapping; surface-coated epoxy resin films; semi-processed plastics for use in manufacture of reverse osmosis membrane for water treatment or seawater desalination; fluorescent self-adhesive gel plastic sheets (semi-finished); insulating polyimide resin sheets; polarization plastic film and sheets; polarization films for use in manufacturing liquid crystal displays; polarization films for use in manufacturing flat panel displays; magnet-embedded plastics in the form of sheets and films, semi-processed; semi-processed plastics in the form of foams and films for use in the manufacture of filter materials; plastic films and sheets, semi-processed, for decoration; plastic films and sheets, semi-processed, for use on walls; insulating plastic laminated boards; flexible plastic conduits for plumbing purposes; porous membrane resin materials, semi-processed, for filters; semi-processed plastic films, membranes and sheets; semi-processed plastics for use as dust collecting and filtering materials; plastic films and flat membranes, semi-processed, for water purification; plastic films and flat membranes, semi-processed, for wastewater and sewage purification; rubber [raw or semi-worked]; fluoro rubber; rubber for use in manufacture; rubber for use in sound-proofing; vibration damping materials of rubber; synthetic rubber; soundproofing materials of mineral wool, not for building purposes; adhesive tapes, other than stationery and not for medical or household purposes; adhesive tapes for industrial use; self-adhesive tapes, other than stationery and not for medical or household purposes; removable industrial adhesive tapes; masking tape for industrial purposes; adhesive bands, other than stationery and not for medical or household purposes; adhesive-coated tapes for hazard marking; self-adhesive tapes for surface protection

of objects; adhesive tapes for heat shielding; adhesive tapes for water proofing; adhesive tapes for dust proofing; adhesive tapes for corrosion proofing; adhesive tapes for repairing; adhesive tapes for wind proofing; adhesive tapes for fixing semiconductor wafer; fluorine resin adhesive tapes for industrial use; conductive adhesive tapes for industrial use; moisture-proofing adhesive tapes for air crafts; adhesive tapes having anti-rust property for air crafts; masking tapes for air crafts; fire-proofing adhesive tapes for air crafts; adhesive tapes for binding harness; adhesive tapes for plumbing protection; adhesive tapes for marking; masking tapes for use in painting; masking tapes for automobiles; masking tapes for printing boards; polymeric porous tapes for industrial use; breathable adhesive tapes for industrial use; sealants for repairing leakage, other than paste fillers; fluorine resins, semi-processed; semi-processed synthetic resins; semi-processed plastics for use in the manufacture of fiber optics; threads of plastic materials, other than for textile use; insulating materials for footwear; insulators; optical plastic films for use in manufacturing.

Class 26

Lace, braid and embroidery, and haberdashery ribbons and bows; buttons, hooks and eyes, pins and needles; artificial flowers; hair decorations; false hair; shuttles for making fishing nets; electric hair curlers; needles, not for sewing machines; metal fittings for bags, namely, zippers, buckles, clasps, zip fasteners for bags; eyelets for clothing; clasps for bags; buckles for bags; tapes [haberdashery]; ribbons; haberdashery ribbons; ribbons and bows, not of paper, for gift wrapping; hem tapes [haberdashery]; tapes for fixing hijabs [haberdashery]; tapes for supporting hijabs [haberdashery]; knitted raschel lace; tufts and tassels [semi-finished]; passementerie; edgings for clothing; braids; knitting sticks; needle-threaders; sewing boxes; sewing thimbles; pin and needle cushions; boxes for needles; armband for holding sleeves; insignias for wear, not of precious metal; buckles for clothing [clothing buckles]; badges for wear, not of precious metal; brooches for clothing; special sash clips for

obi [obi-dome]; ornamental adhesive patches for jackets; brassards; heat adhesive patches for repairing textile articles; ornamental novelty badges [buttons]; brooches [clothing accessories]; pins, other than jewellery; hat trimmings; numerals or letters for marking linen; hair ornaments; decorative articles for the hair; ribbons for the hair; hair bands; buttons; collar supports; stiffening supports for hijabs; zip fasteners for bags; zip fasteners; fastenings for braces; beads, other than for making jewelry; fastenings for clothing; belt clasps; false beards; false moustaches; hair curlers, non-electric; fittings for lingerie [haberdashery]; lingerie tapes; hair curling papers; shoe trimmings; shoe eyelets; shoe laces; metal fasteners for shoes and boots; shoe fasteners; human hair; hair curlers, electric and non-electric, other than hand implements; sewing kits; haberdashery [dressmakers' articles], except thread; cords for clothing; breast lift tapes; shoulder pads for clothing; tapes for curtain headings; arm bands [clothing accessories]; charms, other than for jewellery, key rings or key chains; competitors' numbers.

KENTWOOD

Goods and/or Services:

Class 07

Wood grinding machines; wood planing machines; woodworking machines; apparatus for machining; circle cutting tools for use with machines; circular saws [for woodworking]; disc shaped rotating grinding tools [parts for machines]; edging tools [machines]; lathes [machine tools]; machine tools; machine tools for boring; machine tools for drilling; machine tools for grinding; machine tools for parting; machine tools for sawing; machine tools for the plastics processing industry; machine tools for woodworking machines; metalworking machine tools; milling tools [machines]; planing tools [machines]; precision grooving tools [parts of machines]; precision parting tools [machines]; reamers [machine tools]; routers [machines]; saws [machines]; saw-tooth setting machines [for lumbering or woodworking saws]; tools for machine tools; industrial process controllers [hydraulic]; pressure regulating

apparatus being parts of machines; process controllers [mechanical]; process controllers [pneumatic]; regulators [parts of machines]; valves [parts of machines]; industrial robots; industrial robots for shaping metal; industrial robots for shaping plastic material; industrial robots for shaping wood; industrial robots for use in manufacture; robots for machine tools; assembly line conveyor machinery; automated robotic handling apparatus for loading and unloading of goods; automatic conveyor installations; band conveyors; batch sorting machines; belt conveyors; conveyors; guides for machines; handling machines, automatic [manipulators]; hydraulic conveyors; indoor self-driving robots for industrial use; industrial conveyors; industrial robots for use in the handling of workpieces; industrial robots for working wood; lifting attachments incorporating mechanisms for the handling of goods; loading and unloading machines; machine operated platforms capable of elevation above ground level and used for storage; machines for turning; overhead conveyors; pneumatic conveyors; robotic mechanisms being parts of loading-unloading machines and apparatus; roller conveyors; rotating screw conveyors; screw conveyors; holders for machine tools; materials handling machines; workpiece clamping attachments [parts of machines]; wood carving machines; assembly machines; automotive engine blocks; boring machines for use in woodworking; coating machines; dividing machines; drilling machines; drive mechanisms for machine tools; edge sealing machines for industrial use; edgers [machines]; engine mounts, other than for land vehicles; feeding machines; finishing machines; gluing machines; grinding machines; jointers being woodworking machines; laminators [machines] other than for office use; laser engraving machines for woodworking; machines and machine tools for treatment of materials and for manufacturing; machines for machining metals; machines, machine tools, and power-operated tools and apparatus, for fastening and joining; machining centres; metal machining centres; milling machines; numerically controlled machining stations for boring; packaging machines; painting machines; planing machines; pressing machines for industrial purposes; sanding machines; sanding machines for woodworking; sealing machines;

shaping and moulding machines; sorting machines for industry; stacking machines; trimming machines; turning machines; veneer manufacturing machines.

Class 09

Electronic sensors; process controllers [electronic]; programmable controllers; sensor controllers; smart manufacturing system controls; infrared sensors; internet of things [IoT] sensors; measuring, detecting, monitoring and controlling devices; optical sensors; pressure sensors; proximity sensors; sensors; temperature sensors; vibration sensors; business technology software; cloud computing software; computer application software for use in implementing the internet of things [IoT]; computer-aided engineering [CAE] software; computer-aided manufacturing [cam] software; downloadable software; enterprise resource planning [ERP] software; factory automation software; industrial controls incorporating software; industrial process control software; industrial software; manufacturing software; mechanical engineering software; optical barcode recognition [OBR] software; predictive maintenance software; process controlling software; production support software; robotic process automation [RPA] software; smart manufacturing software; software; software for diagnostics and troubleshooting.

Class 37

Installation services of assembly machines; installation services of automotive engine blocks; installation services of boring machines for use in woodworking; installation services of coating machines; installation services of dividing machines; installation services of drilling machines; installation services of drive mechanisms for machine tools; installation services of edge sealing machines for industrial use; installation services of edgers [machines]; installation services of engine mounts, other than for land vehicles; installation services of feeding machines; installation services of finishing machines; installation services of gluing machines; installation services of grinding machines; installation services of jointers being woodworking

machines; installation services of laminators [machines] other than for office use; installation services of laser engraving machines for woodworking; installation services of machines and machine tools for treatment of materials and for manufacturing; installation services of machines for machining metals; installation services of machines, machine tools, and power-operated tools and apparatus, for fastening and joining; installation services of machining centres; installation services of metal machining centres; installation services of milling machines; installation services of numerically controlled machining stations for boring; installation services of packaging machines; installation services of painting machines; installation services of planing machines; installation services of pressing machines for industrial purposes; installation services of sanding machines; installation services of sanding machines for woodworking; installation services of sealing machines; installation services of shaping and moulding machines; installation services of sorting machines for industry; installation services of stacking machines; installation services of trimming machines; installation services of turning machines; installation services of veneer manufacturing machines; installation services of wood carving machines; installation services of wood grinding machines; installation services of wood planing machines; installation services of woodworking machines; installation services of apparatus for machining; installation services of circle cutting tools for use with machines; installation services of circular saws [for woodworking]; installation services of disc shaped rotating grinding tools [parts for machines]; installation services of edging tools [machines]; installation services of lathes [machine tools]; installation services of machine tools; installation services of machine tools for boring; installation services of machine tools for drilling; installation services of machine tools for grinding; installation services of machine tools for parting; installation services of machine tools for sawing; installation services of machine tools for the plastics processing industry; installation services of machine tools for woodworking machines; installation services of metalworking machine tools; installation services of milling tools [machines]; installation services of planing tools [machines]; installation

services of precision grooving tools [parts of machines]; installation services of precision parting tools [machines]; installation services of reamers [machine tools]; installation services of routers [machines]; installation services of saws [machines]; installation services of saw-tooth setting machines [for lumbering or woodworking saws]; installation services of tools for machine tools; installation services of industrial process controllers [hydraulic]; installation services of pressure regulating apparatus being parts of machines; installation services of process controllers [mechanical]; installation services of process controllers [pneumatic]; installation services of regulators [parts of machines]; installation services of valves [parts of machines]; installation services of industrial robots; installation services of industrial robots for shaping metal; installation services of industrial robots for shaping plastic material; installation services of industrial robots for shaping wood; installation services of industrial robots for use in manufacture; installation services of robots for machine tools; installation services of assembly line conveyor machinery; installation services of automated robotic handling apparatus for loading and unloading of goods; installation services of automatic conveyor installations; installation services of band conveyors; installation services of batch sorting machines; installation services of belt conveyors; installation services of conveyors; installation services of guidance frameworks for machine tools; installation services of handling machines, automatic [manipulators]; installation services of hydraulic conveyors; installation services of indoor self-driving robots for industrial use; installation services of industrial conveyors; installation services of industrial robots for use in the handling of workpieces; installation services of industrial robots for working wood; installation services of lifting attachments incorporating mechanisms for the handling of goods; installation services of loading and unloading machines; installation services of machine operated platforms capable of elevation above ground level and used for storage; installation services of machines for turning; installation services of overhead conveyors; installation services of pneumatic conveyors; installation services of robotic mechanisms for transportation; installation services of roller

conveyors; installation services of rotating screw conveyors; installation services of screw conveyors; installation services of holders for machine tools; installation services of materials handling machines; installation services of workpiece clamping attachments [parts of machines]; repair and maintenance of assembly machines; repair and maintenance of automotive engine blocks; repair and maintenance of boring machines for use in woodworking; repair and maintenance of coating machines; repair and maintenance of dividing machines; repair and maintenance of drilling machines; repair and maintenance of drive mechanisms for machine tools; repair and maintenance of edge sealing machines for industrial use; repair and maintenance of edgers [machines]; repair and maintenance of engine mounts, other than for land vehicles; repair and maintenance of feeding machines; repair and maintenance of finishing machines; repair and maintenance of gluing machines; repair and maintenance of grinding machines; repair and maintenance of jointers being woodworking machines; repair and maintenance of laminators [machines] other than for office use; repair and maintenance of laser engraving machines for woodworking; repair and maintenance of machines and machine tools for treatment of materials and for manufacturing; repair and maintenance of machines for machining metals; repair and maintenance of machines, machine tools, and power-operated tools and apparatus, for fastening and joining; repair and maintenance of machining centres; repair and maintenance of metal machining centres; repair and maintenance of milling machines; repair and maintenance of numerically controlled machining stations for boring; repair and maintenance of packaging machines; repair and maintenance of painting machines; repair and maintenance of planing machines; repair and maintenance of pressing machines for industrial purposes; repair and maintenance of sanding machines; repair and maintenance of sanding machines for woodworking; repair and maintenance of sealing machines; repair and maintenance of shaping and moulding machines; repair and maintenance of sorting machines for industry; repair and maintenance of stacking machines; repair and maintenance of trimming machines; repair and maintenance of turning machines; repair and

maintenance of veneer manufacturing machines; repair and maintenance of wood carving machines; repair and maintenance of wood grinding machines; repair and maintenance of wood planing machines; repair and maintenance of woodworking machines; repair and maintenance of apparatus for machining; repair and maintenance of circle cutting tools for use with machines; repair and maintenance of circular saws [for woodworking]; repair and maintenance of disc shaped rotating grinding tools [parts for machines]; repair and maintenance of edging tools [machines]; repair and maintenance of lathes [machine tools]; repair and maintenance of machine tools; repair and maintenance of machine tools for boring; repair and maintenance of machine tools for drilling; repair and maintenance of machine tools for grinding; repair and maintenance of machine tools for parting; repair and maintenance of machine tools for sawing; repair and maintenance of machine tools for the plastics processing industry; repair and maintenance of machine tools for woodworking machines; repair and maintenance of metalworking machine tools; repair and maintenance of milling tools [machines]; repair and maintenance of planing tools [machines]; repair and maintenance of precision grooving tools [parts of machines]; repair and maintenance of precision parting tools [machines]; repair and maintenance of reamers [machine tools]; repair and maintenance of routers [machines]; repair and maintenance of saws [machines]; repair and maintenance of saw-tooth setting machines [for lumbering or woodworking saws]; repair and maintenance of tools for machine tools; repair and maintenance of industrial process controllers [hydraulic]; repair and maintenance of pressure regulating apparatus being parts of machines; repair and maintenance of process controllers [mechanical]; repair and maintenance of process controllers [pneumatic]; repair and maintenance of regulators [parts of machines]; repair and maintenance of valves [parts of machines]; repair and maintenance of industrial robots; repair and maintenance of industrial robots for shaping metal; repair and maintenance of industrial robots for shaping plastic material; repair and maintenance of industrial robots for shaping wood; repair and maintenance of industrial robots for

use in manufacture; repair and maintenance of robots for machine tools; repair and maintenance of assembly line conveyor machinery; repair and maintenance of automated robotic handling apparatus for loading and unloading of goods; repair and maintenance of automatic conveyor installations; repair and maintenance of band conveyors; repair and maintenance of batch sorting machines; repair and maintenance of belt conveyors; repair and maintenance of conveyors; repair and maintenance of guidance frameworks for machine tools; repair and maintenance of handling machines, automatic [manipulators]; repair and maintenance of hydraulic conveyors; repair and maintenance of indoor self-driving robots for industrial use; repair and maintenance of industrial conveyors; repair and maintenance of industrial robots for use in the handling of workpieces; repair and maintenance of industrial robots for working wood; repair and maintenance of lifting attachments incorporating mechanisms for the handling of goods; repair and maintenance of loading and unloading machines; repair and maintenance of machine operated platforms capable of elevation above ground level and used for storage; repair and maintenance of machines for turning; repair and maintenance of overhead conveyors; repair and maintenance of pneumatic conveyors; repair and maintenance of robotic mechanisms for transportation; repair and maintenance of roller conveyors; repair and maintenance of rotating screw conveyors; repair and maintenance of screw conveyors; repair and maintenance of holders for machine tools; repair and maintenance of materials handling machines; repair and maintenance of workpiece clamping attachments [parts of machines].

Class 38

Data transmission; remote data access services; providing access to global computer networks and other computer networks; provision of access to data or documents stored electronically in central files for remote consultation; data streaming; electronic network communications; telecommunications by computer terminals, via telematics, satellites, radios, telegraphs, telephones; telematics

services; transmission of information via wireless or cable networks.

Class 42

Engineering consultancy services; mechanical engineering services; software installation; software creation; development of computer hardware; computer software consulting; design and development of computer software for supply chain management; technical project planning; technical project planning in the field of engineering; computer software development; updating of software; engineering services for the analysis of machinery; research and development services in the field of engineering; design of manufacturing methods; development of computer programs recorded on data media (software) designed for use in construction and automated manufacturing (CAD/CAM); quality control; engineering services relating to machine tool design; engineering services relating to robotics; process monitoring for quality assurance; computer aided industrial analysis services; design and development of computer software for process control; tool design; industrial design services; software design and development; software as a service; creating, maintaining, and updating computer software; development of computer software for computer aided design/computer aided manufacturing [CAD/CAM]; design and development of software for inventory management.

MoveOS

Goods and/or Services:

Class 09

Scientific, research, navigation, surveying, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for

recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media, computer software, computers and computer peripheral devices; mobile application software, computer application software for mobile phones; computer software for mobile applications and wallets; downloadable mobile applications for the management of information, transmission of information, transmission of data, downloadable mobile applications for use with wearable computer devices; computer software for mobile applications that enable interaction and interface between vehicles and mobile devices; enterprise application software [eas], computer software applications, downloadable, smartphone software applications, downloadable, application software for wireless devices, computer applications for automotive control, machine-to-machine [m2m] applications, telemetry devices for engine applications; application processors, web application software, educational mobile applications, educational computer applications, educational tablet applications, information retrieval applications; computer applications for vehicle navigation apparatus; computer applications for car automatic driving control, computer applications for automated vehicle parking control; batteries, automotive batteries; rechargeable batteries; vehicle batteries; battery charging devices for motor vehicles; electrical apparatus, namely, charging stations for charging electric vehicles.

Class 12

Vehicles; apparatus for locomotion by land, air or water.

Class 37

Repair, maintenance, installation and servicing of vehicles including electric vehicles; repair, maintenance and servicing of aerials and navigation equipment; vehicle battery charging services, maintenance and repair of electronic navigational and positioning apparatus and instruments.

Class 39

Transport; packaging and storage of goods; travel arrangement, including transportation logistics; transportation and storage services relating to storage logistics, distribution logistics and returns logistics, rental of transport vehicles; chauffeuring and piloting; rental services related to transport, storage and travel, namely, parking place rental, garage rental, rental of storage containers; inspection of vehicles or goods for the purpose of transport; distribution of energy and electricity, delivery of fuel.

Class 42

Scientific and technological services and research and design relating thereto; industrial analysis, industrial research and industrial design services; quality control and authentication services; design and development of computer hardware and software; hosting of mobile applications, development and design of mobile applications, leasing of application software, application service provider services, rental of application software, hosting of mobile applications, hosting of multimedia applications, hosting of interactive applications, development of software application solutions, development of computer software application solutions, hosting computer software applications for others; installation and customisation of computer applications software, providing temporary use of online, non-downloadable computer software for use in broadcast monitoring applications; hosting computer application software in the field of knowledge management for creating searchable databases of information and data, technical support services relating to computer software and applications, research, design and development services relating to software application solutions, user authentication services using single sign-on technology for online software application.

Computer hardware, firmware and software; animation software; computer hardware and software for graphic design applications, art generation, creating animations and cartooning; application software for use on tablet devices, mobile telecommunication devices and other mobile electronic devices; electronic publications; computer software for creating and editing video, digital movies, video images, audio recordings, animations, still images, graphics, and multimedia content; computer software for use in creating, editing, importing, exporting, publishing and sharing video, digital movies and multimedia content; computer software for colour correction of video and multimedia content; smart phones; wireless communication devices for the transmission of voice, data, images, audio, video, and multimedia content;

network communication apparatus; handheld digital electronic devices capable of providing access to the internet and for the sending, receiving, and storing telephone calls, electronic mail, and other digital data; wearable digital electronic devices capable of providing access to the internet for accessing application software; electronic book readers; computer software; computer software for setting up, configuring, operating or controlling mobile devices, mobile telephones, wearable devices, computers, computer peripherals, set top boxes, televisions, and audio and video players; application development software; downloadable pre-recorded audio, video and multimedia content; computer peripheral devices; monitors, display screens, head mounted displays, and headsets for use with computers, smart phones, mobile electronic devices, smart glasses; 3D spectacles; eyeglasses; sunglasses; spectacle lenses; optical glass; optical goods; optical apparatus and instruments; display screens for computers, mobile telephones, mobile electronic devices, wearable electronic devices; application programming interface (api) for computer software for developing virtual reality and augmented reality experiences; augmented reality computer hardware; augmented reality glasses; augmented reality headsets; augmented reality software; augmented reality software for creating and accessing augmented reality experiences; augmented reality software for interactive entertainment; augmented reality software for object tracking, motion control and content visualization; augmented reality software for operating augmented reality headsets; augmented reality software for use in enabling computers; augmented reality software for users to experience augmented reality visualization, manipulation and immersion; computer hardware and software for augmented reality systems; computer hardware and software for detecting objects, user gestures and commands; computer hardware and software for operating sensor devices; computer hardware and software used in eye tracking and gesture recognition; computer hardware; computer peripheral devices; computer software and firmware for enabling electronic devices to share data and communicate with each other; computer software for controlling the operation of audio and video devices; computer software for

processing digital images; computer software for recording, storing, transmitting, receiving, displaying and analysing data; computer software for the collection, editing, organising, modifying, transmission, storage and sharing of data and information; computer software for tracking motion in, visualising, manipulating, viewing, and displaying augmented and virtual reality experiences; computer software for virtual reality and augmented reality equipment, namely, software for user interface; digital media streaming devices; downloadable computer software and mobile application software for planning activities with other users, making recommendations; downloadable computer software for modifying the appearance and enabling transmission of images, audio visual and video content; downloadable e-commerce computer software to allow users to perform electronic transactions via the internet and communication networks; electronic sensor devices, cameras, projectors, and microphones for capturing gesture, facial, and voice recognition; gesture recognition software; goggles for enabling virtual reality, augmented reality world experiences; handheld augmented reality controllers; handheld virtual reality controllers; headphones; headsets; headsets for use with computers; interactive entertainment software; motion tracking sensors for augmented reality technology; motion tracking sensors for virtual reality technology; portable digital electronic devices for recording, organising, transmitting, manipulating, reviewing, and receiving text, data, and digital files; software for sending and receiving electronic messages via the internet; software for integrating electronic data, artworks and entertainment for the purposes of entertainment, education, communicating, and social networking; software for navigating a virtual reality environment; software for navigating an augmented reality environment; software for processing images, graphics and text; software for use in enabling creation of animations, computers, tablet computers, mobile devices, and mobile telephones to provide virtual reality and augmented reality experiences; software for use in creating and designing virtual reality and augmented reality software; software for wireless content delivery; software tools for creating and accessing virtual reality experiences; software tools for creating and accessing

augmented reality experiences; video display hardware, namely, video drivers for video eyewear; video display software; virtual reality computer hardware; virtual reality glasses; virtual reality headsets; virtual reality software; virtual reality software for creating and accessing virtual reality experiences; virtual reality software for interactive entertainment; virtual reality software for object tracking, motion control and content visualization; virtual reality software for operating virtual reality headsets; virtual reality software for use in enabling computers, tablet computers, mobile devices, and mobile telephones to provide virtual reality experiences; virtual reality software for users to experience virtual reality visualization, manipulation and immersion; configurable head-mounted displays.

Class 16

Paper and cardboard; training manuals; brochures; paper-based business materials namely printed publications, writing paper and copying paper; paper-based publications including newsletters and magazines; manuals for use with computer programs; paper based artworks.

Class 35

Retail services, wholesale services and online retail services and online wholesale services; provision of an online marketplace for buyers and sellers of goods and services; compilation of information into databases; business networking; advertising and marketing services; compilation of information about artistic works into databases available online for viewing by others; information, advisory and consulting services in relation to the aforementioned.

Class 38

Communication and telecommunication services; provision of communications information; provision of access to a portal online for accessing computer programmes, software tools, uploading and downloading information; providing online chat rooms and electronic bulletin boards; audio, text and video broadcasting

services over computer or other communication networks featuring uploaded, posted, displayed, tagged and electronically transmitted data, information, audio and video images; information, advisory and consultancy services in relation to the aforementioned.

Class 41

Education and training services; education and training services in relation to graphic design, animation, animation software, computer software, computer hardware and computer software and application software for graphic design purposes; entertainment services, namely, providing entertainment content via live streaming; entertainment services, namely, providing non-downloadable films and movies via a video on demand service; entertainment services, namely, providing non-downloadable music, non-downloadable videos about music, movies and animations, via a website; providing information and news relating to music; entertainment services, provided via virtual environments in which users can interact for business and recreational purposes; publishing of online works of others featuring user-generated text, audio, video, and graphics; providing online publications in the nature of blogs and articles in the field of music, movies and animations; entertainment services, namely, providing online non-downloadable pre-recorded music tailored to viewer's programming preferences; arranging of contests and sweepstakes; entertainment services, namely, providing non-downloadable movies and documentaries via a video-on-demand service; providing information, news and commentary in the field of entertainment; providing non-downloadable electronic publications in the nature of blogs in the field of music, movies and animations; information, advisory and consultancy services in relation to the aforementioned.

Class 42

Computer services, namely, the design and development of computer software; graphic design services; provision of online non-downloadable computer software

(application service provider); provision of non-downloadable software hosted in an online or cloud-based environment (application service provider); research and design services in relation to computer software, hardware and firmware; software as a service, platform as a service and infrastructure as a service in relation to creating and editing video, digital movies, video images, audio recordings, animation, still images, graphics, and multimedia content; computer services, namely, the design and development of computer software, graphic design services, application service provider, namely, hosting, managing, developing, analysing, and maintaining applications, software and web sites of others in the fields of graphic design, art and electronic art, application service provider, namely, hosting, managing, developing, analysing, and maintaining applications, software, and web sites, in the fields of personal productivity, wireless communication, mobile information access, and remote data management for wireless delivery of content to handheld computers, laptops and mobile electronic devices, application service provider (ASP), namely, hosting computer software applications of others, application service provider (ASP) featuring software for use in relation to artworks, art, graphic design and electronic art, Internet-based application service provider, namely, hosting, managing, developing, analysing, and maintaining the code, applications, and software for web sites of others, computer services, namely, acting as an application service provider in the field of knowledge management to host computer application software for the purpose of drawing, graphic design, making electronic art and animation, computer services, namely, cloud hosting provider services; information, advisory and consultancy services in relation to the aforementioned.

Class 45

Online social networking services; security services for the protection of property and individuals; information, advisory and consultancy services in relation to the aforementioned.
