3d scanning services; Dna analysis for scientific research purposes; Dna analysis provided by laboratories to determine maternity; Dna analysis provided by laboratories to determine paternity; Dna analysis services for scientific research purposes; Dna analysis services provided by laboratories to determine maternity; Dna analysis services provided by laboratories to determine paternity; Dna analysis services to determine maternity; Dna analysis services to determine paternity; Dna analysis to determine maternity; Dna analysis to determine paternity; Dna laboratory analysis services for maternity tests; Dna laboratory analysis services for paternity tests; Dna screening for scientific research purposes; Dna screening services for scientific research purposes; Dna sequencing for medical research purposes; Dna sequencing technology research; Dna testing services; It consultancy, advisory and information services; It programming services; It security services in the nature of protection and recovery of computer data; It services for data protection; It services relating to the installation, maintenance and repair of software; Rna interference technology research; Accreditation services [certification of competence and quality] in the area of expertise of an organization or a person; Accreditation services [certification of competence and quality] in the field of the food and drink industry; Administration of mail servers; Administration of user rights in computer networks; Administration of web sites for others; Administration of web sites for third parties; Administration of websites for others; Administration of websites for third parties; Advice in the field of cloud computing applications and networks; Advice in the field of deploying cloud computing environments in the field of infrastructure as a service [iaas]; Advice in the field of deploying cloud storage environments in the field of infrastructure as a service [iaas]; Advice relating to the design of computer hardware; Advice relating to the design of computer software; Advice relating to the design of computer systems; Advisory and consultancy services relating to computer hardware; Advisory and consultancy services relating to computer software; Advisory and consultancy services relating to the design and development of computer hardware; Advisory and information services relating to computer software; Advisory and information services relating to the design and development of computer hardware; Advisory and information services relating to the design and development of computer peripherals; Advisory services in the field of architecture; Advisory services in the field of biochemistry; Advisory services in the field of cloud computing networks and applications; Advisory services in the field of computer hardware design; Advisory services in the field of computer system analysis; Advisory services in the field of computer system design; Advisory services in the field of computer systems analysis; Advisory services in the field of computer systems design; Advisory services in the field of deploying cloud computing environments in the field of infrastructure as a service [iaas]; Advisory services in the field of deploying cloud storage environments in the field of infrastructure as a service [iaas]; Advisory services in the field of gene therapy research; Advisory services in the field of interior design; Advisory services in the field of pharmacology; Advisory services in the field of product

development and quality improvement of software; Advisory services relating product development and quality improvement of software; Advisory services relating to architecture; Advisory services relating to biochemistry; Advisory services relating to computer hardware design; Advisory services relating to computer software; Advisory services relating to computer system analysis; Advisory services relating to computer system design; Advisory services relating to computer systems analysis; Advisory services relating to computer systems design; Advisory services relating to energy efficiency; Advisory services relating to gene therapy research; Advisory services relating to industrial design; Advisory services relating to industrial engineering; Advisory services relating to industrial research in the field of phytotherapy; Advisory services relating to interior design; Advisory services relating to material testing; Advisory services relating to pharmacology; Advisory services relating to planning applications; Advisory services relating to science; Advisory services relating to scientific instruments; Advisory services relating to scientific research; Advisory services relating to scientific research in the field of phytotherapy; Advisory services relating to technological research; Advisory services relating to the design of computer hardware; Advisory services relating to the design of installations; Advisory services relating to the design of interior decor; Advisory services relating to the design of premises; Advisory services relating to the planning of installations; Advisory services relating to the planning of premises; Aerial surveying; Aerial surveying services; Aeroplane design; Aeroplane design services; Agricultural research; Agricultural research services; Agrochemical research; Agrochemical research services; Air flow acoustic measurement services; Air flow biochemical analysis services; Air flow component testing services; Air flow measurement services; Air quality analysis; Air quality analysis services; Aircraft design; Aircraft design services; Airplane design; Airplane design services; Allergy testing for research and science use; Allergy testing for research and scientific purposes; Allergy testing for scientific research purposes; Analyses for oil-field exploitation; Analysis and evaluation of product design; Analysis and evaluation of product development; Analysis and evaluation of products and services with respect to possible future applications; Analysis and testing for oil workings; Analysis and testing of oil products; Analysis and testing services for the oil industry; Analysis and testing services in the field of oil exploitation; Analysis and testing services in the field of oil exploration; Analysis and testing services relating to electrical engineering apparatus; Analysis for oil research; Analysis for oil-field exploitation; Analysis in the field of molecular biology; Analysis in the field of oil exploration; Analysis of geological samples; Analysis of goods being imported or exported for quarantine clearance purposes; Analysis of greenhouse gas emissions; Analysis of human tissues and stem cells for scientific research purposes; Analysis of oil deposits; Analysis of oil fields; Analysis of oil reservoirs; Analysis of oil soakings; Analysis of oilfields; Analysis of product design; Analysis of product development; Analysis of statistical data for scientific research; Analysis of stream water quality; Analysis of technical data; Analysis of telecommunication signals; Analysis of the mode of action of chemical combinations on animals; Analysis of water; Analysis of water quality; Analysis services for oil field exploration; Analysis services for oilfield exploration; Analysis services in the field of the circular economy; Analysis services relating to carbon neutrality; Analytical laboratory services; Animal genetics research; Animal semen testing services for research purposes; Animation and special effects design for others; Animation design; Animation design services; Antique authentication; Apparatus and instruments functionality testing; Application service provider; Application service provider [asp]; Application service provider [asp] services; Archaeological excavation; Archaeological exploration; Archaeological exploration and research; Archaeological research; Archeological exploration; Archeological exploration and research; Archeological research; Architectural and construction drafting consultancy; Architectural and engineering services; Architectural and town planning services; Architectural and urban planning services; Architectural consultancy; Architectural consultancy services; Architectural consultation; Architectural consultation services; Architectural design; Architectural design for interior decoration; Architectural design for town planning; Architectural design for urban planning; Architectural design in the field of luxury condominiums; Architectural design in the field of single family homes; Architectural design services; Architectural design services in the fields of traffic and transportation; Architectural ironmongery testing; Architectural planning; Architectural planning and consultancy services; Architectural planning services; Architectural product design services provided on an outsourcing basis; Architectural project management; Architectural research; Architectural research services; Architectural services; Architectural services for the design of buildings; Architectural services for the design of commercial buildings; Architectural services for the design of industrial buildings; Architectural services for the design of office buildings; Architectural services for the design of retail premises; Architectural services for the design of shopping centers; Architectural services for the design of shopping centres; Architectural services for virtual buildings in metaverse environments; Architectural services for virtual buildings in the metaverse; Architectural services for virtual buildings in virtual environments; Architectural services relating to land development; Architectural services relating to the development of land; Architecture consultancy services; Architecture services; Arranging and conducting scientific studies; Arranging and conducting scientific surveys; Arranging and conducting technical studies; Arranging and conducting technical surveys; Arranging technical project studies; Arranging technological project studies; Arranging the donation of computers and computer peripherals to schools for educational learning and research [charitable services]; Arranging the donation of human corpses for medical research; Art work design; Artificial intelligence consultancy; Artificial intelligence technology services provided on an outsourcing basis; Assaying minerals; Assaying minerals and oils; Assaying oils; Assessing information technology security and vulnerability of computers and networks; Assessment of chemical information to estimate levels of risk; Astronomy consultation; Authenticating coins; Authenticating diamonds; Authenticating furniture; Authenticating of antiques; Authenticating of electronic documents and e-mails;

Authenticating of stamps; Authenticating oil paintings; Authenticating paintings; Authenticating photos; Authenticating pictures; Authenticating services; Authenticating statues; Authenticating users accessing computer networks; Authenticating visual works; Authenticating works of art; Authentication of coins; Authentication of diamonds; Authentication of electronic documents and e-mails; Authentication of furniture; Authentication of paintings; Authentication of photos; Authentication of pictures; Authentication of stamps; Authentication of statues; Authentication of users accessing computer networks; Authentication of visual works; Authentication of works of art; Authentication services [product certification services]; Authentication services [verification of the characteristics of goods]; Authentication services [verification of the characteristics of merchandise]; Authentication services [verification of the characteristics of products]; Authentication services for computer security; Authentication services for electronic documents and e-mail; Authentication services for electronic documents and e-mails; Authentication, issuance and validation of digital certificates; Authentication, issuance and validation of digital keys; Automobile design; Automobile design services; Automotive design; Back-up (copying) of computer data; Back-up services for computer hard drive data; Backup services for computer hard drive data; Bacteriological analysis; Bacteriological analysis services; Bacteriological consultancy and research; Bacteriological consultation and research; Bacteriological research; Bacteriological research and analysis; Bacteriological research and analysis services; Bacteriological research and testing; Bacteriological research services; Bacteriological testing; Bacteriological testing services; Bacteriology consultancy; Basic and clinical research in the field of respiratory science and medicine; Bathroom design; Bathroom design services; Bicycle design; Biochemical analysis; Biochemical analysis services; Biochemical engineering services; Biochemical research and analysis; Biochemical research and analysis services; Biochemical research and development; Biochemical research and development services; Biochemistry consultancy; Biochemistry research services; Biochemistry services; Bioinorganic chemistry research; Biological analysis; Biological analysis services; Biological and chemical research; Biological and chemical research services; Biological cloning services; Biological laboratory services; Biological research; Biological research and analysis; Biological research and analysis services; Biological research laboratory services; Biological research services; Biological research, clinical research and medical research; Biological, clinical and medical research; Biology consultancy; Biomedical research; Biomedical research services; Biometrics research; Biomolecular analysis; Bioorganic chemistry research; Bioplastics technology research; Biotechnological research; Biotechnological research relating to livestock; Biotechnological research services; Biotechnology consultancy; Biotechnology consulting services; Biotechnology development; Biotechnology research; Blockchain as a service [baas]; Blockchain as a service [baas] for creating and managing cyber pets authenticated by non-fungible tokens [nfts]; Blockchain as a service [baas] for creating and managing unique graphics authenticated by non-fungible tokens [nfts]; Blockchain as a service [baas] for creating and managing virtual goods authenticated by non-fungible tokens [nfts]; Blood analysis for scientific research; Blood analysis for scientific research purposes; Blood analysis services for scientific research; Blood analysis services for scientific research purposes; Blood serum analysis for scientific research purposes; Blood serum analysis services for scientific research purposes; Blood serum testing for scientific research purposes; Blood serum testing services for scientific research purposes; Blood testing for scientific research purposes; Blood testing services for scientific research purposes; Boat design; Boat design consultancy; Boat design consultancy services; Boat design services; Brand design; Brand design services; Building and maintaining web sites; Building and maintaining websites; Building and structural inspection services [engineering, quality assessment, and surveying services]; Building design services; Building inspection services [surveying]; Building project management [construction drafting, design and planning]; Building research services; Business card design; Business card design services; Calibration [measuring]; Calibration [measuring] services; Calibration of analytical apparatus; Calibration of computer software; Calibration of construction testing equipment; Calibration of detectors; Calibration of electronic apparatus; Calibration of electronic equipment; Calibration of gauges; Calibration of instruments; Calibration of laboratory apparatus; Calibration of laboratory equipment; Calibration of machines; Calibration of measuring apparatus; Calibration of measuring instruments; Calibration of medical apparatus; Calibration of nuclear density gauges; Calibration of pipettes; Calibration of sensors; Calibration of testing equipment; Calibration services; Car design; Car design services; Carbon footprint analysis services; Cartographic design services; Cartographic measurement services by drone; Cartographic measurement services by drones; Cartographic or thermographic measurement services by drone; Cartographic or thermographic measurement services by drones; Cartography services; Cartography services provided in metaverse environments; Cell culture services for scientific and research purposes for others; Cell culture services for scientific and research purposes, for others; Cell culturing for scientific research purposes; Cell separation research services; Certification of data via blockchain; Certification of data via blockchain technology; Certification of diamonds; Certification of educational services; Certification services [testing, verification and authentication of the goods of others for the purpose of certification]; Certification services [testing, verification and authentication of the services of others for the purpose of certification]; Certification services of data transmitted via telecommunications; Certification services of messages transmitted via telecommunications; Charitable services, namely, arranging the donation of computers and computer peripherals to schools for educational learning and research; Chemical analysis; Chemical analysis services; Chemical analysis services for material testing; Chemical analysis services for use in the testing of material; Chemical and biological laboratory services; Chemical and biomolecular analysis; Chemical engineering; Chemical engineering services; Chemical

laboratory services; Chemical research; Chemical research and analysis; Chemical research and analysis services; Chemical research laboratory services; Chemical research services; Chemical technological research; Chemical testing; Chemical, biochemical, biological and bacteriological research and analysis; Chemist's services; Chemistry consultancy; Chemistry consultation; Chemistry research; Chemistry services; Circular rna vaccine research; Civil engineering design consultancy; Civil engineering design services relating to water irrigation; Civil engineering drawing consultancy; Civil engineering drawing services; Civil infrastructure design services; Civil infrastructure engineering services; Classification of minerals; Clinical research; Clinical research services; Clinical trials; Closet design; Closet design services; Closet graphic design services; Clothes design; Clothes design services; Clothing design; Clothing design services; Cloud computing; Cloud computing consultancy; Cloud computing consulting; Cloud computing services; Cloud seeding; Cloud-based data protection services; Cloud-hosted data protection services; Cloud-stored data protection services; Coding of messages; Coin analysis [authentication] services; Coin analysis and authentication services; Coin authentication services; Coin grading services; Combustion engine systems design services; Commercial art design; Commercial art design services; Commercial interior design; Commissioned writing of computer programmes, software and code for the creation of web pages on the internet; Commissioned writing of computer programs, software and code for the creation of web pages on the internet; Communications system design; Compilation of computer programmes; Compilation of computer programs; Compilation of web pages for the internet; Component testing; Component testing services; Compression of data for electronic storage; Computer aided design for manufacturing operations; Computer aided design of molds; Computer aided design of moulds; Computer aided design of video graphics; Computer aided design services; Computer aided design services relating to architecture; Computer aided design services relating to building projects; Computer aided diagnostic testing services; Computer aided engineering design; Computer aided engineering design and drawing services; Computer aided engineering design services; Computer aided graphic design; Computer aided graphic design services; Computer aided industrial analysis; Computer aided industrial analysis services; Computer aided industrial design; Computer aided industrial design services; Computer aided industrial design, research, testing and analysis services; Computer aided industrial research; Computer aided industrial research services; Computer aided industrial testing; Computer aided industrial testing services; Computer aided scientific analysis; Computer aided scientific analysis services; Computer aided scientific research; Computer aided scientific research services; Computer aided scientific research, testing and analysis services; Computer aided scientific testing; Computer aided scientific testing services; Computer aided testing services; Computer analysis; Computer analysis services; Computer and computer software rental; Computer and internet security consultancy and data encryption services; Computer and software design and development; Computer and technology services for securing computer data; Computer and technology services for securing personal and financial information; Computer and technology services for the detection of unauthorized access to data and information; Computer code conversion for others; Computer data backup and conversion services; Computer data conversion services; Computer database design; Computer database design and development; Computer database design services; Computer design; Computer design and development; Computer design and development services; Computer design of graphic representation programs; Computer design services; Computer development; Computer development services; Computer disaster recovery planning; Computer disaster recovery planning services; Computer engineering; Computer engineering project management services; Computer engineering services; Computer firmware design; Computer forensic science; Computer game software design; Computer game software development; Computer graphic design; Computer graphic design for video projection mapping; Computer graphic design services; Computer graphics design; Computer graphics design services; Computer graphics rendering; Computer hardware and software design; Computer hardware and software design services; Computer hardware and software testing services; Computer hardware design; Computer hardware design services; Computer hardware development; Computer hardware development services; Computer hardware testing; Computer network configuration; Computer network configuration services; Computer network design; Computer network design for others; Computer operating system performance testing; Computer performance testing; Computer program advisory services; Computer program customisation; Computer program customisation services; Computer program customization; Computer program customization services; Computer program debugging for others; Computer program debugging for third parties; Computer program design; Computer program design and development; Computer program design and development for others; Computer program design services; Computer program design to the specifications of others; Computer program development for others; Computer program engineering; Computer program maintenance; Computer program maintenance services; Computer program programming; Computer program programming services; Computer program rental; Computer program rental and maintenance; Computer program rental services; Computer program testing; Computer program updating; Computer program updating services; Computer programme design; Computer programme design and development; Computer programme design services; Computer programme design to the specifications of others; Computer programme maintenance; Computer programme maintenance services; Computer programme rental; Computer programme rental services; Computer programme testing; Computer programme updating; Computer programme updating services; Computer programming; Computer programming and computer program design; Computer programming and computer software design; Computer programming and design of computer software; Computer programming and design of software; Computer programming and software design; Computer programming being programming of software to the specifications of others; Computer programming

consultancy; Computer programming consultancy for data processing; Computer programming for data analysis; Computer programming for data duplication; Computer programming for data duplication and conversion; Computer programming for data processing; Computer programming for data processing and communication systems; Computer programming for technical data analysis; Computer programming for the analysis of data; Computer programming for the analysis of technical data; Computer programming for the energy industry; Computer programming for the medical sector; Computer programming in the medical field; Computer programming of computer software for scanning or reading rfid tags via computer networks; Computer programming of computer software for scanning or reading rfid tags via mobile devices; Computer programming of computer software for scanning or reading a qr code via computer networks; Computer programming of computer software for scanning or reading a qr code via mobile devices; Computer programming of computer software for scanning or reading a bar code via computer networks; Computer programming of computer software for scanning or reading a bar code via mobile devices; Computer programming of computer software for scanning or reading a quick response code via computer networks; Computer programming of computer software for scanning or reading a quick response code via mobile devices; Computer programming of smart contracts on a blockchain; Computer programming of software for scanning or reading rfid tags via computer networks; Computer software upgrading; Computer software upgrading services; Computer software writing and updating; Computer software writing and updating services; Computer support services [programming and software installation, repair and maintenance services]; Computer support services being installation, repair, maintenance and programming of software; Computer system analysis; Computer system analysis services; Computer system design; Computer system design and analysis; Computer system design and development; Computer system design services; Computer system design using agile development methods; Computer system development; Computer system integration services; Computer systems analyses; Computer systems analysis; Computer systems analysis services; Computer systems design; Computer systems design and analysis; Computer systems design services; Computer systems development; Computer systems integration services; Computer technology consultancy; Computer technology consultancy in the field of aerospace engineering; Computer technology consultancy in the field of artificial intelligence; Computer technology consultancy in the field of cybersecurity; Computer technology consultancy in the field of data analytics; Computer technology consultancy in the field of data integration; Computer technology consultancy in the field of data management; Computer technology consultancy in the field of data migration; Computer technology consultancy in the field of data security; Computer technology consultancy in the field of data sharing; Computer technology consultancy in the field of data transformation; Computer technology consultancy in the field of machine learning; Computer technology consultancy in the field of remote medicine; Computer technology consultancy in the field of software for enterprise resource planning [erp]; Computer technology consultancy in the field of telemedicine; Computer technology consultancy in the field of virtual medicine; Computer technology services provided on an outsourcing basis; Computer testing; Computer time-sharing services; Computer virus protection services; Computer web site design; Computer website design; Computer website hosting services and software rental services; Computer-aided design; Computer-simulated model design; Computer-simulated model design for 3d printing; Computer-simulated model design services; Computer-simulated model design services for 3d printing; Computerised business information storage; Computerised data storage; Computerised data storage services; Computerised food analysis services; Computerised user authentication services in e-commerce transactions; Computerized business information storage; Computerized data storage; Computerized data storage services; Computerized food analysis services; Computerized imaging alteration of movies; Computerized imaging alteration of photographs; Computerized imaging alteration of videos; Computerized imaging correction of movies; Computerized imaging correction of photographs; Computerized imaging correction of videos; Computerized imaging retouching of movies; Computerized imaging retouching of photographs; Computerized imaging retouching of videos; Computerized user authentication services in e-commerce transactions; Computing equipment testing; Conducting clinical studies; Conducting clinical tests; Conducting clinical trials; Conducting clinical trials for others [scientific research]; Conducting clinical trials for pharmaceuticals; Conducting clinical trials in the field of acupuncture therapy; Conducting clinical trials in the field of cardiovascular disease; Conducting early evaluations in the field of new pharmaceuticals; Conducting engineering surveys; Conducting geological surveys; Conducting magnetic resonance imaging interpretation and analysis for the petroleum industry; Conducting of chemical analyses; Conducting of engineering feasibility studies; Conducting of geological surveys; Conducting of quality control tests; Conducting of quality control tests on goods and services; Conducting of scientific experiments; Conducting of scientific feasibility studies; Conducting of scientific studies; Conducting of technical feasibility studies; Conducting oil well diagnostics; Conducting research and technical project studies relating to the use of natural energy; Conducting sampling and analysis services to assess contamination levels; Conducting sampling and analysis services to assess pollution levels; Conducting sampling and analysis services to check for contamination; Conducting technical project studies; Conducting technical project studies for construction projects; Conducting technical project studies relating to franchising; Conducting technical project surveys; Conducting technological project studies; Configuration of computer hardware using software; Configuration of computer networks; Configuration of computer networks by software; Configuration of computer networks using software; Configuration of computer software; Configuration of computer systems and networks; Configuration, installation, fault diagnosis, repair, upgrading and maintenance of computer software; Configuring computer networks by means of software; Conformance testing services; Construction drafting; Construction drafting and consultancy relating thereto; Construction drafting consultancy; Construction drafting services; Construction engineering services [construction design]; Construction engineering services [construction planning]; Construction engineering services [technical project studies in the field of construction]; Construction planning; Construction planning services; Construction project management [construction drafting, design and planning]; Construction project management services [construction drafting, design and planning]; Construction research services; Consultancy and advice

Consultancy relating to consumer product safety testing; Consultancy relating to energy auditing; Consultancy relating to geological surveys; Consultancy relating to industrial engineering; Consultancy relating to interior decoration; Consultancy relating to laboratory testing; Consultancy relating to pharmaceutical research and development; Consultancy relating to product development; Consultancy relating to quality control; Consultancy relating to research and development in the field of therapeutics; Consultancy relating to research in the field of pharmacogenetics; Consultancy relating to scientific research in the field of environmental protection; Consultancy relating to software design and development; Consultancy relating to software for communication systems; Consultancy relating to software maintenance; Consultancy relating to technical and scientific analysis; Consultancy relating to technical and scientific measuring; Consultancy relating to technical and scientific monitoring; Consultancy relating to technical research in the field of food and beverages; Consultancy relating to technological services in the field of power and energy supply; Consultancy relating to the creation and design of web sites; Consultancy relating to the creation and design of web sites for e-commerce; Consultancy relating to the creation and design of websites; Consultancy relating to the creation and design of websites for e-commerce; Consultancy relating to the creation of home pages and internet pages; Consultancy relating to the creation of homepages and internet pages; Consultancy relating to the design and development of computer database programmes; Consultancy relating to the design and development of computer database programs; Consultancy relating to the design and development of computer hardware; Consultancy relating to the design and development of computer programmes; Consultancy relating to the design and development of computer programs; Consultancy relating to the design and development of computer software; Consultancy relating to the design and development of computer software and hardware architecture; Consultancy relating to the design and development of computer software programmes; Consultancy relating to the design and development of computer software programs;

Consultancy relating to the design and development of information and communications technology; Consultancy relating to the design of home pages and internet pages; Consultancy relating to the design of home pages and internet sites; Consultancy relating to the design of homepages and internet pages; Consultancy relating to the design of homepages and internet sites; Consultancy relating to the design, programming and maintenance of computer software; Consultancy relating to the maintenance of computer software; Consultancy relating to the recovery of computer data; Consultancy relating to the selection, implementation and use of computer programs; Consultancy relating to the selection, implementation and use of computer software; Consultancy relating to the updating of computer software; Consultancy relating to the updating of software; Consultancy relating to web page design; Consultancy services in the field of cloud computing; Consultancy services in the field of cloud computing applications and networks; Consultancy services in the field of design, selection, implementation and use of computer hardware and software systems; Consultancy services in the field of genetic engineering; Consultancy services in the field of genetic manipulation; Consultancy services in the field of genetic modification; Consultancy services in the field of maintaining the security and integrity of databases; Consultancy services in the field of technological development; Consultancy services relating to architectural planning; Consultancy services relating to architecture; Consultancy services relating to nuclear engineering; Consultancy services relating to quality control; Consultancy services relating to software used in the field of e-commerce; Consultancy services relating to technological research; Consultancy services relating to the design, development and use of computer hardware and computer software; Consultancy services relating to the design, development and use of computer hardware and software; Consultancy services relating to the planning and design of travel agencies; Consultancy with regard to the design of homepages and internet pages; Consultancy with regard to webpage design; Consultation in the field of physics; Consultation pertaining to pharmacology; Consultation services relating to architectural planning; Consulting in the field of cloud computing; Consulting in the field of cloud computing networks and applications; Consulting in the field of structural engineering; Consulting services in the field of architectural design; Consulting services in the field of biotechnology; Consulting services in the field of cloud computing; Consulting services in the field of cloud computing applications and networks; Consulting services in the field of computer and computer network security; Consulting services in the field of deploying cloud computing environments in the field of infrastructure as a service [iaas]; Consulting services in the field of deploying cloud storage environments in the field of infrastructure as a service [iaas]; Consulting services in the field of design, selection, implementation and use of computer hardware and software systems; Consulting services in the field of genetic toxicology; Consulting services in the field of office and workplace automation; Consulting services in the field of quantum computing; Consulting services in the field of recombinant dna technology; Consulting services in the field of software as a service [saas]; Consulting services with respect to selection, implementation and use of computer programs; Consulting services with respect to selection, implementation and use of computer software; Consumer product design; Consumer product design services; Consumer product safety testing; Consumer product safety testing consultation; Contract research services relating to molecular sciences; Conversion of cds into digital formats; Conversion of cds into other digital formats; Conversion of a digital document to another format; Conversion of computer programmes other than physical conversion; Conversion of computer programmes, other than physical conversion; Conversion of computer programs and data, other than physical conversion; Conversion of computer programs, other than physical conversion; Conversion of data from physical to electronic media; Conversion of data or documents from physical to electronic media; Conversion of data other than physical conversion; Conversion of data, other than physical conversion; Conversion of document data from one computer format to another; Conversion of documents from physical to electronic media; Conversion of electronic information data; Conversion of images from physical to electronic media; Conversion of texts to digital format; Copying of computer programmes; Copying of computer programs; Copying of computer software; Cosmetic research; Cosmetic testing; Cosmetics research; Costume design; Costume design services; Creating an on-line community for registered users; Creating an on-line community for registered users to form virtual communities and engage in social networking services; Creating an on-line community for registered users to form virtual communities and engage in social networking services in the field of blockchain technology; Development of image processing software; Development of industrial machinery; Development of industrial processes; Development of industrial products; Development of measuring and testing methods; Development of measuring probes for biotechnological applications; Development of new products; Development of new technology for others; Development of operating system software; Development of pharmaceutical preparations and medicines; Development of pharmaceuticals; Development of programmes for data processing; Development of programs for computers; Development of programs for data processing; Development of prostheses; Development of software; Development of software application solutions; Development of software for automated business process discovery [abpd]; Development of software for communication systems; Development of software for multimedia data storing and recalling; Development of software for others; Development of software for secure network operations; Development of systems for data processing; Development of systems for the processing of data; Development of systems for the storage of data; Development of systems for the transmission of data; Development of testing apparatus for electrical wires; Development of testing methods; Development of vehicles; Development of video and computer games; Development of video game software; Development of video games; Development of virtual reality software; Development of web sites; Development of websites; Development of word processing software; Development services in the field of computer software and advisory services relating thereto; Development, design and updating of home pages; Development, design and updating of homepages; Development, maintenance and updating of a telecommunication network search engine; Development, maintenance and updating of a telecommunications network search engine; Development, programming and rental of data processing programmes; Development, programming and rental of data processing programs; Development, updating and maintenance of software and database software; Development, updating and maintenance of software and database systems; Diagnosis of computer hardware problems through the use of software; Diagnosis of computer software problems; Diagnostics and well optimization services for digital oil field systems; Diamond authentication and certification services; Digital alteration and retouching of photographic images; Digital alteration of photographs; Digital archiving services; Digital compression of computer data; Digital content creation being creation of digital special effects for films, video and computer programs; Digital content creation being creation of digital special effects for multimedia applications; Digital content creation services being creation of digital animation for films, video and computer programs; Digital enhancement services of photographs; Digital forensic analysis; Digital forensic investigations in the field of computer crimes; Digital forensic science; Digital image correction of photographs; Digital image encryption services; Digital imaging services [digitisation and scanning of images]; Digital imaging services [digitization and scanning of images]; Digital imaging services [rendering of computer graphics]; Digital music encryption services; Digital photographic restoration; Digital photographic restoration services; Digital photographic retouching; Digital photographic retouching services; Digital photographs retouching; Digital photographs retouching services; Digital restoration and preservation of historical documents and photographs; Digital restoration of photographic images; Digital restoration of photographs; Digital restoration of photos; Digital restoration services of photographic images; Digital retouching of photographs; Digital signature verification services [electronic cryptology services]; Digital watermarking; Digital watermarking services; Digitisation of artworks [scanning]; Digitisation of documents; Digitisation of documents [scanning]; Digitisation of images; Digitisation of paintings [scanning]; Digitisation of photographic images [scanning]; Digitisation of photographs [scanning]; Digitization of artworks [scanning]; Digitization of documents; Digitization of documents [scanning]; Digitization of images; Digitization of paintings [scanning]; Digitization of photographic images [scanning]; Digitization of photographs [scanning]; Digitization of sound and images; Disaster recovery services for data communications systems; Document data transfer from one computer format to another; Drafting of construction plans for recreation facilities; Drafting of construction plans for recreation premises; Drafting of plans for road projects; Draftsman's services in the nature of technical drawing; Draughtsman's services in the nature of technical drawing; Dress design; Dress design services; Dress designing; Dress designing services; Drilling of geological core samples; Drug development; Drug development services; Drug discovery services; Drug screening for forensic purposes; Duplicating computer programmes; Duplicating computer programs; Duplication of computer programmes; Duplication of computer programs; Duplication of computer programs being software protection programs and security programs; Duplication of computer software; Editing of computer programmes; Editing of computer programs; Editing of software; Electrical engineering; Electrical engineering services; Electrical safety research; Electronic big data storage; Electronic cryptology services in the nature of digital certificate and digital signature verification services; Electronic cryptology services in the nature of electronic data encryption services; Electronic data back-up; Electronic data back-up services; Electronic data backup; Electronic data backup services; Electronic data log storage; Electronic data storage; Electronic data storage and data back-up services; Electronic data storage and data backup services; Electronic data storage in virtual environments; Electronic data storage services; Electronic megadata storage; Electronic monitoring of credit card activity to detect fraud via the internet; Electronic monitoring of financial transactions and activities to detect suspicious, fraudulent or unlawful transactions and activities; Electronic monitoring of monetary and financial transactions to detect fraud via the internet; Electronic monitoring of personally identifying information to detect identity theft via the internet; Electronic monitoring services being it security services in the nature of protection and recovery of computer data; Electronic monitoring services for computer security services for protection against illegal network access; Electronic monitoring services

for computer security threat analysis for protecting data; Electronic security monitoring services in the nature of monitoring computer systems for data security purposes; Electronic signature verification services [electronic cryptography services]; Electronic signature verification services using technology to authenticate user identity; Electronic site authoring; Electronic storage and retrieval services for archiving biological data; Electronic storage of archived e-mails; Electronic storage of audio files; Electronic storage of big data; Electronic storage of business and financial information; Electronic storage of business information; Electronic storage of data; Electronic storage of data logs; Electronic storage of digital audio files; Electronic storage of digital images; Electronic storage of digital music; Electronic storage of digital photographs; Electronic storage of digital video files; Electronic storage of digital videos; Electronic storage of documents; Electronic storage of documents and archived e-mails; Electronic storage of entertainment media content; Electronic storage of files and documents; Electronic storage of financial information; Electronic storage of images; Electronic storage of medical records; Electronic storage of megadata; Electronic storage of photographs; Electronic storage of videos; Electronic storage services for archiving databases; Electronic storage services for archiving databases, images and other electronic data; Electronic storage services for archiving electronic data; Encoding digital music; Encoding of digital images; Encoding of digital music; Encoding of magnetic cards; Encoding services of magnetic cards; Encryption of data; Encryption of digital images; Encryption of digital music; Encryption, decryption and authentication of information, messages and data; Energy auditing; Energy auditing services; Energy auditing services relating to electricity; Energy auditing services relating to electricity and natural gas; Energy consultancy in the field of fluid measurement to minimize energy consumption; Energy consultancy in the field of increase savings by improving energy efficiency; Engineering; Engineering and technical support services for the design and configuration of computer hardware and software systems for use in the processing of petroleum and petrochemical processing systems; Engineering and technical support services for the design and configuration of hardware and software systems for use in metal and plastic finishing operations; Engineering and technical support services in the design and configuration of hardware and software systems for use in the processing of paper and paper pulp manufacturing systems; Engineering and technical support services in the design and configuration of hardware and software systems for use in the processing of paper and pulp manufacturing systems; Engineering and technical support services in the design and configuration of hardware and software systems for use in the processing of water supply systems; Engineering and technological consultancy for paper and paper pulp manufacturing systems; Engineering and technological consultancy for plastics and metal processing systems; Engineering and technological consultancy services for paper and pulp manufacturing systems; Engineering consultancy; Engineering consultancy services; Engineering design; Engineering design services; Engineering drawing; Engineering drawing services; Engineering feasibility studies; Engineering product design services provided on an outsourcing basis; Engineering project management services; Engineering project management services in the field of mining industry; Engineering project management services in the field of oil industry; Engineering project management services in the field of paper and cellulose industry; Engineering project management services in the field of refinery industry; Engineering project management services in the field of siderurgy industry; Engineering project studies; Engineering project surveys; Engineering research; Engineering research and design services in the field of drilling technology; Engineering research services; Engineering services; Engineering services for mine planning in the mining industry; Engineering services for the gas industry; Engineering services in the field of aerospace; Engineering services in the field of building technology; Engineering services in the field of communications technology; Engineering services in the field of energy technology; Engineering services in the field of environmental technology; Engineering services in the field of food processing facilities; Engineering services in the field of industrial refrigeration installation industry; Engineering services in the field of motive power; Engineering services in the field of reducing operational costs of industrial machinery; Engineering services relating to architecture; Engineering services relating to computer programming; Engineering services relating to computers; Engineering services relating to energy supply systems; Engineering services relating to gas transport and supply systems; Engineering services relating to information technology; Engineering services relating to liquefied natural gas storage; Engineering services relating to production of electricity from liquefied natural gas; Engineering services relating to regasification; Engineering services relating to regasification of liquefied natural gas; Engineering studies; Engineering surveying; Environmental assessment services; Environmental engineering; Environmental engineering services; Environmental monitoring services; Environmental testing; Environmental testing and inspection services; Environmental testing services; Environmental testing services to detect contaminants in water; Equipment testing; Evaluation and testing of real estate for the presence of hazardous material; Evaluation of chemical analyses; Evaluation of chemical syntheses; Evaluation of product design; Evaluation of product development; Evaluation of results from quality control tests conducted on goods and services; Evening dress design; Evening dress designing; Evening wear design; Evening wear designing; Ex vivo gene therapy research; Excavation of ruins for archaeological purposes; Excavation of ruins, for archaeology; Exploration for rare earths; Exploration services in the field of the gas industries; Exploration services in the field of the gas industry; Exploration services in the field of the mining industries; Exploration services in the field of the mining industry; Exploration services in the field of the oil industries; Exploration services in the field of the oil industry; Exploration services in the field of the oil, gas and mining industries; Exploration services to locate oil and gas; Explosives engineering services; Farm surveying and consultancy related thereto; Fashion accessory design services; Fashion design; Fashion design consultancy; Fashion design consulting services; Fashion design services; Firmware installation; Firmware installation, repair and

maintenance; Food and drinks product certification services; Food and drinks product certification services [quality control]; Food engineering services; Food research; Footwear design; Footwear design services; Forensic pathology services; Fraud and identity theft protection services; Fraud detection services in the field of banking; Fraud detection services in the field of credit cards; Fraud detection services in the field of credit cards for on-line purchasing; Fraud detection services in the field of credit cards for online purchasing; Fridge magnet sticker design; Furnishing design; Furnishing design services; Furniture design; Furniture design services; Gas exploration; Gas exploration services; Gemstone authentication and certification services; Genetic engineering; Genetic engineering in the field of artificial manipulation of animal dna molecules; Genetic engineering in the field of artificial manipulation of animal nucleic acid molecules;
