General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

Communications servers [computer hardware]; Computer controlled apparatus for furnishing voice responses to data inputs; Computer controlled workstations for data entry; Computer data in recorded form; Computer data input apparatus; Computer data input devices; Computer data interchange apparatus; Computer data storage apparatus; Computer databases; Computer installations for the communication of data; Computer installations for the processing of data; Computer installations for the storage of data; Computer network routers; Computer network server; Computer networks for the communication of data; Computer networks for the processing of data; Computer networks for the storage of data; Computer programs for connecting remotely to computers or computer networks; Computer programs for providing a graphical presentation of data; Computer programs for scientific data analysis; Computer programs for the analysis of data processing efficiency; Computer related data communication apparatus; Computer servers; Computers for use in data management; Connecting devices for data collection; Connecting devices for data transfer; Data access apparatus for use in accessing stored information; Data acquisition apparatus; Data acquisition instruments; Data banks; Data buffers; Data bus interface units; Data carriers; Data carriers bearing computer programmes; Data carriers bearing machine readable data; Data carriers equipped with governing programs; Data carriers for computers having software recorded thereon; Data carriers for electronic data processing; Data carriers for use with data processing apparatus; Data carriers incorporating computer programs; Data carriers incorporating machine readable data; Data communications apparatus; Data communications hardware; Data communications installations; Data communications instruments; Data communications receivers; Data communications software; Data handling apparatus; Data handling installations; Data information processing apparatus; Data information processing units; Data loggers; Data logging apparatus; Data memories; Data meters; Data networks; Data processing apparatus; Data processing components; Data processing devices; Data processing equipment; Data processing information carriers; Data processing installations; Data processing

instruments; Data processing machines; Data processing terminals; Data processing units; Data processors; Data processors for business data; Data programmes; Data protection backup units; Data receivers; Data recorded electronically; Data recorded electronically from the internet; Data recorded in electronic form; Data retrieval apparatus; Data security apparatus; Data security instruments; Data sets, recorded or downloadable; Data storage apparatus; Data storage devices; Data storage installations; Data storage instruments; Data storage machines; Data switches; Databases; Electric apparatus for data processing; Electric apparatus for storing computer data; Electric devices for transmission of data between computers; Electric devices for transmission of data between microprocessors; Electrical apparatus for data acquisition; Electrical apparatus for recording data; Electrical apparatus for the input of data; Electrical apparatus for the output of data; Electrical apparatus for use in the encoding of data; Electrical communication apparatus for transmitting data; Electrical devices for storage of data; Electrical devices for transmission of data; Electrical units for data conditioning; Electrically recorded data for computers; Electronic apparatus for data processing; Electronic apparatus for manipulating data; Electronic apparatus for relaying data; Electronic apparatus for the transmission of data; Electronic data apparatus for use with computers; Electronic data carriers; Electronic data collection apparatus; Electronic data communications apparatus; Electronic data communications installations; Electronic data processing apparatus; Electronic data processing devices; Electronic data processing equipment; Electronic data processing installations; Electronic data processing machines; Electronic databases recorded on computer media; Electronic devices for data processing; Electronic devices for the transmission of data between computers; Electronic devices for the transmission of data between microprocessors; Electronic devices for transmitting data; Electronic industrial network apparatus for high speed data transmission; Electronic instruments for the receiving of data; Electronic mail servers; Electronic memories for the control of computer data; Electronic memories for the input of computer data; Electronic memories for the output of computer data;

Electronic memories for the storage of computer data; Electronic remote data transfer apparatus; Electronic telecommunications apparatus; Expandable data processing apparatus; External storage apparatus for use with data processing apparatus; Flat screens for electronic data processing apparatus; Hard discs for electronic data processing; High speed data transmission apparatus; Information storage devices for use in data processing apparatus; Instruction programmes for the processing of data; Instruction programmes for the storage of data; Instruments for electronic data processing; Integrated data processing installations; Interactive data transfer apparatus; Internet servers; Intranet servers; Local area networking apparatus for the switching of data; Local area networking apparatus for the transmission of data; Magnetic data media; Magnetic data memories; Magnetic data recording apparatus; Magnetic data storage materials; Magnetic media for the handling of data; Magnetic media for the storage of data; Memories for data processing equipment; Memory devices for use with data processing apparatus; Microchips for recording data; Microcircuit data carriers; Mobile communication terminals; Mobile computers; Mobile data apparatus; Mobile data communications apparatus; Mobile data instruments; Mobile data receivers; Multiplexers for bearing data; Multiplexers for use in the alternate transmission of data; Network access server hardware; Network access server operating software; Network routers; Network servers; Operating software for network access servers; Portable electronic apparatus for the collection of machine data; Private automatic branch exchanges for data; Processing programmes recorded on data carriers; Program carriers for electronic data processing apparatus; Real-time data processing apparatus; Recorded data files; Recorded data, encoded; Recording materials for the storage of data, magnetic; Remote data gathering apparatus; Repeaters for use in data networking; Scanners for entering data into computers; Sensors for real time data input apparatus; Sensors for real time data output apparatus; Servers for web hosting; Solid-state electrical apparatus for storing computer data; Solid-state electronic data storage materials; Storage apparatus for computer data; Storage

materials for data in electronic form; Storage materials for data in magnetic form; Synchronous data communications apparatus; Synchronous data units; Synchronous data-link control adaptors; Telecommunications apparatus for transferring data to computers; Telecommunications apparatus for transmitting data for use with computers; VPN [virtual private network] hardware; VPN [virtual private network] operating software; WAN [wide area network] hardware; Watches that communicate data to smartphones; Wide area network (WAN) routers; Wire free data transmission apparatus; Wireless routers; Access control cards, encoded or magnetic; Access interfaces for managed private circuit networks; Actuators [electric switches]; Add-in cards for micro computers; Alarm central units; Alarm control apparatus; Alarm devices, other than for vehicles; Alarm installations; Alarm instruments, other than for vehicles; Alarm management apparatus; Alarm management installations; Alarm monitoring systems; Alarm systems; Apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; Apparatus designed to monitor the performance of apparatus; Apparatus for collecting encoded data for supply to computers; Apparatus for communication; Apparatus for computing; Apparatus for converting digital values into graphic information; Apparatus for data collection; Apparatus for data communications between computers; Apparatus for data entry; Apparatus for data processing; Apparatus for data storage; Apparatus for data transmitting; Apparatus for decoding encoded signals; Apparatus for decoding magnetically recorded information; Apparatus for digital signal processing; Apparatus for digitising geometric data contained in documents; Apparatus for electronic digital processing; Apparatus for electronic image reception; Apparatus for electronic image transmission; Apparatus for electronic information processing; Apparatus for electronic mail; Apparatus for electronic payment processing; Apparatus for electronic publishing; Apparatus for information processing; Apparatus for information teleprocessing; Apparatus for information transmission; Apparatus for inputting information into a computer; Apparatus for processing data; Apparatus for processing data programmes;

Apparatus for processing data relating to images; Apparatus for processing digital data; Apparatus for processing digital video signals; Apparatus for processing electronic payments; Apparatus for programming data; Apparatus for reading encoded data; Apparatus for reading encoded information; Apparatus for recording, transmission or reproduction of sound or images; Apparatus for remote data transmission; Apparatus for retrieving data; Apparatus for searching electronic information; Apparatus for sending data; Apparatus for the acquisition of data; Apparatus for the acquisition of information; Apparatus for the communication of data; Apparatus for the conversion of data; Apparatus for the conversion of information; Apparatus for the graphic display of data; Apparatus for the processing of data; Apparatus for the processing of digital information; Apparatus for the processing of information; Apparatus for the storage of data; Apparatus for the storage of information; Apparatus for the transmission of data; Apparatus for verifying data on magnetically encoded cards; Appliances for communication; Cable installations for the transmission of data; Cable management installations for data signal transmission; Cards bearing data for use in data processing apparatus; Cards carrying magnetically, optically or electronically recorded or encoded information; Cards encoded to access computer software; Cards encoded with security features for authentication purposes; Cards encoded with security features for identification purposes; Coding apparatus; Communication devices; Communication devices for linking computer networks; Communication hubs; Communication installations; Communication instruments; Communication interface units; Communication modems; Communication routing apparatus; Communication routing instruments; Communications networks; Communications systems; Computer apparatus; Computer apparatus for filing information; Computer apparatus for gathering information; Computer apparatus for use with computer networks; Computer controls; Computer hardware; Computer hardware for telecommunications; Computer heat sinks; Computer housings; Computer installations; Computer installations incorporating a central processing unit; Computer interface apparatus; Computer

interface devices; Computer interface instruments; Computer interface units; Computer interfaces; Computer monitoring apparatus; Computer monitoring instruments; Computer network adapters; Computer network bridges; Computer network hubs; Computer network operating installations; Computer network switches; Computer network-attached storage (NAS) hardware; Computer networking apparatus; Computer networking hardware; Computer networking installations; Computer networks; Computer operated digitisers; Computer peripheral apparatus; Computer peripheral devices; Computer peripheral equipment; Computer peripherals; Computers and computer peripheral devices; Computing apparatus; Computing apparatus for handling information; Computing installations; Data being electrically recorded for computers; Data being magnetically recorded for computers; Data being optically recorded for computers; Data cables; Data capture apparatus; Data capture instruments; Data carriers bearing machine readable programs; Data carriers containing computer programs; Data carriers equipped with controlling programs; Data carriers incorporating computer programs written in machine code; Data carriers incorporating controlling programs; Data carriers incorporating programs; Data carriers recorded with programs to enable data to be displayed; Data collecting machines; Data collection apparatus; Data collection computer installations; Data collection instruments; Data collectors; Data conversion apparatus; Data encoding apparatus; Data encryption apparatus; Data entry apparatus; Data entry terminals; Data exchange units; Data exit terminals; Data feeders; Data feeders for use with artificial intelligence; Data feeders linked with artificial intelligence; Data files, downloadable; Data in machine readable form; Data input apparatus for use with computers; Data interconnecting computer installations; Data processing apparatus for use in information storage; Data processing apparatus for use with computers; Data processing input devices; Data sorting apparatus; Data terminals for the validation of data; Data transfer apparatus; Data transfer instruments; Data transmission apparatus; Data transmission installations; Data transmission networks; Data transmitting instruments; Downloadable applications for use with mobile

devices; Electrical data converters; Electrical data input apparatus for use with computers; Electrical data input devices; Electrical data output apparatus for computers; Electronic instruments for monitoring systems associated with buildings; Firmware; Hard drives; Local area computer installations; Local area networks; Memory devices; Memory devices for use with computer apparatus; Memory expansion cards; Memory expansion modules; Memory modules; Microcomputer apparatus; Microcomputer assemblies; Microcomputers; Microcomputing apparatus; Microcomputing instruments; Microelectronic components; Microprocessors; Minicomputers; Multiplexers; Multiplexers for recording data; Multiplexers for use in the alternate transmission of voice signals; Network management apparatus; Network protection devices, electric; Network protection devices, electronic; Networks for the interconnection of communication systems; Optical data carriers; Optical data media; Optical data receiving apparatus; Optical data recording apparatus; Optical data reproducing apparatus; Optical data storage apparatus; Optical data storage drives; Optical data transmission systems; Portable computers; Power stabilisers; Power supplies for computers; Power switches; Power system meters; Power testers; Power units for supplying electrical current; Regulated power supply apparatus; Regulating apparatus, electric; Regulating transformers; Remote monitoring apparatus; Repeaters; Secure microprocessors; Secure transmission apparatus; Secure transmission instruments; Security tokens [encryption devices]; Solid state drives; Solid-state component relays; Solid-state devices; Solid-state electrical apparatus for storing computer programs; Solid-state memories; Solid-state memory devices; Telecommunication exchangers; Telecommunication machines and apparatus; Telecommunication switches; Telecommunications equipment; Uninterruptible electrical power supplies; Uninterruptible power supply apparatus [battery]; Uninterruptible power supply instruments; Units for converting information received in machine readable format; Units for decoding information received in machine readable format; Units for displaying information received in machine readable format; USB adapters; USB dongles [wireless network adapters]; USB flash

drives; USB hubs; USB port cards; USB web keys; Utility programs for performing computer system diagnostics; Webcams; Wide area networks; Wired communication apparatus; Wireless communication apparatus; Wireless transmission apparatus; Work stations [computer apparatus]; Work stations [computers]; communication apparatus.

Class 35

Advice relating to personnel management; Advisory services relating to data processing; Analysis of business data; Analysis of market research data and statistics; Automated data processing; Business consultancy relating to the administration of information technology; Business consultancy services relating to data processing; Business data analysis; Business efficiency advice; Business management and administration services supporting utilisation of a global computer network; Business organisation and management consultancy in the field of personnel management; Business process management and consulting; Business risk assessment services; Business risk management consultancy; Business risk management services; Collating of data in computer databases; Collection of data; Collection of personnel information; Commercial information services provided by access to a computer database; Company data information services; Company record-keeping; Compilation and systemization of information into computer databases; Compilation of business data; Compilation of business statistics and commercial information; Compilation of indexed addresses; Compilation of information into computer databases; Compiling of information into computer databases; Computer data entry services; Computer data processing; Computerised business records keeping; Computerised data processing; Computerised data verification; Computerised database management; Computerised file management; Computerised office management; Consultancy of personnel recruitment; Consultancy relating to business efficiency; Consultancy relating to data processing; Consultancy relating to personnel management; Consultancy relating to personnel

recruitment; Consultancy relating to the selection of personnel; Data collection for others; Data compilation for others; Data entry services; Data handling; Data management; Data management advice; Data management consultancy; Data preparation [office functions]; Data processing; Data processing for the collection of data for business purposes; Data processing verification; Data retrieval [office functions]; Data search in computer files for others; Data transcription; Database management; Database marketing; Electronic data processing; Evaluation of personnel requirements; Information retrieval [office functions]; Maintenance of personnel records for others; Management and compilation of computerised databases; Market research data collection services; Market research data retrieval services; Online data processing services; Providing business information, also via internet, the cable network or other forms of data transfer; Provision of business data; Recruitment and personnel management services; Registration of written communications and data; Selection of staff; Statistical analysis and reporting services for business purposes; Systematization of data in computer databases; Systemization of information into computer databases; Tracking and monitoring energy consumption for others for account auditing purposes; Updating and maintenance of data in computer databases.

Class 36

Building leasing; Lease financing of telecommunication equipment; Leasing of buildings; Leasing or renting of buildings; Management of buildings; Providing information relating to the rental of buildings; Real estate management services relating to industrial premises; Rental of buildings; Financial information processing; Financial information provided by electronic means; Providing financial information by means of a computer database; Providing on-line stock exchange information from a computer database or the Internet; Provision of information and data concerning stock exchanges; Leasing of office space, namely leasing of rack space and purpose-built high specification space to facilitate the housing of

telecommunication or computer-related equipment and services.

Class 37

Installation of data network apparatus; Installation of data processing apparatus; Installation of electric light and power systems; Installation of electronic and digital connection to a call centre; Installation of security and safety equipment; Installation of security systems; Maintenance and repair of data communications networks; Maintenance and repair of data processing apparatus; Maintenance and repair of hardware for data processing apparatus; Maintenance and servicing of data processing installations; Building and construction of real estate subdivisions and developments; Building maintenance and repair; Commissioning [installation and maintenance] services; Computer installation and repair; Custom construction of buildings; Diagnostic maintenance services; Electric appliance installation and repair; Electrical wiring services; Installation and repair of telecommunication apparatus; Installation of apparatus for air-conditioning; Installation of apparatus for ventilating; Installation of clean room environmental control systems; Installation of clean room systems; Installation of communication equipment; Installation of communications network apparatus; Installation of communications network instruments; Installation of computer hardware; Installation of computer systems; Installation of computerised information systems; Installation of computers; Installation of electricity generators; Installation of electronic apparatus; Installation of energy-saving apparatus; Installation of environmental control systems; Installation of environmental protection systems; Installation of hardware and cables for Internet access; Installation of hardware for computer systems; Installation of heating and cooling apparatus; Installation of storage facilities; Installation of telecommunications apparatus; Installation of ventilation and dust extraction systems; Installation, maintenance and repair of computer hardware; Installation, repair and maintenance of computers and computer peripherals; Installing of electronic communications networks; Installing of telecommunications networks; Interference suppression in electrical apparatus;

Maintenance and repair of communications systems; Maintenance and repair of computer hardware; Maintenance and repair of computers; Maintenance and repair of cooling appliances and installations; Maintenance and repair of telecommunications apparatus; Property development [building and construction services]; Property maintenance; Providing information relating to the repair or maintenance of telecommunication machines and apparatus; Repair and maintenance of computer and telecommunications hardware; Repair of electrical equipment and electrotechnical installations; Repair of electronic apparatus; Repair or maintenance of telecommunication machines and apparatus.

Class 38

Telecommunications services; Advisory and consultancy services relating to wireless communications and wireless communications equipment; Advisory services relating to communications equipment; Advisory services relating to telecommunications; Automatic transfer of digital data using telecommunications channels; Broadcast transmission by satellite; Broadcasting services; Cable broadcasting and transmission; Cable transmission of sounds, images, signals and data; Call centre services [electronic call diversion and messaging]; Communication between computers; Communication by computer; Communication by computer terminals; Communication by electronic means; Communication of data by means of telecommunications; Communication of information by satellite; Communication services between data banks; Communication services by cable; Communication services by electronic means; Communication services by radio; Communication services for the electronic transmission of data; Communication services for the transmission of information; Communication services over computer networks; Communication services provided electronically; Communication services, namely, electronic transmission of data and documents among users of computers; Communication via computer terminals, by digital transmission or by satellite; Communication via fibre-optic networks; Communications services for accessing a

data-base; Communications services for the exchange of data in electronic form; Communications services provided over the Internet; Communications via analogue and digital computer terminals; Communications via multinational telecommunication networks; Computer aided transmission of messages, data and images; Computer data transmission services; Computer network communication services; Computerised data communications; Consultancy in the field of telecommunications; Consultancy services relating to communications; Consultancy services relating to data communications; Data broadcasting services; Data communication services; Data streaming; Data transfer services; Data transmission; Data transmission and reception services via telecommunication means; Data transmission for others; Data transmission services; Data transmission services between networked computer systems; Data transmission services over telecommunications networks; Data transmission via telematic networks; Digital network telecommunications services; Digital transmission of data; Digital transmission of data via the Internet; Digital transmission services; Digital transmission services for audio and video data; Electronic communication services; Electronic communication services for the transmission of data; Electronic data communications; Electronic data exchange services; Electronic data interchange [EDI] services; Electronic data transmission; Electronic exchange of data stored in databases accessible via telecommunication networks; Electronic transmission and retransmission of sounds, images, documents, messages and data; Electronic transmission of data; Electronic transmission of data and documents via computer terminals and electronic devices; Electronic transmission of messages and data; Fiber optic telecommunications services; Geolocation services [telecommunications services]; High bit-rate data transmission services for telecommunication network operators; Hire of communications apparatus; Hire of electronic mail boxes; Hire of telecommunications apparatus; Hire of telecommunications installations; Hire of telecommunications instruments; Information services relating to broadcasting; Information services relating to electronic communication networks; Information services relating to

telecommunications; Internet access provider services; Internet broadcasting services; Internet communication services; Internet portal services; Internet service provider [ISP] services; Leasing of access time to a computer database; Leasing of access time to global computer networks; Leasing of telecommunication equipment; Netcasting [broadcasting over a global computer network]; Network transmission of sounds, images, signals and data; News agency services for electronic transmission; Operating of electronic communications networks; Operating of electronic communications systems; Operation of cellular communications systems; Operation of local area networks; Operation of telecommunications apparatus; Operation of telecommunications systems; Providing access to computer networks; Providing access to computer software; Providing access to databases; Providing access to information on the Internet; Providing access to information via data networks; Providing access to information via the Internet; Providing access to multimedia content online; Providing access to online computer databases; Providing access to platforms and portals on the Internet; Providing access to telecommunication networks; Providing access to the Internet and other communications networks; Providing access to web portals; Providing access to websites on the Internet or any other communications network; Providing electronic telecommunication connections; Providing frame relay connectivity services for data transfer; Providing high speed access to computer and communication networks; Providing information about wireless communication; Providing information, including online, about telecommunications; Providing of access to telecommunication warehousing services; Providing telecommunication connections to the internet or databases; Providing telecommunications connections to a global communication network or databases; Providing third party users with access to telecommunication infrastructure; Providing user access to computer programmes in data networks; Providing user access to computer software in data networks; Providing user access to global computer network and online sites containing information on a wide range of topics; Providing user access to global positioning signals for navigation purposes;

Providing virtual private network (VPN) services; Provision of access to an electronic on-line network for information retrieval; Provision of access to computer databases; Provision of access to data on communication networks; Provision of access to data or documents stored electronically in central files for remote consultation; Provision of access to data via the Internet; Provision of communications between computers; Provision of electronic communications facilities; Provision of electronic data links; Provision of email services; Provision of telecommunication connections to a global computer network; Provision of telecommunication facilities; Provision of user access to the internet; Remote transmission of data by means of telecommunications; Rental of access time to a computer database; Rental of access time to a database server; Rental of access time to databases; Rental of access time to global computer networks; Rental of communication apparatus and implements; Rental of communications equipment; Rental of communications instruments; Rental of communications systems; Rental of data communication apparatus; Rental of data communications equipment; Rental of data communications installations; Rental of telecommunication apparatus; Rental of telecommunication devices and equipment enabling connection to networks; Rental of telecommunication facilities; Rental of telecommunications apparatus and installations; Rental of telecommunications routers; Satellite transmission of sounds, images, signals and data; Satellite transmission services; Secure e-mail services; Secure telecommunications [providing secure connections and access including to computers and the global computer network]; Signal transmission for electronic commerce via telecommunication systems and data communication systems; Streaming of audio, visual and audiovisual material via a global computer network; Streaming of data; Switching network services [telecommunications]; Telecommunication access services; Telecommunication gateway services; Telecommunications; Telecommunications services for the distribution of data; Telecommunications services provided via fiber optic, wireless and cable networks; Telecommunications services provided via the Internet, intranet and extranet; Transfer of data by

telecommunications; Transfer of information and data via online services and the Internet; Transferring and disseminating information and data via computer networks and the Internet; Transmission and distribution of data or audiovisual images via a global computer network or the Internet; Transmission and reception of database information via telecommunication networks; Transmission of computerised data; Transmission of data; Transmission of data and information by computer and electronic communication means; Transmission of data by cable; Transmission of data by computer; Transmission of data by electronic means; Transmission of data via ISDN lines; Transmission of data via satellite; Transmission of data via the Internet; Transmission of data, audio, video and multimedia files, including downloadable files and files streamed over a global computer network; Transmission of data, messages and information; Transmission of data, sound and images by satellite; Transmission of database information via telecommunications networks; Transmission of electronic mail; Transmission of information by computer; Transmission of information by data communications for assisting decision making; Transmission of information by electronic communications networks; Transmission of information by electronic means; Transmission of information on a wide range of topics, including online and over a global computer network; Transmission of information via computer networks; Transmission of information via national and international networks; Transmission of information via wireless or cable networks; Transmission of messages, data and content via the Internet and other communications networks; Transmission of stock market information with the help of telecommunication media; Transmission of videos, movies, pictures, images, text, photos, games, user-generated content, audio content, and information via the Internet; Video broadcasting; Video communication services; Video conference services [telecommunications services]; Video, audio and television streaming services; Web portal services [providing user access to global computer network]; Webcasting services; Wire service; Wireless broadcasting; Wireless communication services; Wireless electronic transmission of data; Wireless PBX services; Wireless

transfer of data via digital mobile telephony; Wireless transfer of data via the Internet; Wireless transfer of data via wireless application protocols.

Class 39

Physical storage of electronically stored data or documents; Physical storage of electronically stored data, documents, digital photographs, music, images, video, and computer games; Physical storage of electronically stored digital data, photographs, audio and image files; Physical storage of electronically stored files and documents; Physical storage of electronically stored information; Providing information about temporary storage services; Providing information relating to storage services; Packaging and storage of goods; Transport; Travel arrangement; Collection of documents; Computerised distribution planning relating to transportation; Computerised transport information services; Consultancy services relating to the distribution of electricity; Depository storage; Electricity storage; GPS navigation services; Information and advisory services in relation to the distribution of energy; Rental of warehouse space; Vehicle routing by computer on data networks; Bonded storage; Bonded warehousing; Warehousing.

Class 42

Design and development of computer hardware and software; Industrial analysis, industrial research and industrial design services; Quality control and authentication services; Administration of mail servers; Administration of user rights in computer networks; Advisory services in the field of product development and quality improvement of software; Advisory services relating to building design; Advisory services relating to computer hardware; Advisory services relating to computers; Advisory services relating to energy efficiency; Analysis and evaluation of product design; Analysis and evaluation of product development; Analysis of telecommunication signals; Application service provider [ASP] services; Authentication services for computer security; Authentication services for electronic

documents and e-mail; Back-up of computer data; Backup services for computer hard drive data; Building design services; Cloud hosting provider services; Cloud storage services for electronic data; Cloud storage services for electronic files; Coding of messages; Commissioning [testing and inspection] services; Comparative analysis studies of the performance of computer systems; Compilation of computer programs; Compilation of data-processing programs; Compilation of web pages for the Internet; Compression of data for electronic storage; Computer advisory services; Computer analysis; Computer rental; Computer code conversion for others; Computer co-location services; Computer consultancy; Computer database design consultancy services; Computer design services; Computer disaster recovery planning; Computer disaster recovery services; Computer engineering; Computer firewall services; Computer forensic services; Computer hardware design; Computer hardware development; Computer leasing; Computer network configuration services; Computer network design for others; Computer network services; Computer performance testing; Computer program advisory services; Computer program maintenance services; Computer program updating services; Computer project management in the field of EDP; Computer research services; Computer security consultancy; Computer security engineering; Computer security services [design and development of secure computer hardware, software and systems]; Computer security services [programming and software installation, repair and maintenance services]; Computer security services [testing and risk assessment of computer networks]; Computer security services for protection against illegal network access; Computer security services in the nature of administering digital certificates; Computer security threat analysis for protecting data; Computer services in the nature of hosting web sites for others; Computer software advisory services; Computer software development; Computer software installation and maintenance; Computer software integration; Computer software programming services; Computer software repair; Computer software research; Computer software technical support services; Computer software updating services; Computer systems design;

Computer systems development; Computer time-sharing services; Computer virus protection services; Computerised business information storage; Computerised communication network security; Computerised data storage services; Configuration of computer firmware; Configuration of computer networks by software; Configuration of computer software; Configuration of computer systems and networks; Consultancy in the field of technological design; Consultancy in the field of technological research; Creating of computer programs; Creating programmes for data processing; Creating, maintaining, and updating computer software; Cross-platform conversion of digital content into other forms of digital content; Cryptocurrency mining; Cryptomining; Customization of computer software; Cybersecurity consultancy; Data conversion of computer programs and data, not physical conversion; Data conversion of electronic information; Data migration services; Data mining; Data security services [firewalls]; Database design and development; Debugging computer software for others; Decoding of data; Design and development of computer firmware; Design and development of computer peripherals; Design and development of computer software; Design and development of electronic database software; Design and development of energy distribution networks; Design and development of energy management software; Design and development of Internet security programs; Design and development of wireless computer networks; Design and development of wireless data transmission apparatus, instruments and equipment; Design and planning services relating to telecommunication equipment; Design of communication systems; Design of communications apparatus; Design of computer cluster configurations; Design of computer codes; Design of computer databases; Design of computer hardware; Design of computer languages; Design of computer peripherals; Design of computers; Design of diagnostic apparatus and equipment; Design of information systems; Design of telecommunications apparatus and equipment; Design of telecommunications installations; Maintenance, development and updating of computer software; Developing data feed formats featuring user-defined information; Developing of driver and operating system software;

Development and creation of computer programmes for data processing;
Development and maintenance of computer database software; Development of
computer based networks; Development of computer codes; Development of
computer hardware; Development of computer programs; Development of computer
software; Development of computer software application solutions; Development of
computer systems; Development of computers; Development of data processing
programs by order of third parties; Development of energy and power management
systems; Development of programmes for data processing; Development of software;
Development of software for secure network operations; Development of systems for
the processing of data; Development of systems for the storage of data;
Development of systems for the transmission of data; Development services in the
field of computer software and advisory services relating thereto; Development,
maintenance and updating of a telecommunication network search engine;
Development, updating and maintenance of software and database systems;
Diagnosis of computer hardware problems through the use of software; Diagnosis of
faults in computer software; Digital compression of computer data; Digital signature
verification services [electronic cryptology services]; Digital watermarking;
Digitization of documents [scanning]; Disaster recovery services for computer
systems; Disaster recovery services for data communications systems; Document
data transfer from one computer format to another; Duplication of electronic
documents; Editing of computer programs; Electronic data backup services;
Electronic data storage services; Electronic document duplicating; Electronic
monitoring services being IT security services in the nature of protection and
recovery of computer data; Electronic monitoring services for computer security
services for protection against illegal network access; Electronic monitoring services
for computer security threat analysis for protecting data; Electronic signature
verification services [electronic cryptology services]; Electronic site authoring;
Electronic storage of data; Electronic storage of digital audio files; Electronic storage
of digital images; Electronic storage of digital music; Electronic storage of digital

photographs; Electronic storage of digital video files; Electronic storage of documents and archived e-mails; Electronic storage of files and documents; Electronic storage of images; Electronic storage of videos; Electronic storage services for archiving databases, images and other electronic data; Electronic storage services for archiving electronic data; Engineering services in the field of communications technology; Engineering services relating to computer programming; Hiring of data processing apparatus; Hosting a website for the electronic storage of digital photographs and videos; Hosting an online website for creating and hosting micro websites for businesses; Hosting and rental of memory space for websites; Hosting internet sites for others; Hosting memory space on the Internet; Hosting of computerized data, files, applications and information; Hosting of customized web pages; Hosting of databases; Hosting of digital content on the Internet; Hosting of e-commerce platforms on the Internet; Hosting of platforms on the Internet; Hosting of software as a service [SaaS]; Hosting of software for use in library management; Hosting of web portals; Hosting of weblogs; Hosting of websites; Hosting online web facilities for others; Hosting the web sites of others on a computer server for a global computer network; Implementation of computer programs in networks; Information security consultancy; Information services relating to computers; Information services relating to information technology; Information technology services; Information technology services provided on an outsourcing basis; Infrastructure as a service [IaaS]; Installation and maintenance of computer software; Installation and maintenance of database software; Installation of computer programs; Installation of computer software; Installation of database software; Installation of firmware; Installation of Internet access software; Installation of middleware; Installation of software; Installation, maintenance and repair of computer software; Installation, maintenance and repair of software for computer systems; Installation, maintenance and updating of computer software; Installation, maintenance and updating of database software; Installation, maintenance, updating and upgrading of computer software; Installation, repair and maintenance of computer software; Installation,

machines and appliances; Aeronautical appliances; Aeronautical machines; Aeroplane propellers; Aeroplane seats; Aeroplane towing vehicles; Aeroplanes; Aerospace vehicles; Aerostats; Afterburners for land vehicle engines; Agricultural tractors; Agricultural vehicles; Air bags [safety devices for automobiles]; Air bags [safety devices for land vehicles]; Air bags [safety devices for vehicles]; Air bags for vehicles; Air cushion borne vehicles; Air cushion vehicles; Air deflector boxes for vehicles; Air deflectors for vehicles; Air flow spoilers; Air flow spoilers for vehicles; Air pressure pumps [vehicle accessories]; Air pumps [vehicle accessories]; Air pumps being parts of vehicles; Air pumps for automobiles; Air pumps for bicycles; Air pumps for bicycles for the inflation of tyres; Air pumps for inflating bicycle tires; Air pumps for inflating bicycle tyres; Air pumps for motorcycles; Air pumps for two-wheeled motor vehicles or bicycles; Air pumps for vehicle tyres; Air springs for vehicle suspension; Air springs for vehicle suspension components for cushioning driver's seats and cabs; Air suspension systems for vehicles; Air transport apparatus; Air tubes for vehicle wheels; Air turbines for land vehicles; Air vehicle bodies; Air vehicles; Air-cushion vehicles; Airbags for vehicles; Aircraft; Aircraft carriers; Aircraft flap braking installations; Aircraft fuselages; Aircraft interior panels; Aircraft landing gear; Aircraft landing gear wheels; Aircraft landing wheel brakes; Aircraft landing wheels; Aircraft manoeuvring apparatus; Airline seats with a massage function; Airplane propellers; Airplane seats; Airplane towing vehicles; Airplanes; Airships; Airships [dirigible balloons]; Airsprings for cushioning driver's seats; Airsprings for vehicle suspension; Alarm devices for vehicles; Alarm installations for vehicles; Alarm instruments for vehicles; Alarm systems for aircraft; Alarm systems for automobiles; Alarm systems for cars; Alarm systems for land vehicles; Alarm systems for motor vehicles; Alarm systems for trucks; Alarm systems for vehicles; Alarm systems for watercraft; Alarms for motor vehicles; Alarms for vehicles; All-terrain bicycles; All-terrain forklift trucks; All-terrain vehicles; All-terrain vehicles [ATVs]; Ambulances; Amphibious airplanes; Amphibious craft; Amphibious vehicles; Animal transport containers in the nature of vehicle bodies; Anti-burglary apparatus for vehicles; Anti-dazzle devices for

automobiles; Anti-dazzle devices for vehicles; Anti-dazzle devices incorporated in vehicle windows; Anti-glare devices for automobiles; Anti-glare devices for vehicles; Anti-glare devices incorporated in vehicle windows; Anti-glare sunstrips for vehicles; Anti-intrusion apparatus for goods vehicles; Anti-intrusion apparatus for land vehicles; Anti-intrusion apparatus for motor cars; Anti-intrusion apparatus for vehicles; Anti-intrusion apparatus for water vehicles; Anti-intrusion devices for aircraft; Anti-intrusion devices for land vehicles; Anti-intrusion devices for motor cars; Anti-intrusion devices for water vehicles; Anti-lock brake apparatus for vehicles; Anti-lock braking systems for automobiles; Anti-locking apparatus for road vehicles; Anti-skid apparatus for vehicles; Anti-skid chains; Anti-skid chains for vehicle tires; Anti-skid chains for vehicle tyres; Anti-skid chains for vehicles; Anti-skid spikes for vehicle tires; Anti-skid spikes for vehicle tyres; Anti-skid studs for vehicle tires; Anti-skid studs for vehicle tyres; Anti-slide chains for vehicle wheels; Anti-slip apparatus for land vehicles; Anti-static strips for vehicles; Anti-tamper apparatus for vehicles; Anti-tamper devices for vehicles; Anti-theft alarm apparatus for vehicles; Anti-theft alarm installations for vehicles; Anti-theft alarms for automobiles; Anti-theft alarms for vehicles; Anti-theft apparatus of metal for vehicles; Anti-theft audible alarms for vehicles; Anti-theft clamps for vehicle wheels; Anti-theft devices for automobiles; Anti-theft devices for motor cars; Anti-theft devices for vehicles; Anti-theft electric alarm apparatus for vehicles; Anti-theft instruments for vehicles; Anti-theft locks for use on automobile steering wheels; Anti-theft security apparatus for vehicles; Anti-theft security devices for vehicles; Anti-theft sound alarms for vehicles; Anti-theft warning alarms for vehicles; Anti-theft warning apparatus for motor cars; Anti-theft warning apparatus for vehicles; Anti-theft wheel clamps for vehicle wheels; Antitheft alarms for vehicles; Antitheft devices for vehicles; Apparatus for locomotion by air; Apparatus for locomotion by land; Apparatus for locomotion by land, air or water; Apparatus for locomotion by sea; Apparatus for locomotion by water; Apparatus for locomotion underwater; Apparatus for protection against theft for vehicles; Apparatus for the propulsion of land vehicles; Apparatus for transport by land; Apparatus in the

nature of trolleys; Apparatus in the nature of trolleys for the transportation of children; Apparatus in the nature of trolleys for transporting goods; Appliances for steering ships; Appliances for steering vehicles, other than automatic; Aprons for carry cot transporters; Aprons for prams; Aprons for pushchairs; Aprons for strollers; Arm rests for vehicles; Arm rests for wheelchairs; Armored bodies for vehicles; Armored cars; Armored land vehicles; Armored vehicles; Armour protected land vehicles; Armoured bodies for vehicles; Armoured cars; Armoured land vehicles; Armoured tracked vehicles; Armoured vehicles; Armrests for automobile seats; Armrests for vehicle seats; Armrests for wheelchairs; Arms for windscreen wipers; Articles of ships superstructure; Articulated support frames adapted for use with vehicles; Articulated transmissions for land vehicles; Articulated vehicles; Ashtrays for automobiles; Ashtrays for motor vehicles; Ashtrays for vehicles; Audible alarms for vehicles; Audible warning apparatus for vehicles; Audible warning installations for vehicles; Audible warning systems for bicycles; Audible warning systems for vehicles; Autogiros; Autogyros; Automatic gear boxes for land vehicles; Automatic gearboxes for land vehicles; Automatic gearboxes for motor cars; Automatic gearings for land vehicles; Automatic guided vehicles; Automatic vehicle window winding apparatus; Automatically guided [driverless] material handling tractors; Automatically guided [driverless] material handling trucks; Automobile bodies; Automobile bonnet pins; Automobile boot liners; Automobile bumpers; Automobile chains; Automobile chains [anti-skid for wheels]; Automobile chains [driving]; Automobile chassis; Automobile cigarette lighters; Automobile convertible tops; Automobile covers [shaped]; Automobile covers, shaped; Automobile dashboards; Automobile door handles; Automobile doors; Automobile engines; Automobile hood pins; Automobile hoods; Automobile joysticks; Automobile moonroofs; Automobile roof containers; Automobile roof racks; Automobile running boards; Automobile safety seats for children; Automobile seat covers; Automobile seat cushions; Automobile seats; Automobile spare wheel holders; Automobile steering wheels; Automobile sunroofs; Automobile suspension springs; Automobile tires; Automobile tyres; Automobile wheel hubs;

Automobile wheel rims; Automobile wheel spokes; Automobile wheels; Automobile windows; Automobile windscreens; Automobile windshield sunshades; Automobile windshield wipers; Automobile windshields; Automobile windshields [windscreens]; Automobiles; Automobiles authenticated by non-fungible tokens [NFTs]; Automobiles for carrying goods; Automotive interior trim; Automotive land vehicles; Automotive vehicles; Automotive windshield shade screens; Autonomous cars; Autonomous land vehicles; Autonomous motor vehicles; Autonomous robots for delivery; Autonomous underwater vehicles for seabed inspections; Autonomous vehicles; Axle assemblies for vehicles; Axle bearings for land vehicles; Axle boots for vehicles; Axle containing rods for vehicles; Axle journals; Axles and cardan shaft for motor vehicles; Axles for air suspension systems in vehicles; Axles for automobiles; Axles for land vehicles; Axles for leaf spring suspensions in vehicles; Axles for leaf spring suspensions systems in vehicles; Axles for vehicles; Babies' buggies; Babies' carriages; Babies' strollers; Baby carriage canopies; Baby carriages; Baby carriages [prams]; Baby strollers; Back seat organizers specially adapted for use in cars; Back seat organizers specially adapted for use in vehicles; Back-gear transmissions for land vehicles; Back-up warning alarms for vehicles; Backrests adapted for use in vehicles; Backrests for vehicle seats; Bag carriers for bicycles; Bags adapted for bicycles; Bags adapted for cargo bicycles; Bags adapted for prams; Bags adapted for pushchairs; Bags adapted for strollers; Balance weights for automobile wheels; Balance weights for vehicle wheels; Balancing weights for vehicle wheels; Balloons [aeronautical]; Band brakes for land vehicles; Bands for wheel hubs; Barges; Bariatric mobility scooters; Bariatric wheelchairs; Barrage balloons; Barrows; Baskets adapted for bicycles; Baskets adapted for cycles; Baskets adapted for scooters; Baskets for perambulators; Baskets for pushchairs; Battleships; Bearing housings for vehicles; Bearing units for vehicle wheels; Bearings [parts of vehicles]; Becak [rickshaw]; Bellows for articulated buses; Bells for bicycles; Bells for motorcycles; Belt pulleys for land vehicles; Belts for land vehicle transmissions; Bevel gears for land vehicles; Bevel wheels for land vehicles; Bicycle bells; Bicycle brake lever grips;

Bicycle brakes; Bicycle carriers; Bicycle carriers for vehicles; Bicycle cars; Bicycle chains; Bicycle cranks; Bicycle forks; Bicycle frames; Bicycle gear shifters; Bicycle gears; Bicycle handlebar grips; Bicycle handlebars; Bicycle horns; Bicycle hubs; Bicycle kickstands; Bicycle motors; Bicycle mudguards; Bicycle pedals; Bicycle pumps; Bicycle racks [carriers]; Bicycle racks for vehicles; Bicycle saddle covers; Bicycle saddles; Bicycle seat covers; Bicycle seat posts; Bicycle seats; Bicycle seats for children; Bicycle spokes; Bicycle sprockets; Bicycle stabilisers; Bicycle stabilizers; Bicycle stands [kickstands]; Bicycle tires; Bicycle tires [tyres]; Bicycle trailers; Bicycle trailers (riyakah); Bicycle training wheels; Bicycle tyres; Bicycle water bottle cages; Bicycle wheel hubs; Bicycle wheel rims; Bicycle wheel spokes; Bicycle wheels; Bicycles; Bikes; Blinds adapted for vehicles; Block brakes for land vehicles; Boat bumpers; Boat chafe guards; Boat chocks; Boat cleats; Boat fenders; Boat frames; Boat hooks; Boat hulls; Boat keels; Boat launching gear; Boat launching trolleys; Boat rudders; Boat shells; Boat tillers; Boat-hooks; Boats; Boats for sale in kit form; Bodies for aircraft; Bodies for automobiles; Bodies for boats; Bodies for freight carrying motor vehicles; Bodies for land vehicles; Bodies for motor vehicles; Bodies for railway cars; Bodies for railway wagons; Bodies for seacraft; Bodies for trailers; Bodies for vehicles; Bodies for watercraft; Body panels for vehicles; Body parts for vehicles; Body restraint devices for use in vehicles; Bodywork facings for vehicles; Bodywork linings for vehicles; Bodywork parts for vehicles; Bodyworks for motor vehicles; Bogies for railway cars; Bonnets for automobile engines; Bonnets for vehicle engines; Booms for boats; Booster seats for use in vehicles; Boot liners for automobiles; Bottle carriers for bicycles; Brake bands for transmissions in land vehicles; Brake blocks for land vehicles; Brake blocks for vehicles; Brake cables for bicycles; Brake cables for motorcycles; Brake cables for vehicles; Brake calipers for land vehicles; Brake calipers for motorcycles; Brake calipers for vehicles; Brake components for vehicles; Brake cylinders for land vehicles; Brake cylinders for vehicles; Brake discs for automobiles; Brake discs for motorcycles; Brake discs for vehicles; Brake drums for land vehicles; Brake drums for vehicles; Brake facings for

vehicles; Brake levers for bicycles; Brake levers for cycles; Brake levers for motorcycles; Brake levers for vehicles; Brake linings for aircraft landing gear; Brake linings for automobiles; Brake linings for land vehicles; Brake linings for motor cars; Brake linings for vehicles; Brake pads for automobiles; Brake pads for land vehicles; Brake pads for vehicles; Brake pedals [parts of motorcycles]; Brake pedals for land vehicles; Brake pedals for vehicles; Brake rotors for land vehicles; Brake rotors for motorcycles; Brake rotors for vehicles; Brake segments for automobiles; Brake segments for land vehicles; Brake segments for motor cars; Brake segments for vehicles; Brake sets for vehicles; Brake shoes for automobiles; Brake shoes for bicycles; Brake shoes for land vehicles; Brake shoes for motor cars; Brake shoes for vehicles; Brake systems for land vehicles; Brake systems for vehicles; Brakes for aircraft; Brakes for automobiles; Brakes for bicycles; Brakes for land vehicles; Brakes for motor cars; Brakes for motorcycles; Brakes for vehicles; Braking apparatus for air vehicles; Braking apparatus for aircraft; Braking apparatus for bicycles; Braking apparatus for land vehicles; Braking apparatus for water vehicles; Braking installations for bicycles; Braking systems for vehicles; Bucket seats for automobiles; Buffers for attachment to vehicles or watercraft; Buffers for railway rolling stock; Buffers for vehicle bumpers; Bug shields as structural parts of vehicles; Buggies; Bulk hauling trailers; Bulkheads for vehicles; Bumper guards of metal for vehicles; Bumpers for attachment to vehicles or watercraft; Bumpers for automobiles; Bumpers for trolleys; Bumpers for vehicles; Buoyancy bags adapted for use with aircraft; Buoyancy bags adapted for use with watercraft; Burglar alarms for vehicles; Buses; Cable car cabins; Cable cars; Cable ships; Cable transport apparatus; Cable transport apparatus and installations; Cable transport installations; Caissons [vehicles]; Camera drones; Camera drones, other than toys; Camper vans; Campers [recreational vehicles]; Camping cars; Camping trailers; Camping vehicles; Canoe paddles; Canoes; Canopies for boats; Canopies for pick-up trucks; Canopies for ships; Canopies for trailers; Caps for automobile fuel tanks; Caps for automobile gas tanks; Caps for automobile petrol tanks; Caps for vehicle fuel tanks; Caps for vehicle

gas tanks; Caps for vehicle petrol tanks; Caps for wheel rims; Car body modification parts for sale in kit form; Car body parts made of plastic materials; Car boot lids; Car boot tidies; Car boot tidys; Car chairs; Car creepers for use in inspecting the underneath of cars; Car hoods; Car safety seats for children; Car seat canopies; Car seat covers [shaped or fitted]; Car seat harnesses; Car seat tidies; Car seats; Car sun blinds; Car theft alarms; Car tidies; Car transporters; Car-top luggage carriers; Caravan spoilers; Caravans; Cardan shafts for vehicles; Cargo bicycles; Cargo bikes; Cargo boats; Cargo carriers for vehicles; Cargo planes; Cargo ships; Cargo trailers; Carriage body parts; Carriage roofs; Carriages; Carriages for babies; Carriages for children; Carriages for disabled people; Carriages for infants; Carriages for invalids; Carriages for persons with disabilities; Carriages for transport systems; Carrier tricycles; Carriers for bicycles for use on vehicles; Carriers for meal trays adapted for use on vehicles; Carriers for transporting bicycles on vehicles; Carriers for transporting boats on vehicles; Carriers for transporting skis on vehicles; Carriers for transporting surfboards on vehicles; Carriers for use on vehicles; Carrycot restraints for use in vehicles; Carrying racks for bicycles; Cars; Cars authenticated by non-fungible tokens [NFTs]; Cars for cable transport installations; Carts; Carts [riyakah]; Carts being motorised land vehicles; Carts for garden hoses; Carts for hoses; Casings for pneumatic tires; Casings for pneumatic tyres; Cast ferrous wheels for use on air vehicles; Cast ferrous wheels for use on construction vehicles; Cast ferrous wheels for use on land vehicles; Cast ferrous wheels for use on tractors; Cast ferrous wheels for use on trailers; Cast ferrous wheels for use on trucks; Cast steel automotive wheels; Casters [wheels] for trolleys; Casters [wheels] for vehicles; Casters for carts [vehicles]; Casters for trolleys [vehicles]; Casting carriages; Casting cars; Castors [vehicle wheels]; Catamarans; Catboats; Cellular panels being parts of vehicle bodies; Central alarm units for vehicles; Centrally located drive wheels for vehicles; Chain deflectors for vehicles; Chain guards for bicycles; Chain guards for vehicles; Chain transmissions for land vehicles; Chains for cycles; Chains for driving motorcycles; Chains for driving road vehicles; Chainwheels for bicycles;

Chainwheels for land vehicles; Chainwheels for motorcycles; Chair lifts; Chairlifts; Change speed transmissions for land vehicles; Change-speed gears [bicycle parts]; Chassis being parts of trucks; Chassis for automobiles; Chassis for motor land vehicles; Chassis for motor vehicles; Chassis for railway cars; Chassis of vehicles; Chassis parts for rail vehicles; Chassis parts for road vehicles; Child booster cushions for vehicle seats; Child carrying seats for use in vehicles; Child restraint devices for use with vehicle seats; Child restraints for vehicle seats; Child safety harnesses for vehicle seats; Child safety seats for use in vehicles; Children's bicycle seats; Children's bicycles; Children's car seats; Children's four-wheeled vehicles for transportation; Children's riding vehicles for transportation; Children's safety belts for use in vehicles; Children's safety seats for cars; Children's safety seats for vehicles; Children's seats for use in cars; Children's seats for use in vehicles; Cigar lighters for automobiles; Cigar lighters for motor vehicles; Cigarette lighters for automobiles; Cigarette lighters for cars; Cigarette lighters for motor vehicles; Civil aircraft; Civilian drones; Cleaning trolleys; Cleats [nautical]; Clips adapted for fastening automobile parts to automobile bodies; Clutch cables for motorcycles; Clutch components for land vehicle, other than linings; Clutch cylinders for land vehicles; Clutch disks for land vehicles; Clutch levers for land vehicles; Clutch mechanisms for land vehicles; Clutch mechanisms for motor cars; Clutch pedals for automobiles; Clutches for automobiles; Clutches for land vehicles; Coaches; Coachwork for motor vehicles; Coasters [watercraft]; Cog wheels for land vehicles; Coil springs for vehicle suspensions; Collapsible bicycles; Collapsible boats; Collapsible watercraft; Combined spring and shock absorber units for vehicles; Combustion engines for land vehicles; Commercial alarm systems for vehicles; Commercial buses; Commercial land vehicle body parts; Commercial land vehicles; Commercial trucks; Commercial vehicles; Compensating cylinders for the braking systems of airborne vehicles; Compensating cylinders for the braking systems of water vehicles; Compensating cylinders for vehicle brakes; Competition boats; Components for brakes for vehicles; Components for the outer bodies of vehicles; Compressors for supercharging

internal combustion engines of land vehicles; Concrete mixing trucks; Concrete mixing vehicles; Concrete pumping vehicles; Cone brakes for land vehicles; Connecting rods for land vehicles, other than parts of motors and engines; Consoles being parts of vehicle interiors; Construction vehicles for transportation purposes; Container cars; Container ships; Container trucks; Container vehicles; Containers adapted for use in vehicle boots; Containers adapted for use in vehicle interiors; Convertible car seats; Convertible roofs being parts of cars; Convertible tops for vehicles; Convex blind spot mirrors for automobiles; Convex blind spot mirrors for vehicles; Couplings for automobiles; Couplings for land vehicles; Couplings for railway carriages; Couplings for use with clutches for land vehicles; Coverings for car seats; Covers for automobile steering wheels; Covers for baby carriages; Covers for baby strollers; Covers for baggage compartments [parts of automobiles]; Covers for baggage compartments [parts of vehicles]; Covers for bicycle saddles; Covers for foot pedals on bicycles; Covers for foot pedals on cycles; Covers for handgrips of bicycles; Covers for loudspeaker openings in vehicles; Covers for motorcycle saddles; Covers for prams; Covers for pushchairs; Covers for strollers; Covers for tires; Covers for tyres; Covers for vehicle seats; Covers for vehicle steering wheels; Crankcases for automobiles, other than for engines; Crankcases for components for motor cars, other than for engines; Crankcases for land vehicle components, other than for engines; Crankcases for land vehicles, other than for engines; Cranks [parts of land vehicles]; Cranks for bicycles; Cranks for cycles; Cranks for motorcycles; Crawler dump trucks; Cross country chains for vehicle wheels; Crown wheels being parts of land vehicles; Cruise ships; Cup holders for automobiles; Cup holders for use in vehicles; Cup holders for vehicles; Curtain sheets adapted for motor land vehicles; Cushions adapted for bicycle seats; Cushions adapted for rowing shells; Cushions adapted for use in vehicles; Cushions adapted for use with car seats; Cushions adapted for vehicle seats; Cycle bells; Cycle brakes; Cycle carriers for use on vehicles; Cycle chains; Cycle frames; Cycle mudguards; Cycle saddles; Cycle tires [tyres]; Cycles; Dashboard drawers [parts of automobiles]; Dashboard hatches

[parts of automobiles]; Dashboards; Davits for boats; Davits for boats [boat davits]; Delivery bicycles; Delivery drones; Delivery tricycles; Delivery vans; Deraileur sets; Deraillleurs for bicycles; Diesel engines for land vehicles; Diesel motors for land vehicles; Diesel turbine engines for land vehicles; Differential gear mechanisms for land vehicles; Differential transmissions for land vehicles; Differentials for land vehicles; Dinghies; Dining carriages; Dining cars; Direction indicator signals for bicycles; Direction indicator signals for land vehicles; Direction indicator signals for vehicles; Direction indicators for automobiles; Direction indicators for bicycles; Direction indicators for land vehicles; Direction indicators for motorcycles; Direction indicators for vehicles; Direction signals for automobiles; Direction signals for bicycles; Direction signals for land vehicles; Direction signals for vehicles; Directional indicators for vehicles; Directional signals for vehicles; Dirigible balloons; Dirigibles; Dirt bikes; Disc brake friction pads for vehicle braking systems; Disc brake pads for land vehicles; Disc brake pads for vehicle braking systems; Disc brake pads for vehicles; Disc brake rotors for vehicle braking systems; Disc brakes for land vehicles; Discs for clutch thrust bearings of land vehicles; Disengaging gear for boats; Disk wheels for bicycles; Distribution trolleys; Diving bells; Dog guards for use in vehicles; Dollies [hand trucks]; Dollies [trolleys]; Door handle scratch guards for automobiles; Door handles for automobiles; Door handles for land vehicles; Door panels for land vehicles; Doors for automobiles; Doors for railway cars; Doors for vehicles; Double clutch transmissions for land vehicles; Double glass screens for vehicles; Drag parachutes for aircraft; Draught deflectors for vehicles; Drawbars for trailers; Dredgers [boats]; Dress guards for bicycles; Dress guards for cycles; Drink holders for vehicles; Drinking cup holders adapted for automobiles; Drinking cup holders adapted for cars; Drinking water trucks; Drinks holders adapted for use in land vehicles; Drive belts for driving land vehicles; Drive belts for land vehicles; Drive chains for automobiles; Drive chains for bicycles; Drive chains for driving ground vehicles; Drive chains for driving land vehicles; Drive chains for land vehicles; Drive chains for motorcycles; Drive gears [land vehicle parts]; Drive gears for land vehicles;

Drive motors for land vehicles; Drive shaft couplings for land vehicles; Drive shafts for land vehicles; Drive trains for bicycles; Drive transmission devices [belts] for land vehicles; Drive transmissions for land vehicles; Drive units for land vehicles; Drive-chain guards for two-wheeled motor vehicles; Driverless [autonomous] motor vehicles; Driverless cars; Driverless cars [autonomous cars]; Driverless field transport apparatus; Driverless floor transport apparatus; Driverless land vehicles; Driverless transporter vehicles; Drivetrains for bicycles; Driving belts for land vehicles; Driving chains for automobiles; Driving chains for land vehicles; Driving mirrors [retrovisors]; Driving motors for automobiles; Driving motors for land vehicles; Drones; Dump cars; Dump carts; Dump trucks; Dumper bodies for trucks; Dumper trucks; Dust carts; Ejector seats for aircraft; Ejector seats for vehicles; Electric anti-theft devices for vehicles; Electric bicycles; Electric bikes; Electric cars; Electric cigarette lighters for land vehicles; Electric drives for land vehicles; Electric driving motors for land vehicles; Electric engines for land vehicles; Electric gear shifting apparatus for land vehicles; Electric horns for vehicles; Electric installations for preventing theft of or from vehicles; Electric lift trucks; Electric locomotives; Electric motorbikes; Electric motorcycles; Electric motors for apparatus for locomotion by land; Electric motors for bicycles; Electric motors for land vehicles; Electric motors for motor cars; Electric motors for propelling land vehicles; Electric motors for two-wheeled vehicles; Electric motors for wheelchairs; Electric propulsion mechanisms for land vehicles; Electric railway cars; Electric reach trucks; Electric reversing alarms for vehicles; Electric scooters; Electric security apparatus for the prevention of theft from vehicles; Electric security apparatus for the prevention of theft of vehicles; Electric steering gears [for vessels]; Electric sunroofs for vehicles; Electric theft prevention installations for vehicles; Electric tractors [vehicles]; Electric trains; Electric trolley buses; Electric trucks [vehicles]; Electric unicycles; Electric vehicles; Electric wheelchairs; Electric window winding apparatus for vehicles; Electrical anti-theft devices for vehicles; Electrical anti-theft installations for vehicles; Electrical apparatus for vehicles for security purposes; Electrical cigarette lighters being fittings in vehicles; Electrical

drives for land vehicles; Electrical motors for land vehicles; Electrical security apparatus for vehicles; Electrical security devices for vehicles; Electrically driven apparatus for locomotion by air; Electrically driven apparatus for locomotion by land; Electrically driven apparatus for locomotion by water; Electrically operated alarms for vehicles; Electrically operated scooters; Electrically operated security apparatus for vehicles; Electrically operated theft prevention installations for vehicles; Electrically operated vehicles; Electrically operated wheelchairs; Electrically powered aircraft; Electrically powered buses; Electrically powered carts [trolleys]; Electrically powered land vehicles; Electrically powered motor vehicles; Electrically powered scooters; Electrically powered scooters [vehicles]; Electrically powered sea craft; Electrically powered trolleys; Electrically powered vehicles; Electrically powered watercraft; Electrically-powered motor scooters; Electromagnetic clutches for vehicles; Electromagnetic drives for land vehicles; Electronic alarms for vehicles; Electronic brakes for vehicles; Electronic security apparatus for vehicles; Electronic security devices for vehicles; Electronic security equipment for vehicles; Electronic theft prevention apparatus for vehicles; Electronic theft prevention installations for vehicles; Electrothermal engines for land vehicles; Elevating tailgates [parts of land vehicles]; Elevating trucks; Empennages; Engine mounts for automobiles; Engine mounts for land vehicles; Engine transmission belts for land vehicles; Engines for automobiles; Engines for land vehicles; Engines for motor land vehicles; Entry alarm systems for vehicles; Equipment trailers; External load carriers for vehicles; Fabricated safety glass windows for vehicles; Fan motors for land vehicles; Fender flares for land vehicles; Fenders for land vehicles; Fenders for ships; Fenders for vehicles; Fenders for water vehicles; Ferry boats; Fifth wheel connectors for road trailers; Filler caps for vehicle fuel tanks; Fishing boats; Fishing trawlers; Fishing trolleys; Fitted bicycle covers; Fitted car seat covers; Fitted covers for automobiles; Fitted covers for bicycles; Fitted covers for boats; Fitted covers for boats and marine vehicles; Fitted covers for children's car seats; Fitted covers for motorcycles; Fitted covers for motorized golf cars; Fitted covers for motorized golf cart vehicles; Fitted

covers for prams; Fitted covers for vehicle steering wheels; Fitted covers for vehicles; Fitted covers for vehicles to protect against hail damage; Fitted dashboard covers for vehicles; Fitted footmuffs for baby carriages; Fitted footmuffs for prams; Fitted footmuffs for pushchairs; Fitted footmuffs for strollers; Fitted hatch covers for railway cars to prevent entry of water and moisture; Fitted liners for the cargo area of vehicles; Fitted motorcycle covers; Fitted perambulator covers; Fitted protective covers for vehicle seats; Fitted pushchair mosquito nets; Fitted seat covers for vehicles; Fitted stroller mosquito nets; Fitted truck bed liners; Fitted vehicle covers; Fitted vehicle covers for automobiles; Fitted vehicle roll bar covers; Fitted vehicle seat covers; Fittings for bicycles for carrying beverages; Fittings for bicycles for carrying food; Fittings for bicycles for carrying luggage; Flame arresters for land vehicles; Flame traps for land vehicles; Flanges for railway wheel tires; Flanges for railway wheel tyres; Flanges of railway wheel tires; Flat cars; Flat cars being wheeled apparatus for the movement of goods; Flat-bottomed rowboats; Flexible power transmission apparatus for land vehicles; Flexible shafts for land vehicles; Fluid couplings for agricultural tractors; Fluid couplings for tractors; Fog horns for use on vehicles; Foil-assisted catamaran boats; Foil-assisted catamaran ships; Fold-up pushchairs; Folding bicycles; Folding bikes; Folding electric bicycles; Folding electric bikes; Folding hoods for vehicles; Folding roof hoods for automobiles; Folding roof hoods for vehicles; Folding roof tops for vehicles; Folding roofs for motor vehicles; Foot pumps for inflating vehicle tyres; Fork crowns for bicycles; Fork lift trucks; Forklift trucks; Forks for forklift trucks; Four wheeled carts; Four wheeled trolleys; Frame supports incorporating castors for moving objects; Frame supports incorporating wheels for moving objects; Frames for bicycles; Frames for cycles; Frames for motorcycles; Frames for supporting a child in a vehicle; Frames for two-wheeled motor vehicles; Frames, for luggage carriers, for bicycles; Framing for land vehicles; Framing for water craft; Free wheel clutches for land vehicles; Free wheel couplings for land vehicles; Freewheels for automobiles; Freewheels for bicycles; Freewheels for land vehicles; Freewheels for motorcycles; Freight carrying vehicles;

Freight trains; Friction clutch cover assemblies for land vehicles; Friction clutch driven plates for land vehicles; Friction clutches for land vehicles; Friction wheel transmissions for land vehicles; Friction wheels for land vehicles; Front dash panels [parts of motorcycles]; Front derailleurs; Front end hubs for vehicles; Front forks for bicycles; Front forks for cycles; Front forks for motorcycles; Fuel cell cars; Fuel cell electric cars; Fuel tanks for aircraft; Fuel tanks for land vehicles; Fuel tanks for vehicles; Full trailers; Funicular railcars; Funiculars; Funnels for locomotives; Funnels for ships; Fuselages [aircraft parts]; Garbage collection trucks; Garbage collection vehicles; Garbage hauling trailers; Garbage trucks; Garden carts; Garden hose carts; Garden tractors for transport; Gas caps for land vehicles; Gas engines for land vehicles; Gas tanks for land vehicles; Gas tanks for vehicles; Gas turbines for land vehicles; Gasoline engines for land vehicles; Gear assemblies for land vehicles; Gear box casings for land vehicles; Gear boxes for automobiles; Gear boxes for hydraulic transmissions of land vehicles; Gear boxes for land vehicles; Gear cases for land vehicles; Gear change knobs for land vehicles; Gear changing mechanisms for land vehicles; Gear couplings for land vehicles; Gear lever knobs for land vehicles; Gear lever knobs for vehicles; Gear levers for land vehicles; Gear motors for land vehicles; Gear shifts for automobiles; Gear shifts for land vehicles; Gear train parts for land vehicles; Gear transmissions for land vehicles; Gear units for land vehicles; Gear units for power transmissions of land vehicles; Gear wheels for bicycles; Gear wheels for land vehicles; Gearboxes for land vehicles; Gearboxes for motor cars; Geared electric motors for land vehicles; Gearing for automobiles; Gearing for land vehicles; Gears for bicycles; Gears for cycles; Gears for land vehicles; Glass holders for automobiles; Glass holders for vehicles; Glass screens for vehicles; Glass screens incorporating an integrated aerial for vehicles; Glass screens incorporating integrated alarm for vehicles; Gliders; Gliders and structural parts therefor; Glove boxes for automobiles; Glove boxes for vehicles; Glove compartments for automobiles; Glove compartments for vehicles; Go-carts; Go-kart transport trucks; Go-karts; Golf buggies; Golf cars [vehicles]; Golf carts [vehicles];

Golf carts being pedestrian controlled vehicles; Gondolas [boats]; Goods handling carts; Grips for handlebars of bicycles; Grocery carts; Ground effect vehicles; Ground transportation vehicles for transporting goods; Gun racks adapted for attachment to land vehicles; Gyrocopters; Hand cars; Hand carts; Hand propelled trolleys; Hand pumps for inflating vehicle tyres; Hand trucks; Handbarrows; Handbikes; Handbrake knobs for vehicles; Handcars; Handcycles; Handle bars for bicycles; Handle bars for motorcycles; Handlebar controls for mopeds; Handlebar ends for bicycles; Handlebar grips for bicycles; Handlebar grips for motorcycles; Handlebar stems for bicycles; Handlebars; Handlebars for bicycles; Handlebars for bicycles, motorcycles; Handlebars for cycles; Handles bearing advertising and adapted for trolleys; Handling carts; Hardtops [roofs] for vehicles; Harnesses for prams; Harnesses for use with pushchairs; Hatch boards; Hatch boards for boats; Hatch covers being structural parts of barges; Hatch covers being structural parts of boats; Hatch covers being structural parts of ships; Hatch covers for boats; Hatch covers for ships; Hatch covers for vessels; Head restraints for vehicles; Head rests for seats for motor cars; Head-rests for automobile seats; Head-rests for car seats; Head-rests for vehicle seats; Headlight washers for automobiles; Headlight wipers; Headsets being bearing assembly for bicycles; Hearses; Heat engines for land vehicles; Helicams; Helicopter blades; Helicopters; Helium filled balloons [aircraft]; Hexacopters, other than toys; Hitch stabilisers for use with motor land vehicles; Hitches for tractors; Hitches for use with motor land vehicles; Hood shields as structural parts of vehicles; Hoods [folding roofs] for automobiles; Hoods [folding roofs] for vehicles; Hoods for aircraft; Hoods for automobile engines; Hoods for automobiles; Hoods for baby carriages; Hoods for boats; Hoods for land vehicles; Hoods for perambulators; Hoods for prams; Hoods for pushchairs; Hoods for strollers; Hoods for vehicle engines; Hoods for vehicles; Hoods for watercraft; Hooks [tow hitches] for vehicles; Horns for automobiles; Horns for motor cars; Horns for vehicles; Horse drawn carriages; Horse trailers; Horse vans; Horse-drawn carriages; Horticultural tractors; Hose carts; Hospital carts; Hospital carts for dispensing

Telecommunications services; Advisory and consultancy services relating to wireless communications and wireless communications equipment; Advisory services relating to communications equipment; Advisory services relating to telecommunications; Automatic transfer of digital data using telecommunications channels; Broadcast transmission by satellite; Broadcasting services; Cable broadcasting and transmission; Cable transmission of sounds, images, signals and data; Call centre services [electronic call diversion and messaging]; Communication between computers; Communication by computer; Communication by computer terminals; Communication by electronic means; Communication of data by means of telecommunications; Communication of information by satellite; Communication services between data banks; Communication services by cable; Communication services by electronic means; Communication services by radio; Communication services for the electronic transmission of data; Communication services for the transmission of information; Communication services over computer networks; Communication services provided electronically; Communication services, namely, electronic transmission of data and documents among users of computers; Communication via computer terminals, by digital transmission or by satellite; Communication via fibre-optic networks; Communications services for accessing a data-base; Communications services for the exchange of data in electronic form; Communications services provided over the Internet; Communications via analogue and digital computer terminals; Communications via multinational telecommunication networks; Computer aided transmission of messages, data and images; Computer data transmission services; Computer network communication services; Computerised data communications; Consultancy in the field of telecommunications; Consultancy services relating to communications; Consultancy services relating to data communications; Data broadcasting services; Data communication services;

Data streaming; Data transfer services; Data transmission; Data transmission and reception services via telecommunication means; Data transmission for others; Data transmission services; Data transmission services between networked computer systems; Data transmission services over telecommunications networks; Data transmission via telematic networks; Digital network telecommunications services; Digital transmission of data; Digital transmission of data via the Internet; Digital transmission services; Digital transmission services for audio and video data; Electronic communication services; Electronic communication services for the transmission of data; Electronic data communications; Electronic data exchange services; Electronic data interchange [EDI] services; Electronic data transmission; Electronic exchange of data stored in databases accessible via telecommunication networks; Electronic transmission and retransmission of sounds, images, documents, messages and data; Electronic transmission of data; Electronic transmission of data and documents via computer terminals and electronic devices; Electronic transmission of messages and data; Fiber optic telecommunications services; Geolocation services [telecommunications services]; High bit-rate data transmission services for telecommunication network operators; Hire of communications apparatus; Hire of electronic mail boxes; Hire of telecommunications apparatus; Hire of telecommunications installations; Hire of telecommunications instruments; Information services relating to broadcasting; Information services relating to electronic communication networks; Information services relating to telecommunications; Internet access provider services; Internet broadcasting services; Internet communication services; Internet portal services; Internet service provider [ISP] services; Leasing of access time to a computer database; Leasing of access time to global computer networks; Leasing of telecommunication equipment; Netcasting [broadcasting over a global computer network]; Network transmission of sounds, images, signals and data; News agency services for electronic transmission; Operating of electronic communications networks; Operating of electronic communications systems; Operation of cellular communications systems; Operation

of local area networks; Operation of telecommunications apparatus; Operation of telecommunications systems; Providing access to computer networks; Providing access to computer software; Providing access to databases; Providing access to information on the Internet; Providing access to information via data networks; Providing access to information via the Internet; Providing access to multimedia content online; Providing access to online computer databases; Providing access to platforms and portals on the Internet; Providing access to telecommunication networks; Providing access to the Internet and other communications networks; Providing access to web portals; Providing access to websites on the Internet or any other communications network; Providing electronic telecommunication connections; Providing frame relay connectivity services for data transfer; Providing high speed access to computer and communication networks; Providing information about wireless communication; Providing information, including online, about telecommunications; Providing of access to telecommunication warehousing services; Providing telecommunication connections to the internet or databases; Providing telecommunications connections to a global communication network or databases; Providing third party users with access to telecommunication infrastructure; Providing user access to computer programmes in data networks; Providing user access to computer software in data networks; Providing user access to global computer network and online sites containing information on a wide range of topics; Providing user access to global positioning signals for navigation purposes; Providing virtual private network (VPN) services; Provision of access to an electronic on-line network for information retrieval; Provision of access to computer databases; Provision of access to data on communication networks; Provision of access to data or documents stored electronically in central files for remote consultation; Provision of access to data via the Internet; Provision of communications between computers; Provision of electronic communications facilities; Provision of electronic data links; Provision of email services; Provision of telecommunication connections to a global computer network; Provision of telecommunication facilities; Provision of user access

to the internet; Remote transmission of data by means of telecommunications; Rental of access time to a computer database; Rental of access time to a database server; Rental of access time to databases; Rental of access time to global computer networks; Rental of communication apparatus and implements; Rental of communications equipment; Rental of communications instruments; Rental of communications systems; Rental of data communication apparatus; Rental of data communications equipment; Rental of data communications installations; Rental of telecommunication apparatus; Rental of telecommunication devices and equipment enabling connection to networks; Rental of telecommunication facilities; Rental of telecommunications apparatus and installations; Rental of telecommunications routers; Satellite transmission of sounds, images, signals and data; Satellite transmission services; Secure e-mail services; Secure telecommunications [providing secure connections and access including to computers and the global computer network]; Signal transmission for electronic commerce via telecommunication systems and data communication systems; Streaming of audio, visual and audiovisual material via a global computer network; Streaming of data; Switching network services [telecommunications]; Telecommunication access services; Telecommunication gateway services; Telecommunications; Telecommunications services for the distribution of data; Telecommunications services provided via fiber optic, wireless and cable networks; Telecommunications services provided via the Internet, intranet and extranet; Transfer of data by telecommunications; Transfer of information and data via online services and the Internet; Transferring and disseminating information and data via computer networks and the Internet; Transmission and distribution of data or audiovisual images via a global computer network or the Internet; Transmission and reception of database information via telecommunication networks; Transmission of computerised data; Transmission of data; Transmission of data and information by computer and electronic communication means; Transmission of data by cable; Transmission of data by computer; Transmission of data by electronic means; Transmission of data

via ISDN lines; Transmission of data via satellite; Transmission of data via the Internet; Transmission of data, audio, video and multimedia files, including downloadable files and files streamed over a global computer network; Transmission of data, messages and information; Transmission of data, sound and images by satellite; Transmission of database information via telecommunications networks; Transmission of electronic mail; Transmission of information by computer; Transmission of information by data communications for assisting decision making; Transmission of information by electronic communications networks; Transmission of information by electronic means; Transmission of information on a wide range of topics, including online and over a global computer network; Transmission of information via computer networks; Transmission of information via national and international networks; Transmission of information via wireless or cable networks; Transmission of messages, data and content via the Internet and other communications networks; Transmission of stock market information with the help of telecommunication media; Transmission of videos, movies, pictures, images, text, photos, games, user-generated content, audio content, and information via the Internet; Video broadcasting; Video communication services; Video conference services [telecommunications services]; Video, audio and television streaming services; Web portal services [providing user access to global computer network]; Webcasting services; Wire service; Wireless broadcasting; Wireless communication services; Wireless electronic transmission of data; Wireless PBX services; Wireless transfer of data via digital mobile telephony; Wireless transfer of data via the Internet; Wireless transfer of data via wireless application protocols.

Class 39

Physical storage of electronically stored data or documents; Physical storage of electronically stored data, documents, digital photographs, music, images, video, and computer games; Physical storage of electronically stored digital data, photographs, audio and image files; Physical storage of electronically stored files and documents;

Physical storage of electronically stored information; Providing information about temporary storage services; Providing information relating to storage services; Packaging and storage of goods; Transport; Travel arrangement; Collection of documents; Computerised distribution planning relating to transportation; Computerised transport information services; Consultancy services relating to the distribution of electricity; Depository storage; Electricity storage; GPS navigation services; Information and advisory services in relation to the distribution of energy; Rental of warehouse space; Vehicle routing by computer on data networks; Bonded storage; Bonded warehousing; Warehousing.

Class 42

Design and development of computer hardware and software; Industrial analysis, industrial research and industrial design services; Quality control and authentication services; Administration of mail servers; Administration of user rights in computer networks; Advisory services in the field of product development and quality improvement of software; Advisory services relating to building design; Advisory services relating to computer hardware; Advisory services relating to computers; Advisory services relating to energy efficiency; Analysis and evaluation of product design; Analysis and evaluation of product development; Analysis of telecommunication signals; Application service provider [ASP] services; Authentication services for computer security; Authentication services for electronic documents and e-mail; Back-up of computer data; Backup services for computer hard drive data; Building design services; Cloud hosting provider services; Cloud storage services for electronic data; Cloud storage services for electronic files; Coding of messages; Commissioning [testing and inspection] services; Comparative analysis studies of the performance of computer systems; Compilation of computer programs; Compilation of data-processing programs; Compilation of web pages for the Internet; Compression of data for electronic storage; Computer advisory services; Computer analysis; Computer rental; Computer code conversion for others;

Computer co-location services; Computer consultancy; Computer database design consultancy services; Computer design services; Computer disaster recovery planning; Computer disaster recovery services; Computer engineering; Computer firewall services; Computer forensic services; Computer hardware design; Computer hardware development; Computer leasing; Computer network configuration services; Computer network design for others; Computer network services; Computer performance testing; Computer program advisory services; Computer program maintenance services; Computer program updating services; Computer project management in the field of EDP; Computer research services; Computer security consultancy; Computer security engineering; Computer security services [design and development of secure computer hardware, software and systems]; Computer security services [programming and software installation, repair and maintenance services]; Computer security services [testing and risk assessment of computer networks]; Computer security services for protection against illegal network access; Computer security services in the nature of administering digital certificates; Computer security threat analysis for protecting data; Computer services in the nature of hosting web sites for others; Computer software advisory services; Computer software development; Computer software installation and maintenance; Computer software integration; Computer software programming services; Computer software repair; Computer software research; Computer software technical support services; Computer software updating services; Computer systems design; Computer systems development; Computer time-sharing services; Computer virus protection services; Computerised business information storage; Computerised communication network security; Computerised data storage services; Configuration of computer firmware; Configuration of computer networks by software; Configuration of computer software; Configuration of computer systems and networks; Consultancy in the field of technological design; Consultancy in the field of technological research; Creating of computer programs; Creating programmes for data processing; Creating, maintaining, and updating computer software; Cross-platform conversion of digital

content into other forms of digital content; Cryptocurrency mining; Cryptomining; Customization of computer software; Cybersecurity consultancy; Data conversion of computer programs and data, not physical conversion; Data conversion of electronic information; Data migration services; Data mining; Data security services [firewalls]; Database design and development; Debugging computer software for others; Decoding of data; Design and development of computer firmware; Design and development of computer peripherals; Design and development of computer software; Design and development of electronic database software; Design and development of energy distribution networks; Design and development of energy management software; Design and development of Internet security programs; Design and development of wireless computer networks; Design and development of wireless data transmission apparatus, instruments and equipment; Design and planning services relating to telecommunication equipment; Design of communication systems; Design of communications apparatus; Design of computer cluster configurations; Design of computer codes; Design of computer databases; Design of computer hardware; Design of computer languages; Design of computer peripherals; Design of computers; Design of diagnostic apparatus and equipment; Design of information systems; Design of telecommunications apparatus and equipment; Design of telecommunications installations; Maintenance, development and updating of computer software; Developing data feed formats featuring user-defined information; Developing of driver and operating system software; Development and creation of computer programmes for data processing; Development and maintenance of computer database software; Development of computer based networks; Development of computer codes; Development of computer hardware; Development of computer programs; Development of computer software; Development of computer software application solutions; Development of computer systems; Development of computers; Development of data processing programs by order of third parties; Development of energy and power management systems; Development of programmes for data processing; Development of software;

Development of software for secure network operations; Development of systems for the processing of data; Development of systems for the storage of data; Development of systems for the transmission of data; Development services in the field of computer software and advisory services relating thereto; Development, maintenance and updating of a telecommunication network search engine; Development, updating and maintenance of software and database systems; Diagnosis of computer hardware problems through the use of software; Diagnosis of faults in computer software; Digital compression of computer data; Digital signature verification services [electronic cryptology services]; Digital watermarking; Digitization of documents [scanning]; Disaster recovery services for computer systems; Disaster recovery services for data communications systems; Document data transfer from one computer format to another; Duplication of electronic documents; Editing of computer programs; Electronic data backup services; Electronic data storage services; Electronic document duplicating; Electronic monitoring services being IT security services in the nature of protection and recovery of computer data; Electronic monitoring services for computer security services for protection against illegal network access; Electronic monitoring services for computer security threat analysis for protecting data; Electronic signature verification services [electronic cryptology services]; Electronic site authoring; Electronic storage of data; Electronic storage of digital audio files; Electronic storage of digital images; Electronic storage of digital music; Electronic storage of digital photographs; Electronic storage of digital video files; Electronic storage of documents and archived e-mails; Electronic storage of files and documents; Electronic storage of images; Electronic storage of videos; Electronic storage services for archiving databases, images and other electronic data; Electronic storage services for archiving electronic data; Engineering services in the field of communications technology; Engineering services relating to computer programming; Hiring of data processing apparatus; Hosting a website for the electronic storage of digital photographs and videos; Hosting an online website for creating and hosting

micro websites for businesses; Hosting and rental of memory space for websites; Hosting internet sites for others; Hosting memory space on the Internet; Hosting of computerized data, files, applications and information; Hosting of customized web pages; Hosting of databases; Hosting of digital content on the Internet; Hosting of e-commerce platforms on the Internet; Hosting of platforms on the Internet; Hosting of software as a service [SaaS]; Hosting of software for use in library management; Hosting of web portals; Hosting of weblogs; Hosting of websites; Hosting online web facilities for others; Hosting the web sites of others on a computer server for a global computer network; Implementation of computer programs in networks; Information security consultancy; Information services relating to computers; Information services relating to information technology; Information technology services; Information technology services provided on an outsourcing basis; Infrastructure as a service [IaaS]; Installation and maintenance of computer software; Installation and maintenance of database software; Installation of computer programs; Installation of computer software; Installation of database software; Installation of firmware; Installation of Internet access software; Installation of middleware; Installation of software; Installation, maintenance and repair of computer software; Installation, maintenance and repair of software for computer systems; Installation, maintenance and updating of computer software; Installation, maintenance and updating of database software; Installation, maintenance, updating and upgrading of computer software; Installation, repair and maintenance of computer software; Installation, repair and maintenance of firmware; Installation, repair and maintenance of middleware; Integration of computer systems and networks; Internet security consultancy; Leasing computer facilities; Leasing of computer apparatus; Leasing of computer equipment; Leasing of computer hardware; Leasing of computer programs; Leasing of computer software; Leasing of computers; Location of utility lines [mapping services]; Maintenance and repair of software; Maintenance and updating of software for communication systems; Maintenance of computer software relating to computer security and prevention of computer risks; Maintenance of software;

Mapping services; Modifying of computer programs; Monitoring of computer systems by remote access; Monitoring of computer systems for detecting unauthorized access or data breach; Monitoring of computer systems to detect breakdowns; Monitoring of telecommunication signals; Network security services [testing and risk assessment of electronic networks]; Off-site data backup; Online data storage; Online provision of web-based applications; Online provision of web-based software; Outsource service providers in the field of information technology; Packaging design; Preparation of reports relating to computer programs; Preparation of reports relating to computers; Preparation of technical reports; Preparation of technical studies; Preparation of technological reports; Preparation of technological research reports; Product design; Product research and development; Professional consultancy relating to computer security; Programming and software installation, repair and maintenance services; Programming of computer software for evaluation and calculation of data; Programming of computer software for reading, transmitting and organising data; Programming of data processing programs; Programming of EDP software; Programming of energy management software; Programming of Internet security programs; Programming of operating software for accessing and using a cloud computing network; Programming of operating software for computer networks and servers; Programming of software for database management; Programming of software for importing and managing data; Programming of telecommunications software; Providing computer facilities for the electronic storage of digital data; Providing electronic memory space on the Internet; Providing information about the design and development of computer software, systems and networks; Providing information in the field of computer software design; Providing information in the field of computer software development; Providing information, including online, about design and development of computer hardware and software; Providing user authentication services using single sign-on technology for online software applications; Providing virtual computer environments through cloud computing; Providing virtual computer systems through cloud computing; Provision of online

non-downloadable software; Reconstitution of databases; Reconstruction of database systems for others; Recording data relating to energy consumption in buildings; Recovery of computer data; Remote computer backup services; Remote server administration; Rental and maintenance of computer software; Rental of a database server to third parties; Rental of application software; Rental of computer apparatus; Rental of computer database software; Rental of computer equipment; Rental of computer firmware; Rental of computer hardware and computer peripherals; Rental of computer middleware; Rental of computer software and programs; Rental of computers and computer software; Rental of computers for data processing; Rental of data carriers; Rental of data centre facilities; Rental of data processing apparatus; Rental of data processing programs; Rental of data processing systems; Rental of database management software; Rental of information processing apparatus; Rental of Internet security programs; Rental of operating software for computer networks and servers; Rental of server memory space; Rental of software; Rental of software for data processing; Rental of software for importing and managing data; Repair of computer software; Repair of damaged computer programs; Research and development of computer software; Research in the field of computer programs and software; Research in the field of data processing technology; Research in the field of information technology; Research in the field of telecommunications technology; Research relating to data processing; Research relating to security; Research relating to technology; Research relating to telecommunication; Research relating to the development of computer programs and software; Research, development, design and upgrading of computer software; Security assessment services for computer networks; Security risk assessment services relating to computer systems; Server administration; Server hosting; Services for maintenance of computer software; Services for reproducing computer programs; Software authoring; Software creation; Software engineering; Software engineering services for data processing; Software maintenance services; Software research; Technical advisory services relating to computer programs; Technical data

analysis services; Technical design and planning of telecommunications equipment; Technical design and planning of telecommunications networks; Technical design services relating to cooling appliances and installations; Technological analysis relating to energy and power needs of others; Technology consultation in the field of artificial intelligence; Telecommunication network security consultancy; Telecommunications engineering; Telecommunications technology consultancy; Temporary electronic storage of information and data; Testing of computer installations; Testing of computer programs; Testing of computer software; Testing, analysis and monitoring of telecommunication signals; Translation of computer programs; Troubleshooting in the nature of diagnosing server problems; Troubleshooting of computer software problems; Updating and design of computer software; Updating and maintenance of computer software; Updating of computer programs; Updating of computer software relating to computer security and prevention of computer risks; Updating of software; Updating of software for data processing; Upgrading and maintenance of computer software; User authentication services using blockchain technology; User authentication services using single sign-on technology for online software applications; Verification of personal identification [computer security]; Writing and updating computer software; Writing of computer code; Writing of computer programs; Writing of data processing programs.

Communications servers [computer hardware]; Computer controlled apparatus for furnishing voice responses to data inputs; Computer controlled workstations for data entry; Computer data in recorded form; Computer data input apparatus; Computer data input devices; Computer data interchange apparatus; Computer data storage apparatus; Computer databases; Computer installations for the communication of data; Computer installations for the processing of data; Computer installations for the storage of data; Computer network routers; Computer network server; Computer networks for the communication of data; Computer networks for the processing of data; Computer networks for the storage of data; Computer programs for connecting remotely to computers or computer networks; Computer programs for providing a graphical presentation of data; Computer programs for scientific data analysis;

Computer programs for the analysis of data processing efficiency; Computer related data communication apparatus; Computer servers; Computers for use in data management; Connecting devices for data collection; Connecting devices for data transfer; Data access apparatus for use in accessing stored information; Data acquisition apparatus; Data acquisition instruments; Data banks; Data buffers; Data bus interface units; Data carriers; Data carriers bearing computer programmes; Data carriers bearing machine readable data; Data carriers equipped with governing programs; Data carriers for computers having software recorded thereon; Data carriers for electronic data processing; Data carriers for use with data processing apparatus; Data carriers incorporating computer programs; Data carriers incorporating machine readable data; Data communications apparatus; Data communications hardware; Data communications installations; Data communications instruments; Data communications receivers; Data communications software; Data handling apparatus; Data handling installations; Data information processing apparatus; Data information processing units; Data loggers; Data logging apparatus; Data memories; Data meters; Data networks; Data processing apparatus; Data processing components; Data processing devices; Data processing equipment; Data processing information carriers; Data processing installations; Data processing instruments; Data processing machines; Data processing terminals; Data processing units; Data processors; Data processors for business data; Data programmes; Data protection backup units; Data receivers; Data recorded electronically; Data recorded electronically from the internet; Data recorded in electronic form; Data retrieval apparatus; Data security apparatus; Data security instruments; Data sets, recorded or downloadable; Data storage apparatus; Data storage devices; Data storage installations; Data storage instruments; Data storage machines; Data switches; Databases; Electric apparatus for data processing; Electric apparatus for storing computer data; Electric devices for transmission of data between computers; Electric devices for transmission of data between microprocessors; Electrical apparatus for data acquisition; Electrical apparatus for recording data; Electrical apparatus for the

input of data; Electrical apparatus for the output of data; Electrical apparatus for use in the encoding of data; Electrical communication apparatus for transmitting data; Electrical devices for storage of data; Electrical devices for transmission of data; Electrical units for data conditioning; Electrically recorded data for computers; Electronic apparatus for data processing; Electronic apparatus for manipulating data; Electronic apparatus for relaying data; Electronic apparatus for the transmission of data; Electronic data apparatus for use with computers; Electronic data carriers; Electronic data collection apparatus; Electronic data communications apparatus; Electronic data communications installations; Electronic data processing apparatus; Electronic data processing devices; Electronic data processing equipment; Electronic data processing installations; Electronic data processing machines; Electronic databases recorded on computer media; Electronic devices for data processing; Electronic devices for the transmission of data between computers; Electronic devices for the transmission of data between microprocessors; Electronic devices for transmitting data; Electronic industrial network apparatus for high speed data transmission; Electronic instruments for the receiving of data; Electronic mail servers; Electronic memories for the control of computer data; Electronic memories for the input of computer data; Electronic memories for the output of computer data; Electronic memories for the storage of computer data; Electronic remote data transfer apparatus; Electronic telecommunications apparatus; Expandable data processing apparatus; External storage apparatus for use with data processing apparatus; Flat screens for electronic data processing apparatus; Hard discs for electronic data processing; High speed data transmission apparatus; Information storage devices for use in data processing apparatus; Instruction programmes for the processing of data; Instruction programmes for the storage of data; Instruments for electronic data processing; Integrated data processing installations; Interactive data transfer apparatus; Internet servers; Intranet servers; Local area networking apparatus for the switching of data; Local area networking apparatus for the transmission of data; Magnetic data media; Magnetic data memories; Magnetic data

recording apparatus; Magnetic data storage materials; Magnetic media for the handling of data; Magnetic media for the storage of data; Memories for data processing equipment; Memory devices for use with data processing apparatus; Microchips for recording data; Microcircuit data carriers; Mobile communication terminals; Mobile computers; Mobile data apparatus; Mobile data communications apparatus; Mobile data instruments; Mobile data receivers; Multiplexers for bearing data; Multiplexers for use in the alternate transmission of data; Network access server hardware; Network access server operating software; Network routers; Network servers; Operating software for network access servers; Portable electronic apparatus for the collection of machine data; Private automatic branch exchanges for data; Processing programmes recorded on data carriers; Program carriers for electronic data processing apparatus; Real-time data processing apparatus; Recorded data files; Recorded data, encoded; Recording materials for the storage of data, magnetic; Remote data gathering apparatus; Repeaters for use in data networking; Scanners for entering data into computers; Sensors for real time data input apparatus; Sensors for real time data output apparatus; Servers for web hosting; Solid-state electrical apparatus for storing computer data; Solid-state electronic data storage materials; Storage apparatus for computer data; Storage materials for data in electronic form; Storage materials for data in magnetic form; Synchronous data communications apparatus; Synchronous data units; Synchronous data-link control adaptors; Telecommunications apparatus for transferring data to computers; Telecommunications apparatus for transmitting data for use with computers; VPN [virtual private network] hardware; VPN [virtual private network] operating software; WAN [wide area network] hardware; Watches that communicate data to smartphones; Wide area network (WAN) routers; Wire free data transmission apparatus; Wireless routers; Access control cards, encoded or magnetic; Access interfaces for managed private circuit networks; Actuators [electric switches]; Add-in cards for micro computers; Alarm central units; Alarm control apparatus; Alarm devices, other than for vehicles; Alarm installations; Alarm

instruments, other than for vehicles; Alarm management apparatus; Alarm management installations; Alarm monitoring systems; Alarm systems; Apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; Apparatus designed to monitor the performance of apparatus; Apparatus for collecting encoded data for supply to computers; Apparatus for communication; Apparatus for computing; Apparatus for converting digital values into graphic information; Apparatus for data collection; Apparatus for data communications between computers; Apparatus for data entry; Apparatus for data processing; Apparatus for data storage; Apparatus for data transmitting; Apparatus for decoding encoded signals; Apparatus for decoding magnetically recorded information; Apparatus for digital signal processing; Apparatus for digitising geometric data contained in documents; Apparatus for electronic digital processing; Apparatus for electronic image reception; Apparatus for electronic image transmission; Apparatus for electronic information processing; Apparatus for electronic mail; Apparatus for electronic payment processing; Apparatus for electronic publishing; Apparatus for information processing; Apparatus for information teleprocessing; Apparatus for information transmission; Apparatus for inputting information into a computer; Apparatus for processing data; Apparatus for processing data programmes; Apparatus for processing data relating to images; Apparatus for processing digital data; Apparatus for processing digital video signals; Apparatus for processing electronic payments; Apparatus for programming data; Apparatus for reading encoded data; Apparatus for reading encoded information; Apparatus for recording, transmission or reproduction of sound or images; Apparatus for remote data transmission; Apparatus for retrieving data; Apparatus for searching electronic information; Apparatus for sending data; Apparatus for the acquisition of data; Apparatus for the acquisition of information; Apparatus for the communication of data; Apparatus for the conversion of data; Apparatus for the conversion of information; Apparatus for the graphic display of data; Apparatus for the processing of data; Apparatus for the processing of digital information; Apparatus for the processing of

information; Apparatus for the storage of data; Apparatus for the storage of information; Apparatus for the transmission of data; Apparatus for verifying data on magnetically encoded cards; Appliances for communication; Cable installations for the transmission of data; Cable management installations for data signal transmission; Cards bearing data for use in data processing apparatus; Cards carrying magnetically, optically or electronically recorded or encoded information; Cards encoded to access computer software; Cards encoded with security features for authentication purposes; Cards encoded with security features for identification purposes; Coding apparatus; Communication devices; Communication devices for linking computer networks; Communication hubs; Communication installations; Communication instruments; Communication interface units; Communication modems; Communication routing apparatus; Communication routing instruments; Communications networks; Communications systems; Computer apparatus; Computer apparatus for filing information; Computer apparatus for gathering information; Computer apparatus for use with computer networks; Computer controls; Computer hardware; Computer hardware for telecommunications; Computer heat sinks; Computer housings; Computer installations; Computer installations incorporating a central processing unit; Computer interface apparatus; Computer interface devices; Computer interface instruments; Computer interface units; Computer interfaces; Computer monitoring apparatus; Computer monitoring instruments; Computer network adapters; Computer network bridges; Computer network hubs; Computer network operating installations; Computer network switches; Computer network-attached storage (NAS) hardware; Computer networking apparatus; Computer networking hardware; Computer networking installations; Computer networks; Computer operated digitisers; Computer peripheral apparatus; Computer peripheral devices; Computer peripheral equipment; Computer peripherals; Computers and computer peripheral devices; Computing apparatus; Computing apparatus for handling information; Computing installations; Data being electrically recorded for computers; Data being magnetically recorded for computers; Data being

optically recorded for computers; Data cables; Data capture apparatus; Data capture instruments; Data carriers bearing machine readable programs; Data carriers containing computer programs; Data carriers equipped with controlling programs; Data carriers incorporating computer programs written in machine code; Data carriers incorporating controlling programs; Data carriers incorporating programs; Data carriers recorded with programs to enable data to be displayed; Data collecting machines; Data collection apparatus; Data collection computer installations; Data collection instruments; Data collectors; Data conversion apparatus; Data encoding apparatus; Data encryption apparatus; Data entry apparatus; Data entry terminals; Data exchange units; Data exit terminals; Data feeders; Data feeders for use with artificial intelligence; Data feeders linked with artificial intelligence; Data files, downloadable; Data in machine readable form; Data input apparatus for use with computers; Data interconnecting computer installations; Data processing apparatus for use in information storage; Data processing apparatus for use with computers; Data processing input devices; Data sorting apparatus; Data terminals for the validation of data; Data transfer apparatus; Data transfer instruments; Data transmission apparatus; Data transmission installations; Data transmission networks; Data transmitting instruments; Downloadable applications for use with mobile devices; Electrical data converters; Electrical data input apparatus for use with computers; Electrical data input devices; Electrical data output apparatus for computers; Electronic instruments for monitoring systems associated with buildings; Firmware; Hard drives; Local area computer installations; Local area networks; Memory devices; Memory devices for use with computer apparatus; Memory expansion cards; Memory expansion modules; Memory modules; Microcomputer apparatus; Microcomputer assemblies; Microcomputers; Microcomputing apparatus; Microcomputing instruments; Microelectronic components; Microprocessors; Minicomputers; Multiplexers; Multiplexers for recording data; Multiplexers for use in the alternate transmission of voice signals; Network management apparatus; Network protection devices, electric; Network protection devices, electronic;

Networks for the interconnection of communication systems; Optical data carriers; Optical data media; Optical data receiving apparatus; Optical data recording apparatus; Optical data reproducing apparatus; Optical data storage apparatus; Optical data storage drives; Optical data transmission systems; Portable computers; Power stabilisers; Power supplies for computers; Power switches; Power system meters; Power testers; Power units for supplying electrical current; Regulated power supply apparatus; Regulating apparatus, electric; Regulating transformers; Remote monitoring apparatus; Repeaters; Secure microprocessors; Secure transmission apparatus; Secure transmission instruments; Security tokens [encryption devices]; Solid state drives; Solid-state component relays; Solid-state devices; Solid-state electrical apparatus for storing computer programs; Solid-state memories; Solid-state memory devices; Telecommunication exchangers; Telecommunication machines and apparatus; Telecommunication switches; Telecommunications equipment; Uninterruptible electrical power supplies; Uninterruptible power supply apparatus [battery]; Uninterruptible power supply instruments; Units for converting information received in machine readable format; Units for decoding information received in machine readable format; Units for displaying information received in machine readable format; USB adapters; USB dongles [wireless network adapters]; USB flash drives; USB hubs; USB port cards; USB web keys; Utility programs for performing computer system diagnostics; Webcams; Wide area networks; Wired communication apparatus; Wireless communication apparatus; Wireless transmission apparatus; Work stations [computer apparatus]; Work stations [computers]; Communication apparatus.

Advice relating to personnel management; Advisory services relating to data processing; Analysis of business data; Analysis of market research data and statistics; Automated data processing; Business consultancy relating to the administration of information technology; Business consultancy services relating to

data processing; Business data analysis; Business efficiency advice; Business management and administration services supporting utilisation of a global computer network; Business organisation and management consultancy in the field of personnel management; Business process management and consulting; Business risk assessment services; Business risk management consultancy; Business risk management services; Collating of data in computer databases; Collection of data; Collection of personnel information; Commercial information services provided by access to a computer database; Company data information services; Company record-keeping; Compilation and systemization of information into computer databases; Compilation of business data; Compilation of business statistics and commercial information; Compilation of indexed addresses; Compilation of information into computer databases; Compiling of information into computer databases; Computer data entry services; Computer data processing; Computerised business records keeping; Computerised data processing; Computerised data verification; Computerised database management; Computerised file management; Computerised office management; Consultancy relating to personnel management; Consultancy relating to business efficiency; Consultancy relating to data processing; Consultancy relating to personnel recruitment; Consultancy relating to the selection of personnel; Data collection for others; Data compilation for others; Data entry services; Data handling; Data management; Data management advice; Data management consultancy; Data preparation [office functions]; Data processing; Data processing for the collection of data for business purposes; Data processing verification; Data retrieval [office functions]; Data search in computer files for others; Data transcription; Database management; Database marketing; Electronic data processing; Evaluation of personnel requirements; Information retrieval [office functions]; Maintenance of personnel records for others; Management and compilation of computerised databases; Market research data collection services; Market research data retrieval services; Online data processing services; Providing business information, also via internet, the cable network or other forms of data

transfer; Provision of business data; Recruitment and personnel management services; Registration of written communications and data; Selection of staff; Statistical analysis and reporting services for business purposes; Systematization of data in computer databases; Systemization of information into computer databases; Tracking and monitoring energy consumption for others for account auditing purposes; Updating and maintenance of data in computer databases.

Class 36

Building leasing; Lease financing of telecommunication equipment; Leasing of buildings; Leasing or renting of buildings; Management of buildings; Providing information relating to the rental of buildings; Real estate management services relating to industrial premises; Rental of buildings; Financial information processing; Financial information provided by electronic means; Providing financial information by means of a computer database; Providing on-line stock exchange information from a computer database or the Internet; Provision of information and data concerning stock exchanges; Leasing of office space, namely leasing of rack space and purpose-built high specification space to facilitate the housing of telecommunication or computer-related equipment and services.

Class 37

Installation of data network apparatus; Installation of data processing apparatus; Installation of electric light and power systems; Installation of electronic and digital connection to a call centre; Installation of security and safety equipment; Installation of security systems; Maintenance and repair of data communications networks; Maintenance and repair of data processing apparatus; Maintenance and repair of hardware for data processing apparatus; Maintenance and servicing of data processing installations; Building and construction of real estate subdivisions and developments; Building maintenance and repair; Commissioning [installation and maintenance] services; Computer installation and repair; Custom construction of

buildings; Diagnostic maintenance services; Electric appliance installation and repair; Electrical wiring services; Installation and repair of telecommunication apparatus; Installation of apparatus for air-conditioning; Installation of apparatus for ventilating; Installation of clean room environmental control systems; Installation of clean room systems; Installation of communication equipment; Installation of communications network apparatus; Installation of communications network instruments; Installation of computer hardware; Installation of computer systems; Installation of computerised information systems; Installation of computers; Installation of electricity generators; Installation of electronic apparatus; Installation of energy-saving apparatus; Installation of environmental control systems; Installation of environmental protection systems; Installation of hardware and cables for Internet access; Installation of hardware for computer systems; Installation of heating and cooling apparatus; Installation of storage facilities; Installation of telecommunications apparatus; Installation of ventilation and dust extraction systems; Installation, maintenance and repair of computer hardware; Installation, repair and maintenance of computers and computer peripherals; Installing of electronic communications networks; Installing of telecommunications networks; Interference suppression in electrical apparatus; Maintenance and repair of communications systems; Maintenance and repair of computer hardware; Maintenance and repair of computers; Maintenance and repair of cooling appliances and installations; Maintenance and repair of telecommunications apparatus; Property development [building and construction services]; Property maintenance; Providing information relating to the repair or maintenance of telecommunication machines and apparatus; Repair and maintenance of computer and telecommunications hardware; Repair of electrical equipment and electrotechnical installations; Repair of electronic apparatus; Repair or maintenance of telecommunication machines and apparatus.

Class 38

Telecommunications services; Advisory and consultancy services relating to wireless

communications and wireless communications equipment; Advisory services relating to communications equipment; Advisory services relating to telecommunications; Automatic transfer of digital data using telecommunications channels; Broadcast transmission by satellite; Broadcasting services; Cable broadcasting and transmission; Cable transmission of sounds, images, signals and data; Call centre services [electronic call diversion and messaging]; Communication between computers; Communication by computer; Communication by computer terminals; Communication by electronic means; Communication of data by means of telecommunications; Communication of information by satellite; Communication services between data banks; Communication services by cable; Communication services by electronic means; Communication services by radio; Communication services for the electronic transmission of data; Communication services for the transmission of information; Communication services over computer networks; Communication services provided electronically; Communication services, namely, electronic transmission of data and documents among users of computers; Communication via computer terminals, by digital transmission or by satellite; Communication via fibre-optic networks; Communications services for accessing a data-base; Communications services for the exchange of data in electronic form; Communications services provided over the Internet; Communications via analogue and digital computer terminals; Communications via multinational telecommunication networks; Computer aided transmission of messages, data and images; Computer data transmission services; Computer network communication services; Computerised data communications; Consultancy in the field of telecommunications; Consultancy services relating to communications; Consultancy services relating to data communications; Data broadcasting services; Data communication services; Data streaming; Data transfer services; Data transmission; Data transmission and reception services via telecommunication means; Data transmission for others; Data transmission services; Data transmission services between networked computer systems; Data transmission services over telecommunications networks; Data

transmission via telematic networks; Digital network telecommunications services; Digital transmission of data; Digital transmission of data via the Internet; Digital transmission services; Digital transmission services for audio and video data; Electronic communication services; Electronic communication services for the transmission of data; Electronic data communications; Electronic data exchange services; Electronic data interchange [EDI] services; Electronic data transmission; Electronic exchange of data stored in databases accessible via telecommunication networks; Electronic transmission and retransmission of sounds, images, documents, messages and data; Electronic transmission of data; Electronic transmission of data and documents via computer terminals and electronic devices; Electronic transmission of messages and data; Fiber optic telecommunications services; Geolocation services [telecommunications services]; High bit-rate data transmission services for telecommunication network operators; Hire of communications apparatus; Hire of electronic mail boxes; Hire of telecommunications apparatus; Hire of telecommunications installations; Hire of telecommunications instruments; Information services relating to broadcasting; Information services relating to electronic communication networks; Information services relating to telecommunications; Internet access provider services; Internet broadcasting services; Internet communication services; Internet portal services; Internet service provider [ISP] services; Leasing of access time to a computer database; Leasing of access time to global computer networks; Leasing of telecommunication equipment; Netcasting [broadcasting over a global computer network]; Network transmission of sounds, images, signals and data; News agency services for electronic transmission; Operating of electronic communications networks; Operating of electronic communications systems; Operation of cellular communications systems; Operation of local area networks; Operation of telecommunications apparatus; Operation of telecommunications systems; Providing access to computer networks; Providing access to computer software; Providing access to databases; Providing access to information on the Internet; Providing access to information via data networks;

Providing access to information via the Internet; Providing access to multimedia content online; Providing access to online computer databases; Providing access to platforms and portals on the Internet; Providing access to telecommunication networks; Providing access to the Internet and other communications networks; Providing access to web portals; Providing access to websites on the Internet or any other communications network; Providing electronic telecommunication connections; Providing frame relay connectivity services for data transfer; Providing high speed access to computer and communication networks; Providing information about wireless communication; Providing information, including online, about telecommunications; Providing of access to telecommunication warehousing services; Providing telecommunication connections to the internet or databases; Providing telecommunications connections to a global communication network or databases; Providing third party users with access to telecommunication infrastructure; Providing user access to computer programmes in data networks; Providing user access to computer software in data networks; Providing user access to global computer network and online sites containing information on a wide range of topics; Providing user access to global positioning signals for navigation purposes; Providing virtual private network (VPN) services; Provision of access to an electronic on-line network for information retrieval; Provision of access to computer databases; Provision of access to data on communication networks; Provision of access to data or documents stored electronically in central files for remote consultation; Provision of access to data via the Internet; Provision of communications between computers; Provision of electronic communications facilities; Provision of electronic data links; Provision of email services; Provision of telecommunication connections to a global computer network; Provision of telecommunication facilities; Provision of user access to the internet; Remote transmission of data by means of telecommunications; Rental of access time to a computer database; Rental of access time to a database server; Rental of access time to databases; Rental of access time to global computer networks; Rental of communication apparatus and implements; Rental of

communications equipment; Rental of communications instruments; Rental of communications systems; Rental of data communication apparatus; Rental of data communications equipment; Rental of data communications installations; Rental of telecommunication apparatus; Rental of telecommunication devices and equipment enabling connection to networks; Rental of telecommunication facilities; Rental of telecommunications apparatus and installations; Rental of telecommunications routers; Satellite transmission of sounds, images, signals and data; Satellite transmission services; Secure e-mail services; Secure telecommunications [providing secure connections and access including to computers and the global computer network]; Signal transmission for electronic commerce via telecommunication systems and data communication systems; Streaming of audio, visual and audiovisual material via a global computer network; Streaming of data; Switching network services [telecommunications]; Telecommunication access services; Telecommunication gateway services; Telecommunications; Telecommunications services for the distribution of data; Telecommunications services provided via fiber optic, wireless and cable networks; Telecommunications services provided via the Internet, intranet and extranet; Transfer of data by telecommunications; Transfer of information and data via online services and the Internet; Transferring and disseminating information and data via computer networks and the Internet; Transmission and distribution of data or audiovisual images via a global computer network or the Internet; Transmission and reception of database information via telecommunication networks; Transmission of computerised data; Transmission of data; Transmission of data and information by computer and electronic communication means; Transmission of data by cable; Transmission of data by computer; Transmission of data by electronic means; Transmission of data via ISDN lines; Transmission of data via satellite; Transmission of data via the Internet; Transmission of data, audio, video and multimedia files, including downloadable files and files streamed over a global computer network; Transmission of data, messages and information; Transmission of data, sound and images by

satellite; Transmission of database information via telecommunications networks; Transmission of electronic mail; Transmission of information by computer; Transmission of information by data communications for assisting decision making; Transmission of information by electronic communications networks; Transmission of information by electronic means; Transmission of information on a wide range of topics, including online and over a global computer network; Transmission of information via computer networks; Transmission of information via national and international networks; Transmission of information via wireless or cable networks; Transmission of messages, data and content via the Internet and other communications networks; Transmission of stock market information with the help of telecommunication media; Transmission of videos, movies, pictures, images, text, photos, games, user-generated content, audio content, and information via the Internet; Video broadcasting; Video communication services; Video conference services [telecommunications services]; Video, audio and television streaming services; Web portal services [providing user access to global computer network]; Webcasting services; Wire service; Wireless broadcasting; Wireless communication services; Wireless electronic transmission of data; Wireless PBX services; Wireless transfer of data via digital mobile telephony; Wireless transfer of data via the Internet; Wireless transfer of data via wireless application protocols.

Class 39

Physical storage of electronically stored data or documents; Physical storage of electronically stored data, documents, digital photographs, music, images, video, and computer games; Physical storage of electronically stored digital data, photographs, audio and image files; Physical storage of electronically stored files and documents; Physical storage of electronically stored information; Providing information about temporary storage services; Providing information relating to storage services; Packaging and storage of goods; Transport; Travel arrangement; Collection of documents; Computerised distribution planning relating to transportation;

Computerised transport information services; Consultancy services relating to the distribution of electricity; Depository storage; Electricity storage; GPS navigation services; Information and advisory services in relation to the distribution of energy; Rental of warehouse space; Vehicle routing by computer on data networks; Bonded storage; Bonded warehousing; Warehousing.

Class 42

Design and development of computer hardware and software; Industrial analysis, industrial research and industrial design services; Quality control and authentication services; Administration of mail servers; Administration of user rights in computer networks; Advisory services in the field of product development and quality improvement of software; Advisory services relating to building design; Advisory services relating to computer hardware; Advisory services relating to computers; Advisory services relating to energy efficiency; Analysis and evaluation of product design; Analysis and evaluation of product development; Analysis of telecommunication signals; Application service provider [ASP] services; Authentication services for computer security; Authentication services for electronic documents and e-mail; Back-up of computer data; Backup services for computer hard drive data; Building design services; Cloud hosting provider services; Cloud storage services for electronic data; Cloud storage services for electronic files; Coding of messages; Commissioning [testing and inspection] services; Comparative analysis studies of the performance of computer systems; Compilation of computer programs; Compilation of data-processing programs; Compilation of web pages for the Internet; Compression of data for electronic storage; Computer advisory services; Computer analysis; Computer rental; Computer code conversion for others; Computer co-location services; Computer consultancy; Computer database design consultancy services; Computer design services; Computer disaster recovery planning; Computer disaster recovery services; Computer engineering; Computer firewall services; Computer forensic services; Computer hardware design; Computer

hardware development; Computer leasing; Computer network configuration services; Computer network design for others; Computer network services; Computer performance testing; Computer program advisory services; Computer program maintenance services; Computer program updating services; Computer project management in the field of EDP; Computer research services; Computer security consultancy; Computer security engineering; Computer security services [design and development of secure computer hardware, software and systems]; Computer security services [programming and software installation, repair and maintenance services]; Computer security services [testing and risk assessment of computer networks]; Computer security services for protection against illegal network access; Computer security services in the nature of administering digital certificates; Computer security threat analysis for protecting data; Computer services in the nature of hosting web sites for others; Computer software advisory services; Computer software development; Computer software installation and maintenance; Computer software integration; Computer software programming services; Computer software repair; Computer software research; Computer software technical support services; Computer software updating services; Computer systems design; Computer systems development; Computer time-sharing services; Computer virus protection services; Computerised business information storage; Computerised communication network security; Computerised data storage services; Configuration of computer firmware; Configuration of computer networks by software; Configuration of computer software; Configuration of computer systems and networks; Consultancy in the field of technological design; Consultancy in the field of technological research; Creating of computer programs; Creating programmes for data processing; Creating, maintaining, and updating computer software; Cross-platform conversion of digital content into other forms of digital content; Cryptocurrency mining; Cryptomining; Customization of computer software; Cybersecurity consultancy; Data conversion of computer programs and data, not physical conversion; Data conversion of electronic information; Data migration services; Data mining; Data security services [firewalls];

Database design and development; Debugging computer software for others; Decoding of data; Design and development of computer firmware; Design and development of computer peripherals; Design and development of computer software; Design and development of electronic database software; Design and development of energy distribution networks; Design and development of energy management software; Design and development of Internet security programs; Design and development of wireless computer networks; Design and development of wireless data transmission apparatus, instruments and equipment; Design and planning services relating to telecommunication equipment; Design of communication systems; Design of communications apparatus; Design of computer cluster configurations; Design of computer codes; Design of computer databases; Design of computer hardware; Design of computer languages; Design of computer peripherals; Design of computers; Design of diagnostic apparatus and equipment; Design of information systems; Design of telecommunications apparatus and equipment; Design of telecommunications installations; Maintenance, development and updating of computer software; Developing data feed formats featuring user-defined information; Developing of driver and operating system software; Development and creation of computer programmes for data processing; Development and maintenance of computer database software; Development of computer based networks; Development of computer codes; Development of computer hardware; Development of computer programs; Development of computer software; Development of computer software application solutions; Development of computer systems; Development of computers; Development of data processing programs by order of third parties; Development of energy and power management systems; Development of programmes for data processing; Development of software; Development of software for secure network operations; Development of systems for the processing of data; Development of systems for the storage of data; Development of systems for the transmission of data; Development services in the field of computer software and advisory services relating thereto; Development,

maintenance and updating of a telecommunication network search engine;
Development, updating and maintenance of software and database systems;
Diagnosis of computer hardware problems through the use of software; Diagnosis of faults in computer software; Digital compression of computer data; Digital signature verification services [electronic cryptology services]; Digital watermarking;
Digitization of documents [scanning]; Disaster recovery services for computer systems; Disaster recovery services for data communications systems; Document data transfer from one computer format to another; Duplication of electronic documents; Editing of computer programs; Electronic data backup services; Electronic data storage services; Electronic document duplicating; Electronic monitoring services being IT security services in the nature of protection and recovery of computer data; Electronic monitoring services for computer security services for protection against illegal network access; Electronic monitoring services for computer security threat analysis for protecting data; Electronic signature verification services [electronic cryptology services]; Electronic site authoring; Electronic storage of data; Electronic storage of digital audio files; Electronic storage of digital images; Electronic storage of digital music; Electronic storage of digital photographs; Electronic storage of digital video files; Electronic storage of documents and archived e-mails; Electronic storage of files and documents; Electronic storage of images; Electronic storage of videos; Electronic storage services for archiving databases, images and other electronic data; Electronic storage services for archiving electronic data; Engineering services in the field of communications technology; Engineering services relating to computer programming; Hiring of data processing apparatus; Hosting a website for the electronic storage of digital photographs and videos; Hosting an online website for creating and hosting micro websites for businesses; Hosting and rental of memory space for websites; Hosting internet sites for others; Hosting memory space on the Internet; Hosting of computerized data, files, applications and information; Hosting of customized web pages; Hosting of databases; Hosting of digital content on the Internet; Hosting of e-

commerce platforms on the Internet; Hosting of platforms on the Internet; Hosting of software as a service [SaaS]; Hosting of software for use in library management; Hosting of web portals; Hosting of weblogs; Hosting of websites; Hosting online web facilities for others; Hosting the web sites of others on a computer server for a global computer network; Implementation of computer programs in networks; Information security consultancy; Information services relating to computers; Information services relating to information technology; Information technology services; Information technology services provided on an outsourcing basis; Infrastructure as a service [IaaS]; Installation and maintenance of computer software; Installation and maintenance of database software; Installation of computer programs; Installation of computer software; Installation of database software; Installation of firmware; Installation of Internet access software; Installation of middleware; Installation of software; Installation, maintenance and repair of computer software; Installation, maintenance and repair of software for computer systems; Installation, maintenance and updating of computer software; Installation, maintenance and updating of database software; Installation, maintenance, updating and upgrading of computer software; Installation, repair and maintenance of computer software; Installation, repair and maintenance of firmware; Installation, repair and maintenance of middleware; Integration of computer systems and networks; Internet security consultancy; Leasing computer facilities; Leasing of computer apparatus; Leasing of computer equipment; Leasing of computer hardware; Leasing of computer programs; Leasing of computer software; Leasing of computers; Location of utility lines [mapping services]; Maintenance and repair of software; Maintenance and updating of software for communication systems; Maintenance of computer software relating to computer security and prevention of computer risks; Maintenance of software; Mapping services; Modifying of computer programs; Monitoring of computer systems by remote access; Monitoring of computer systems for detecting unauthorized access or data breach; Monitoring of computer systems to detect breakdowns; Monitoring of telecommunication signals; Network security services [testing and risk

assessment of electronic networks]; Off-site data backup; Online data storage; Online provision of web-based applications; Online provision of web-based software; Outsource service providers in the field of information technology; Packaging design; Preparation of reports relating to computer programs; Preparation of reports relating to computers; Preparation of technical reports; Preparation of technical studies; Preparation of technological reports; Preparation of technological research reports; Product design; Product research and development; Professional consultancy relating to computer security; Programming and software installation, repair and maintenance services; Programming of computer software for evaluation and calculation of data; Programming of computer software for reading, transmitting and organising data; Programming of data processing programs; Programming of EDP software; Programming of energy management software; Programming of Internet security programs; Programming of operating software for accessing and using a cloud computing network; Programming of operating software for computer networks and servers; Programming of software for database management; Programming of software for importing and managing data; Programming of telecommunications software; Providing computer facilities for the electronic storage of digital data; Providing electronic memory space on the Internet; Providing information about the design and development of computer software, systems and networks; Providing information in the field of computer software design; Providing information in the field of computer software development; Providing information, including online, about design and development of computer hardware and software; Providing user authentication services using single sign-on technology for online software applications; Providing virtual computer environments through cloud computing; Providing virtual computer systems through cloud computing; Provision of online non-downloadable software; Reconstitution of databases; Reconstruction of database systems for others; Recording data relating to energy consumption in buildings; Recovery of computer data; Remote computer backup services; Remote server administration; Rental and maintenance of computer software; Rental of a

database server to third parties; Rental of application software; Rental of computer apparatus; Rental of computer database software; Rental of computer equipment; Rental of computer firmware; Rental of computer hardware and computer peripherals; Rental of computer middleware; Rental of computer software and programs; Rental of computers and computer software; Rental of computers for data processing; Rental of data carriers; Rental of data centre facilities; Rental of data processing apparatus; Rental of data processing programs; Rental of data processing systems; Rental of database management software; Rental of information processing apparatus; Rental of Internet security programs; Rental of operating software for computer networks and servers; Rental of server memory space; Rental of software; Rental of software for data processing; Rental of software for importing and managing data; Repair of computer software; Repair of damaged computer programs; Research and development of computer software; Research in the field of computer programs and software; Research in the field of data processing technology; Research in the field of information technology; Research in the field of telecommunications technology; Research relating to data processing; Research relating to security; Research relating to technology; Research relating to telecommunication; Research relating to the development of computer programs and software; Research, development, design and upgrading of computer software; Security assessment services for computer networks; Security risk assessment services relating to computer systems; Server administration; Server hosting; Services for maintenance of computer software; Services for reproducing computer programs; Software authoring; Software creation; Software engineering; Software engineering services for data processing; Software maintenance services; Software research; Technical advisory services relating to computer programs; Technical data analysis services; Technical design and planning of telecommunications equipment; Technical design and planning of telecommunications networks; Technical design services relating to cooling appliances and installations; Technological analysis relating to energy and power needs of others; Technology consultation in the field of

artificial intelligence; Telecommunication network security consultancy;
Telecommunications engineering; Telecommunications technology consultancy;
Temporary electronic storage of information and data; Testing of computer
installations; Testing of computer programs; Testing of computer software; Testing,
analysis and monitoring of telecommunication signals; Translation of computer
programs; Troubleshooting in the nature of diagnosing server problems;
Troubleshooting of computer software problems; Updating and design of computer
software; Updating and maintenance of computer software; Updating of computer
programs; Updating of computer software relating to computer security and
prevention of computer risks; Updating of software; Updating of software for data
processing; Upgrading and maintenance of computer software; User authentication
services using blockchain technology; User authentication services using single sign-
on technology for online software applications; Verification of personal identification
[computer security]; Writing and updating computer software; Writing of computer
code; Writing of computer programs; Writing of data processing programs.

Goods and/or Services:

Class 06

Armoured steel; various and sundry metal hooks, namely, choker hooks, butt hooks, drawbar hooks, logging hooks, loading hooks, logging arch hooks, strawline hooks, guy line hooks, sling hooks; ferrules of metal, fixing brackets of metal; chains of metal; metal chain parts, namely, chain links, hinge links, repair links, connecting links, and splice links; metal log haul chains; clevises; metal swivels; hooks with chains of metal; hooks with clevis of metal; swivels with chains of metal; metal washers for conveying chain; metal rope sockets; anchor chains of metal; bolts of metal; ferrous metal castings and forgings, namely, wear-resistant ferrous alloys, corrosion-resistant ferrous alloys, and heat-resistant ferrous alloys; security closures.

Class 07

Agricultural, earthmoving, construction, and mining equipment; coupling systems (parts of machines) for excavators, earth-moving and construction machines and for earth moving equipment, loaders, lifters and other multi-purpose equipment of this kind, including for machines for structural engineering, civil engineering and mining,

other than for land vehicles; the aforesaid coupling systems, in particular in the form of mechanical quick-change devices, hydraulic quick-change devices and fully hydraulic quick-change devices; the aforesaid coupling devices being used in combination with attachments therefor, namely shears, concrete crushers, pulverisers, mixers, sieves, vibrators, compressors, milling cutters, cutters, choppers, stone laying equipment, excavator buckets, rear loader buckets, backhoe buckets, face shovels, rock buckets, trapeze buckets, ripper buckets, ditch-clearing buckets, ditch profile buckets, drainage buckets, ejector buckets, tilt buckets, excavator buckets, loader buckets, demolition buckets, bottom-dump buckets, rock loader buckets, light-cargo buckets; the aforesaid coupling devices being used in combination with attachments therefor, namely silage buckets, mining buckets, grading buckets, ejector buckets, high-tip buckets, dragline buckets, grippers, hammering tools, scrap shears, drilling tools, demolition tools, concrete repair tools, demolition arms, stone pincers, elevating apparatus, ripper teeth and clearing equipment, including for connection to pipes for media including water, oil, in particular hydraulic oil, current, pressurised air; adapters as part of coupling systems (machines), in particular being analogues relating to quick-change devices; excavating tools for use with earth working equipment and teeth therefor; sawmill equipment-namely, log haul slip liners [part of sawmill machines], log conveyor flights [part of sawmill machines], log haul chairs [part of sawmill machines], log conveyor chain, conveyor drums, log haul foot drums, log haul idler drums, and sawmill deck machinery and parts thereof; earth moving equipment of all kinds, in particular excavators being moveable machines, excavators being self-propelled machines, mini excavators, hydraulic excavators, cable excavators; parts and accessories for the aforesaid goods, in particular landing gears for excavator machines, diesel engines, electric motors, actuators, valves, cylinders for machines, hydraulic components namely, hydraulic machines and apparatus, hydraulic engines and motors, hydraulic tools; attachments and equipment for earth moving and construction machines and for earth moving equipment, loaders, lifting apparatus

and other multipurpose apparatus of this kind, namely ripping teeth; demolition and sorting grabs, root cutters, excavator buckets, rear loader buckets, backhoe buckets, face shovels, rock buckets, trapeze buckets, ripper buckets, ditch-clearing buckets, ditch profile buckets, drainage buckets, ejector buckets, tilt buckets, excavator buckets, loader buckets, demolition buckets, bottom-dump buckets, rock loader buckets, light-cargo buckets, silage buckets, mining buckets, grading buckets, ejector buckets, high-tip buckets, dragline buckets and chutes; excavator rakes, clearing rakes, rakes for rocks and boulders and brush rakes; excavator knives, shovel knives, straight knives, sharp knives, trapezoidal knives and gripper knives; quick-change devices being parts of the aforesaid equipment, forklift systems including lift frames and fork carrier and fork arms (other than forklift trucks) being parts of the aforesaid equipment; mechanical excavation equipment, namely buckets, backhoe buckets, scrapers and parts and fittings and accessories therefor; attachments for excavators; lips for the aforesaid buckets; bucket bases, bucket side parts and grab shells; clam shell and orange peel bucket, digging excavator teeth, excavator teeth, digging tooth points, dragline bucket rigging consisting of a chain and/or a clevis and/or a pulley (part of machines); rock crushing machinery, namely, crusher jaws, cone crushing mantles [machines], cone crusher concaves [machines], cylinder liners, grating machine for industrial use and other wear-resisting parts for rock crushing machines; attachments for excavators, bulldozers, snow ploughs, earth skimming machines and motor grader attachments, namely, wear resistant metal plates [parts of machines], cutting strips [parts of machines] specially adapted to be welded to excavator bucket and shovel teeth and tractor chain guards [parts of machines] to accord machines wear-resistant surfaces, shovels and cutting edges for loaders and excavators; moldboards for dozers and scrapers, rippers for dozers and graders, tool box rippers and rippers for excavators, dredge cutter components and digging teeth; excavator bucket thumbs, excavator couplers, hydraulic face shovel buckets and components being parts of the aforesaid equipment; blade corner bits for bulldozers and other earth moving machines; rotating and tilting

couplers; parts for excavators, hydraulic cranes; jibs, namely tilt rotators, gripper modules and valve closure [control] mechanisms for machines, engines or motors; chutes, bucket bases, bucket side parts and grab shells, excavator rakes, clearing rakes, rakes for rocks and boulders and brush rakes, excavator blades, bucket cutting blades, straight blades, pointed blades, trapezoidal blades and gripper blades, corner reinforcements specially adapted for machines, side cutters, steel plates with welded-on caps for protection against wear, cast steel lips and torpedo lips; shovel teeth, breaking teeth, rear digging teeth, grubbing teeth, light metal teeth, teeth inserts, torpedo conveyor teeth and ripper teeth, including welded-on points, sleeves, caps and securing devices for such teeth; excavator booms; demolition booms; bulldozer blades; clamshell grabs; dipper arms; controls (hydraulic -) for machines, motors and engines; hydraulic torque convertors; hydraulic drives for excavators and excavator attachments; hydraulic controls for motors; process control instruments [hydraulic]; valve for hydraulic couplings; hydraulic valves; couplings of metal for hydraulic apparatus; safety couplings [other than for land vehicles]; safety couplings for machines; metal safety valves [parts of machines]; hydraulic and mechanical safety locking devices for coupling systems (parts of machines) for excavators, earth-moving and construction machines and for earth moving equipment, loaders, lifters and other multi-purpose equipment of this kind, including for machines for structural engineering, civil engineering and mining, other than for land vehicles; hydraulic and mechanical safety monitoring apparatus [parts of machines]; hydraulic and mechanical safety apparatus and instruments [parts of machines].

Class 09

Conduit couplings [electric]; electric couplings; computer programs, transferrable online between computers; computer programs for controlling and/or maintenance of machines and apparatus for mining, earth works, earth moving, construction, metal working and including for land vehicles; visual sensing apparatus for inspection purposes and electronic machines for image processing investigation [scientific

research] and parts thereof through the use of greyscale comparisons; electronic identification machines and apparatus for laser marking, other than for medical purposes; machines and apparatus for telecommunications and optoelectronic communications; optical character readers with solid-state lasers; radar apparatus for determining and/or identifying objects lying under the surface; parts and fittings for the aforesaid goods; all included in this class; electric safety locking devices for coupling systems (parts of machines) for excavators, earth-moving and construction machines and for earth moving equipment, loaders, lifters and other multi-purpose equipment of this kind, including for machines for structural engineering, civil engineering and mining, other than for land vehicles; safety monitoring apparatus [electric]; electric and electronic security apparatus and instruments.

Class 12

Transmission components, including motors and engines for land vehicles; parts and fittings for vehicles with a connection for media including water, oil, in particular hydraulic oil, power and compressed air, and a coupling device for connection to pipes for media for vehicles and apparatus for locomotion on the land, in the air or on water; parts and fittings for land vehicles; coupling systems for land vehicles for connection to pipes and media including water, oil, in particular hydraulic oil, current, pressurised air; the aforesaid goods in particular in combination with quick-change devices and attachments therefor, namely shears, concrete crushers, pulverisers, mixers, sieves, vibrators, compressors, milling cutters, cutters, chaff cutters, stone laying equipment, excavator buckets, rear loader buckets, backhoe buckets, face buckets, rock buckets, trapeze buckets, ripping buckets, ditch-clearing buckets, ditch profile buckets, drainage buckets, ejector buckets, tilt buckets, excavator shovels, loader shovels, demolition shovels, rock loader shovels; the aforesaid goods in particular in combination with quick-change devices and attachments therefor, namely lightweight shovels, silo shovels, mining shovels, sorting shovels, ejector shovels, tipping loader shovel, dragline shovels, grippers, hammer tools, concrete

shears, drills, demolition tools, concrete repair tools, demolition equipment, concrete repair equipment, demolition arms, rock pincers, hoisting equipment, ripping teeth and uprooter; forklift equipment namely forklift trucks, loading apparatus [forklift trucks], vehicles incorporating lifting frames, fork carriers and fork tines; discs for clutch thrust bearings of land vehicles; clutch cylinders for land vehicles; tow bars for trailers; clutch levers for land vehicles; couplings for land vehicles; couplings and transmission components for land vehicles; clutch mechanisms for motor cars; hydraulic connectors for vehicles; hydraulic clutches for land vehicles; couplings for use with clutches for land vehicles; hydraulic couplings for land vehicles.

Class 37

Repair, maintenance and overhaul of mechanical equipment for use in agriculture, for earthworks, for building construction and mining extraction and for vehicles, including the regeneration (repair) of axes, crane wheels, rollers, shafts, laminating and similar components of the aforesaid attachments and equipment; repair and maintenance of couplings for land vehicles; rebuilding of clutches; consultancy relating to the maintenance and repair of excavator attachments and excavators; maintenance and repair of construction equipment, excavators, earth-moving machines, construction machines, mining machines and equipment, civil engineering machines and equipment; rental of bulldozers; rental of excavators; rental of construction equipment; information concerning rental of equipment for constructions and buildings; rental of mining machines and apparatus; providing information relating to the rental of mining machines and apparatus; building construction; repair, servicing and maintenance of vehicles and apparatus for locomotion by land; repair or maintenance of construction machines and apparatus; providing operational status information regarding construction machines and apparatus; providing information regarding maintenance of construction machines and apparatus; repair or maintenance of loading-unloading machines and apparatus; repair and maintenance of civil engineering machines and apparatus; providing operational

status information regarding civil engineering construction machines and apparatus; providing information regarding maintenance of civil engineering machines and apparatus; maintenance of mining machines and apparatus; providing operational status information regarding mining machines and apparatus; providing information regarding maintenance of mining machines and apparatus; motor vehicle maintenance.

Electric cordless sweepers; rechargeable sweepers; vegetable shredders for household purposes; coffee grinders, other than hand-operated; electric fruit squeezers; electric coffee grinders; dishwashers for household purposes; washing machines [laundry]; dry-cleaning machines; butter machines; centrifugal mills; ironing machines; sewing machines for household purposes; kitchen machines, electric; meat cutting machines for household purposes; wringing machines for laundry; curtain drawing devices, electrically operated; shoe polishers, electric; 3d printers; 3d printing pens; vegetable spiralizers, electric; automatic vacuum cleaners; mixing machines; rotary steam presses, portable, for fabrics; industrial robots; waste disposal units; air filters for automobile engines; radiators [cooling] for automobile

engines; exhaust gas recirculation valves being parts of automobile motors; mufflers for automobile engines; door closers, electric; door openers, electric; window openers, electric; window closers, electric; washing installations for vehicles; air filters [parts of engines]; diesel oil filters [parts of engines]; fuel filters for vehicle engines; oil filters for motors and engines; sparking plugs not for land vehicles; sparking plugs for automotive engines; sparking plugs for internal combustion engines; starters for motors and engines; automotive engine blocks; fuel injection systems for engines; engine cooling radiators; cooling water tanks for automobile engines; water pipes being parts of cooling radiators for automobile engines; hoods being parts of cooling radiators for automobile engines; cooling fans for automobile engines; cooling fan housings for automobile engines; fan clutches for automotive engine cooling; intake and exhaust pipes adapted for use with mufflers for automobile engines; pistons for automobile engines; engine cylinders; crankshafts for automobile engines; camshafts for automobile engines; push rods for motors and engines; oil pumps for automobile engines; bicycle dynamos; dynamos; guides for machines; ejectors; fuel injectors for land and water vehicle engines; oil pumps for automobiles; lubricating pumps; gasoline pumps for automobile engines; high-pressure pumps for washing appliances and installations; catalytic converters; injectors for engines; ignition coils for automotive engines; igniting devices for internal combustion engines; ignition devices for motors of land vehicles; compressors for air conditioners; hand-held hydraulic tools; hydraulic machines; hydraulic torque wrenches; hydraulic engines and motors; hydraulic controls for machines, motors and engines; aerocondensers; air condensers; air compressors for vehicles; compressed air pumps; piston rings being engine parts; pistons for engines; pistons [parts of machines or engines].

Class 09

Data processing apparatus; computers; computer programs, recorded; computer operating programs, recorded; processors [central processing units]; notebook

computers; pocket calculators; computer programs, downloadable; interactive touchscreen terminals; tablet computers; encoded key cards; network servers; local area networks servers; computer network servers; internet servers; radios; intercommunication apparatus; navigational instruments; radar apparatus; vehicle radios; global positioning system [GPS] apparatus; smartphones; mobile telephones; cell phones; network communication devices; cabinets for loudspeakers; loudspeakers; headphones; head-up display apparatus for vehicles; smart speakers; rearview cameras for vehicles; sound recording apparatus; humanoid robots having communication and learning functions for assisting and entertaining people; dashboard cameras; car stereos; cameras [photography]; speed measuring apparatus [photography]; holographic projection apparatus; mini projectors; digital projectors; multimedia projectors; projection apparatus; slide projectors; projection screens; screens [photography]; automatic indicators of low pressure in vehicle tyres; steering apparatus, automatic, for vehicles; thermostats for vehicles; voltage regulators for vehicles; integrated circuits; transformers [electricity]; sensors; fluorescent screens; video screens; electronic numeric displays; remote control apparatus; accumulators, electric, for vehicles; batteries, electric, for vehicles; battery chargers; charging stations for electric vehicles; chips [integrated circuits]; electronic key fobs being remote control apparatus; mobile power supply [rechargeable batteries]; computer software applications, downloadable; humanoid robots with artificial intelligence for use in scientific research; downloadable mobile phone software applications; computer software platforms, recorded or downloadable; flat panel display screens; liquid crystal display [LCD] screens; digital voice signal processors; light-emitting electronic pointers; radio receivers; terminals for radiotelephones; telecommunications transmission equipment; telephone connectors; electronic navigational and positioning apparatus and instruments; car televisions; electronic navigational instruments; navigational apparatus for automobiles; satellite navigation devices; remote radio navigation instruments; navigation apparatus for vehicles [on-board computers]; satellite navigational apparatus; portable media

players; apparatus for wireless transmission of acoustic information; earphones; personal headphones for use with voice transmission devices; virtual reality headsets; devices for playing sound and image carriers; speed indicators; logs [measuring instruments]; alarms; digital sound processors; computer hardware; computer memory devices; integrated circuit cards [smart cards]; transponders; smartglasses [data processing apparatus]; smartwatches [data processing apparatus]; smart rings (data processing apparatus); monitoring apparatus, other than for medical purposes; video monitors; connected bracelets [measuring instruments]; transmitters of electronic signals; transmitting sets [telecommunication]; gas testing instruments; modems; camcorders; black boxes [data recorders]; digital weather stations; biochips; infrared detectors; security tokens [encryption devices]; fingerprint identifiers; face recognition equipment; program-controlled telephone switching equipment; air analysis apparatus; materials for electricity mains [wires, cables]; electronic chips; wearable computers; telecommunication apparatus in the form of jewellery; security surveillance robots; intercoms; digital door locks; central alarms; electric locks for vehicles; locks, electronic; radio-frequency controlled locks; battery charging devices for motor vehicles; vehicle-mounted video recorder; wearable activity trackers; computer software, recorded; computer programs [downloadable software]; digital signal processors; memory devices for use with data processing apparatus; central processors for processing information, data, sound and images; memory modules; optical disk drives; mobile applications for booking taxis; audio speakers for automobiles; cameras; speed checking apparatus for vehicles; apparatus for testing vehicle brakes; tyre pressure gauges; liquid crystal display screens; lithium secondary batteries; battery boxes; chargers for electric accumulators; battery separators; accumulators, electric; spark plug gap gauges; acceleration sensors; oil level sensors; pressure sensors; infrared sensors; temperature sensors; parking sensors for vehicles; starter cables for motors; parking meters; flowmeters; gas flow meters; gas flow monitors; ignition batteries; battery jars; battery detectors; in-car telephone handset cradles; gear measuring tools;

vehicle dipsticks; vehicle breakdown warning lamps; apparatus for testing vehicle transmissions; measuring apparatus; vehicle drive training simulators; computerized vehicle engine analysers; mileage recorders for vehicles; simulators for the steering and control of vehicles; power adapters for use in vehicle lighter sockets; remote controls for operating vehicle alarms; diesel injector testers; speedometer testers; brake fluid testers; coolant-temperature sensors; filters for optical devices; engine hour meters; breathing apparatus for underwater swimming.

Class 11

Light projectors; lighting apparatus and installations; lights for vehicles; headlights for automobiles; bicycle lights; light bulbs for directional signals for vehicles; motorcycle lights; vehicle headlights; vehicle reflectors; lighting apparatus for vehicles; lights for automobiles; running lights for vehicles; germicidal lamps for purifying air; ultraviolet ray lamps, not for medical purposes; air cooling apparatus; air reheaters; air filtering installations; air conditioners for vehicles; heaters for vehicles; automotive engine preheaters; anti-glare devices for vehicles [lamp fittings]; directional lights for bicycles; ventilation [air-conditioning] installations for vehicles; air-conditioning installations; light bulbs; lamps; table lamps; air purifiers; heaters for baths; electric water purifiers for household purposes; autoclaves, electric, for cooking; microwave ovens [cooking apparatus]; bread baking machines; kettles, electric; electric stew pot; induction cookers; electric cookers; electrically heated mugs; refrigerators; electric fans; hair dryers; humidifiers for household use; solar furnaces; automatic faucets; toilets [water-closets]; toilet seats; bathroom heaters; water filtering apparatus; electrically heated cushions, not for medical purposes; shoe sterilizers for household purposes; electric cooking ovens for household purposes; street lamps; deep fryers, electric; food steamers, electric; air fryers; thermo-pots, electric; coffeepots, electric; coffee machines, electric; electric cooking stoves for household purposes; household fuel stoves; laundry dryers, electric; fabric steamers; air dryers; anion generating humidifiers; ceiling fans; air conditioners; air-conditioning fans; air purifiers for

automobiles; toilet bowls; electric hot air hand dryers; drinking water dispenser; electric torches; extractor hoods for kitchens; air conditioning apparatus for vehicles; defrosting apparatus for vehicles; ceiling lights; night lights; soya milk making machines, electric; garment steamers; electric kettles for household purposes; brake lights for vehicles; lamps for vehicles generators; whirlpool-jet apparatus; filters for air conditioning; defrosters for vehicles; cooling installations for liquids; air sterilizing apparatus; air conditioning installations for vehicles; vehicle-mounted air purifying apparatus; fans [air-conditioning]; air purifying apparatus and machines; coffee makers, electric.

Class 12

Electric vehicles; motorcycles; sports cars; vehicles for locomotion by land, air, water or rail; automobiles; cars; driverless cars; autonomous cars; motor racing cars; robotic cars; battery powered transfer carts; automobile chassis; motors, electric, for land vehicles; engines for land vehicles; rearview mirrors; automobile bodies; autonomous land vehicles; horns for automobiles; vehicle chassis; windshields; windscreens; undercarriages for vehicles; automobile seats; headrests for automobile seats; head-rests for vehicle seats; vehicle seats; steering wheels for vehicles; delivery drones; helicams; pilotless aircraft; automatically guided [driverless] material handling trucks; electric bicycles; self-balancing boards; balance weights for vehicle wheels; brake sets for vehicles; alarm devices for vehicles; anti-glare devices for vehicles; anti-dazzle devices for vehicles; vehicle bumpers; upholstery for vehicles; side view mirrors for cars; hybrid vehicles; reversing alarms for vehicles; self-balancing scooters; electric unicycles; self-balancing one-wheeled electric scooters; vehicle anti-theft devices; electric reversing alarms for vehicles; electric anti-theft devices for vehicles; self-balancing two-wheeled electric scooters; bicycles; push scooters [vehicles]; pushchairs; remote control vehicles, other than toys; electric wheelchairs; mopeds; self-balancing one-wheeled scooters; camera drones, other than toys; camera drones; electrically operated scooters; electric cars; window

rain guards for automobiles; brake linings for land vehicles; brake segments for motor vehicles; brakes for motor cars; brake pads for automobiles; brake pads for vehicles; brake cables for vehicles; brake discs for vehicles; brakes for vehicles; gasoline engines for land vehicles; diesel engines for land vehicles; jet engines for land vehicles; engine mounts for land vehicles; horns for vehicles; spare tyre carriers for vehicles; inner tubes for vehicle tyres; repair outfits for inner tubes; tyres for vehicle wheels; airbags for vehicles; vehicle windscreens; covers for vehicle steering wheels; child safety seats for use in vehicles; fitted seat covers for vehicles; axles for air suspension systems in vehicles; air pumps [vehicle accessories]; non-skid devices for vehicle tyres; hubs for vehicle wheels; seat covers for vehicles; side view mirrors for vehicles; vehicle joysticks; cup holders for vehicles; anti-theft alarms for vehicles; windscreen wipers for automobiles; windshield wipers; headlight wipers; hydraulic circuits for automobiles; air springs, being vehicle suspension components for driver's seats and cabs shock absorbing; gear boxes for automobiles; sun-blinds adapted for automobiles; caps for vehicle fuel tanks; dashboards for automobiles; automobile doors; torsion bars for automobiles; mudguards for automobiles; upholstery for automobiles; cup holders for use in vehicles; clutches for land vehicles; self-generating electric locomotives [diesel-electric locomotives]; automobile windshield sunshades.

Class 37

Vehicle polishing; anti-rust treatment for vehicles; maintenance services; installation, repair and maintenance of computers and computer peripherals; heating equipment installation and repair; electric appliance installation and repair; installation and repair of air-conditioning apparatus; kitchen equipment installation; installation, maintenance and repair of computer hardware; installation and maintenance of sanitary apparatus; installation and maintenance of bathing apparatus; installation and maintenance of illuminating apparatus; burglar alarm installation and repair; motor vehicle maintenance and repair; vehicle greasing; vehicle service stations

[refuelling and maintenance]; vehicle breakdown repair services; vehicle battery charging; repair and maintenance of electric vehicles; vehicle washing; rebuilding engines that have been worn or partially destroyed; repair or maintenance of power generators; repair or maintenance of mechanical parking devices; repair or maintenance of cleaning devices for vehicles; consultancy services for repair of vehicles; vehicles repair services; maintenance and repair of vehicles; vehicle maintenance; repair of air filters; varnishing.

Class 39

Providing road and traffic information; transport information; management of vehicular traffic flow through advanced communications network and technology; aeronautical radio navigation services; navigation services; rental of navigational systems; GPS navigation services; rental of GPS equipment for navigational purposes; car sharing services; physical storage of electronically stored data or documents; delivery of goods; escorting of travellers; arranging of transportation for travel tours; providing driving directions for travel purposes; providing information about travel, via the Internet; arranging of passenger transportation services for others via an online application; provision of travel information.

Class 42

Computer programming; computer software design; updating of computer software; consultancy in the design and development of computer hardware; creating and maintaining websites for others; installation of computer software; providing virtual computer systems through cloud computing; cloud computing; server hosting; software as a service [SaaS]; platform as a service [PaaS]; development of computer platforms; rental of web servers; technological research; machine functionality testing; vehicle roadworthiness testing; research and development of new products for others; image processing software design; design and development of software for instant messaging; computer network configuration services; product safety testing services;

scientific research and development; design of telecommunications equipment and components; design and development of multimedia products; computer system design; conversion of data or documents from physical to electronic media; conversion of computer programs and data, other than physical conversion; computer software consultancy; electronic data storage; providing information relating to computer technology and programming via a website; computer technology consultancy; software development in the framework of software publishing; design and development of databases; writing of data processing programs; maintenance and updating of computer software; computer-aided graphic design; creation, design and maintenance of websites; design and development of wireless computer networks; data conversion of electronic information; design and development of virtual reality software; developing of driver and operating system software; research and development of computer software; database development services; updating and maintenance of computer software; installation, maintenance and repair of computer software; computer systems integration services; computer software design and development; computer software installation and maintenance; computer software design for others; consultancy services in software development and quality improvement; writing and updating of computer software; website usability testing services; electronic storage services for archiving electronic data; development of software for secure network operations; product quality testing; quality evaluation of products; quality control of goods and services; consultancy services in the field of technological development; mechanical research in the field of motor sports; scientific laboratory services; quality system certification; calibration services; automotive design; chemical research and analysis; information technology consultancy; creating and designing website-based indexes of information for others [information technology services].
