General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

Goods and/or Services:

Class 09

Computers; Computer software; Application software; Downloadable computer software; Software and applications for mobile devices; Computer application software for mobile phones; Software for facilitating secure credit card transactions; Software for processing images, graphics and text; Cameras; Video cameras; Camera apparatus; Camera straps; Camera lenses; Mounts for cameras; Remotely controlled cameras and other remotely controlled sensors; Computer software platforms; Data processing software; Data processing systems; Mobile data communications apparatus; Apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; Magnetic data carriers, recording discs; Recorded and downloadable media, computer software, blank digital or analogue recording and storage media; Data processing equipment; Apparatus for analysing the output of a camera; Apparatus for controlling cameras; Bags adapted or shaped to contain cameras; Downloadable geographical maps; Digital map making apparatus; Road map display apparatus for assisting in the navigation of a vehicle; Electric apparatus for storing computer data; Apparatus for transmitting data; Data encryption apparatus; Downloadable electronic publications; Electronic navigational and positioning apparatus and instruments; Trackers [computer apparatus]; Electronic location apparatus; Autonomous navigation systems; Apparatus for displaying the position of vehicles; Personnel tracking devices; Vehicle tracking apparatus; Security alarms; Security tokens [encryption devices]; Network operating system programs; Computer hardware; Communications servers [computer hardware]; Network routers; Local area networks; Computer servers;

Interfaces between application programs and firmware on real-time computers; Computer software development tools; Website development software; Data security apparatus; Data security instruments; Artificial intelligence and machine learning software; Artificial intelligence software; Computer hardware and software for artificial intelligence; Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; Mechanisms for coin-operated apparatus; Cash registers, calculating devices; Articles of headgear [helmets]; Advertising signboards, electric; Advertising signboards, luminous; Advertising display signs, luminous or mechanical; Backlit signs; Digital signs; Display signs of metal [luminous or mechanical]; Display signs of non-metallic materials [luminous or mechanical]; Electric signs; Illuminated advertising signs; Illuminated signs; Luminous signs; Electronic display boards; Compiler software; Downloadable virtual wallets; Computer hardware and software for augmented reality systems.

Class 38

Telecommunications; Providing access to databases; Computer aided transmission of messages and images; Electronic bulletin board services [telecommunications services]; Providing internet chatrooms; Message sending; News agency services; Providing online forums; Satellite transmission; Streaming of data; Data transmission; Rental of telecommunication equipment; Providing telecommunications connections to a global computer network; Telecommunications routing and junction services; Teleconferencing services; Telephone services; Digital transmission of messages; Message storage and transmission [telecommunications]; Transmission of digital files; Electronic mail services; Providing user access to global computer networks; Videoconferencing services; Wireless broadcasting; Rental of access time to global computer networks; Rental of message sending apparatus; Communications by

cellular phones; Communication services for the transmission of information; Call centre services [electronic call diversion and messaging]; Electronic funds transfer communication services; Internet portal services [providing user access to global computer network]; Provision of access to data or documents stored electronically in central files for remote consultation; Provision of hyperlinks on a website; Internet service provider [ISP] services; Information services relating to telecommunications; Telecommunications advisory services; Consultancy relating to telecommunications.

Class 39

Transport; Packaging and storage of goods; Travel arrangement; Boat storage; Booking of seats for travel; Car rental; Car parking; Vehicle hire; Vehicle location services; Vehicle-driving services; Vehicle parking; Parking space rental; Provision of parking facilities; Car sharing services; Chauffeur services; Collection, transport and delivery of goods; Courier services [messages or merchandise]; Arranging of cruises; Delivery of goods; Newspaper delivery; Providing driving directions for travel purposes; Escorting of travellers; Flower delivery; Freight [shipping of goods]; Freight forwarding; Freight brokerage; Freighting; Garage rental; Guarded transport of goods; Hauling; Message delivery; Rental of navigational systems; Parcel delivery; Parcel collection services; Parking place rental; Physical storage of electronically stored data or documents; Removal services; Rescue operations [transport]; Salvaging; Storage; Warehousing; Rental of storage containers; Towing; Traffic information; Transport services for sightseeing tours; Transport and storage of waste; Transport brokerage; Transport reservation; Transportation logistics; Arranging and booking of travel tours; Travel reservation; Unloading cargo; Vehicle rental; Temporary storage of deliveries; Rental of vehicle roof racks; Rental of warehouses; Wrapping of goods; Bicycle rental; Providing information relating to bicycle rental services; Arranging of transport for bicycle tours; Navigation services; Rental of navigation systems; Locating and tracking of people for transportation purposes; Tracking and tracing of shipments; Tracking and tracing services for letters and parcels; Advisory services

relating to the tracking of goods in transit; Vehicle routing by computer on data networks; Providing information, including online, about transport; Providing information relating to car rental services; Providing information relating to vehicle parking services; Providing information relating to travel; Providing information relating to the planning and booking of travel and transport, via electronic means; Providing road and traffic information; Information services relating to road conditions; Food delivery; Food storage services; Food transportation services; Frozen-food locker rental; Rental of scooters for transportation purposes; Packaging of food; Arrangement of passenger transport; Arrangement of vehicle rental; Booking of vehicle rental; Arrangement of vehicle recovery; Recovery of vehicles; Automobile salvage; Rental of wheelchairs; Taxi transport for people in wheelchairs; Transport services and trips for disabled persons; Advisory services relating to transport; Consultancy services relating to transportation.

Class 42

Scientific and technological services and research and design relating thereto; Industrial analysis and research services; Design and development of computer hardware and software; Design and development of software in the field of mobile applications; Design and development of computer software for logistics, supply chain management and e-business portals; Design and development of new technology for others; Services for the design of maps; Design of map navigation software for mobile phones; Providing online geographical maps, not downloadable; Cartography services provided in virtual environments; Cloud computing; Consulting in the field of cloud computing networks and applications; Design and development of operating software for accessing and using a cloud computing network; Programming of operating software for accessing and using a cloud computing network; Rental of operating software for accessing and using a cloud computing network; Computer programming; Computer programming services for data warehousing; Computer programming services for electronic data security; Computer

software design; Rental of computer software; Computer system design; Computer system analysis; Computer virus protection services; Computer technology consultancy; Computer software support services; Computer software technical support services; Computer security consultancy; Internet security consultancy; Network security services [testing and risk assessment of electronic networks]; Programming of Internet security programs; Rental of Internet security programs; Research relating to security; Artificial intelligence consultancy; Research in the field of artificial intelligence; Updating of computer software relating to computer security and prevention of computer risks; Maintenance of computer software relating to computer security and prevention of computer risks; Security risk assessment services relating to computer systems; Development of computer software application solutions; Development of computer platforms; Platform as a service [PaaS]; Computer forensic services; Cybersecurity consultancy; Development, updating and maintenance of software and database systems; Conversion of computer programs and data, other than physical conversion; Creating and maintaining websites for others; Creating an online community in the form of a website for registered users to form virtual communities and engage in social networking services; Creating and designing website-based indexes of information for others [information technology services]; Data security consultancy; Computer security services [design and development of secure computer hardware, software and systems]; Computer security services [testing and risk assessment of computer networks]; Computer security services for protection against illegal network access; Computer security threat analysis for protecting data; Computer security engineering; Computerised communication network security; Consultancy in the field of security software; Design and development of electronic data security systems; Design and development of Internet security programs; Data encryption services; Electronic data storage; Electronic monitoring of personally identifying information to detect identity theft via the internet; Electronic monitoring of credit card activity to detect fraud via the internet; Electronic monitoring of monetary and financial transactions to detect

fraud via the internet; Monitoring of computer system operation by remote access; Monitoring of computer systems to detect breakdowns; Monitoring of computer systems for detecting unauthorized access or data breach; Hosting computer sites [web sites]; Information technology security consultancy; Installation of computer software; Industrial design; Maintenance of computer software; Off-site data backup; Quality control; Recovery of computer data; Research and development of new products for others; Providing search engines for the internet; Server hosting; Software as a service [SaaS]; Hosting of e-commerce platforms on the Internet; Hosting of platforms on the Internet; Programming of software for e-commerce platforms; Consultancy relating to the creation and design of websites for e-commerce; Providing user authentication services using biometric hardware and software technology for e-commerce transactions; Interactive hosting services which allow the users to publish and share their own content and images online; Design of equipment for transportation; Technical research; Surveying [engineering]; Unlocking of mobile phones; Updating of computer software; Urban planning; Vehicle roadworthiness testing; Rental of web servers; Web site design consultancy; Data decryption services; Decoding of data; Data migration services; Data mining; Design and development of data processing systems; Hosting of computerized data, files, applications and information; Provision of online non-downloadable software; Providing temporary use of non-downloadable software applications accessible via a web site; Providing temporary use of on-line non-downloadable operating software for accessing and using a cloud computing network; Providing temporary use of on-line non-downloadable operating software for computer networks and servers; Providing information on computer technology and programming via a web site; Rental of software for data processing; Rental of software for importing and managing data; Technical data analysis services; Conducting technical project studies; Technological consultancy; Digital forensic investigations in the field of computer crimes.

Class 45

Legal services; Security services for the physical protection of tangible property and individuals; Monitoring of burglar and security alarms; On-line social networking services; Opening of security locks; Physical security consultancy; Tracking of stolen property; Stolen vehicle recovery services; Electronic monitoring services in the nature of security surveillance services relating to the physical safety of persons and security of tangible property; Rental of security surveillance equipment; Security services for the protection of property and individuals; Licensing of software; Licensing of technology; Licensing of research and development; Licensing of intellectual property; Identity theft and fraud prevention services; Personal shopping for others; Pre-employment background screening; Pre-employment background investigation services; Background investigation and research services; Provision of background check services; Verification of personal identification [personal background investigations]; Legal investigation services; Consultancy services relating to private investigations; Identity verification [personal background investigations]; Security assessment of risks to individuals or property; Forensic advice for criminal investigations.

Classes: 04 09 11 35 36 37 39 40 42

Goods and/or Services:

Class 04

Electrical energy from renewable sources.

Class 09

Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; Apparatus for monitoring electrical energy consumption; Energy control devices; Energy meters for tracking and monitoring energy usage; Energy regulators; Solar energy collectors for electricity generation; Supercapacitors for energy storage; Ultracapacitors for energy

storage; Thermal energy measuring apparatus; Electronic control apparatus for energy management; Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; Modules for photovoltaic power generation; Power generation monitoring apparatus; Thermal storage apparatus [photovoltaic cells] for electricity generation; Thermal storage instruments [photovoltaic cells] for electricity generation; Emissive measuring apparatus.

Class 11

Heat pumps for energy processing; Solar energy collectors for heating; Solar energy powered heating apparatus; Solar energy powered heating installations; Thermal storage apparatus [solar energy] for heating; Thermal storage instruments [solar energy] for heating.

Class 35

Advertising services to promote public awareness on energy issues; Assistance and consultancy services in the field of business management of companies in the energy sector; Energy price comparison services; Import-export agencies in the field of energy; Promoting the benefits of energy efficient lighting technologies to professionals in the lighting field; Tracking and monitoring energy consumption for others for account auditing purposes; Procurement of contracts concerning energy supply; Billing services in the field of energy; Advertising; Business management, organization and administration; Office functions; Marketing; Marketing research; Market research services regarding customer preferences; Marketing analysis; Business development services; Distribution of advertising, marketing and promotional material; Dissemination of advertising via online communications networks; Organization of events, exhibitions, fairs and shows for commercial, promotional and advertising purposes; Provision of business information; Publicity services; Arranging price quotations for goods or services, for others; Business

intermediary and advisory services in the field of selling products and rendering services; Corporate image development consultation; Outsourcing services in the nature of arranging service contracts for others; Business consultancy services relating to the supply of quality management systems; Procurement of contracts for others; Business intermediary services relating to the matching of potential private investors with entrepreneurs needing funding; Negotiation of business contracts for others.

Class 36

Brokerage of financial investments in energy companies; Brokerage of renewable energy credits; Brokerage of solar renewable energy credits; Energy brokerage services; Consultancy concerning financing of energy projects; Evaluation of the credit worthiness of companies and private individuals; Investment risk assessment services; Financial leasing; Providing investors with financial information; Advisory services relating to financial investment; Advisory services relating to the management of financial investments; Financial investment fund services; Financial management of capital investment; Fund investment consultancy; Asset management services; Brokerage of emission reduction credits; Brokerage of emission rights; Trading of emission reduction credits; Consultancy services relating to the financing of civil works and infrastructure projects.

Class 37

Construction of energy efficient buildings and structures; Installation of energy-saving apparatus; Installation, maintenance and repair of energy conversion apparatus; Installation, maintenance and repair of solar energy systems; Maintenance and repair of energy generating installations; Repair of energy production plants and machines; Repair of energy supply installations; Installation of solar energy systems; Construction of wind power plants; Repair and maintenance of wind power plants; Construction of solar power plants; Installation and maintenance of solar thermal

installations; Installation, maintenance and repair of solar installations for generating power; Installation, maintenance and repair of solar collectors; Installation, maintenance and repair of photovoltaic cells; Installation, maintenance and repair of photovoltaic modules; Construction of power plants; Repair services for electric generators and wind turbines; Installation of power generating apparatus; Installation, maintenance and repair of apparatus for generating power; Maintenance, servicing and repair of apparatus and installations for generating power; Providing information relating to the repair or maintenance of power distribution or control machines and apparatus; Providing information relating to the repair or maintenance of power generators; Repair or maintenance of power distribution or control machines and apparatus.

Class 39

Distribution of energy; Distribution of renewable energy; Distribution of energy for heating and cooling buildings; Information and advisory services in relation to the distribution of energy; Storage of energy and fuels.

Class 40

Clean energy production; Clean energy production from biofuels; Production of renewable green energy; Production of renewable energy from wind resources; Production of renewable energy from solar resources; Production of electrical energy from renewable sources; Generation of electricity using wind energy; Generation of electricity using solar energy; Technical consultancy in the field of production of solar energy; Consultancy services relating to the generation of electrical power; Consultancy in the field of energy generation; Consultancy in the field of energy production; Generation of power; Generation of electrical power; Production of energy by power plants; Rental of energy generating equipment.

Class 42

Scientific and technological services and research and design relating thereto;

Scientific and technological services and research and development relating thereto; Providing information, including online, about scientific and technological services and research and design relating thereto; Industrial analysis and industrial research services; Providing information, including online, about industrial analysis and research services; Advisory services relating to energy efficiency; Advisory services relating to the use of energy; Certification services for the energy efficiency of buildings; Conducting research and technical project studies relating to the use of natural energy; Consultancy relating to technological services in the field of power and energy supply; Energy auditing; Providing information in the field of energy efficiency; Provision of information concerning research and technical project studies relating to the use of natural energy; Research and development in the field of renewable energy; Design and development of energy management software; Development of energy and power management systems; Programming of energy management software; Design and development of software for control, regulation and monitoring of solar energy systems; Design of solar photovoltaic systems; Research and development services relating to solar cells and electricity generation; Technical design and planning of power stations; Design and development of photovoltaic systems; Providing technological information about environmentally-conscious and green innovations; Scientific and technological services relating to technological innovation forecasting; Engineering consultancy; Engineering design; Computer-aided engineering design; Engineering services in the field of energy efficiency; Engineering services in the field of energy technology; Engineering services relating to energy supply systems; Plant engineering; Preparation of reports relating to engineering; Research and development services in the field of engineering; Environmental consultancy services; Ergonomics and design services in the field of occupational health and safety; Surveying [engineering]; Consultancy in the field of energy efficiency; Technological analysis relating to energy and power needs of others; Preparation of technical projects, technical research and consultancy services in the field of carbon offsetting; Environmental testing of

exhaust emissions; Measuring and analysis of greenhouse gas emissions; Pollution emissions testing; Providing scientific information, advice and consultancy relating to net zero emissions; Research into technologies for reduction of carbon emissions; Research into the reduction of carbon emissions; Technological research relating to the reduction of carbon emissions; Testing for pollution emissions; Testing, analysis and evaluation of the services of others for the purpose of certification; Testing, analysis and evaluation of the goods of others for the purpose of certification; Testing services for the certification of quality or standards; Design and development of energy distribution networks.

Lesjöfors

Goods and/or Services:

Class 06

Metallic counter balance systems for window sashes consisting of metal coil springs and incorporating plastic connectors that are used to connect to window sashes of wood or metal; wire thread of common metals; building and construction materials and elements of metal; bushings of metal; bushings of metal [other than parts of machines]; clamps of metal; clips of metal; common metals and their alloys; metal compression springs [not including machines elements]; casings of metal; door springs of metal, non-electric; metallic drawer runners; metal extension springs [not including machines elements]; metal flat spiral springs [not including machines elements]; metal gas springs [not including machines elements]; ironmongery, small items of metal hardware; metal leaf springs [other than for vehicles and machines]; loads (belts of metal, for handling -); materials of metal for railway tracks; metal building materials; metal hardware; metal rings; metal stampings; metallic wires [non-electric]; non-electric door springs; nuts, bolts and fasteners, of metal; metal pipe

clamps; pipes and tubes of metal; precision pin [metal hardware]; spiral belt of metal [not including machines elements]; springs [metal hardware]; springs being metal hardware for upholstery; threaded inserts [metal hardware]; metal torsion springs; transportable buildings of metal; wire forms.

Class 07

Agricultural implements other than hand-operated; anti-vibration mountings for machines; automatic vending machines; bushing assembly [parts of machines]; bushings [parts of machines]; conveyor belts of metal; conveyor belts; flat spiral springs [parts of machines]; gas struts [parts of machines]; hydraulic cylinders and systems; linear actuators; machine coupling and transmission components (except for land vehicles); machine tools; manufacturing and assembly line components and equipment, namely, material handling equipment in the nature of machine parts, namely, work holding fixtures and work transport fixtures for precision machining applications; metal conveyor belts; motors and engines (except for land vehicles); multislide-parts [parts of machines]; rings (part of machines); rings (piston -); shock absorber piston (machine part); shock absorber plungers [parts of machines]; shock absorbers; shock absorbing springs being parts of machine suspension; springs [parts of machines]; springs being parts of anti-vibration mountings for machines; springs being parts of machines; sprung guide rails [parts of machines]; sprung sheet metal guides [parts of machines]; stamped parts [parts of machines]; tolerance rings [parts of machines].

Class 09

Antennas; connectors; counter weights; electric connectors; network communication equipment; precious metal electrical plug.

Class 12

Apparatus for locomotion by land, air or water; coil springs [land vehicle suspension parts]; coil springs for vehicle suspensions; leaf-springs for vehicle suspensions;

shock absorber spring for vehicles; shock absorbing springs being parts of vehicle suspension; shock absorbing springs for vehicles; springs for vehicle suspension systems; shock absorber spring for vehicle, shock absorbers for automobiles; suspension springs (vehicle -); vehicle suspension springs; vehicles.

Class 35

Retailing, wholesaling, online retailing and online wholesaling in the field of antennas, connectors, counter weights, electric connectors, internal communication equipment, network communication equipment, precious metal electrical plug; retailing, wholesaling, online retailing and online wholesaling in the field of apparatus for locomotion by land, air or water, coil springs for vehicle suspensions, leaf-springs for vehicle suspensions, shock absorber spring for vehicles, shock absorbing springs being parts of vehicle suspension, shock absorbing springs for vehicles, springs for vehicle suspension systems, shock absorber spring for vehicles, shock absorbers for automobiles, vehicle suspension springs, vehicles; retailing, wholesaling, online retailing and online wholesaling in the field of shock absorbers, shock absorbing springs being parts of machine suspension, springs [parts of machines], springs being parts of anti-vibration mountings for machines, springs being parts of machines, sprung guide rails [parts of machines], sprung sheet metal guides [parts of machines], stamped parts, tolerance rings; retailing, wholesaling, online retailing and online wholesaling in the field of machine tools, metal conveyor belts, motors and engines (except for land vehicles), multislide-parts, rings (part of machines), rings (piston -), shock absorber piston (machine part), shock absorber plungers [parts of machines]; retailing, wholesaling, online retailing and online wholesaling in the field of agricultural implements other than hand-operated, anti-vibration mountings for machines, automatic vending machines, bushing assembly, bushings [parts of machines], conveyor belts of metal, conveyor belts, flat spiral springs [parts of machines], gas struts, hydraulic cylinders and systems, linear actuators, machine coupling and transmission components (except for land vehicles); retailing,

wholesaling, online retailing and online wholesaling in the field of pipe clamps, pipes and tubes of metal, precision pin, spiral belt, springs [metal hardware], springs being metal hardware for upholstery, threaded inserts, torsion springs, transportable buildings of metal, wire bending parts - with a thread, wire forms; retailing, wholesaling, online retailing and online wholesaling in the field of materials of metal for railway tracks, metal building materials, metal rings, metal stampings, metallic wires [non-electric], metal hardware, non-electric door springs, nuts, bolts and fasteners, of metal; retailing, wholesaling, online retailing and online wholesaling in the field of door springs of metal, non-electric, drawer runners, extension springs, flat spiral springs, gas springs, ironmongery, small items of metal hardware, leaf springs, loads (belts of metal, for handling -); retailing, wholesaling, online retailing and online wholesaling in the field of axis from wire, building and construction materials and elements of metal, bushings of metal, clamps of metal, clips of metal, common metals and their alloys, compression springs, covers from metal; business advisory services relating to product development.

Class 42

Design and development of tools; design of conveyor belts; development, design and testing of springs, wires and wire forms; engineering project management services; industrial testing; product design and development; springs design.

Goods and/or Services:

Class 02

Paints.

Class 06

Doors, gates, windows and window coverings [outdoor blinds] of metal.

Class 07

Washing apparatus; rinsing machines.

Class 09

Photovoltaic apparatus and installations for generating solar electricity; solar cells for electricity generation; solar cells; charging stations for electric vehicles; thermostats; wireless controllers to remotely monitor and control the function and status of other electrical, electronic, and mechanical devices or systems; computer software for audibly controlling a computer and the operation thereof; electronic controllers; programmable controllers; programmable logic controllers; electric control apparatus; electronic control systems; control installations (electric-); electronic control apparatus; electronic control units; electronic control instruments; connecting modules for electronic controls; multiport controllers; computer applications for automotive control; sensors for use in the control of engines; automatic control apparatus; apparatus for controlling static electricity; valves (electric controls for automatically operating-); remote controllers for controlling electronic products; computer hardware for the control of lighting; computer software for the control of lighting; valves (electronic controls for automatically operating-); audio-sensitive

controls for lighting apparatus and instruments; electric power controllers.

Class 11

Electric lamps; luminaires; lighting systems; air-conditioning installations; heating apparatus; heat pumps; clothes dryers; refrigerating cabinets; freezers, chest freezers.

Class 12

Electric vehicles; hybrid vehicles.

Class 17

Thermal insulating mats; silicone foam for thermal insulation; insulating materials for insulation against heat; lightweight mineral wool slabs for thermal insulation purposes; laminates containing polyamide foams for thermal insulation; insulating paints.

Class 19

Doors, gates, windows, not of metal and window coverings [outdoor blinds, not of metal and not of textile].

Class 35

Retailing and mail order trading, including via distance selling via the internet, in the field of the following goods: doors, gates, windows and window coverings of metal; retail services and mail order retail services, including via distance selling via the internet, in the field of the following goods: paints, insulating paints, washing machines, dishwashers, photovoltaic systems for generating electricity using solar energy, solar cells for generating electricity, solar cells [electric], charging stations for electric vehicles, thermostats; retail services and mail order retail services, including via long-distance selling via the internet, in the field of the following goods: wireless controls for remote monitoring and for checking the function and status of other

electric, electronic and mechanical devices or systems; retail services and mail order retail services, including via distance selling via the internet, in the field of the following goods: computer software for the acoustic control of computers and their operation, electronic controls, programmable controls, programmable logic controllers, electrical control devices, electronic control systems, electrical control systems, electrical control apparatus, electronic control units, electronic control instruments, connection modules for electric control, multi-port controls, computer applications for automotive control, sensors for controlling engines, automatic devices for control, apparatus for controlling static electricity, electric controls for automatic valves, remote controllers for controlling electronic products, computer hardware for lighting control, computer software for lighting control, electronic controls for automatically operating valves, audio-sensitive controls for lighting apparatus and instruments, electrical devices for controlling electrical power, air conditioners, heaters, heat pumps, tumble dryers, refrigerators, freezers, chest freezers, electric vehicles, hybrid vehicles, mats for thermal insulation, silicone foam for thermal insulation, insulating material for thermal insulation, lightweight mineral wool panels for thermal insulation purposes, sandwich panels containing polyamide foam for thermal insulation; retailing and mail order trading, including via distance selling via the internet, in the field of the following goods: doors, gates, windows and window coverings, not of metal.

Class 37

Installation of photovoltaic cells and modules; installation and maintenance of photovoltaic installations; maintenance, repair and reconditioning of photovoltaic apparatus and installations; heat insulation of windows; thermal insulation composite system installation services; roofing installation; roofing services; repair of energy supply installations; installation of energy-saving apparatus; installation of doors; installation of windows; installation of electric light and power systems.

Class 39

Distribution of energy; transmission and transport of electricity, heating, gas or water; supplying consumers with electricity, heating, gas and water; storage of energy and fuels; supplying third parties by distributing gas, heating and energy, in particular electricity, water, heat [local and district heating], cold, in particular to industrial and commercial customers, and supplying third parties by supplying electricity, gas, water and heat [local and district heating] and cold.

Class 40

Energy production; electricity generating; leasing of energy generating equipment; rental of heating installations, in particular heat pumps; rental of photovoltaic installations for generating electricity using solar energy; rental of solar panels for power generation; rental of solar panels for electricity generation.

Class 42

Professional consultancy in the field of energy-saving; advisory services relating to the use of energy; technological consultancy in the fields of energy production and use; professional consultancy relating to the conservation of energy; consultancy in the field of energy-saving; advisory services relating to energy efficiency; professional consultancy relating to energy efficiency in buildings; consultancy relating to technological services in the field of power and energy supply.

Classes: 07 09 11 35 36 37 38 39 40 41 42 44 45

Goods and/or Services:

Class 07

Industrial robots; industrial robots for use in the nuclear industry; industrial robots for the remote handling of materials in radiological and hazardous environments; industrial robots for use in radiological and hazardous industrial environments; industrial machines in the nature of rotating bed reactors to treat waste streams in the nuclear field.

Class 09

Computer software; computer application software; computer application software for mobile telephones and mobile devices; downloadable computer software; electronic publications (downloadable); content management software; software for monitoring, analysing, controlling and running physical world operations; software development tools, software compiling tools; fire safety software.

Class 11

Nuclear reactors, installations for processing nuclear fuel and nuclear moderating material; parts and fittings for all of the aforesaid.

Class 35

Business management advice and consultancy, management consultancy,

management services, business supervision, advisory services relating to business planning and strategy, business project management, business administration, management of business projects for others, provision of management personnel, marketing research studies, business efficiency and feasibility studies, project studies for businesses; consultancy, advisory and information services relating to all the foregoing; business management of carbon emissions; business management of carbon emissions waste; procurement of rotating bed reactors to treat waste streams in the nuclear field and procurement of consumable ion exchange materials for use in rotating bed reactors; arranging and conducting business meetings, arranging and conducting online business meetings; business networking services, business networking services provided in person, business networking services provided online; arranging and conducting business meetings and business networking services via real world collaboration spaces in the nature of workspaces, work hubs and meeting spaces enabling individuals from multiple disciplines to meet, give and receive presentations, present and watch lectures, network, and discuss projects, concepts and ideas, all for business purposes; arranging and conducting business meetings and business networking services via real world collaboration spaces in the nature of workspaces, work hubs and meeting spaces enabling individuals in the construction sector to meet, network, and discuss projects, concepts and ideas; arranging and conducting business meetings and business networking services via real world collaboration spaces in the nature of workspaces, work hubs and meeting spaces enabling individuals in the engineering sector to meet, network, and discuss projects, concepts and ideas; arranging and conducting business meetings and business networking services via real world collaboration spaces in the nature of workspaces, work hubs and meeting spaces enabling individuals in the energy sector to meet, network, and discuss projects, concepts and ideas; arranging and conducting business meetings and business networking services via collaborative workspaces in the nature of workspaces, work hubs and meeting spaces enabling individuals to work and network with others; provision of business information via

global computer networks; business process reengineering.

Class 36

Insurance; financial services; financing advice; financial planning services; project funding and financial sponsorship; property management services; property investment services; leasing of property; property management; investment services for commercial property; securing funds for purchase of property; flood management namely financial economic analysis; financial evaluation and analysis; financial studies; real estate affairs; real estate management; estate agency services; renting, leasing, and letting of property; insurance services relating to the buying, selling, rental, leasing, letting or construction of real estate property; financial provision services relating to the buying, selling, rental, leasing, letting or construction of real estate property; real estate brokerage; property management services; mortgage services; property portfolio management; provision of information relating to real estate property and the property market; consultancy, advisory and information services relating to all the foregoing; financial consultancy; quantity surveying services.

Class 37

Building construction services, repair services, for buildings, roads, bridges, dams and transmission lines; installation services for buildings, roads, bridges, dams and transmission lines; maintenance services for buildings, roads, bridges, dams and transmission lines; advisory services for buildings, roads, bridges, dams and transmission lines maintenance; highway maintenance; street cleaning; property maintenance and development; building construction supervision; on-site construction supervision; supervision of construction projects; installation, maintenance and repair of telecommunication networks; construction of railways and maintenance of railway tracks; airfield maintenance and construction; construction management services; building construction contractor services; general building

contractor services; project management in the field of building construction; building construction consultancy, technical consultation in the phases of definition, implementation and operation of building construction projects in the field of infrastructure, energy and power, mining and metallurgy, oil and gas, building construction supervision; consultancy, advisory and information services relating to all the foregoing; maintenance services and repair services of nuclear reactors; consulting services in the field of nuclear reactor construction; nuclear reactor construction project management services; maintenance of nuclear power plants, equipment and instruments for energy production; construction project management to facilitate effective and safe deployment of rotating bed reactors in the nuclear field and related liquid waste processing technology to treat third parties' specific waste streams; project management in the nature of technical consulting related to the installation, maintenance and repair of rotating bed reactors in the nuclear field and related liquid waste processing technology to treat third parties' specific waste streams in order to facilitate effective and safe deployment of the same; maintenance, and repair of rotating bed reactors to treat waste streams in the nuclear field; recovery of nuclear materials for beneficial reuse or repurpose of equipment in the nuclear field in the nature of hazardous waste removal [cleaning services] and clean-up services; residential property development services, real estate development services, building restoration and refurbishment services, general building contractor services; information, consultancy and advisory services relating to the aforementioned services; aircraft maintenance and repair services, machinery repair, electric appliance repair, repair of tools, assembly [installation] of parts for vehicles, installation of parts for vehicles, plant construction, electrical installation services, pipe installation services, machinery installation services; advisory services in relation to the aforementioned services; airfield maintenance and construction, installation of flood warning systems, installation and repair of flood protection equipment; consultancy, advisory and information services relating to all the foregoing.

Class 38

Telecommunications, advisory services relating to telecommunications, consultancy services relating to telecommunications, operation of telecommunications apparatus, provision of telecommunication facilities for educational purposes, computer network communication services, providing telecommunications connections to a global network; consultancy, advisory and information services relating to all the foregoing.

Class 39

Aircraft runway services, baggage and cargo handling; distribution of energy, electricity distribution, water distribution, water supply, water supply for privately managed systems, water supply for off-grid systems; consultancy, advisory and information services relating to all the foregoing; transport, packaging and storage of goods, travel arrangements, arrangement of transport of goods by rail and air, aircraft charter brokerage, aircraft chartering services, aircraft handling, arrangement of transportation of passengers by aircraft, baggage and cargo handling; consultancy, advisory and information services relating to all the foregoing.

Class 40

Treatment of materials, metal treatment, paper treatment, treatment of crude mineral oil, fuel treatment services, destruction of waste and trash, recycling waste and trash, production of energy, material treatment information, processing of oil, refining services, waste treatment, water treating, air purification; consultancy, advisory and information services relating to all the foregoing; nuclear reactor decontamination services; treatment of nuclear waste; detoxification and decontamination of radiological and hazardous materials; destruction of waste; treatment of nuclear waste, namely, waste streams in the nuclear field, via operation of rotating bed reactors; treatment of materials, namely, separation of nuclear materials for beneficial reuse or repurpose of equipment in the nuclear field; waste management of carbon emissions, treatment of materials, treatment of materials to reduce carbon

emissions and off gassing, treatment of greenhouse gases; production of energy for privately managed systems, production of energy for off grid systems, production of electrical power from renewable sources, material treatment information; consultancy, advisory and information services relating to all the foregoing.

Class 41

Education, providing of training, technical training relating to safety, business training consultancy and services, conducting training and seminars for clients; consultancy, advisory and information services relating to all the foregoing; education and training services relating to construction; education and training services relating to engineering; education and training services relating to the energy sector; organising meetings, conferences, seminars, webinars, symposiums and events; organising online meetings, conferences, seminars, webinars, symposiums and events; consultancy, advisory and information services relating to the aforementioned services; electronic publications (nondownloadable).

Class 42

Civil engineering; construction project engineering; scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; research and development in the fields of civil and structural engineering, computer software, new products for others, building construction, building construction materials; architectural advisory, design and planning services; advisory services relating to building design and design engineering; technical consultancy relating to civil and structural engineering; track engineering, design of rail vehicles; design of road networks; design of aviation facilities, hangers and terminals; preparation of technical project analysis studies; preparation of technical studies; architectural project management; civil engineering design services for flood management, namely storm and flood analytics and metrics to assist in disaster mitigation, disaster preparedness

and disaster recovery; design of engineering works for flood prevention; engineering project management; environmental consultancy and professional consulting relating to the conservation of energy; inspection of signaling instruments; geological prospecting; technical research and surveys, technical project studies and surveys; urban planning; scientific research and technological consultancy; consultancy, advisory and information services relating to all the foregoing; website design; on-site building materials inspection and approval; material testing services in the field of nuclear reactor design, research and development, and in-service inspection; nuclear engineering services; engineering design services; scientific and industrial analysis and research for the energy industry; environmental assessment services; engineering, design, development of rotating bed reactors to treat waste streams in the nuclear field; engineering, design, development of consumable ion exchange materials and methods of deployment for use in rotating bed reactors; scientific and technological services and research and design relating thereto, industrial analysis and research services, design and development of computer hardware and software, research and development, architectural advisory, design and planning services, advisory services relating to building design and design engineering, technical consultancy relating to civil and structural engineering, engineering design, design of rail vehicles, design of road networks, design of aviation facilities, hangers and terminals, preparation of project analysis studies, preparation of technical studies, design of engineering works for flood prevention, scientific risk assessment, engineering project management, environmental consultancy and professional consulting relating to the conservation of energy, research in the reduction of carbon emissions, inspection of signalling instruments, analysis of oil field exploitation, geological prospecting, research and surveys, urban planning; consultancy, advisory and information services relating to all the foregoing; website design; on-site building materials inspection and approval; electrical engineering services; scientific research and surveys for medical and veterinary services; scientific research and surveys relating to the field of agriculture, horticulture and forestry; scientific research and

development; research and development services in the field of engineering; mapping; engineering feasibility studies; testing, analysis and monitoring of telecommunication signals and navigation signals; technical feasibility studies; technical project studies in the field of construction; topographical surveys; conducting engineering surveys; material testing and analysis; materials testing and analysing; electrical engineering services; civil engineering design services; architectural project management; conducting of technical feasibility studies, preparation of technical studies, technical project studies, conducting engineering surveys; technical studies; providing non-downloadable software; providing temporary use of non-downloadable software; providing temporary use of non-downloadable cloud-based software; hosting web portals, hosting of portals on the Internet; hosting platforms on the Internet; platform as a service (PaaS); software as a service (SaaS), software as a service (SaaS) featuring monitoring computer software platforms; information technology services; architectural services, architectural consultancy services, engineering services, engineering consultancy services, environmental protection consultancy services, design services, interior design services, engineering drawing services, land surveying services, building surveying services, technical project studies, architectural consultancy and advisory services relating to structures and buildings, technical professional consultancy and advisory services relating to structural analysis of structures and buildings; information, consultancy and advisory services relating to the aforementioned services; engineering services and consultation in the field of building construction projects in the field of infrastructure, energy and power, mining and metallurgy, oil and gas; civil engineering drawing services; engineering surveying services; mechanical engineering; planning of buildings and infrastructure systems for buildings; research on building construction projects in the field of infrastructure, energy and power, mining and metallurgy, oil and gas and preparing reports relating thereto; providing technical studies and preparation of reports relating to technical projects studies for construction projects, and projects in the fields of infrastructure,

energy and power, mining and metallurgy, oil and gas; hosting digital platforms enabling people to meet together to discuss projects in the construction sector; hosting digital platforms enabling people to meet together to discuss projects in the engineering sector; providing temporary use of online non-downloadable software for accessing and using cloud computer networks; computer aided design services; software development, programming and implementation services; electrical engineering services; IT consultancy, advisory and information services; civil and structural engineering services.

Class 44

Garden design services, landscape design services; information, consultancy and advisory services, relating to the aforementioned services; agriculture, horticulture and forestry services; advisory and information services relating to all the foregoing.

Class 45

Advisory services in relation to safety; aircraft safety services; airport security services; safety and security risk assessment services, namely, security threat analysis for protecting public safety, protecting personal safety and protecting job site safety, workplace safety and physical safety at commercial and industrial facilities and infrastructure and facilities in the transportation, industrial, general building, energy generation and transmission, telecommunications, water supply, water treatment and civil, municipal and military fields; legal services; personal background investigations, personal legal affairs consultancy, security services for the protection of property and individuals, advisory services in relation to safety, airline passenger safety services, airport security services, provision of information, advice and consultancy in relation to security services for the protection of property and individuals, advisory services relating to security, legal services; consultancy, advisory and information services relating to all the foregoing; legal services relating to the buying, selling, rental, leasing, letting or construction of real estate property,

conveyancing, conveyancing services; litigation support services; information, consultancy and advisory services in relation to the aforementioned services.

Goods and/or Services:

Class 09

Sensors; sensors for determination, detection or monitoring of an environment;
sensors for scanning an environment; sensors for position detection; sensors for
determination, detection or monitoring of physical movements; aeronautical sensors;

sensors for detection of an environment on a taxiway; sensors for detection of an environment in a hangar; sensors for detection of an environment in a production hall; 3D sensors; 360° sensors; LIDAR sensors; laser scanners; sensors for attachment on an aircraft; sensors for attachment on an airplane; sensors for attachment on a vehicle for towing aircrafts; sensors for attachment on an airplane tug; sensors for use on a taxiway; sensors for use in a hangar; sensors for use in a production hall; recorded or downloadable computer software platforms; web-based computer software platforms; computer software platforms for automation of industrial operations; computer software platforms for automation of operations in relation to the operation of infrastructure buildings; computer software platforms for automation of operations in relation to the operation of airports and harbours; computer software platforms for automation of operations in relation to the operation of construction sites and mines; decision-making software; real-time decision-making software; decision-making software for industrial operations; real-time decision-making software for industrial operations; decision-making software for operations in relation to the operation of airports and harbours; real-time decision-making software for operations in relation to the operation of airports and harbours; decision-making software for operations in relation to the operation of construction sites and mines; computer software for determination, analysis and reporting in respect of key performance indicators in relation to the operation of infrastructural buildings; computer software for determination, analysis and reporting in respect of key performance indicators in relation to the operation of airports and harbours; computer software for the determination, analysis and reporting in respect of key performance indicators in relation to the operation of construction sites and mines; computer software; computer software for evaluating environmental detection data; computer software for evaluating environmental scans; computer software for collision avoidance; computer software for outputting a warning signal for collision avoidance; automation controls for automation of operations in relation to the operation of infrastructural buildings, construction sites or mines; computer software for

automation for the automation of operations in relation to the operation of infrastructural buildings, construction sites or mines; computer software for automation of procedures on a taxiway; computer software for automation of procedures in a hangar; computer software for automation of procedures in a construction hall; computer software for determination of efficiency in ground traffic control; computer software for determination of efficiency of procedures on a taxiway; computer software for determination of efficiency of procedures in a hangar; computer software for determination of efficiency of procedures in a construction hall; computer software for increasing efficiency in ground traffic control; computer software for increasing efficiency in procedures on a taxiway; computer software for increasing efficiency of procedures in a hangar; computer software for increasing efficiency of procedures in a construction hall.

Class 12

Aircraft attachment parts; airplane attachment parts; aircraft attachment parts for ground traffic control for aircrafts; airplane attachment parts for ground traffic control for airplanes; airplane attachment parts for customizable attachment on an airplane; airplane attachment parts for customizable attachment on an airplane tug; airplane attachment parts for collision avoidance; modular aircraft attachment parts; modular airplane attachment parts.

Class 39

Ground traffic control for aircrafts; navigation services for aircrafts in relation to the taxi control of an aircraft; handling of passengers at airports; airport transport services in relation to the operation of a hangar; airport transport services in relation to the operation of gates.

Class 42

IT services; services for updating of computer programs; services in the field of information technology; services for writing of computer software; services for writing

of computer programs; software technical support services in relation to downloading of computer software; services for design of computer software for electronic data processing; technical support in the field of computer software in relation to the operation of a hangar; technical support in the field of computer software in relation to the operation of a gate.
