General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

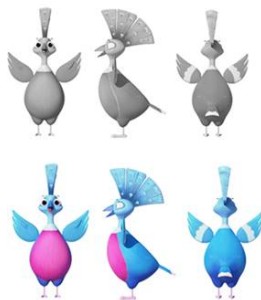

National Applications Published For Opposition

Dietary fiber; Dietary fiber for treating constipation; Dietary fiber to aid digestion; Ground flaxseed fiber for use as a dietary supplement; Dietary fibre; Dietary food supplements for medical use; Dietary food supplements; Dietary food supplemental drinks; Dietary foods for medical use; Dietary nutritional supplements for medical use; Dietary fibre supplements; Dietary fibre for treating constipation.

Class 35

Online retail store services featuring dietary supplements; Online wholesale store services featuring dietary supplements; Retail services for dietary supplements; Retail services in relation to dietary supplements; Retail services relating to dietary supplements; Retail store services featuring dietary supplements; Sales agency services for dietary food supplements; Wholesale services for dietary supplements; Wholesale services in relation to dietary supplements; Wholesale services relating to dietary supplements; Wholesale store services featuring dietary supplements.

Class 42

Technical consultancy in relation to research services relating to foods and dietary supplements.

Class 44

Dietary advice; Dietary and nutritional advice; Dietary and nutritional guidance; Dietary guidance; Medical dietary counseling services; Medical dietary counselling services; Providing information about dietary supplements and nutrition; Providing information relating to dietary and nutritional guidance; Providing information relating to dietary and nutritional supplements.

Applicant/Proprietor Details:

SINGAPORE LIGER TECHNOLOGY GROUP PTE. LTD.

Agent Details/Address for Service:

420 NORTH BRIDGE ROAD
#02-33 NORTH BRIDGE CENTRE
SINGAPORE 188727

National Trade Mark No: 40202425749V
Filing Date: 05 November 2024
Classes: 16 17 19 20

HUALI

Goods and/or Services:

Class 16

Paper ribbons, other than haberdashery or hair decorations; Paper; Tracing paper; Laminated paper; Printing paper; Desktop cabinets for stationery [office requisites]; Paper gift wrap bows; Crepe paper; Advertisement boards of paper or cardboard; Cardboard; White paperboard; Containerboard; Drawing boards; Waterproofed cardboard; Sealing wafers; Graphic prints; Printed matter; Lithographic works of art; Adhesive tapes for stationery or household purposes; Architects' models.

Class 17

Rubber, raw or semi-worked; Pipe jackets, not of metal; Sealant compounds for joints; Plastic materials in the form of plates for use in manufacture; Plastic substances, semi-processed; Plastics materials in the form of plates, semi-processed; Plastic sealing strips; Plastic film, other than for wrapping; Plastics in extruded form used in production; Adhesive-coated plastic sheets for use in manufacture; Plastics in extruded form for use in further manufacturing; Artificial resins, semi-processed; Plastics material in the form of strips for use in manufacture; Plastic fibers, other than for textile use; Threads of plastic materials, other than for

textile use; Flexible hoses, not of metal; Soundproofing materials; Insulating materials; Substances for insulating buildings against moisture; Waterproof packings.

Class 19

Wood, semi-worked; Plywood; Wood paving; Veneers; Wood veneers; Veneer wood; Wood panelling; Xylolith; Wooden floor boards; Facing sheets of plywood; Wooden veneers; Refractory construction materials, not of metal; Laths, not of metal; Floors, not of metal; Door panels, not of metal; Wainscotting, not of metal; Building materials, not of metal; Door frames, not of metal; Plastic panels for use in building; Non-metallic building materials in the form of strips; Floor panels of plastic.

Class 20

Office furniture; Furniture; Showcases [furniture]; Freestanding partitions [furniture]; Bookcases; Wardrobes; Furniture made from substitutes for wood; Living room furniture; Kitchen cabinets; Display stands; Furniture for displaying goods; Moldings for picture frames; Picture frames; Display boards; Wood ribbon; Furniture fittings, not of metal; Furniture partitions of wood; Table tops; Doors for furniture; Edgings of plastic for furniture; Bumper guards for furniture; Door fittings, not of metal.

SONGBAITANG VILLAGE, CHANGPING TOWN, DONGGUAN CITY,
GUANGDONG PROVINCE,

Agent Details/Address for Service:

ADASTRA INTELLECTUAL PROPERTY PTE. LTD.
133 NEW BRIDGE ROAD
#08-03 CHINATOWN POINT
SINGAPORE 059413

National Trade Mark No: 40202425760T
Filing Date: 05 November 2024
Classes: 07 09 42

Goods and/or Services:

Class 07

Autogenous welding machines; Automatic industrial machines; Powder processing machines; Powder handling apparatus [machines]; Power take-off transmission units for machines; Power trains for machines; Power transmission apparatus for machines; Power transmissions for machines; Power trowels [machines]; Welding machines, electric; Electric arc welding machines; Electric generating machines.

Class 09

Application software; Downloadable software; Software; Software and applications for mobile devices.

Class 42

Design, development and programming of computer software; Platform as a service [PaaS]; Software as a service [SaaS]; Application service provider [ASP] services.

Applicant/Proprietor Details:

MODULAR TECHNOLOGY PTE. LTD.
31 BUKIT BATOK CRESCENT
#01-42 THE SPLENDOUR
SINGAPORE 658070

Agent Details/Address for Service:

Modular Technology Pte Ltd
31 BUKIT BATOK CRESCENT

National Trade Mark No:	40202425763V
Filing Date:	05 November 2024
Classes:	18 20 22 24 25

Goods and/or Services:

Class 18

Imitation leather; School bags; Purses; Handbags; Travelling bags; Rucksacks; Bags

for sports; Bags for campers; Bags for climbers; Walking sticks.

Class 20

Folding chairs; Mattresses; Folding tables; Tent pegs, not of metal; Pillows; Bedding, except linen; Air mattresses, not for medical purposes; Sleeping bag pads; Cushions; Furniture.

Class 22

Ropes; Tents; Hammocks; Tarpaulins; Sails; Nets; Bags [envelopes, pouches] of textile, for packaging; Sacks for the transport and storage of materials in bulk; Packing [cushioning, stuffing] materials, not of rubber, plastics, paper or cardboard; Raw fibrous textile.

Class 24

Household linen; Felt; Bath linen, except clothing; Bath towels; Wash cloths; Bed linen; Bed covers; Bed blankets; Bivouac sacks being covers for sleeping bags; Picnic blankets; Sleeping bags.

Class 25

Clothing; Waterproof clothing; Ski suits; Raincoats; Footwear; Mountaineering shoes; Gloves [clothing]; Caps being headwear; Scarves; Belts [clothing].

Applicant/Proprietor Details:

SINGAPORE 529653

National Trade Mark No: 40202425764X
Filing Date: 06 November 2024
Classes: 09 35 42

Goods and/or Services:

Class 09

Computer software; Application software; Computer apparatus for gathering information; Computer programs for processing information; Computer software for analysing market information; Computer databases; Computer networks for the communication of data; Computer networks for the processing of data; Downloadable computer programs for accessing, browsing and searching online databases; Downloadable computer programs for analysing market information; Downloadable computer software for creating searchable databases of information and data; Downloadable computer software for accessing information directories that may be downloaded from a global computer network; Downloadable cloud-based software; Downloadable computer software for the collection of data and information; Computer chatbot software for simulating conversations; Computer programs for use

as searching directories; Computer programs for use in database management; Computer search engine software; Computer software platforms; Computer software programs for database management; Computer software for application and database integration; Computer software for document management; Computer software designed to estimate costs; Computer software to enable searching of data; Computer software to automate data warehousing; Computer software for processing market information; Computer software to enable searching and retrieval of data; Computer software for organizing and viewing digital images and photographs; Databases; Database management software; Internet messaging software; Website development software.

Class 35

Advertising; Analysis of markets; Arranging subscriptions to information media for others; Arranging subscriptions to information packages for others; Business information and inquiries; Business management and administration relating to e-commerce; Collecting business information; Collecting information for business; Collection of commercial information; Provision of advertising information; Commercial information services provided by access to a computer database; Commercial information services, via the internet; Compilation and systemization of information into computer databases; Compilation of business information; Compilation of commercial information; Compilation of company information; Compilation of information into computer databases; Compiling indexes of information for commercial or advertising purposes; Compiling of information into computer databases; Computerised business information services; Computerised business information retrieval; Computerised database management; Data processing; Database management; Database management services; Database marketing; Digital advertising services; Digital business strategy development services; Dissemination of advertising material; Price comparison services; Providing an online commercial information directory on the internet; Providing business

information directory services, via a global computer network; Provision of trade information; Providing business information via a website; Providing commercial directory information via the Internet; Providing business directory information via a global computer network; Providing commercial information and advice for consumers in the choice of products and services; Providing online commercial directory information services; Provision of an online marketplace for buyers and sellers of goods and services; Provision of business information; Provision of commercial information via the Internet; Provision of commercial and business contact information; Provision of information and advice to consumers regarding the selection of products and items to be purchased; Provision of market research information; Searches relating to company information; Market research data analysis; Interpretation of market research data; Online data processing services; Electronic data processing.

Class 42

Architectural research; Building research services; Computer network services; Creating an online community in the form of a website for registered users to form virtual communities and engage in social networking services; Creating, maintaining, and updating computer software; Database design; Reconstitution of databases; Database development services; Database design and development; Design, development and programming of computer software; Design and development of search engines; Design and development of software for database management; Design and development of software for inventory management; Design and development of software for importing and managing data; Design and development of computer software for reading, transmitting and organising data; Design and development of computer software for logistics, supply chain management and e-business portals; Design, maintenance and updating of computer software; Development of computer platforms; Development of software; Development, maintenance and updating of a telecommunication network search engine; Hosting

of computerized data, files, applications and information; Hosting of databases; Hosting of digital content on the Internet; Hosting of e-commerce platforms on the Internet; Hosting of platforms on the Internet; Hosting of software as a service [SaaS]; Hosting of software for use in library management; Installation, maintenance and repair of computer software; Leasing of computer software; Online provision of web-based software; Platform as a service [PaaS]; Programming of computer software for reading, transmitting and organising data; Programming of software for database management; Programming of software for information platforms on the Internet; Programming of software for Internet portals, chatrooms, chat lines and Internet forums; Providing information in the field of interior design via a website; Providing information, including online, about industrial analysis and research services; Providing search engines for the internet; Provision of search engine services; Research in the field of building construction; Research relating to buildings; Research and development services in the field of engineering; Research in the field of architecture; Software as a service [SaaS]; Software as a service [SaaS] featuring artificial intelligence software for machine learning.

LIBERTY

Goods and/or Services:

Class 03

Bleaching preparations and other substances for laundry use; cleaning, polishing, scouring and abrasive preparations; cleaning and fragrancing preparations; reed diffusers for scented essential oils; reed diffusers; air fragrance reed diffusers; soaps; perfumery, essential oils, cosmetics, hair lotions; dentifrices; deodorants for personal use; perfumed sachets; stain removers; pre-impregnated cleansing pads; facial packs; non-medicated toilet preparations; shower gel; bath salts; body lotion; perfumed body lotion; shampoo; hair shampoo; perfumed hair shampoo; hair, nail and beauty preparations; disposable wipes impregnated with cleaning and cosmetic preparations for industrial, commercial and personal use.

Class 09

Contact lenses, spectacles; sunglasses; cases for spectacles; cases for sunglasses; fitted cases for sunglasses and spectacles; tape measures.

Class 14

Precious metals and their alloys; jewellery; precious stones; jewellery cases; horological and chronometric instruments; clocks; watches; fashion watches; watches with a fabric strap; pewter jewellery; key holders of precious metals, watches with a leather strap; costume jewellery; parts and fittings relating to all of the aforesaid.

Class 16

Printed matter; bookbinding material; photographs; adhesives for household purposes; typewriters; plastic materials for packaging; printers' type; printing blocks; printed publications; posters; wrapping paper; blotters; blotting pads; letter racks; clipboards; lining paper for drawers; paper table napkins; paper place mats; cheque book holders; passport holders; envelopes; post cards; pamphlets relating to the field of fashion; books in the field of fashion, history, travel and design; greetings cards; christmas cards; calendars; desk pads; books; photograph albums; recipe books; paperweights; tissue papers; parts and fittings relating to all of the aforesaid.

Class 18

Walking sticks; whips, harness and saddlery; clothing for animals; parts and fittings relating to all of the aforesaid.

Class 24

Bed and table covers; textile piece goods; fabrics; silk fabric; wool fabric; cotton fabric; silk piece goods; nylon fabric; linen; linen fabric; wool / cotton blend fabric; blended fabric; fabric made from multiple materials; upholstery fabric; furnishing fabric; household linen; towels; textiles for making articles of clothing; duvets; quilts; blankets; pillow cases; sheets; bath sheets; bed sheets; crib sheets; duvet covers; quilt covers and bed covers; fabrics for the manufacture of household soft furnishings; wall hangings of textiles; curtains of textiles or plastics; cushion covers; furniture coverings of textiles; travelers rugs; textile fabrics for home and commercial interiors; handkerchiefs; parts and fittings relating to all of the aforesaid.

Class 33

Spirits; gin; wine; sparkling wine; whiskey; alcoholic beverages (except beers).

AEI

Goods and/or Services:

Class 07

Electronic devices, namely, power generators.

Class 09

Electronic devices, namely, power supplies, power inverters, power shelves in the nature of power supplies, power rectifiers, and power strips for server rack installations, apparatus for conducting, regulating, and controlling electricity for plasma sources in the nature of power supplies, matching networks, namely, radio frequency (RF) circuits to manage impedance values associated with one or more chambers, and gas tight and pressure resistant laboratory containers for implementing chemical and physical reactions, radio frequency power supplies for generating and supplying radio frequency energy to produce plasma in CVD chambers, temperature measurement devices, temperature calibration devices for calibrating pyrometers, thermal imaging cameras, radiometers, spectrographic measurement apparatus for heatflux, fiber optic temperature sensors, pyrometers, infrared thermometers, flare pilot monitors in the nature of devices for monitoring waste gas ignition system characteristics to identify failure, thermal imaging cameras, infrared cameras, power controllers, residual gas analyzers, gas sensors for measuring gas concentration, rectifiers, power adapters, power converters, DC/DC converters, digital multi-meters, match networks, namely, radio frequency (RF) circuits to manage variable impedance values, voltage amplifiers in the nature of high voltage multipliers, voltmeters, electrostatic detectors and sensors for detecting and sensing electrostatic charge buildup, Instrumentation for locating static charges and measuring ionizer performance in the nature of charged plate monitors, surface/volume resistance meters, ionizers being ionization apparatus for scientific or laboratory use, ion collecting plates in the nature of electrostatic emission control devices being electrostatic precipitators for reducing particulate emission in industrial applications, electrostatic force microscopes, circuit for enabling in- parallel capacitor charging and in-series discharging in association with electric current testing, power

amplifiers, battery backup power supplies, computer hardware, and downloadable computer software and firmware for user interface functionality and back-end processing with power diagnostics, power visualization, power optimization, ventilation system coordination, gas monitoring, thermal comfort assessment, process control, process monitoring, preventive maintenance, and error detection, in industrial products and associated manufacturing, test, and control systems; electronic devices, namely, power supplies, power inverters, power shelves in the nature of power supplies, power rectifiers, and power strips for server rack installations, apparatus for conducting, regulating, and controlling electricity for plasma sources in the nature of power supplies, matching networks, namely, radio frequency (RF) circuits to manage impedance values associated with one or more chambers, and gas tight and pressure resistant laboratory containers for implementing chemical and physical reactions, radio frequency power supplies for generating and supplying radio frequency energy to produce plasma in CVD chambers, temperature measurement devices, temperature calibration devices for calibrating pyrometers, thermal imaging cameras, radiometers, spectrographic measurement apparatus for heatflux, fiber optic temperature sensors, pyrometers, infrared thermometers, flare pilot monitors in the nature of devices for monitoring waste gas ignition system characteristics to identify failure, thermal imaging cameras, infrared cameras, power controllers, residual gas analyzers, gas sensors for measuring gas concentration, rectifiers, power adapters, power converters, DC/DC converters, digital multi-meters, match networks, namely, radio frequency (RF) circuits to manage variable impedance values, voltage amplifiers in the nature of high voltage multipliers, voltmeters, electrostatic detectors and sensors for detecting and sensing electrostatic charge buildup, Instrumentation for locating static charges and measuring ionizer performance in the nature of charged plate monitors, surface/volume resistance meters, ionizers being ionization apparatus for scientific or laboratory use, ion collecting plates in the nature of electrostatic emission control devices being electrostatic precipitators for reducing particulate emission in industrial

applications, electrostatic force microscopes, circuit for enabling in- parallel capacitor charging and in-series discharging in association with electric current testing, power amplifiers, battery backup power supplies, computer hardware, and downloadable computer software and firmware for user interface functionality and back-end processing with power diagnostics, power visualization, power optimization, ventilation system coordination, gas monitoring, thermal comfort assessment, process control, process monitoring, preventive maintenance, and error detection, within commercial products and associated manufacturing, test, and control systems; Electronic devices, namely, power supplies, power inverters, power shelves in the nature of power supplies, power rectifiers, and power strips for server rack installations, apparatus for conducting, regulating, and controlling electricity for plasma sources in the nature of power supplies, matching networks, namely, radio frequency (RF) circuits to manage impedance values associated with one or more chambers, and gas tight and pressure resistant laboratory containers for implementing chemical and physical reactions, radio frequency power supplies for generating and supplying radio frequency energy to produce plasma in CVD chambers, temperature measurement devices, temperature calibration devices for calibrating pyrometers, thermal imaging cameras, radiometers, spectrographic measurement apparatus for heatflux, fiber optic temperature sensors, pyrometers, infrared thermometers, flare pilot monitors in the nature of devices for monitoring waste gas ignition system characteristics to identify failure, thermal imaging cameras, infrared cameras, power controllers, residual gas analyzers, gas sensors for measuring gas concentration, rectifiers, power adapters, power converters, DC/DC converters, digital multi-meters, match networks, namely, radio frequency (RF) circuits to manage variable impedance values, voltage amplifiers in the nature of high voltage multipliers, voltmeters, electrostatic detectors and sensors for detecting and sensing electrostatic charge buildup, instrumentation for locating static charges and measuring ionizer performance in the nature of charged plate monitors, surface/volume resistance meters, ionizers being ionization apparatus for scientific or

laboratory use, ion collecting plates in the nature of electrostatic emission control devices being electrostatic precipitators for reducing particulate emission in industrial applications, electrostatic force microscopes, circuit for enabling in- parallel capacitor charging and in-series discharging in association with electric current testing, power amplifiers, battery backup power supplies, computer hardware, and downloadable computer software and firmware for user interface functionality and back-end processing with power diagnostics, power visualization, power optimization, ventilation system coordination, gas monitoring, thermal comfort assessment, process control, process monitoring, preventive maintenance, and error detection, within source power conversion, measurement, and control, namely, utility source power and other energy source power; electronic devices, namely, power supplies, power inverters, power shelves in the nature of power supplies, power rectifiers, and power strips for server rack installations, apparatus for conducting, regulating, and controlling electricity for plasma sources in the nature of power supplies, matching networks, namely, radio frequency (RF) circuits to manage impedance values associated with one or more chambers, and gas tight and pressure resistant laboratory containers for implementing chemical and physical reactions, radio frequency power supplies for generating and supplying radio frequency energy to produce plasma in CVD chambers, temperature measurement devices, temperature calibration devices for calibrating pyrometers, thermal imaging cameras, radiometers, spectrographic measurement apparatus for heatflux, fiber optic temperature sensors, pyrometers, infrared thermometers, flare pilot monitors in the nature of devices for monitoring waste gas ignition system characteristics to identify failure, thermal imaging cameras, infrared cameras, power controllers, residual gas analyzers, gas sensors for measuring gas concentration, rectifiers, power adapters, power converters, DC/DC converters, digital multi-meters, match networks, namely, radio frequency (RF) circuits to manage variable impedance values, voltage amplifiers in the nature of high voltage multipliers, voltmeters, electrostatic detectors and sensors for detecting and sensing electrostatic charge buildup, Instrumentation for locating

static charges and measuring ionizer performance in the nature of charged plate monitors, surface/volume resistance meters, ionizers being ionization apparatus for scientific or laboratory use, ion collecting plates in the nature of electrostatic emission control devices being electrostatic precipitators for reducing particulate emission in industrial applications, electrostatic force microscopes, circuit for enabling in- parallel capacitor charging and in-series discharging in association with electric current testing, power amplifiers, battery backup power supplies, computer hardware, and downloadable computer software and firmware for user interface functionality and back-end processing with power diagnostics, power visualization, power optimization, ventilation system coordination, gas monitoring, thermal comfort assessment, process control, process monitoring, preventive maintenance, and error detection, within semiconductor, thin film plasma processes including industrial coating, optical coating and other coatings; Electronic devices, namely, power supplies, power inverters, power shelves in the nature of power supplies, power rectifiers, and power strips for server rack installations, apparatus for conducting, regulating, and controlling electricity for plasma sources in the nature of power supplies, matching networks, namely, radio frequency (RF) circuits to manage impedance values associated with one or more chambers, and gas tight and pressure resistant laboratory containers for implementing chemical and physical reactions, radio frequency power supplies for generating and supplying radio frequency energy to produce plasma in CVD chambers, temperature measurement devices, temperature calibration devices for calibrating pyrometers, thermal imaging cameras, radiometers, spectrographic measurement apparatus for heatflux, fiber optic temperature sensors, pyrometers, infrared thermometers, flare pilot monitors in the nature of devices for monitoring waste gas ignition system characteristics to identify failure, thermal imaging cameras, infrared cameras, power controllers, residual gas analyzers, gas sensors for measuring gas concentration, rectifiers, power adapters, power converters, DC/DC converters, digital multi-meters, match networks, namely, radio frequency (RF) circuits to manage variable impedance

values, voltage amplifiers in the nature of high voltage multipliers, voltmeters, electrostatic detectors and sensors for detecting and sensing electrostatic charge buildup, Instrumentation for locating static charges and measuring ionizer performance in the nature of charged plate monitors, surface/volume resistance meters, ionizers being ionization apparatus for scientific or laboratory use, ion collecting plates in the nature of electrostatic emission control devices being electrostatic precipitators for reducing particulate emission in industrial applications, electrostatic force microscopes, circuit for enabling in- parallel capacitor charging and in-series discharging in association with electric current testing, power amplifiers, battery backup power supplies, computer hardware, and downloadable computer software and firmware for user interface functionality and back-end processing with power diagnostics, power visualization, power optimization, ventilation system coordination, gas monitoring, thermal comfort assessment, process control, process monitoring, preventive maintenance, and error detection, within data center, cloud computing, networking systems, and telecommunication systems; Electronic devices, namely, power supplies, power inverters, power shelves in the nature of power supplies, power rectifiers, and power strips for server rack installations, apparatus for conducting, regulating, and controlling electricity for plasma sources in the nature of power supplies, matching networks, namely, radio frequency (RF) circuits to manage impedance values associated with one or more chambers, and gas tight and pressure resistant laboratory containers for implementing chemical and physical reactions, radio frequency power supplies for generating and supplying radio frequency energy to produce plasma in CVD chambers, temperature measurement devices, temperature calibration devices for calibrating pyrometers, thermal imaging cameras, radiometers, spectrographic measurement apparatus for heatflux, fiber optic temperature sensors, pyrometers, infrared thermometers, flare pilot monitors in the nature of devices for monitoring waste gas ignition system characteristics to identify failure, thermal imaging cameras, infrared cameras, power controllers, residual gas analyzers, gas sensors for measuring gas concentration, rectifiers,

power adapters, power converters, DC/DC converters, digital multi-meters, match networks, namely, radio frequency (RF) circuits to manage variable impedance values, voltage amplifiers in the nature of high voltage multipliers, voltmeters, electrostatic detectors and sensors for detecting and sensing electrostatic charge buildup, Instrumentation for locating static charges and measuring ionizer performance in the nature of charged plate monitors, surface/volume resistance meters, ionizers being ionization apparatus for scientific or laboratory use, ion collecting plates in the nature of electrostatic emission control devices being electrostatic precipitators for reducing particulate emission in industrial applications, electrostatic force microscopes, circuit for enabling in- parallel capacitor charging and in-series discharging in association with electric current testing, power amplifiers, battery backup power supplies, computer hardware, and downloadable computer software and firmware for user interface functionality and back-end processing with power diagnostics, power visualization, power optimization, ventilation system coordination, gas monitoring, thermal comfort assessment, process control, process monitoring, preventive maintenance, and error detection, within analytical instrumentation and analytical instrumentation processes; Electronic devices, namely, power supplies, power inverters, power shelves in the nature of power supplies, power rectifiers, and power strips for server rack installations, apparatus for conducting, regulating, and controlling electricity for plasma sources in the nature of power supplies, matching networks, namely, radio frequency (RF) circuits to manage impedance values associated with one or more chambers, and gas tight and pressure resistant laboratory containers for implementing chemical and physical reactions, radio frequency power supplies for generating and supplying radio frequency energy to produce plasma in CVD chambers, temperature measurement devices, temperature calibration devices for calibrating pyrometers, thermal imaging cameras, radiometers, spectrographic measurement apparatus for heatflux, fiber optic temperature sensors, pyrometers, infrared thermometers, flare pilot monitors in the nature of devices for monitoring waste gas ignition system characteristics to

identify failure, thermal imaging cameras, infrared cameras, power controllers, residual gas analyzers, gas sensors for measuring gas concentration, rectifiers, power adapters, power converters, DC/DC converters, digital multi-meters, match networks, namely, radio frequency (RF) circuits to manage variable impedance values, voltage amplifiers in the nature of high voltage multipliers, voltmeters, electrostatic detectors and sensors for detecting and sensing electrostatic charge buildup, Instrumentation for locating static charges and measuring ionizer performance in the nature of charged plate monitors, surface/volume resistance meters, ionizers being ionization apparatus for scientific or laboratory use, ion collecting plates in the nature of electrostatic emission control devices being electrostatic precipitators for reducing particulate emission in industrial applications, electrostatic force microscopes, circuit for enabling in- parallel capacitor charging and in-series discharging in association with electric current testing, power amplifiers, battery backup power supplies, computer hardware, and downloadable computer software and firmware for user interface functionality and back-end processing with power diagnostics, power visualization, power optimization, ventilation system coordination, gas monitoring, thermal comfort assessment, process control, process monitoring, preventive maintenance, and error detection, within medical equipment, therapeutic equipment, and diagnostic equipment; Electronic devices, namely, power supplies, power inverters, power shelves in the nature of power supplies, power rectifiers, and power strips for server rack installations, apparatus for conducting, regulating, and controlling electricity for plasma sources in the nature of power supplies, matching networks, namely, radio frequency (RF) circuits to manage impedance values associated with one or more chambers, and gas tight and pressure resistant laboratory containers for implementing chemical and physical reactions, radio frequency power supplies for generating and supplying radio frequency energy to produce plasma in CVD chambers, temperature measurement devices, temperature calibration devices for calibrating pyrometers, thermal imaging cameras, radiometers, spectrographic measurement apparatus for heatflux, fiber

optic temperature sensors, pyrometers, infrared thermometers, flare pilot monitors in the nature of devices for monitoring waste gas ignition system characteristics to identify failure, thermal imaging cameras, infrared cameras, power controllers, residual gas analyzers, gas sensors for measuring gas concentration, rectifiers, power adapters, power converters, DC/DC converters, digital multi-meters, match networks, namely, radio frequency (RF) circuits to manage variable impedance values, voltage amplifiers in the nature of high voltage multipliers, voltmeters, electrostatic detectors and sensors for detecting and sensing electrostatic charge buildup, Instrumentation for locating static charges and measuring ionizer performance in the nature of charged plate monitors, surface/volume resistance meters, ionizers being ionization apparatus for scientific or laboratory use, ion collecting plates in the nature of electrostatic emission control devices being electrostatic precipitators for reducing particulate emission in industrial applications, electrostatic force microscopes, circuit for enabling in- parallel capacitor charging and in-series discharging in association with electric current testing, power amplifiers, battery backup power supplies, computer hardware, and downloadable computer software and firmware for user interface functionality and back-end processing with power diagnostics, power visualization, power optimization, ventilation system coordination, gas monitoring, thermal comfort assessment, process control, process monitoring, preventive maintenance, and error detection, within industrial production and manufacturing systems; Electronic devices, namely, power supplies, power inverters, power shelves in the nature of power supplies, power rectifiers, and power strips for server rack installations, apparatus for conducting, regulating, and controlling electricity for plasma sources in the nature of power supplies, matching networks, namely, radio frequency (RF) circuits to manage impedance values associated with one or more chambers, and gas tight and pressure resistant laboratory containers for implementing chemical and physical reactions, radio frequency power supplies for generating and supplying radio frequency energy to produce plasma in CVD chambers, temperature measurement devices, temperature

calibration devices for calibrating pyrometers, thermal imaging cameras, radiometers, spectrographic measurement apparatus for heatflux, fiber optic temperature sensors, pyrometers, infrared thermometers, flare pilot monitors in the nature of devices for monitoring waste gas ignition system characteristics to identify failure, thermal imaging cameras, infrared cameras, power controllers, residual gas analyzers, gas sensors for measuring gas concentration, rectifiers, power adapters, power converters, DC/DC converters, digital multi-meters, match networks, namely, radio frequency (RF) circuits to manage variable impedance values, voltage amplifiers in the nature of high voltage multipliers, voltmeters, electrostatic detectors and sensors for detecting and sensing electrostatic charge buildup, Instrumentation for locating static charges and measuring ionizer performance in the nature of charged plate monitors, surface/volume resistance meters, ionizers being ionization apparatus for scientific or laboratory use, ion collecting plates in the nature of electrostatic emission control devices being electrostatic precipitators for reducing particulate emission in industrial applications, electrostatic force microscopes, circuit for enabling in- parallel capacitor charging and in-series discharging in association with electric current testing, power amplifiers, battery backup power supplies, computer hardware, and downloadable computer software and firmware for user interface functionality and back-end processing with power diagnostics, power visualization, power optimization, ventilation system coordination, gas monitoring, thermal comfort assessment, process control, process monitoring, preventive maintenance, and error detection, within material and chemical processing; Electronic devices, namely, power supplies, power inverters, power shelves in the nature of power supplies, power rectifiers, and power strips for server rack installations, apparatus for conducting, regulating, and controlling electricity for plasma sources in the nature of power supplies, matching networks, namely, radio frequency (RF) circuits to manage impedance values associated with one or more chambers, and gas tight and pressure resistant laboratory containers for implementing chemical and physical reactions, radio frequency power supplies for generating and supplying radio

frequency energy to produce plasma in CVD chambers, temperature measurement devices, temperature calibration devices for calibrating pyrometers, thermal imaging cameras, radiometers, spectrographic measurement apparatus for heatflux, fiber optic temperature sensors, pyrometers, infrared thermometers, flare pilot monitors in the nature of devices for monitoring waste gas ignition system characteristics to identify failure, thermal imaging cameras, infrared cameras, power controllers, residual gas analyzers, gas sensors for measuring gas concentration, rectifiers, power adapters, power converters, DC/DC converters, digital multi-meters, match networks, namely, radio frequency (RF) circuits to manage variable impedance values, voltage amplifiers in the nature of high voltage multipliers, voltmeters, electrostatic detectors and sensors for detecting and sensing electrostatic charge buildup, Instrumentation for locating static charges and measuring ionizer performance in the nature of charged plate monitors, surface/volume resistance meters, ionizers being ionization apparatus for scientific or laboratory use, ion collecting plates in the nature of electrostatic emission control devices being electrostatic precipitators for reducing particulate emission in industrial applications, electrostatic force microscopes, circuit for enabling in- parallel capacitor charging and in-series discharging in association with electric current testing, power amplifiers, battery backup power supplies, computer hardware, and downloadable computer software and firmware for use with temperature measurement and control of glass applications, metal applications, nonmetal applications, refineries, gas plants, petrochemicals processes, semiconductor and thin-film production, inspection of boiler tubes and furnace walls, pilot flames and flare stacks, rolling processes, rotary kilns, and glass production; Electronic devices, namely, power supplies, power inverters, power shelves in the nature of power supplies, power rectifiers, and power strips for server rack installations, apparatus for conducting, regulating, and controlling electricity for plasma sources in the nature of power supplies, matching networks, namely, radio frequency (RF) circuits to manage impedance values associated with one or more chambers, and gas tight and pressure resistant

laboratory containers for implementing chemical and physical reactions, radio frequency power supplies for generating and supplying radio frequency energy to produce plasma in CVD chambers, temperature measurement devices, temperature calibration devices for calibrating pyrometers, thermal imaging cameras, radiometers, spectrographic measurement apparatus for heatflux, fiber optic temperature sensors, pyrometers, infrared thermometers, flare pilot monitors in the nature of devices for monitoring waste gas ignition system characteristics to identify failure, thermal imaging cameras, infrared cameras, power controllers, residual gas analyzers, gas sensors for measuring gas concentration, rectifiers, power adapters, power converters, DC/DC converters, digital multi-meters, match networks, namely, radio frequency (RF) circuits to manage variable impedance values, voltage amplifiers in the nature of high voltage multipliers, voltmeters, electrostatic detectors and sensors for detecting and sensing electrostatic charge buildup, Instrumentation for locating static charges and measuring ionizer performance in the nature of charged plate monitors, surface/volume resistance meters, ionizers being ionization apparatus for scientific or laboratory use, ion collecting plates in the nature of electrostatic emission control devices being electrostatic precipitators for reducing particulate emission in industrial applications, electrostatic force microscopes, circuit for enabling in- parallel capacitor charging and in-series discharging in association with electric current testing, power amplifiers, battery backup power supplies, computer hardware, and downloadable computer software and firmware for user interface functionality and back-end processing with power diagnostics, power visualization, power optimization, ventilation system coordination, gas monitoring, thermal comfort assessment, process control, process monitoring, preventive maintenance, and error detection, within electrostatic instrumentation; Electronic devices, namely, power supplies, power inverters, power shelves in the nature of power supplies, power rectifiers, and power strips for server rack installations, apparatus for conducting, regulating, and controlling electricity for plasma sources in the nature of power supplies, matching networks, namely, radio frequency (RF) circuits to manage

impedance values associated with one or more chambers, and gas tight and pressure resistant laboratory containers for implementing chemical and physical reactions, radio frequency power supplies for generating and supplying radio frequency energy to produce plasma in CVD chambers, temperature measurement devices, temperature calibration devices for calibrating pyrometers, thermal imaging cameras, radiometers, spectrographic measurement apparatus for heatflux, fiber optic temperature sensors, pyrometers, infrared thermometers, flare pilot monitors in the nature of devices for monitoring waste gas ignition system characteristics to identify failure, thermal imaging cameras, infrared cameras, power controllers, residual gas analyzers, gas sensors for measuring gas concentration, rectifiers, power adapters, power converters, DC/DC converters, digital multi-meters, match networks, namely, radio frequency (RF) circuits to manage variable impedance values, voltage amplifiers in the nature of high voltage multipliers, voltmeters, electrostatic detectors and sensors for detecting and sensing electrostatic charge buildup, Instrumentation for locating static charges and measuring ionizer performance in the nature of charged plate monitors, surface/volume resistance meters, ionizers being ionization apparatus for scientific or laboratory use, ion collecting plates in the nature of electrostatic emission control devices being electrostatic precipitators for reducing particulate emission in industrial applications, electrostatic force microscopes, circuit for enabling in- parallel capacitor charging and in-series discharging in association with electric current testing, power amplifiers, battery backup power supplies, computer hardware, and downloadable computer software and firmware for use in gas sensing and monitoring automotive emissions, patients, greenhouse gases, freon refrigerants, carbon dioxide, sulfur hexafluoride, and ventilation systems; temperature calibration devices for calibrating pyrometers, thermal imaging cameras, radiometers, spectrographic measurement apparatus for heatflux, fiber optic temperature sensors, pyrometers, infrared thermometers, flare pilot monitors in the nature of devices for monitoring waste gas ignition system characteristics to identify failure, thermal imaging cameras, infrared cameras, power

controllers, residual gas analyzers, gas sensors for measuring gas concentration, rectifiers, power adapters, power converters, DC/DC converters, digital multi-meters, match networks, namely, radio frequency (RF) circuits to manage variable impedance values, voltage amplifiers in the nature of high voltage multipliers, voltmeters, electrostatic detectors and sensors for detecting and sensing electrostatic charge buildup, Instrumentation for locating static charges and measuring ionizer performance in the nature of charged plate monitors, surface/volume resistance meters, ionizers being ionization apparatus for scientific or laboratory use, ion collecting plates in the nature of electrostatic emission control devices being electrostatic precipitators for reducing particulate emission in industrial applications, electrostatic force microscopes, circuit for enabling in- parallel capacitor charging and in-series discharging in association with electric current testing, power amplifiers, battery backup power supplies, computer hardware, and downloadable computer software and firmware for user interface functionality and back-end processing with power diagnostics, power visualization, power optimization, ventilation system coordination, gas monitoring, thermal comfort assessment, process control, process monitoring, preventive maintenance, and error detection, within power delivery, power control, power measurement, power conversion, power transformation, power refinement, power modification, and power supply systems; Electronic devices, namely, power supplies, power inverters, power shelves in the nature of power supplies, power rectifiers, and power strips for server rack installations, apparatus for conducting, regulating, and controlling electricity for plasma sources in the nature of power supplies, matching networks, namely, radio frequency (RF) circuits to manage impedance values associated with one or more chambers, and gas tight and pressure resistant laboratory containers for implementing chemical and physical reactions, radio frequency power supplies for generating and supplying radio frequency energy to produce plasma in CVD chambers, temperature measurement devices, power controllers, gas sensors for measuring gas concentration, rectifiers, power adapters, power converters, DC/DC

converters, digital multi-meters, match networks, namely, radio frequency (RF) circuits to manage variable impedance values, voltage amplifiers in the nature of high voltage multipliers, voltmeters, electrostatic detectors and sensors for detecting and sensing electrostatic charge buildup, Instrumentation for locating static charges and measuring ionizer performance in the nature of charged plate monitors, surface/volume resistance meters, ionizers being ionization apparatus for scientific or laboratory use, ion collecting plates in the nature of electrostatic emission control devices being electrostatic precipitators for reducing particulate emission in industrial applications, electrostatic force microscopes, circuit for enabling in- parallel capacitor charging and in-series discharging in association with electric current testing, power amplifiers, battery backup power supplies, computer hardware, and downloadable computer software and firmware for user interface functionality and back-end processing with power diagnostics, power visualization, power optimization, ventilation system coordination, gas monitoring, thermal comfort assessment, process control, process monitoring, preventive maintenance, and error detection, within the aerospace and defense systems; Filters for use in plasma fractionation; and downloadable software and firmware for monitoring, controlling, and analyzing power delivery systems, power control systems, power measurement systems, power conversion systems, power transformation systems, power refinement systems, power modification systems, and power supply systems; downloadable software for providing analytics in the form of advanced diagnostics, predictive or prescriptive actional insights, and computing infrastructure for use in association with manufacturing processes; electrostatic instrumentation, namely, electrostatic copying machines, gas sensors for measuring gas concentration and gas flow monitors.

Class 36

Extended warranty services, namely, service contracts.

Class 37

Equipment repair and maintenance services, namely, repair of power supplies, power generators, power inverters, power shelves, plasma sources, plasma generators, temperature measurement devices, temperature calibration sources, fiber optic temperature sensors, pyrometers, infrared thermometers, flare pilot monitors, thermal imagers, infrared cameras, power controllers, gas analyzers, gas sensors, rectifiers, power adapters, power converters, DC/DC converters, multi-meters, match networks, voltage amplifiers, voltmeters, electrostatic detectors and sensors, charged plate monitors, surface/volume resistance meters, ionizers, ion collecting plates, electrostatic form microscopes, voltage pulse generators, power amplifiers, battery backup units, computer hardware, and remote plasma sources equipment; building maintenance and repair, namely, industrial production facilities repair, overhaul, and maintenance; field services, namely, repair and maintenance and installation of power supplies, power generators, power inverters, power shelves, plasma sources, plasma generators, temperature measurement devices, temperature calibration sources, fiber optic temperature sensors, pyrometers, infrared thermometers, flare pilot monitors, thermal imagers, infrared cameras, power controllers, gas analyzers, gas sensors, rectifiers, power adapters, power converters, DC/DC converters, multi-meters, match networks, voltage amplifiers, voltmeters, electrostatic detectors and sensors, charged plate monitors, surface/volume resistance meters, ionizers, ion collecting plates, electrostatic form microscopes, voltage pulse generators, power amplifiers, battery backup units, computer hardware, and remote plasma sources; repair or maintenance of power generators, namely, refurbishing of pre-owned power supplies, power inverters, power shelves, plasma sources, plasma generators, temperature measurement devices, temperature calibration sources, fiber optic temperature sensors, pyrometers, infrared thermometers, flare pilot monitors, thermal imagers, infrared cameras, power controllers, gas analyzers, gas sensors, rectifiers, voltage amplifiers, voltmeters, electrostatic detectors and sensors, charged plate monitors, surface/volume resistance meters, ionizers, ion collecting plates, electrostatic form microscopes,

voltage pulse generators, power amplifiers, battery backup units, computer hardware, and remote plasma sources equipment; maintenance and repair of computers, namely, providing spare parts for computers; technical advice and support services namely, repair of electronic device and computer hardware, for use with power delivery systems, power control systems, power measurement systems, power conversion systems, power transformation systems, power refinement systems, power modification systems, and power supply systems, semiconductor and thin film plasma processes, data center, cloud computing, networking systems, and telecommunication systems, analytical instrumentation, medical equipment, industrial production systems, material and chemical processing systems, and temperature measurement and control systems.

Class 42

Software as a service (SAAS) services featuring software for monitoring, controlling, and analyzing power delivery systems, power control systems, power measurement systems, power conversion systems, power transformation systems, power refinement systems, power modification systems, and power supply systems; Software as a service (SAAS) services featuring software for providing analytics in the form of advanced diagnostics, predictive or prescriptive actional insights, and computing infrastructure for use in association with manufacturing processes; maintenance and upgrading of computer software; technological consulting services, relating to electrical power delivery solutions for semiconductor and thin film plasma processes, data center, cloud computing, networking systems, and telecommunication systems, analytical instrumentation processes, medical equipment, industrial production systems, material and chemical processing systems, temperature measurement and control applications, electrostatic instrumentation products, and industrial gas sensors and monitors; development of energy and power management systems, namely, power delivery systems, power control systems, power measurement systems, power conversion systems, power

transformation systems, power refinement systems, power modification systems, and power supply systems; providing online nondownloadable software for use in monitoring, controlling, and analyzing power delivery systems, power control systems, power measurement systems, power conversion systems, power transformation systems, power refinement systems, power modification systems, and power supply systems; technical support services, namely, providing technical advice, and support services related to the repair of downloadable computer software; calibration services; enhancement and upgrade services, namely, upgrading and enhancement of computer software.

T-Rex

Goods and/or Services:

Class 09

3D spectacles; antennas; aerials; holograms; floppy disks; sound recording discs; phonograph records; disks, magnetic; optical discs; electronic notice boards; interfaces for computers; coaxial cables; fiber optic cables; cables, electric; calculating machines; pocket calculators; identity cards, magnetic; video game cartridges; memory cards for video game machines; encoded magnetic cards; electronic book readers; electronic agendas; mouse pads; compact discs [audio-video]; compact discs [read-only memory]; computers; laptop computers; tablet computers; notebook computers; decorative magnets; monitors [computer hardware]; monitors [computer programs]; headphones; magnetic data media; optical data media; electronic sheet music, downloadable; computer software, recorded; computer hardware; sunglasses; goggles for sports; radio pagers; computer software applications, downloadable; computer programs, recorded; computer game software; computer programs [downloadable software]; computer operating programs, recorded; electronic publications, downloadable; smart cards [integrated circuit cards]; smartglasses; smartphones; smartwatches; bags adapted for laptops; downloadable ring tones for mobile phones; downloadable image files; downloadable music files; animated cartoons; USB flash drives; covers for tablet computers; covers for smartphones; cell phone straps.

Class 16

Fountain pens; albums; announcement cards [stationery]; loose-leaf binders; wrapping paper; packing paper; bunting of paper; bookmarks; graphic

representations; calendars; pencils; pencil lead holders; envelopes [stationery]; boxes of paper or cardboard; printed coupons; bags [envelopes, pouches] of paper or plastics, for packaging; stickers [stationery]; passport holders; musical greeting cards; greeting cards; postcards; conical paper bags; folders for papers; jackets for papers; desk mats; writing cases [sets]; office requisites, except furniture; writing instruments; prospectuses; bottle wrappers of paper or cardboard; figurines [statuettes] of papier mâché; flags of paper; stencils; stamps [seals]; shields [paper seals].

Class 28

Board games; building games; playing cards; dolls, including life-size; toy figures; play balloons.

Class 38

Wireless broadcasting; electronic bulletin board services [telecommunications services]; information about telecommunication; providing user access to global computer networks; providing access to databases; providing internet chatrooms; providing telecommunications connections to a global computer network; message sending; computer aided transmission of messages and images; transmission of digital files; providing online forums; rental of access time to global computer networks; rental of telecommunication equipment; communications by fiber optic networks; communications by computer terminals; telecommunications routing and junction services; streaming of data.

Class 41

Academies [education]; publication of books; layout services, other than for advertising purposes; game services provided on-line from a computer network; providing on-line electronic publications, not downloadable; practical training [demonstration]; providing recreation facilities; arranging and conducting of internships; arranging and conducting of conferences; arranging and conducting of

workshops [training]; arranging and conducting of seminars; organization of competitions [education or entertainment]; organization of lotteries; vocational guidance [education or training advice]; providing on-line videos, not downloadable; providing on-line music, not downloadable; educational examination; electronic desktop publishing; on-line publication of electronic books and journals; publication of texts, other than publicity texts; entertainment services; tutoring.

Class 42

Computer system analysis; recovery of computer data; computer virus protection services; installation of computer software; computer security consultancy; information technology [IT] consultancy; consultancy in the design and development of computer hardware; internet security consultancy; computer software consultancy; data security consultancy; technological consultancy; updating of computer software; monitoring of computer systems to detect breakdowns; monitoring of computer systems for detecting unauthorized access or data breach; monitoring of computer systems by remote access; software as a service [SaaS]; maintenance of computer software; providing information on computer technology and programming via a website; providing search engines for the internet; conversion of computer programs and data, other than physical conversion; computer system design; rental of web servers; computer rental; rental of computer software; hosting computer sites [web sites]; server hosting; computer software design; creating and maintaining web sites for others; computer programming; technical writing; duplication of computer programs; cloud computing; outsource service providers in the field of information technology; off-site data backup; computer technology consultancy; telecommunications technology consultancy; data encryption services; electronic data storage.

MERCK

Goods and/or Services:

Class 01

Solidified gases for industrial purposes; biological preparations, other than for medical or veterinary purposes; chemical materials for 3D printing of biological constructs and tissue models; fats and sugars [chemical substances] for medicine manufacture; chemically treated test strips for measuring the pH value, other than for medical purposes.

Class 05

Biological preparations for use in biotechnology, in cell cultures, and in the diagnostic products [for medical and veterinary purposes]; chemical, biological and biochemical reagents for medical or veterinary use; cells, peptides, nucleic acids and compositions thereof for medical, pharmaceutical or veterinary use; cell culture media for medical, pharmaceutical or veterinary use; stem cells for medical purposes; proteins, protein reagents and protein based ingredients for medical, pharmaceutical and veterinary use; protein supplements; blood serum fractions for in-vitro testing for medical use; bacterial preparations for medical and veterinary use.

Class 06

Metal containers for storage or transport; metal ampoules and vessels.

Class 07

Machines for medical industries; semiconductor manufacturing machines; valves [machine parts]; filtration apparatus and installations [machines] for industrial use; filters, filter cartridges, filter housings being machines and/or parts of machines; machines for the preparation of biological samples; machines made of metal for monitoring and delivering gas and chemicals to a process tool or a production facility for use in the electronics, semiconductor, and microelectromechanical industries; machines for delivering chemicals, chemical compositions, gases and materials to a process tool; chemical vapor deposition machines; atomic layer deposition machines; reactive ion etching machine, and chemical-mechanical planarization machine for use in the electronics, semiconductor and microelectromechanical industries.

Class 09

Light emitting diodes; solar batteries; solar cell panels for generating electricity; semiconductor devices and liquid crystal displays; chromatography apparatus and instruments for laboratory, research and scientific use; filters and filtering units for laboratory, research and scientific use; test kits comprising apparatus and

instruments for laboratory, research and scientific use; bioreactors for industrial use, namely for laboratory cell culturing; laboratory storage tubes for laboratory chemicals other than for medical or veterinary purposes; car antennas; television antennas; satellite antennas; radar antennas; radio antennas; antennas; antennas for wireless communication apparatus; fluorescent screen components; flat panel displays, including thin-film transistor liquid-crystal displays, light emitting diodes, photovoltaics, microelectromechanical and other electronic components; spectrometers for non-medical purposes; silicon wafers; structured semiconductor wafers; software applications for mobile devices; downloadable software applications for mobile devices; radio-frequency identification (RFID) tags; radio-frequency identification (RFID) readers; identification labels [encoded]; identification labels [machine readable]; identification labels [magnetic]; electronic controllers and software for monitoring, handling, delivering and dispensing chemicals, chemical compositions, chemical mechanical planarization slurries, chemical solutions for removing residues, gases and materials in the electronics, semiconductor and microelectromechanical industries; electrical process control equipment for use in the electronics, semiconductor, and microelectromechanical industries for fabricating electronic devices, namely logic circuits, memory modules, sensors, discrete components [electronic circuit element], asynchronous and analog semiconductor devices; optical films as components of illumination equipment and illumination devices.

Class 10

Intraocular lenses [artificial lenses], artificial lenses for surgical implantation; applicators for medication being medical apparatus and instruments.

Class 11

Semiconductor processing furnaces for processing semiconductor articles; apparatus for rinsing and drying wafers; water purifying apparatus for biochemical use.

Class 12

Windows for vehicles; sun-blinds adapted for automobiles.

Class 17

Plastic films for use on windows; plastic film for processing liquids for biological and pharmaceutical industries.

Class 19

Non-metallic building materials, namely glass panels with fine embedded electrical conductors, liquid crystals and pigments; stained glass windows with fine embedded electrical conductors; stained glass windows with fine embedded liquid crystals; stained glass windows with fine embedded pigments.

Class 20

Ampoules, containers and vessels made of plastic, for storing and delivering liquid and gaseous chemicals, chemical compositions, chemical precursors, chemical products, and high purity and ultra-high purity gases to a process tool or a process tool delivery system for use in the electronics, semiconductor, and microelectromechanical industries; containers made of plastic for storing and dispensing liquid and gaseous chemicals, chemical compositions, chemical precursors, chemical products, high purity and ultra- high purity gases, chemical mechanical planarization slurries, chemical solutions for the removal of residue and materials in the electronics, semiconductor and microelectromechanical industries; ampoules, containers, and vessels made of plastic for storing and delivering liquid and gaseous chemicals, chemical compositions, chemical precursors, chemical products and high purity and ultra-high purity gases.

Class 21

Glass with fine embedded electrical conductors, liquid crystals and pigments, not for building; ampoules, containers and vessels made of glass, for storing and delivering

liquid and gaseous chemicals, chemical compositions, chemical precursors, chemical products, and high purity and ultra-high purity gases to a process tool or process tool delivery system for use in the electronics, semiconductor, and microelectromechanical industries; containers made of glass for storing and dispensing liquid and gaseous chemicals, chemical compositions, chemical precursors, chemical products, high purity and ultra-high purity gases, chemical-mechanical planarization slurries, chemical solutions for the removal of residue and materials in the electronics, semiconductor and microelectromechanical industries; ampoules, containers, and vessels made of glass for storing and delivering liquid and gaseous chemicals, chemical compositions, chemical precursors, chemical products and high purity and ultra- high purity gases; glass with an electrically conductive surface; glass discs incorporating fine electrical conducts.

Class 35

Registration, updating and maintenance of data in databases, including online databases; systemization of information into computer databases; electronic commerce services, namely providing commercial information about products via telecommunication networks for purposes of advertising and sales in the fields of academic medical and pharmaceutical research; electronic commerce services, namely providing commercial information about products via telecommunication networks for purposes of advertising and sales in the fields of assay development and screening, biotechnology, chemical research and development, clinical testing, cosmetics and personal care, diagnostics manufacturing, environmental and industrial hygiene, flavors and fragrances, food and beverage, forensic testing, medical materials, pharmaceuticals; provision of an online marketplace for buyers and sellers of scientific data and software applications for use in the field of science.

Class 36

Providing extended warranties.

Class 37

Construction services; repair and maintenance of electronic equipment and devices; repair and maintenance of semiconductor manufacturing machinery and systems; repair and maintenance of chemical processing machinery and apparatus; installation of industrial and chemical plants; maintenance and repair of industrial and chemical plants.

Class 39

Packaging services in the field of chemicals and pharmaceuticals for others.

Class 40

Treatment of materials with laser beams; decontamination of hazardous materials; plating work using electrolysis; gold plating; magnetization; processing of chemicals; processing of gas; processing of plastics; pharmaceutical filtration services; processing of biopharmaceutical materials for others; three-dimensional printing work.

Class 42

Technical consultancy in the field of chemical analysis; inspection, functionality testing, operational and safety maintenance assessment of the performance of industrial and chemical plants and machines; design and development of computer databases; hosting of online platforms for research data; development of computer programs that process, compile and analyze scientific data; platform as a service [PaaS]; configuration of computer hardware using software; updating of software; hosting of interactive calculators via telecommunication networks for purposes of advertising and sales in the fields of academic medical and pharmaceutical research; provision of internet search engines via telecommunication networks for the purposes of advertising and sales in the fields of academic medical and pharmaceutical research; hosting of interactive calculators via telecommunication networks for advertising and sales purposes in the field of assay development and screening, biotechnology, chemical research and development, clinical testing,

cosmetics and personal care, diagnostics manufacturing, environmental and industrial hygiene, flavors and fragrances, food and beverage, forensic testing, medical materials, pharmaceuticals; provision of internet search engines via telecommunication networks for advertising and sales purposes in the field of assay development and screening, biotechnology, chemical research and development, clinical testing, cosmetics and personal care, diagnostics manufacturing, environmental and industrial hygiene, flavors and fragrances, food and beverage, forensic testing, medical materials, pharmaceuticals.

Class 45

Reviewing standards and practices to assure compliance with laws and regulations relating to pharmaceutical manufacturing processes; licensing of software; fraud detection services consulting in the field of counterfeiting of product and document authentication and tracking.

CLEARSCORE PROTECT PLUS

Goods and/or Services:

Class 09

Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; compact discs, DVDs and other digital recording media; mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment, computers; fire extinguishing apparatus; computer software; software; application software; platform software; mobile apps; downloadable applications; mobile application software; web application software; downloadable application software; cloud computing software; blog software; security software; data encryption and security apparatus; database server software; computer software, mobile application software and platform software for providing financial services; computer software, mobile application software and platform software for providing information on financial services; computer software, mobile application software and platform software for providing financial ratings and credit reports; computer software, mobile application software and platform software for providing credit assessment and credit screening services; computer software, mobile application software and platform software for providing credit reporting services; computer software, mobile application software and platform software for providing credit rating services; computer software, mobile application software and platform software for providing credit scoring services; computer software, mobile application software and platform software for the preparation of credit reports; computer software, mobile application software and platform software for credit application processing; computer software, mobile application software and platform software for collection and systemization of data; computer software, mobile application software and platform software for providing data processing and data verification services; computer software, mobile application software and platform software for the aggregation of financial data; computer software, mobile application software and platform software for the

aggregation of personal financial data; computer software, mobile application software and platform software for providing financial advice; computer software, mobile application software and platform software for customer profiling; computer software, mobile application software and platform software for matching consumers with financial products and financial instruments, including credit cards, personal loans, mortgages, car finance deals, mobile phone contracts, pension funds; computer software, mobile application software and platform software enabling customers to communicate with providers of financial services; computer software, mobile application software and platform software for marketing of financial products; computer software, mobile application software and platform software for providing advice on debt management and debt repayment; financial management software; computer software, mobile application software and platform software for internet security, data security, data recovery and IT security, protection and restoration; computer software, mobile application software and platform software for accessing, browsing and searching online databases; electronic publications recorded on computer media; electronic databases recorded on computer media; databases; interactive databases; computer programs for accessing, browsing and searching online databases; computer software for creating searchable databases of information and data; downloadable publications; electronic publications; downloadable electronic publications; downloadable electronic publications in the field of finance; downloadable electronic publications in the field of credit reporting; media content; media software; media players; multi-media recordings; downloadable educational media; media streaming software.

Class 35

Advertising; business management; business administration; office functions; marketing services; financial marketing; marketing of financial products; direct marketing; consumer research; company data information services; collecting business information; collection and systemization of business data; provision of

business advice; provision of business information; business advice relating to financial rating; business data analysis; data processing services; data processing management; computerised data processing; computerised data verification; data retrieval services; database management services; computerised data verification; information, advisory and consultancy services relating to all the aforesaid.

Class 36

Insurance; financial affairs; monetary affairs; real estate affairs; credit reference agency services; credit assessment and credit screening services; credit rating services; credit reporting services; preparation of credit rating reports; credit repair services; credit brokerage; credit risk information services; credit scoring services; credit score card services; consumer credit history services; credit information services; evaluation of the credit worthiness of companies and private individuals; providing information in the field of credit application processing, risk analysis, financial and related data analysis, risk modelling and analytics and analysis; providing information over the Internet in the field of credit application processing, risk analysis, financial and related data analysis, risk modelling and analytics and analysis; credit inquiry and consultancy services; financial consultancy relating to credit services; advisory services relating to credit and debit control; debt management services; financial assessment of company credit and providing information relating thereto; financial assessment of individual credit and providing information relating thereto; advisory services relating to financial planning; consumer credit consultancy; financial advisory services relating to credit; financial rating and credit reports; financial verification; insurance services relating to credit; information, advisory and consultancy services relating to all the aforesaid.

Class 42

Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer

hardware and software; database development services; maintenance of database software; database design and development; technical data analysis services; hosting of databases; installation and maintenance of database software; design and development of software for database management; updating of software databases; electronic data storage; computerised data storage; technical data analysis services; recovery of computer data; data security services [firewalls]; development of data programs; designing of data processing systems; software engineering; software design; software research; software development; software installation; maintenance of software; software customisation services; computer software engineering; design of software; computer software consultancy; rental of software for website development; programming of software for website development; rental of software for analysing financial data; programming of software for analysing financial data; providing temporary use of non-downloadable software applications accessible via a website; providing temporary use of non-downloadable software for analysing financial data and generating reports; commissioned writing of computer programs, software and code for the creation of web pages on the internet; design of information systems relating to finance; internet security consultancy; data security consultancy; data recovery services; software as a service [SaaS]; data security services; design and development of internet security programs; maintenance of computer software relating to computer security and prevention of computer risks; rental of internet security programs; provision of computer security risk management programs; computer security system monitoring services; computer security threat analysis for protecting data; authentication services for computer security; computer security services for protection against illegal network access; computer security services in the nature of administering digital certificates; provision of security services for computer networks, computer access and computerised transactions; research relating to security; design and development of electronic data security systems; electronic monitoring of credit card activity to detect fraud via the internet; electronic monitoring of personally identifying information to detect identity theft via

the internet; monitoring of computer systems for detecting unauthorized access or data breach; computer programming services for electronic data security; data encryption services; monitoring of network systems; information, advisory and consultancy services relating to the aforesaid.

Class 45

Legal services; security services for the protection of property and individuals; security services for buildings; biometric security services; advisory services relating to the security of premises; consultancy services in the field of home security; consultancy services relating to physical security; monitoring of security systems; provision of security alarm monitoring services; consultancy in the field of data theft and identity theft; identity verification; identity validation services; identity protection services, namely arranging secure authentication of personal data in relation to open banking and customer accounts; tracking of stolen property; fraud and identity theft protection services; identification verification services, namely providing authentication of personal identification information; information, advisory and consultancy services relating to the aforesaid.

MORELD

Goods and/or Services:

Class 06

Offshore drilling platforms of metal.

Class 07

Machine tools; motors and engines; wind turbines; wind mills; wind turbine pumps; wind-powered electricity generators; wind turbines, not for land vehicles; wind turbine generators.

Class 09

Scientific, nautical, geodetic, photographic, cinematographic, audiovisual, optical, weighing, measuring, signaling, detecting, testing, checking, life-saving and teaching apparatus and instruments; apparatus and instruments for controlling, distributing,

transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media, computer software, blank digital or analogue recording and storage media; apparatus for transmitting and reproducing sound and images; magnetic data carriers, data processing equipment, computers; downloadable applications; software; humanoid robots with artificial intelligence and laser scanners for use in scientific research.

Class 37

Building construction; installation, maintenance and repair of gas, power and water supply equipment, high pressure lines, hoses and pipelines for hydraulic systems, compressors, air pumps, vacuum pumps, fans, air filters, alternators, pressure regulators and oil separators, machinery, measuring and testing equipment, conversion plants, power plants, wave conversion plants and wave power plants, regulating, monitoring and controlling equipment, piping systems, solar energy systems, wind systems, wind mills and wind turbines.

Class 42

Scientific and technological services and research and development relating thereto; industrial analysis, industrial research and industrial design services; quality control and authentication services; design and development of computer hardware and software; technological consultation; computer programming; software development, updating and maintenance of computer programs related to monitoring offshore wind and offshore drilling and production systems; technological consultancy; software as a service (saas); platform as a service (paas); cloud computing services; engineering (technical expertise); industrial analysis and research; design and development of computers and computer programs; scientific and technological services and research and related design; scientific and technological services and research and related development; development and maintenance of computer software;

development of energy and power management systems; development of test equipment for electrical wiring; computer-controlled industrial design, research, testing and analysis services; design of machinery, equipment and instruments; design and development of software and hardware for digital signal processing; design and development of test and analysis methods; services related to 3d scanning; remote monitoring of computer systems; monitoring of computer systems to detect breakdowns; remote monitoring of industrial systems for quality assurance; monitoring of industrial systems, including subsea systems, for quality assurance; technical consultancy relating to product development; consultancy in the design and development of computer hardware and external computer devices; computer software consultancy; technical consultancy relating to 3d scanning; technological consultancy relating to electromechanical systems.

BUNGE

Goods and/or Services:

Class 01

Chemical additives for use in the manufacture of cosmetics; chemical additives for use in manufacturing pharmaceuticals and cosmetics; chemical additives for use in the manufacture of food; antioxidants for the manufacture of cosmetics; vitamins for manufacturing cosmetics; chemical preparations for use in the manufacture of cosmetic products; antioxidants for the manufacture of food supplements; proteins for the manufacture of food supplements; vitamins for the manufacture of food supplements; proteins for the food industry; vitamins for the food industry; chemical products for preserving foodstuffs; chemical additives for oils; oils for the preservation of food; vitamins for manufacturing pharmaceutical products; preserving agents for the pharmaceutical industry; lecithin (raw material); lecithin for industrial purposes; lecithin for the food industry; chemical additives for food and beverages based on ascorbic acid, carbonic hydrate, tocopherols, lecithin, vitamin E, sterols and sterol esters, glycerin, proteins, tocotrienols, squalene, carotenoids; antioxidants

for the manufacture of pharmaceutical products; fertilizers; agricultural fertilizers; fertilizing preparations; soil conditioning preparations; compost; seed preserving material; chemical substances for preserving foodstuffs; manures; plant-based manure.

Class 03

Non-medicated toiletry preparations and cosmetic products; dentifrices, cosmetic creams; essential oils; oils for cleaning purposes; oils for perfumes and scents; bleaching preparations and other substances for washing laundry; polishing wax; tissues impregnated with cosmetic lotions.

Class 05

Medicinal preparations; pharmaceutical preparations; nutraceutical preparations for therapeutic or medical use; dietetic foods for medical use; antioxidants for medical use; food supplements; antioxidants used as food supplements; adjuvants for medical use; lecithin for pharmaceutical use; vitamin preparations; preparations for medical use containing vitamins, trace elements, fatty acids, amino acids, enzymes and coenzymes, or plant extracts for medicinal use; food supplements based on proteins, carbonic hydrates, ores, lipids, sterols or other nutrients including ascorbic acid, tocopherols, lecithin, vitamin E, sterols and esterified sterols, glycerin, proteins, tocotrienols, squalene, carotenoids; food for babies; nutritional supplements; fats for medical use.

Class 29

Meat; fish; poultry; game; meat extracts; preserved, frozen, dried and cooked fruits and vegetables; jellies; jams; compotes; eggs; milk; cheese; butter; yogurt and other dairy products; oils and fats for food; butter-based preparations, butter substitutes, enriched butter, blended butter, butter with flavoring additives, seed butters, nut butter, cocoa butter; powdered nut butters; clarified butter; bacon; bacon substitutes; cooking butter; fat; ghee butter; margarine; semi-liquid margarine; margarine

substitutes; vegetable-based cream; fat-containing mixtures for bread slices; cooking and frying oils; nut oils; vegetable oils (edible); coconut oil and coconut fat (edible); animal oils for human food; edible fish oils (excluding cod liver oil); soybean oil for food; edible seed oils; flavored edible oils; olive oil; spiced oils; butter oils; blended oils (edible); hydrogenated oils (edible); hydrogenated oils; vegetable oil-based spreads; nut-based spreads; plant-based milk substitutes for use as spreads; cream cheese spreads; dairy spreads; dairy-based spreads; fat-based spreads for bread slices; food spreads being a blend of edible oils and edible fats; food spreads consisting principally of dairy products; food spreads consisting principally of edible fats; food spreads consisting principally of edible oils; food spreads consisting principally of vegetables for sandwiches; fruit jelly spreads; fruit spreads; fruit-based spreads; garlic-based spreads; hazelnut spreads; low fat dairy spreads; meat-based spreads; nut-based spreads; spreads consisting of hazelnut paste; spreads consisting wholly or principally of dairy products; spreads containing principally hazelnut paste; spreads derived from milk; spreads made from buttermilk; spreads made from dairy products; spreads made from vegetable oils; sweet spreads [jams]; vegetable-based spreads; fat-based bread spread; dairy spreads; low-fat and dairy-based spreads; meat spreads; meat-based spreads; vegetable-based spreads; vegetable spreads; nut-based spreads; nut-based spreads; cheese spreads; fruit-based spreads; spreads based on fruit jams; marmalades; jams; compotes, meat substitutes, vegetables and vegetable-based meat substitutes; canned meat-, fruit- and vegetable-based snacks, including mushrooms, pulses and potatoes; spreads based on dried vegetables, peeled vegetables, prepared vegetables; potato-based dumplings; mashed potatoes; french fries; fruit, vegetable and/or potato salads; vegetable mousses; prepared vegetable products; tomato paste; antipasti salads, cheese; prepared dishes based principally on fish, potatoes and vegetables, frozen or not frozen; fruit and vegetable jellies; cream, smetana [sour cream]; powdered milk; cream powder [dairy product]; dairy product substitutes; artificial cream [dairy product substitutes]; cream substitutes; cream powder [dairy product]; milk and

cream, not whey-based; non-dairy milk and cream; dairy-based beverages; albumin milk; milk substitutes not based on dairy products; dairy whiteners for beverages; milk powder for food; milk-based whipped cream; yogurt beverages and drinking yogurts; beverages made from yogurt; buttermilk; buttercream; milk shakes; curd; flavored milk beverages; soy milk; dairy-based beverages; milk beverages with milk predominating; rice milk; sheep's milk; goat's milk; cow's milk; prostokvasha [curd]; sweetened condensed milk; albumin milk; oat milk; dairy substitutes; hemp milk as a milk substitute; almond milk; coconut milk; peanut milk; hazelnut milk; cashew nut milk; walnut milk; milk desserts; yogurt; yogurt-based desserts; soy yogurt; flavored yogurts; vanilla yogurt; low-fat yogurts; preparations for preparing yogurt; yogurt with goat milk; fruit yogurt; quark with fruits; fresh cheese; non-dairy sour cream; cheese substitutes; dairy-based thick dips for accompanying snack foods; bean-based dips for accompanying snack foods; milk-based dips; milk-based snacks; kefir; kumys [kumyss] [milk beverage]; desserts made from artificial milk; fruit- and nut-based snack foods; food bars made from seeds and nuts; tofu-based snacks; soya-based snacks; edible seaweed-based snacks; vegetable pastes; snacks made with cheese; fruit-based snack food; vegetable-based snacks; snacks based on pulses; egg-based snacks, pickles; lecithin for culinary use; dried soya beans.

Class 30

Coffee; tea; cocoa and artificial coffee; rice; pasta and noodles; tapioca and sago; flour and preparations made from cereals; bread; pastry and confectionery; chocolate; ice cream; sorbets and other types of ice cream; sugar; honey; golden syrup; yeast; baking powder; salt; condiments; spices; preserved herbs; vinegars; sauces and other condiments; ice for refreshment [frozen water]; chocolate spreads; chocolate spreads containing nuts; cocoa-based cream spreads; nougat-based spreads; chocolate- or cocoa-based spreads; honey-based spreads; seasonings; chutneys [condiments]; relish [condiment]; sauces; spicy sauces; mayonnaise; vegan mayonnaise; mayonnaise-based sauces; salad creams; tomato ketchup; dried herbs

for culinary use; substances used as flavoring in food (other than essential oils); coffee essences; chili oil as a condiment; flavorings and essences for foods (other than essential oils); vegetable pastes [sauces]; salad dressings; mustard; pepper; vinegar; sauces (including salad dressings); delicatessen sauces; tartar sauce; marinades, barbecue marinades; barbecue sauce; chocolate beverages with milk; milk-free chocolate; confectionery containing milk; chocolate nutritional beverages not based on milk; nutritional beverages not based on milk or plants; chocolate beverage with milk; coffee-based beverages containing milk; puddings, yogurt-based ice creams; powdered vanilla sauce; deep-frozen vanilla sauce; cereal preparations for food; barley meal; crushed, hulled or pearled barley; semolina; oat flakes; muesli consisting primarily of oat flakes, sugar and/or containing dried fruits; bread; bread rolls; cereal flakes; high-protein cereal bars; prepared dishes consisting primarily of rice and pasta, also in frozen form; cereal bars; snack foods consisting principally of bread; cereal-based snacks; wheat-based foods; barley-based foods; oat-based foodstuffs; vegetable pies.

Class 31

Wheat; barley; oats; fresh vegetables; fresh soya; unprocessed sunflower seeds; live animals; fresh fruits; fresh vegetables; seeds for planting; natural flowers; plants; natural turf; animal foodstuffs; grains (cereals); malt for brewing and distilling; trees; undressed timber; fresh garden herbs; fresh flowers; wheat; corn; barley; raw beans; oil seeds; oil seeds (unprocessed); soya bean meal for animal consumption; soya, unprocessed; agricultural, horticultural and forestry grains and products, not included in other classes; animal foodstuffs; cereal-based foodstuffs for animals; prepared seeds for animal consumption; unprocessed rice; wheat germ for animal consumption; seeds for planting; sunflower seeds; unprocessed oil seeds; unprocessed cereals; unprocessed and raw grains and seeds; raw grains; unprocessed and raw grains and seeds; grains for animal consumption; wheat; raw wheat; corn; horticultural products; forestry products; raw and unprocessed

agricultural, aquacultural, horticultural and forestry products, agricultural products; by-products of the processing of cereals for animal consumption.

Class 32

Beers; non-alcoholic beverages; mineral waters and aerated waters; fruit beverages and fruit juices; syrups and other non-alcoholic preparations for making beverages; concentrates for the preparation of fruit beverages; juices containing fruit pulp (non-alcoholic beverages); beverages based on vegetable juices; vegetable juices; vegetable-based beverages.

Class 35

Commercial intermediation services; advertising; import-export agency services; sales promotion for third parties; public relations; advice regarding communication [public relations]; presentation of goods on all communication media for retailing; demonstration of goods; professional business consultancy; business information; marketing research; exhibition services for advertising and commercial purposes; systematization of information in computer databases; market study; administrative processing of purchase orders; organization of trade fairs for commercial or advertising purposes.

Class 40

Information regarding treatment of materials; petroleum processing; milling; food smoking; freezing of foods; food and beverage preservation, fruit crushing; processing of raw materials for production of foodstuffs and beverages.

malt biscuits; malt extract for food; malt for human consumption; maltose; marinades; marzipan; mayonnaise; meat gravies; meat pies; meat tenderizers for household purposes; minced garlic [condiment]; mint for confectionery; mints for breath freshening; mirror icing [mirror glaze]; miso; molasses for food; muesli; mustard meal; mustard; natural sweeteners; noodle-based prepared meals; noodles; nougat; nut flours; nutmegs; oat flakes; oat-based food; oatmeal; onigiri; orange blossom water for culinary purposes; pains au chocolat; chocolatines; palm sugar; pancakes; pasta sauce; pasta; pastilles [confectionery]; pastries; pastry dough; peanut confectionery; pelmeni; pepper; peppermint sweets; peppers [seasonings]; pesto; petit-beurre biscuits; petits fours; piccalilli; pies; pizzas; popcorn; potato flour; potato-based flatbreads; powders for making ice cream; pralines; preparations for stiffening whipped cream; prepared rice rolled in seaweed; processed seeds for use as a seasoning; profiteroles; propolis; puddings; pâtés en croûte; quiches; quinoa, processed; ramen; ravioli; relish [condiment]; rice cakes; rice crackers; rice pudding; rice pulp for culinary purposes; rice-based snack food; rice; royal jelly; rusks; saffron [seasoning]; sago; salt for preserving foodstuffs; sandwiches; sauces [condiments]; sausage binding materials; savoury pancake mixes; savory pancake mixes; savoury pancakes; savory pancakes; seasonings; seawater for cooking; seaweed [condiment]; semolina; sesame seeds [seasonings]; shaved ice with sweetened red beans; soba noodles; sorbets [ices]; sherbets [ices]; soya flour; soya sauce; spaghetti; spices; spring rolls; star aniseed; starch for food; stick liquorice [confectionery]; sugar; sushi; tabbouleh; tacos; tamarind [condiment]; tapioca flour; tapioca; tarts; tea beverages with milk; tea; tea-based beverages; thickening agents for cooking foodstuffs; tomato sauce; tortillas; turmeric; udon noodles; unleavened bread; unroasted coffee; vanilla flavorings for culinary purposes; vanillin [vanilla substitute]; vegetal preparations for use as coffee substitutes; vermicelli; vinegar; waffles; wheat flour; wheat germ for human consumption; yeast.

Class 31

Algarovilla for animal consumption; almonds [fruits]; aloe vera plants; anchovy, live; animal foodstuffs; aromatic sand [litter] for pets; arrangements of fresh fruit; artichokes, fresh; bagasses of cane [raw material]; barley; beans, fresh; beet, fresh; berries, fresh; beverages for pets; bird food; bran mash for animal consumption; bran; bred stock; buckwheat, unprocessed; bushes; cannabis plants; cannabis, unprocessed; cereal seeds, unprocessed; chestnuts, fresh; chicory roots; chicory, fresh; Christmas trees; citrus fruit, fresh; cocoa beans, raw; coconut shell; coconuts; copra; crayfish, live; crustaceans, live; cucumbers, fresh; cuttle bone for birds; distillery waste for animal consumption; dog biscuits; draff; edible chews for animals; edible flaxseed, unprocessed; edible flowers, fresh; edible insects, live; edible sesame, unprocessed; eggs for hatching, fertilised; fish meal for animal consumption; fish spawn; fish, live; fishing bait, live; flax meal [fodder]; flaxseed for animal consumption; flaxseed meal for animal consumption; flower bulbs; bulbs; flowers, dried, for decoration; flowers, natural; forage; freeze-dried fishing bait; fruit residue [marc]; marc; fruit, fresh; garden herbs, fresh; garlic, fresh; ginger, fresh; grains [cereals]; grains for animal consumption; grapes, fresh; groats for poultry; hay; hazelnuts, fresh; herrings, live; hop cones; hops; juniper berries; koi carp, live; kola nuts; cola nuts; leeks, fresh; lemons, fresh; lentils, fresh; lettuce, fresh; lime for animal forage; litter for animals; litter peat; live animals; livestock fattening preparations; lobsters, live; locust beans, raw; maize cake for cattle; maize; malt for brewing and distilling; mash for fattening livestock; meal for animals; menagerie animals; molluscs, live; mollusks, live; mushroom spawn for propagation; mushrooms, fresh; mussels, live; nettles; nuts, unprocessed; oats; oil cake; cattle cake; olives, fresh; onions, fresh; oranges, fresh; oysters, live; palm trees; palms [leaves of the palm tree]; peanut cake for animals; peanut meal for animals; peanuts, fresh; peas, fresh; peppers [plants]; pet food; pine cones; plants, dried, for decoration; plants; pollen [raw material]; potatoes, fresh; poultry, live; preparations for egg laying poultry; quinoa, unprocessed; rape cake for cattle; raw barks; residual products of cereals for animal consumption; residue in a still after distillation; rhubarb, fresh; rice

meal for forage; rice, unprocessed; roots for animal consumption; rose bushes; rough cork; rye; salmon, live; salt for cattle; sanded paper [litter] for pets; sardines, live; sea-cucumbers, live; seaweed, unprocessed, for human or animal consumption; seed germ for botanical purposes; seedlings; seeds for planting; plant seeds; shellfish, live; silkworms; soya beans, fresh; spinach, fresh; spiny lobsters, live; squashes, fresh; stall food for animals; straw [forage]; straw litter; straw mulch; strengthening animal forage; sugarcane; trees; truffles, fresh; trunks of trees; tuna, live; turf, natural; sod; undressed timber; unprocessed sweet corn ears [husked or unhusked]; unsawn timber; vegetable marrows, fresh; vegetables, fresh; vine plants; wheat germ for animal consumption; wheat; wood chips for the manufacture of wood pulp; wreaths of natural flowers; yeast for animal consumption.

Class 32

Aloe vera drinks, non-alcoholic; barley wine [beer]; beer wort; beer-based cocktails; beer; cocktails, non-alcoholic; energy drinks; extracts of hops for making beer; fruit juices; fruit juice; fruit nectars, non-alcoholic; ginger ale; grape must, unfermented; isotonic beverages; kvass; lemonades; malt beer; malt wort; must; non-alcoholic beverages flavored with coffee; non-alcoholic beverages flavored with tea; non-alcoholic beverages; non-alcoholic dried fruit beverages; non-alcoholic essences for making beverages; non-alcoholic fruit extracts; non-alcoholic fruit juice beverages; non-alcoholic honey-based beverages; orgeat; pastilles for effervescing beverages; powders for effervescing beverages; preparations for making carbonated water; preparations for making non-alcoholic beverages; protein-enriched sports beverages; rice-based beverages, other than milk substitutes; sarsaparilla [non-alcoholic beverage]; shandy; sherbets [beverages]; sorbets [beverages]; smoothies; soft drinks; soya-based beverages, other than milk substitutes; syrups for beverages; syrups for lemonade; vegetable juices [beverages]; whey beverages.

Mark Clause(s):

The following claim is made in the International Registration: Colours claimed: Black, white and blue.

Applicant/Proprietor Details:

Obshchestvo s ogranichennoi otvetstvennost'yu "Mezhdunarodnaya kompaniya
"Sibirskoe zdorov'ye"

UL. LENINA, 48, ETAZH 3, OFIS 36

RU-630004 NOVOSIBIRSK

National Trade Mark No: 40202304966Q

International Registration No: 1717900

Date of Protection in Singapore: 13 May 2022

Classes: 09

Goods and/or Services:

Class 09

Protective work wear; protection devices for personal use against work accidents; safety equipment; clothing for protection against accidents, irradiation and fire; inflatable safety clothing; safety survival suits; body armour; asbestos clothing for protection against fire; asbestos gloves for protection against accidents; shoes for protection against accidents, irradiation and fire; protective hoods for protection against harmful environments; protective hoods for protection against hostile environments; safety footwear; safety boots; clothing, footwear and headwear for

protection against accidents, irradiation and fire; ear plugs for divers; gloves for protection against accidents or injury; gloves for protection against x-rays for industrial purposes; protective helmets; motorcycle safety helmets; protective helmets for cyclists; protective helmets for skiers; safety caps; bump caps; safety hats; safety helmets incorporation breathing apparatus; protective helmets for sports; knee-pads for workers; ankle pads for workers; elbow pads for workers; protective supports for wrists, knees, waist, ankle and waists for injury prevention purposes; protective masks; safety restraints [other than for vehicle seats and sports equipment]; solderers' helmets; protective head shields for welders; workmen's protective face-shields; body harness; work support positioning belt; lanyards for safety purposes for fall protection; lanyard for dust masks; lanyard for respiratory masks; lanyard for protective masks; lanyard for workmen's protective face-shields; lanyard for face shields, other than for medical purposes; fall arresting safety apparatus for the protection of loads; fall arresting safety apparatus for the protection of workmen; safety restraints being protective equipment in the nature of synthetic webbing with carabiners for fall restraint and fall arrest, safety restraints being protective equipment in the nature of synthetic webbing with speed-clips being strap buckles for fall restraint and fall arrest; safety restraints in the form of connector devices for protection from falling; workmen's safety harnesses being fall protection equipment for fall restraint and fall arrest; lifting support belt; parts of safety helmet, namely suspension straps adapted for safety helmets; safety helmet harness; industrial grade gloves; heat resistant gloves; heat resistant apron; reflective safety vest; protective belts; safety belts for rescue purposes; safety tarpaulins; workmen's protective face-shields; filters for respiratory masks; nets for protection against accidents; devices for playing sound; safety eyewear; eye protection wear for sports and industry; safety goggles; lenses for safety goggles; frames for protective glasses; anti-dazzle shades; anti-glare glasses and sunglasses; anti-glare visors; life-saving and teaching apparatus and instruments; bullet-proof waistcoats; life saving apparatus and equipment; life belts; life jackets; personal reflectors for use in road

safety; reflecting discs for wear for the prevention of traffic accidents; safety lifejackets; fire safety equipment and accessories; safety alarms [other than for vehicles]; warning alarms; fire alarms; fire sensors; fire-extinguishing apparatus; smoke detectors; fire blankets; fire hose nozzles; digital safety signages; luminous beacons; signal bells; signalling lights blinkers; neon signs; luminous or mechanical road signs; luminous or mechanical signalling panels; vehicle breakdown warning triangles; safety floor signs; hazard lamps; traffic cone; security warning apparatus; security warning devices and warning digital signages for use in general and industrial purposes; railway traffic safety apparatus; railway traffic safety appliances; anti-theft warning apparatus; counterfeit coin detectors; safety cabinets for scientific purposes; walkie-talkies.

Mark Clause(s):

Registration of this mark shall give no right to the exclusive use of the words "Your Ultimate Partner in Safety".

By consent of the registered proprietor of TM No T99084721.

Applicant/Proprietor Details:

#08-35
SINGAPORE 079908

National Trade Mark No: 40202305524P

International Registration No: 1715501

Date of Protection in Singapore: 01 March 2022

Classes: 07 09

IRO

Goods and/or Services:

Class 07

Industrial machines and manufacturing machines for cell culture, cell therapy or gene therapy; racking specially adapted for bioreactors in the nature of manufacturing machines for cell culture, cell therapy or gene therapy; racking specially adapted for holding cell culture, cell therapy or gene therapy manufacturing machines; bellows being parts of machines for storing, containing, dispensing or extracting fluids, stem cells, cell cultures or cell culture media to or from industrial machines and manufacturing equipment; cassettes for industrial bioreactors; disposable cassettes for industrial bioreactors; parts, including disposable parts, for industrial manufacturing machines for cell culture, cell therapy or gene therapy; connectors specially adapted for industrial manufacturing machines for cell culture, cell therapy or gene therapy; sterile connectors specially adapted for industrial manufacturing machines for cell culture, cell therapy or gene therapy; industrial incubators for cell culture, cell therapy or gene therapy; industrial incubators for maintaining cell cultures; industrial apparatus [consisting of a handling unit] for creating a controlled

environment for cell therapy and gene therapy manufacturing; machines for adding or removing fluids to or from industrial manufacturing equipment for cell and gene therapies; parts fittings and accessories for all the aforesaid.

Class 09

Downloadable computer software and application software (apps) in the field of cell culture, cell therapy, gene therapy; downloadable computer software and application software (apps) for controlling, monitoring, programming, communicating with, operating and adjusting apparatus and equipment for cell culture, cell therapy or gene therapy; downloadable computer software and application software (apps) for controlling, monitoring, programming and adjusting environmental conditions for cell culture, cell therapy or gene therapy; downloadable computer software and application software (apps) for logging data in relation to cell culture, cell therapy or gene therapy; downloadable computer software and application software (apps) for monitoring patient health; downloadable computer software and application software (apps) for providing information on cell culture, cell therapy or gene therapy; downloadable databases of data relating to cell culture, cell therapy or gene therapy; disposable parts for bioreactors for laboratory use; cassettes for bioreactors for laboratory use; disposable cassettes for bioreactors for laboratory use; disposable scientific equipment and apparatus for cell culture, cell therapy or gene therapy; connectors for scientific apparatus and equipment; connectors for scientific apparatus for cell culture, cell therapy or gene therapy; sterile connectors for scientific apparatus and equipment; sterile connectors for scientific apparatus for cell culture, cell therapy or gene therapy; bellows being scientific equipment for storing, containing, dispensing or extracting fluids, stem cells, cell cultures or cell culture media to or from scientific apparatus and equipment; bellows being scientific equipment for storing, containing, dispensing or extracting fluids, stem cells, cell cultures or cell culture media to or from scientific apparatus and equipment for cell culture, cell therapy or gene therapy; bags being scientific equipment for storing,

containing, dispensing or extracting fluids, stem cells, cell cultures or cell culture media to or from scientific apparatus and equipment; bags being scientific equipment for storing, containing, dispensing or extracting fluids, stem cells, cell cultures or cell culture media to or from scientific apparatus and equipment for cell culture, cell therapy or gene therapy; flexible containers being scientific equipment for storing, containing, dispensing or extracting fluids, stem cells, cell cultures or cell culture media to or from scientific apparatus and equipment; flexible containers being scientific equipment for storing, containing, dispensing or extracting fluids, stem cells, cell cultures or cell culture media to or from scientific apparatus and equipment for cell culture, cell therapy or gene therapy; compressible containers being scientific equipment for storing, containing, dispensing or extracting fluids, stem cells, cell cultures or cell culture media to or from scientific apparatus and equipment; compressible containers being scientific equipment for storing, containing, dispensing or extracting fluids, stem cells, cell cultures or cell culture media to or from scientific apparatus and equipment for cell culture, cell therapy or gene therapy; vessels, bottles and containers being scientific equipment for storing, containing, dispensing or extracting fluids, stem cells, cell cultures or cell culture media to or from scientific apparatus and equipment; vessels, bottles and containers being scientific equipment for storing, containing, dispensing or extracting fluids, stem cells, cell cultures or cell culture media to or from scientific apparatus and equipment for cell culture, cell therapy or gene therapy; incubators for cell culture, cell therapy or gene therapy; incubators for maintaining cell cultures; bioreactor arrays, multiplexed bioreactor systems, aseptic filling and sealing machines for bioreactors, all for laboratory use; bioreactors for cell culture; bioreactors for cell and gene therapy for laboratory use; scientific apparatus consisting of a handling unit for creating a controlled environment for cell culture, cell therapy or gene therapy processing; laboratory apparatus in the nature of cell culture hood, bio-safety cabinets, water baths, cell culture vessels for cell culture, cell therapy or gene therapy; disposable bioreactors for cell culture; scientific equipment for filling bioreactors; parts fittings

and accessories for all the aforesaid; electrical equipment for cell culture, cell therapy or gene therapy.

SEPARONICS

Goods and/or Services:

Class 01

Graphene; graphene oxide; reduced graphene oxide; graphene coated membranes (chemical preparations); graphene oxide-coated membranes (chemical preparations); graphene for use as chemical absorbents; graphene for use in chemical adsorption; graphene oxide-coated materials for use in chemical adsorption (chemical preparations); graphene oxide-coated materials for adsorption of aqueous waste (chemical preparations); graphene based aerogels for adsorption (chemical preparations); graphene based aerogels for adsorption of heavy metals and other contaminants (chemical preparations); chemical coatings based on graphene oxide; graphene oxide for use in the manufacture of inks; graphene coatings [chemical] for filtration and purification of liquids; chemical preparations in the nature of filtering materials; chemical preparations for filtering and purifying water; water treatment chemicals; water purifying chemical agents; non-woven products in relation to graphene-based liquids including water filtration preparations namely filtering materials of mineral substances; filters aids for liquid purification; graphene for filters; carbon for filters; ceramic materials in particulate form, for use as filtering media; filtering materials [chemical preparations]; filtering materials [mineral substances]; composite materials or plastics, unprocessed, containing carbon nanotubes; chemical materials for absorbing oils; graphene-based chemical suspensions and platelets; hexagonal boron nitride (hbn) suspensions; molybdenum disulphide (mos2) suspensions; tungsten sulphide (ws2) suspensions; chemicals namely vapour deposition (cvd) tungsten sulphide compositions; two-dimensional materials (chemicals) namely graphene, graphene oxide, graphyne, borophene, germanene,

silicene, si2bn, stanene, phosphorene, bismuthene and molybdenite; two-dimensional materials (chemicals) namely graphene, graphene oxide, graphyne, borophene, germanene, silicene, si2bn, stanene, phosphorene, bismuthene and molybdenite, for water treatment, including oil, water and molecule separation; two-dimensional materials (chemicals), namely graphene, graphene oxide, graphyne, borophene, germanene, silicene, si2bn, stanene, phosphorene, bismuthene and molybdenite, for filtration, biofiltration and desalination; two-dimensional materials (chemicals), namely graphene, graphene oxide, graphyne, borophene, germanene, silicene, si2bn, stanene, phosphorene, bismuthene and molybdenite, for blood treatment; two-dimensional materials (chemicals) namely graphene, graphene oxide, graphyne, borophene, germanene, silicene, si2bn, stanene, phosphorene, bismuthene and molybdenite, for separation of bio-platform molecules.

Class 11

Apparatus and instruments for desalination, purification and filtration of liquids; water purification filters; filters for water purifiers; domestic, industrial, agricultural water filters; water filters utilising graphene; water filtration membranes; filtration membranes for industrial installations for filtering liquids; systems for the treatment of liquids; membranes for the filtration and purification of liquids; membrane filtration units for water treatment apparatus; parts and fittings for the aforesaid; graphene coated membranes for filtration of water; membranes for water filtration; nanoporous membranes for filtration, ultra filtration, nano filtration for water filtration.

Class 40

Water treatment services; waste treatment; purification of liquids; desalination of liquids; filtration of liquids; removal and separation of pollutants [oils, salts, particles, organic molecules, bacteria and virus] from liquids and slurries; purification, desalination and filtration of liquids including water and waste water; treatment, purification, desalination and filtration services utilising graphene; rental of filters;

rental of graphene-based filters; advisory, consultancy and information services relating to all the aforesaid.

Class 42

Technological and scientific advisory and consultancy services; technological and scientific advisory and consultancy services relating to the application and uses of graphene and two dimensional materials; technological and scientific advisory and consultancy services relating to the purification of liquids; technical design, planning and research relating to waste water; chemical research; chemical research services; design and development services in the field of graphene; design and development services relating to the purification of liquids; design and development services relating to the purification of liquids utilising graphene; scientific research relating to the purification and filtration of liquids; testing materials and goods in the field of graphene, including graphene coated membranes; consultancy relating to membrane technology; advisory, consultancy and information services relating to all the aforesaid.

REVOC-SYSTEM

Goods and/or Services:

Class 07

Asphalt mixing machines; asphalt mixing installations; parts and fittings for asphalt mixing machines, included in this class; parts and fittings for asphalt mixing installations, included in this class; parts and fittings specially adapted for asphalt mixing machines and asphalt mixing installations, namely, pumps, compressors, generators, fans, air compressors, compressed air machines, feed pumps, centrifugal pumps, metering pumps (except for medical purposes), engines, powertrains, electric motors, filters, textile filters, filter bags, textile filter bags, filter housings; parts and fittings specially adapted for asphalt mixing machines and asphalt mixing installations, namely, power transmission components (except for land vehicles), blowing machines, drying machines, spin driers (machines),

processing machines, recycling machines, heating machines, feeders (machines), feeding machines, feeding units; parts and fittings specially adapted for asphalt mixing machines and asphalt mixing installations, namely, vibrators (machines), vibrating machines, crushing machines, sifting machines, agitators, automatic dispensing machines, filtering machines, drying machines, agitators for circulating liquid and solid media; parts and fittings specially adapted for asphalt mixing machines and asphalt mixing installations, namely, conveyors, belt conveyors, bucket conveyors, buckets for bucket conveyors, screw conveyors, screws for screw conveyors, conveyor belts, conveyor chains, bucket elevators, elevators, buckets for elevators, hopper loaders (machines), chisels, chisel holders, mixer arms, mixer shovels; parts and fittings specially adapted for asphalt mixing machines and asphalt mixing installations, namely, drums, mixing drums, drying drums, belts, belt pulleys, tensioning devices, couplings, transmissions, joints, shafts, crank shafts, mufflers, coolers, burners, burner blowers, cookers, jets, separators, seals; parts and fittings specially adapted for asphalt mixing machines and asphalt mixing installations, namely, valves, hydraulic valves, dispensing valves, valve blocks, clacks, clack valves, slide valves, regulators, taps, vibrators, rollers, track rollers, chains, cylinders, pistons, piston rods, bearings, bearing housings, transmission shafts, driving chains, auger blades, spreading augers; parts and fittings specially adapted for asphalt mixing machines and asphalt mixing installations, namely, tanks, asphalt tanks, bitumen tanks, oil tanks, storage tanks, silos, storage silos, loading silos, buffer silos, springs, material scrapers, sieves, grilles, trellises, protective grilles, chutes, braking systems, brakes, brake cylinders, brake linings, brake calipers, brake shoes; parts and fittings specially adapted for asphalt mixing machines and asphalt mixing installations, namely, lubricators, lubricating mechanism, oilers, compressed air oilers, compressed air conditioners, handles, hand gear, switches, gutters, mechanical equipment for dispensing material; parts and fittings specially adapted for asphalt mixing machines and asphalt mixing installations, namely, mechanical control mechanisms, hydraulic control mechanisms, pneumatic control mechanisms,

mechanical controls and control systems, hydraulic controls and control systems, pneumatic controls and control systems; parts and fittings specially adapted for asphalt mixing machines and asphalt mixing installations, namely, adapted tarpaulins, adapted coverings, adapted fairings, mechanical discharging hoppers, metal loading ramps (machines), elevators, air blowers (machines), rotary feeders (dispensing machines); parts and fittings specially adapted for asphalt mixing machines and asphalt mixing installations, namely, fitted tubes, fitted tube bends, wear parts, wear sheets and plates, wear panels, wear tiles, wear liners, safety valves, safety couplings, attachments.

Class 09

Optical, weighing, measuring, signalling, checking (supervision), control, regulating and life-saving apparatus and instruments; electronic control apparatus, units and systems; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus and instruments for capturing, recording, transmission, reception or reproduction of sound, images or data; communications equipment; data carriers for bearing pictures, sound and data; calculating machines; data processing equipment; data collection apparatus; computers; computer software and hardware; computer peripherals; fire-extinguishing apparatus; recorded data; information technology and audiovisual equipment; magnets, magnetizers and demagnetizers; apparatus, instruments and cables for electricity; mains, strands and wires for electricity; screw connections for cables; optical devices, equipment, enhancers and correctors; safety, security, protection and signalling devices and equipment; navigation, guidance, positioning, tracking, targeting and map making devices; navigational instruments; measuring, detecting and monitoring instruments, devices, appliances and controllers; flowmeters; temperature meters (not for medical purposes); hygrometers; revolution counters; speedometers; measuring rods; holders for measuring rods; electrical indicators; scales; electronic scales; time measuring instruments and apparatus

(except clocks and watches); temperature regulators; electric and electronic devices and apparatus, as well as equipment composed of such goods, for the purposes of telematics, telecommunications and data processing; electric and electronic apparatus and instruments for tracking, monitoring, operating, remote controlling and technical testing of asphalt mixing machines and asphalt mixing installations; electric and electronic apparatus and instruments for tracking, monitoring, operating, remote controlling and technical testing of parts and fittings for asphalt mixing machines and asphalt mixing installations; testing devices; electrical testing instruments; electronic frequency converters for asphalt mixing machines and asphalt mixing installations; electric and electronic analyzing apparatus for evaluating the operation of and faults with asphalt mixing machines and asphalt mixing installations; electric and electronic analyzing apparatus for evaluating the operation of and faults with parts and fittings for asphalt mixing machines and asphalt mixing installations; analyzing and diagnostic apparatus (not for medical purposes); simulators; dosage devices; laser, infra-red and ultrasound devices (not for medical purposes); lasers (not for medical purposes); switches; electric control boxes, switch cabinets and control boards; distribution cabinets, panels and boxes (electricity); electric control panels; housings for electric apparatus and switches; electronic regulators; joysticks for computers; sensors; detectors; light emitting diodes; horns for signalling; signal transmitters; buzzers; sirens; luminous signs; radio transmitting and receiving apparatus; antennas; aerials as communications apparatus; transmitters; optical and electrical receivers; signalling apparatus and signalling panels of metal (luminous or mechanical); indicator boards; levelling instruments, devices and apparatus; remote control apparatus; oil level indicators; components for electrical circuits; cables and wires (electricity); electric connection components; cable channels for electric cables; connectors (electricity); electric plugs; electric relays; fuses; terminals (electricity); electrical circuits and circuit boards; semiconductor components; microelectronic components; microprocessors; microcontrollers; resistors; electric coils; condensers; transformers; batteries; electric power supplies and mains units; electric rectifiers;

frequency inverters; audio devices and radio receivers; speakers; graphic equalizers; battery chargers; electrical amplifiers; key cards (encoded); fuel gauges; parts and fittings for all the aforesaid goods, included in this class; all the aforesaid goods being parts and fittings for asphalt mixing machines and asphalt mixing installations.

Class 11

Apparatus and installations for lighting, heating, cooking, drying, ventilating and water supply; flues and ventilation installations for conveying exhaust gases; water supply installations; burners, boilers and heaters; oil burners; gas burners; coaldust burners; tar burners; burner heads being parts of burners; blowers for burners; dehumidifiers (dryers); ovens; furnaces (not for food or beverages); electrical heating elements; fan heaters; air heaters; electrically powered air blowers for air-conditioning purposes; ventilators; lighting; lighting reflectors; luminaires; headlights; light bulbs; filters for industrial use; air filters; gas filters; water filters; dust filters; filter bags for filters for industrial use, air filters, gas filters, water filters and dust filters; textile filter bags for filters for industrial use, air filters, gas filters, water filters and dust filters; industrial installations for filtering liquids and gases; regulating and safety accessories for water installations and gas installations; ventilating and air conditioning apparatus and installations; apparatus and installations for purifying air, gas and water; apparatus and installations for processing air; apparatus and installations for processing compressed air; spark igniters for gas appliances; oven gas igniters; heaters for oils and greases; cookers; installations and apparatus for heating and boiling asphalt, tar, oil and bitumen; melting pots (melting furnaces) for asphalt, tar and bitumen; polymerisation installations; dust removal installations (air filtering installations) for ventilation purposes; heat exchangers; irrigation sprinklers; irrigation spray nozzles; taps; taps for pipes; parts and fittings for all the aforesaid goods, included in this class; all the aforesaid goods being parts and fittings for asphalt mixing machines and asphalt mixing installations.

Class 37

Hire, rental and leasing of asphalt mixing machines and asphalt mixing installations, and parts and fittings thereof; installation, assembly, cleaning, repair and maintenance services with respect to asphalt mixing machines and asphalt mixing installations, and parts and fittings thereof; hire, rental and leasing of devices and tools for installation, assembly, cleaning, repair and maintenance of asphalt mixing machines and asphalt mixing installations, and parts and fittings thereof; consultancy and information services relating to all the aforesaid services, included in this class.

Class 42

Scientific and technological services and research; industrial analysis and research services; technical planning and consultancy; technical project planning; IT services, namely development, programming, installation, implementation, updating, maintenance and repair of software, development of computer hardware, software as a service [SaaS], rental of software, rental of computer hardware and facilities, IT consultancy, advisory and information services, IT security, protection and restoration services, computer analysis and diagnostics, research and development of computers and computer systems, computer programming, computer project management services, computer services, technological services relating to computers, computer network services, updating of memory banks of computer systems, updating of websites for third parties and monitoring of computer systems by remote access; testing, authentication and quality control; design services; engineering services; product research and development; development of industrial processes; development of new products and technologies for third parties; constructional planning and design; safety testing and technical testing (also by remote access); troubleshooting and fault diagnosis regarding asphalt mixing machines and asphalt mixing installations, and parts and fittings thereof (technical assistance); measurement services; preparation of technical surveys; technical development of usage concepts for asphalt mixing machines and asphalt mixing

installations, and parts and fittings thereof; technical project management; technical testing services; hire, rental and leasing of scientific equipment, computer software and hardware, measuring apparatus, data carriers, data processing equipment, data processing programs, server memory space, memory space for websites, electronic memory space on the Internet; consultancy and information services relating to all the aforesaid services, included in this class; all the aforesaid services with respect to asphalt mixing machines and asphalt mixing installations, and parts and fittings thereof.

KANZEN Meal

Goods and/or Services:

Class 05

Pharmaceutical preparations; reagent paper for medical purposes; oiled paper for medical purposes; adhesive tapes for medical purposes; drug delivery agents in the form of edible wafers for wrapping medicine doses; gauze for dressings; empty capsules for pharmaceuticals; eyepatches for medical purposes; ear bandages; menstruation bandages; menstruation tampons; sanitary napkins; sanitary panties; absorbent cotton; adhesive plasters; bandages for dressings; liquid bandages; breast-nursing pads; cotton swabs for medical use; dental materials; diapers; diaper covers; fly catching paper; mothproofing paper; lacteal flour for babies; dietary supplements for humans; dietetic beverages adapted for medical purposes; dietetic foods adapted for medical purposes; beverages for babies; food for babies; semen for artificial insemination.

Class 09

Game programs for arcade video game machines; laboratory apparatus and instruments; photographic machines and apparatus; cinematographic machines and apparatus; optical machines and apparatus; measuring or testing machines and instruments; electric or magnetic meters and testers; telecommunication machines and apparatus; personal digital assistants; electronic data processing machines,

apparatus and their parts; computer programs; application software; computer hardware and computer software; spectacles [eyeglasses and goggles]; game programs for home video game machines; electronic circuits and CD-ROMs recorded with programs for hand-held games with liquid crystal displays; metronomes; electronic circuits and CD-ROMs recorded with automatic performance programs for electronic musical instruments; electric and electronic phasers [effects units] for electronic musical instruments; phonograph records; downloadable music files; downloadable image files; image, music and sound recordings, graphics and text files; downloadable image, graphics, music, sound and text files; recorded video discs and video tapes; exposed cinematographic films; exposed slide films; slide film mounts; electronic publications; electronic periodicals.

Class 10

Sanitary masks for personal use; medical apparatus and instruments; esthetic massage apparatus for commercial use; electric massage apparatus for household purposes; finger guards for medical purposes; pacifiers for babies; ice bag pillows for medical purposes; triangular bandages; support bandages; surgical catguts; feeding cups for medical purposes; dropping pipettes for medical purposes; feeding bottle teats; medical ice bags; medical ice bag holders; baby bottles; nursing bottles; ear picks; ear plugs for sleeping; ear plugs for soundproofing; gloves for medical purposes.

Class 29

Fruit-based, vegetable-based, bean-based or nut-based snacks; edible oils and fats; milk products; lactic acid bacteria drinks; yogurt drink; yogurt; meat for human consumption; eggs; fresh, chilled or frozen edible aquatic animals [not live]; frozen vegetables; frozen fruits; charcuterie; meat substitutes; processed seafood products; processed vegetables and fruits; potato chips for cooking; prepared or pre-packaged dishes consisting principally of vegetables or processed vegetables; prepared or pre-

Class 01

Chemical additives for food; chemical additives for animal foodstuffs; chemical and organic compositions and preparations for industrial purposes for use in the food industry, beverages industry, dietetic foodstuffs industry, animal foodstuffs industry, pharmaceutical industry and cosmetics industry as well as for technical purposes, in particular chemical preservatives, chemical flour improvers and flour treatment additives, fatty acids, lecithin [raw material], lecithin preparations [raw material], lecithin components [raw material], emulsifiers, hydrocolloids [chemical], chemical stabilizers, soy protein [raw material], fatty acid esters, hydrophobizing agents [chemicals] and viscosity regulators [chemicals], fats, chemical substrates for lipophilic substances, antioxidants, acidity regulators [chemicals]; all aforementioned goods also as source and auxiliary materials, as additives and semi-finished products for the manufacture of foodstuffs, dietetic foodstuffs, pharmaceuticals and animal foodstuffs, cosmetics and for technical purposes; ascorbic acid for the food

industry; oxidants for use in the foodstuffs and animal foodstuffs industry, in particular bromate, bromate substitutes, azodicarbonamide; enzymes and enzyme preparations for industrial purposes for use in the food industry, animal foodstuffs industry, pharmaceutical and cosmetic industry; lecithin and lecithin preparations for industrial purposes for use in the food industry, animal foodstuffs industry, pharmaceutical and cosmetic industry; vital glues [adhesives] based on proteins and lipoproteins for industrial purposes; chemical acidity regulators, emulsifiers for industrial purposes for use in the food industry, animal foodstuffs industry, pharmaceutical and cosmetic industry; hydrocolloids for industrial purposes for use in the food industry, animal foodstuffs industry, pharmaceutical and cosmetic industry; sugar for industrial purposes for use in the food industry, animal foodstuffs industry, pharmaceutical and cosmetic industry, in particular glucose [grape sugar], dextrose, maltose, fructose, lactose; proteins, gelatin, vitamins, lecithin, flavour improvers and carbohydrates for the manufacture of foodstuffs and food supplements; lecithin derived from soya for use in the manufacture of foodstuffs; protein derived from soya beans [raw material] for use in the manufacture of foodstuffs; enzymes and enzyme preparations composed of cereals and soy raw material for industrial use; lecithin and lecithin preparations composed of cereals and soy raw material for industrial use; emulsifiers composed of cereals and soy raw material; hydrocolloids composed of cereals and soy raw material, for use in the manufacture of foodstuffs; chemical products for use in the manufacture of flavourings; glues for the foodstuffs industry, in particular based on proteins and lipoproteins; gelatin for industrial purposes, in particular for the foodstuffs industry; proteins, phosphates, fatty acids, sugar, dextrin glucose, dextrose, maltose for industrial purposes, in particular for the foodstuffs industry, the aforesaid also derived from processed seeds; calcium sulphate; starch for industrial purposes; sugar alcohols, chemical sugar substitutes, each for industrial purposes; emulsifiers, hydrocolloids and minerals for industrial purposes in particular for the foodstuffs industry; chemical preservatives for the foodstuffs industry; protein, in particular soy protein, for the food industry.

Class 02

Colorants for use in the food industry, in the animal foodstuffs industry, in the pharmaceutical industry and in the cosmetics industry, in particular colorants based on fats, oils and other lipids.

Class 05

Pharmaceutical products and preparations for healthcare; dietetic preparations for medical purposes; dietetic preparations and dietary supplements, also for non-medical purposes and also for animals; dietary food supplements, also for non-medical purposes; dietetic preparations for babies; slimming preparations being nutritional supplements for medical and non-medical purposes; medicinal preparations for the production of medical dietetic beverages; vitamins and vitamin preparations; dietary fibre; dietary fibre for the production of food; dietary fibre for the production of nutritional supplements; all aforementioned goods also as powders, granules, pills, capsules, pastes, liquids or bars and/or with added flavorings, spices, nuts, plant extracts, sweeteners, minerals and/or other agents.

Class 29

Substitutes for milk, for dairy products, for cheese and for cheese products, for eggs and for egg products and fish substitutes, meat substitutes, sausages substitutes, poultry substitutes, game substitutes; all aforementioned goods each based on tofu, tofu products, soy, soy products, pulses, pulses products, coconut, coconut products, vegetables, vegetable products, potatoes, potato products, nuts, nut products, algae, algae products, processed seeds or products made of processed seeds; prepared meals mainly consisting of substitutes for milk, for dairy products, for cheese and for cheese products, for eggs and for egg products and fish substitutes, meat substitutes, sausage substitutes, poultry substitutes and game substitutes; milk and dairy products, also with admixture of substitutes for milk and dairy products; fish, meat, sausages, poultry and game and fish products, meat products, sausage products,

poultry products, game products, also with admixture of substitutes for fish products, meat products, sausage products, poultry products, game products; substitutes for milk, for dairy products, for cheese and for cheese products, for eggs and for egg products and fish substitutes, meat substitutes, sausage substitutes, poultry substitutes and game substitutes, all aforementioned goods enriched with admixture of cereals and of cereal preparations, including pseudocereals, of rice or of rice preparations; prepared meals mainly consisting of substitutes for milk, for dairy products, for cheese and for cheese products, for eggs and for egg products and of fish substitutes, meat substitutes, sausages substitutes, poultry substitutes and game substitutes, all aforementioned goods enriched with admixture of cereals and of cereal preparations, including pseudocereals, of rice or of rice preparations; all aforementioned goods also in prepared and flavored form; edible oils and fats; fatty powders [edible fats in powder form]; edible fat as semi-finished products; meat extracts; protein-based meat substitutes, in particular derived from soy protein; soy-based food bars, also enriched with proteins and/or fats, also containing nuts; gelatin; yoghurt; yoghurt drinks; soups; soup concentrates, also in form of soup cubes; soup concentrates, also in form of soup pastes; soup concentrates, also in form of soup powders; soup concentrates, also in form of soup extracts; prepared meals, snacks and desserts, each based on processed fruits and vegetables, milk, milk products, milk substitutes and products from meat and/or eggs; dietetic foodstuffs, not for medical use, based on ingredients of animal origin and/or vegetables, enriched with proteins; fats; jellies and food based on jellies (included in this class); processed coconuts as meat substitutes; cheese substitutes, milk substitutes, meat substitutes, poultry substitutes, game substitutes and fish substitutes enriched with cereals and cereal preparations, with rice or with rice preparations, all the aforementioned goods also in processed form; prepared meals mainly consisting of substitutes for cheese, for milk, for meat, for poultry, for game and of fish substitutes, enriched with cereals and cereal preparations, with rice and with rice preparations, all the aforementioned goods also in processed form; substitutes for milk, for dairy products, for cheese and

for cheese products, for eggs and for egg products, and fish substitutes, meat substitutes, sausages substitutes, poultry substitutes, game substitutes, all the aforementioned goods also enriched with cereals, with cereal products, including pseudocereals, with rice or with rice preparations; prepared meals mainly consisting of substitutes for milk, for dairy products, for cheese and for cheese products, for eggs and for egg products and fish substitutes, meat substitutes, sausage substitutes, poultry substitutes and game substitutes, all the aforementioned goods also enriched with cereals, with cereal products, including pseudocereals, with rice or with rice preparations.

Class 30

Flours and cereal preparations; malt flours; soya flours; baking raw materials based on flours and flour preparations; baking pre-mixes based on flours and flour preparations; baking substances based on flours and flour preparations; confectionery, also as bars, in particular containing chocolate, cereals and/or nuts; high-protein cereal bars; grape sugar; cereals; prepared meals, snacks and desserts, each based on flours or cereals; sauces; condiments; pastes as seasonings, in particular based on lemons or other citrus fruit; dietetic food for non-medical purposes based on carbohydrates; chocolate, chocolate products; pralines, also with liquid stuffing; cocoa; cocoa products; nougat; icing made of fatty substance; confectionery; marzipan; marzipan substitutes; fondants [confectionery]; confectionery in the form of jelly; processed seeds for use as condiments and for the flavouring of food and beverages; ice, ice cream, frozen yoghurt, sorbets, also made of substitutes for milk and dairy products; flavourings, seasonings and flavouring substances for food and beverages [other than essential oils]; edible salt; condiments; processed cereals and starch for food and products thereof, and yeast; flours and cereal preparations; flour pre-mixes, in particular composite flours and enriched flours, in particular with proteins and starches; flour pre-mixes for baking purposes; flour pre-mixes for food; cereal premixes; cereal powder; cereal

preparations; processed grain kernel; processed grain; seeds germs for use as a seasoning; whole grain; processed cereals; ready-to-eat cereals; rice flour; rice starch; ready-made flours; swelling flour; cereal products; cereals based on flour and grains; pseudo grains; processed seeds for use as a seasoning; malt products, namely malt flour and malt extracts for food; malt for human consumption; bakery goods; pastas; flavorings [other than essential oils]; vegetable flavourings [not essential oils]; flavourings made of milk and milk products; butter flavourings; cream flavourings; cheese flavourings; meat flavourings; flavouring preparations of coconut.

Class 31

Fodder and animal food; formula animal feed; foodstuffs for farm animals; animal foodstuffs consisting of soya bean products; animal foodstuffs; enriched formula animal food; mixed animal food.

Class 32

Non-alcoholic beverages, in particular sport drinks, isotonic drinks, energy drinks, whey beverages, smoothies; syrups and other preparations for making drinks, in particular pastilles and powders for effervescing drinks; preparations for making dietetic beverages for non-medical purposes.

Class 35

Marketing services relating to food and food production and food manufacture as well as relating to animal food and to animal food manufacture and to animal food production; consultancy services relating to marketing; preparation of marketing plans; analysis of marketing trends; conducting of marketing studies; professional business consultancy, including professional business consultancy relating to preparation and operation of online trading platforms; provision of an online marketplace for buyers and sellers relating to foodstuffs and animal food, foodstuffs additives and animal food additives as well as relating to development, manufacture and distribution of foodstuffs and animal food and foodstuffs additives and animal

food additives via an online trading platform; business management organization services of testing plants and laboratories in the area of foodstuffs technology and animal food technology, in particular business organizational advisory services, business organizational planning services, business organizational supervising services of testing plants and laboratories in the field of foodstuffs technology and animal food technology.

Class 42

Scientific and technological services and research and design relating thereto; scientific and technological consultancy for the production and development of foodstuffs and animal food, of foodstuffs additives and animal food additives; conducting of laboratory experiments in the field of development and production of foodstuffs, of animal food, of foodstuffs additives and animal food additives; technical consultancy relating to the standardization and quality assurance of foodstuffs and animal food and foodstuffs additives and animal food additives; industrial process monitoring for standardization and quality assurance of foodstuffs and animal food and foodstuffs additives and animal food additives; technical analysis in the foodstuffs industry and animal food industry; technical supervision in the foodstuffs industry and animal food industry; technical supervision, technical research services, each relating to testing plants and laboratories in the field of foodstuffs technology and animal food technology; technical planning services and technical project management services relating to the development of testing plants and laboratories in the field of foodstuffs technology and animal food technology; conducting laboratory experiments and laboratory testing relating to foodstuffs technology and animal food technology; development of construction projects, namely development of testing plants and laboratories in the field of foodstuffs technology and animal food technology; research services and development relating to the production of foodstuffs and animal food and of foodstuffs additives and animal food additives; design and development of construction projects, namely development of production

facilities for the production of foodstuffs and animal food and of foodstuffs additives and animal food additives; design and development of industrial production processes for the manufacture of foodstuffs and animal food and of foodstuffs additives and animal food additives; technological consultancy in the field of product development for the foodstuffs industry, animal food industry, pharmaceutical and cosmetic industry; product development for others in the foodstuffs industry, animal food industry, pharmaceutical and cosmetic industry.

Goods and/or Services:

Class 09

Measuring apparatus; diagnostic apparatus other than for medical use; software; sound reproduction apparatus; image recording equipment; data processing apparatus.

Class 10

Medical apparatus; massage apparatus; massage chairs with built-in massage apparatus; armchairs and special furniture for medical use; diagnostic apparatus for medical use.

Class 44

Skin care services; beauty salons; skin care centers; plastic surgery; massage services; hygiene and beauty care for humans and animals; rental of equipment for human or animal hygiene, beauty care and health care for humans and animals; information and advice with respect to massage and beauty and health care; professional advice concerning health care; completing preliminary diagnostics for health and beauty care.

Goods and/or Services: All goods and/or services claimed in this class

Applicant/Proprietor Details:

CAPSIX

19 TER RUE AMPÈRE

F-69450 SAINT-CYR-AU-MONT-D'OR

National Trade Mark No: 40202317820W

International Registration No: 1689726

Date of Protection in Singapore: 21 July 2023

Classes: 25 28 35 41 44

Goods and/or Services:

Class 25

Shoes; sports shoes; soles for footwear; non-slip devices for footwear; bedroom slippers; boots; gymnastic shoes; ballet flats [dance slippers]; sandals; headwear;

hosiery; headbands [clothing]; ear muffs; caps; clothing; sportswear; wristbands [clothing]; clothing for combat sports; clothing for gymnastics; tracksuits; fleece jackets; sweatshirts; uniforms; jackets; tee-shirts; loungewear; leotards; sweat-absorbent underclothing [underwear]; sports bras; sweatbands for the head; cyclists' clothing; leg warmers; sock suspenders; sports socks; dressing gowns; underwear; scarves; long scarves; stoles; furs (clothing); gloves; muffs (clothing); coats; fingerless gloves; trousers; pelisses; pullovers; bathing caps; bathing trunks; swimsuits; bathing suits; bathrobes; bath sandals; shower caps; belts [clothing]; lingerie [underwear]; jerseys.

Class 28

Body-training apparatus (physical exercise); elliptical trainers; appliances for gymnastics; sports equipment; exercise apparatus for toning the body; stationary exercise bicycles; machines for physical exercises; body-building apparatus (physical exercise); bags specially designed for carrying sports equipment; punching bags; spring-mounted punch balls; spring boards (sports articles); gymnastic and sporting articles; discuses for sports; sports balls; sports rings; wrist straps for sports; benches for sports; nets (sports articles); boxing gloves; starting blocks for sports; balls (sports articles); leg weights (sports articles); weight lifting belts (sports articles); dumbbell shafts; dumbbells for weight lifting; dumb-bells for exercise; martial arts training material; fencing equipment; shin guards (sports articles); protective paddings [parts of sports suits]; games; toys; electronic games; portable electronic video games.

Class 35

Commercial business management; commercial administration of the licensing of third-party goods and services; bill-posting; commercial or industrial company management assistance; procurement services for others (purchasing goods and services for other businesses); business management assistance; compilation of

information into computer databases; updating and maintenance of data in computer databases; business management and organization consultancy; demonstration of goods; development of advertising concepts; online dissemination of advertising matter; dissemination of advertising matter and advertising material [leaflets, brochures, flyers and samples]; distribution of advertisements by mail; computer file management; rental of advertising space; rental of advertising time on all communication media; rental of advertising material; updating of advertising material; organization of exhibitions for commercial or advertising purposes; presentation of goods on all communication media for retailing; sales promotion for third parties; publication of advertising texts; advertising; advertising, including promotion of third-party goods and services via sponsorship agreements and licensing agreements relating to international sports events; radio advertising; television advertising; online advertising on a computer network; collection of data in a central file; writing of advertising texts; customer loyalty services for commercial, promotional or advertising purposes; organization, operation and supervision of customer loyalty programs; management of sales incentive programs and customer loyalty schemes; systematization of information in computer databases; public relations; subscriptions to an Internet connection offer; subscription services for Internet services; arranging subscriptions to telecommunication services for others; commercial business expertise; newspaper subscription services (for third parties); accounting; business management for freelance service providers; business advisory services relating to the establishment and operation of franchises; assistance in commercial management in the framework of franchise agreements; assistance in product marketing within the framework of a franchise agreement; services provided by a franchiser, namely commercial assistance in the operation or management of industrial or commercial companies; retail sale services concerning games; retail services concerning toys; promotion of third-party goods and services; promotion of third party products and services by agreeing with sponsors to associate their products and services with sporting events; online retail services for goods in

connection with sports, fitness, bodybuilding and well-being; administrative and commercial management of sports halls; compilation of statistical data relating to sporting performances and weight loss; subscription services and organizing promotional and advertising activities with a view to developing customer loyalty; retail services relating to sports articles.

Class 41

Sporting and cultural activities; leisure services; education, leisure and sports; sports hall services; sports club services [physical exercise]; provision of sporting facilities for clubs; gym services relating to body building; gym services relating to muscle building; providing sports rooms; providing facilities and equipment for sports training; physical fitness training services; sports coaching services; rental of sports equipment and infrastructure; physical fitness courses; gymnastic courses; courses in the field of dance; body-building courses; martial arts training; yoga classes; instruction on the pilates method; fitness classes; coaching [training]; personal trainer services [fitness training]; organization of sports events, competitions and tournaments; organization of competitions [education or entertainment]; organization of games; entertainment; organization of shows; gymnastics class services; aerobics class services; consulting services concerning physical exercises [fitness]; teaching services with respect to nutrition; teaching services relating to health; training services in the field of beauty and esthetics; organization of cultural and artistic events; teaching; education; training; providing information with respect to sporting activities; correspondence courses; providing entertainment services in the form of live musical performances or recorded music; organization of art exhibitions; sports club services [health and fitness training]; sports courses; courses, coaching and training in the field of sport; sports and fitness; training for physical health and well-being; videotaping; photography services; photographic reporting; editing services for periodical and non-periodical publications, other than advertising texts; publication and editing of books; publication and editing of printed matter; editing of electronic

publications; digital video, audio and multimedia entertainment publishing services; audio and video editing services; multimedia publishing; production of radio and television programs, audiovisual and multimedia programs, and/or musical or non-musical sounds, for interactive use or not; sports training and workouts by means of a digital application; video sports coaching (training) and video analysis of sports services (training); providing non-downloadable videos in the field of gymnastics and physical exercise, of dieting.

Class 44

Massages; beauty salons; sauna services; provision of spa facilities; physical therapy services; aromatherapy services; Turkish bath services; advice with respect to health; skin care services [beauty and sanitary care]; balneotherapy services; beauty care services.

Carbios

Goods and/or Services:

Class 01

Stabilizers for plastic polymers; unprocessed plastic materials; biodegradable unprocessed plastics; unprocessed plastics in the form of granules, paste, liquids, masses, pellets, chips, powder; unprocessed plastics in all forms; unprocessed plastics for industrial use; artificial soil for plant cultivation made from biodegradable and/or compostable plastics; chemical additives; chemical additives for use in plastics; chemical and organic additives for use in the treatment of plastics; (chemical) food additives and bacterial cultures for the food industry; biological foodstuff additives (not for medical use); Biological and biochemical preparations as additives and auxiliary agents for the production of foodstuffs; chemical agents for improving the quality of foods (not for medical use); chemical products for use in industry and science; chemical products for the treatment of textiles; enzymes for industrial use; enzymes for technical use; purified enzymes for industrial use; enzymes for scientific use; enzymes derived from biotechnological processes for use in industry; enzyme stabilizers; industrial enzymes for breaking down and/or depolymerizing plastics and other polymeric resins; activator enzymes; food-processing enzymes; unprocessed artificial or synthetic resin for packing; unprocessed artificial resins and unprocessed plastics; chemical additives for the protection of plastics against deterioration; chemical additives for use in the treatment of plastics; chemical additives that accelerate biodegradation; chemical additives for compost; enzyme additives for use in the biodegradation of plastics; compost activator for use in the manufacture of compost; chemical additives used in the treatment and the production of compostable and/or biodegradable plastic materials; Chemical products and adjuvants used in manufacturing plastics; chemical catalysts, polymerization catalysts; chemical catalysts, depolymerization catalysts; chemicals used to make goods out of biodegradable plastics; mixtures of chemical products and enzyme preparations for use in the production of biodegradable and/or

compostable plastics; biodegradable plastics for industrial purposes, science, agriculture, horticulture and forestry; biodegradable plastics intended for industry; mixtures of chemical products and enzyme preparations for use in the production of biodegradable and/or compostable plastics; raw hydrolyzed proteins; stem cells other than for medical or veterinary use for degrading and/or depolymerization of plastics and other polymer resins; micro-organism cultures and preparations for degrading and/or depolymerization of plastics and other polymer resins; enzyme preparations for industrial use; ferments for chemical use; chemical products for preserving foodstuffs; chemicals for keeping food fresh; lecithin (raw material); plasticizers; artificial sweeteners; flour and starch for industrial use; Chemical products intended for industry, agriculture, horticulture and forestry excluding fungicides, herbicides, insecticides and parasiticides; enzymes for industrial use for the degrading and/or depolymerization of plastics and other polymer resins; culture of micro-organisms other than for medical, veterinary use; bio-sourced plastics; biodegradable and/or compostable plastics for manufacturing use; unprocessed plastics; biodegradable polymer resins; biodegradable polymer compositions; enzymatic substrates; enzyme preparations for decomposing waste; enzyme preparations for the treatment of waste; biochemical catalysts; enzymes used as biochemical catalysts; catalysts for chemical and biochemical processes; depolymerization catalysts; enzyme preparations for the textile industry; enzymes for treatment of fabrics; enzymes in liquid form for industrial use; chemical preparations for use in tire treatment; terephthalic acid monomers; ethylene glycol monomers; polyethylene terephthalate (PET).

Class 16

Printing products (printed matter); bookbinding material; photographs; stationery; adhesives for stationery or household purposes; artists' materials; paintbrushes; typewriters and office requisites (except furniture); instructional or teaching material (except apparatus); printing type; printing blocks; paper; cardboard; boxes of cardboard or paper; posters; albums; cards; books; newspapers; prospectuses;

pamphlets; calendars; writing instruments; engravings or lithographic works of art; paintings (pictures), framed or unframed; aquarelles; patterns for dressmaking; drawings; drawing instruments; handkerchiefs of paper; face towels of paper; table linen of paper; toilet paper; bags and small bags (envelopes, pouches) of paper or plastic for packaging; garbage bags of paper or of plastics; biodegradable and/or compostable plastic film for packing; biodegradable and/or compostable plastic packing; biodegradable and/or compostable plastic films; biodegradable and/or compostable plastic packing bags; all-purpose bags for packing or packaging made from biodegradable and/or compostable plastics; garbage bags made of biodegradable and/or compostable plastics; bags (envelopes, pouches) made of biodegradable and/or compostable plastics for packing or packaging; green waste bags made of plastic; bags for green waste made of compostable and/or biodegradable plastics; biodegradable and/or compostable plastic bags for packing; biodegradable and/or compostable plastic bubble films for packing; biodegradable and/or compostable plastic bags for household use for preserving foods; biodegradable and/or compostable plastic bags for the agri-food packing; foils, bags, small bags, and biodegradable and/or compostable pouches of plastic for wrapping and packaging; biodegradable and/or compostable plastic films for wrapping, packing and packaging; biodegradable plastic bubble packs for wrapping or packaging.

Class 17

Rubber, gutta-percha, gum, asbestos, mica; products made of semi-finished plastic materials; packing, stopping and insulating materials; flexible pipes not of metal; rubber stoppers; packing (cushioning, stuffing) materials of rubber or plastics; plastic sheeting for agricultural use; foils of metal for insulating; insulating gloves, strips, fabrics or varnishes; artificial or synthetic resins (semi-finished goods); bags or small bags (envelopes, pouches) of rubber for packaging; glass wool or fibers for insulation; plastic fibers other than for textile use; biodegradable and/or compostable plastic

fibers for use in the manufacture of packing; insulating materials made from biodegradable and/or compostable plastics; plastic materials and resins in extruded form used in manufacturing operations; semi-processed plastic materials; recycled plastic materials; biodegradable and/or compostable plastic film for agricultural use; biodegradable and/or compostable plastic fibers, not for textile use; biodegradable and/or compostable plastics for the manufacture and/or production of semi-finished products; biodegradable and/or compostable plastics for the manufacture and/or production of finished products; plastic film, other than for wrapping; biodegradable plastics manufactured from bio-sourced plastics for industrial purposes; plastic film, other than for wrapping; plastic sheets, particularly for agricultural use; plastic fibers for 3D printing; recycled plastic material; Recycled polyethelene terephthalate (PET) for use in further manufacturing, particularly by enzymatic recycling.

Class 20

Plastic trays for foodstuff packaging and biodegradable plastic-based containers for commercial packaging in the nature of yogurt pots being yogurt containers.

Class 21

Biodegradable and/or compostable plastic plates and glasses.

Class 22

Plastic fibers for textile use; biodegradable and/or compostable plastic fibers for textile use; plastic tarpaulins for agricultural use.

Class 40

Processing of plastic materials; processing of plastic materials; recycling of plastic materials; treatment of plastic materials; chemical treatment of textiles; processing and recycling of packaging; waste treatment and recycling; services for processing biodegradable materials; services for processing of biodegradable unprocessed plastics; purification services for biodegradable materials; services for the

modification of plastics; services for the modification of materials; services for the treatment of textiles; services for the treatment of textile wastes; services for the treatment of plastic wastes; water treatment services; water purification service; material treatment services for conversion of targeted substrates into targeted chemical preparations by treatment by means of enzymatic systems; chemical recycling of waste; enzymatic recycling of wastes; enzymatic recycling of plastic wastes; recycling of chemical products; treatment [recycling] of chemical products; recycling of trash and waste; recycling of waste; recycling services; industrial waste treatment; treatment of waste materials; treatment [recycling] of industrial waste; treatment [recovery] of waste materials; treatment of waste; recycling of beverage bottles; recycling of plastic bottles; recycling of PET bottles; recycling of textiles incorporating polyester; recycling of textiles incorporating PET; waste management services [recycling]; providing information with respect to waste recycling; recycling services; advisory services relating to waste and trash recycling; information, advisory and assistance services relating to recycling of waste and trash; recycling of clothing; recycling of clothing to recover material for production of synthetic fibers; reclaiming of materials contained in waste; sorting of waste and recyclable material; upcycling (waste recycling); 3D printing to order for third parties; recycling, reclamation, recovery and reuse (transformation) and elimination of waste and component materials thereof; services for the purification and regeneration of waste and the component materials thereof; services for recycling by depolymerization; treatment of materials by plastic depolymerization processes; treatment of materials by monomer-based polymer repolymerization processes; treatment of materials by monomer-based polyethylene terephthalate (PET) repolymerization processes.

Class 42

Research and development of new products, in the field of plastics; design of biodegradable and/or compostable packing; evaluations, estimates, research and reports in the scientific and technological fields, namely, expert appraisals (works) by

engineers in the field of biodegradable plastics; scientific services of research centers, laboratories (chemical, biochemical and bacteriological analyses) in the fields of the collection, transportation, treatment, cleaning, storage, clean-up, reclamation, disposal of waste and refuse, consultancy and expert appraisals in the field of waste and refuse, scientific research services in connection with environmental protection for the collection, transportation, treatment, cleaning, storage, reclamation of refuse and waste, pollution prevention services; scientific services of research centers, laboratories (chemical, biological and bacteriological analyses) in the biotechnological fields; technical expertise [engineering work]; expert biopolymer scientific formulation services; scientific analysis and research services; industrial analysis and research services, namely, research and development of new products, biological research, technical research, in the field of biodegradable plastics; scientific and technological advisory services provided by engineers, in the field of biodegradable plastics; scientific and technological consultancy services provided by engineers, in the field of biotechnology; advice with respect to technology in the field of plastics recycling; chemical and biotechnological analysis services; research and development services in the field of biotechnology, fermenting treatments, biological or chemical polymerization or depolymerization mechanisms; research and development of new products in particular in the field of biotechnology; Consultancy provided by engineers in the field of biotechnology; services in the field of biotechnology consisting of the development of innovative processes to produce industrial-high added-value compounds in the fields of biosourced polymers, nutrition and health, agro-industry; provision of scientific reports of experts and consultancy provided by engineers in the field of biotechnology and concerning the implementation of the results of biotechnology research; analyses of chemical and physics research in the field of biodegradable plastic; research in the field of biology and biotechnology; conducting of technical project studies; research and analysis of chemical and physico-chemical plastic depolymerization processes; technical consulting in the field of chemistry, green

chemistry, plastics, plastics processing, biotechnology, biomass, bioremediation, recycling of plastics, and the recycling of waste, particularly the enzymatic recycling of plastic wastes or textile wastes; drawing up plans, technical project studies, industrial research and development, studies and engineering work, namely, namely, provision of scientific expert appraisals, valuations, estimates, research, preparation of reports, engineering works, surveying, all these services being provided in the field of chemical industries, green chemistry, plastics, plastics processing, biotechnology, biomass, bioremediation, recycling of plastics, and the recycling of wastes, particularly the enzymatic recycling of plastic wastes or textile wastes.

Class 45

Licensing of technology in the field of chemistry, green chemistry, plastics, plastics processing, biotechnology, biomass, bioremediation, recycling of plastics, and the recycling of wastes, particularly the enzymatic recycling of plastic wastes or textile wastes; licensing of technology for treatment of materials by plastic depolymerization processes, by monomer-based polymer repolymerization processes, or by monomer-based polyethylene terephthalate (PET) repolymerization processes; licensing of technology for the production of enzymatic additives and packing materials made of biodegradable and/or compostable plastics.

UNREAL FAB

Goods and/or Services:

Class 09

Downloadable software for uploading, downloading, publishing, viewing, and sharing interactive three-dimensional (3D) models; downloadable software for use in the creation of computer programs and software, virtual spaces, virtual worlds, online universes, 2D and 3D sites, 2D and 3D content, immersive and realistic interactive experiences, and metaverse environments; downloadable software for use in the creation of fully immersive and interactive animations, simulations, and visualizations; downloadable virtual goods, namely, computer programs featuring digital assets and content for use in computer programs and software, virtual spaces, virtual worlds, online universes, 2D and 3D sites, 2D and 3D content, immersive and realistic interactive experiences, and metaverse environments; downloadable virtual goods, namely, computer programs featuring textures, meshes, models, rigs, graphics, images, videos, audio content, multimedia content, projects, packages, datasets, blueprints, assets, asset data, point clouds, and other digital content for use in

computer programs and software, virtual spaces, virtual worlds, online universes, 2D and 3D sites, 2D and 3D content, immersive and realistic interactive experiences, and metaverse environments; downloadable virtual goods, namely, computer programs featuring props, set pieces, buildings, structures, environments, terrains, foliage, landscapes, avatars, characters, character packs, character animations, character effects, heroes, warriors, adversaries, clothing, accessories, outfits, skins, wraps, pets, vehicles, weapons, tools, armor, abilities, emotes, gestures, dialogue, and sounds for use in computer programs and software, virtual spaces, virtual worlds, online universes, 2D and 3D sites, 2D and 3D content, immersive and realistic interactive experiences, and metaverse environments; downloadable graphics for computers, namely, 2D and 3D images for use in computer programs and software, virtual spaces, virtual worlds, online universes, 2D and 3D sites, 2D and 3D content, immersive and realistic interactive experiences, and metaverse environments; downloadable computer software programs featuring animations, audio and visual effects, special effects, animation blueprints, maps, elements, audio packs, sounds, sound cues, and audio files for use in the creation of computer programs and software, virtual spaces, virtual worlds, online universes, 2D and 3D sites, 2D and 3D content, immersive and realistic interactive experiences, and metaverse environments; downloadable software featuring digital human and non-human characters and representations for use in computer programs and software, virtual spaces, virtual worlds, online universes, 2D and 3D sites, 2D and 3D content, immersive and realistic interactive experiences, and metaverse environments; downloadable 3D and virtual goods, namely, computer programs featuring digital content for use in 3D and virtual environments; downloadable virtual goods, namely, computer programs featuring digital content for use in creating and participating in online virtual worlds; downloadable graphics for computers, namely, images for use in creating and participating in virtual environments; downloadable graphics for computers, namely, images for use in an online multimedia virtual environment; downloadable graphics for computers, namely, 2D and 3D images for use in the

creation of computer-generated imagery and graphics; downloadable graphics for computers, namely, 2D and 3D images for use in the creation and production of motion pictures, television shows, videos, animations, simulations, visualizations, visual media, digital media, virtual and augmented environments, and virtual, augmented, mixed reality and extended reality experiences; downloadable graphic files for use in connection with digital content creation platforms; downloadable software for use in the creation and production of multimedia content, interactive worlds, virtual reality, augmented reality, mixed reality and extended reality experiences, films, television programs, videos, and digital media in general; downloadable software for use in creating virtual, augmented, mixed reality, and extended reality experiences; downloadable computer software and electronic files consisting of interactive three-dimensional (3D) models and three-dimensional (3D) models.

Class 35

Online retail store services featuring software for use in the creation of computer programs and software, virtual spaces, virtual worlds, online universes, 2D and 3D sites, 2D and 3D content, immersive and realistic interactive experiences, and metaverse environments; online retail store services featuring software for use in the creation of fully immersive and interactive animations, simulations, and visualizations; online retail store services featuring downloadable virtual goods, namely, computer programs featuring digital assets and content for use in computer programs and software, virtual spaces, virtual worlds, online universes, 2D and 3D sites, 2D and 3D content, immersive and realistic interactive experiences, and metaverse environments; online retail store services featuring virtual goods, namely, computer programs featuring textures, meshes, models, rigs, graphics, images, videos, audio content, multimedia content, projects, packages, datasets, blueprints, assets, asset data, point clouds, and other digital content; online retail store services featuring graphics for computers; online retail store services featuring virtual goods, namely,

computer programs featuring props, set pieces, buildings, structures, environments, terrains, foliage, landscapes, avatars, characters, character packs, character animations, character effects, heroes, warriors, adversaries, clothing, accessories, outfits, skins, wraps, pets, vehicles, weapons, tools, armor, abilities, emotes, gestures, dialogue, and sounds; online retail store services featuring graphics for computers, namely, 2D and 3D images; online retail store services featuring animations, audio and visual effects, special effects, animation blueprints, maps, elements, audio packs, sounds, sound cues, and audio files; online retail store services featuring digital human and non-human characters and representations; online retail store services featuring 3D and virtual goods, namely, computer programs featuring digital content for use in creating and participating in 3D and virtual environments; online retail store services featuring virtual goods, namely, computer programs featuring digital content for use in creating and participating in online virtual worlds; online retail store services featuring images for use in creating and participating in virtual environments; online retail store services featuring images for use in an online multimedia virtual environment; online retail store services featuring 2D and 3D images for use in the creation of computer-generated imagery and graphics; online retail store services featuring 2D and 3D images for use in the production of motion pictures, television shows, videos, animations, simulations, visualizations, visual media, digital media, virtual and augmented environments, and virtual, augmented, mixed reality and extended reality experiences; online retail store services featuring graphic files for use in connection with digital content creation platforms; online retail store services featuring software for use in the creation of multimedia content, interactive worlds, virtual reality, augmented reality, mixed reality and extended reality experiences, films, television programs, videos, and digital media in general; online retail store services featuring software for use the creation of virtual, augmented, mixed reality, and extended reality experiences; online retail store services featuring digital assets for use in the creation and production of animations, simulations, visualizations, digital media, virtual environments, and

virtual, augmented, mixed reality and extended reality experiences; online retail store services featuring digital assets for use in creating virtual spaces, online universes, 2D and 3D sites, 2D and 3D content, immersive and realistic interactive experiences, and metaverse environments; online retail store services featuring digital assets for the creation of computer-generated imagery and graphics; online retail store services featuring computer software and electronic files consisting of interactive three-dimensional (3D) models and three-dimensional (3D) models; providing an online marketplace for connecting buyers and sellers of downloadable digital art images via a website; providing an online marketplace for connecting buyers and sellers of digital assets via a website; providing an online marketplace for connecting buyers and sellers of digital assets for the creation of computer-generated imagery and graphics, via a website; provision of an online marketplace for connecting sellers and buyers of software and electronic files consisting of interactive three-dimensional (3D) models and three-dimensional (3D) models; operating an online marketplace featuring computer software and electronic files consisting of interactive three-dimensional (3D) models and three-dimensional (3D) models; providing an online marketplace for connecting sellers and buyers of software and electronic files consisting of interactive three-dimensional (3D) models and three-dimensional (3D) models, via a website; provision of an online marketplace for buyers and sellers of digital assets for use in the production of animations, simulations, visualizations, digital media, virtual environments, and virtual, augmented, mixed reality and extended reality experiences; provision of an online marketplace for connecting buyers and sellers of digital assets for use in the creation of virtual spaces, online universes, 2D and 3D sites, 2D and 3D content, immersive and realistic interactive experiences, and metaverse environments.

Class 42

Software as a service (SAAS) services featuring software for uploading, downloading, publishing, viewing, and sharing interactive three-dimensional (3D) models; software

as a service (SAAS) services featuring software for use in the creation of virtual spaces, virtual worlds, online universes, 2D and 3D sites, 2D and 3D content, immersive and realistic interactive experiences, and metaverse environments; software as a service (SAAS) services featuring software for use in the creation of fully immersive and interactive animations, simulations, and visualizations; software as a service (SAAS) services featuring software for use in the creation of multimedia content, interactive worlds, virtual reality, augmented reality, mixed reality and extended reality experiences, films, television programs, videos, and visual media; software as a service (SAAS) services featuring software for use in uploading, downloading, and publishing digital content; software as a service (SAAS) services featuring software for use in uploading, downloading, and publishing textures, meshes, models, rigs, graphics, images, videos, audio content, multimedia content, projects, packages, datasets, blueprints, assets, asset data, point clouds, and other digital content for use in computer programs and software, virtual spaces, virtual worlds, online universes, 2D and 3D sites, 2D and 3D content, immersive and realistic interactive experiences, and metaverse environments; software as a service (SAAS) services featuring software for use in uploading, downloading and publishing props, set pieces, buildings, structures, environments, terrains, foliage, landscapes, avatars, characters, character packs, character animations, character effects, heroes, warriors, adversaries, clothing, accessories, outfits, skins, wraps, pets, vehicles, weapons, tools, armor, abilities, emotes, gestures, dialogue, and sounds for use in computer programs and software, virtual spaces, virtual worlds, online universes, 2D and 3D sites, 2D and 3D content, immersive and realistic interactive experiences, and metaverse environments; software as a service (SAAS) services featuring software for uploading, downloading and publishing 2D and 3D images for use in computer programs and software, virtual spaces, virtual worlds, online universes, 2D and 3D sites, 2D and 3D content, immersive and realistic interactive experiences, and metaverse environments; software as a service (SAAS) services featuring software for use in uploading, downloading and publishing animations, audio and

visual effects, special effects, animation blueprints, maps, elements, audio packs, sounds, sound cues, and audio files for use in computer programs and software, virtual spaces, virtual worlds, online universes, 2D and 3D sites, 2D and 3D content, immersive and realistic interactive experiences, and metaverse environments; software as a service (SAAS) services featuring software for uploading, downloading and publishing digital human and non-human characters and representations for use in computer programs and software, virtual spaces, virtual worlds, online universes, 2D and 3D sites, 2D and 3D content, immersive and realistic interactive experiences, and metaverse environments; software as a service (SAAS) services featuring software for creating digital content in 3D and virtual environments; software as a service (SAAS) services featuring software for creating and participating in 3D and virtual environments; software as a service (SAAS) services featuring software for creating and participating in online virtual worlds; software as a service (SAAS) services featuring software for uploading, downloading and publishing 2D and 3D images for use in the creation of computer-generated imagery and graphics; software as a service (SAAS) services featuring software for uploading, downloading and publishing 2D and 3D images for use in the production of motion pictures, television shows, videos, animations, simulations, visualizations, visual media, digital media, virtual and augmented environments, and virtual, augmented, mixed reality and extended reality experiences; software as a service (SAAS) services featuring software for uploading, downloading and publishing graphic files for use in connection with digital content creation platforms; software as a service (SAAS) services featuring software for use in the creation and development of multimedia content, interactive worlds, virtual reality, augmented reality, mixed reality and extended reality experiences, films, television programs, videos, and digital media in general; software as a service (SAAS) services featuring computer software and electronic files consisting of interactive three-dimensional (3D) models and three-dimensional (3D) models; providing temporary use of non-downloadable computer software for use in the creation, design, development, production, and operation of

virtual spaces, online universes, 2D and 3D sites, 2D and 3D content, immersive and realistic interactive experiences, and metaverse environments; providing temporary use of non-downloadable computer software for use in uploading, downloading and publishing digital assets for use in computer programs and software, virtual spaces, virtual worlds, online universes, 2D and 3D sites, 2D and 3D content, immersive and realistic interactive experiences, and metaverse environments; providing temporary use of non-downloadable computer software for use in creating and manipulating digital content and images in 3D and virtual environments, and online virtual worlds; providing temporary use of non-downloadable computer software for uploading, downloading and publishing 2D and 3D images, graphic files, digital content, and multimedia content for use in the production of motion pictures, television shows, videos, animations, simulations, visualizations, visual media, digital media, virtual and augmented environments, and virtual, augmented, mixed reality and extended reality experiences; computer services in the nature of hosting customized web pages featuring user-generated content; software as a service (SaaS) services featuring software that enables users to browse and license digital content via an online website.

Priority Date: 19/05/2023

Country/Territory: VIET NAM

Priority Application Number: 4-2023-20281

Goods and/or Services: retail and wholesale services for medicines and pharmaceutical preparations for human; advertising services relating to medicines and pharmaceutical preparations for human.

Class Number: 42

Priority Date: 19/05/2023

Country/Territory: VIET NAM

Priority Application Number: 4-2023-20282

Goods and/or Services: medical and pharmacological research services; medical research laboratory services; scientific research for medical purposes in the area of cancerous diseases; laboratory testing.

Class Number: 44

Priority Date: 19/05/2023

Country/Territory: VIET NAM

Priority Application Number: 4-2023-20283

Goods and/or Services: polyclinic services; health care service; medical analysis services for diagnostic and treatment purposes provided by medical laboratories; health assessment services; health counseling; medical information services; medical testing services; medical laboratories services.

SILVANIA

Goods and/or Services:

Class 31

Raw and unprocessed agricultural, aquacultural, horticultural and forestry products; bulbs, seedlings and seeds; undressed timber, unsawn timber, unprocessed timber.

Class 35

Management, organization and administration of commercial business; business management assistance with respect to the prevention, reduction or removal of sources of carbon dioxide and other greenhouse gas emissions; negotiation of business contracts for third parties; negotiating business contracts for third parties in the field of nature conservation and the environment; commercial risk management services in the field of trade in environmental products, namely, carbon dioxide and other greenhouse gas emission credits, quotas, offsets and derivatives; advertising; advertising in the field of nature conservation and the environment; promotion services, including promoting, fostering innovation and projects in the field of nature conservation and the environment, the collection and storage of carbon dioxide and other greenhouse gases; commercial management, organization and administration in the field of nature conservation and the environment; commercial business management, organization and administration in the field of the collection, treatment, use, reclamation, recycling, offsetting, storage, sequestration, transport, distribution and delivery of carbon dioxide and other greenhouse gas emissions; office functions; commercial services in the field of developing alliances, partnerships and solution research programs in the field of nature conservation and the environment; commercial services in the field of developing alliances, partnerships and solution search programs for the collection, treatment, use, reclamation, recycling, offsetting, storage, sequestration, transport, distribution and delivery of carbon dioxide and other greenhouse gas emissions; commercial services in the field of developing alliances, partnerships and solution research strategies for increasing the storage of carbon dioxide and other greenhouse gas emissions in the ground; business advice on the creation, management and administration of companies to develop corporate alliance strategies; business advisory services for the creation, management and administration of companies for developing commercial alliance strategies in the field of nature conservation and the environment; business advisory services for the creation, management and administration of companies for developing commercial alliance strategies in the field of the collection, treatment, use, reclamation, recycling,

offsetting, storage, sequestration, transport, distribution and delivery of carbon dioxide and other greenhouse gas emissions; business advice on the creation, management and administration of companies to develop commercial alliance strategies in order to increase the storage of carbon dioxide in the ground and of other greenhouse gas emissions; procurement services for third parties, namely, for environmental, physical or derivative products.

Class 36

Funds investment; brokerage of environmental products, environmental commodities and derivatives, namely, carbon dioxide and other greenhouse gas emission credits, quotas or offsets on behalf of offset producers and sellers; trading environmental products, environmental commodities and derivatives, namely, carbon dioxide and other greenhouse gas emission credits, quotas or offsets on behalf of offset producers and sellers; trading, namely, brokerage of environmental products and environmental commodities on international markets; brokerage of carbon credits and quotas; brokerage of derivative products; trading of commodities; raising and investing capital in carbon offset programs; fundraising services; investing funds in the fields of environmental products, environmental commodities and derivatives; investing funds in the field of the collection, treatment, use, reclamation, recycling, offsetting, storage, sequestration, transport, distribution and delivery of carbon dioxide and other greenhouse gas emissions; investment management; investment management in the fields of environmental products, environmental commodities and derivatives; investment management in the field of the collection, treatment, use, reclamation, recycling, offsetting, storage, sequestration, transport, distribution and delivery of carbon dioxide and other greenhouse gas emissions; land and forest acquisition; rental of land and forests; brokerage of carbon credits; brokerage of biodiversity credits.

Class 39

Transport, delivery, packaging and storage of merchandise; transport, delivery, packaging and storage of carbon dioxide and other greenhouse gas emissions; transport, delivery, packaging and storage of carbon dioxide and other greenhouse gas emissions by pipeline, ship, truck and train; services facilitating the transport, delivery, packaging and storage of carbon dioxide and other greenhouse gas emissions, namely, arranging of transportation, delivery and packaging of carbon dioxide and other greenhouse gas emissions, consultancy services relating to the transportation, delivery, packaging and storage of carbon dioxide and other greenhouse gas emissions, tracking and tracing of shipments (transport information); rental of storage space; rental of storage space for carbon dioxide and other greenhouse gas emissions; rental of storage facilities; rental of storage facilities for carbon dioxide and other greenhouse gas emissions; advisory and consultancy services relating to the aforementioned services.

Class 40

Recycling; recycling carbon dioxide and other greenhouse gas emissions for their offsetting; timber felling and processing; soil, waste or water treatment services (environmental rehabilitation services); processing hydrocarbons; treatment of industrial waste to capture and sequester carbon dioxide and other greenhouse gas emissions; treatment of industrial waste to capture and sequester carbon dioxide and other greenhouse gas emissions through the capture and storage of carbon dioxide and other greenhouse gas emissions; processing and treatment of materials produced from greenhouse gas emissions; treatment of air, soil, waste and water; producing energy through the collection and sequestration of carbon dioxide and other greenhouse gas emissions; air purification; advisory and consultancy services relating to the aforementioned services.

Class 42

Scientific and technological services as well as research and design services relating

thereto; scientific and technological services as well as research and design services relating thereto in the field of nature conservation and the environment; scientific research in the field of nature conservation and the environment; technical project studies in the field of offsetting carbon dioxide and other greenhouse gas emissions; providing scientific information and advice with respect to offsetting carbon dioxide and other greenhouse gas emissions; research services in the field of the prevention, reduction or removal of carbon dioxide and other greenhouse gas emissions; technical advisory and consultancy services with respect to carbon dioxide sequestration and other greenhouse gas emissions; environmental impact study services; environmental monitoring services; geological exploration; geological prospecting; geological research; engineering services; research including research in the field of environmental science, the collection and sequestration of carbon dioxide and other greenhouse gas emissions and related technologies; providing information, consultancy and advisory services in the field of scientific and technological services relating to environmental science, the collection and sequestration of carbon dioxide and other greenhouse gas emissions.

Class 44

Agricultural, horticultural and forestry services; reforestation services; tree planting services; tree planting in the context of offsetting carbon dioxide and other greenhouse gas emissions; restoring forest habitats.

Goods and/or Services:

Class 05

Medicines for human purposes; pharmaceutical preparations; diagnostic preparations for medical purposes; biological preparations for medical purposes; chemical preparations for medical purposes; depuratives; diagnostic preparations for veterinary purposes; pesticides; dressings, medical; dietetic substances adapted for

medical use.

Class 09

Measuring instruments; optical apparatus and instruments; chemistry apparatus and instruments; laboratory equipment for detecting genetic sequences; bioreactors for cell culturing for scientific research; apparatus and installations for the production of X-rays, not for medical purposes; protection devices against X-rays, not for medical purposes.

Class 10

Apparatus for use in medical analysis; medical apparatus and instruments; diagnostic apparatus for medical purposes; tomographs for medical purposes; surgical apparatus and instruments; medical genetic testing equipment; apparatus for DNA and RNA exams for medical purposes; biomagnetic rings for therapeutic or medical purposes; surgical implants comprised of artificial materials; suture materials.

Class 35

Retail services for pharmaceutical, veterinary and sanitary preparations and medical supplies; wholesale services for pharmaceutical, veterinary and sanitary preparations and medical supplies; presentation of goods on communication media, for retail purposes; advertising; organization of exhibitions for commercial or advertising purposes; marketing; import-export agency services; systemization of information into computer databases; provision of an on-line marketplace for buyers and sellers of goods and services; sponsorship search.

Class 37

Installation and repair of medical equipment; installation and repair of sanitation facility; installation, maintenance and repair of computer hardware; machinery installation, maintenance and repair; disinfecting; sterilization of medical instruments; surgical equipment disinfection; repair information; construction; upholstering.

Class 41

Instruction services; arranging and conducting of conferences; arranging and conducting of symposiums; arranging and conducting of colloquiums; publication of books; providing on-line electronic publications, not downloadable; on-line publication of electronic books and journals; organization of exhibitions for cultural or educational purposes; mobile library services; writing of texts.

Class 42

Technological research; clinical trials; biological research; bacteriological research; medical research; cancer research for medical purposes; platform as a service [PaaS]; chemical analysis; culturing of cells for scientific research purposes; genetic screening [for scientific purposes].

Class 44

Medical clinic services; medical screening; medical analysis services for diagnostic and treatment purposes provided by medical laboratories; medical assistance; health advisory service; medical equipment rental; rental of sanitary installations; nutritional guidance for diet; sanatorium services; providing cancer screening services.

Classes: 06 07 09 11 12 16 20 35 37 38 39 41 42 45

Goods and/or Services:

Class 06

Grids, frameworks and structures of metal or predominantly made of metal, including rail structures for conveying machines and roller conveyors for conveying goods for storage and retrieval, including but not limited to being for use in warehousing, storage systems, shops, greenhouses and car parks; bins, boxes and containers of metal or predominantly made of metal for storage and transportation of goods; greenhouses; parts and fittings for all the aforementioned goods.

Class 07

Conveyor installations, machines for commissioning storage system and conveyor installations; mechanical storage systems, robotic storage systems, conveyor installations and machines for the storage of goods; mechanical storage systems, robotic storage systems, conveyor installations and machines for agricultural and horticultural use; mechanical storage systems, robotic storage systems, conveyor installations and machines for shipping, freight and cargo handling; components for the aforesaid systems and installations, included in this class; conveying machines, apparatus and installations; conveying machines, apparatus and installations, namely conveyors and roller conveyors for conveying goods for storage and retrieval; conveying machines, apparatus and installations, namely conveyors and roller conveyors for conveying goods for storage and retrieval, being for use in warehousing, storage systems, shops, greenhouses and car parks; electronically controlled machines and apparatus for use for storage and retrieval of goods; packing machines; sorting machines; sorting machines for mail, parcels and packages; industrial robots; autonomous industrial robots; production robots;

autonomous production robots; robotic handling apparatus; robotic apparatus for product selection and handling; robotic packing machines; robotic arms for industrial purposes; control mechanisms for robotic machines; robotic mechanisms for conveying; robotic mechanisms for lifting; materials handling machines, apparatus, structures and equipment; boxes and containers adapted for use with the aforementioned machines and apparatus; machine coupling and transmission components (except for land vehicles); motors and engines (except for land vehicles); electronic controlled machines for storing of goods; conveyor installations and machines for commissioning storage system and conveyor installations; electronically controlled materials handling machines, apparatus, structures and equipment; computerised materials handling machines, apparatus, structures and equipment; parts and fittings for all the aforementioned goods.

Class 09

Computer software; network software; computer operating programs; computer software and hardware for use in connection with programming and operating robots; computer software using artificial intelligence for machine learning, deep learning, computer vision, precise spatial location coordination, image processing including shape and character recognition, and robotics; mobile apps; mobile and online applications; downloadable applications for use with mobile devices; downloadable computer software applications; application software for mobile phones; firmware; measuring, signalling, regulating and control devices, and security devices for storage systems; software for use in storage systems, conveyors and commissioning installations; data processing equipment, computers and other computer hardware for use in storage systems, conveyors and commissioning installations; data processing equipment and computers; data processing apparatus and appliances for management of stocks; recorded computer programmes for management of stocks; electrical control apparatus and instruments being computer operated in the form of a computerised storage and retrieval apparatus or instrument, being for use in the

warehousing of goods, storage systems, shops, greenhouses and car parks; scanners; boxes and containers adapted for use with the aforementioned goods; electronically controlled apparatus and instruments, namely, computerised electronic apparatus and instruments for observation, management and/or operation of storage and retrieval machines and systems, being for use in the warehousing of goods, storage systems, shops, greenhouses and car parks; data processing apparatus and appliances for management of storage depots and warehouses; recorded computer programs and software for management of storage depots and warehouses; electric, electronic and optical apparatus and instruments for measuring, monitoring and checking (supervision); apparatus and instruments for measuring, monitoring, checking (supervision); computerised electric, electronic and optical apparatus and instruments for cleaning; parts and fittings for all the aforementioned goods.

Class 11

Refrigerated containers, units, bins, pallets, boxes and storage systems; freezer containers, units, bins, pallets, boxes and storage systems; parts and fittings for all the aforementioned goods.

Class 12

Vehicles; cars; vans; delivery vehicles; driverless vehicles; autonomous vehicles; robotic vehicles; robotic cars; parts and fittings for all the aforementioned goods.

Class 16

Printed matter; printed publications; magazines; journals.

Class 20

Bins, boxes and containers made of plastic or predominantly made of plastic; bins, boxes and containers made of plastic or predominantly made of plastic for storage and retrieval by conveying machines in warehousing; parts and fittings for all the aforementioned goods.

Class 35

Advertising, marketing and promotional services; dissemination of advertising and promotional materials; market research and marketing services; business information; advisory services for business management; business management of logistics and supply chain management for others; computerised file management; compilation, analysis and retrieval [office functions] of business information and data; compilation and systemisation of information into computer databases; compilation and arranging [data handling] of statistical information; preparation of business reports; dissemination of statistical information; processing of data and of information by electronic means; information, advisory and consultancy services relating to the aforesaid services including the provision of such services on line from a computer database or via the Internet or extranets.

Class 37

Maintenance services; machinery installation and maintenance services; installation and maintenance of computer hardware; installation and maintenance of communications apparatus; installation and maintenance services in the field of electric and electronic apparatus and systems; installation, maintenance and repair of mechanical grids, frameworks and structures of metal or predominantly made of metal, rail structures for conveying machines, roller conveyors for conveying goods for storage and retrieval, greenhouses, storage systems, storing depots, storage systems for the storage of goods, storage systems for agricultural and horticultural use, storage systems for shipping, storage systems for freight and cargo handling, conveyor installations and machines for the storage of goods, conveyor installations and machines for agricultural and horticultural use, conveyor installations and machines for shipping, conveyor installations and machines for freight and cargo handling, conveying machines, conveying apparatus and conveying installations, conveyors and roller conveyors for conveying goods for storage and retrieval,

electronically controlled machines and apparatus for use for storage and retrieval of goods, packing machines, sorting machines, sorting machines for mail, sorting machines for parcels and packages, industrial robots, robotic vehicles, robotic cars, robotic handling apparatus, robotic apparatus for product selection and handling, materials handling machines and apparatus, materials handling structures and equipment, boxes and containers adapted for use with conveying machines and apparatus, boxes and containers adapted for use with sorting and handling machines and apparatus, machine coupling and transmission components (except for land vehicles), machines, motors and engines (except for land vehicles), electronic controlled machines for storing of goods, containers, bins, pallets, boxes, refrigerated containers, refrigerated units, refrigerated bins, refrigerated pallets, refrigerated boxes and storage systems, freezer containers, freezer units, freezer bins, freezer pallets, freezer boxes and storage systems; installation, maintenance and repair of conveying machines, apparatus and installations, including conveyors, roller conveyors and conveyor grids for conveying goods for storage and retrieval, for use in warehousing, storage systems, greenhouses and car parks; installation, maintenance and repair of electronic apparatus and instruments for observation, management and operation of storage and retrieval machines and systems, including but not limited to being for use in warehousing, storage systems, shops, greenhouses and car parks; installation, maintenance and repair of industrial and production robots; information, advisory and consultancy services relating to the aforesaid services including the provision of such services on line from a computer database or via the Internet or extranets; maintenance of computers.

Class 38

Transmission of data and of information by electronic means; data interchange services; transmission of digital data; information, advisory and consultancy services relating to the aforesaid services including the provision of such services on line from a computer database or via the Internet or extranets.

Class 39

Delivery of goods; transportation of goods; transportation logistics; distribution of goods; packaging and storage of goods; transport information about journeys, tariffs, timetables and methods of transport; tracking services relating to transportation and delivery of goods; reservation and arrangement services relating to the transportation of goods and merchandise; packaging of goods and arranging the collection of goods; click and collect services for the collection of goods; provision of car parks and car parking services; vehicle rental; rental of warehouses; rental of containers and pallets; rental of packing machines; rental of storage systems; rental of refrigeration and freezer storage systems; rental of boxes and containers; information, advisory and consultancy services relating to the aforesaid services including the provision of such services on line from a computer database or via the Internet or extranets; rental and leasing of conveying machines, apparatus and installations, including conveyors, roller conveyors and conveyor grids for conveying goods for storage and retrieval, for use in warehousing, storage systems, greenhouses and car parks; rental and leasing of industrial robots in the nature of packing machines or loading/unloading machines; rental and leasing of electronic apparatus and instruments (as parts of loading/unloading machines and apparatus) for observation, management and operation of storage and retrieval machines and systems, including but not limited to being for use in warehousing, storage systems, shops, greenhouses and car parks; rental of robotic handling apparatus as parts of packing machines or of loading/unloading machines; rental of robotic apparatus for product selection and handling of packing machines or as parts of loading-unloading machines; rental of electronically controlled machines and apparatus for use for storage and retrieval of goods; rental of conveying machines, apparatus and installations of packing machines or as parts of loading-unloading machines.

Class 41

Educational and training services; arranging and conducting seminars, conferences and lectures; teaching, lecturing and tutorial services; information, advisory and consultancy services relating to the aforesaid services including the provision of such services on line from a computer database or via the Internet or extranets.

Class 42

Writing, design and development of computer software; development, design, management, hosting and maintenance of websites; website search engine services; creating, managing, developing, designing, maintaining and hosting of websites; providing customised online web pages featuring user-defined information; providing a commercial platform for the dispatch, promotion, sale and resale of items via a global computer network; computer services, namely remote hosting of operating systems and computer applications; hosting operating systems and computer applications through the Internet; development, design, management and maintenance of mobile apps; development, design, management and maintenance of computer software for logistics, supply chain management and e-business portals; development, design, management and maintenance of computer software for delivery route optimisation, vehicle tracking, industrial automation and robotics; database development services; computer programming services; application service provider, namely, providing, hosting, managing, developing and maintaining applications, software, websites and databases in the fields of e-commerce, on-line payments, order queuing, website design and data storage; leasing, hire and rental of computer software and computer programmes; electronic data storage; graphic design services; remote monitoring of computer systems and computer networks; updating of computer software; scientific and technological services and research and design relating thereto; industrial analysis and research services; research and design relating to robotics; engineering services, engineering consultancy services; engineering services relating to robotics; research and design relating to robotics; research and design relating to artificial intelligence; writing, design and development

of computer software relating to robotics; writing, design and development of computer software relating to artificial intelligence; leasing, hire and rental of computer software and computer programmes; preparation, design, updating, maintenance and rental of computer programs and software for operating robots; engineering testing services; mechanical engineering services; electromechanical engineering services; optoelectronic engineering services; mechanical engineering research, design and development services; electromechanical engineering research, development and design services; optoelectronic engineering research, development and design services; technological engineering services; technological engineering research, development and design services; research, design and development relating to mechanical grids, frameworks and structures of metal or predominantly made of metal, rail structures for conveying machines, roller conveyors for conveying goods for storage and retrieval, including but not limited to, greenhouses, storage systems, storage systems for the storage of goods, storage systems for agricultural and horticultural use, storage systems for shipping, freight and cargo handling, conveyor installations and machines for the storage of goods, conveyor installations and machines for agricultural and horticultural use, conveyor installations and machines for shipping, freight and cargo handling, conveying machines, apparatus and installations, conveying machines, conveying apparatus and installations, conveyors and roller conveyors for conveying goods for storage and retrieval, electronically controlled machines and apparatus for use for storage and retrieval of goods, packing machines, sorting machines, sorting machines for mail, sorting machines for parcels and packages, industrial robots, robotic vehicles, robotic cars, robotic handling apparatus, robotic apparatus for product selection and handling, materials handling machines and apparatus, materials handling structures and equipment, boxes and containers adapted for use with conveying machines and apparatus, boxes and containers adapted for use with sorting and handling machines and apparatus, machine coupling and transmission components (except for land vehicles), machines, motors and engines (except for land vehicles), electronic

controlled machines for storing of goods, containers, bins, pallets, boxes, refrigerated containers, refrigerated units, refrigerated bins, refrigerated pallets, refrigerated boxes and storage systems, freezer containers, freezer units, freezer bins, freezer pallets, freezer boxes and storage systems; software research, research projects and studies; technical research, research projects and studies; research and design relating to mechanical, electromechanical and optoelectronic apparatus and instruments; research and design relating to the automation of industrial processes; programming, updating, maintenance and rental of computer programmes and software, and rental of computers designed for management of stocks; preparation, design, updating, maintenance and rental of computer programs and software for the management of storage depots and warehouses; preparation, design, updating, maintenance and rental of computer programs and software for operating conveying machines, apparatus and systems for storage and retrieval of goods; preparation, design, updating, maintenance, repair and rental of computer programs and software; preparation, design, updating, maintenance and rental of computer programs and software for operating materials handling machines, apparatus, structures and equipment; rental of computers and computer peripherals; providing a web-based system and online portals in the field of consumer-to-business commerce; storage of data and information by electronic means; information, advisory and consultancy services relating to the aforesaid services including the provision of such services on line from a computer database or via the Internet or extranets; maintenance of computer programmes and software designed for management of stocks.

Class 45

Licensing of technology; licensing of computer software; licensing of intellectual property; information, advisory and consultancy services relating to the aforesaid services including the provision of such services on line from a computer database or via the Internet or extranets.

Computer hardware and software for making, processing and authenticating payment transactions with credit cards, debit cards, gift cards, pre-paid cards, cash, encoded prepayment cards, electronic devices and other payment forms; electronic devices, namely, card readers, computer chip readers, point of sale terminals, and related hardware and software, all for accepting, effecting, enabling, facilitating, processing, operating, authenticating and managing payment transactions via mobile devices, cash registers, contactless payments and e-payments including those that

incorporate sim cards, scanners, printers and other point of sale systems, and local and global communications networks; computer e-commerce software to allow users to perform electronic business transactions via point of sale systems, and local and global computer networks; magnetically encoded debits cards and payment cards, gift cards and pre-paid cards; computer software, namely, software application for use by consumers in the field of mobile payments; computer hardware and software for collecting, storing, analyzing, and providing data and information regarding electronic payment transactions; computer software for enabling consumers to use their electronic signature, pin, name, photo or other form of digital identification in completing payment transactions; computer hardware and software for issuing receipts regarding mobile payment transactions; computer software for creating, maintaining and updating online searchable databases of merchant information; computer software for facilitating and managing merchant-customer communications; computer software for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports; computer software that enables businesses to create web presences that reflect and summarize their customer demographic information, profile, purchasing history and preferences, payment history and methods, and other information reflective of their online and mobile transactions; computer software for business optimisation, planning and administration; computer software for collecting, storing, analyzing and reporting business related data and information, namely, software for creating and reporting of business analytics relating to payment processing, authentication, and tracking; computer software to facilitate credit, loans and cash advances; computer software for enabling, operating, and managing customer relations and loyalty and incentive programs; computer software for inventory management and procurement; downloadable software for third party merchants and businesses for enabling and facilitating business operations; downloadable software that provides a dashboard of information, data and tools for evaluating the operation of a business and its employees, for creating and analyzing

sales and revenue forecasts and results, and providing reports regarding the same, for inventory management; downloadable software for facilitating the provision of e-commerce services; computer hardware and software platform for facilitating and administering payments, banking, credit card, debit card, payment card, automatic teller machine, stored value, electronic funds transfer, electronic payments, electronic processing and transmission of bill payment data, cash disbursement, transaction authentication, routing, authorization and settlement services, fraud detection and control, disaster recovery and encryption services; computer hardware and software for facilitating payment transactions by electronic means over wireless networks, global computer networks and/or mobile telecommunications devices; computer hardware and encryption software, encryption keys, digital certificates, digital signatures, software for secure data storage and retrieval and transmission of confidential customer information used by individuals, banking and financial institutions; computer software for use in the financial services and banking industries; computer software, including application programming interfaces (apis), for facilitating and administering payments over global computer networks, wireless networks, and payments through mobile telecommunications means, namely payment through wireless devices, as well as online payments via banking, credit cards, debit cards, charge cards and pre-paid cards with stored value; utility, security and cryptography software; downloadable computer software for managing and verifying cryptocurrency transactions using blockchain technology; software for the creation, execution, verification, authentication and termination of smart contracts; software, application software, hardware and computer software platforms relating to commerce, ecommerce, payments, e-payments, factoring, merchant lending, consumer credit services, ordering services, inventory management, procurement, customer services, customer relationship management, business management, advertising and marketing; electronic point of sale systems; encoded smart cards; computer programs and computer software for use in electronically creating, trading, storing, sending, receiving, accepting and transmitting, crypto-collectibles, and non-

fungible tokens (nfts).

Class 35

Provision of an online marketplace for buyers and sellers of goods and services; business management services and the provision of business data analysis services related to credit card, debit card, gift card, cash, and in kind payment processing and tracking; provision of customer relationship and loyalty and incentive programs; business management of customer relationship and loyalty and incentive program services and tools for businesses; business process or strategy optimisation services; business management and administration relating to e-commerce; provision of information relating to commerce; business administration; business assistance, e-commerce administration, business management services and marketing services, all relating to payments, e-payments, point of sale; inventory management services; ordering services for others and computerised stock ordering; procurement services; the provision of information, advice, support and consultancy relating to all of the aforesaid services.

Class 36

Insurance services; financial services; financial services, namely, point of sale and contactless payment transactions services; facilitating the processing of point of sale payments, contactless payments, e-payments and point of sale transactions; facilitating the exchange of financial information between and among customers and businesses related to e-commerce transactions business management; factoring services; merchant lending and consumer credit services; banking, credit card transaction processing services, debit card transaction processing services; payment verification services; payment card transaction authorization services; electronic funds transfer; payment processing services providing secure financial transactions and payment options and financial debt settlement services; value exchange services, namely, secure electronic cash transactions over computer networks to

facilitate electronic commerce; provision of financial information in the nature of electronic payment data via a global computer network or via telecommunication, mobile or wireless devices; clearing financial transactions, cash management, financial transaction settlement, financial information with respect to data repository and client profile information services, and financial transaction processing services; financial clearing and settlement services; payment processing services; financial transaction processing verification services for authenticating and verifying the legitimacy of payment transactions to ensure secure and accurate financial exchanges; services for processing financial transactions with credit cards, debit cards, gift cards, cash, and other forms of payments; financial services for the provision of analytical tools to facilitate payment processing; merchant services, namely, payment transaction processing services; payment processing services, namely, credit card, debit card and gift card transaction processing services; financial transaction services, namely, providing secure commercial transactions and payment options using a mobile device at a point of sale; processing payment transactions based on credit cards, debit cards, gift cards, and other forms of payment; provision of prepaid cards and tokens of value; currency trading and exchange services; the provision of information, advice, support and consultancy relating to all of the aforesaid services.

Class 37

Hardware services namely, the maintenance and upgrading of apparatus and terminals relating to commerce, e-commerce, business support, payments and e-payments.

Class 42

Providing temporary use of non-downloadable software applications for facilitating purchases and payments; software as a service (saas) services featuring software for use in providing retail store and ordering services; software as a service (saas)

services, featuring software for capturing, tracking, and processing transactions between consumers and stores; software as a service (saas) services featuring software for authenticating user identification, retail management software, data synchronization software, payment software, order fulfilment management and purchase management, and point of sale (pos) software; design, development of computer hardware; design, development, maintenance and update of computer software; providing temporary use of non-downloadable software and applications for managing, locating, activating and revoking authentication and digital credentials of near field communication (nfc) devices; design, development, maintenance and update of downloadable computer programs and application software for mobile phones and other digital devices including that which allows users to access coupons, vouchers, voucher codes, rebates and discount information; design, development, maintenance and update of downloadable computer programs and application software that allows users to access sales promotion offers and obtain monetary rewards that can be credited to their accounts including via a cash-back system; data encryption and decryption of financial information; digital signature authentication services for authentication of others, namely, data encryption and data encryption services for securing financial transactions and maintaining the integrity of electronic data by ensuring it remains unaltered during storage and transmission; cryptocurrency mining; hosting of the content enabling users to create, view, buy, and sell digital assets through blockchain-based transactions; providing computer software for the creation, purchase and sale of rights to digital assets; software services, namely design, creating, installation, updating, maintaining and technical support of software in the field of commerce, e-commerce, business optimisation, business support, payments, e-payments, financial services, factoring, merchant lending, consumer credit services, ordering services, inventory management, procurement customer services, customer relationship management; the provision of information, advice, consultancy and support in relation to all of the aforesaid

Trade Marks Journal No. TM045/2024

services; hardware services namely, the design and development of apparatus, payments and e-payments.

Computers; quantum computers; computer hardware and software; computer hardware and software for information technology analysis and data management; computer hardware and software for application development; computer hardware and software for cloud computing; computer hardware and software for cognitive computing; computer hardware and software for artificial intelligence; computer hardware and software for blockchain technology; computer hardware and software for quantum computing and quantum programming; computer hardware, namely, magnetic tape units (data processing), magnetic tapes, printed circuits, integrated circuits, computer keyboards, compact disks (audio-video), optical disks, couplers (data processing), diskettes, magnetic data carriers; computer hardware, namely, video screens, scanners (data processing equipment), computer printers, interfaces (data processing), readers (data processing), software (recorded programs), microprocessors, modems, monitors (hardware), computers, computer memories, computer peripherals; computer adapters; computer components; data processing equipment; data processing equipment for data and information management; semiconductors; machine-readable electronic data media; magnetic disks; disk drives; tape recorders; calculating machines; cash registers; facsimile machines; video recorders; videotapes; electric cells and electric batteries; computer chips; boards for integrated circuits; computer accessories, namely, computer communication servers; computer carrying cases; computer interface boards; computer cables and computer cable parts; fax modem cards for computers; computer accessories, namely, screen filters, mouse pads, radio pagers, joysticks;

electric converters, namely, digital-to-analog, analog-to-digital and step-by-step voltage switches; computer mice; integrated circuit cards and smart cards, adapters for integrated circuits and adapters for smart cards; readers for integrated circuit cards and smart cards; microcomputers; electrical power supplies; projectors (projection apparatus); remote controls for computers; inverters, surge protectors and uninterruptible power supplies; point-of-sale terminals (payment terminals); computer servers; computer storage devices, namely high-speed storage subsystems for storage and backup of electronic data either locally or via a telecommunication network; recorded and downloadable computer programs and software; video game software; operating system software and programs; software used for accessing a global computer network; document management software; database management software; software used for locating, retrieving and receiving text, electronic documents, graphics and audiovisual information on enterprise-wide internal computer networks and local and wide-area global computer networks; software used for software development and web authoring and user manuals in electronic format sold as a unit with these products; computer software for use in controlling the operation and execution of computer systems, programs, and computer networks; computer software for use in connecting disparate computer networks and systems, computer servers and storage devices; computer programs for linking computers together and for enabling computer activities across a global computer network; computer software for managing systems, software and processes that exist within an information technology environment; computer systems combining computer hardware and software for use in management and analysis of data and instruction manuals in electronic format sold with these products; cloud computing systems, namely networks integrating computer hardware and software for dynamic provisioning, virtualization and consumption metering of computer resources; recorded and downloadable cloud computing software for deploying and managing virtual machines on a cloud computing platform; computer systems, namely, computer hardware and computer software for developing and

integrating artificial intelligence, namely, machine learning, deep learning and natural language processing which are capable of collecting, organizing and analyzing data; computer systems, namely, computer hardware and computer software for integrating Natural Language Processing (NLP), Computational Linguistics (CL), Information Retrieval (IR) and Machine Learning (ML) which is capable of understanding general human queries and formulating responses; software for developing, building and operating blockchain applications; computer hardware and computer software for developing and testing quantum algorithms; documentation and instruction manuals recorded on machine-readable electronic data media and relating to computers or computer programs; electronic publications, downloadable; electronic publications on computer media, namely, user manuals, guide books, brochures, information sheets, written presentations and teaching materials in the field of computing, computer networks, computer storage, computer operating systems, information technology, database management, cloud computing, artificial intelligence, blockchain technology and quantum computing.

Class 35

Advertising; sales promotion services (for third parties); commercial business management and advice regarding commercial business management; business information; distribution of prospectuses; distribution of samples; arranging newspaper subscriptions for third parties; accounting; document reproduction; systematization of data in a central file; organization of exhibitions for commercial or advertising purposes; business management consulting services and business consulting services; business development service; analysis of market research data and statistics; electronic data processing; computer data processing services for artificial intelligence; computer data processing services for cognitive computing; computer data processing services for cloud computing; computer data processing services for blockchain technology; computer data processing services for data management; computer data processing services for quantum computing and

quantum programming; arranging and conducting trade show exhibitions in the field of computers, computer services, information technology, artificial intelligence, cloud computing, blockchain technology, quantum computing, database management and electronic business transactions via a global computer network; business consulting services for companies regarding artificial intelligence; business consulting services for companies regarding computer systems that integrate Natural Language Processing (NLP), Computational Linguistics (CL), Information Retrieval (IR) and Machine Learning (ML) functions and capable of understanding general human queries and formulating responses; business consulting services for companies relating to cloud computing; business consulting services for companies regarding blockchain technology; business consulting services for companies regarding quantum computing, quantum programming and for developing and testing quantum algorithms; business consulting services for companies regarding information technology; analyzing and compiling business data; systemization of data in computer databases; business management consultancy in the field of information technology; advisory services for companies relating to business organization; organizing and conducting incentive reward programs for companies and professionals in order to promote and reward company performance, productivity and recognition; organizing and conducting incentive reward programs to promote the sale of information technology; offering reward programs for companies and professionals through the distribution of loyalty points with the aim of promoting and rewarding loyalty; organizing and conducting (promotional) reward programs for customers, companies and professionals; provision of business information via a website.

Class 42

Computer programming; Software as a service (SaaS) services featuring software for data management; software as a service (SaaS) services featuring software for cloud computing; software as a service (SaaS) services featuring software for

artificial intelligence; software as a service (SaaS) services featuring software for cognitive computing; software as a service (SaaS) services featuring software for blockchain technology; software as a service (SaaS) services featuring software for quantum computing and quantum programming; software as a service (SaaS) services featuring software for constructing, analyzing and running quantum programs and quantum algorithms; software as a service (SaaS) services featuring software for developing and testing quantum algorithms; computer programming and computer consulting services for artificial intelligence; computer programming and computer consulting services for cognitive computing; computer programming and computer consulting services for information management; computer programming and computer consulting services for data management; computer programming and computer consulting services for cloud computing; computer programming and computer consulting services for blockchain technology; computer programming and computer consulting services for quantum computing; computer programming and computer consulting services for software as a service (SaaS); design, installation, updating and maintenance of software; computer software and hardware design for the benefit of third parties, and professional advisory services in the field of computers; technical support services, namely, troubleshooting of computer program and software problems; computer services, namely, design, creation and maintenance of websites for third parties; computer systems analysis, integration of computer networks and databases, computer programming for third parties, all for use in commercial interactions over global computer networks; design of systems for interconnection of computers and software, namely, electronic connection of computers and software to each other; computer software and hardware testing services (quality and technical controls); technical project studies in the field of computer hardware and software; consultancy services in the field of computer hardware, namely consultancy regarding computing research and development; computer advice and assistance concerning Internet use; rental of computers and software; scientific and industrial research, namely research and development of

new products, biological research, bacteriological research, chemical research, cosmetology research, mechanical research, geological research, technological research, pharmaceutical research, scientific research for medical purposes; information technology consulting; computer system integration services; technological consulting services in the field of design, selection, implementation and use of computer hardware and software systems for third parties; technical support services, namely, troubleshooting computer program problems; computer system design services for third parties; design of systems for interconnection of computers and computer programs, namely, integration of computer systems and computer networks; computer program and computer hardware testing services, namely testing of software, computers and servers to ensure proper functioning thereof; cloud computing services, namely, integrated computer hardware and network software services for dynamic provisioning, virtualization, and consumption metering of computer resources; providing virtual computer systems and virtual computer environments through cloud computing; design and development of software for cloud storage of data; cloud hosting provider services; electronic storage of electronic data and data recovery; data security service; computer support services with respect to computer programs provided by computer specialists; design of computer hardware for computer networks; providing information relating to information technology via a website; technical support services relating to computer hardware problem solving.

Goods and/or Services:

Class 09

Apparatus for communication; apparatus for the communication of data; apparatus for use in digital communication transmission; communication devices; personal communication devices; transmitters for use in emergency communications; digital music (downloadable) from the internet; digital music (downloadable) provided from MP3 web sites on the internet; downloadable cryptographic keys for receiving and

spending crypto assets; downloadable e-wallets; downloadable emoticons for mobile phones; downloadable image files; downloadable music files; downloadable podcasts; downloadable ring tones for mobile phones; downloadable webcasts; electronic publications (downloadable); telephone ring tones (downloadable); communication software; data communications software; downloadable software applications (apps); application software; electrical tracking apparatus; vehicle tracking apparatus; electronic surveillance apparatus; surveillance apparatus; surveillance apparatus (electronic); security surveillance apparatus; computer software applications (downloadable); computer game software, downloadable; computer games entertainment software; computer games programs downloaded via the internet (software); computer software; computer software (programs); computer software downloaded from the internet; computer software for business purposes; computer software products; computer software programs; downloadable computer software for blockchain technology; downloadable computer software for managing crypto asset transactions using blockchain technology; computer software platforms, recorded or downloadable; downloadable audio files authenticated by non-fungible tokens [NFTs]; downloadable audio recordings authenticated by non-fungible tokens [NFTs]; downloadable digital artwork authenticated by non-fungible tokens [NFTs]; downloadable digital image files authenticated by non-fungible tokens (NFTs); downloadable digital music files authenticated by non-fungible tokens (NFTs); downloadable wallets for storing digital files authenticated by non-fungible tokens [NFTs].

Class 35

Advertising; advertising and promotion of digital goods authenticated by non-fungible tokens [NFTs] for others; advertising services provided over the internet; electronic advertising services; online advertising on a computer network; provision of an online marketplace for buyers and sellers of goods and services; online promotion on a computer network; business networking services; service to assist in establishing a

network of business contacts; online retail services for downloadable and pre-recorded music and movies; online retail services for downloadable digital music; online retail services for downloadable ring tones; electronic data processing.

Class 36

Banking; business banking services; electronic banking; financial banking; internet banking; international banking; mobile banking services; online banking; personal banking services; personal financial banking services; savings bank services; payment processing services; processing of debit card payments; processing of payments for banks; providing information, including online, about insurance, financial and monetary affairs and real estate affairs; electronic funds transfer; electronic funds transfer provided via blockchain technology; electronic funds transfer services.

Class 38

Electronic message transmission; electronic transmission of data; electronic transmission of documents; electronic transmission of images; electronic transmission of information; electronic transmission of messages; electronic transmission of voices; electronic transmission of written communications; electronic transmission (uploading, posting or displaying) of data, information, pictures, images, audio and/or video via online forums; electronic instructions transmission services; data transmission by electronic mail; transmission of information by electronic means; transmission of data by electronic means; transmission of electronic mail; transmission of sound by electronic means; providing online forums; transmission of greeting cards online; providing user access to a global computer network and online sites containing information on a wide range of topics; transmission of information on a wide range of topics, including online and over a global computer network; web portal services (providing user access to a global computer network); webcasting (broadcasting over a global computer network); webcasting services; netcasting

(broadcasting over a global computer network); electronic network communications; communication by electronic means; communication services for the electronic transmission of images; communication services for the electronic transmission of voices; communication services by electronic means; communication services for the transmission of information; communication services for the transmission of information by electronic means; communication services provided electronically; electronic communication services; communication services for video conferencing purposes; communication services over computer networks; data communication by electronic means; electronic communication services for the transmission of data; electronic communications services for the transmission of data; communication services for the electronic transmission of data; electronic data communications; mobile radio communications; mobile telephone communication services; operating of electronic communications networks; operating of electronic communications systems; message boards; electronic message services; message sending; message storage and transmission (telecommunications); relaying of messages (electronic); sending of messages (by electronic means); sending of emergency messages (by electronic means); broadcast transmission by satellite; communication of information by satellite; communication services by satellite; satellite broadcasting services; satellite communications services; satellite telecommunications services; satellite transmission; satellite video conferencing services; telecommunications services by satellite; transmission of pictures by satellite; transmission of sound by satellite.

Class 39

Navigation services; navigational advisory services; carpooling services; locating and tracking of people for transportation purposes; locating and tracking of cargo for transportation purposes; location and tracking of goods by computer; vehicle location services; launching of satellites for others.

Class 41

Electronic publication of information on a wide range of topics, including online and over a global computer network; game services provided online from a computer network; online (electronic) publication of news; online publication of electronic books and journals; providing information, including online, about cultural activities; providing information, including online, about education activities; providing information, including online, about entertainment activities; providing information, including online, about sporting activities; providing information, including online, about training activities; provision of education services via an online forum; provision of entertainment services via an online forum; publication of multimedia material online; weblog (blog) services (online publication of journals or diaries); providing online electronic publications, not downloadable; providing online videos, not downloadable; providing digital music (not downloadable) from the internet; providing films, not downloadable, via video-on-demand services; providing films, not downloadable, via video-on-demand transmission services.

Class 42

Online provision of web-based applications (non-downloadable); information services relating to information technology; provision of information relating to information technology; provision of online non-downloadable software (application service provider); platform as a service (PaaS); software as a service (SaaS); hosting of software as a service (SaaS); development of electronic surveillance apparatus.

Class 45

Online social networking services; dating and social introduction services provided via online personal advertisements; locating and tracking of lost people; locating and tracking of lost property; tracking of stolen property; electronic surveillance; monitoring of surveillance systems; monitoring of geofence surveillance systems.

TWILIO

Goods and/or Services:

Class 09

Downloadable computer software using artificial intelligence (AI) for machine learning (ML) and deep learning (DL) for customer relationship management (CRM), customer service, customer engagement, customer data platform, contact center and helpdesk functionality, communications, processing data, generating customer marketing campaigns and journeys, predicting customer communication channel preferences, communication date and time optimization, an implementation assistant for data tracking, testing and experimentation, phone number quality scoring, fraud detection, fraud identification, fraud prevention and response, intelligent channel orchestration, live traffic monitoring, traffic optimization, live traffic routing, multi-tenancy, market throughput, traffic shaping, traffic insights, intelligent capacity matching, anomaly detection, a no-code builder for conversational artificial intelligence (AI), messaging, creating postings, file sharing, calendaring, telephone call processing, web-based telephony, internet telephony (VoIP) services, voicemail, facsimile services, sales automation, sales performance management, field services management, mapping and route planning, managing online content, deploying customized interactive content, optimization of online websites for third parties for marketing purposes, big data and business data analysis and visualization, complex event processing, mining the most relevant information from disparate data sources, providing automated solutions to enable organizations to integrate disparate data and translate and structure that data into actionable insights, creating searchable databases of information and data, security and authentication, social media management and publication, data storage, collaboration, e-commerce, software and application development, and speech analysis; downloadable computer software using artificial intelligence (AI) for machine learning (ML), deep learning (DL), statistical learning, data mining, contextual prediction, personalization, business predictive analytics, business predictive modeling, business intelligence, and intelligent recommendations and decision advantage; downloadable computer software using artificial intelligence (AI) for software bots, software assistants, virtual agents, and chatbots; downloadable software, downloadable cloud-based software,

and software in the nature of a downloadable mobile application for the generation, processing, understanding and analysis of multi-modal machine learning (ML) based on language, text, speech, images, videos, sounds, events, and tasks; downloadable software, downloadable cloud-based software, and software in the nature of a downloadable mobile application for generating and executing autonomous tasks in response to exposure to data, and building, managing, updating, developing, training, evaluating, and monitoring generative user experiences powered by machine learning (ML), deep learning (DL), and artificial intelligence (AI).

Class 35

Providing business marketing and advertising services for enterprises with large volumes of data that must be leveraged for intelligent recommendations and decision advantage through data science, namely, artificial intelligence (AI), machine learning (ML) and deep learning (DL) technologies and algorithms; business management consultancy in the fields of business strategies and business solutions related to customer relationship management (CRM), marketing automation, sales automation, sales performance management, customer service and support, customizable marketing and advertising, managing online content, deploying customized interactive content, optimization of online websites for third parties for marketing purposes, predictive analytics, big data and business data analysis and visualization, complex event processing, artificial intelligence (AI), machine learning (ML), and deep learning (DL), mining the most relevant information from disparate data sources, providing automated solutions to enable organizations to integrate disparate data and translate and structure that data into actionable insights, creating searchable databases, security and authentication, social media management and publication, data storage, collaboration, e-commerce, and software and application development, programming, and implementation; advertising, promotion, and marketing services provided with the help of artificial intelligence (AI) for auto-generating content for marketing campaigns.

Class 42

Software as a service (SaaS) services featuring software using artificial intelligence (AI) for machine learning (ML) and deep learning (DL) for customer relationship management (CRM), customer service and support, customer engagement, customer data platform, workforce management, contact center and helpdesk functionality, marketing automation, sales automation, sales performance management, field services management, mapping and route planning, customizable marketing and advertising, managing online content, deploying customized interactive content, optimization of online websites for third parties for marketing purposes, predictive analytics, big data and business data analysis and visualization, complex event processing, data mining, providing automated solutions to enable the integration of disparate data and translation and structuring of that data into actionable insights, creating searchable databases, security and authentication, social media management and publication, data storage, collaboration, e-commerce, software and application development, communications, communication routing, cloud communication services, data science, statistical learning, contextual prediction, predictive modeling, business intelligence, intelligent recommendations and decision advantage, facilitating communication and actions between humans and artificial intelligence (AI) chatbots and agents, a no-code builder for conversational artificial intelligence (AI), monitoring generative user experiences, generating and executing autonomous tasks, data mapping, automated personal information and personally identifiable information (PII) redaction, voice and speech recognition, providing insights and smart recommendations about and for customers, conversational analytics, creating actionable recommendations about operational tasks such as identifying trends in customer interactions and recommending changes to customer support process, software bots, software assistants, virtual agents, chatbots, task automation, creating postings, file sharing, calendaring, telephone call processing, web-based telephony, internet telephony (VoIP) services, voicemail,

facsimile services, providing call center quality management, compliance enforcement by providing generated feedback and conversational insights to agents and supervisors, phone number quality scoring, fraud detection, fraud identification, fraud prevention, fraud response, intelligent channel orchestration, live traffic monitoring, traffic optimization, live traffic routing, multi-tenancy, market throughput, traffic shaping, traffic insights, intelligent capacity matching, anomaly detection, data compliance, auditing, data tracking, generating marketing campaigns, and customer journeys, predicting customer communication channel preferences, communication date and time optimization, testing and experimentation, updating website content, interpreting sentiment, summarizing conversations, generating responses, building differentiated large language model (LLM) applications using context from customer data, and application service provider (ASP) services featuring application programming interface (API) software for artificial intelligence (AI), machine learning (ML), deep learning (DL), statistical learning, and data mining to enable contextual prediction, personalization, predictive analytics, predictive modeling, visualization, business intelligence, and intelligent recommendations and decision advantage; research and development services in the fields of multi-modal content understanding and generation, natural language processing (NLP), artificial intelligence (AI), and machine learning (ML); computer services, namely, software as a service (SaaS), platform as a service (PaaS), data mining, data warehousing, computer software design, and computer software consultation, featuring software for artificial intelligence (AI), machine learning (ML), and deep learning (DL); software as a service (SaaS) featuring software for a framework of intelligent data science-based services using artificial intelligence (AI) and machine learning (ML) for improving digital experiences in the fields of design, document management and delivery, and marketing and advertising; providing application programming interface (API) software for integration of artificial intelligence (AI) and machine learning (ML) into websites and online software; cloud computing services featuring software for artificial intelligence (AI), machine learning (ML), and deep learning (DL); platform as

a service (PaaS) services featuring software for artificial intelligence (AI), machine learning (ML), and deep learning (DL); scientific and technical research, namely, scientific and product research in the fields of artificial intelligence (AI), machine learning (ML), and deep learning (DL).

Priority Details:

Class Number: 09

Priority Date: 15/12/2023

Country/Territory: UNITED STATES OF AMERICA

Priority Application Number: 98316203

Goods and/or Services: Downloadable computer software using artificial intelligence (AI) for machine learning (ML) and deep learning (DL) for customer relationship management (CRM), customer service, customer engagement, customer data platform, contact center and helpdesk functionality, communications, processing data, generating customer marketing campaigns and journeys, predicting customer communication channel preferences, communication date and time optimization, an implementation assistant for data tracking, testing and experimentation, phone number quality scoring, fraud detection, fraud identification, fraud prevention and response, intelligent channel orchestration, live traffic monitoring, traffic optimization, live traffic routing, multi-tenancy, market throughput, traffic shaping, traffic insights, intelligent capacity matching, anomaly detection, a no-code builder for conversational artificial intelligence (AI), messaging, creating postings, file sharing, calendaring, telephone call processing, web-based telephony, internet telephony (VoIP) services, voicemail, facsimile services, sales automation, sales performance management, field services management, mapping and route planning, managing online content, deploying customized interactive content, optimization of online websites for third parties for marketing purposes, big data and business data analysis and visualization, complex event processing, mining the most relevant information from disparate data sources, providing automated solutions to enable organizations to integrate disparate

data and translate and structure that data into actionable insights, creating searchable databases of information and data, security and authentication, social media management and publication, data storage, collaboration, e-commerce, software and application development, and speech analysis; downloadable computer software using artificial intelligence (AI) for machine learning (ML), deep learning (DL), statistical learning, data mining, contextual prediction, personalization, business predictive analytics, business predictive modeling, business intelligence, and intelligent recommendations and decision advantage; downloadable computer software using artificial intelligence (AI) for software bots, software assistants, virtual agents, and chatbots; downloadable software, downloadable cloud-based software, and software in the nature of a downloadable mobile application for the generation, processing, understanding and analysis of multi-modal machine learning (ML) based on language, text, speech, images, videos, sounds, events, and tasks; downloadable software, downloadable cloud-based software, and software in the nature of a downloadable mobile application for generating and executing autonomous tasks in response to exposure to data, and building, managing, updating, developing, training, evaluating, and monitoring generative user experiences powered by machine learning (ML), deep learning (DL), and artificial intelligence (AI).
