General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

Goods and/or Services:

Class 06

Steel, unwrought or semi-wrought; aluminium; iron, unwrought or semi-wrought; common metals, unwrought or semi-wrought; aluminium foil; foils of metal for wrapping and packaging; metals in powder form; steel sheets; armor-plating of metal; sheets and plates of metal; fittings of metal for building; reinforcing materials of metal for building; building materials of metal; cladding of metal for building; bindings of metal; hardware of metal [small]; ironmongery; containers of metal for storing acids; baskets of metal; packaging containers of metal; boxes of common metal; closures of metal for containers; stain-preventing sheets of aluminum, attached to walls around of gas cooking ovens, electromagnetic induction cookers or other cooking heaters; standing stain-preventing panels of metal, for use with gas cooking ovens, electromagnetic induction cookers or other cooking heaters; stain-preventing aluminium panels and foils shaped like a mat for use on gas cooking ovens, electromagnetic induction cookers or other cooking heaters; stain-preventing mats or sheets made of aluminium foil for use on gas cooking ovens, electromagnetic

induction cookers or other cooking heaters; common metals and their alloys, ores; metal materials for building and construction; transportable buildings of metal; non-electric cables and wires of common metal; small items of metal hardware; metal containers for storage or transport; safes; sealing tapes of aluminium for gaps between sink cabinets and ranges; aluminum foil for cooking or preserving foods for household purposes; protective boards of metallic foils for kitchen worktops (for kitchen purposes); protective boards of steel plates with resin for kitchen worktops (for kitchen purposes) in order to protect from dirt and heat.

Class 10

Medical apparatus and instruments; respiratory masks for artificial respiration; dental apparatus and instruments; gloves for medical purposes; furniture especially made for medical purposes; masks for use by medical personnel; sanitary masks for medical purposes; respirator (mask) for medical purpose; orthopaedic articles; surgical, medical, dental and veterinary apparatus and instruments; artificial limbs, eyes and teeth; orthopaedic articles; suture materials; therapeutic and assistive devices adapted for persons with disabilities; massage apparatus; apparatus, devices and articles for nursing infants; sexual activity apparatus, devices and articles.

Class 11

Cooking utensils, electric; cooking stoves; cookers; cooking apparatus and installations; kitchen ranges [ovens]; refrigerating cabinets; refrigerating apparatus and machines; refrigerators; ventilation hoods; filters for air conditioning; air-conditioning installations; air filtering installations; air purifying apparatus and machines; fans [parts of air conditioning installations]; ventilation [air-conditioning] installations and apparatus; air sterilisers; extractor hoods for kitchens; electric fans for personal use; humidifiers; exhaust fans for kitchen; heating apparatus; water supply installations; heating installations; sanitary apparatus and installations; sinks;

disinfectant apparatus; water filtering apparatus; filters for drinking water; water purifying apparatus and machines; sterilizers; stain-preventing filters for ventilation fans or range hoods; filters for air purifiers; filters for ventilation fans; stain-preventing filters for air conditioners; apparatus and installations for lighting, heating, cooling, steam generating, cooking, drying, ventilating, water supply and sanitary purposes; Covers for electromagnetic cookers, in the nature of stain-preventing fiber glass mats or glass covers for covering electromagnetic induction cookers; Covers for cooking appliances, in the nature of stain-preventing panels of glass with stands for covering gas cooking ovens, electromagnetic induction cookers or other cooking heaters; covers adapted for stove; stain-preventing covers for stove.

Class 16

Filter paper; filtering materials of paper; hygienic paper; handkerchiefs of paper; tablemats of paper; table napkins of paper; towels of paper; paper wipes for cleaning; cardboard; labels of paper or cardboard; adhesive tapes for stationery or household purposes; books; printed publications; periodicals; silver paper; bags [envelopes, pouches] of paper or plastics, for packaging; garbage bags of paper or of plastics; bags for microwave cooking; absorbent sheets of paper or plastic for foodstuff packaging; humidity control sheets of paper or plastic for foodstuff packaging; packing [cushioning, stuffing] materials of paper or cardboard; plastic film for wrapping; food wrapping plastic film; sheets, bags or containers of paper for cooking or preserving foods; adhesive tapes used for waterproofing, stain-preventing or gap/joint filling of kitchen utensils such as gas cooking ovens, kitchen sinks and kitchen worktops (for household purposes); food containers made of paper lined with plastic film, used for separation of foods in lunch boxes or other tableware; food containers made of paper, used for separation of foods in lunch boxes or other tableware; paper and cardboard; printed matter; bookbinding material; photographs; stationery and office requisites, except furniture; adhesives for stationery or household purposes; drawing materials and materials for artists; paintbrushes;

instructional and teaching materials; plastic sheets, films and bags for wrapping and packaging; printers' type, printing blocks.

Class 17

filtering materials of polyester for air vent filter of ventilator; plastic film, other than for wrapping; plastic substances, semi-processed; adhesive tapes, other than stationery and not for medical or household purposes; self-adhesive tapes, other than stationery and not for medical or household purposes; anti-dazzle films for windows [tinted films]; substances for insulating buildings against moisture; weatherstripping; sealant compounds for joints; non-conducting materials for retaining heat; insulators; padding materials of rubber or plastics; plastic film for gaps between sink cabinets and ranges; unprocessed and semi-processed rubber, gutta-percha, gum, asbestos, mica and substitutes for all these materials; plastics and resins in extruded form for use in manufacture; packing, stopping and insulating materials; flexible pipes, tubes and hoses, not of metal; stain-preventing sheets of plastic film, attached to walls around gas cooking ovens, electromagnetic induction cookers or other cooking heaters; stain-preventing sheets of plastic film for sink cabinets.

Class 18

Shopping bags; bags; pouches for holding make-up, keys and other personal items; leather and imitations of leather; animal skins and hides; luggage and carrying bags; umbrellas and parasols; walking sticks; whips, harness and saddlery; collars, leashes and clothing for animals.

Class 19

Filters not of metal, as a specially adapted component for insect screens for use in keeping out of pollen and dust; linoleum floorboards [building material]; linoleum tiles [building material]; linoleum wallboards [building material]; plastic building materials; synthetic flooring materials or wall-claddings; asphalt, and asphalt building or construction materials; rubber building or construction materials; plaster [for building

purposes]; lime building or construction materials; building or construction materials of plaster; ducts, not of metal, for ventilating and air-conditioning installations; building materials, not of metal; materials, not of metal, for building and construction; rigid pipes, not of metal, for building; asphalt, pitch, tar and bitumen; transportable buildings, not of metal; monuments, not of metal.

Class 21

Bottles; pots; utensils for household purposes; paper plates; containers for household or kitchen use; kitchen containers; reusable silicone food covers; closures for pot lids; pot lids; kitchen utensils; hot pots, not electrically heated; disposable aluminum foil containers for household purposes; glasses [receptacles]; household glassware (including cups, plates, pots and jugs); dishware; drinking vessels; thermally insulated containers for food; heat-insulated containers for beverages; heat-insulated containers; isothermic bags; cold packs for chilling food and beverages; covers adapted for dripping pans; food containers made of aluminum foil, used for separation of foods in lunch boxes or other tableware; place mats of metallic foils for kitchen worktops (for kitchen purposes); place mats of steel plates with resin for kitchen worktops (for kitchen purposes); household or kitchen utensils and containers; cookware and tableware, except forks, knives and spoons; combs and sponges; brushes, except paintbrushes; brush-making materials; articles for cleaning purposes; unworked or semi-worked glass, except building glass; glassware, porcelain and earthenware; food containers made of plastic film, used for separation of foods in lunch boxes or other tableware.

Communications servers [computer hardware]; Computer apparatus for processing data; Computer apparatus for the control of data; Computer apparatus for the storage of data; Computer apparatus for transmitting data; Computer chipsets for use in transmitting data to and from a central processing unit; Computer controlled apparatus for furnishing voice responses to data inputs; Computer controlled workstations for data entry; Computer data in recorded form; Computer data input apparatus; Computer data input devices; Computer data interchange apparatus; Computer data storage apparatus; Computer databases; Computer installations for the communication of data; Computer installations for the processing of data; Computer installations for the storage of data; Computer interface units for translating data; Computer network routers; Computer network server; Computer networks for the communication of data; Computer networks for the processing of data; Computer networks for the storage of data; Computer programmes for data

processing; Computer programs for connecting remotely to computers or computer networks; Computer programs for data processing; Computer programs for processing data; Computer programs for providing a graphical presentation of data; Computer programs for scientific data analysis; Computer programs for the analysis of data processing efficiency; Computer programs for the analysis of data processing performance; Computer programs for the analysis of data processing procedures; Computer programs for use in database management; Computer programs recorded on data carriers; Computer programs recorded on data storage materials; Computer programs, downloadable; Computer programs, recorded; Computer related data communication apparatus; Computer servers; Computer software for application and database integration; Computer software for authorising access to databases; Computer software for controlling and managing access server applications; Computer software for database management; Computer software programs for database management; Computer software to automate data warehousing; Computer software to enable searching and retrieval of data; Computer software to enable searching of data; Computer utility programs for data compression; Computers for use in data management; Connecting devices for data collection; Connecting devices for data transfer; Consoles for use with data processing apparatus; Control apparatus for the management of data communication installations; Control programs for data terminals; Couplers [data processing equipment]; Data access apparatus for use in accessing stored information; Data acquisition apparatus; Data acquisition instruments; Data banks; Data buffers; Data bus interface units; Data carriers; Data carriers bearing computer programmes; Data carriers bearing machine readable data; Data carriers equipped with governing programs; Data carriers for computers having software recorded thereon; Data carriers for electronic data processing; Data carriers for use with data processing apparatus; Data carriers incorporating computer programs; Data carriers incorporating machine readable data; Data communications apparatus; Data communications hardware; Data communications installations; Data communications

instruments; Data communications receivers; Data communications software; Data handling apparatus; Data handling installations; Data information processing apparatus; Data information processing units; Data loggers; Data logging apparatus; Data memories; Data meters; Data networks; Data processing apparatus; Data processing components; Data processing devices; Data processing equipment; Data processing information carriers; Data processing installations; Data processing instruments; Data processing machines; Data processing programs; Data processing software; Data processing systems; Data processing terminals; Data processing units; Data processors; Data processors for business data; Data programmes; Data protection backup units; Data receivers; Data recorded electronically; Data recorded electronically from the internet; Data recorded in electronic form; Data retrieval apparatus; Data security apparatus; Data security instruments; Data sets, recorded or downloadable; Data storage apparatus; Data storage devices; Data storage installations; Data storage instruments; Data storage machines; Data switches; Database management software; Database programs; Databases; Electric apparatus for data processing; Electric apparatus for storing computer data; Electric devices for transmission of data between computers; Electric devices for transmission of data between microprocessors; Electrical apparatus for data acquisition; Electrical apparatus for recording data; Electrical apparatus for the input of data; Electrical apparatus for the output of data; Electrical apparatus for use in the encoding of data; Electrical communication apparatus for transmitting data; Electrical devices for storage of data; Electrical devices for transmission of data; Electrical units for data conditioning; Electrically recorded data for computers; Electronic apparatus for data processing; Electronic apparatus for manipulating data; Electronic apparatus for relaying data; Electronic apparatus for the transmission of data; Electronic data apparatus for use with computers; Electronic data carriers; Electronic data collection apparatus; Electronic data communications apparatus; Electronic data communications installations; Electronic data processing apparatus; Electronic data processing devices; Electronic data processing equipment; Electronic data

processing installations; Electronic data processing machines; Electronic databases recorded on computer media; Electronic devices for data processing; Electronic devices for the transmission of data between computers; Electronic devices for the transmission of data between microprocessors; Electronic devices for transmitting data; Electronic industrial network apparatus for high speed data transmission; Electronic instruments for the receiving of data; Electronic mail servers; Electronic memories for the control of computer data; Electronic memories for the input of computer data; Electronic memories for the output of computer data; Electronic memories for the storage of computer data; Electronic remote data transfer apparatus; Electronic telecommunications apparatus; Encoded programmes for data processing apparatus; Expandable data processing apparatus; External storage apparatus for use with data processing apparatus; Flat screens for electronic data processing apparatus; Hard discs for electronic data processing; High speed data transmission apparatus; Information storage devices for use in data processing apparatus; Instruction programmes for the processing of data; Instruction programmes for the storage of data; Instruments for electronic data processing; Instruments for the recording of data; Integrated circuit cards for bearing stored data; Integrated data processing installations; Interactive data transfer apparatus; Internet servers; Intranet servers; Laboratory data processing apparatus; Local area networking apparatus for the switching of data; Local area networking apparatus for the transmission of data; Magnetic data media; Magnetic data memories; Magnetic data recording apparatus; Magnetic data storage materials; Magnetic media for the handling of data; Magnetic media for the storage of data; Memories for data processing equipment; Memory devices for use with data processing apparatus; Microchips for recording data; Microcircuit data carriers; Mobile communication terminals; Mobile computers; Mobile data apparatus; Mobile data communications apparatus; Mobile data instruments; Mobile data receivers; Multiplexers for bearing data; Multiplexers for use in the alternate transmission of data; Network access server hardware; Network access server operating software; Network routers;

Network servers; Operating software for network access servers; Operator controlled electrical data-interface apparatus; Portable electronic apparatus for the analysis of machine data; Portable electronic apparatus for the collection of machine data; Private automatic branch exchanges for data; Processing programmes recorded on data carriers; Program carriers for electronic data processing apparatus; Programs for data-processing; Programs for processing data on computers; Programs for use with data processors; Readers [data processing equipment]; Real-time data processing apparatus; Recorded data files; Recorded data, encoded; Recording materials for the storage of data, magnetic; Remote data gathering apparatus; Remote data processing apparatus; Repeaters for use in data networking; Scanners [data processing equipment]; Scanners for entering data into computers; Sensors for real time data input apparatus; Sensors for real time data output apparatus; Servers for web hosting; Solid-state electrical apparatus for storing computer data; Solid-state electronic data storage materials; Storage apparatus for computer data; Storage materials for data in electronic form; Storage materials for data in magnetic form; Synchronous data communications apparatus; Synchronous data units; Synchronous data-link control adaptors; Telecommunications apparatus for transferring data to computers; Telecommunications apparatus for transmitting data for use with computers; Terminals for data processing; Terminals for remote data processing; USB wireless routers; VPN [virtual private network] hardware; VPN [virtual private network] operating software; WAN [wide area network] hardware; WAN [wide area network] operating software; Watches that communicate data to smartphones; Wide area network (WAN) routers; Wire free data transmission apparatus; Wireless routers; Access control cards, encoded or magnetic; Access interfaces for managed private circuit networks; Actuators [electric switches]; Add-in cards for micro computers; Alarm central units; Alarm control apparatus; Alarm devices, other than for vehicles; Alarm installations; Alarm instruments, other than for vehicles; Alarm management apparatus; Alarm management installations; Alarm monitoring systems; Alarm systems; Anti-spyware software, downloadable; Anti-virus

software, downloadable; Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; Apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; Apparatus designed to control the performance of apparatus; Apparatus designed to monitor the performance of apparatus; Apparatus for automatically placing messages via telecommunications equipment; Apparatus for collecting encoded data for supply to computers; Apparatus for communication; Apparatus for computer numerical control of machines; Apparatus for computing; Apparatus for controlling computer programmes; Apparatus for controlling the input of data; Apparatus for controlling the output of data; Apparatus for controlling the processing of data; Apparatus for controlling the storage of data; Apparatus for converting digital values into graphic information; Apparatus for data collection; Apparatus for data communications between computers; Apparatus for data entry; Apparatus for data processing; Apparatus for data storage; Apparatus for data transmitting; Apparatus for decoding encoded signals; Apparatus for decoding magnetically recorded information; Apparatus for digital signal processing; Apparatus for digitising geometric data contained in documents; Apparatus for electronic digital processing; Apparatus for electronic image reception; Apparatus for electronic image transmission; Apparatus for electronic information processing; Apparatus for electronic mail; Apparatus for electronic payment processing; Apparatus for electronic publishing; Apparatus for information processing; Apparatus for information teleprocessing; Apparatus for information transmission; Apparatus for inputting information into a computer; Apparatus for processing data; Apparatus for processing data programmes; Apparatus for processing data relating to images; Apparatus for processing digital data; Apparatus for processing digital video signals; Apparatus for processing electronic payments; Apparatus for programming data; Apparatus for reading encoded data; Apparatus for reading encoded information; Apparatus for recording, transmission or reproduction of sound or images; Apparatus for remote data transmission; Apparatus for retrieving data; Apparatus for searching

electronic information; Apparatus for sending data; Apparatus for the acquisition of data; Apparatus for the acquisition of information; Apparatus for the communication of data; Apparatus for the conversion of data; Apparatus for the conversion of information; Apparatus for the graphic display of data; Apparatus for the processing of data; Apparatus for the processing of digital information; Apparatus for the processing of information; Apparatus for the storage of data; Apparatus for the storage of information; Apparatus for the transmission of data; Apparatus for verifying data on magnetically encoded cards; Appliances for communication; Application development software, downloadable; Application software; Artificial intelligence and machine learning software; Artificial intelligence software; Augmented reality software; BIOS software; Cable installations for the transmission of data; Cable management installations for data signal transmission; Cards bearing data for use in data processing apparatus; Cards carrying magnetically, optically or electronically recorded or encoded information; Cards encoded to access computer software; Cards encoded with security features for authentication purposes; Cards encoded with security features for identification purposes; Cellular telecommunications apparatus; Cellular telecommunications instruments; Coding apparatus; Communication apparatus; Communication devices; Communication devices for linking computer networks; Communication hubs; Communication installations; Communication instruments; Communication interface units; Communication modems; Communication routing apparatus; Communication routing instruments; Communication software; Communications networks; Communications processing computer software; Communications systems; Computer apparatus; Computer apparatus for filing information; Computer apparatus for gathering information; Computer apparatus for plain language text recognition; Computer apparatus for remote meter reading; Computer apparatus for use with computer networks; Computer application software for mobile phones; Computer chatbot software for simulating conversations; Computer controlled telecommunications exchange apparatus; Computer controls; Computer firmware; Computer hardware;

Computer hardware for telecommunications; Computer heat sinks; Computer housings; Computer installations; Computer installations incorporating a central processing unit; Computer interface apparatus; Computer interface devices; Computer interface instruments; Computer interface software; Computer interface units; Computer interfaces; Computer mainframes; Computer monitoring apparatus; Computer monitoring instruments; Computer network adapters; Computer network bridges; Computer network hubs; Computer network operating installations; Computer network switches; Computer network-attached storage (NAS) hardware; Computer networking apparatus; Computer networking hardware; Computer networking installations; Computer networks; Computer operated digitisers; Computer operating programs, recorded; Computer operating software; Computer operating system software; Computer operating systems; Computer operating systems programs; Computer peripheral apparatus; Computer peripheral devices; Computer peripheral equipment; Computer peripherals; Computer programmes for document management; Computer programmes for use in telecommunications; Computer programs [downloadable software]; Computer programs and recorded software distributed online; Computer programs for analysing computer hardware; Computer programs for designing control systems; Computer programs for searching remotely for content on computers and computer networks; Computer programs for the control of telecommunication apparatus; Computer programs for the control of telecommunication instruments; Computer programs relating to computer networks; Computer shareware; Computer software; Computer software adapted for use in the operation of computers; Computer software applications, downloadable; Computer software development tools; Computer software downloaded from the internet; Computer software for administration of local area networks; Computer software for the creation of firewalls; Computer software for use in providing multiple user access to a global computer information network; Computer software for wireless content delivery; Computer software for wireless network communications; Computer software packages; Computer software platforms; Computer software products;

Computer software programs; Computer software, recorded; Computer systems; Computer utility programs; Computer utility programs for file management; Computers and computer peripheral devices; Computing apparatus; Computing apparatus for handling information; Computing installations; Data being electrically recorded for computers; Data being magnetically recorded for computers; Data being optically recorded for computers; Data cables; Data capture apparatus; Data capture instruments; Data carriers bearing machine readable programs; Data carriers containing computer programs; Data carriers equipped with controlling programs; Data carriers incorporating computer programs written in machine code; Data carriers incorporating controlling programs; Data carriers incorporating programs; Data carriers recorded with programs to enable data to be displayed; Data collecting machines; Data collection apparatus; Data collection computer installations; Data collection instruments; Data collectors; Data compression software; Data conversion apparatus; Data encoding apparatus; Data encryption apparatus; Data entry apparatus; Data entry terminals; Data exchange units; Data exit terminals; Data feeders; Data feeders for use with artificial intelligence; Data feeders linked with artificial intelligence; Data files, downloadable; Data in machine readable form; Data input apparatus for use with computers; Data interconnecting computer installations; Data processing apparatus for use in information storage; Data processing apparatus for use with computers; Data processing input devices; Data processing installations incorporating expandable architecture; Data sorting apparatus; Data terminals for the validation of data; Data transfer apparatus; Data transfer instruments; Data transmission apparatus; Data transmission installations; Data transmission networks; Data transmitting instruments; Downloadable applications for use with mobile devices; Electrical data converters; Electrical data input apparatus for use with computers; Electrical data input devices; Electrical data output apparatus for computers; Electrical data processing apparatus; Electronic instruments for controlling systems associated with buildings; Electronic instruments for monitoring systems associated with buildings; Firmware; Hard drives; Integrated software

packages; Interactive computer software; Local area computer installations; Local area networks; Memory devices; Memory devices for use with computer apparatus; Memory expansion cards; Memory expansion modules; Memory modules; Memory programmes; Microcomputer apparatus; Microcomputer assemblies; Microcomputers; Microcomputing apparatus; Microcomputing instruments; Microcontrollers; Microelectronic components; Microprocessors; Miniature hard disk drive storage units; Minicomputers; Multiplexers; Multiplexers for recording data; Multiplexers for use in the alternate transmission of voice signals; Network management apparatus; Network management computer software; Network operating system programs; Network protection devices, electric; Network protection devices, electronic; Networks for the interconnection of communication systems; Operating system programs; Optical data carriers; Optical data media; Optical data receiving apparatus; Optical data recording apparatus; Optical data reproducing apparatus; Optical data storage apparatus; Optical data storage drives; Optical data transmission systems; Portable computers; Power stabilisers; Power supplies for computers; Power switches; Power system meters; Power testers; Power units for supplying electrical current; Privacy protection software; Private automatic branch exchanges; Private branch exchanges; Recorded data, magnetic; Regulated power supply apparatus; Regulating apparatus, electric; Regulating transformers; Remote control apparatus; Remote control apparatus connected by modems to computers; Remote monitoring apparatus; Repeaters; Secure microprocessors; Secure transmission apparatus; Secure transmission instruments; Security control instruments; Security devices for computer hardware; Security devices for computer software; Security surveillance apparatus; Security surveillance robots; Security systems for buildings; Security tokens [encryption devices]; Security warning apparatus; Software; Software and applications for mobile devices; Software drivers; Software for computers; Software for diagnostics and troubleshooting; Software for ensuring the security of electronic mail; Software for processing images, graphics and text; Software for searching and retrieving information across a computer network; Solid state drives; Solid-state

component relays; Solid-state devices; Solid-state electrical apparatus for storing computer programs; Solid-state integrated circuits; Solid-state memories; Solid-state memory devices; Telecommunication exchangers; Telecommunication machines and apparatus; Telecommunication switches; Telecommunications equipment; Uninterruptible electrical power supplies; Uninterruptible power supply apparatus [battery]; Uninterruptible power supply instruments; Units for converting information received in machine readable format; Units for decoding information received in machine readable format; Units for displaying information received in machine readable format; USB [universal serial bus] operating software; USB adapters; USB dongles [wireless network adapters]; USB flash drives; USB hardware; USB hubs; USB modems; USB port cards; USB web keys; Utility programs for performing computer system diagnostics; Webcams; Wide area networks; Wired communication apparatus; Wireless communication apparatus; Wireless transmission apparatus; Wireless transmission apparatus for remote control; Work stations [computer apparatus]; Work stations [computers].

Class 35

Advice relating to personnel management; Advisory services relating to data processing; Analysis of business data; Analysis of market research data and statistics; Automated data processing; Business consultancy relating to the administration of information technology; Business consultancy services relating to data processing; Business data analysis; Business efficiency advice; Business management and administration services supporting utilisation of a global computer network; Business organisation and management consultancy in the field of personnel management; Business process management and consulting; Business risk assessment services; Business risk management consultancy; Business risk management services; Collating of data in computer databases; Collection of data; Collection of personnel information; Commercial information services provided by access to a computer database; Company data information services; Company

record-keeping; Compilation and systemization of information into computer databases; Compilation of business data; Compilation of business statistics and commercial information; Compilation of indexed addresses; Compilation of information into computer databases; Compiling of information into computer databases; Computer data entry services; Computer data processing; Computerised business records keeping; Computerised data processing; Computerised data verification; Computerised database management; Computerised file management; Computerised office management; Consultancy of personnel recruitment; Consultancy relating to business efficiency; Consultancy relating to data processing; Consultancy relating to personnel management; Consultancy relating to personnel recruitment; Consultancy relating to the selection of personnel; Data collection for others; Data compilation for others; Data entry services; Data handling; Data management; Data management advice; Data management consultancy; Data preparation [office functions]; Data processing; Data processing for the collection of data for business purposes; Data processing verification; Data retrieval [office functions]; Data search in computer files for others; Data transcription; Database management; Database marketing; Electronic data processing; Evaluation of personnel requirements; Information retrieval [office functions]; Maintenance of personnel records for others; Management and compilation of computerised databases; Market research data collection services; Market research data retrieval services; Online data processing services; Providing business information, also via internet, the cable network or other forms of data transfer; Provision of business data; Recruitment and personnel management services; Registration of written communications and data; Selection of staff; Statistical analysis and reporting services for business purposes; Systematization of data in computer databases; Systemization of information into computer databases; Tracking and monitoring energy consumption for others for account auditing purposes; Updating and maintenance of data in computer databases.

Class 36

Building leasing; Land leasing; Lease financing of telecommunication equipment; Lease of real estate; Leasing of buildings; Leasing or renting of buildings; Management of buildings; Providing information relating to the leasing of land; Providing information relating to the rental of buildings; Providing online financial information; Real estate investment services; Real estate management services relating to building complexes; Real estate management services relating to commercial buildings; Real estate management services relating to industrial premises; Rental of buildings; Providing financial information by electronic means; Financial information processing; Financial information provided by electronic means; Financial information services; Financial data analysis; Providing financial information by means of a computer database; Providing online information about insurance from a computer database or the Internet; Providing on-line stock exchange information from a computer database or the Internet; Provision of information and data concerning stock exchanges.

Class 37

Advisory services relating to the installation of security and safety equipment; Installation of data network apparatus; Installation of data processing apparatus; Installation of electric light and power systems; Installation of electronic and digital connection to a call centre; Installation of security and safety equipment; Installation of security systems; Maintenance and repair of data communications networks; Maintenance and repair of data processing apparatus; Maintenance and repair of hardware for data processing apparatus; Maintenance and servicing of data processing installations; Building and construction of real estate subdivisions and developments; Building maintenance and repair; Civil engineering construction consultancy; Commissioning [installation and maintenance] services; Computer installation and repair; Consultancy services relating to the construction of buildings; Custom construction of buildings; Diagnostic maintenance services; Electric

appliance installation and repair; Electrical wiring services; Installation and repair of telecommunication apparatus; Installation of apparatus for air-conditioning; Installation of apparatus for ventilating; Installation of clean room environmental control systems; Installation of clean room systems; Installation of communication equipment; Installation of communications network apparatus; Installation of communications network instruments; Installation of computer hardware; Installation of computer systems; Installation of computerised information systems; Installation of computers; Installation of electricity generators; Installation of electronic apparatus; Installation of energy-saving apparatus; Installation of environmental control systems; Installation of environmental protection systems; Installation of hardware and cables for Internet access; Installation of hardware for computer systems; Installation of heating and cooling apparatus; Installation of storage facilities; Installation of telecommunications apparatus; Installation of ventilation and dust extraction systems; Installation, maintenance and repair of computer hardware; Installation, repair and maintenance of computers and computer peripherals; Installing of electronic communications networks; Installing of telecommunications networks; Interference suppression in electrical apparatus; Maintenance and repair of communications systems; Maintenance and repair of computer hardware; Maintenance and repair of computers; Maintenance and repair of cooling appliances and installations; Maintenance and repair of telecommunications apparatus; Property development [building and construction services]; Property maintenance; Providing information relating to the repair or maintenance of telecommunication machines and apparatus; Repair and maintenance of computer and telecommunications hardware; Repair of electrical equipment and electrotechnical installations; Repair of electronic apparatus; Repair or maintenance of telecommunication machines and apparatus.

Class 38

Telecommunications services; Advisory and consultancy services relating to wireless communications and wireless communications equipment; Advisory services relating

to communications equipment; Advisory services relating to telecommunications; Automatic transfer of digital data using telecommunications channels; Broadcast transmission by satellite; Broadcasting services; Cable broadcasting and transmission; Cable transmission of sounds, images, signals and data; Call centre services [electronic call diversion and messaging]; Communication between computers; Communication by computer; Communication by computer terminals; Communication by electronic means; Communication of data by means of telecommunications; Communication of information by satellite; Communication services between data banks; Communication services by cable; Communication services by electronic means; Communication services by radio; Communication services for the electronic transmission of data; Communication services for the transmission of information; Communication services over computer networks; Communication services provided electronically; Communication services, namely, electronic transmission of data and documents among users of computers; Communication via computer terminals, by digital transmission or by satellite; Communication via fibre-optic networks; Communications services for accessing a data-base; Communications services for the exchange of data in electronic form; Communications services provided over the Internet; Communications via analogue and digital computer terminals; Communications via multinational telecommunication networks; Computer aided transmission of messages, data and images; Computer data transmission services; Computer network communication services; Computerised data communications; Consultancy in the field of telecommunications; Consultancy services relating to communications; Consultancy services relating to data communications; Data broadcasting services; Data communication services; Data streaming; Data transfer services; Data transmission; Data transmission and reception services via telecommunication means; Data transmission for others; Data transmission services; Data transmission services between networked computer systems; Data transmission services over telecommunications networks; Data transmission via telematic networks; Digital network telecommunications services;

Digital transmission of data; Digital transmission of data via the Internet; Digital transmission services; Digital transmission services for audio and video data; Electronic communication services; Electronic communication services for the transmission of data; Electronic data communications; Electronic data exchange services; Electronic data interchange [EDI] services; Electronic data transmission; Electronic exchange of data stored in databases accessible via telecommunication networks; Electronic transmission and retransmission of sounds, images, documents, messages and data; Electronic transmission of data; Electronic transmission of data and documents via computer terminals and electronic devices; Electronic transmission of messages and data; Fiber optic telecommunications services; Geolocation services [telecommunications services]; High bit-rate data transmission services for telecommunication network operators; Hire of communications apparatus; Hire of electronic mail boxes; Hire of telecommunications apparatus; Hire of telecommunications installations; Hire of telecommunications instruments; Information services relating to broadcasting; Information services relating to electronic communication networks; Information services relating to telecommunications; Internet access provider services; Internet broadcasting services; Internet communication services; Internet portal services; Internet service provider [ISP] services; Leasing of access time to a computer database; Leasing of access time to global computer networks; Leasing of telecommunication equipment; Netcasting [broadcasting over a global computer network]; Network transmission of sounds, images, signals and data; News agency services for electronic transmission; Operating of electronic communications networks; Operating of electronic communications systems; Operation of cellular communications systems; Operation of local area networks; Operation of telecommunications apparatus; Operation of telecommunications systems; Providing access to computer networks; Providing access to computer software; Providing access to databases; Providing access to information on the Internet; Providing access to information via data networks; Providing access to information via the Internet; Providing access to multimedia

content online; Providing access to online computer databases; Providing access to platforms and portals on the Internet; Providing access to telecommunication networks; Providing access to the Internet and other communications networks; Providing access to web portals; Providing access to websites on the Internet or any other communications network; Providing electronic telecommunication connections; Providing frame relay connectivity services for data transfer; Providing high speed access to computer and communication networks; Providing information about wireless communication; Providing information, including online, about telecommunications; Providing of access to telecommunication warehousing services; Providing telecommunication connections to the internet or databases; Providing telecommunications connections to a global communication network or databases; Providing third party users with access to telecommunication infrastructure; Providing user access to computer programmes in data networks; Providing user access to computer software in data networks; Providing user access to global computer network and online sites containing information on a wide range of topics; Providing user access to global positioning signals for navigation purposes; Providing virtual private network (VPN) services; Provision of access to an electronic on-line network for information retrieval; Provision of access to computer databases; Provision of access to data on communication networks; Provision of access to data or documents stored electronically in central files for remote consultation; Provision of access to data via the Internet; Provision of communications between computers; Provision of electronic communications facilities; Provision of electronic data links; Provision of email services; Provision of telecommunication connections to a global computer network; Provision of telecommunication facilities; Provision of user access to the internet; Remote transmission of data by means of telecommunications; Rental of access time to a computer database; Rental of access time to a database server; Rental of access time to databases; Rental of access time to global computer networks; Rental of communication apparatus and implements; Rental of communications equipment; Rental of communications instruments; Rental of

communications systems; Rental of data communication apparatus; Rental of data communications equipment; Rental of data communications installations; Rental of telecommunication apparatus; Rental of telecommunication devices and equipment enabling connection to networks; Rental of telecommunication facilities; Rental of telecommunications apparatus and installations; Rental of telecommunications routers; Satellite transmission of sounds, images, signals and data; Satellite transmission services; Secure e-mail services; Secure telecommunications [providing secure connections and access including to computers and the global computer network]; Signal transmission for electronic commerce via telecommunication systems and data communication systems; Streaming of audio, visual and audiovisual material via a global computer network; Streaming of data; Switching network services [telecommunications]; Telecommunication access services; Telecommunication gateway services; Telecommunications; Telecommunications services for the distribution of data; Telecommunications services provided via fiber optic, wireless and cable networks; Telecommunications services provided via the Internet, intranet and extranet; Transfer of data by telecommunications; Transfer of information and data via online services and the Internet; Transferring and disseminating information and data via computer networks and the Internet; Transmission and distribution of data or audiovisual images via a global computer network or the Internet; Transmission and reception of database information via telecommunication networks; Transmission of computerised data; Transmission of data; Transmission of data and information by computer and electronic communication means; Transmission of data by cable; Transmission of data by computer; Transmission of data by electronic means; Transmission of data via ISDN lines; Transmission of data via satellite; Transmission of data via the Internet; Transmission of data, audio, video and multimedia files, including downloadable files and files streamed over a global computer network; Transmission of data, messages and information; Transmission of data, sound and images by satellite; Transmission of database information via telecommunications networks;

Transmission of electronic mail; Transmission of information by computer;
Transmission of information by data communications for assisting decision making;
Transmission of information by electronic communications networks; Transmission of information by electronic means; Transmission of information on a wide range of topics, including online and over a global computer network; Transmission of information via computer networks; Transmission of information via national and international networks; Transmission of information via wireless or cable networks; Transmission of messages, data and content via the Internet and other communications networks; Transmission of stock market information with the help of telecommunication media; Transmission of videos, movies, pictures, images, text, photos, games, user-generated content, audio content, and information via the Internet; Video broadcasting; Video communication services; Video conference services [telecommunications services]; Video, audio and television streaming services; Web portal services [providing user access to global computer network]; Webcasting services; Wire service; Wireless broadcasting; Wireless communication services; Wireless electronic transmission of data; Wireless PBX services; Wireless transfer of data via digital mobile telephony; Wireless transfer of data via the Internet; Wireless transfer of data via wireless application protocols.

and parasiticides; Chemicals for industrial purposes; Chemicals for industrial use; Chemicals for off-set presses; Chemicals for photographic film processing; Chemicals for preserving foodstuffs; Chemicals for processing sensitised unexposed x-ray films; Chemicals for retarding oxidation of metallic surfaces; Chemicals for separating and cultivating cells, other than for medical or veterinary purposes; Chemicals for separating and culturing of cells, other than for medical or veterinary purposes; Chemicals for sewage treatment; Chemicals for soldering; Chemicals for the control of carbon levels; Chemicals for the control of environmental pollution; Chemicals for the manufacture of paints; Chemicals for the manufacture of pigments; Chemicals for the manufacture of preparations for preventing corrosion; Chemicals for the purification of amino acids; Chemicals for the purification of fluorescent nucleotides; Chemicals for the purification of markers for DNA/RNA synthesis; Chemicals for the purification of nucleic acid; Chemicals for the purification of nucleotides; Chemicals for the purification of oligonucleotides; Chemicals for the purification of organic molecules; Chemicals for the purification of peptides; Chemicals for the purification of proteins; Chemicals for the purification of water; Chemicals for the separation of crude oil from soil and water; Chemicals for the surface treatment of metals; Chemicals for the treatment of cooling water systems; Chemicals for the treatment of fabrics; Chemicals for the treatment of fuel processing systems; Chemicals for the treatment of gas and hydrocarbon processing systems; Chemicals for the treatment of gas cleaning systems; Chemicals for the treatment of hot water systems; Chemicals for the treatment of industrial process systems; Chemicals for the treatment of irrigation water; Chemicals for the treatment of liquid separation systems; Chemicals for the treatment of metal processing systems; Chemicals for the treatment of petrochemical processing systems; Chemicals for the treatment of plastic and metal coating systems; Chemicals for the treatment of steam and boiler water production systems; Chemicals for the treatment of waste water systems; Chemicals for the treatment of water supply systems; Chemicals for treating hazardous waste; Chemicals for treating materials during manufacture;

Chemicals for treating textile fabrics; Chemicals for treating water; Chemicals for use as additives in building materials; Chemicals for use as deterrents by virtue of their odour; Chemicals for use as deterrents by virtue of their taste; Chemicals for use as flame retardants for textiles; Chemicals for use as fluorescent substrates; Chemicals for use as repellents by virtue of their odour; Chemicals for use as repellents by virtue of their taste; Chemicals for use in agriculture; Chemicals for use in agriculture, horticulture and forestry; Chemicals for use in analysis, other than for medical and veterinary use; Chemicals for use in aquaculture; Chemicals for use in aquariums; Chemicals for use in biotechnological manufacturing processes; Chemicals for use in biotechnological product development; Chemicals for use in brewing; Chemicals for use in chromatography; Chemicals for use in chromatography, other than medical and veterinary; Chemicals for use in clarifying water; Chemicals for use in cleaning water; Chemicals for use in clearing water; Chemicals for use in coating agricultural seeds, other than fungicides, herbicides, insecticides, parasitocides; Chemicals for use in coating dental instruments, other than pharmaceuticals; Chemicals for use in coating film; Chemicals for use in coating medical apparatus, other than pharmaceuticals; Chemicals for use in coating veterinary apparatus, other than pharmaceuticals; Chemicals for use in diazo reproduction; Chemicals for use in electrography; Chemicals for use in etching; Chemicals for use in fermenting; Chemicals for use in fire extinguishing; Chemicals for use in fish farming, other than pharmaceuticals; Chemicals for use in fish tanks, other than pharmaceuticals; Chemicals for use in forestry; Chemicals for use in forestry, except fungicides, herbicides, insecticides and parasitocides; Chemicals for use in gluing for industrial purposes; Chemicals for use in herbicidal compositions; Chemicals for use in herbicides; Chemicals for use in horticulture; Chemicals for use in horticulture, other than fungicides, weedkillers, herbicides, insecticides, parasitocides; Chemicals for use in immuno-assay testing, other than for medical or veterinary use; Chemicals for use in industrial cleaning processes; Chemicals for use in industry; Chemicals for use in industry and science; Chemicals for use in industry, science and photography;

Chemicals for use in industry, science and photography, as well as in agriculture, horticulture and forestry; Chemicals for use in lithography; Chemicals for use in manufacture; Chemicals for use in manufacturing pharmaceuticals; Chemicals for use in metal plating; Chemicals for use in metal treatment; Chemicals for use in metalworking; Chemicals for use in nickel plating processes; Chemicals for use in oil drilling; Chemicals for use in pathology, other than medical and veterinary; Chemicals for use in pesticides; Chemicals for use in photography; Chemicals for use in plate etching; Chemicals for use in polymerisations; Chemicals for use in printing; Chemicals for use in propellants; Chemicals for use in purifying water; Chemicals for use in removing asbestos; Chemicals for use in removing coatings; Chemicals for use in removing paint; Chemicals for use in science; Chemicals for use in science, other than for medical or veterinary use; Chemicals for use in scientific analysis, other than for medical or veterinary use; Chemicals for use in scientific research; Chemicals for use in swimming pools; Chemicals for use in the aeronautical industry; Chemicals for use in the automotive industry; Chemicals for use in the decontamination of polluted sites; Chemicals for use in the drilling of wells; Chemicals for use in the electrical industry; Chemicals for use in the electronics industry; Chemicals for use in the gas industry; Chemicals for use in the making of wine; Chemicals for use in the manufacture of adhesives; Chemicals for use in the manufacture of aggressor repellents; Chemicals for use in the manufacture of confectionery; Chemicals for use in the manufacture of fabric or textiles; Chemicals for use in the manufacture of lithium ion batteries; Chemicals for use in the manufacture of paints; Chemicals for use in the manufacture of paper; Chemicals for use in the manufacture of pigments; Chemicals for use in the manufacture of polyurethanes; Chemicals for use in the manufacture of solar cells; Chemicals for use in the manufacture of synthetic rubber; Chemicals for use in the oil industry; Chemicals for use in the oil refining industry; Chemicals for use in the paper industry; Chemicals for use in the petrochemicals industry; Chemicals for use in the pharmaceutical industry; Chemicals for use in the printing of newspapers; Chemicals

for use in the printing of printed materials; Chemicals for use in the processing of natural rubber; Chemicals for use in the processing of plastics; Chemicals for use in the purification of proteins for in vitro use; Chemicals for use in the purification of water; Chemicals for use in the refining of liquid hydrocarbons; Chemicals for use in the rubber industry; Chemicals for use in the semiconductor industry; Chemicals for use in the tanning industry; Chemicals for use in the treatment of liquid hydrocarbons; Chemicals for use in the treatment of materials made of leather; Chemicals for use in the treatment of materials made of natural fibres; Chemicals for use in the treatment of materials made of paper; Chemicals for use in the treatment of materials made of plastics; Chemicals for use in the treatment of materials made of rubber; Chemicals for use in the treatment of materials made of synthetic fibres; Chemicals for use in the treatment of materials of natural fibers; Chemicals for use in the treatment of materials of synthetic fibers; Chemicals for use in the treatment of oils; Chemicals for use in the treatment of sewage; Chemicals for use in the treatment of threads; Chemicals for use in the treatment of waste water; Chemicals for use in the treatment of water; Chemicals for use in the treatment of yarns; Chemicals for use in transfer printing; Chemicals for use in treating hides; Chemicals for use in treating leather; Chemicals for use in treating metal surfaces; Chemicals for use in treating skins; Chemicals for use in welding; Chemicals for use in xerography; Chemicals for wastewater treatment; Chemicals for water softening; Chemicals for welding; Chemicals having liquid crystal properties; Chemicals in the nature of sorbents; Chemicals used in agriculture; Chemicals used in agriculture, horticulture and forestry; Chemicals used in fermenting wine; Chemicals used in forestry; Chemicals used in horticulture; Chemicals used in industry; Chemicals used in oil drilling; Chemicals used in photography; Chemicals used in science; Chemicals used in the manufacture of confectionery; Chemicals used in the manufacture of fabric or textiles; Chemicals used in the manufacture of liquid crystal displays; Chemicals used in the manufacture of paper; Chemicals used to indicate damage in paper coatings; Chemicals used to prevent condensation; Chemicals, except pigments, for the

manufacture of enamel; Chlorinated chemicals; Chromatography chemicals; Coating agents [chemicals], other than paint; Coating compositions [chemicals], other than paint; Coatings for the finishing of masonry [chemicals]; Coatings for the finishing of surfaces [chemicals]; Coatings for waterproofing [chemicals]; Coatings for weatherproofing [chemicals]; Coatings to protect concrete from water [chemicals]; Coatings to protect masonry building walls from water [chemicals]; Coatings to protect stone from water [chemicals]; Cobalt chemicals; Color-brightening chemicals for industrial purposes; Colour-brightening chemicals for industrial purposes; Combustion enhancers [chemicals]; Combustion promoting chemicals; Compost accelerators [chemicals]; Concrete-aeration chemicals; Condensation-preventing chemicals; Conditioning chemicals for waterbeds; Consolidation accelerators [chemicals]; Copper chemicals; Damp proofing chemicals, except paints, for masonry; Damp-proofing chemicals, except paints, for masonry; Dispersion aids [chemicals]; Dust suppressing chemicals for use on grain; Enamel-staining chemicals; Engine-decarbonising chemicals; Engine-decarbonizing chemicals; Etching chemicals; Extraction chemicals; Fat bleaching chemicals; Fat-bleaching chemicals; Film cleaners [chemicals]; Fine chemicals; Fire absorbent chemicals for the manufacture of fire resistant coatings; Fire absorbent chemicals for the manufacture of fire resistant paints; Fire absorbent chemicals for the manufacture of fire retardant coatings; Fire absorbent chemicals for the manufacture of fire retardant paints; Fire absorbent chemicals for use in the manufacture of fire resistant paints; Fire absorbent chemicals for use in the manufacture of fire retardant monomers; Fire absorbent chemicals for use in the manufacture of fire retardant paints; Fire extinguishing chemicals; Fire resistant chemicals; Fire retardant chemicals; Flame proofing chemicals; Flocculant chemicals for wastewater and industrial water treatment; Flocculating chemicals for treating waste and industrial process water; Fluorinated chemicals; Food preserving chemicals; Fume suppressants [chemicals]; Glass-frosting chemicals; Glass-staining chemicals; Hardeners [chemicals]; Horticultural chemicals; Horticultural chemicals, except fungicides, herbicides,

insecticides and parasiticides; Horticulture chemicals, except fungicides, herbicides, insecticides and parasiticides; Indicators [chemicals] for scientific use; Industrial chemicals; Industrial chemicals for use in the manufacture of polyurethane; Industrial chemicals for use in the manufacture of varnishes; Industrial inorganic chemicals; Industrial organic chemicals; Ion exchangers [chemicals]; Laboratory chemicals for scientific use; Leather-dressing chemicals; Leather-impregnating chemicals; Leather-renovating chemicals; Leather-waterproofing chemicals; Light sensitive chemicals; Lithographic chemicals; Low friction materials [chemicals] for coating sorting chutes; Misting and fogging preventing chemicals for use on glass; Mold inhibiting chemicals for preventing growth of mold; Mould inhibiting chemicals for preventing growth of mould; Nickel chemicals; Non-stick coatings [chemicals] for cookware; Oil drilling chemicals; Oil separating chemicals; Oil-bleaching chemicals; Oil-purifying chemicals; Oil-separating chemicals; Organic-bleaching chemicals; Phosphorescent chemicals; Photographic chemicals; Photosensitive chemicals; Photosensitive materials [chemicals]; Plate making chemicals; Polymeric chemicals for use in the cosmetic industry; Polymeric intermediates [industrial chemicals]; Preparations for renovating leather [chemicals]; Preparations for waterproofing leather [chemicals]; Preservatives for rubber [chemicals]; Primers [chemicals]; Printing chemicals; Products for protecting concrete [chemicals]; Products for sealing brickwork [chemicals]; Products for sealing concrete [chemicals]; Purification chemicals; Radiator flushing chemicals; Raw chemicals; Reference standards [chemicals] for use in industry; Reference standards [chemicals] for use in science; Refrigerant chemicals; Release agents [chemicals]; Sealants [chemicals] for the sealing of surfaces; Seed treatment chemicals for agricultural use; Sewage treatment chemicals; Sewerage water treatment chemicals; Smoke suppressant chemicals; Soil conditioning chemicals; Soil enrichment chemicals; Soldering chemicals; Soldering creams [chemicals]; Stabilisers for oils [chemicals]; Stain-preventative chemicals for use on carpets; Stain-preventative chemicals for use on soft furnishings; Stain-preventing chemicals for use on fabrics; Stain-proofing chemicals; Starch-liquifying chemicals [ungluing

agents]; Sucro chemicals; Surface coating compositions [chemicals], other than paints; Tempering chemicals for use in casting; Tempering chemicals for use in metalworking; Tempering chemicals for use in soldering; Textile finishing chemicals; Textile-brightening chemicals; Textile-impregnating chemicals; Textile-waterproofing chemicals; Unprocessed chemicals; Vine disease preventing chemicals; Viscose chemicals for industrial purposes; Viscose chemicals for use in manufacturing; Waste treatment chemicals; Waste water treatment chemicals for industrial purposes; Waste water treatment chemicals for industrial use; Wastewater treatment chemicals; Wastewater treatment chemicals for industrial purposes; Water purifying chemicals; Water purifying chemicals for swimming pools; Water softening chemicals; Water testing chemicals; Water treatment chemicals; Water treatment chemicals for use in swimming pools and spas; Water-purifying chemicals; Wax remover [chemicals]; Wax-bleaching chemicals; Welding and brazing chemicals; Welding chemicals.
