General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

National Applications Published For Opposition

Purposes

National Trade Mark No: 40201711761T

Filing Date: 22 June 2017

Classes: 39

APPLE

Goods and/or Services:

Class 39

Providing directions for travel purposes (geographic and destination information, maps, route planning, traffic, parking, and road condition information, and driving, walking, and mass transit directions) via computers, telecommunication networks, mobile phones, hand-held devices and wireless navigation devices; providing travel directions in the form of interactive maps via computers, telecommunication networks, mobile phones, hand-held devices and wireless navigation devices; travel route planning via computers, telecommunication networks, mobile phones, hand-held devices and wireless navigation devices; traffic information via computers, telecommunication networks, mobile phones, hand-held devices and wireless navigation devices; parking location services via computers, telecommunication networks, mobile phones, hand-held devices and wireless navigation devices; GPS navigation services via computers, telecommunication networks, mobile phones, hand-held devices and wireless navigation devices; interactive online vehicle routing by computers and telecommunications networks; providing information regarding delivery services and booking services for delivery of goods via a website and an

online searchable computer database; gift wrapping; information, advisory and consultancy services relating to all the aforesaid.

Goods and/or Services:

Class 09

Software for blockchain, cryptocurrency, digital currency and digital assets; encryption software; devices for capturing, retrieving, transmitting and storing digital data and files; software for interacting with blockchain; software for creating blockchain; software for creating, purchasing, trading, exchanging, tracking and storing cryptocurrency, digital currency and other digital assets; software for and based on the technology of a register simultaneously recorded and synchronized on a computer network for the transmission of data between connected computer hardware; software for and on the basis of distributed ledger technology; software enabling the development of software in the field of cryptocurrency, digital money and decentralized applications; software for clearing operations (foreign exchange), settlement services, settlement clearing of financial assets and transactions, management of transfer of securities of financial and non-financial assets, physical goods, digital rights and encryption keys for documents and records; software for recording financial and non-financial data and information in a cryptographic ledger or shared cryptographic ledger; software for recording and processing data and information in a cryptographic ledger or shared cryptographic ledger; hardware and software for database management; data loggers, i.e. hardware and software for data collection and maintenance; data processing systems; digital signs; digital recording media; electronic databases stored on computer media; databases (software); software for processing digital files; downloadable software for use in the field of crypto-crime, cryptocurrency and digital money; software for use in technologies for the transmission of data between computer hardware and connected firmware; computer hardware, firmware and software for storing and

managing data and financial information in a cryptographic ledger or shared cryptographic ledger; computer hardware, firmware and software enabling users to conduct electronic commerce transactions over a global computer network; downloadable cryptographic keys for receiving and spending cryptocurrency; hardware cryptocurrency wallets; Downloadable software to catalog and manage intellectual property rights, digital assets and data, and mine digital assets; software to mine digital files, multimedia files, digital collectibles, digital media, digital works, and digital materials authenticated by fungible and non-fungible tokens; downloadable software for decentralized finance, a blockchain-based finance software; downloadable software for executing, managing and verifying cryptocurrency and digital asset transactions using blockchain technology; downloadable software for blockchain-based inventory management; downloadable software for centralized and decentralized exchanges for buyers and sellers of digital assets and crypto-currency; downloadable software for minting, creating, issuing, managing, transferring and storing crypto-currency and digital tokens; gaming software; downloadable gaming software; downloadable interactive entertainment software for computer games; security tokens (encryption devices); electronic publications; electronic publications (downloadable) available from databases or the Internet; podcasts; downloadable podcasts; scientific, research, navigational, geodetic, photographic, cinematographic, audio-visual, optical, weighing, measuring, signalling, detecting, testing, inspection, rescue and educational apparatus and instruments; apparatus and instruments for conducting, distributing, transforming, accumulating, regulating or controlling the distribution or consumption of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded or downloadable media, software, blank digital or similar recording and storage media; cash registers, calculating devices; computers and computer peripherals; Software; Software for use as an application programming interface; software for storing, transferring, collecting, managing, exchanging, organizing, modifying, transmitting, and sharing data and information; software for use as an

electronic wallet; software for use as a cryptocurrency wallet; software for blockchain-based platforms and software for distributed applications; distributed ledger platform software; software for electronic funds transfer; "Software for exchanging, transferring and transaction digital files, digital multimedia files, digital collectibles, digital media, digital works and digital materials authenticated by non-fungible tokens"; software in the field of decentralized web software protocols; Software for sending and receiving messages; Virtual reality game software; Augmented reality game software; Game software for wireless devices; Electronic game software; Game software for handheld devices; Video game software; Electronic game programs; interactive entertainment software for playing video games, computer games, interactive multimedia games, virtual reality games, augmented reality games, interactive motion pictures, interactive videos, interactive television and interactive digital multimedia content; software for use in enabling computers, video game consoles, handheld video game consoles, tablet computers, mobile devices, and mobile phones to provide virtual reality and augmented reality experiences; "Digital multimedia files authenticated by non-fungible tokens (NFTs); digital materials in the nature of Non-fungible tokens (NFTs); Downloadable digital files authenticated by non-fungible tokens (NFTs); downloadable music authenticated by non-fungible tokens (NFTs); downloadable image files authenticated by non-fungible tokens (NFTs); downloadable text files authenticated by non-fungible tokens (NFTs); downloadable multimedia files authenticated by non-fungible tokens (NFTs); Downloadable software for use in electronically trading, storing, sending, receiving, accepting, buying, selling, accessing, and transmitting crypto-collectibles, digital collectibles; Downloadable software for use in digital files, digital multimedia files, digital media, digital works and digital materials authenticated by non-fungible tokens and other application tokens; downloadable software for use in electronically trading, storing, sending, receiving, accepting, and transmitting digital currency, virtual currency and cryptocurrency; downloadable software for use in electronically managing digital currency, virtual currency, and cryptocurrency

payment and exchange transactions; Downloadable software for viewing crypto-collectibles; Downloadable software for viewing digital files, digital multimedia files, digital media, digital works and digital materials authenticated by non-fungible tokens and other application tokens”; Downloadable software for processing transactions related to crypto-collectibles; Downloadable software for processing transactions related to digital files, digital multimedia files, digital media, digital works and digital materials authenticated by non-fungible tokens and other application tokens; Downloadable software for providing access to crypto-collectibles; Downloadable software for providing access to digital files, digital multimedia files, digital media, digital works and digital materials authenticated by non-fungible tokens and other application tokens; downloadable software for downloading software, data, and image files from the Internet; downloadable software for managing digital and virtual currency; downloadable software for managing digital assets; downloadable software for managing non-fungible tokens (NFTs); downloadable software for use as a digital wallet; Downloadable software for blockchain transactions; Downloadable payment processing software; Downloadable e-commerce software to allow users to perform electronic transactions; Downloadable software that connects to electronic wallets enabling users to initiate, process and execute transactions; Downloadable software in the nature of a mobile application for providing access to crypto-collectibles, application tokens; Downloadable software in the nature of a mobile application for providing digital files, digital multimedia files, digital media, digital works and digital materials authenticated by non-fungible tokens and other application tokens; Downloadable software in the nature of a mobile application for minting and selling digital files, digital multimedia files, digital media, and digital works authenticated by non-fungible tokens and other application tokens, crypto-collectibles, digital collectibles, and non-fungible assets; Downloadable software in the nature of a mobile application, namely, software for offering a marketplace for digital and physical collectibles, crypto-collectibles; Downloadable software in the nature of a mobile application, namely, software for offering a marketplace for digital files, digital

multimedia files, digital media, digital works and digital materials authenticated by non-fungible tokens; Downloadable software to enable consumers and businesses to manage, use and transfer digital assets, virtual currency, cryptocurrency, crypto-collectibles; Downloadable software to enable consumers and business to manage, use and transfer digital files, digital multimedia files, digital media, and digital works authenticated by non-fungible tokens and other application tokens; Downloadable software that enables users to hold and store cryptocurrency, virtual currency, digital assets, crypto-collectibles; Downloadable software that enables users to hold and store digital files, digital multimedia files, digital media, and digital works authenticated by non-fungible tokens and other application tokens via an electronic wallet; Downloadable software to create and manage electronic wallets; Downloadable software for facilitating a cryptocurrency, digital asset, virtual currency, crypto-collectibles; Downloadable software for facilitating digital files, digital multimedia files, digital media; Downloadable digital works authenticated by non-fungible tokens and other application tokens transactions; Downloadable digital collectibles in the nature of interactive media, images, videos, audio, three-dimensional art, digital art, photography, music, data, statistics, graphics, or visual effects, authenticated by non-fungible tokens via a blockchain network; Downloadable digital media, digital works and digital collectibles authenticated by non-fungible tokens via a blockchain network; Downloadable digital media, namely, digital collectibles authenticated by non-fungible tokens via a blockchain network featuring players, games, footage, video highlights, data, statistics, records, visual effects or virtual experiences depicted in video, audio, graphics, or photography; Downloadable computer software via a blockchain network to create, display, register, trade, purchase, sell or transfer digital collectibles and digital works; Downloadable software in the form of web wallets for storing virtual currency, tokens; Downloadable software in the form of web wallets for storing digital files, digital multimedia files, digital media, and digital works authenticated by non-fungible token (NFT), photo cards, and multimedia files using blockchain technology; Downloadable

computer software for generating non-fungible tokens for use in virtual worlds; Downloadable computer software for generating cryptographic keys for use in virtual worlds; Digital media, namely, audio, video, textual, and graphic content authenticated by non-fungible tokens; downloadable and recorded computer communications software to allow customers to access bank account information and transact business; Digital collectibles for use in online contests, games and challenges; Recorded computer software in the form of web wallets for storing virtual currency, tokens; Recorded computer software in the form of web wallets for storing digital files, digital multimedia files, digital media, and digital works authenticated by non-fungible tokens (NFTs) and multimedia files using blockchain technology; Downloadable multimedia files containing text, video, audio and images authenticated by non-fungible tokens; Downloadable multimedia files containing text relating to games, sports, art, entertainment and general consumer merchandise authenticated by non-fungible tokens; Downloadable multimedia files containing video relating to games, sports, art, entertainment and general consumer merchandise authenticated by non-fungible tokens; Downloadable audio and video recordings featuring content authenticated by non-fungible tokens; Video recordings; Providing recorded media, videos, photography, music, data, statistics, graphics, visual effects; Downloadable digital materials in the nature of non-fungible tokens (NFTs); "Downloadable virtual goods authenticated by non-fungible tokens (NFTs); Downloadable virtual goods, namely, digital files, digital multimedia files, digital media, digital collectibles, digital works and digital materials authenticated by non-fungible tokens (NFTs); Downloadable digital media, namely, digital collectibles, digital files, digital multimedia files, and digital works authenticated by non-fungible tokens (NFTs) and digital tokens, cryptocurrencies, and digital art; downloadable software for processing digital files, digital art, media, videos, photography, music, data, statistics, graphics, or visual effects; downloadable software for use in the field of crypto-crime, crypto-currency and digital money.

Class 28

Games, toys and playthings; video game apparatus; gambling chips; video game apparatus; chips for gambling; game cards; tokens for gambling.

Class 35

Advertising; management, organization and administration of business affairs; Administrative services [office work]; services of organizing and holding trade fairs, events and exhibitions for commercial or advertising purposes; retailing services of works of art provided by art galleries; organizing and holding auctions; conducting interactive virtual auctions; auction services provided over the Internet; Auctioning and providing online auction services for blockchain, cryptocurrency, digital currency and digital assets; Provision of online marketplace for buyers and sellers of products and services; compilation of information in computerized databases; data entry and processing, in particular compilation and systematization of data in a central file; business support and administrative services; business support for the realization of business transactions for third parties; retailing through global computer networks; the bringing together, for the benefit of others, of a variety of goods, excluding the transport thereof, enabling customers to conveniently view and purchase those goods; Retail services via global computer networks; Retail services; Providing online marketplace; Providing an online marketplace for digital files, digital multimedia files, digital media, digital collectibles, digital works and digital materials authenticated by non-fungible tokens; providing an online marketplace for buyers and sellers of digital goods authenticated by non-fungible tokens (NFTs); providing an online marketplace for buyers and sellers of crypto collectibles, digital collectibles, digital assets and media content; providing an online marketplace for buyers and sellers of blockchain-based non-fungible assets; operating an on-line marketplace featuring crypto collectibles and blockchain-based non-fungible assets; Providing an online marketplace for creation, posting, minting, promoting, and exchanging crypto collectibles, digital collectives, digital art, and digital files, digital media, digital

multimedia files authenticated by non-fungible tokens and other application tokens, non-fungible assets and digital assets; Online retail store and marketplace services featuring digital collectibles, digital tokens, and digital files, digital multimedia files, digital media, digital works and digital materials authenticated by non-fungible tokens (NFTs), cryptocurrencies, virtual currency, digital items, and digital art; Operating an online marketplace for displaying, registering, purchasing, selling, trading, listing, and transferring digital assets, digital works, and digital collectibles authenticated by non-fungible tokens via a blockchain network; Providing online registration services [administrative services] on a global computer network for participation in online community or online forum; online trading services in which sellers post products or services to be offered for sale, and purchasing or bidding is done via the Internet in order to facilitate the sale of goods and services by others; providing a searchable online advertising guide featuring the goods and services of others; providing product information to consumers for commercial purposes; promoting the goods and services of others; providing an on-line commercial information directory on the internet; compilation and systemization of data into databases; providing pricing information about the goods and services of others via the global computer network; e-commerce services, namely, providing information about products via telecommunication networks for sales purposes; database management services; Online trading services; Online auction services; online registry services, namely, maintaining and recording the ownership of art, antiques, fossils, archeological artifacts, historic artifacts, cultural artifacts, and other collectibles.

Class 36

Financial, monetary and banking services; insurance services; real estate management; issuance of securities; digital currency (crypto-currency) asset management services; digital currency (crypto-currency) exchange services; crypto-currency trading services; financial exchange; futures exchange services; provision of financial exchange for trading in digital currency (crypto-currencies); online and

real-time currency trading; provision of financial information; provision of financial information on exchange rates; financial management; financial management of digital assets and digital asset portfolios; financial services for digital currencies (crypto-currencies); financial transaction services; financial transaction services with digital currency; financial services in the field of trading, advising, managing and negotiating in the field of financial derivatives and digital currencies (crypto-currencies); financial clearing house services; payment processing services; electronic payment services; debit card payment processing services; credit card payment processing; debit card payment processing; prepaid card payment processing services; brokerage; financial research; financial depository services; Providing information relating to the issue of tokens of value; financial services, namely, providing electronic transfer of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; financial custody services, namely, maintaining possession of currency, digital currency, cryptocurrencies, blockchain tokens, and other digital assets, or the cryptographic keys or similar that represent such assets, for others for financial management purposes; futures exchange services; electronic transfer of virtual currencies; issuance of stored value cards; issuance of tradable securities; digital currency services; financing services; asset management for third parties; Monetary transaction services; electronic financial trading, namely, trading of the field of digitized assets; on-line brokerage for trading and transactions relating to currency and other financial products; financial exchange of virtual currency; computerized financial services; financial services, namely, providing a financial exchange for the trading of virtual currency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; financial custodian services; e-wallet payment services; Exchanging, transferring and transacting digital files, digital multimedia files, digital media, digital collectibles, digital works and digital materials authenticated by non-fungible tokens; electronic funds transfer; money exchange services; blockchain-based payment verification services; providing

information in the field of finance, cryptocurrency, digital currency, virtual currency, crypto tokens, non-fungible tokens, non-fungible assets and crypto-collectibles; Financial services, namely, trading of digital files, digital multimedia files, digital media, digital collectibles, digital works and digital materials authenticated by non-fungible tokens; Digital assets in the nature of art, antiques, videos, music, tickets, digital content, historic artifacts, cultural artifacts, and other collectibles, authenticated by non-fungible tokens; Brokerage services for art, antiques, videos, music, tickets, digital content, historic artifacts, cultural artifacts, and other collectibles; charge card payment processing services.

Class 42

Design and development of hardware and software; design and development of databases; cloud computing; analysis and design of computer systems; computer programming services for electronic data security; computer security services, in particular computer security services for protection against unauthorized access to networks; design and development of electronic data security systems; design and development of software for the creation of blockchain and the transfer of cryptocurrency and digital assets; design and development of software for the blockchain, cryptocurrency and digital asset industries; design and development of software for blockchain, cryptocurrency, digital money and digital assets as well as encryption software; design and development of software based on and for interaction with blockchain and for creating, purchasing, trading, exchanging, tracking and storing cryptocurrency, digital money and other digital assets; design and development of software for and on the basis of the technology of a registry simultaneously recorded and synchronized on a computer network for the transmission of data between connected computer hardware and enabling the development of software in the field of cryptocurrency, digital currency and decentralized applications; design and development of software for and on the basis of the distributed ledger technology; Design and development of software in the field

of cryptocurrency, digital money and decentralized applications; design and development of software for clearing operations (foreign exchange), settlement services, settlement clearing of financial assets and transactions, management of transfer of securities of financial and non-financial assets, physical goods, digital rights and encryption keys for documents and records; Design and development of software for storing financial and nonfinancial data and information in a cryptographic ledger or shared cryptographic ledger, for storing and processing data and information in a cryptographic ledger or shared cryptographic ledger, for database management, and for data collection and maintenance; Design and development of software for digital file processing; Design and development of software for use in technologies for data transmission between computer hardware and connected firmware; Software-as-a-service (SaaS) for the blockchain, cryptocurrency, anti-cryptocurrency and digital asset industries; Platform as a service (PaaS) for the blockchain, cryptocurrency, anti cryptocurrency and digital asset industries; technical and scientific research; industry analysis and research; analysis and design of computer systems based on blockchain and the technology of a registry simultaneously recorded and synchronized on a computer network; research, analysis and scientific evaluation and preparation of reports on technical research concerning Internet protocols and decentralized software protocols, cryptographic methodology, decentralization and stability of ecosystems on global computer networks (Internet); hosting of computer sites (websites); hosting of software used by third parties to clear and settle financial transactions and assets; software as a service (SaaS); computer platform as a service (PaaS); scientific and technological services as well as related research and design services; industrial analysis, industrial research and industrial design services; quality control and authentication services; information technology services; consulting, information and advisory services in the field of design and development of information and communication technologies and in relation to the above mentioned services; design and development of computer game software and virtual reality software; electronic data

storage; compression of data for electronic storage; design and development of systems for data input, output, processing, display and storage; providing non-downloadable software for transferring data; data transfer services, namely, data migration services and data conversion services; document data transfer from one computer format to another; providing temporary use of non-downloadable software for enabling members of an online community to receive and access to non-fungible tokens; providing temporary use of non-downloadable software for enabling members of an online community to spend and trade non-fungible tokens; Non-downloadable software for storing, transferring, collecting, managing, exchanging, organizing, modifying, transmitting, and sharing data and information; Non-downloadable software for use as an electronic wallet; Non-downloadable software for use as a cryptocurrency wallet; Non-downloadable software for blockchain-based platforms and software for distributed applications; Providing distributed ledger platform software; non-downloadable software for electronic funds transfer; Non-downloadable software for exchanging, transferring and transacting digital files, digital multimedia files, digital media, digital collectibles, digital works and digital materials authenticated by non-fungible tokens; Providing non-downloadable software for use in financial exchange; Providing non-downloadable software for use in financial trading; Providing non-downloadable software for managing payment and exchange transactions; data encryption services; providing temporary use of non-downloadable software to serve as an exchange with blockchain technology; providing temporary use of non-downloadable software for use as a database with blockchain technology; providing temporary use of non-downloadable software for use as an application programming interface (API) for the development, testing, and integration of blockchain software applications; Providing non-downloadable software in the field of decentralized web software protocols; Design and development of game software; Providing non-downloadable game software; Non-downloadable cloud software for use in electronically trading, storing, sending, receiving, buying, selling, accessing, accepting and transmitting crypto-collectibles and digital

collectibles; Non-downloadable cloud software for use in electronically trading, storing, sending, receiving, buying, selling, accessing, accepting and transmitting digital files, digital multimedia files, digital media, digital works and digital materials authenticated by non-fungible tokens and other application tokens; non-downloadable software for use in electronically trading, storing, sending, receiving, accepting and transmitting digital currency, virtual currency, and cryptocurrency; non-downloadable software for use in electronically managing digital currency, virtual currency and cryptocurrency payment and exchange transactions; Non-downloadable cloud software for viewing crypto-collectibles and digital collectibles; Non-downloadable cloud software for viewing digital files, digital multimedia files, digital media, digital works and digital materials authenticated by non-fungible tokens and other application tokens; Non-downloadable cloud software for processing transactions related to crypto-collectibles, digital collectibles, digital multimedia files authenticated by non-fungible tokens and other application tokens; Non-downloadable cloud software for providing access to crypto-collectibles and digital collectibles; Non-downloadable cloud software for providing access to digital files, digital multimedia files, digital media, digital collectibles, digital works and digital materials authenticated by non-fungible tokens and other application tokens; non-downloadable cloud software for downloading software, data, and image files; non-downloadable cloud software for managing digital and virtual currency; non-downloadable cloud software for managing digital assets; Non-downloadable cloud software for managing digital files, digital multimedia files, digital media, digital collectibles, digital works and digital materials authenticated by non-fungible tokens (NFTs); Providing non-downloadable cloud software for use as a digital wallet; Software as a service (SaaS) services featuring software for use in electronically trading, storing, sending, receiving, buying, selling, accessing, accepting and transmitting crypto-collectibles and digital collectibles; Software as a service (SaaS) services featuring software for use in electronically trading, storing, sending, receiving, buying, selling, accessing, accepting and transmitting digital files, digital

multimedia files, digital media, digital works and digital materials authenticated by non-fungible tokens and other application tokens; software as a service (SaaS) services featuring software for use in electronically trading, storing, sending, receiving, accepting and transmitting digital currency, virtual currency, cryptocurrency; software as a service (SaaS) services featuring software for use in electronically managing digital currency, virtual currency and cryptocurrency payment and exchange transactions; Software as a service (SaaS) services featuring software for viewing crypto-collectibles and digital collectibles; Software as a service (SaaS) services featuring software for viewing digital files, digital multimedia files, digital media, digital works and digital materials authenticated by non-fungible tokens and other application tokens; Software as a service (SaaS) services featuring software for processing transactions related to crypto-collectibles, and digital collectibles; Software as a service (SaaS) services featuring software for processing transactions related to digital files, digital multimedia files, digital media, digital works and digital materials authenticated by non-fungible tokens and other application tokens; Software as a service (SaaS) services featuring software for providing access to crypto-collectibles, digital collectibles, digital multimedia files authenticated by non-fungible tokens and other application tokens; software as a service (SaaS) services featuring software for downloading software, data, and image files; software as a service (SaaS) services featuring software for managing digital and virtual currency; software as a service (SaaS) services featuring software for managing digital assets; software as a service (SaaS) services featuring software for managing non-fungible tokens (NFTs); software as a service (SaaS) services featuring software for use as a digital wallet; Platform as a service (PaaS) services featuring software for use in electronically trading, storing, sending, receiving, buying, selling, accessing, accepting and transmitting crypto-collectibles, digital collectibles; Providing non-downloadable software for use in financial exchange digital files, digital multimedia files, digital media, digital works and digital materials authenticated by non-fungible tokens and other application tokens; platform as a service (PaaS)

services featuring software for use in electronically trading, storing, sending, receiving, accepting and transmitting digital currency, virtual currency and cryptocurrency; platform as a service (PaaS) services featuring software for use in electronically managing digital currency, virtual currency and cryptocurrency payment and exchange transactions; Platform as a service (PaaS) services featuring software for viewing crypto-collectibles, digital collectibles; Software as a service (SaaS) services featuring software for viewing digital files, digital multimedia files, digital media, digital works and digital materials authenticated by nonfungible tokens and other application tokens; Platform as a service (PaaS) services featuring software for processing transactions related to crypto-collectibles, digital collectibles; Platform as a service (PaaS) services featuring software for processing transactions related to digital files, digital multimedia files, digital media, digital works and digital materials authenticated by non-fungible tokens and other application tokens; Platform as a service (PaaS) services featuring software for providing access to crypto-collectibles, digital collectibles; Software as a service (SaaS) services featuring software for providing access to digital files, digital multimedia files, digital media, digital works and digital materials authenticated by non-fungible tokens and other application tokens; platform as a service (PaaS) services featuring software for downloading software, data, and image files; platform as a service (PaaS) services featuring software for managing digital and virtual currency; platform as a service (PaaS) services featuring software for managing digital assets; platform as a service (PaaS) services featuring software for managing non-fungible tokens (NFTs); platform as a service (PaaS) services featuring software for use as a digital wallet; non-downloadable cryptocurrency wallets; Providing a website featuring an online marketplace for digital files, digital multimedia files, digital media, digital collectibles, digital works and digital materials authenticated by non-fungible tokens (NFTs); providing a website featuring an online marketplace for buyers and sellers of digital goods authenticated by non-fungible tokens (NFTs); Creation of online retail stores for others in the nature of web-based service that allows users to create and host

crypto collectibles and blockchain-based stores for digital files, digital multimedia files, digital media, digital works and digital materials authenticated by non-fungible tokens; Providing a web site featuring technology that enables internet users to create, bookmark, annotate, and publicly share data; Providing a members-only website featuring technology which provides members with the ability to access multiple databases for the purpose of purchasing crypto collectible and blockchain-based digital files and digital multimedia files authenticated by non-fungible tokens; application service provider (ASP) services featuring e-commerce software; Software as a service (SaaS) services featuring software for payment processing; Providing temporary use of on-line non-downloadable computer software for use as a digital wallet; Development of IT security software; design and development of computer networks; data mining; development of computer software for data processing; design of information systems relating to finance; Providing on-line non-downloadable computer software for enabling users to electronically create, store, send, receive, accept, exchange, and transmit digital assets, and digital files, digital multimedia files, digital media, digital collectibles, digital works and digital materials authenticated by non-fungible tokens based on blockchain technology; Computer services, namely, providing technology information in the field of blockchain, non-fungible tokens, digital currency, cryptocurrency and digital assets; Design, development, and implementation of software solutions for security of digital currency, digital assets, digital files and multimedia files authenticated by non-fungible tokens, digital collectibles, digital art, and blockchain and cryptocurrency transactions; providing non-downloadable software for managing digital collectibles, digital art, crypto-collectibles, and application tokens; Providing a website in the field of creating, minting, viewing, authenticating, buying, selling, listing, auctioning and trading digital files, digital multimedia files, digital media, digital collectibles, digital works and digital materials authenticated by non-fungible tokens (NFTs); Providing temporary use of non-downloadable software for minting, viewing, auctioning, authenticating collecting, buying, selling and trading virtual items, digital collectibles,

crypto collectibles, digital multimedia files authenticated by non-fungible tokens (NFTs) and digital tokens, cryptocurrencies, and digital art, and other digital items; Platform as a service (PAAS) featuring computer software platforms for individuals and organizations to create, mint, upload and sell digital assets and digital files, digital multimedia files, digital media, digital collectibles, digital works and digital materials authenticated by non-fungible tokens; Development, design, operation, administration, display and storage of digital collectibles authenticated by non-fungible tokens via a blockchain network; Providing temporary use of on-line non-downloadable software to enable consumers and businesses to manage, use and transfer digital assets, virtual currency, cryptocurrency, crypto-collectibles, digital multimedia files authenticated by non-fungible tokens and application tokens, and other ledger technologies; providing temporary use of on-line non-downloadable software for use in accessing, reading, tracking, managing, and using blockchain technology; Software as a service (SaaS) featuring software for the management, use and transfer of digital assets, cryptocollectibles, digital collectibles, digital files and multimedia files authenticated by non-fungible tokens and application tokens; Providing online, non-downloadable computer software for the creation, storage, display, register, purchase, sale, transfer and trade of digital works and digital collectibles authenticated by non-fungible tokens via a blockchain network; Providing non-downloadable computer software featuring digital collectibles, comprising interactive media, images, videos, audio, three-dimensional art, digital art, photography, music, data, statistics, graphics, or visual effects, authenticated by non-fungible cryptographic tokens via a blockchain network; Computer services, namely, creation of digital works and collectibles, authenticated by a non-fungible token that is considered digital art, a collectible, a media product, an asset or an item; Platform as a service (PaaS) featuring software platforms for blockchain transactions; software as a service (SaaS) services featuring software for use in database management, database integration, word processing, and administration of computer networks; Software as a service (SAAS) services featuring software for sending and

receiving electronic messages, notifications and alerts and for facilitating electronic business transactions via the internet and communications networks; platform as a service (PaaS) services featuring computer software platforms for use in database management, database integration, and administration of computer networks; platform as a service (PaaS) services featuring computer software to allow users to perform transactions; platform as a service (PaaS) services featuring computer software platforms for electronic messaging and transmission of text, graphics and data; platform as a service (PaaS) featuring computer software for creating virtual communities and transmission of information; Providing digital collectible services, namely, operating a website and online database for transactions, storage, and registry services using blockchain-based software technology and smart contracts for digital assets, crypto-collectibles, and digital files and multimedia files authenticated by non-fungible tokens and application tokens, digital content, art, music, videos, and other collectibles; providing platform as a service featuring electronic financial platform software for facilitating, managing, monitoring, validating, verifying, and tracking financial transactions in the field of virtual currency, cryptocurrency, and digital currency; providing temporary use of non-downloadable software for use as an application programming interface (API) for the development, testing, and integration of blockchain software applications; providing temporary use of non-downloadable software for use in financial trading; providing temporary use of non-downloadable software for use in financial exchanges; providing temporary use of non-downloadable software for facilitating, accessing, managing, monitoring, validating, verifying, transferring assets and information for use with blockchain technology; providing temporary use of non-downloadable software for use as a database with blockchain technology; providing temporary use of non-downloadable software for use in the exchange of virtual items; Providing a website and non-downloadable computer software for data authentication via blockchain and for purchasing, selling, storing, managing, authenticating, and sharing digital files, digital media and multimedia files authenticated by non-fungible tokens, and displaying and

storing digital assets and digital files, digital multimedia files, digital media, and digital works authenticated by non-fungible tokens; computer services, namely, providing non-downloadable software for mining cryptocurrencies; providing temporary use of non-downloadable software that uses distributed ledger technology for use in connection with online software applications; application service provider (ASP) services, namely, providing, hosting, managing, developing, and maintaining applications, software, websites and databases in the fields of information technology, blockchain, virtual currency, digital currency, cryptocurrency, non-fungible tokens, digital collectibles, and digital assets; computer services, namely, data encryption, data decryption, data conversion, data coding services in the nature of computer programming, and data security services in the nature of design and development of data security systems; platform as a service (PAAS) featuring computer software platforms for providing design, testing, deployment, and management of blockchain systems; platform as a service (PAAS) featuring computer software platforms for the deployment, transfer, and management of fiat and cryptocurrency; Design, development, and implementation of software for hierarchical deterministic multisignature (HDM) wallets and third party verification services for blockchain and cryptocurrency transactions; providing a website featuring technology that enables users to engage in cryptocurrency mining and verification services for cryptocurrency; consultation services, namely, software development consulting in the field of blockchain technology and cryptocurrency; Computer services, namely, creating an online community in the form of a website for enthusiasts to discuss and trade digital collectibles; Providing online, non-downloadable virtual goods, namely, online non-downloadable computer programs for the creation and trade of digital collectibles; Creating a digital multimedia files and digital files authenticated by a non-fungible token and an authenticated replica of the foregoing; providing temporary use of non-downloadable software to serve as an exchange with blockchain technology; blockchain-as-a-service (BaaS) for creating, publishing and managing non-fungible tokens (NFTs) in the form of virtual goods and

unique graphics; Minting services for digital multimedia files authenticated by non-fungible tokens (NFTs); Minting, creating, storing, and providing authentication services for digital files, digital multimedia files, digital media, digital collectibles, digital works and digital materials authenticated by non-fungible tokens and digital assets; Non-downloadable software for processing digital files, digital art, media, videos, photography, music, data, statistics, graphics, or visual effects; providing a website connecting sellers with buyers; Financial services, namely, providing an electronic trading platform; Financial services, namely, providing an electronic trading platform for purchasing and selling digital currency in exchange for fiat currency or other digital currency; providing an electronic trading platform.

Priority Details:

Class Number: 09

Priority Date: 20/12/2021

Country/Territory: SWITZERLAND

Priority Application Number: 187942021

Goods and/or Services: Downloadable cryptographic keys for receiving and spending cryptocurrency; hardware cryptocurrency wallets; downloadable software to catalog and manage intellectual property rights, digital assets and data, and mine digital assets, intellectual property rights, fungible tokens and non-fungible tokens (NFTs); downloadable software for decentralized finance, a blockchain-based finance software; downloadable software for executing, managing and verifying crypto-currency and digital asset transactions using blockchain technology; downloadable software for blockchain-based inventory management; downloadable software for centralized and decentralized exchanges for buyers and sellers of digital assets and crypto-currency; downloadable software for minting, creating, issuing, managing, transferring and storing crypto-currency and digital tokens; gaming software; downloadable gaming software; downloadable interactive entertainment software for computer games; security tokens (encryption devices); electronic

publications; electronic publications (downloadable) available from databases or the Internet; podcasts; Downloadable podcasts; scientific, research, navigational, geodetic, photographic, cinematographic, audio-visual, optical, weighing, measuring, signalling, detecting, testing, inspection, rescue and educational apparatus and instruments; apparatus and instruments for conducting, distributing, transforming, accumulating, regulating or controlling the distribution or consumption of electricity; Apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded or downloadable media, software, blank digital or similar recording and storage media; mechanisms for prepaid appliances; Cash registers, calculating devices; computers and computer peripherals.

Class Number: 28

Priority Date: 20/12/2021

Country/Territory: SWITZERLAND

Priority Application Number: 187942021

Goods and/or Services: Games, toys and playthings; Video game apparatus; gambling chips.

Class Number: 35

Priority Date: 20/12/2021

Country/Territory: SWITZERLAND

Priority Application Number: 187942021

Goods and/or Services: Advertising; management, organization and administration of business affairs; office work; services of organizing and holding trade fairs, events and exhibitions for commercial or advertising purposes; retailing services of works of art provided by art galleries; organizing and holding auctions; conducting interactive virtual auctions; auction services provided over the Internet; auctioning and providing online auction services for blockchain, cryptocurrency, digital currency and digital assets as well as licensing for blockchain creation services for the preparation of

contracts for the purchase and sale of products and services for third parties; provision of online sales areas for buyers and sellers of products and services; compilation of information in computerized databases; data entry and processing, in particular compilation and systematization of data in a central file; business support and administrative services; support for the realization of business transactions for third parties; retailing through global computer networks.

Class Number: 36

Priority Date: 20/12/2021

Country/Territory: SWITZERLAND

Priority Application Number: 187942021

Goods and/or Services: Financial, monetary and banking services; Insurance services; real estate business; issuance of securities; digital currency (crypto-currency) asset management services; digital currency (crypto-currency) exchange services; crypto-currency trading services; Financial exchange; Futures exchange services; provision of financial exchange for trading in digital currency (crypto-currencies); online and real-time currency trading; provision of an electronic trading platform; provision of an electronic trading platform for the purchase and sale of digital currency in exchange for fiat currency or other digital currencies (cryptocurrencies); Provision of financial information; provision of financial information on exchange rates; Financial management; financial management of digital assets and digital asset portfolios; financial services for digital currencies (crypto-currencies); Financial transaction services; financial transaction services with digital currency; financial services in the field of trading, advising, managing and negotiating in the field of financial derivatives and digital currencies (crypto-currencies); financial clearing house services; Payment processing services; Electronic payment services; debit card payment processing services; Credit card payment processing; Debit card payment processing; prepaid card payment processing services; Brokerage; Financial research; financial depository services.

Goods and/or Services:

Class 09

Software; Mobile application software; Computer hardware; Software for social networking and creating and interacting with online communities; Software for creating, managing and accessing groups within virtual communities; Software development tools; Software to enable development, assessment, testing, and maintenance of mobile software applications for portable electronic communication devices, namely, mobile phones, smartphones, handheld computers and computer tablets; Software for use as an application programming interface (API); Software for organizing events, searching for events, calendaring and managing events; Software for creating, editing, uploading, downloading, accessing, viewing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, interacting with, embedding, and sharing or otherwise providing electronic media, images, video, audio, audio-visual content, data, and information via the internet and communication networks; Software for finding content and content publishers, and for subscribing to content; Software for creating and managing social media profiles and user accounts; Interactive photo and video equipment, namely, kiosks for capturing, uploading, editing, printing and sharing digital images and video; Software for streaming multimedia entertainment content, audio-visual content, video content, and associated text and data; Software for enabling transmission of images, audio, audio visual and video content and data; Software for modifying photographs, images and audio, video, and audio-visual content; Software for use in taking and editing photographs and recording and editing videos; Software for processing images, graphics, audio, video, and text; Software for collecting, managing, organizing, modifying, transmitting, synchronizing, and storing data and information; E-commerce software; E-commerce software to allow users to perform electronic business transactions via a global computer and communication networks; Software and mobile application software providing a

virtual marketplace; Software for sending and receiving electronic messages, alerts, notifications and reminders; File sharing software; Messaging software; Search engine software; Software for use in creating, managing, measuring, and disseminating advertising of others; Advertisement server, namely, a computer server for storing advertisements and delivering advertisements to websites; Software for creating, sharing, disseminating and posting advertising; Software for geo-location based advertising and product and service promotion; Software that enables individuals, groups, companies, and brands to create and maintain an online presence and interact with online communities for marketing purposes; Downloadable virtual reality software; Downloadable augmented reality software; Downloadable mixed reality software; Virtual reality software for interactive entertainment and virtual reality gaming; Augmented reality software for interactive entertainment and augmented reality gaming; Software for integrating electronic data with real world environments for the purposes of entertainment, education, gaming, communicating, and social networking; Software for use in enabling computers, video game consoles, handheld video game consoles, tablet computers, mobile devices, and mobile telephones to provide virtual reality and augmented reality experiences; Software for operating, configuring, and managing virtual reality headsets and controllers; Software for gesture recognition, object tracking, motion control, and content visualization; Software, firmware and hardware for use in visual, voice, audio, motion, eye and gesture tracking and recognition; Software for navigating a virtual reality and augmented reality environments; Software for enabling users to experience virtual reality and augmented reality visualization, manipulation, and immersion; Software for recording, storing, transmitting, receiving, displaying and analyzing data from wearable computer hardware; Software for use in creating and designing virtual reality and augmented reality software; Application programming interface (API) for computer software for developing virtual reality and augmented reality experiences; Virtual reality game computer hardware; Augmented reality game computer hardware; Mixed reality game computer hardware; Virtual

reality computer hardware; Augmented reality computer hardware; Mixed reality computer hardware; Motion tracking sensors for virtual reality, augmented reality and mixed reality technology; Virtual reality hardware, namely, headsets, glasses, and controllers for engaging in virtual reality experiences and playing virtual reality games; Augmented reality hardware, namely, headsets, glasses, and controllers for engaging in augmented reality experiences and playing augmented reality games; Wearable computing devices comprised primarily of software and display screens for connection to computers, tablet computers, mobile devices, and mobile phones in order to enable virtual reality and augmented reality world experiences; Hardware and software for operating sensor devices; Electronic sensor devices, cameras, projectors, and microphones for gesture, facial, and voice detection, capture and recognition; Hardware and software for detecting objects, user gestures and commands; Game software; Software for game development; Gaming software development tools; Blockchain gaming software; Downloadable electronic game software in the nature of video games, computer games, interactive multimedia games, and virtual, augmented, and mixed reality games; Computer software for controlling the operation of audio and video devices; Video display software; Software for accessing and viewing text, images and electronic data relating to conferences in the field of software development; Software for converting natural language into machine-executable commands; Software for facilitating interaction and communication between humans and AI (artificial intelligence) platforms; Application programming interface (API) for use in developing AI (artificial intelligence) platforms, namely, bots, virtual agents and virtual assistants; Software, namely, an interpretive interface for facilitating interaction between humans and machines; Artificial intelligence software, namely, machine learning software, visual perception software, speech or language recognition software, decision-making software, translation software, touch recognition software, conversational query software, software for converting natural language into machine-executable commands, and digital assistant software; Virtual assistant software that can perform

tasks or services on behalf of a user that is activated by user input, location awareness, and online information; Software for providing consumer information; Software for providing electronic maps; Location-aware software for searching, determining, and sharing locations; Software for searching and identifying employment opportunities; Software for identifying and allowing users to contact government representatives; Software providing location-based weather information; Software providing, linking to, or streaming news or current events information; Parental control software; Computer software; Computer operating systems; Software for enabling electronic devices to share data and communicate with each other; Computer peripheral devices; Digital media streaming devices; Headsets; Headphones; Gaming headsets; Computer gaming peripherals; Video display hardware, namely, video drivers for video eyewear; Cameras; Batteries; Battery cases; Battery packs; Rechargeable electric battery devices, namely, rechargeable batteries and portable power supplies; Battery chargers; Rechargeable external battery packs for use with mobile electronic devices; Power charging devices for mobile electronic devices; Charging stands for mobile electronic devices; External chargers for use with computers, tablet computers, mobile devices and mobile telephones; Wireless charging cases for use with computers, tablet computers, mobile devices and mobile telephones; Power adapters; Electrical adapters, cable, and connectors; Bags and cases specially adapted for mobile electronic devices; Protective covers and cases for mobile electronic devices; Cases for computers, smartphones, headphones and headsets; Holders, armbands, clips and carrying cases specially adapted for mobile electronic devices; Wall mounts for mounting mobile electronic devices; Stands for mobile electronic devices; Holders for mobile electronic devices; Remote controls for mobile electronic devices; Audio speakers; Electrical audio and speaker cables and connectors; Electronic cables parts and fittings; Electronic cables; Cables for optical signal transmission; Power cables and cable connectors; Microphones; Audio receivers; Audio transmitters; Head-mounted video display; Receivers of electronic signals; Video receivers; Wireless transmitters

and receivers for reproduction of sound and signals; Electric sensors; Sensors for monitoring physical movements; SIM cards; Software for use in customer relationship management (CRM); Software for facilitating and arranging for the financing and distribution of fundraising and donations; Software for online charitable fundraising services and financial donation services; Software for use in facilitating voice over internet protocol (VOIP) calls, phone calls, video calls, text messages, instant message and online social networking services; Telecommunications equipment for providing third party access to, and enabling the transmission of video, data and voice over, global communications networks, namely, mobile and mobile telephone terminals, base transceiver stations and wireless radio parts thereof, data transceivers, data repeaters, routers and switches, transmission circuits, integrated circuits, computer hardware, mobile cloud clients and servers, multiplexers, digital signal processors, radio frequency signal processors, mobile switching circuits, air traffic electrical controllers, mobility electrical controllers, access electrical controllers, remote port electrical controllers, radio ports, antennas, electronic radio components, software for telecommunications applications, and mobile core networks comprising data transceivers, wireless networks for collection, transmission and management of data, voice and video; Communication software and communication computer hardware for providing access to the Internet; Telecommunications equipment; Radio receivers and transmitters; GPS receivers; Software to allow users to perform e-commerce transactions via the internet and communications networks; Communications software; Software that allows users to make payments and transfer funds; Software that enables online users to make payments and transfer funds across multiple websites and mobile applications; Electronic payment processing software; Software for processing electronic transactions; Computer software in the nature of a query engine; Software for facilitating machine learning; Software for building user interfaces; Downloadable electronic publications; Software for opinion polling; Software allowing users to post questions with answer options; Interactive photo and video equipment, namely, kiosks computer hardware for

capturing, uploading, editing, printing and sharing digital images and video; Software for the synchronization of data between a remote station or device and a fixed or remote station or device; Voice command and recognition software, speech to text conversion software; Voice-enabled software applications for personal information management; Home automation and home device integration software; Wireless communication software for voice, audio, video, and data transmission; Software used for controlling stand-alone voice controlled information and personal assistant devices; Software for voice recognition for use in connection with the transmission of voice and data; Software for accessing, browsing, and searching online databases, audio, video, and multimedia content, games, and software applications, and software application marketplaces; Software for use to connect and control internet of things (iot) electronic devices; Computer application software for handheld wireless devices, namely, software for controlling, integrating, operating, connecting, and managing voice controlled information devices, namely, cloud-connected and voice-controlled smart consumer electronic devices and electronic personal assistant devices; Software for processing, reproducing, synchronizing, recording, organizing, downloading, uploading, transmitting, streaming, receiving, playing and viewing text, multimedia and data files; Software, for personalized, interactive television (TV) programming and for use in displaying and manipulating visual media, graphic images, text, photographs, illustrations, digital animation, video clips, film footage and audio data; Software in the nature of a mobile application for telecommunication services for providing transmission of voice, data, video, and media content via the internet and the worldwide web for computers or other portable consumer electronic devices; Software for searching television entertainment exploration guides; Software for searching, locating, compiling, indexing, correlating, navigating, obtaining, downloading, receiving, encoding, decoding, playing, storing and organizing text, data, images, graphics, audio and video on a global computer network; Software to enhance mobile access to the internet via computers, mobile computers, and mobile communications devices; Software for formatting and

converting content, text, visual works, audio works, audiovisual works, literary works, data, files, documents and electronic works into a format compatible with portable electronic devices and computers; Software for transmitting, sharing, receiving, downloading, displaying, interacting with and transferring content, text, visual works, audio works, audiovisual works, literary works, data, files, documents and electronic works; Electronic communication equipment and instruments, namely, mobile and wearable digital electronic devices for sending and receiving of text, data, audio, image, and video files; Telecommunications apparatus and instruments, namely, speakers and microphones sold as component features of computers, mobile and wearable digital electronic devices for the sending and receiving of telephone calls, text messages, electronic mail, and other digital data, and for use in providing access to the internet; Electronic notepads; Electronic personal organizers; Electronic voice recording and voice recognition apparatus; Portable digital electronic devices for recording, organizing, transmitting, manipulating, reviewing, and receiving text, data, and digital files; Wearable computer hardware; Wearable digital electronic devices comprised primarily of software for alerts, messages, emails, and reminders, and for recording, organizing, transmitting, manipulating, reviewing, and receiving text, data, audio, image and digital files and display screens; Software for accessing, browsing and searching online databases; Software for accessing, monitoring, searching, displaying, reading, recommending, sharing, organizing, and annotating news, sports, weather, commentary, and other information, content from periodicals, blogs, and websites, and other text, data, graphics, images, audio, video, and multimedia content; Software for creating, authoring, distributing, downloading, transmitting, receiving, playing, editing, extracting, encoding, decoding, displaying, storing and organizing text, data, graphics, images, audio, video, and multimedia content, electronic publications, and electronic games; Apparatus for recording, transmission or reproduction of sound or images; Apparatus for transmission of communication; Apparatus for data storage, namely, mobile and wearable digital electronic devices for the storage of text, data, audio, image, and video files; Blockchain software;

Cryptography software; Software for cryptocurrency mining; Software for cryptocurrency farming; Software in the field of blockchain; Software for use with cryptocurrency; Software for use with digital currency; Software for use with virtual currency; Digital currency wallet and storage services software; Software for use as a cryptocurrency wallet; Cryptocurrency hardware wallet; Downloadable computer software for use as a digital wallet; Downloadable computer software for use as an electronic wallet; Computer programs and computer application software for electronic storage of data; Software for providing a digital wallet; Software for digital currency payment and exchange transactions; Software for use in managing portfolios of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, Software for use as an electronic wallet; Software for creating and managing electronic wallets; Software for electronic wallet services; Downloadable e-wallets; Distributed ledger software; Distributed ledger platform software; Software for use with distributed ledger technology; Software that facilitates the ability of users to view, analyze, record, store, monitor, manage, trade and exchange digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; Software for sending, receiving, accepting, buying, selling, storing, transmitting, trading and exchanging digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; Software for executing and recording financial transactions; Distributed ledger software for use in processing financial transactions; Software for creating accounts and maintaining and managing information about financial transactions on distributed ledgers and peer to peer payment networks; Software for use in financial trading; Software for use in financial exchange; Software for accessing financial information and market data and trends; Software for providing authentication of parties to a financial transaction; Software for maintaining ledgers for financial transactions; Software for the management of cryptographic security of electronic transmissions across computer networks; Software for encrypting and enabling secure

transmission of digital information over the Internet; Software for allowing users to calculate parameters related to financial transactions; Software for electronic funds transfer; Software for currency conversion; Software for the collection and distribution of data; Software for payment transactions; Software for connecting computers to local databases and global computer networks; Software for creating searchable databases of information and data; Software for managing and validating transactions involving digital assets, digital tokens, crypto-tokens, utility tokens, non-fungible tokens (NFTs), digital collectibles, crypto-collectibles, cryptocurrencies, digital currencies and virtual currencies; Software for creating, executing, and managing smart contracts; Software for managing payment and exchange transactions; Software and hardware for use as a digital currency wallet, virtual currency wallet, digital asset wallet, crypto token wallet, and utility wallet; Software for creating a decentralized and open source digital currency, virtual currency, cryptocurrency, digitized assets, digital token for use in blockchain-based transactions; Software for decentralized finance; Software for developing decentralized applications; Software for recording, managing, tracking, and transferring ownership interests in decentralized autonomous organizations; Software for management and governance of decentralized autonomous organizations; Software for participating and voting in decentralized autonomous organizations; Software for arranging and conducting auctions; Software for voting; Computer application software for blockchain-based platforms, namely, software for digital exchanges for virtual items; Software for creating, selling and managing blockchain-based tokens or appcoins; Software for use in an electronic financial platform; Software for processing electronic payments and for transferring funds to and from others; Blockchain platform software; Software for managing and verifying transactions on a blockchain; Software for use in the management and implementation of digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token transactions; Software for creating and managing a blockchain platform for use in

managing digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token accounts; Software for managing crypto currency and digital currency accounts; Software for use in payments, purchases, and investments using digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; Software for use in managing the conversion of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens into hard currency; Software for developing, deploying, and managing software applications, and integrating software applications for digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token accounts; Software and hardware for use in electronically exchanging currency for digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; Software for use as an application programming interface (API) for the development, testing, and integration of blockchain software applications; Computer hardware for digital currency, virtual currency, cryptocurrency, digital and blockchain asset, and digitized asset mining; Security token hardware; Electronic currency converters; Software, namely, electronic financial platform that accommodates multiple types of payment and transactions in an integrated mobile phone, personal digital assistant (PDA), and web-based environment; Software for creating tokens to be used to pay for products and services, and that may be traded or exchanged for cash value; Software for managing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized asset, digital token, crypto token and utility token payments, money transfers, and commodity transfers; Software for use as an application program interface (API) software for use in computer hardware device identification; Software for use in authenticating user access to computers and computer networks; Software for use in facilitating secure transactions; Software for use in accessing, reading, tracking, and using blockchain technology; Software and hardware for managing

identity information, access rights to information resources and applications and authentication functionality; Software for network identification verification, authentication and management services for security purposes; Downloadable authentication software for controlling access to and communications with computers and computer networks; Magnetically encoded credit cards and payment cards; Encryption devices; Security tokens; Software for use as a security token; Software used in issuing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; Crypto tokens and utility tokens; Software used in auditing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; Ad server, namely, a computer server for storing advertisements and delivering advertisements to websites; Altimeters; Application programming interface (API) for computer software for developing and creating virtual reality, augmented reality and mixed reality experiences; Application programming interface (API) for computer software which facilitates online services for social networking and for data retrieval, upload, download, access and management; Application programming interface (API) for software which facilitates online services for social networking and for data retrieval, upload, download, access and management; Application programming interface (API) for use in building software applications; Augmented reality glasses; Augmented reality headsets; Augmented reality software; Augmented reality software for interactive entertainment; Augmented reality software for navigating an augmented reality environment; Augmented reality software for object tracking, motion control and content visualization; Augmented reality software for operating augmented reality headsets; Augmented reality software for users to experience augmented reality visualization, manipulation and immersion; Cables, namely, electronic cables and connection cables; Cases, straps, wrist and arm bands for electronic monitoring devices; Computer application software for smartphones and mobile devices in the fields of fitness and exercise featuring personal training services, coaching, workouts and

fitness assessments; Computer application software for use in connection with configuring and controlling wearable computer hardware and wearable computer peripherals; Computer hardware for displaying data and video; Computer hardware for use in measuring heart rhythm; Computer hardware for use in taking electrocardiograms; Computer operating system software; Computer peripherals for displaying data and video; Computer peripherals for mobile devices for displaying data and video, namely, peripherals worn on the head for mobile devices for displaying data and video; Computer peripherals for mobile devices for remotely accessing and transmitting data, namely, peripherals worn on the head for mobile devices for remotely accessing and transmitting data; Computer peripherals for mobile devices, namely, electronic devices, monitors, sensors, and displays for sensing, monitoring, recording, displaying, measuring, and transmitting global positioning, direction, distance, altitude, speed, navigational information, weather information, temperature, physical activity level, heart rate, pulse rate, blood pressure, calories burned, steps taken, and biometric data; Computer peripherals for remotely accessing and transmitting data; Computer software and computer application software for mobile phones and personal digital devices that provides a fitness assessment and fitness score by comparing previous athletic performances and fitness levels with future athletic performances and fitness levels, and provides advice and customized workouts for improving in specific areas of a particular sport or fitness activity; Computer software and computer application software for mobile phones and personal digital devices that monitor, track, and compare sport activity and fitness level; Computer software and computer application software for mobile phones and personal digital devices that evaluates a user's fitness level and athleticism, and provides fitness scores; Computer software and computer application software for mobile phones and personal digital devices that provides tips, coaching, and personalized workouts, to improve the user's fitness score; Computer software and computer application software for mobile phones and personal digital devices for communicating with gaming consoles, personal computers, personal

digital devices, and mobile phones, regarding time, pace, speed, steps taken, athletic skill, calories burned, agility, motion, balance, coordination, and flexibility; Computer software and computer application software for mobile phones and personal digital devices for monitoring, uploading, and downloading data regarding sport activity, fitness training, and fitness level to the internet and other computer and electronic communication networks; Computer software and computer application software that detects user's movements during physical activity, fitness sessions, workouts, to provide personalized fitness scores and assessments; Computer software and firmware, namely, operating system programs, database synchronization software, and data synchronization programs; Computer software development tools; Computer software for accessing, browsing and searching online databases; Computer software for accessing, monitoring, searching, displaying, reading, recommending, sharing, organizing, and annotating news, sports, weather, commentary, and other information, content from periodicals, blogs, and websites, and other text, data, graphics, images, audio, video, and multimedia content; Computer software for communicating with gaming consoles regarding time, pace, speed, steps taken, athletic skill, calories burned, agility, motion, balance, coordination, and flexibility; Computer software for creating, authoring, distributing, downloading, transmitting, receiving, playing, editing, extracting, encoding, decoding, displaying, storing and organizing text, data, graphics, images, audio, video, and multimedia content, and electronic publications, and electronic games; Computer software for creating, editing, uploading, downloading, accessing, viewing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, embedding, transmitting, and sharing or otherwise providing electronic media or information via computer the internet and communication networks; Computer software for creating, managing, and interacting with an online community; Computer software for fitness and weight management; Computer software for fitness, fitness assessments, and sport activities; Computer software for integrating electronic data with real world environments for the purposes of

entertainment, communicating, and social networking; Computer software for managing information regarding tracking, compliance and motivation with a health and fitness program; Computer software for modifying and enabling transmission of images, audio, audio visual and video content and data; Computer software for modifying photographs, images and audio, video, and audio-visual content with photographic filters and virtual reality, mixed reality and augmented reality (AR) effects, namely, graphics, animations, text, drawings, geotags, metadata tags, hyperlinks; Computer software for monitoring, processing, displaying, storing and transmitting data relating to a user's physical activity; Computer software for processing images, graphics, audio, video, and text; Computer software for sending and receiving electronic messages, graphics, images, audio and audio visual content via computer the internet and communication networks; Computer software for sending and receiving electronic messages, alerts, notifications and reminders; Computer software for sensing, monitoring, recording, displaying, measuring, and transmitting global positioning, direction, distance, altitude, speed, navigational information, weather information, temperature, physical activity level, heart rate, pulse rate, blood pressure, calories burned, steps taken, and biometric data; Computer software for setting up, configuring, operating and controlling mobile devices, wearable devices, mobile phones, computers, and computer peripherals; Computer software for social networking and interacting with online communities; Computer software for the collection, managing, editing, organizing, modifying, transmission, sharing, and storage of data and information; Computer software for the redirection of messages, Internet e-mail, and/or other data to one or more electronic wearable wireless communication devices from a data store on or associated with a personal computer or a server; Computer software for tracking and managing information regarding health, fitness, and wellness programs; Computer software for use as an application programming interface (API); Computer software for use in creating, managing, measuring, and disseminating advertising of others; Computer software for viewing digital images and photographs provided as updates

for or in combination with head-mounted display screen devices; Computer software for wireless content, data and information delivery; Computer software for wireless data communication for receiving, processing, transmitting and displaying information relating to fitness, body fat, body mass index; Computer software in the field of health, fitness, exercise, and wellness for sensing, monitoring, recording, displaying, measuring, and transmitting global positioning, direction, distance, altitude, speed, navigational information, temperature, physical activity level, heart rate, pulse rate, blood pressure, calories burned, steps taken, and biometric data and for tracking and managing information regarding health, fitness, exercise, and wellness programs; Computer software that detects user's movements during physical activity, fitness sessions, workouts, to provide personalized fitness scores and assessments; Computer software that evaluates a user's fitness level and athleticism, and provides fitness scores; Computer software that monitor, track, and compare sport activity and fitness level; Computer software that provides a fitness assessment and fitness score by comparing previous athletic performances and fitness levels with future athletic performances and fitness levels, and provides advice and customized workouts for improving in specific areas of a particular sport or fitness activity; Computer software that provides tips, coaching, and personalized workouts, to improve the user's fitness score; Computer software to enable accessing, displaying, editing, linking, sharing and otherwise providing electronic media and information via the internet and communications networks; Computer software to enable development, assessment, testing, and maintenance of mobile software applications for portable electronic communication devices, namely, mobile phones, smartphones, handheld computers and computer tablets; Computer software to enhance the audio-visual capabilities of multimedia applications, namely, for the three-dimensional rendering of graphics, still images and moving pictures provided as updates for or in combination with head-mounted display screen devices; Computer software, namely, an application providing social networking functionalities; Computer software, namely, an interpretive interface for facilitating interaction

between humans and machines; Computer software, namely, software development tools for the creation, debugging, and deployment of software applications for smart glasses, near eye displays, head mounted displays, and smartphones; Smartwatches; Connection cables; Eyewear; Sunglasses; Head mounted video displays, namely, micro screens, virtual reality headsets, associated electronics, namely, connection cables and adaptors, software and firmware for displaying video games, electronic media and images; Downloadable computer application software for mobile phones, smartphones, computers, tablets, smart glasses, digital video eyewear, wearable digital electronic devices, namely, glasses, goggles, and headsets, head mounted displays, near eye display systems, communications networks, cloud computing services, and computer systems for communicating between the devices, networks and services; Downloadable computer application software for smart glasses, near eye display systems, and head mounted displays for displaying icons, determining and responding to user selection of icons, controlling connections to and communication with other devices, networks, and systems, operating a camera to record and display images and audio visual files, organizing digital image and audio visual files, controlling microphones, controlling sound level of built-in speakers, transferring computer files between the smart glasses, near eye display systems, head mounted displays and other devices, networks, and systems, controlling user notifications, controlling a touchpad, controlling and obtaining data from sensors in the smart glasses, near eye display systems, and head mounted displays, including accelerometers, barometric, temperature, tilt, tip, and yawl sensors, head orientation sensors, and GPS receivers, controlling the speed of the CPU, and sensing and displaying the battery charge level, and displaying, capturing, recording, and streaming data, images, and audio visual content in standard reality, augmented reality, and mixed reality environments; Downloadable computer application software for smart glasses, near eye display systems, and head mounted displays for the generation and display of standard reality, augmented reality, mixed reality content; Downloadable computer application

software for smart glasses, near eye display systems, and head mounted displays for communication with other smart glasses, near eye display systems, and head mounted displays; Downloadable computer software for enabling capture, storage, and transmission of photographs, videos, data, and information with a user's biometric, health, and other performance data overlaid and integrated into the recording; Downloadable computer software for viewing and interacting with a feed of images, audio, audio-visual and video content and associated text and data; Downloadable computer software, namely, mobile application for setting up, configuring, and controlling wearable computer hardware and wearable computer peripherals; Electric cables; Electrical adapters; Electronic monitoring devices incorporating indicators that light up and change color based on wearer's cumulative activity level; Electronic monitoring devices incorporating microprocessors, digital display, and accelerometers, for detecting, storing, reporting, monitoring, uploading and downloading sport, fitness training, and activity data to the internet, and communication with gaming consoles and personal computers, regarding time, pace, speed, steps taken, athletic skill, calories burned, heart and body rate, global positioning, direction, distance, altitude, navigational and weather information; Electronic navigational instruments and apparatus; Fitness and exercise sensors, monitors, and displays for sensing, monitoring, recording, displaying, measuring, and transmitting global positioning, direction, distance, altitude, speed, temperature, and navigational information, to be worn during exercise and for sports activities; Gesture recognition software; Glasses with the function of wireless communication; Global positioning system (GPS) devices; Goggles for enabling virtual reality, augmented reality and mixed reality world experiences; Hardware and software to view virtual images in creating virtual, augmented and mixed reality; Head mounted video display; Head-mounted display screen devices and their component parts, namely, video display cards; Headsets for use with computers; interactive entertainment software; interface electronics, namely, video driver interface circuits for digital video eyewear; Location-aware computer software, downloadable computer software and mobile

application software for searching, determining and sharing locations; Loudspeakers; Microdisplays, namely, head mounted video displays and near eye video displays; Mixed reality glasses; Mixed reality headsets; Mixed reality software; Mixed reality software for interactive entertainment; Mixed reality software for navigating a mixed reality environment; Mixed reality software for object tracking, motion control and content visualization; Mixed reality software for operating mixed reality headsets; Mixed reality software for users to experience mixed reality visualization, manipulation and immersion; Mobile application software for creating personalized fitness training programs; Motion tracking sensors for augmented reality technology; Motion tracking sensors for mixed reality technology; Motion tracking sensors for virtual reality technology; Multifunctional electronic devices for displaying, measuring, and uploading to the Internet information including time, date, body and heart rates, global positioning, direction, distance, altitude, speed, steps taken, calories burned, navigational information, weather information, the temperature, wind speed, and the declination of body and heart rates, altitude and speed; Multifunctional electronic devices for displaying, measuring, and uploading to the Internet information including time, date, heart rate, global positioning, direction, distance, altitude, speed, steps taken, calories burned, navigational information, changes in heart rate, activity level, hours slept, quality of sleep, and silent wake alarm; Near eye display optics, namely, video display screens for mounting near a user's eyes and lenses for displaying images to a user; Near eye display systems comprised of GPS sensors, accelerometers, magnetometers, directional compasses, environment temperature sensors, and electronic tip and tilt orientation sensors; Near eye display systems comprising computer hardware, electronic display interfaces, and software for the generation and display of virtual reality and mixed reality content; Near eye display systems comprising computer hardware, electronic display interfaces, and software specifically adapted for goggles; Near eye display systems comprising eyewear and software for the generation and display of standard reality, augmented reality, and mixed reality content; Near eye displays; Network communication apparatus, namely,

mobile and wearable digital electronic devices for the sending and receiving of text, data, audio, image, and video files across networks; Pedometers; Peripherals for mobile devices, namely, pedometers and altimeters; Personal assistant software; Personal digital assistants; Personal electronic devices used to track fitness goals and statistics; Personal fitness trackers; Personal video display devices in the nature of wearable displays for viewing digital content including virtual reality, augmented reality and mixed reality content; Personal video display screens; Portable, handheld, and personal digital electronic devices for recording, organizing, transmitting, manipulating, reviewing, and receiving text, data, and digital files; Remote control apparatus for wearable computer hardware and smartwatches; Sensors for scientific use to be worn by a human to gather human biometric data, mobile and wearable digital electronic devices for recording, organizing, transmitting, manipulating, and reviewing text, data, audio, image and video files; Smart glasses; Smart glasses with wired and wireless audio capability; Smartwatch bands; Smartwatch straps; Social assistant software; Software and firmware for controlling, configuring and managing controllers; Software and firmware for displaying video games and electronic media on display screen devices provided as updates for or in combination with head-mounted display screen devices; Software and firmware for operating system programs; Software and firmware for video drivers and video processing provided as updates for or in combination with head-mounted display screen devices; Software and firmware for enabling electronic devices to share data and communicate with each other; Software driver programs for electronic devices for enabling computer hardware and electronic devices to communicate with each other; Software for advertisers to communicate and interact with online communities; Software for alerts, messages, emails, and reminders, and for recording, organizing, transmitting, manipulating, reviewing, and receiving text, data, audio, image and digital files and display screens; Software for communicating by wireless local area networks, wireless technologies, and other communication protocols between near-eye display systems and network devices, namely, mobile phones, smart phones, computers,

tablets, and other computer systems; Software for creating, editing, uploading, downloading, accessing, viewing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, embedding, transmitting, and sharing or otherwise providing electronic media or information via computer and communication networks; Software for creating, managing, and interacting with an online community; Software for generating images to be displayed in near-eye display system; Software for modifying and enabling transmission of images, audio, audio visual and video content and data; Software for ordering and/or purchasing goods and services; Software for organizing, searching for and managing events; Software for planning activities with other users, making recommendations; Software for smart phones and other computer systems to generate data, images, and audio for display in near-eye display systems and for transmitting such data, images, audio to near-eye display systems; Software for smart phones and other computer systems to receive data from near-eye display systems; Software for social and destination mapping; Software for social networking; Software for streaming multimedia entertainment content; Software for the collection, managing, editing, organizing, modifying, transmission, sharing, and storage of data and information; Software for tracking motion in, visualizing, manipulating, viewing, and displaying augmented, mixed and virtual reality experiences; Software for use in creating and designing virtual reality, augmented reality and mixed reality software; Software for wireless content, data and information delivery; Software in the nature of a mobile application; Software that enables individuals, groups, companies, and brands to create and maintain an online presence for marketing purposes; Virtual reality glasses; Virtual reality headsets; Virtual reality software; Virtual reality software for interactive entertainment; Virtual reality software for navigating a virtual reality environment; Virtual reality software for object tracking, motion control and content visualization; Virtual reality software for operating virtual reality headsets; Virtual reality software for users to experience virtual reality visualization, manipulation and immersion; Virtual, augmented, and mixed reality software for use in enabling

computers, video game consoles, handheld video game consoles, tablet computers, mobile devices, and mobile telephones to provide virtual, augmented, and mixed reality experiences; Watches, bracelets, and wrist bands that communicate data to personal digital assistants, smart phones, and personal computers through Internet websites and other computer and electronic communication networks; Waterproof near eye display systems comprising computer hardware, electronic display interfaces, and software for the generation and display of virtual reality and mixed reality content; Wearable activity trackers; Wearable computer peripherals; Wearable computing devices comprised primarily of software and display screens for connection to computers, tablet computers, mobile devices, and mobile phones in order to enable virtual reality, augmented reality and mixed reality world experiences; Wearable digital electronic devices, namely, glasses, goggles, and headsets; Wearable electronic devices, namely, watches, bracelets, and wristbands that are comprised of software that communicates data to personal digital assistants, smart phones, and personal computers through Internet websites and other computer and electronic communication networks; Wearable peripherals for computers, tablet computers, mobile devices and mobile telephones, namely, configurable head-mounted displays; Wireless computer peripherals; Light emitting diode (LED) signs; Neon signs; Image, music, audio, video and multimedia files authenticated by non-fungible tokens (NFTs); Digital images, audio, video and multimedia files; Computer graphics; Software for creating NFTs; Software for minting, creating, and issuing digital assets, digital tokens, crypto-tokens, utility tokens, non-fungible tokens (NFTs), digital collectibles, crypto-collectibles, cryptocurrencies, digital currencies and virtual currencies; Software for viewing and providing access to digital assets, digital tokens, crypto-tokens, utility tokens, non-fungible tokens (NFTs), digital collectibles, crypto-collectibles, cryptocurrencies, digital currencies and virtual currencies; Software for distributing, trading, storing, sending, receiving, accepting, and transmitting digital assets, digital tokens, crypto-tokens, utility tokens, non-fungible tokens (NFTs), digital collectibles, crypto-collectibles, cryptocurrencies, digital currencies and virtual

currencies.

Class 25

Clothing; Hats; Headwear; Jackets; Jerseys; Pants; Shirts; T-shirts; Sweaters; Sweatshirts; Shoes; Scarves; Sneakers; Socks.

Class 28

Electronic and interactive multimedia game consoles; Video game interactive remote control units; Game controllers for computer and video games; Hand-held units for playing electronic, computer, interactive, and video games; Gaming devices; Mobile gaming devices; Amusement game machines; Gaming devices, mobile gaming devices, namely, gaming machines with or without video output for playing computer games and video games; Computer game consoles for use with an external display screen or monitor; Apparatus for electronic games other than those adapted for use with an external display screen or monitor; Apparatus for electronic games adapted for use with an external display screen or monitor; Bags specially adapted for handheld video games and video game consoles; Computer and video game joysticks; Gaming mice; Gaming keypads; Computer gaming consoles for recreational game playing; Fitted plastic films known as skins for covering and protecting electronic game playing apparatus, namely, video game consoles and hand-held video game units; Game controllers in the nature of keyboards for computer games; Games adapted for use with television receivers; Hand held joy stick units for playing video games; Game consoles; Handheld game consoles; Hand-held electronic games adapted for use with television receivers only; Hand-held games with liquid crystal displays; Hand-held units for playing electronic games for use with external display screen or monitor; Home video game machines; LCD game machines; Player-operated electronic controllers for electronic video game machines; Protective carrying cases specially adapted for handheld video games and video game consoles; Standalone video game machine; Stands for electronic

game playing apparatus, namely, video game consoles and hand-held video game units; Tabletop units for playing electronic games other than in conjunction with a television or computer; Video game interactive hand held remote controls for playing electronic games; Controllers for game consoles; Arcade video game machines; Video game consoles; Gymnastic and sporting articles not included in other classes; Decorations for Christmas trees; Body-building apparatus; Body-training apparatus; Body-training equipment; Equipment for sports and games; Exercise machines; Toys, games and playthings; Toy figurines; Plush toys; Action figures; Balls; Basketballs; Playing cards; Skateboards; Skateboard decks.

Class 35

Advertising services; Advertising via electronic media; Dissemination of advertising for others via a global computer network; Business and advertising services, namely, advertising services for tracking advertising performance, for managing, distributing and serving advertising, for analyzing advertising data, for reporting advertising data, and for optimizing advertising performance; Advertising services, namely, advertising campaign management, targeting, implementation and optimization services; Preparation and realization of media and advertising plans and concepts; Advertising services, namely, media planning and media buying for others, brand evaluation and brand positioning services for others, and advertising procurement services for others; Ad serving, namely, placing advertisements on websites for others; Advertising, marketing and promoting the goods and services of others by means of providing photo and video equipment at special events; Organizing exhibitions and events in the field of software and hardware development for commercial or advertising purposes; Advertising services, namely, providing classified advertising space via the internet and other communication networks; Compiling of data in online computer databases and online searchable databases in the field of classifieds; Promoting the goods and services of others via computer and communication networks; Promoting the goods and services of others by means of distributing video

advertising on via the internet and other communications networks; Providing promotional events via live streaming video; Marketing and promotion services; Consulting services in the fields of advertising and marketing; Business assistance and consulting services; Business consultation regarding marketing activities; Brand strategy consulting services; Business consultation in the field of telecommunications; Business management consulting services to enable business entities, non-governmental organizations and non-profit organizations to develop, organize, and administer programs to offer greater access to global communications networks; Business networking services; Employment consultancy and recruiting services; Promoting sales for others by facilitating pre-paid gift card services, namely, issuing gift card certificates that may be redeemed for goods or services; Advertising services for promoting public awareness about charitable, philanthropic, volunteer, public and community service and humanitarian activities; Providing contest and incentive award programs for marketing and advertising purposes to recognize, reward and encourage individuals and groups which engage in self-improvement, self-fulfillment, charitable, philanthropic, volunteer, public and community service and humanitarian activities and sharing of creative work product; Business consultancy services for professionals and businesses in the field of mobile software application development; Organizing, promoting, arranging and conducting special events, exhibitions, and tradeshows for commercial, promotional or advertising purposes; Organizing and conducting events, exhibitions and expositions for commercial purposes in the interactive entertainment, virtual reality, consumer electronics and video game entertainment industries; Retail services; Online retail store services featuring virtual reality and augmented reality hardware and software; Online retail store services featuring virtual reality content and digital media, namely, pre-recorded music, video, images, text, audiovisual works and virtual and augmented reality game software; Providing an online marketplace; Providing online marketplaces for sellers of goods and/or services; Facilitating the exchange and sale of products and services via computer and communication networks; Business

intermediary services in the nature of facilitating the exchange and sale of services and products of third parties via computer and communication networks; Promotional services, namely, providing electronic catalog services; Providing telephone directory information via global communications networks; Business assistance services, namely, customer relationship management; Providing commercial information, namely, user comments concerning business organizations, service providers, and other resources; Marketing research, namely, advertising campaign and consumer preferences research and analysis; Market research services; Provision of market research and information services; Business information management, namely, reporting of business information and business analytics in the fields of advertising and marketing; Business management; Business administration, office functions; Compiling online business directories featuring the businesses, products and services of others; Promoting the public interest and awareness of issues involving access to the internet for the global population; Association services, namely, promoting the adoption, acceptance and development of open source computer technologies; Organizing business networking events in the field of open source software; Promoting voluntary common industry standards for software development and execution; Conducting business investigations in the field of social media; Marketing services; Promotion services; Business and advertising services; Market intelligence services; Providing an online marketplace for digital assets, digital tokens, crypto-tokens, utility tokens, non-fungible tokens (NFTs), digital collectibles, crypto-collectibles, cryptocurrencies, digital currencies and virtual currencies; Providing an online marketplace for buyers and sellers of digital goods authenticated by non-fungible tokens (NFTs); Providing online marketplace to rent, borrow, and trade digital assets, digital tokens, crypto-tokens, utility tokens, non-fungible tokens (NFTs), digital collectibles, crypto-collectibles, cryptocurrencies, digital currencies and virtual currencies; Providing a virtual marketplace for digital assets, digital tokens, crypto-tokens, utility tokens, non-fungible tokens (NFTs), digital collectibles, crypto-collectibles, cryptocurrencies, digital currencies and virtual currencies; Providing a

virtual marketplace for buyers and sellers of digital goods authenticated by non-fungible tokens (NFTs); Providing a virtual marketplace to rent, borrow, and trade non-fungible tokens (NFTs); Auction services; Online trading services; Arranging and conducting special events for business purposes; Blockchain as a service, namely, business advice and information in the field of blockchain technology; Advertising and information distribution services, namely, providing classified advertising space via the internet and communications networks; Advertising services, namely, targeting and optimization of online advertising; Arranging and conducting special events for commercial, promotional or advertising purposes; Association services that promote the interests of professionals and businesses in the field of mobile software application development; Brand consulting; Business and advertising services, namely, media planning and media buying for others; Procurement services for others, namely, purchasing goods and service for other businesses; Business networking; Charitable services, namely, promoting public awareness about charitable, philanthropic, volunteer, public and community service and humanitarian activities; Consulting services in the fields of advertising and marketing, namely, customizing advertising and marketing efforts of others; Dissemination of advertising for others via the internet and communication networks; Employment and recruiting services; Facilitating the exchange and sale of services and products of third parties via computer and communication networks; Marketing, advertising and promotion services, namely, providing information regarding discounts, coupons, rebates, vouchers, links to retail websites of others, and special offers for the goods and services of others; Online advertising and promoting the goods and services of others via the internet; Online retail store services featuring virtual reality, mixed reality and augmented reality headsets, games, content and digital media; Online retail store services in relation to electronic wearable fitness devices, personal weighing scales, wearable activity trackers, fitness and sports apparel, and accessories for the aforesaid goods; Promoting the goods and services of others by means of distributing video advertising on the internet and communication networks;

Promoting the goods and services of others via the internet and communication networks; Providing online business directories featuring the businesses, products and services of others; Retail and online retail services for software, electronic devices and footwear incorporating sensors that allow consumers to engage in virtual athletic competitions and individual and group fitness classes; Retail store services in relation to electronic wearable fitness devices, personal weighing scales, wearable activity trackers, fitness and sports apparel, and accessories for the aforesaid goods.

Class 41

Entertainment services; Electronic publishing services; Publication of educational materials, namely, publishing of books, journals, newsletters, and electronic publications; Publication of non-downloadable online journals, namely, weblogs (blogs) featuring user-defined content, blogs featuring advertising, marketing and business content, and blogs about virtual reality and augmented reality; Entertainment and educational services, namely, providing online non-downloadable publications about virtual reality technology via a website; Entertainment and educational services, namely, providing online non-downloadable publications about augmented reality technology via a website; Entertainment services, namely, providing interactive and multiplayer and single player games played via the internet or communication networks; Entertainment services, namely, providing online video games, computer games, electronic games, and interactive games; Providing online electronic, computer and video games; Providing a computer game for use network-wide by network users; Virtual reality game services; Virtual reality game services provided via the internet and other communications networks; Virtual reality arcade services; Augmented reality game services provided via the internet and other communications networks; Entertainment services, namely, providing virtual reality, augmented reality and mixed reality interactive entertainment, content and experiences; Entertainment services, namely, providing augmented reality games,

interactive entertainment and augmented reality content and experiences; Entertainment services, namely, providing mixed reality games, interactive entertainment and mixed reality content and experiences; Augmented reality video production for entertainment purposes; Virtual reality video production for entertainment purposes; Multimedia entertainment production and publishing services; Production and distribution of films, motion pictures, radio, television and web programs; Production and post-production of multimedia entertainment content; providing non-downloadable movies, television shows, webcasts, audiovisual, and multimedia works via the internet; Production of sound, video and multimedia recordings; Production of virtual reality, augmented reality and mixed reality video for entertainment purposes; Providing information about online computer games and video games via the internet and other communications networks; Arranging and conducting educational conferences; Organizing exhibitions, events, and conferences in the fields of culture, entertainment, education, and social networking for non-business and non-commercial purposes; Arranging and conducting competitions and entertainment events for players of video, computer, electronic or interactive multimedia games; Entertainment services, namely, arranging and conducting of competitions for encouraging use and development of interactive entertainment, virtual reality, augmented reality, consumer electronics, and video game entertainment software and hardware; Organizing exhibitions in the field of interactive entertainment, virtual reality, consumer electronics and video game entertainment industries for cultural or educational purposes; Offering and conducting contests designed to recognize, reward and encourage individuals and groups which engage in self-improvement, self-fulfillment, charitable, philanthropic, volunteer, public and community service and humanitarian activities, and sharing of creative work product; Organizing exhibitions, conferences, and events in the field of software development for educational purposes; Offering and conducting contests for educational and entertainment purposes for software developers; Educational services, namely, organizing and conducting conferences and seminars in the fields

of artificial intelligence and the internet of things; Educational services, namely, organizing and conducting conferences, courses, seminars, and online training in the fields of advertising, marketing, social networking, the internet, and social media, and distribution of course material in connection therewith; Organizing, promoting and conducting exhibitions, tradeshow and events for business purposes; Organizing exhibitions, events, and conferences for entertainment and cultural purposes; Training in the field of design, advertising and communication technologies; Training in the field of strategic media planning relating to advertising, marketing and business; Providing information in the field of entertainment; Providing entertainment information including text, electronic documents, databases, graphics, photographic images and audio visual information, via the internet and other communications networks; Providing information for educational and entertainment purposes in the fields of entertainment, secondary, and collegiate life, and social and community interest groups; Rental of photography and videography kiosks for capturing, uploading, editing and sharing of pictures and videos; Education; Providing of training; Sporting and cultural activities; Entertainment services, namely, providing online videos featuring games being played by others; Arranging and conducting educational conferences in the field of software development; Educational seminars, classes, conferences and training in the field of open source software and software development; Entertainment services, namely, ongoing comedy, drama, documentary, docu-series, animated, mystery, and reality web and television series provided over the Internet; Online journals, namely, blogs featuring comedy, drama, documentary, docu-series, animated, mystery, and reality and entertainment content; Providing online non-downloadable video clips, videos, vlogs, images, illustrations, articles, and abstracts of articles in the field of comedy, drama, documentary, docu-series, animated, mystery, and reality entertainment; Providing online non-downloadable videos in the field of comedy, drama, documentary, docu-series, animated, mystery, and reality entertainment; Educational services, namely, providing online publications in the field of social media content; Online electronic

publishing concerning social media content; Publication of educational materials, namely, publishing of articles, manuals, journals and blogs in the fields of software development, artificial intelligence, machine learning, and building user interfaces; Arranging and conducting of training workshops; Recreation information; Augmented reality video production; Conduct on-line live workouts, fitness instructions and sessions; Conducting fitness classes; Education services; Educational services, namely, conducting seminars, conferences, and workshops in the fields of health and wellness; Educational services, namely, organizing and conducting conferences and seminars in the fields of virtual reality, augmented reality, artificial intelligence and the internet of things; Entertainment and educational services, namely, providing non-downloadable movies, television shows, webcasts, audiovisual, and multimedia works via the internet, as well as information, reviews, and recommendations regarding movies, television shows, webcasts, audiovisual, and multimedia works; Entertainment services, namely, arranging and conducting of competitions for encouraging use and development of interactive entertainment, virtual reality, augmented reality, mixed reality, consumer electronics, and video game entertainment software and hardware; Mixed reality video production; Online journals, namely, blogs featuring commentary, advice and information in the fields of health, wellness, sleep, fitness and nutrition; Online journals, namely, blogs; Online journals, namely, weblogs (blogs) featuring user-defined content; Organizing contest for software developers; Organizing exhibitions and events for cultural, educational, or entertainment purposes; Organizing exhibitions and events in the field of interactive entertainment, virtual reality, mixed reality, and augmented reality, consumer electronics and video game entertainment industries for cultural or educational purposes; Organizing exhibitions and events in the field of software development for educational purposes; Organizing exhibitions in the field of interactive entertainment, virtual reality, augmented reality, mixed reality, consumer electronics and video game entertainment industries for cultural or educational purposes; Organizing live exhibitions and conferences in the fields of culture, entertainment and social

networking for non-business and non-commercial purposes; Personal coaching services in the field of sports, exercise, health, and fitness; Providing entertainment information from searchable indexes and databases of information, including text, electronic documents, databases, graphics, photographic images and audio visual information, via the internet and communication networks; Providing group coaching in the field of sports, exercise, health, and fitness; Providing information regarding sports, athletic skill development, and fitness training via an online website, other computer and electronic communication networks, and via computer software for gaming consoles, personal computers, personal digital devices, and smart phones; Providing training and workouts via an online website, other computer and electronic communication networks, and via computer software for gaming consoles, personal computers, personal digital devices, and smart phones; Publishing services, namely, publishing of electronic publications for others; Virtual reality video production.

Class 42

Design and development of computer hardware and software; Design, engineering, research, development and testing services in the field of mobile application software development related to the use and functionality of hyperlinks; Technical consultation in the field of mobile application software development related to the use and functionality of hyperlinks; Application service provider (ASP) featuring software for social networking, managing social networking content, creating a virtual community, and transmission of images, audio-visual and video content, photographs, videos, data, text, messages, advertisements, media advertising communications and information; Platform as a service (PAAS) featuring software platforms for social networking, managing social networking content, creating a virtual community, and transmission of images, audio-visual and video content, photographs, videos, data, text, messages, advertisements, media advertising communications and information; Application service provider (ASP) featuring application programming interface (API) software which facilitates online services for social networking and developing

software applications; Application service provider (ASP) featuring software to enable or facilitate the creating, editing, uploading, downloading, accessing, viewing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, interacting with, embedding, transmitting, and sharing or otherwise providing electronic media, images, video, audio, audio-visual content, data, and information via the internet and communication networks; Providing application programming interface (API) software for use in electronic messaging and transmission of audio, video, images, text, content and data; Application service provider (ASP) featuring software to enable or facilitate taking and editing photographs and recording and editing videos; Computer services, namely, providing search engines for obtaining data via the internet and communications networks; Providing search engines of online network environments to provide information from searchable indexes and databases of information, including text, electronic documents, databases, graphics, electronic media, images and audio visual content, via the internet and communications networks; Application service provider (ASP) services, namely, hosting software applications of others; Application service provider (ASP) featuring application programming interface (API) software to allow users to perform electronic business transactions via the internet and communication networks; Software as a service (SAAS) services featuring software for sending and receiving electronic messages, notifications and alerts and for facilitating electronic business transactions via the internet and communications networks; Application service provider (ASP) featuring application programming interface (API) software for creating, managing, tracking, reporting and measuring advertising of others; Designing and developing computer game software and video game software for use with computers, video game program systems and computer networks; Development of hardware for use in connection with electronic and interactive multimedia games; Hosting of virtual reality and augmented reality content on the internet; Providing user authentication services using single sign-on and software technology for e-commerce transactions; Providing user authentication

services of electronic funds transfer, credit and debit card and electronic check transactions using single sign-on and software technology; Providing an application programming interface (API) to allow users to perform electronic business transactions via the internet; Platform as a service (PAAS) services featuring computer software to allow users to perform business and e-commerce transactions; Application service provider (ASP) featuring software for providing electronic maps; Application service provider (ASP) featuring software to enable or facilitate making reservations and bookings; Application service provider (ASP) featuring software to enable or facilitate ordering and/or purchasing goods and services; Application service provider (ASP) featuring software to enable or facilitate interaction and communication between humans and AI (artificial intelligence) platforms; Design of augmented reality and virtual reality effects for use in modifying photographs, images, videos and audio-visual content; Application service provider (ASP) services featuring software to enable or facilitate voice over internet protocol (VOIP) calls, phone calls, video calls, text messages, electronic message, instant message, and online social networking services; Providing a website featuring information in the fields of technology and software development via the internet and communication networks; Design and development of virtual reality, augmented reality and mixed reality hardware and software; Design and development of video game hardware and software; Computer game , electronic game and video game development services; Software development; Development of interactive multimedia software; Maintenance and repair of computer software; Computer services, namely, cloud hosting provider services; Cloud computing services; File sharing services, namely, providing online non-downloadable software featuring technology enabling users to upload and download electronic files; Data encryption services; Application service provider (ASP) featuring software for customer relationship management (CRM); Computer services, in particular, application service provider featuring application programming interface (API) software for customer relationship management (CRM); Scientific and technological services and research and design relating thereto;

Industrial analysis and research services; Research services and consulting in the field of information and telecommunications technology; Design of telecommunications apparatus and equipment; Consulting services in the field of design, selection, implementation and use of computer hardware and software systems for others; Providing online software platform featuring technology that enables online users to make payments and transfer funds; Providing online software platform featuring technology that enables online users to make payments and funds transfers across multiple websites and mobile applications; Computer services, namely, application services provider featuring application programming interface (API) software to allow users to perform e-commerce transactions via the internet and communications networks; Software as a services (SAAS) services featuring software for facilitating e-commerce transactions via the internet and communications networks; Application service provider featuring an application programming interface (API) software to allow users to perform e-commerce transactions via the internet and communications networks; Application service provider (ASP) featuring software to enable or facilitate machine learning software; Application service provider (ASP) featuring software to enable or facilitate user interface building software; Electronic data storage; Electronic storage of photographs; Interactive hosting services which allow the users to publish and share their own content and images online; Computer network services; Platform as a service (PAAS) services featuring technology that allows businesses, organizations and individuals to create and manage their online presences and to communicate with online users information and messages regarding their activities, products and services and to engage in business and social networking; Platform as a service (PAAS) featuring computer software platforms for personal assistant software; Platform as a service (PAAS) featuring computer software platforms for home automation and home device integration software; Platform as a service (PAAS) featuring computer software platforms for wireless communication software for voice, audio, video, and data transmission; Software as a service (SAAS) featuring

computer software for personal information management; Software as a service (SAAS) featuring computer software for use to connect and control internet of things (iot) electronic devices; Software as a service (SAAS) featuring computer software for others to use for the development of software to manage, connect, and operate internet of things (iot) electronic devices; Software as a service (SAAS) featuring computer software for use as an application programming interface (API); Design, development and maintenance of proprietary computer software for others in the field of natural language, speech, language, and voice recognition excluding post-production of picture and sound recordings; Technical support and consultation services for developing applications; Information, advisory and consultancy services relating to voice command and recognition software, speech to text conversion software, and voice-enabled software applications, home automation, and internet-of-things software; Providing information, news, and commentary in the field of science and technology, home decorating, weather, and graphic, interior, product, and fashion design; Technological services, namely, data warehousing services; Application service provider (asp), namely, hosting computer software applications through the internet of others; Consultation services relating to programming of multimedia application management, computer programming; Software as a service (SAAS) services, namely, hosting software for use by others for use in providing an online database featuring a wide range of general interest information via the internet; Technical support, namely, troubleshooting of computer hardware and software problems and mobile computer and mobile communications device hardware and software problems; Computer, mobile computer, and mobile communication device hardware and software consultation and design; Application service provider (ASP) featuring application programming interface (API) software for the streaming, storage, and sharing of video games, content, data and information; Computer software development in the field of mobile applications; Providing technical support services, namely, troubleshooting of computer software problems regarding the usage of communications equipment; Computer services; Information technology (IT) services;

Application service provider (ASP) services, namely, hosting computer software applications of others; Application service provider (ASP) services, featuring e-commerce software for use as a payment gateway that authorizes processing of credit cards or direct payments for merchants; Application service provider (ASP) services featuring software for use in virtual currency, digital currency, cryptocurrency, and digital asset exchange and transactions; Application service provider (ASP) featuring software to enable or facilitate the creating, editing, uploading, downloading, accessing, viewing, posting, displaying, commenting on, embedding, transmitting, and sharing or otherwise providing electronic media or information via the internet and communications networks; Application service provider services featuring application programming interface (API) software to allow users to perform electronic business transactions via a global computer network; Application service provider (ASP) featuring software to enable or facilitate purchasing goods and services; Software as a service (SAAS) services; Platform as a service (PAAS) services; Providing electronic financial platform software; Providing software for use as an application programming interface (API) for the development, testing, and integration of blockchain software applications; Providing software for use with digital currency; Providing software for use with cryptocurrency; Providing non-downloadable software for use as a cryptocurrency wallet; Providing non-downloadable software for use as an electronic wallet; Providing non-downloadable software for use as a digital wallet; Electronic data storage services; Providing a web portal featuring blogs and non-downloadable publications in the nature of articles, columns, and informational guides in the fields of virtual currencies, digital and blockchain assets and market and trading trends; Platform as a service (PAAS) featuring computer software platforms for the selling and purchasing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; Software as a service (SAAS) featuring computer software platforms for the selling and purchasing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets,

digital tokens, crypto tokens and utility tokens; Platform as a service (PAAS) featuring computer software platforms for managing blockchain and token driven, distributed storage computer systems; Software as a service (SAAS) featuring computer software platforms for managing blockchain and token driven, distributed storage computer systems; Computer services, namely, providing secure, private encrypted cloud storage services; Computer services, namely, providing open source decentralized cloud storage platform; Data encryption services featuring blockchain software technology and peer-to-peer protocols to provide secure, private, and encrypted cloud storage; Data mining; Software as a service (SAAS) services featuring software for clearing, allocation, compliance, recordation and settlement of trading related to digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; Platform as a service (PAAS) services featuring software for clearing, allocation, compliance, recordation and settlement of trading related to digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; Platform as a service (PAAS) featuring software platforms for facilitating transactions and payments using digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens that allow users to buy from, and sell products and services to others; Software as a service (SAAS) featuring software platforms for facilitating transactions and payments using digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens that allow users to buy from, and sell products and services to others; Design, development and implementation of audit and security software for blockchain-based platforms; Design, development, and implementation of software for distributed computing platforms; Design, development, and implementation of software for blockchain; Design, development, and implementation of software for digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility

token wallets; Design, development, and implementation of software for third-party verification services for digital currency transactions, including but not limited to transactions involving bitcoin currency; Technical consultancy services related to digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token transactions; Platform as a service (PAAS) featuring computer software platforms for computer system and application development, deployment, and management; Software as a service (SAAS) featuring computer software platforms for computer system and application development, deployment, and management; Providing temporary use of non-downloadable authentication software for controlling access to and communications with computers and computer networks; Application service provider (ASP); Application service provider (ASP) featuring application programming interface (API) software which facilitates online services for social networking, developing software applications; Application service provider (ASP) featuring location-aware software for searching, determining and sharing the location of goods, services and events of interest; Application service provider (ASP) featuring software for mapping services; Application service provider (ASP) featuring software for use in buying, selling, designing, managing, tracking, valuing, optimizing, targeting, analyzing, delivery, and reporting of online advertising and marketing; Application service provider (ASP) featuring software to enable or facilitate the sharing and displaying a user's location, planning activities with other users and making recommendations; Application service provider (ASP) featuring software to enable or facilitate social and destination mapping; Application service provider (ASP) featuring software to enable or facilitate interaction and communication between humans and AI (artificial intelligence) platforms, namely, bots, virtual agents and virtual assistants; Application service provider (ASP) services; Application service provider (ASP) services featuring software for controlling, integrating, operating, connecting, and managing voice - controlled information devices, namely, cloud-connected and voice-controlled smart consumer electronic devices and electronic personal assistant devices; Application

service provider (ASP), namely, hosting, managing, developing and maintaining applications, software, and web sites, in the fields of personal productivity, wireless communication, and mobile applications; Application service provider (ASP), namely, remote hosting of computer applications of others; Computer consulting; Computer programming; Computer hardware and software consultation and design; Computer hardware, software, application, and network consulting services; Computer services in the nature of providing customized online pages featuring user-defined or specified information, personal profiles, virtual reality, mixed reality, and augmented reality content and data; Computer services, namely, hosting online web facilities for others for organizing and conducting meetings, events and interactive discussions via the internet and communication networks; Computer services, namely, providing information in the fields of technology and software development via the internet; Computer software development; Creating, maintaining and hosting of a website featuring information, online links, and electronic resources in the field of sports and fitness; Creating, maintaining and hosting of an interactive web site that enables users to enter, access, track progress, monitor and generate health, fitness, personal exercise, sports, and athletic activity information and achievements; Creating, maintaining and hosting of an interactive web site that enables users to compete and compare athletic information and achievements with other users; Design and development of augmented reality hardware and software; Design and development of computer hardware and computer software; Design and development of interactive multimedia software; Design and development of mixed reality hardware and software; Design and development of virtual reality hardware and software; Hosting of digital content on the Internet; Mapping services; Mobile computer and mobile communications device hardware and software consultation and design; Mobile computer and mobile communications device software design for others; Online ad-buying platform provider, namely, providing non-downloadable software programs for allowing buyers and sellers of online advertising to purchase and sell advertising inventory; Platform as a service (PAAS) featuring computer software

platforms for use in purchasing and disseminating advertising; Platform as a service (PAAS) featuring computer software platforms for social networking, managing social networking content, creating a virtual community, and transmission of images, audio-visual and video content, photographs, videos, data, text, messages, advertisements, media advertising communications and information; Platform as a service (PAAS) featuring computer software platforms for voice command and recognition software, speech to text conversion software, voice-enabled software applications for personal information management; Platform as a service (PAAS) featuring software platforms for social networking and transmission of images, audio-visual content, video content and messages; Platform as a service (PAAS) services featuring computer software to allow users to perform electronic business and e-commerce transaction; Providing an interactive web site that enables users to enter, access, track progress, monitor and generate nutrition, calories, health, fitness, personal exercise, sports, and athletic activity information and achievements; Providing an interactive web site that enables users to enter, access, track progress, monitor and generate calories, fitness, personal exercise, and athletic activity information and achievements; Providing internet search engines; Providing online non-downloadable software for setting up, configuring, and controlling wearable computer hardware and wearable computer peripherals; Providing online sites that gives users the ability to upload, modify and share virtual reality, mixed reality and augmented reality content, information, experiences and data; Providing search platforms to allow users to request and receive photos, videos, text, data, images, and electronic works; Providing search platforms to allow users to request and receive content, text, visual works, audio works, audiovisual works, literary works, data, files, documents, and electronic works; Providing online non-downloadable computer software and hosting online facilities to enable users to access and download computer software; Provision of Internet search engine services; Rental of computer software that gives users the ability to upload, edit, and share images, videos and audio-visual content; Software as a service (SAAS) featuring computer software for accessing, browsing,

and searching online databases, audio, video and multimedia content, games, and software applications, software application marketplaces; Software as a service (SAAS) featuring computer software for accessing, monitoring, tracking, searching, saving, and sharing information on topics of general interest; Software as a service (SAAS) featuring computer software for connecting, operating, integrating, controlling, and managing networked consumer electronic devices, home climate devices and lighting products via wireless networks; Software as a service (SAAS) featuring computer software used for controlling stand-alone voice controlled information and personal assistant devices; Software as a service (SAAS) for use in designing, creating and analyzing data, metrics and reports in the areas of health, fitness, sleep, nutrition and wellness; Software as a service (SAAS) services featuring software for sending and receiving electronic messages, notifications and alerts; Software as a service (SAAS) services featuring software for use of an algorithm for calculating and generating data for sport activity, fitness training, fitness level assessments, fitness coaching, fitness recommendations and goal setting; Software as a service (SAAS) services, namely, hosting software for use by others for use of an algorithm for calculating and generating data for sport activity, fitness training, fitness level assessments, fitness coaching, fitness recommendations and goal setting; Software as a service (SAAS) services, namely, providing a customized website and mobile portal for individuals featuring data analytics based on physiological metrics for purposes of health monitoring; Software as a service (SAAS) that enables users to manage employee accounts, schedule and track employee participation, and facilitate and manage corporate fitness and wellness programs; Technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; design and development of decentralized applications.

Class 09

Electronic devices and computer software for monitoring, controlling, and operating home appliances, refrigerators, laundry machines, heating apparatus, cooling systems, ovens, range hoods, electric cooktops, electric toaster ovens, electric counter top ovens, electric food dehydrators, and microwave ovens from a remote location; downloadable computer software and computer hardware for home appliances, refrigerators, laundry machines, heating apparatus, cooling systems, ovens, range hoods, electric cooktops, electric toaster ovens, electric counter top ovens, electric food dehydrators, and microwave ovens that allows for a wireless connection to a smart-device for remote monitoring, controlling, and operating of the appliances from a remote location; electronic devices and computer software for monitoring, controlling, and operating home appliances, refrigerators, laundry machines, heating apparatus, cooling systems, ovens, range hoods, electric cooktops, electric toaster ovens, electric counter top ovens, electric food dehydrators, and microwave ovens from a remote location; solar energy regulating and control equipment and apparatus; solar energy systems for electricity generation; solar batteries; solar power management systems; electricity generating solar cells and panels; apparatus for electricity supply and generation; apparatus and instruments

for conducting, switching, transforming, accumulating, regulating or controlling electricity; parts and fittings for all the aforesaid goods; computer software (including application software, web-based software and downloadable software) for tracking, monitoring, measuring, assessing, reporting, calculating and sharing data and information about waste generation and waste minimisation, water usage, electricity usage, gas usage, usage of consumable products by home appliances, environmental impacts, gas emissions, sustainable environmental practices, and carbon footprints; measuring instruments, indicators and controllers relating to growing, breeding, conserving, and utilization of foodstuffs; measuring instruments, indicators and controllers relating to quantity, composition, and quality of nutrient solutions, water and fertilizers; detecting and monitoring instruments; monitoring and control apparatus, detectors and controllers required for aeroponic production of root vegetables; interfaces to facilitate wireless remote monitoring; connected and autonomous cultivation control software; turbine meters; turbine flow meters; turbine flowmeters; electric power supplies other than generators; electric power converters; inverters [electricity]; solar panels for the production of electricity; power controllers; electronic power controllers; electronic controls for motors; wireless controllers to remotely monitor and control the function and status of other electrical, electronic, and mechanical devices or systems; electrical controls for irrigation sprinkler systems; apparatus and instruments for controlling and monitoring aircraft, watercraft and unmanned vehicles; remote controls; timing sensors; temperature sensors; alarm sensors; electric batteries; electric batteries for vehicles; electric accumulators for vehicles; converters, electric; humanoid robots with artificial intelligence for use in scientific research and for virtual assistants; humanoid robots with artificial intelligence, being telepresence robots for guiding exercise, instructing how to use appliances, repair appliances install software, demonstrate products, or adapt your house to be energy efficient; computer hardware; augmented reality glasses; virtual reality software; projection apparatus with artificial intelligence; interactive computer game programs with artificial intelligence; computer software systems for virtual,

augmented and extended reality systems integrating electronic data with real world environments for the purpose of generating virtual, augmented and extended environments in which users can interact for recreational, leisure, fitness, entertainment, business entrepreneurial, educational, or training purposes, to allow users to try and experience new products, appliances, and spaces; computer software for metaverse technology namely applications to enable users to create their own augmented reality experiences, purchase and try products, and demonstrate machines, appliances or equipment; computer software for Building Internet of Things (BIoT) platform, including related technologies, namely to take the concept of IoT and automate functions within smart buildings and smart homes and smart gardens; computer software for the design and development of a virtual shop web application, enabling consumers to try (virtual) before they buy, including ability to use personalised 3D avatars to view items in virtual or augmented applications; computer software for use in relation to science and information technology, namely virtual, augmented and mixed reality software, software for monitoring, operating and controlling appliances and machines, and vehicles, collating data for diagnostics, and predictive analytics; computer software for designing and developing an augmented (mixed reality) operations platform embedded with an (AI) engine, enabling users to experience interactive, augmented and mixed reality experiences facilitating and assisting retailing, wholesaling, selling, advertising, demonstration, promotion, including the foregoing provided in stores; computer software for use in the metaverse to allow virtual avatars to purchase appliances, fitness equipment, design and decorate their homes; software being virtual appliances for use in virtual worlds; computer software and artificial intelligence software for diagnostics of machines and applications faults, operation of machines and maintenance and repair instruction; virtual assistant software in the form of an appliance repair person; virtual human interface software; virtual human interface software for communicating operation, maintenance and repair information; software being a virtual human interface in the form of a maintenance person, tradesperson, or repairperson; downloadable

software for repair services provided by a virtual repair person; downloadable software for chat bots and virtual repair persons, including those accompanied with the image of a person; control system software; load balancing software; out of balance control software; vibration sensors; intercommunication apparatus; digital data receiving apparatus; software, measuring instruments, sensors and controllers relating to quantity, composition, and quality of nutrient solutions, water and fertilizers and garden equipment and gardening machines; computer software for streaming audio content in the field of fitness, recipes, cooking instruction, training, maintenance, repair, exercise, education, lifestyle habits to improve wellness and wellbeing, safety, and injury prevention; computer software for streaming audio content to instruct users in fitness training, physical conditioning, injury prevention, lifestyle habits to improve wellness and wellbeing, personal development, and guided audio workout; downloadable software to provide real-time audio feedback; audio recordings, video recordings and audio-visual recordings; downloadable software applications to utilize smartphones and wearable devices for personal data, heart rate, pulse, and fitness tracking; computers and downloadable software, and computer application software for mobile devices for monitoring and analyzing various parameters associated with the operation and use of an appliance, machine, vehicle, exercise machine, exercise equipment, and for fitness training; computer software and mobile applications for fitness training, health tracking daily activities, conditioning, advice, and guided workouts; downloadable media, namely, downloadable audio and video recordings featuring fitness, exercise, lifestyle habits to improve wellness and wellbeing and personal development content or operation and instruction guides; computer software for streaming audio content and music; artificial intelligence software; computer chatbot software for simulating conversations with artificial intelligence; artificial intelligence software for fitness and exercise applications; downloadable mobile applications for setting, tracking and monitoring fitness, self-assessments of wellness, personal activities, data, and weight loss goals of users; downloadable mobile applications to facilitate support and

sharing of information in the fields of exercise, lifestyle habits to improve wellness and wellbeing, workplace safety and injury prevention; downloadable software and mobile software; application software, for the creation, production, modification and utilisation of digital human avatars for access and use in online, virtual and extended reality environments; downloadable software in the nature of an application for use by individuals participating in exercise classes, physical training, and exercise instruction for detecting, storing and reporting daily human energy expenditure and physical activity level, for developing and monitoring personal activity and exercise plans, training goals and giving feedback on the achieved results; downloadable software in the nature of an application for use by individuals participating in exercise, physical training, and exercise instruction for detecting, storing and reporting physical activity level and for developing and monitoring personal activity and exercise plans, and training goals; virtual reality and augmented reality software; software for creating and delivering artificial intelligence; wearable activity trackers, computers, smart phones, computer hardware, communications apparatus, audio equipment, communications devices in the form of wristwatches, and downloadable software for use and interaction with the aforesaid devices; computer peripheral devices; downloadable electronic game programs; weight sensors; load sensors; gyroscopes; acceleration sensors; downloadable computer software for use as an electronic wallet; downloadable virtual reality software for providing metaverse experiences; Virtual reality headsets; consumer coupons downloaded from a global computer network; HVAC, lighting, water, security, alarm, sensor and media controllers, including remote controllers, plug-in devices as well as smartphone and software applications used therewith; electrical and electronic controllers to control home electric powered devices, namely, controllers for garage doors, electrically activated door locks, appliance monitors, AV media systems, HVAC systems, lighting, water systems, security systems, alarms, and motion sensors; computer application software for smartphones, tablet computers, PCs, laptops, and PDAs, namely, software for remotely activating electrical and electronic controllers that control the

aforesaid home electric powered devices and appliances; electric control devices for heating management; photovoltaic apparatus and installations for generating solar electricity; electric installations for the remote control of industrial operations; electric power distribution machines; covers for electric outlets; solar panels for production of electricity; charging appliances for rechargeable equipment; electric storage batteries; electric batteries for powering electric vehicles; choking coils for use in electrical apparatus; electric control devices for energy management; electric control panels; distribution boxes for electrical power; solar panels for the production of electricity; sprinkler systems for fire protection; kitchen timers, non-electric; gas flow monitors; regulating apparatus, electric; computers; parts, fittings and accessories for all of the aforesaid goods; none of the aforementioned being life-saving equipment, respiratory apparatus, or for healthcare or medical use.

Class 11

Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes; gas and electric cookers; residential and commercial cooking equipment including barbecue grills; residential and commercial gas or electric ranges; domestic and commercial cooking ovens; microwave ovens; cook tops; broilers, and food warming stations; barbecue kettles and rotisseries; patio heaters; heating and cooking apparatus accessories; multi-purpose, electric countertop food preparation apparatus for cooking, baking, broiling, roasting, toasting, searing, browning, barbecuing and grilling food; refrigerators; freezers; cooling cabinets; ice making machines; extractor hoods; vent hoods; range hoods [extractor hoods, for household purposes]; ventilation hoods; barbecue grills; electric fans; air conditioning fans; ceiling fans; cooling installations and machines; filters for air conditioning; environmental control installations for cooling purposes; ventilation [air-conditioning] installations and apparatus; hot air blowers; beverage chillers; beer dispensers, refrigerated; water filtering apparatus and installations; filters for drinking water; filters for water purifiers; electrostatic filters for water

filtration; water treatment filters; apparatus for filtering water; machines for water filtering (purifying); installations for water filtering; water filtering apparatus for domestic use; water filtering installations; lighting, heating or cooling facility for hydroponic and aeroponic cultivation; connected cabinets in the nature of closed lighting, heating or cooling environments with integrated misting chambers, for the autonomous cultivation of plants; apparatus for lighting, heating, steam generating, refrigerating, drying, ventilating and water distribution for connected and autonomous cultivation; gardening appliance systems, namely hydroponic and aeraponics, agricultural and horticultural propagation with integrated lighting, heating and cooling, systems for use in growing plants; environmentally controlled chambers and apparatus capable of providing water, plant nutrients, and light; home appliances for irrigation; lighting fixtures; LED lights for indoor plant growing production; LED light fixtures used for aeraponics, hydroponics and soil cultivation and for lighting indoor plant growth chambers; grow cabinets in the nature of closed environments with integrated misting chambers and automated controls namely hydroponic, aeroponic or atmosphere controlled, grow cabinets, enclosures or modules; environmental control apparatus for indoor plant cultivation; temperature, humidity, light, and environmental control cabinets and appliances for plant propagation; automatic watering facilities for plants; apparatus for misting, heating and cooling of water, nutrient solutions, chemicals and bacteria, all the aforementioned for aeraponics growing of root vegetables and other plants; plug and grow plant and seed growing appliances and cabinets in the nature of hydroponic, aeroponic or atmosphere controlled, grow cabinets, enclosures or modules; sprinkler systems for lawn irrigation; sprinkler systems for irrigation; watering machines for agricultural purposes; automatic watering installations; water distribution installations; irrigation apparatus for agricultural purposes; irrigation apparatus for horticultural use; hydroponic growing systems; water dispensers, water filtering and purifying apparatus and machines, refrigerated or heated; water sterilizers and softeners; cooling appliances and machines; disinfectant apparatus; distillation apparatus; filters for drinking water

and for water; regulating and safety apparatus for temperature and chemical control of air and water; water softening apparatus; air deodorising and purification apparatus and machines; ice cream dispensing machine, other than vending machines; appliances, electronic units, and household devices for controlling atmosphere, and environments for growing plants and fungi, namely electronic units and household devices with controlled environments which control temperature or humidity for growing plants or fungi; aeroponic growing systems; hydroponic growing systems; electric cooking pots for industrial purposes; hot water heating installations; air valves for steam heating installations; electric radiators for heating buildings; non-electric cooking heaters for household purposes; electric cooking ovens; industrial cooking ovens; commercial cooking ovens; electric water purifiers for household purposes; electric egg boilers for household purposes; heating apparatus, electric; regulating accessories for water or gas apparatus and pipes; water heaters; portable electric warm air dryer; feeding apparatus for heating boilers; boilers for heating installations; electric autoclaves for cooking; microwave ovens for industrial purposes; induction water heaters; solar water heaters; cooling installations for water; cooling appliances and installations; heating and cooling apparatus for dispensing hot and cold beverages; electric bath-water purifying apparatus for household purposes; cooking apparatus and installations; electric hot air hand dryers; heaters for heating irons; water supply installations; electric indoor grills; air conditioning apparatus for industrial use; electric food dehydrators for household purposes; electric outdoor grills; electric hand drying apparatus for washrooms; electric roasters for industrial purposes; instantaneous water heaters; regulating and safety accessories for gas pipes; central heating boilers; electric shoe dryers for household purposes; gas scrubbing installations; heating installations; cooking utensils, electric; electric appliances for making yogurt; water bed heaters; expansion tanks for central heating installations; electric egg steamers for household purposes; microwave ovens for household purposes; oil stoves [space heaters for household use]; electric food steamers; heating apparatus for vehicles; hot air ovens; heating boilers; refrigerating

appliances and installations; heating plates; thermostatic valves as parts of heating installations; gas cooking ovens [for household purposes]; solar collectors for heating; space heating apparatus; floor heating apparatus; electric egg boilers; electric discharge tubes for lighting; microwave ovens for cooking; humidifiers for central heating radiators; electric fans with evaporative cooling devices; electric cabinets used to control temperature and humidity for growing plants and edible plants; and parts, fittings and accessories for all of the aforesaid goods.

Class 35

Retail, wholesale and distributorship of household appliances, smart home software, electricity, energy and power products, electrical, electronic, weighing, measuring and checking apparatus and instruments; retail store services featuring products for the distribution, transmission, transportation and storage of energy and power in the field of energy efficiency pertaining to solar and renewable energy; marketing, advertising and promotional services; advertising services, namely, the promotion of household appliances by demonstration; wholesale store services for household appliances; retail store services for household appliances accessible on-line and by telephone, facsimile and mail order; event management services, namely, organization of exhibitions or trade fairs for commercial or advertising purposes; demonstration of product; arranging and conducting commercial exhibitions in the field of household appliances; business advisory services, consultancy and information; wholesale, retail, advertising and marketing services relating to plants, seedlings, bulbs for horticultural purposes, fungi/mushrooms, led light fixtures used for aeroponics, hydroponics and soil cultivation and for lighting indoor plant growth chambers, accent lights for indoor use, lamps, modular plant growing systems, and garden supplies, namely, pots, containers, vases, window sill displays, trays, and racks for plant tubs and plastic and ceramic pots, plastic trays and holders, plant and flower tubs and pots, growing media for plants and chemical fertilizer; retailing, wholesaling, marketing, and product demonstration of fitness equipment, vehicles,

drones, software; subscription services, including arranging subscriptions to smart homes software applications, and appliances; collating of data in computer databases; business data analysis services; compilation and analysis of business data in the field of blockchain technology and cryptocurrency; compilation of information relating to personal data; compilation of statistical data for use for customer care, marketing, sale and promotion of goods; providing customer incentive award programs; customer relationship management; customer service management; retail, wholesale and distributorship services in relation to machines, washing machines, laundry machines, dish washing machines, combination washer-dryer machines, spin dryers, machines tools, motors and engines, electric motors, alternating current motors, direct current motors, machine coupling and transmission components, gearboxes, controls and control mechanisms in this class for machines, wind turbines, generators for wind turbines, electricity generators, hydraulic turbines, turbines (not for land vehicles), wind powered electricity generators, power generators, industrial robots, lawnmowers, electric lawnmowers, robotic lawnmowers, riding lawn mowers, ride-on lawn mowers, weeding machines, electric lawn trimmers, line trimmers for garden use, robots and robotic arms for lawn mowing, leaf blowers, snowblowers, power blowers for lawn debris, insecticide sprayers [machines], spraying machines, automatic electrostatic paint sprayers, machines for cleaning aeroponic misting systems used for aeroponics growing of root vegetables and other plants, Ice cream dispensing machines (being vending machines), ice crushing machines, electronic devices, computer software, downloadable software, software for appliances and machines and other apparatus, artificial intelligence software, virtual assistant software, computer hardware, refrigerators, laundry machines, heating apparatus, cooling systems, ovens, range hoods, electric cooktops, electric toaster ovens, electric counter top ovens, electric food dehydrators, microwave ovens, solar energy operating equipment and apparatus, solar energy systems, solar batteries, solar power management systems, electricity generating solar cells and panels, apparatus for electricity supply and generation, apparatus and instruments

for conducting, switching, transforming, accumulating, regulating or controlling electricity, measuring instruments, indicators and controllers (including in relation to growing, breeding, conserving, and utilization of foodstuffs), detecting and monitoring instruments, monitoring and control apparatus, detectors and controllers required for aeroponic production of root vegetables, interfaces to facilitate wireless remote monitoring, turbine meters, turbine flow meters, turbine flowmeters, electric power supplies other than generators, electric power converters, inverters [electricity], solar panels for the production of electricity, power controllers, electronic power controllers, electronic controls for motors, wireless controllers to remotely monitor and control the function and status of other electrical, electronic, mechanical devices or systems, electrical controls for irrigation sprinkler systems, apparatus and instruments for controlling and monitoring aircraft and watercraft and vehicles and unmanned vehicles, remote controls, sensors, batteries, electric batteries for vehicles, electric accumulators for vehicles, converters (electric), humanoid robots with artificial intelligence for use in scientific research and for virtual assistants, augmented reality glasses, projection apparatus with artificial intelligence, computer game programs (including interactive computer game programs), augmented and extended reality systems, downloadable media, downloadable mobile applications, wearable activity trackers, computers, smart phones, computer hardware, communications apparatus, audio equipment, communications devices in the form of wristwatches, computer peripheral devices, electronic game programs, gyroscopes, virtual reality headsets, consumer coupons downloaded from a global computer network, HVAC, lighting, water, security, alarm, sensor and media controllers, electrical and electronic controllers to control home electric powered devices, apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes, gas and electric cookers, residential and commercial cooking equipment including barbecue grills, residential and commercial gas or electric ranges, domestic and commercial cooking ovens, microwave ovens, cook tops, broilers, and food warming stations, barbecue kettles and rotisseries, patio heaters,

multi-purpose, electric countertop food preparation apparatus for cooking, baking, broiling, roasting, toasting, searing, browning, barbecuing and grilling food, refrigerators, freezers, cooling cabinets, ice making machines, extractor hoods, vent hoods, range hoods, ventilation hoods, barbecue grills, fans, cooling installations and machines, filters for air conditioning, environmental control installations for cooling purposes, ventilation [air-conditioning] installations and apparatus, hot air blowers, beverage chillers, beer dispensers (refrigerated), apparatus for filtering installations for water, filters for drinking water, filters for water purifiers, electrostatic filters for water filtration, water treatment filters, apparatus for filtering water, machines and installations for water filtering (including purifying), water filtering apparatus for domestic use, water filtering installations, lighting, heating or cooling facility for hydroponic and aeroponic cultivation, connected cabinets for the autonomous cultivation of plants, apparatus for lighting, heating, steam generating, refrigerating, drying, ventilating and water distribution for connected and autonomous cultivation, gardening appliance systems, namely hydroponic and aeroponics, agricultural and horticultural propagation systems, for use in growing plants, environmentally controlled chambers and apparatus capable of providing water, plant nutrients, and light, home appliances for irrigation, water pumps, lighting fixtures, LED lights, LED lights for indoor plant growing production, LED light fixtures used for aeroponics, hydroponics and soil cultivation and for lighting indoor plant growth chambers, grow cabinets in the nature of closed environments with integrated misting chambers and automated controls namely hydroponic, aeroponic or atmosphere controlled, grow cabinets, enclosures or modules, environmental control apparatus for indoor plant cultivation, temperature, humidity, light, and environmental control cabinets and appliances for plant propagation, automatic watering facilities for plants, apparatus for misting, heating and cooling of water, nutrient solutions, chemicals and bacteria (all for aeroponics growing of root vegetables and other plants), plug and grow plant and seed growing appliances and cabinets in the nature of hydroponic, aeroponic or atmosphere controlled, grow cabinets, enclosures or modules, sprinkler systems for

lawn irrigation, sprinkler systems for irrigation, watering machines for agricultural purposes, automatic watering installations, water distribution installations, irrigation apparatus for agricultural purposes, irrigation apparatus for horticultural use, hydroponic growing systems, water dispensers, water filtering and purifying apparatus and machines (refrigerated or heated), water sterilizers and softeners, cooling appliances and machines, disinfectant apparatus, distillation apparatus, filters for drinking water and for water, regulating and safety apparatus for temperature and chemical control of air and water, water softening apparatus, air deodorising and purification apparatus and machines, ice cream dispensing machines, other than vending machines; retail, wholesale and distributorship of vehicles, e-vehicles, batteries and drones, land vehicles, motors for land vehicles, engines for land vehicles, gears for land vehicles, transmissions for land vehicles, remotely controlled land vehicles for transport, remote control vehicles (other than toys), remote controlled transportation robots, drones, delivery drones, camera drones (other than toys), air vehicles, unmanned aerial vehicles [uavs], unmanned transportation robots, unmanned underwater vehicles, photography drones, drones in the nature of hexacopters for agricultural use to survey crop health, motorized scooters, non-motorized scooters [vehicles], water scooters, bicycles, electric bicycles, electric vehicles, motorized bicycles, motors for bicycles, retail, wholesale and distributorship of fitness exercise machines, exercise equipment, exercise machines, resistance trainers, resistance machines for exercise, exercise weights, body-training apparatus, sports equipment, fitness platform with resistance handles, fitness platform equipped with interactive computer systems, video monitors, audio equipment, and monitoring devices, stationary exercise bicycles; retail, wholesale and distributorship services in relation to parts, fittings and accessories for the foregoing; retail, wholesale and distributorship of software that interacts with the aforesaid goods, including the parts, fittings and accessories for those goods; retail, wholesale and distributorship of the aforementioned goods virtually or by virtual means, including via a metaverse or any other virtual world or online platform;

retailing services in relation to the aforesaid goods in the virtual world, metaverse, and by means of a virtual avatar; retail or wholesale of CAD drawings or appliances, heating, cooling, growing, ventilation, water management, and solar energy systems; advertising, marketing and promotion services; consultancy, advisory and information services relating to the foregoing, and provision of the aforementioned services also by electronic means, including via the Internet or in a virtual environment; none of the aforementioned being for healthcare or medical goods or services; none of the aforementioned being for healthcare or medical goods or services.

Class 37

Installation, maintenance and repair services; installation, maintenance and repair services, including in relation to machines, electronic devices, home appliances, refrigerators, laundry machines, heating apparatus, cooling systems, ovens, range hoods, electric cooktops, electric toaster ovens, electric counter top ovens, electric food dehydrators, microwave ovens, hardware; installation, maintenance and repair services in relation to electricity, energy and power products, including solar panels and other equipment used for converting solar energy into electricity, solar collectors, photovoltaic modules; installation, maintenance and repair services in relation to water purifying apparatus and water filtering apparatus; installation, maintenance and repair of heating, ventilation and air conditioning equipment; installation, maintenance and repair services in relation to products for the monitoring and control of electricity and energy usage, water usage, gas usage, ventilation and heating; maintenance and repair of home appliances, business machines, washing machines, drying machines, cleaning machines, polishing machines, machines for use in preparation for food and drinks, dishwashing machines, waste disposal machines, sewing machines, machines for ironing clothes, electric irons, electric cleaning apparatus production machinery, control equipment for machinery, electronic apparatus, television and radio apparatus, instruments and apparatus for transmitting,

recording and reproducing sound and images, telecommunications apparatus, copying machines, computers, calculators, vacuum cleaners, recording discs, and of installations and apparatus for refrigerating, freezing, drying, heating, cooking, air conditioning and ventilating; maintenance and repair services; machinery installation, maintenance and repair; installation and maintenance of irrigation systems; pump repair or maintenance; installation, repair and maintenance of heating equipment; installation, maintenance and repair of computer hardware; repair and maintenance of motors; maintenance of construction machines; repair or maintenance of electric lighting apparatus; installation and maintenance of solar thermal installations; maintenance of consumer electrical appliances; repair or maintenance of air-conditioning apparatus; repair or maintenance of power distribution or control machines and apparatus; maintenance of water purifying apparatus; maintenance and repair of sanitary installations; repair, maintenance and installation services; maintenance and repair of heating installations; installation, maintenance and repair of machinery; installation, maintenance and repair of automation systems; maintenance of sanitary installations; installation, maintenance and repair of cleaning machines; installation, maintenance and repair of electrical equipment; maintenance and repair of electronic installations; installation, maintenance and repair of kitchen equipment; repair and maintenance of compressors; installation, maintenance and repair of escalators; installation, maintenance and repair of compressors; maintenance and repair of garden tools; installation, maintenance and repair of ventilating systems; installation, maintenance and repair of machines; repair or maintenance of conveyors; maintenance and repair of communications systems; installation, maintenance and repair services of irrigation equipment and devices; maintenance and repair of electrical appliances; maintenance and repair of solar heating installations; maintenance and repair of gears; repair and maintenance of cooling appliances and installations; repair or maintenance of industrial dishwashers; installation, maintenance and repair of vacuum pumps; maintenance and repair of sanitary apparatus; installation, maintenance and repair consultancy services,

including as an avatar of in the metaverse; installation, maintenance and repair consultancy services provided by a virtual repair person, including virtual persons accompanied by an image of a person; chat bot and virtual repair, maintenance and installation consultancy services, including those accompanied with the image of a person; installation, maintenance and repair of air-conditioning systems; installation, maintenance and repair of air pumps; installation, maintenance and repair of refrigerating apparatus; maintenance and repair of lighting apparatus; maintenance and repair of gas and electricity installations; installation, maintenance and repair of drying apparatus; installation, maintenance and repair of batteries and accumulators; installation, maintenance and repair of apparatus for supplying electricity; installation, maintenance and repair of fitness machines; installation, maintenance and repair of vehicles, land vehicles, motors for land vehicles, engines for land vehicles, gears for land vehicles, transmissions for land vehicles, remotely controlled land vehicles for transport, remote control vehicles (other than toys), remote controlled transportation robots, drones, delivery drones, camera drones (other than toys), air vehicles, unmanned aerial vehicles [uavs], unmanned transportation robots, unmanned underwater vehicles, photography drones, drones in the nature of hexacopters for agricultural use to survey crop health, motorized scooters, non-motorized scooters [vehicles], water scooters, bicycles, electric bicycles, electric vehicles, motorized bicycles, motors for bicycles, installation, maintenance and repair of fitness exercise machines, exercise equipment, exercise machines, resistance trainers, resistance machines for exercise, exercise weights, body-training apparatus, sports equipment, fitness platform with resistance handles, fitness platform equipped with interactive computer systems, video monitors, audio equipment, and monitoring devices, stationary exercise bicycles; maintenance of non-electric cooking heaters; repair or maintenance of gas water heaters; repair of non-electric cooking heaters; maintenance of consumer electric appliances; heating equipment installation and repair; repair or maintenance of electric lighting apparatus; repair or maintenance of industrial dish washing machines; repair or maintenance of cooking apparatus for

industrial purposes; kitchen equipment installation; air conditioning apparatus cleaning services; repair or maintenance of water pollution control equipment; repair of water supply apparatus; repair of consumer electric appliances; repair or maintenance of cooking pots and pans; repair or maintenance of water purifying apparatus for industrial purposes; consultancy, advisory and information services relating to the foregoing, and provision of the aforementioned services also by electronic means, including via the Internet, or in a virtual environment.

Class 42

Computer services, namely, providing information in relation to technology that allows users to interact remotely with home appliances, refrigerators, laundry machines, heating apparatus, cooling systems, ovens, range hoods, electric cooktops, electric toaster ovens, electric counter top ovens, electric food dehydrators, and microwave ovens via a website; platform as a service (PAAS) featuring computer software platforms for monitoring, controlling, and operating home appliances, refrigerators, laundry machines, heating apparatus, cooling systems, ovens, range hoods, electric cooktops, electric toaster ovens, electric counter top ovens, electric food dehydrators, and microwave ovens; software as a service (SAAS) services namely software for monitoring, controlling, and operating home appliances, refrigerators, laundry machines, heating apparatus, cooling systems, ovens, range hoods, electric cooktops, electric toaster ovens, electric counter top ovens, electric food dehydrators, and microwave ovens and vehicles; environmental consultancy services; energy auditing; consultancy in the field of energy use and conservation, greenhouse gas emission reduction, and utilisation of sustainable energy technologies; provision of technological information relating to energy usage and management; technical consultation in the field of energy efficiency and energy systems; home energy analysis services; building inspection services; research and development in the field of energy efficiency, management systems and equipment; energy consumption monitoring and assessment; advisory services relating to

energy efficiency; advisory services relating to the use of energy; providing scientific information, advice and consultancy relating to carbon offsetting and carbon reduction; provision of on-line computer software (including web-based applications and software-as-a-service (SaaS) services) for tracking, monitoring, measuring, assessing, reporting, calculating and sharing data and information about waste generation and waste minimisation, usage of consumable products by home appliances, water usage, electricity usage, environmental impacts, gas emissions, sustainable environmental practices and carbon footprints; technological monitoring and management services relating to the performance of solar panels and other equipment used for converting solar energy into electricity; monitoring of efficiency, production levels and other performance data of solar panels and other equipment used for converting solar energy into electricity; technological monitoring and management services relating to the performance of home appliances, heating systems, plumbing systems, gas systems, wastewater systems and ventilation systems; advisory and consultancy services relating to the foregoing services; development of computer software for use with programmable controllers; calibration of sensors; monitoring of computer systems by remote access; product development consultancy for inventors in the field of artificial science; software as a service (SaaS) namely software for analyzing, filtering, training, predicting, and comprehending the structure of human and computer language; software as a service (SaaS) namely software for use in recognizing images, hand and body gestures, and voice commands; Software as a service (SaaS) software, Platform as a service (PaaS) software, providing online non-downloadable cloud computing software, providing online non-downloadable web-based applications, namely artificial intelligence software, machine learning software, multi-modal natural language processing and cognitive computing software intended to interact with people in real time; Software as a Service [SaaS] for providing information relating to fitness, physical activity, exercise, lifestyle habits, software for fitness assessment; Software as a Service [SaaS] for streaming audio content in the field of fitness, recipes, cooking instruction,

training, exercise, education, lifestyle habits, safety, and injury prevention; research and design services; scientific and technology services; technological services and research and design relating thereto; research, design and development of software for communication systems; mechanical research; product research; industrial research; product design; industrial design; design and testing of new products; computer system design; Software as a Service [SaaS] for providing information relating to fitness, physical activity, exercise, lifestyle habits, mindfulness, instructions, training, maintenance and repairs, software for fitness assessment; Software as a Service [SaaS] for facilitating communication and coaching in the fields of recipes, cooking instruction, maintenance and repair instruction, lifestyle habits, fitness training, conditioning, workout guidance, weight loss, injury prevention and nutrition; Software as a Service [SaaS] for conducting remote fitness assessment and measuring; providing use of online non-downloadable digital human avatar software, software for facilitating user enrolment and registration services, software for developing and monitoring personal activity, exercise plans, fitness, weight loss and training goals, software for monitoring and analysing various parameters associated with the operation of an exercise machine, exercise equipment and individual movement, positioning and performance during exercise and providing real-time, personalised feedback based on those parameters, software for access to live and on-demand fitness or operations, repair or maintenance instructional audio or video content, software for providing non-downloadable and streaming access to media including audio and video recordings featuring content relating to fitness, injury prevention, exercise, physical conditioning, and guided workouts, operation, maintenance or repair the aforesaid software also available as subscription software, via online platforms, via social media platforms, or telecommunications, all aforesaid software being website based, or platform based, non-downloadable software; information, advisory and consultancy services relating to the foregoing services; providing use of online non-downloadable software for repair services provided by a virtual repair person; providing use of online non-

downloadable software for chat bots and virtual repair persons, including those accompanied with the image of a person; computer services, namely, providing information in relation to technology that enables users to monitor, control, and operate home appliances, refrigerators, laundry machines, heating apparatus, cooling systems, ovens, electric cooktops, electric toaster ovens, range hoods, electric counter top ovens, electric food dehydrators, and microwave ovens via a website; computer services, namely, providing information in relation to technology that allows users to interact remotely with home appliances, refrigerators, laundry machines, heating apparatus, cooling systems, ovens, electric cooktops, electric toaster ovens, electric counter top ovens, range hoods, electric food dehydrators, and microwave ovens and gardening equipment such as sprinkler systems, automated mowing via a website; platform as a service (PAAS) featuring computer software platforms for monitoring, controlling, and operating home appliances, refrigerators, laundry machines, heating apparatus, cooling systems, ovens, range hoods, electric cooktops, electric toaster ovens, electric counter top ovens, electric food dehydrators, and microwave ovens and gardening equipment such as sprinkler systems, automated mowing; software as a service (SAAS) services namely software for monitoring, controlling, and operating home appliances, refrigerators, laundry machines, heating apparatus, cooling systems, ovens, range hoods, electric cooktops, electric toaster ovens, electric counter top ovens, electric food dehydrators, and microwave ovens and gardening equipment such as sprinkler systems, automated mowing; technical data analysis, research relating to data processing, computerised data storage, creating programmes for data processing; scientific and technological services and research and design relating to data analysis, processing and storage; provision of software as a service to enable appliances to provide maintenance information, diagnostic information, and to allow communication and control via the internet; provision of software as a service that allows users to remotely interact with home monitoring, control, and automation systems; planning and design of kitchens and laundries; providing on-line non-downloadable software

for use in customer relationship management; design and development of products, appliances, fitness equipment, gardening systems, software for interaction with the aforesaid, design and development of virtual products for use and sale in virtual worlds, and the metaverse; installation, repair, maintenance and updating of software; advisory services relating to the design of household energy systems, surveillance and measurement; technical graphic illustration and technical drawing services, namely, providing graphic illustrations and drawings of appliance designs, and converting appliance designs or markups to electronic cad drawings or 3D images; provision of consultancy and advisory services to architects and product designers; and consultancy, advisory and information services relating to the foregoing, and provision of the aforementioned services also by electronic means, including via the Internet or in a virtual environment; software as a service (SaaS) software, Platform as a service (PaaS) software, cloud computing software, web-based applications, namely artificial intelligence software, machine learning software, multi-modal natural language processing and cognitive computing software intended to interact with people in real time; providing use of online non-downloadable software for providing information relating to health, fitness, physical activity, exercise, lifestyle habits; providing use of online non-downloadable software for fitness assessment; technological consulting and advisory services relating to appliances, energy provision, how to save energy, or use appliances in an energy efficient manner, how to manage water and electricity usage; the aforesaid provide online and virtually; none of the aforementioned being for healthcare or medical goods or services.

Priority Details:

Class Number: All

Priority Date: 16/03/2022

Country/Territory: NEW ZEALAND

Priority Application Number: 1205421

Goods and/or Services: All goods and/or services claimed in this class

Applicant/Proprietor Details:

FISHER & PAYKEL APPLIANCES LIMITED
78 SPRINGS ROAD,
EAST TAMAKI
AUCKLAND 2013

Agent Details/Address for Service:

SPRUSON & FERGUSON (ASIA) PTE. LTD.
P.O. BOX 1531
ROBINSON ROAD POST OFFICE
SINGAPORE 903031

National Trade Mark No: 40202303147S

International Registration No: 1712816

Date of Protection in Singapore: 16 December 2022

Classes: 08 10 11 21

Goods and/or Services:

Class 08

Hair cutting and removal implements, in particular manicure tools, pedicure tools, scissors, electric hair trimmers, hair cutting scissors, hair removing tweezers, electric nasal hair trimmers, electric hair cutters, hair trimmers, razors and razor blades;

hand-operated hygienic and beauty implements for humans; hand tools for beauty care; hand operated apparatus for the cosmetic care; hair styling appliances, in particular electrically heated hair curling irons, electric hair straightening irons, electric hair styling irons; parts and accessories of the aforementioned goods.

Class 10

Medical apparatus and instruments; medical apparatus and instruments and massage apparatus, namely electronic facial brushes adapted for therapeutic purposes, sonic facial brushes adapted for therapeutic purposes, smart facial brushes adapted for therapeutic purposes, face masks for medical use, therapeutic facial masks, magnetic skin peeling apparatus for the purpose of facial aesthetic treatment, facial brushes adapted for therapeutic purposes using ultrasonic waves, therapeutic devices using water adapted for cleaning the face, therapeutic devices for stimulating the skin around the eyes, microelectrical therapeutic apparatus for use in scrubbing the skin; medical apparatus and instruments and massage apparatus, namely aesthetic apparatus, apparatus for treatment of blackheads, massage rollers using sonic vibrations, electric massage rollers, facial rollers in the nature of massage apparatus, electric microneedle dermal rollers, microneedle dermal pens, skin firming wands [electro-medical apparatus for firming treatments], microelectrical therapeutic apparatus for firming the skin, low frequency electric therapy apparatus for enhancing volume to the lip and stimulating collagen production, electric microneedle for use in the facial cosmetic treatment of wrinkles and skin pigmentation spots; medical apparatus and instruments and massage apparatus, namely light therapy apparatus for removal of pigmentation, microdermabrasion apparatus, facial aesthetic treatment apparatus using ultrasonic waves, oxygen infusion apparatus for therapeutic purposes, visible light treatment apparatus for the skin, skin moisture analysers for medical use, electrical apparatus using low level light and sonic vibrations for cosmetic treatment of the skin; medical apparatus and instruments and massage apparatus, namely cosmetic apparatus using ultrasound

for performing aesthetic skin treatment procedures, medical apparatus for measuring skin hydration, dermabraders, light based devices providing mainly pulsed light for performing non-ablative aesthetic skin treatment procedures, skin moisture analyzers for medical purposes, electronic aesthetic skin treatment devices, apparatus for acne treatment; massage apparatus, in particular massage appliances, manual massage instruments, electric massage apparatus, electrically operated massagers, non-electric massage apparatus, esthetic massage apparatus, electric esthetic facial massage apparatus, instruments for massage, vibration generating apparatus for massage, massage apparatus for eye care, electric facial lifting massage apparatus, electric micro current facial lifting massage apparatus; lasers for cosmetic treatment purposes, lasers for the cosmetic treatment of the face and skin, laser light treatment instruments; parts and accessories of the aforementioned goods.

Class 11

Hair dryers, electric hair dryers; steam baths, steam facial apparatus, electric foot bath, hydro massage bath apparatus; ionic warm and cool facial steamer; parts and accessories of the aforementioned goods.

Class 21

Brushes, namely hair brushes, hot air hair brushes, cosmetic brushes, electric face cleansing brushes, electrically heated hair brushes, lip brushes, eyebrow brushes, eyelash brushes, nail brushes, make-up brushes, tongue cleaning brushes, sound wave vibration hairbrushes, power operated brush used to clean and exfoliate the skin, skin cleansing brushes; articles for cleaning purposes, in particular facial cleansing sponges, applicators sold empty for applying cosmetic lotions for skin, face, hair and body; cosmetic and toilet utensils, in particular make-up removing appliances; cosmetic facial cleansing devices; electric devices for cleaning and exfoliating skin; parts and accessories of the aforementioned goods.

Goods and/or Services:

Class 09

Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media, computer software, blank digital or analogue recording and storage media; mechanisms for coin-operated apparatus; cash registers, calculating devices; computers and computer peripheral devices; animation software; recorded films; recorded motion picture films; animated films; animated motion picture films; DVDs; CDs; videodiscs, videotapes; audio tapes; video recordings, audio recordings, audio visual recordings; personal computers; laptops, portable computers, tablet computers, handheld computers; memory cards, data storage media device, memory apparatus, memory devices; computer and application software for use on personal computers, laptops, mobile devices, mobile phones and tablets; virtual reality software; games software; computer games software; electronic game programs; mouse pads; laptop cases; spectacles, sunglasses, and cases therefor; goggles for sport; camera cases; portable media player cases; cases for electronic diaries; downloadable publications; downloadable publications in the nature of magazines; downloadable electronic publications for children; downloadable educational media; mobile phones; mobile phone straps and cases; mobile computer straps and portable media player straps; decorative, protective and carrying cases adapted for mobile phone; computer application software for mobile phones; application software

for mobile devices; sports helmets; screen savers; computer screen saver software; downloadable image files, downloadable music files; talking books; electronic books for children; audio books for children; interactive video game programs; interactive virtual character dolls and animals, namely, downloadable virtual goods in the nature of computer programs featuring interactive virtual character dolls and animals for use in online virtual worlds; magnets; baby alarms; baby scales; baby monitors; video baby monitors; electronic baby monitoring devices; electronic listening devices for baby monitoring; eye glasses; downloadable digital files authenticated by non-fungible tokens [NFTs]; parts and fittings for all the aforesaid goods.

Class 16

Paper and cardboard; printed matter; bookbinding material; photographs; stationery and office requisites, except furniture; adhesives for stationery or household purposes; drawing materials and materials for artists; paintbrushes; instructional and teaching materials; plastic sheets, films and bags for wrapping and packaging; printers' type, printing blocks; cartoon prints; cartoon strips; story books; colouring books; children's comics; children's storybooks; painting books; printed books; poster books; fiction books; educational books; picture books; drawing books; books for children; sticker activity books; pop-up books; children's activity books; series of fiction books; books featuring fictional stories; children's books incorporating an audio component; stationery; printed stationery; paper stationery; stationery and educational supplies; greeting cards; birthday cards; blank cards; postcards; diaries; stickers [stationery]; pencils; pen and pencil cases; pens; colouring pens; colouring crayons; colouring pencils; chalk; rulers; erasers; charts, wall charts; gift bags; paper bags; adhesive wall decorations of paper; tissues; paper party decorations; party invitations; paper party bags; modelling clay for children; drawing pads; note pads; writing pads; stencils [stationery]; gift stationery; magazines; printed teaching activity guides; plastic gift wrap; advertising posters; advertising publications; printed invitations; printed cartoon strips; arts and crafts paint kits; baby books; baby

storybooks; baby memory books; paper baby bibs.

Class 18

Leather and imitations of leather; animal skins and hides; luggage and carrying bags; umbrellas and parasols; walking sticks; whips, harness and saddlery; collars, leashes and clothing for animals; baby backpacks; baby carrying bags; pouch baby carriers; baby carriers, slings and harnesses; baby carriers worn on the body; umbrellas; bags; baby wrap carriers; carry-on bags; kit bags; leisure bags; reins for guiding children; reins (harnesses); travel bags; trunks (luggage); parts and fittings for all the aforesaid goods.

Class 24

Textiles and substitutes for textiles; household linen; curtains of textile or plastic; baby blankets; baby buntings; textiles; duvet covers; bath linen; bed linen; beach towels; bean bag covers; table covers; crib sheets; diaper changing cloths for babies; drapes; pillowcases; sleeping bags for babies; swaddling blankets; parts and fittings for all the aforesaid goods.

Class 25

Clothing, footwear, headgear; outer-clothing; underclothing; belts being clothing; casual wear; leisure wear; exercise wear; sportswear; beach wear; swim wear; ski wear; rain wear; sleepwear; underwear; baby wear; baby sleepwear; infant wear; infant sleepwear; fancy dress costumes; Halloween costumes; T-shirts; sweatshirts; socks; hosiery; headgear; neckwear; scarves; pashminas; capes; gloves; mittens; fancy dress outfits for children; children's clothing; children's footwear; swim wear for children; children's outerclothing; trousers for children; children's headwear; pyjamas; bibs, not of paper; cloth bibs; plastic baby bibs; baby pants; baby sandals; baby shoes; baby boots; baby bottoms; baby tops; baby bodysuits; baby clothes; baby doll pyjamas; knitted baby shoes; baby layettes for clothing; bootees (woollen baby shoes); baby bibs, not of paper.

Class 28

Games, toys and playthings; video game apparatus; gymnastic and sporting articles; decorations for Christmas trees; toys made of plastics; electronic activity toys; electronic action toys; stuffed toys; plush toys; toy figures; crib mobiles [toys]; clothing for toy figures; dolls; dolls' clothing; toy vehicles; ride-on toys; toy blocks, sets of toys blocks; toy building blocks, sets of toy building blocks; stacking shape toys; toy musical instruments; toys adapted for educational purposes; bath toys; fantasy character toys; toy human characters; games relating to fictional characters; toy playsets; playthings; educational playthings; playing cards; play figures; clothing for play figures; play gyms, namely, baby multiple activity toys; balls for play; children's playhouses; snow globes; puppets; balloons; swings; swing sets; games; board games; card games; sports balls; baseball gloves; puzzles; floats for swimming and swimming aids; inflatable swimming floats; baby rattles; baby swings; infant activity play mats incorporating toys; electronic learning toys; handheld non-electronic skill games; children's handheld electronic game units adapted for stand-alone use without a television or computer; wearable technology toys; paper party hats; children's multiple activity tables; children's multiple activity seats [playthings]; Halloween masks, costume masks, face masks being playthings; baby playthings; baby gyms; baby rattles incorporating teething rings; parts and fittings for all the aforesaid goods.

Class 41

Education; providing of training; entertainment; sporting and cultural activities; children's entertainment services; providing, arranging and/or organising games; online interactive entertainment; online game services; video production; video library services; video entertainment services; production of television programmes, movies, animated cartoons, videos, live performances, storytelling events; production of entertainment shows and interactive multimedia programs for distribution via

television, cable, satellite, audio and video media, cartridges, laser discs, computer discs and electronic means; presentation of live performances; animation production; television scheduling (programming); providing entertainment and education via website featuring interactive educational games, animated cartoons, videos and literature that promote character development in children; providing online non-downloadable e-books that promote character development in children; publishing services; digital video, audio and multimedia entertainment publishing services; publishing of activity and puzzle books; publishing of printed matter; publishing of newsletters; magazine publishing; dissemination of publications; publishing of electronic books; publication services; amusement park services; providing recreation facilities; providing amusement arcade services; presentation of circus performances; presentation of variety shows; theatre productions; production of shows; holiday camp services [entertainment]; organisation of shows [impresario services]; entertainment services featuring fictional characters; theme parks; adventure playground services; play centres, namely, providing recreational area via play areas for children featuring soft toys and playground equipment; fun park services; information, consultancy and advisory services relating to all the aforesaid services.

K E R I N G

Goods and/or Services:

Class 09

Downloadable and recorded virtual products, namely, computer programs featuring clothing, shoes, belts (clothing), headgear, bags, sports bags, rucksacks, cases for computers and telephones made of leather or imitation leather, carrying cases for electronic products, wallets, handbags, clutch bags, coin purses, suitcases, document cases, hair accessories, spectacles, jewels, watches, chronometric instruments, household linen, art objects, tableware, mats, furniture, perfumes, room fragrances, cosmetics, make-up products, games and toys, for use in the metaverse and other online virtual environments; downloadable multimedia files featuring works of art, text, audio and video related to fashion authenticated by non-fungible tokens (NFTs); downloadable image files and video recordings featuring clothing, shoes, belts (clothing), headgear, bags, sports bags, rucksacks, cases for computers and telephones made of leather or imitation leather, carrying cases for electronic products, wallets, handbags, clutch bags, coin purses, suitcases, document cases, hair accessories, spectacles, jewels, watches, chronometric instruments, household linen, art objects, tableware, mats, furniture, perfumes, room fragrances, cosmetics, make-up products, games and toys, authenticated by non-fungible tokens (NFTs); downloadable augmented reality software for mobile apparatus for integrating electronic data with real world environments for the purpose of creating works of art, fashion design features and art facilities; downloadable software for generating cryptographic keys for receiving and spending cryptocurrencies; downloadable computer software for managing and verifying cryptocurrency transactions over a blockchain; downloadable and recorded computer game software; downloadable wallpapers for computers and telephones; software; digital collector software using blockchain-based software technology and smart contracts; downloadable digital media, namely, digital collectibles created using blockchain-based software technology; downloadable software for managing digital collectible services, a marketplace for transactions and a registry using blockchain-based software technology and smart contracts for white label non-fungible tokens representing

digital collectibles; computer hardware and peripheral devices, namely, cryptocurrency hardware wallets; downloadable computer software for use as a cryptocurrency wallet; downloadable software for managing cryptocurrency transactions using blockchain technology; computer software for use as a cryptocurrency; shared register platform software; downloadable cryptographic keys for receiving and spending cryptocurrency; software for managing and validating cryptocurrency and non-fungible token (NFT) operations using blockchain-based smart contracts; software for authenticating parties in a financial transaction; firmware for identifying near field communication (NFC) tags; near field communication [NFC] technology enabled readers [data processing equipment]; software for verifying and authenticating origin for anti-counterfeiting purposes; frames for virtual glasses, glasses, sunglasses, tinted or anti-glare glasses, glasses cases and cases for contact lenses, for wear in virtual worlds and/or virtual environments.

Class 35

Online retail store services for virtual products, namely, clothing, clothing accessories, household accessories, shoes, belts (clothing), headgear, bags, sports bags, rucksacks, cases for computers and telephones made of leather or imitation leather, carrying cases for electronic products, wallets, handbags, clutch bags, coin purses, suitcases, document cases, hair accessories, spectacles, jewels, watches, chronometric instruments, household linen, art objects, tableware, mats, furniture, perfumes, room fragrances, cosmetics, make-up products, games and toys, for use in online virtual environments; online retail store services proposing virtual works of art featuring photos, drawings, graphic creations, paintings and sculptures for use in online virtual environments; providing an online marketplace for buyers and sellers of downloadable digital art and video images authenticated by non-fungible tokens (NFT); organization of online virtual fashion shows for commercial purposes; provision of an online marketplace for buyers and sellers of downloadable digital

image files authenticated by non-fungible tokens [NFTs], virtual works of art, crypto assets and other blockchain-based non-fungible objects of value; e-commerce commercial management services (including within the framework of auctions and auction sales) for downloadable digital files authenticated by non-fungible tokens (NFTs), virtual goods, particularly virtual works of art, cryptographic collectible objects or other blockchain-based non-fungible valuables.

Class 36

Financial services, namely, providing a virtual currency for use by members of an online community via a global computer network; electronic transfer of virtual currencies; financial exchange of virtual currency; financial crypto-asset exchange services relating to cryptocurrency; electronic wallet payment services; issuing tokens of value [financial services relating to digital currencies]; issuing and redeeming tokens of value [financial services relating to digital currencies]; brokering intellectual property rights.

Class 41

Entertainment services for online provision of clothing, clothing accessories, household accessories, shoes, belts (clothing), headgear, bags, sports bags, rucksacks, cases for computers and telephones made of leather or imitation leather, wallets, handbags, clutch bags, coin purses, suitcases, document cases, hair accessories, spectacles, jewels, watches, chronometric instruments, household linen, art objects, tableware, mats, furniture, perfumes, room fragrances, cosmetics, make-up products, games and toys, all virtual and non-downloadable, for use in virtual environments created for entertainment purposes; organizing online virtual fashion shows for entertainment purposes; producing educational and entertainment content for use in virtual, augmented and mixed reality contexts; cultural, educational or entertainment services provided by art galleries, including virtual; interactive computer game services; organization of art exhibitions for cultural or educational

purposes; online gaming services in which players can win non-fungible tokens, digital tokens or application tokens; entertainment services, namely, online game services in which players can win non-fungible digital tokens or application tokens for exchange, trading, sale or purchase in an online marketplace; entertainment and education services using blockchain, shared registers, digital currency, virtual currency, digital assets and blockchain, digitized assets, digital tokens, crypto tokens, non-fungible tokens and utility tokens.

Class 42

Authentication services for computer security, computer security services in the nature of providing digital certificates; computerised user authentication services for e-commerce transactions; providing technology information in the field of fashion and technological clothing products; interactive hosting services which allow the users to publish and share their own content and images online; providing user authentication services using blockchain-based software technology for cryptocurrency transactions; design services, namely, graphic design, custom design of animated and other creatures, design services relating to computer aided design; special effects and animation design services for others; designing exhibitions, fairs, artistic installations, shows and elements thereof; design and development of artworks, 3D models and digital images for use in virtual, augmented and mixed reality software; Platform as a Service (PaaS) featuring computer software platforms for creating, promoting, selling and exchanging non-fungible tokens (NFTs); designing downloadable digital files authenticated by non-fungible tokens (NFTs), developing downloadable digital files authenticated by non-fungible tokens (NFTs); software development; fashion design services; design of fashion accessories; consultant services in the field of fashion design; providing information on fashion design services; designing virtual fashion; providing temporary use of online non-downloadable simulation software for the exchange of non-fungible tokens used with blockchain technology; providing temporary use of online non-downloadable simulation software for the exchange of

non-fungible tokens used with blockchain technology to represent a collectible object; designing customized online web pages featuring user-defined information, including search engines and online web links to other websites in the field of art, collectibles and non-fungible tokens.

Country/Territory: UNITED STATES OF AMERICA

Priority Application Number: 97765159

Goods and/or Services: Wholesale distributorship services in the field of pharmaceuticals, medical and healthcare products; wholesale ordering services featuring pharmaceutical, medical and healthcare products; wholesale distributorship services in the field of specialty pharmaceutical products, namely, disease specific pharmaceuticals; wholesale ordering services featuring specialty pharmaceutical products, namely, disease specific pharmaceuticals; wholesale distributorship services featuring specialty healthcare products in the nature of pharmaceuticals and chemotherapeutics supplied in accordance with specially developed protocols to health-care providers and their patients; wholesale ordering services featuring specialty healthcare products in the nature of pharmaceuticals and chemotherapeutics supplied in accordance with specially developed protocols to health-care providers and their patients; Wholesale distributorship services featuring pharmaceuticals, medical and surgical supplies, healthcare and beauty aid products; wholesale ordering services featuring pharmaceutical, medical and healthcare products; wholesale pharmaceutical and medical supply distributorship services; mail order retail ordering services featuring pharmaceutical and biotechnological products; wholesale distributorship services in the field of animal health and veterinary products; wholesale distributorship services in the field of veterinary supplies featuring animal care and grooming products, animal nutritional supplements and medication; wholesale ordering services featuring veterinary supplies featuring animal care and grooming products, animal nutritional supplements and medication; ordering services for purchasing pharmaceuticals, namely, computerized online ordering featuring pharmaceuticals; business consulting in the field of development and commercialization of biotechnological products; providing an online computer database featuring information about consumer product sales at retail locations, about wholesale product sales to outlets, and about inventory management of health-care products for use by commercial entities; business consulting in the field of veterinary practice management; business consulting in the field of livestock

management; business consulting services in the field of pharmaceuticals and other healthcare technologies; business consulting services in the field of pharmaceuticals and other healthcare technologies, including the application of analytical and statistical methodology to the study of healthcare products and their impact on the overall healthcare market; advertising and marketing services in the field of healthcare products and services; cost containment services in the field of healthcare providers and pharmacies relating to containing drug acquisition costs and recovering allowable reimbursements; healthcare business administration services; business management consulting services in the field of pharmaceutical and healthcare products and services; business management consulting services in the field of pharmaceutical and healthcare product manufacturing, distribution, and logistics, namely, analyzing data about product inventory and sales, managing formularies, and marketing such products; healthcare business administration services in the healthcare field for pharmaceutical, biotechnology and medical device suppliers; business consulting services in the field of cost and payment management of health care cost containment, namely, providing expedited review, processing and follow-up of prior authorization requests initiated by physicians' offices and pharmacies, providing group purchasing of pharmaceuticals and chemotherapeutics for community-based providers including oncologists and oncology practices; business consulting services in the field of cost and payment management of health care cost containment; business consulting services in the field of reimbursement for medical services rendered; conducting market research surveys in the field of healthcare costs and delivery cooperative advertising and marketing in the field of biotechnological products; providing information from an online non-downloadable database featuring information about consumer product sales at retail locations, about wholesale product sales to outlets, and about inventories of health-care products for use by commercial entities; retail pharmacy services featuring specialty pharmaceuticals and chemotherapeutics; temporary staffing for pharmacies; temporary staffing for pharmacies, namely, providing, recruiting, retaining pharmacy

personnel, and interim managing of pharmacy operational and clinical functions; business management of customs brokers; tracking and monitoring import agency compliance for business purposes; customs clearance services; computerized tracking and tracing of documents, packages and freight in transit to ensure on-time delivery for business purposes; preparing business reports to insurance agencies regarding drug therapy efficacy; organization and conducting of business meetings and conventions for the purpose of disseminating information about the development, commercialization, and distribution of products and services in the field of healthcare; providing business information via a global computer network and the Internet to commercial companies in the fields of wholesaling of goods at sales outlets, pharmaceutical preparation and healthcare preparation stock, and product performance for market research purposes; pharmaceutical management services for others, namely, inventory management, replenishing and resetting services and automated inventory monitoring services; consulting and research services in the areas of health economics and outcomes; retail drug store services; services of assembling various pharmaceuticals, health products and non-brand medicines, health, beauty and pharmaceutical products for customers to view and purchase goods conveniently; operating and controlling loyalty and incentive programs; providing services for pricing analysis; preparation of invoices; organizing promotional activities on behalf of pharmacists for customer loyalty programs; collection of various pharmaceuticals, therapeutic and generic medicines and generic medicines for third parties and their placement for easy review and purchase by consumers at retail and wholesale outlets; providing pricing policy research reports; provision of price calculation analysis; services that compare prices of goods or services from different sellers for easy reference and comparison by consumers to those sellers' goods or services; advertising, organization of exhibitions and trade fairs for the purpose of advertising and sales promotion; personnel supply services; import-export agency services; assembling services; surveys for statistical purposes on pharmaceuticals, commercial information on pharmaceuticals; operation of

pharmacies and of health and beauty stores; operation of retail stores selling pharmaceuticals, cosmetics, food and beverages, spectacles, vitamins and healthcare products, toiletries and personal care products; providing healthcare consulting services in the healthcare field for pharmaceutical, biotechnology and medical device suppliers, namely, consulting services in the cost and payment management of health care; group purchasing organization (GPO) services, namely, administering discount group programs, namely, negotiating contracts with providers of pharmaceuticals to obtain discounts on the purchase of their goods; organization and provision of buying groups; negotiation of discounts; administration of customer loyalty programs; product ordering; human resource services; services for analyzing data about product inventory and sales, managing formularies, and marketing such products; providing patient adherence solutions through coordination across various levels of care with multidisciplinary care teams based on assessment and patient-centric planning and facilitation for services to meet a patient's needs through communication, education and available resources; providing adherence solutions and patient-specific education in response to and as targeted by prescribed therapy; preparing and distributing information brochures and notices to doctors, pharmacists, and the public on pharmaceutical products, disease prevention and control; providing market research services to pharmaceutical and biotechnology companies through surveys of doctors, patients, pharmacists and others on pharmaceutical products and their usage; call center services, namely, delivery of call center services for pharmaceutical and biotechnology companies; providing online business information relating to product performance (marketing research) from a computer database or the Internet for use by commercial entities; providing a website featuring information to retail customers of pharmacies over a global computer network with regard to health, wellness and pharmacy news; planning and implementing pharmaceutical product submissions to government on behalf of pharmaceutical and biotechnology companies; providing advice to pharmaceutical and biotechnology companies on pharmaceutical product submissions to government; promoting the interests of

pharmaceutical and biotechnology companies through government lobbying services; Provision of brand equalization programs; advising on business matters related to franchise agreements; organization and promotion services related to franchise agreements; distribution of prospectuses, subscription services for third parties, reproduction of documents, management of computer files; provision of brand alignment projects and programs to promote them evenly in the goods and services market; office services; secretarial services, newspaper subscription editing services, compilation of statistics, rental of office machines, systematization of information in computer databases, telephone answering services; accounting and financial consultancy services; personnel recruitment; personnel selection; temporary personnel assignment (invoicing on behalf of someone else, tax payment, traffic business tracking) services; organization and execution of auctions; discount analysis; administration of group discount purchasing; provision of financial reports; provision of management reports; business management consultancy and assistance services; computerized on-line ordering services in the field of office supplies and office equipment; retail services connected with the sale of veterinary supplies featuring animal care and grooming products, animal nutritional supplements and medication; inventory management; livestock management services for managing livestock for others on an individual animal and herd basis for both dairy animals and meat producing animals, namely, providing customized business management programs for individual animal information collection and business management; providing information on marketing in the field of animal management; recording and managing inventories of pharmaceuticals, feed and other consumed products, managing quality assurance by monitoring nutrition, weight and health of individual animals with milk or meat withholds, providing individual animal identification tracking, trace-back and monitoring services through its supply chain for compliance with process, age, source and N.A.I.S. requirements, creating management reports concerning the foregoing on an individual animal and herd basis, namely, creating financial reports, and graphs, profit and loss statements,

milk and/or meat products reports and graphs, medical and health reports and graphs, treatment histories and future protocol treatments, feed ration intake and adjustment reports, and individual animal expense reports; Marketing services in the field of animal health products; marketing services, namely, promoting retail sale of products for animal use; Mail order retail services connected with veterinary pharmacy products; Retail pharmacy services, namely, a licensed pharmacy serving veterinarians and their clients by filling prescriptions from veterinarians and shipping pharmaceuticals and other prescription products directly to the veterinarian's clients, with applicable product uses and directions; Distributorships in the field of specialty pharmaceutical products; distributorship services for livestock and commercial feedmills in the field of livestock medications, chemicals, nutrients, and growth stimulants; retail services by direct solicitation by sales agents featuring computer hardware, computer software, radio frequency animal identification tags, and radio frequency identification tag technology, all capable of utilizing a uniform set of database standards for tracking and tracing back movements of individual animals in the meat and dairy industries through a supply chain from producers to processor back to market.

Class Number: 36

Priority Date: 23/01/2023

Country/Territory: UNITED STATES OF AMERICA

Priority Application Number: 97765160

Goods and/or Services: Financial management of reimbursement programs for healthcare providers and pharmacies relating to containing drug acquisition costs; providing counseling in the field of insurance coverage; customs brokerage; customs bonding, namely, issuance of importer bonds; arranging the collection, payment and return of customs duties; issuance of securities in relation to reward systems and customer loyalty programs; recovery of customs fees for third parties; benefits verification services; providing an internet website portal in the field of financial

transaction and payment processing services; financial transaction services, namely, payment processing and managing secure commercial and consumer transactions and payment options using stored-value cards, passive-value cards, debit cards, virtual single-use cards, reloadable cards, ACH origination, checks, wallet-to-wallet, bank integration, and digital financial transactions.

Class Number: 39

Priority Date: 23/01/2023

Country/Territory: UNITED STATES OF AMERICA

Priority Application Number: 97765164

Goods and/or Services: Courier services featuring storage, transport, and delivery of high-value, time-critical, ambient condition-sensitive goods by means of a temperature-controlled industrial transport unit and other freight for others all by air, rail, ship or truck to professional and commercial users, namely, storage, transport, and delivery of investigational drugs, drug samples, active pharmaceutical ingredients, drug excipients, patient samples, commercial products, supplies used to conduct clinical trials, medicines and critical consumables for hospitals, clinics, research organizations, and physician practices, and critical parts and equipment for manufacturing, maintenance, and repair in the fields of aviation, automotive, oil and gas, and high tech; import cargo handling/assistance services; computerized tracking of documents, packages and freight in transit to ensure on-time delivery for business purposes; providing information relating to warehousing and freight forwarding services; warehousing and freight forwarding services; distribution of medical devices and related third party logistics services; clinical trial support services, namely, distribution of biological and pharmaceutical products and clinic supplies.

Class Number: 42

Priority Date: 23/01/2023

Country/Territory: UNITED STATES OF AMERICA

Priority Application Number: 97765169

Goods and/or Services: Technology consultation and research services; technology consultation and research in the pharmaceutical and healthcare fields, namely, the application of analytical and statistical methodology to the study of healthcare products and their impact on the overall healthcare market; developing business information solutions, namely, developing computer software for use in managing information in the field of healthcare patient assistance programs, patient reimbursement and insurance coverage; customized computer system analysis services for others, for automated pharmaceutical dispensing systems and automated article dispensing systems used in pharmacies and similar premises; computer software design for others for automated pharmaceutical dispensing systems and automated article dispensing systems used in pharmacies and similar premises; testing of goods/services for quality and standard certification; application service provider (ASP) featuring software for use in medical offices that monitors the inventory of pharmaceuticals; computer software installation and maintenance; software for modeling data, analyzing data, interfacing with databases, presenting data and creating learning tools for understanding data, for use in the healthcare, medical, pharmaceutical and biotechnology fields; providing on-line information, news and commentary in the field of health and wellness relating to healthy diets and activities for male and female infants, children, teenagers, adults and seniors and to illnesses and treatments affecting them; consulting services in the field of design, selection, implementation and use of computer software systems for others; software as a service featuring software for use in providing access to a customer's clinical patient data; providing temporary use of on-line non-downloadable software and applications for the purpose of providing to medical care facilities or clinicians, namely, hospitals, clinics, and physicians, access to their consolidated medical data; veterinary product development consultation services; product development consultation services for devices, tools and implants in connection with veterinary orthopedics, including all phases of fracture repair and stifle stabilization software as

a service in the field of animal health and veterinary practice; technical support services, namely, troubleshooting in the nature of diagnosing problems with automated pharmaceutical dispensing systems and automated article dispensing systems used in pharmacies and similar premises; software as a service featuring software for maintaining electronic medical records for use in the medical field; veterinary product development consultation services; software as a service in the field of animal health and veterinary practice; providing scientific information via the Internet to commercial companies in the field of pharmaceutical preparations and medicinal preparations for health care; providing temporary use of online non-downloadable computer software for inventory management, namely, monitoring, managing, tracking, purchasing and dispensing of consumer products, healthcare products and supplies, medications, pharmaceuticals, and healthcare related inventory; cloud based software as a service (SAAS) services featuring software for use in the management of inventory, purchasing, and receiving activities for patient homes and healthcare facilities, namely, medical offices, medical clinics, hospitals, laboratories, pharmacies, and/or surgical related facilities; information services, namely, maintaining a database featuring information to pharmacists over a global computer network with regard to prescription information and drug file maintenance; professional consultations (unrelated to the conduct of business) in pharmacy matters, surveys (research) on pharmaceutical products, research and development of new pharmaceutical products (for third parties); information services for the pharmaceutical and medical industries; pharmacy services; providing websites that feature electronic instructional and marketing publications for use in the healthcare, medical, pharmaceutical and biotechnology fields; providing temporary use of online non-downloadable software, namely, dossier software for searching, filtering and reviewing information within product dossiers, data analysis and outcome analyzer tool software for analyzing data and outcomes, economic model software for assessing economic outcomes, software for analyzing budget impact and cost-effectiveness of products, and health-related communication and educational

software all for asking questions, generating requests, obtaining feedback, sharing best practices and resources and for conducting online surveys, all for use in the healthcare, medical, pharmaceutical and biotechnology fields; digital multimedia products, namely, graphics, video, audio and text and their interactivity; software as a service in the field of animal health and veterinary practice; providing non-downloadable computer software for use in developing and managing animal records, animal clinical records, animal treatment history, animal herd health, and animal owner information; providing online non-downloadable software for use in management of animal health, veterinary records, business and financial records, ordering, and product sales reporting; platform as a service (PAAS) services featuring computer software platforms for use in supporting veterinary practices featuring scheduling and appointments, equipment availability, reporting and business intelligence, financial management, clinical record management, product availability and wholesale ordering; platform as a service (PAAS) services featuring computer software using artificial intelligence for use in analyzing business and financial records, animal records, inventory, disease prevalence tracking, and animal and agricultural production; platform as a service (PAAS) services featuring computer software for management of orders and deliveries, stock control, stock management, inventory management, disease prevalence tracking, practice management, invoicing, payment processing, accounting, human resources management, client and patient record management, appointment management, management of clinical records, clinical diagnostics, and communications, all in the animal health and veterinary fields; platform as a service (PAAS) services featuring computer software platforms for use in delivering veterinary telehealth and telemedicine services; providing non-downloadable computer software for use in delivering veterinary telehealth and telemedicine services; platform as a service (PAAS) services featuring computer software platforms for use in animal owner management of pet, equine and herd health; platform as a service (PAAS) services featuring computer software platforms for use by manufacturers, distributors,

pharmaceutical suppliers, animal healthcare suppliers, animal health providers and animal owners in animal and veterinary product sales and reporting, electronic prescription management, and dispensing; platform as a service (PAAS) services featuring computer software platforms for use by manufacturers and distributors in pharmaceutical product sales and reporting; platform as a service (PAAS) services featuring computer software platforms for use in communications between animal health providers and animal owners; designing, creating, maintaining and hosting online retail and electronic commerce websites for veterinary practices; Software as a service (SAAS) services, namely, hosting software for use by others for use for tracking, recording, storing and managing data for livestock, individual animals, equipment, employees and herd management; leasing of computer hardware, computer software, radio frequency animal identification tags, and radio frequency identification tag technology, all capable of utilizing a uniform set of database standards for tracking and tracing back movements of individual animals in the meat and dairy industries through a supply chain from producers to processor back to market, namely, animal reconciliation processing, individual animal data collection and traceback.

Goods and/or Services:

Class 01

Chemicals used in science; diagnostic biomarkers for analytical, research and scientific use; diagnostic kits comprising specimen receptors and reagents for testing for selected bacteria; diagnostic testing materials, other than for medical use; chemical reagent mixtures, other than for medical or veterinary use; diagnostic preparations for use in assessment of toxicological property of chemical compounds and mixture, for scientific use; diagnostic preparations for scientific or research use; diagnostic chemicals for use in antibiotic susceptibility testing [other than for medical use]; diagnostic preparations for laboratories or for research use; diagnostic preparations for in vitro testing, for scientific use; diagnostic preparations, other than for medical or veterinary purposes; chemical reagents for molecular biology, other than for medical or veterinary use; chemical reagents for use in analytical tests, other than for medical or veterinary use; reagents in kit form for conducting immunosorbent assays; solutions used in diagnostic test kits for laboratory or research purposes; diagnostic substances, other than for medical use; reagent strips; test strips for laboratory or research purposes; reagent paper, other than for medical or veterinary purposes; cultures of microorganisms, other than for medical or veterinary use; preparations of microorganisms, other than for medical or veterinary use; bacterial preparations, other than for medical or veterinary use; bacteriological preparations, other than for medical or veterinary use; biological preparations, other than for medical or veterinary purposes; chemical substances for analyses in laboratories, other than for medical or veterinary purposes; chemical reagents, other than for medical or veterinary purposes; reagents for chemical analyses; diagnostic reagents for scientific use; biochemical reagents used for non-medical purposes; diagnostic reagents, other than for medical laboratory use; diagnostic reagents and preparations not for medical or veterinary purposes; reagents for use in scientific apparatus for chemical or biological analysis; cell culture reagents for scientific and

research use.

Class 05

Chemical reagents for medical or veterinary purposes; diagnostic biomarker reagents for medical purposes; diagnostic agents for pharmaceutical use; diagnostic agents for medical laboratories, clinics and pharmacies; diagnostic agents for medical use; diagnostic test kits for detecting antibodies, enzymes, antigens, diseases, viruses and infections for medical and clinical use; diagnostic reagents for serologic tests of infections for medical and clinical purposes; diagnostic kits comprising bioreagents; diagnostic test kits comprising reagents and assays; in vitro diagnostic test kits for medical use; diagnostic testing materials for medical use; biochemical preparations for medical or veterinary purposes; bacterial preparations for medical or veterinary use; radioactive pharmaceutical preparations for in vivo diagnostic or therapeutic use; reagents and test strips for use in detecting the presence of nucleic acid targets, and indicators of diseases, such indicators including enzymes, antigens, antibodies and nucleic acids; medical diagnostic reagents and assays for testing of body fluids; immunoassay reagents for medical use; medical diagnostic test strips; in vitro diagnostic testing reagents for medical use; medical diagnostics testing reagents for the detection, diagnosis, analysis, and confirmation of viruses and infections; diagnostic testing reagents for use in antibody detection; reagent paper for medical purposes; cultures of microorganisms for medical or veterinary use; preparations of microorganisms for medical or veterinary use; bacteriological preparations for medical or veterinary use; diagnostic preparations for medical purposes; diagnostic reagents for medical use; biological and chemical reagents for medical or veterinary purposes; clinical diagnostic reagents; reagents for use in diagnostic tests [for medical purposes]; diagnostic preparations for medical or veterinary purposes; in vitro diagnostic preparations for medical use; swabs and preparations for medical, clinical, and diagnostic use; nasopharyngeal swabs for medical use; chemico-pharmaceutical preparations, for diagnostic use only;

pharmaceuticals, for diagnostic use only; pharmaceuticals, medical and veterinary preparations for diagnostic use only; disinfectants; dietetic substances adapted for medical use.

Class 09

Testing apparatus not for medical purposes; research laboratory analyzers for measuring, analyzing blood and other bodily fluids; data processing equipment, namely readers for diagnostic purposes other than for medical use; measuring or testing machines and instruments for diagnostic purposes, other than for medical use; portable and cloud-connected poc (point of care) immunodiagnostic software platform; software and computer hardware for the design, creation and testing of medical diagnostic instruments; data processing software, diagnostics apparatus, equipment, hardware and computers; artificial intelligence software for healthcare; computer software used for medical diagnostics; tablet computers for testing and diagnostic purposes; diagnostic apparatus, not for medical purposes; disposable dispenser syringes for laboratory use; downloadable computer software applications for use in diagnostics; scientific apparatus and instruments for immunological analysis and diagnostics, other than for medical use; computer software for use in the diagnostic field; computer software platforms, recorded or downloadable for use in the diagnostic field; computer programs, downloadable for use in the diagnostic field; laboratory robots; measurement and analysis machines and equipment for use in the diagnostic field; processing software and interpretation software, relating to medical and veterinary results, in the field of diagnostics.

Class 10

Apparatus and instruments for medical, pharmaceutical and veterinary diagnosis; spectrum analyzers for use in medical diagnosis; electronic analyzers for medical purposes; diagnostic apparatus for the identification of infectious diseases; diagnostic imaging apparatus for medical use; diagnostic apparatus for identifying

antibodies against the sars-cov-2 virus in capillary blood samples; antigen testing apparatus for covid-19 diagnosis; molecular test apparatus for covid-19 diagnosis; apparatus for dna and rna testing for medical purposes; apparatus for taking body fluid samples; blood sampling devices; testing apparatus for medical purposes; diagnostic apparatus for medical purposes; apparatus for carrying out diagnostic tests for medical purposes; medical diagnostic apparatus; diagnostic, examination, and monitoring equipment; diagnostic medical apparatus; medical diagnostic saliva vials; syringes for extraction of body fluid samples [medical syringes]; syringes for injections; analysers for bacterial identification for medical purposes; blood testing apparatus; medical diagnostic apparatus for testing for viruses; apparatus for carrying-out diagnostic tests for medical purposes; testing instruments for medical diagnostic purposes.

Class 42

Updating of computer software for use in the diagnostic field; software design and development for use in the diagnostic field; rental of computer software for use in the diagnostic field; maintenance and repair of software for use in the diagnostic field; computer hardware design and development for use in the diagnostic field; design and development of diagnostic apparatus; scientific research and development in the field of biotechnology; research and development in the field of diagnostic preparations; biological research; chemical research; scientific research; computer aided diagnostic testing services; scientific laboratory services; chemical analysis; installation of computer software for use in the diagnostic field; bacteriological research; research services and laboratory testing.

ACO

Goods and/or Services:

Class 06

Prefabricated building parts made wholly or partly of metal (except roller shutters, roller profiles) for underground works, for hydraulic construction and sewer construction, for the building of roads and sidewalks, paths, for gardening, for landscape gardening, for agriculture, for use in construction of swimming pools, sports fields, children's play areas, for use in cellar construction, for shelters [building structures] and for constructions intended for the supply of energy, and for special buildings for the chemical industry, the machinery industry, the electrical industry and for the "DIY" industry and metal goods for use in building in the form of drain boxes, sedimentation traps, tubing, tanks to be placed in flow boxes and sedimentation traps, intermediate tanks, gutter pipes boxes, prefabricated sewer inspection chambers, grilles, wire mesh, lids, perforated plates, solid covering plates for channels and parts of gullies and for sewer holes, base plates for stables, drain traps and dirt pans, prefabricated duckboards, stall channels for stables, barn windows, cellars and garages also prefabricated, prefabricated parts for cellars, including cover gratings, window grills, framing pieces, jumping beams, circles for launch of weight; building parts of metal for the construction of rivers for obstacle courses; fixing elements of metal for attaching the edges of artificial turf; carrier bracket of metal for a flag; grids of metal and bins of metal for scraping refuse; prefabricated formwork of metal for concrete construction as well as prefabricated parts of metal for constructions above and below ground, for the construction of machines and the construction of apparatus in general and electrotechnical apparatus, in particular in the form of iron casting [semi-finished], stamped, pressed, injection molded parts and extruded parts of metal.

Class 19

Prefabricated building parts made wholly or partly of mineral materials such as cement concrete, plastic concrete and concrete made of synthetic and natural materials such as plastic, porcelain stoneware, porcelain and glass (with the exception of plastic sheets, roller shutters, roller profiles and sun protection equipment, consisting primarily of a marking marker of textile or plastic and a rod for winding and unwinding this marker) for underground works, for hydraulic construction and sewer construction, for the building of roads, sidewalks and paths, for gardening, for landscape gardening, for agriculture, for use in construction of swimming pools, sports fields, children's play areas, for use in the construction of cellars, for shelters [building structures] and for constructions intended for the supply of energy, and for special buildings for the chemical industry, the machinery industry, the electrical industry and for the "DIY" industry, non-metallic goods for use in building in the form of drain boxes, sedimentation traps, tanks to be placed in flow boxes and sedimentation traps, intermediate tanks, gutter pipes boxes, prefabricated sewer inspection chambers, grilles, wire mesh, lids, perforated plates, solid covering plates for channels and parts of gullies and for sewer holes, base plates for stables, drain traps and dirt pans, prefabricated duckboards, stall channels for stables, prefabricated windows for barns, cellars and garages, as well as prefabricated window supports of concrete, prefabricated basement windows for cellars, including cover gratings, window grills, framing pieces and edging stones, jumping beams, weight-launching circles; non-metallic building materials for the construction of rivers for obstacle courses; prefabricated non-metallic formwork for concrete construction as well as prefabricated non-metallic parts for constructions above and below ground.

Class 20

Screwnails, not of metal for attaching edges of artificial turf, plant and flower boxes, recycling bins, not of metal.

Goods and/or Services:

Class 09

Computer software; computer programs (downloadable software); data processing equipment and computers; downloadable computer software for the transmission of information; software for the processing, transmission, storage, logging, reception and retrieval of data being in the form of encoded data, text, audio, graphic images or video or a combination of these formats; computer software applications for the analysis of website traffic and targeting based on user behaviour; computer software for obtaining and analysing search data and managing search advertisements for others on a global computer network; computer software that enables users to organise and conduct meetings, events and interactive discussions via the internet and communication networks; computer software for sending and receiving electronic messages, photographs, images, multimedia content, data, text, audio, videos via the Internet and via communication networks; computer software which allows users to create and publish their own content, images, videos and audio via the Internet and communication networks; computer software in the field of marketing and marketing surveys; artificial intelligence software for use in market research and data analytics; computer software for collecting, organising, managing, modifying, transmitting, sharing and storing data and information; electronic data storage apparatus; telecommunications and communications apparatus and instruments; image processing apparatus and instruments; photographic apparatus and instruments; computer hardware; downloadable electronic publications provided online from computer databases, the Internet or other electronic networks; downloadable data, text, audio, graphic images or video provided from computer databases, the internet or other electronic networks; apparatus for downloading data, text, audio, graphic images or video from computer databases, the Internet or other electronic networks; data processing apparatus with augmented and artificial intelligence and software relating thereto; data feeders linked with artificial

intelligence; data feeders for use with artificial intelligence; computer software for machine learning, data query, and data analysis; computer software for cognitive computing, deep learning and artificial intelligence; downloadable AI computer software for the optimisation of advertising and marketing campaigns, for the optimisation of media buying and strategy and for creative analytics for campaign optimisation; parts and fittings for all the aforesaid goods.

Class 35

Advertising services; promotional services; marketing services; publicity services; public relations services; business research relating to media relations and consultation services relating thereto; media buying services; planning, buying and negotiating advertising and media space and time; business and business management services; social media strategy services; business research, strategic business planning, business advisory and consultation services for others in the field of advertising, marketing, communications, social media, promotions and public relations; brand creation, positioning and strategy services; business consultancy services in relation to brand strategies, brand management, customer relationship management, marketing and consumer targeting; production of advertising matter and commercials; creation of advertising campaigns; sales promotion services, namely, promoting the goods and services of various industries through the distribution of promotional materials and by rendering sales promotion advice; customer relationship management services; compilation of advertisements for use as web pages on a global computer network; providing media services in the field of one-to-one advertising and marketing, namely, the planning and purchase of media time and space for direct marketing advertising; digital and online advertising and marketing services; interactive marketing services; advertising and marketing services provided by means of indirect methods of marketing communications, namely, social media, inquiry marketing, internet marketing, mobile marketing, blogging and other forms of passive, shareable, or viral communications channels;

promotion of goods and services through sponsorship; organization of promotional campaigns and related consultancy services; event marketing; promotion of prize draws, competitions and customer incentives; organisation of exhibitions and trade fairs for commercial and advertising purposes; market research and market analysis; business data analysis services; opinion polling services; analysis and study of information collected on consumer opinions and behaviour through market research and advertising studies; marketing studies; market trend analysis; statistical analysis and compilation; data processing; data management in the nature of segmentation and profiling of market data; compiling of information into databases; management of databases; advertising, marketing, media research, strategic planning and market analysis services optimised by artificial intelligence; information services related to augmented and artificial intelligence for business purposes; collection, compilation and preparation of information, data and statistics related to augmented and artificial intelligence for business purposes; provision of information, advice and consultancy relating to the aforesaid; provision of the aforesaid services on-line from a computer database or a global computer network.

Class 42

Design services; computer programming; computer system design; computer design and development; product design and development; editing services for computer programs; art work design; industrial design services; design of packaging; styling agencies (industrial design); graphic arts designing; interior design services; fashion design; architectural services; research and development of new products for others (product development); development of computer systems in the field of graphic arts; design (creation) and development of market research tools; graphic design involving the creation of virtual and interactive images; software design and development, computer programming services, hosting of computer sites (web sites); design and development of computer software; updating and maintenance of computer software; installation of computer software and computer programs; development of systems

for the storage of data; rental of computer software; services of an application service provider, namely, installation, electronic storage, rental, and maintenance of application software that allows users to play and program music and entertainment-related audio, video, text and other multimedia content; computerised data storage services information, artificial intelligence consultancy; research in the field of artificial intelligence; providing artificial intelligence computer programs on data networks; software as a service [SaaS] featuring computer software platforms for artificial intelligence; providing online non-downloadable computer software for machine learning, data query, and data analysis; providing online non-downloadable computer software for cognitive computing, deep learning and artificial intelligence; providing online non-downloadable software that uses artificial intelligence to see and interpret data, connect with hardware and store, and manage and process data in the cloud; providing non-downloadable AI computer software for the optimisation of advertising and marketing campaigns, for the optimisation of media buying and strategy and for creative analytics for campaign optimisation; research and consultancy services relating to the aforesaid; provision of information relating to the aforesaid; provision of the aforesaid services on-line from a computer database or a global computer network.

Priority Application Number: 98150644

Goods and/or Services: Computer hardware and recorded software systems for the installation, operation, maintenance, and repair of semiconductor manufacturing machines, semiconductor substrates manufacturing machines, semiconductor wafer processing machines; Electronic components, namely, electrodes, electrostatic chucks, pedestals with signal transmitter, o-rings with readable circuitry antenna or signal transmitter, edge rings with readable circuitry antenna or signal transmitter, mechanisms for sealing with readable circuitry antenna or signal transmitter, electronic calibrator, electric actuators, electric measurement sensors, recorded operating software for operating semiconductor manufacturing machines, electrical controllers, transducers in the nature of electrical transducers and electro-optic transducers, electronic signal transmitters, electronic signal receivers, coaxial cables, fiber optic cables, Pressure and optical sensors, showerhead having electronic

sensors and signal transmitters, pumps with electronic sensors and signal transmitters, vacuum gauges with electronic sensors and signal transmitters, pipes with electronic sensors and signal transmitters, tubes for chemicals with sensors or electronic circuitry or signal transmitter, feed lines with sensors or electronic circuitry or signal transmitter, fans with electronic sensors and signal transmitters, power supplies electrical, power cables, doors with electronic sensors and signal transmitters, windows with electronic sensors and signal transmitters, and chamber walls with electronic sensors and signal transmitters all for semiconductor manufacturing machines; Electronic components, namely, electrodes, electrostatic chucks, pedestals with signal transmitter, o-rings with readable circuitry antenna or signal transmitter, edge rings with readable circuitry antenna or signal transmitter, mechanisms for sealing with readable circuitry antenna or signal transmitter, electronic calibrator, electric actuators, electric measurement sensors, recorded operating software for operating semiconductor substrates manufacturing machines, electrical controllers, transducers in the nature of electrical transducers and electro-optic transducers, electronic signal transmitters, electronic signal receivers, coaxial cables, fiber optic cables, pressure and optical sensors, showerhead having electronic sensors and signal transmitters, pumps with electronic sensors and signal transmitters, vacuum gauges with electronic sensors and signal transmitters, pipes with electronic sensors and signal transmitters, tubes for chemicals with sensors or electronic circuitry or signal transmitter, feed lines with sensors or electronic circuitry or signal transmitter, fans with electronic sensors and signal transmitters, power supplies electrical, power cables, doors with electronic sensors and signal transmitters, windows with electronic sensors and signal transmitters, and chamber walls with electronic sensors and signal transmitters all for semiconductor substrates manufacturing machines; Electronic components, namely, electrodes, electrostatic chucks, pedestals with signal transmitter, o-rings with readable circuitry antenna or signal transmitter, edge rings with readable circuitry antenna or signal transmitter, mechanisms for sealing with readable circuitry antenna or signal transmitter,

electronic calibrator, electric actuators, electric measurement sensors, recorded operating software for operating semiconductor wafer processing machines, electrical controllers, transducers in the nature of electrical transducers and electro-optic transducers, electronic signal transmitters, electronic signal receivers, coaxial cables, fiber optic cables, pressure and optical sensors, showerhead having electronic sensors and signal transmitters, pumps with electronic sensors and signal transmitters, vacuum gauges with electronic sensors and signal transmitters, pipes with electronic sensors and signal transmitters, tubes for chemicals with sensors or electronic circuitry or signal transmitter, feed lines with sensors or electronic circuitry or signal transmitter, fans with electronic sensors and signal transmitters, power supplies electrical, power cables, doors with electronic sensors and signal transmitters, windows with electronic sensors and signal transmitters, and chamber walls with electronic sensors and signal transmitters all for semiconductor wafer processing machines; Electronic components, namely, electrodes, electrostatic chucks, pedestals with signal transmitter, o-rings with readable circuitry antenna or signal transmitter, edge rings with readable circuitry antenna or signal transmitter, mechanisms for sealing with readable circuitry antenna or signal transmitter, electronic calibrator, electric actuators, electric measurement sensors, recorded operating software for operating semiconductor wafer processing equipment, electrical controllers, transducers in the nature of electrical transducers and electro-optic transducers, electronic signal transmitters, electronic signal receivers, coaxial cables, fiber optic cables, pressure and optical sensors, showerhead having electronic sensors and signal transmitters, pumps with electronic sensors and signal transmitters, vacuum gauges with electronic sensors and signal transmitters, pipes with electronic sensors and signal transmitters, tubes for chemicals with sensors or electronic circuitry or signal transmitter, feed lines with sensors or electronic circuitry or signal transmitter, fans with electronic sensors and signal transmitters, power supplies electrical, power cables, doors with electronic sensors and signal transmitters, windows with electronic sensors and signal transmitters, and chamber

walls with electronic sensors and signal transmitters all for semiconductor wafer processing equipment; Downloadable interactive multimedia computer program for the installation, operation, maintenance, and repair of semiconductor manufacturing machines, semiconductor substrates manufacturing machines, semiconductor wafer processing machines; Measurement apparatus and instruments, namely, pressure measuring apparatus and distance measuring apparatus for use in semiconductor manufacturing, semiconductor substrates manufacturing, and semiconductor wafer processing; Tools and equipment, namely, namely, electrodes, electrostatic chucks, pedestals with signal transmitter, o-rings with readable circuitry antenna or signal transmitter, edge rings with readable circuitry antenna or signal transmitter, mechanisms for sealing with readable circuitry antenna or signal transmitter, electronic calibrator, electric actuators, electric measurement sensors, recorded operating software for operating semiconductor manufacturing machines, electrical controllers, transducers in the nature of electrical transducers and electro-optic transducers, electronic signal transmitters, electronic signal receivers, coaxial cables, fiber optic cables, Pressure and optical sensors, showerhead having electronic sensors and signal transmitters, pumps with electronic sensors and signal transmitters, vacuum gauges with electronic sensors and signal transmitters, pipes with electronic sensors and signal transmitters, tubes for chemicals with sensors or electronic circuitry or signal transmitter, feed lines with sensors or electronic circuitry or signal transmitter, fans with electronic sensors and signal transmitters, power supplies electrical, power cables, doors with electronic sensors and signal transmitters, windows with electronic sensors and signal transmitters, and chamber walls with electronic sensors and signal transmitters all for semiconductor manufacturing; Tools and equipment, namely, namely, electrodes, electrostatic chucks, pedestals with signal transmitter, o-rings with readable circuitry antenna or signal transmitter, edge rings with readable circuitry antenna or signal transmitter, mechanisms for sealing with readable circuitry antenna or signal transmitter, electronic calibrator, electric actuators, electric measurement sensors, recorded

operating software for operating semiconductor manufacturing machines, electrical controllers, transducers in the nature of electrical transducers and electro-optic transducers, electronic signal transmitters, electronic signal receivers, coaxial cables, fiber optic cables, Pressure and optical sensors, showerhead having electronic sensors and signal transmitters, pumps with electronic sensors and signal transmitters, vacuum gauges with electronic sensors and signal transmitters, pipes with electronic sensors and signal transmitters, tubes for chemicals with sensors or electronic circuitry or signal transmitter, feed lines with sensors or electronic circuitry or signal transmitter, fans with electronic sensors and signal transmitters, power supplies electrical, power cables, doors with electronic sensors and signal transmitters, windows with electronic sensors and signal transmitters, and chamber walls with electronic sensors and signal transmitters all for semiconductor wafer processing.
