General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

Class 09

Downloadable software in the nature of a mobile application; Computer hardware; Downloadable software for social networking and creating and interacting with online communities; Downloadable software for creating, managing and accessing groups within virtual communities; Software development tools; Downloadable software to enable development, assessment, testing, and maintenance of mobile software applications for portable electronic communication devices, namely, mobile phones, smartphones, handheld computers and computer tablets; Downloadable software for use as an application programming interface (API); Downloadable software for organizing events, searching for events, calendaring and managing events; Downloadable software for creating, editing, uploading, downloading, accessing, viewing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, interacting with, embedding, and sharing or otherwise providing electronic media, images, video, audio, audio-visual content, data, and information via the internet and communication networks; Downloadable

computer software for finding content and content publishers, and for subscribing to content; Downloadable software for creating and managing social media profiles and user accounts; Interactive photo and video equipment, namely, kiosks for capturing, uploading, editing, printing and sharing digital images and video; Downloadable software for streaming multimedia entertainment content, audio-visual content, video content, and associated text and data; Downloadable software for enabling transmission of images, audio, audio visual and video content and data; Downloadable software for modifying photographs, images and audio, video, and audio-visual content; Downloadable software for use in taking and editing photographs and recording and editing videos; Downloadable software for processing images, graphics, audio, video, and text; Downloadable software for collecting, managing, organizing, synchronizing, and the storage of data and information; Downloadable e-commerce software to allow users to perform electronic business transactions via a global computer and communication networks; Downloadable software and mobile application software providing a virtual marketplace; Downloadable software for sending and receiving electronic messages, alerts, notifications and reminders; Downloadable software for file sharing; Downloadable messaging software; Computer search engine software; Downloadable software for use in creating, managing, measuring, and disseminating advertising of others; Advertisement server, namely, a computer server for storing advertisements and delivering advertisements to websites; Downloadable software for creating, sharing, disseminating and posting advertising; Downloadable software for geo-location based advertising and product and service promotion; Downloadable software that enables individuals, groups, companies, and brands to create and maintain an online presence and interact with online communities for marketing purposes; Downloadable virtual reality software; Downloadable augmented reality software; Downloadable mixed reality software; Virtual reality software for interactive entertainment and virtual reality gaming; Augmented reality software for interactive entertainment and augmented reality gaming; Downloadable software for integrating

electronic data with real world environments for the purposes of entertainment, education, gaming, communicating, and social networking; Downloadable software for use in enabling computers, video game consoles, handheld video game consoles, tablet computers, mobile devices, and mobile telephones to provide virtual reality and augmented reality experiences; Downloadable software for operating, configuring, and managing virtual reality headsets and controllers; Downloadable software for gesture recognition, object tracking, motion control and content visualization; Software, firmware and hardware for use in visual, voice, audio, motion, eye and gesture tracking and recognition; Downloadable software for navigating a virtual reality and augmented reality environments; Downloadable software for enabling users to experience virtual reality and augmented reality visualization, manipulation, and immersion; Downloadable software for recording, storing, transmitting, receiving, displaying and analyzing data from wearable computer hardware; Downloadable software for use in creating and designing virtual reality and augmented reality software; Application programming interface (API) for computer software for developing virtual reality and augmented reality experiences; Virtual reality game computer hardware; Augmented reality game computer hardware; Mixed reality game computer hardware; Virtual reality computer hardware; Augmented reality computer hardware; Motion tracking sensors for virtual reality and augmented reality technology; Virtual reality hardware, namely, headsets, glasses, and controllers for engaging in virtual reality experiences and playing virtual reality games; Augmented reality hardware, namely, headsets, glasses, and controllers for engaging in augmented reality experiences and playing augmented reality games; Wearable computing devices comprised primarily of software and display screens for connection to computers, tablet computers, mobile devices, and mobile phones in order to enable virtual reality and augmented reality world experiences; Hardware and software for operating sensor devices; Electronic sensor devices, cameras, projectors, and microphones for gesture, facial, and voice detection, capture and recognition; Hardware and software for detecting objects, user gestures and

commands; Downloadable electronic game software in the nature of video games, computer games, interactive multimedia games, and virtual, augmented, and mixed reality games; Computer software for controlling the operation of audio and video devices; Video display software; Downloadable software for accessing and viewing text, images and electronic data relating to conferences in the field of software development; Downloadable software for converting natural language into machine-executable commands; Downloadable software for facilitating interaction and communication between humans and AI (artificial intelligence) platforms; Application programming interface (API) for use in developing AI (artificial intelligence) platforms, namely, bots, virtual agents and virtual assistants; Downloadable software, namely, an interpretive interface for facilitating interaction between humans and machines; Artificial intelligence software, namely, machine learning software, visual perception software, speech or language recognition software, decision-making software, translation software, touch recognition software, conversational query software, software for converting natural language into machine-executable commands, and digital assistant software; Downloadable virtual assistant software that can perform tasks or services on behalf of a user that is activated by user input, location awareness, and online information; Downloadable software for providing consumer information; Downloadable software for providing electronic maps; Location-aware downloadable software for searching, determining, and sharing locations; Downloadable software for searching and identifying employment opportunities; Downloadable software for identifying and allowing users to contact government representatives; Downloadable software providing location-based weather information; Downloadable software providing, linking to, or streaming news or current events information; Parental control software; Computer software; Computer operating systems; Downloadable software for enabling electronic devices to share data and communicate with each other; Computer peripheral devices; Wearable peripherals for computers, tablet computers, mobile devices and mobile telephones; Digital media streaming devices; Headsets and headphones; Video display hardware,

namely, video drivers for video eyewear; Cameras; Batteries; Battery cases; Battery packs; Rechargeable electric battery devices, namely, rechargeable batteries and portable power supplies; Battery chargers; Rechargeable external battery packs for use with mobile electronic devices; Power charging and power management devices for mobile electronic devices; Charging stands for mobile electronic devices; External chargers for use with computers, tablet computers, mobile devices and mobile telephones; Wireless charging cases for use with computers, tablet computers, mobile devices and mobile telephones; Power adapters; Electrical adapters, cable, and connectors; Bags and cases specially adapted for mobile electronic devices; Protective covers and cases for mobile electronic devices; Holders, armbands, clips and carrying cases specially adapted for mobile electronic devices; Wall mounts for mounting mobile electronic devices; Stands for mobile electronic devices; Holders for mobile electronic devices; Remote controls for mobile electronic devices; Audio speakers; Electrical audio and speaker cables and connectors; Electronic cables parts and fittings; Electronic cables; Cables for optical signal transmission; Power cables and cable connectors; Microphones; Audio receivers; Audio transmitters; Head-mounted video display; Receivers of electronic signals; Video receivers; Wireless transmitters and receivers for reproduction of sound and signals; Electric sensors; Sensors for monitoring physical movements; SIM cards; Downloadable software for use in customer relationship management (CRM); Downloadable software for facilitating and arranging for the financing and distribution of fundraising and donations; Downloadable software for online charitable fundraising services and financial donation services; Downloadable software for use in facilitating voice over internet protocol (VOIP) calls, phone calls, video calls, text messages, instant message and online social networking services; Telecommunications equipment for providing third party access to, and enabling the transmission of video, data and voice over, global communications networks, namely, mobile and access computer and mobile telephone terminals, base transceiver stations and wireless radio parts thereof, data transceivers, data repeaters, routers and switches, transmission circuits,

integrated circuits, computer hardware, mobile cloud clients and servers, multiplexers, digital signal processors, radio frequency signal processors, mobile switching circuits, air traffic electrical controllers, mobility electrical controllers, access electrical controllers, remote port electrical controllers, radio ports, antennas, electronic radio components, software for telecommunications applications, and mobile core networks comprising data transceivers, wireless networks and gateways for collection, transmission and management of data, voice and video;

Communication software and communication computer hardware for providing access to the Internet; Telecommunications equipment; Radio receivers and transmitters; GPS receivers; Downloadable software to allow users to perform e-commerce transactions via the internet and communications networks;

Downloadable computer software that allows users to make payments and transfer funds; Downloadable computer software that enables online users to make payments and transfer funds across multiple websites and mobile applications;

Downloadable computer software for processing electronic payments; Computer software in the nature of a query engine; Downloadable software for facilitating machine learning; Downloadable software for building user interfaces; Downloadable electronic publications; Downloadable software for opinion polling; Downloadable software allowing users to post questions with answer options; Interactive photo and video equipment, namely, kiosks computer hardware for capturing, uploading, editing, printing and sharing digital images and video; Downloadable software for the synchronization of data between a remote station or device and a fixed or remote station or device; Voice command and recognition software, speech to text conversion software; Voice-enabled software applications for personal information management; Home automation and home device integration software; Wireless communication software for voice, audio, video, and data transmission;

Downloadable software used for controlling stand-alone voice controlled information and personal assistant devices; Downloadable software for voice recognition for use in connection with the transmission of voice and data; Downloadable software for

accessing, browsing, and searching online databases, audio, video, and multimedia content, games, and software applications, and software application marketplaces; Downloadable software for use to connect and control internet of things (iot) electronic devices; Computer application software for handheld wireless devices, namely, software for controlling, integrating, operating, connecting, and managing voice controlled information devices, namely, cloud-connected and voice-controlled smart consumer electronic devices and electronic personal assistant devices; Downloadable software for processing, reproducing, synchronizing, recording, organizing, downloading, uploading, transmitting, streaming, receiving, playing and viewing text, multimedia and data files; Downloadable software, for personalized, interactive television (TV) programming and for use in displaying and manipulating visual media, graphic images, text, photographs, illustrations, digital animation, video clips, film footage and audio data; Downloadable software in the nature of a mobile application for telecommunication services for providing transmission of voice, data, video, and media content via the internet and the worldwide web for computers or other portable consumer electronic devices; Downloadable software for searching television entertainment exploration guides; Downloadable software for searching, locating, compiling, indexing, correlating, navigating, obtaining, downloading, receiving, encoding, decoding, playing, storing and organizing text, data, images, graphics, audio and video on a global computer network; Downloadable software to enhance mobile access to the internet via computers, mobile computers, and mobile communications devices; Downloadable software for formatting and converting content, text, visual works, audio works, audiovisual works, literary works, data, files, documents and electronic works into a format compatible with portable electronic devices and computers; Electronic communication equipment and instruments, namely, mobile and wearable digital electronic devices for sending and receiving of text, data, audio, image, and video files; Telecommunications apparatus and instruments, namely, speakers and microphones sold as component features of computers, mobile and wearable digital electronic devices for the sending and

receiving of telephone calls, text messages, electronic mail, and other digital data, and for use in providing access to the internet; Electronic notepads; Electronic personal organizers; Electronic voice recording and voice recognition apparatus; Portable digital electronic devices for recording, organizing, transmitting, manipulating, reviewing, and receiving text, data, and digital files; Wearable computer hardware; Wearable digital electronic devices comprised primarily of software for alerts, messages, emails, and reminders, and for recording, organizing, transmitting, manipulating, reviewing, and receiving text, data, audio, image and digital files and display screens; Downloadable software for accessing, browsing and searching online databases; Downloadable software for accessing, monitoring, searching, displaying, reading, recommending, sharing, organizing, and annotating news, sports, weather, commentary, and other information, content from periodicals, blogs, and websites, and other text, data, graphics, images, audio, video, and multimedia content; Downloadable software for creating, authoring, distributing, downloading, transmitting, receiving, playing, editing, extracting, encoding, decoding, displaying, storing and organizing text, data, graphics, images, audio, video, and multimedia content, electronic publications, and electronic games; Apparatus for recording, transmission or reproduction of sound or images; Apparatus for transmission of communication; Apparatus for data storage, namely, mobile and wearable digital electronic devices for the storage of text, data, audio, image, and video files; Downloadable computer software for managing crypto asset transactions using blockchain technology; Downloadable computer software for managing cryptocurrency transactions using blockchain technology; Downloadable computer software, downloadable mobile application software, and downloadable computer application software for mobile devices and computers, all for managing smart contracts using blockchain technology; Downloadable computer software for creating a decentralized and open source digital currency, virtual currency, cryptocurrency, digitized assets, digital token for use in blockchain-based transactions; Downloadable computer software, downloadable mobile application software, and

downloadable computer application software for mobile devices and computers, all for use in accessing, reading, tracking, and using blockchain technology; Downloadable computer software, downloadable mobile application software, and downloadable computer application software for mobile devices and computers, all for managing digital collectible services, a market for transactions, and a registry using blockchain-based software technology and smart contracts for digital collectibles featuring digital artworks; Blockchain software; Downloadable software in the field of blockchain; Downloadable software for use with digital currency, crypto currency and virtual currency; Digital currency wallet and storage services software; Downloadable computer software for use as a cryptocurrency wallet; Cryptocurrency hardware wallet; Downloadable computer software for use as a digital wallet; Downloadable computer software for use as an electronic wallet; Computer programs and downloadable computer application software for electronic storage of data; Downloadable software for providing a digital wallet; Downloadable software for digital currency payment and exchange transactions; Downloadable software for use in managing portfolios of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; Downloadable software for electronic wallet services; Downloadable e-wallets; Distributed ledger platform software; Software for use with distributed ledger technology; Downloadable software which facilitates the ability of users to view, analyze, record, store, monitor, manage, trade and exchange digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; Downloadable software for sending, receiving, accepting, buying, selling, storing, transmitting, trading and exchanging digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; Downloadable software for implementing and recording financial transactions; Downloadable software for use in financial trading; Downloadable software for use in financial exchange; Downloadable software for accessing financial information and market

data and trends; Downloadable software for providing authentication of parties to a financial transaction; Downloadable software for maintaining ledgers for financial transactions; Downloadable software for the management of cryptographic security of electronic transmissions across computer networks; Downloadable software for encrypting and enabling secure transmission of digital information over the Internet; Downloadable software for allowing users to calculate parameters related to financial transactions; Downloadable software for electronic funds transfer; Downloadable software for currency conversion; Downloadable software for the collection and distribution of data; Downloadable software for payment transactions; Downloadable software for connecting computers to local databases and global computer networks; Downloadable software for creating searchable databases of information and data; Downloadable software for managing and validating digital currency, virtual currency, cryptocurrency, digital asset, blockchain asset, digitized asset, digital token, crypto token and utility token transactions; Downloadable software for creating and managing smart contracts; Downloadable software for managing payment and exchange transactions; Downloadable software and hardware for use as a digital currency wallet, virtual currency wallet, digital asset wallet, crypto token wallet, and utility wallet; Downloadable software for creating a decentralized and open source digital currency, virtual currency, cryptocurrency, digitized assets, digital token for use in blockchain-based transactions; Computer application software for blockchain-based platforms, namely, software for digital exchanges for virtual items; Downloadable software for creating, selling and managing blockchain-based tokens or appcoins; Downloadable software for use in an electronic financial platform; Downloadable software for processing electronic payments and for transferring funds to and from others; Blockchain platform software; Downloadable software for use in the management and implementation of digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token transactions; Downloadable software for managing crypto currency and digital currency accounts; Downloadable software for use in payments,

purchases, and investments using digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; Downloadable software for use in managing the conversion of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens into hard currency; Downloadable software for developing, deploying, and managing software applications, and integrating software applications for digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token accounts; Downloadable software and hardware for use in electronically exchanging currency for digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; Downloadable software for use as an application programming interface (API) for the development, testing, and integration of blockchain software applications; Computer hardware for digital currency, virtual currency, cryptocurrency, digital and blockchain asset, and digitized asset mining; Security token hardware; Electronic currency converters; Downloadable software, namely, electronic financial platform that accommodates multiple types of payment and transactions in an integrated mobile phone, personal digital assistant (PDA), and web-based environment; Downloadable software for creating tokens to be used to pay for products and services, and that may be traded or exchanged for cash value; Downloadable software for managing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized asset, digital token, crypto token and utility token payments, money transfers, and commodity transfers; Downloadable software for use as an application program interface (API) software for use in computer hardware device identification; Downloadable software for use in authenticating user access to computers and computer networks; Downloadable software for use in facilitating secure transactions; Downloadable software for use in accessing, reading, tracking, and using blockchain technology; Downloadable software and hardware for managing identity information, access rights to

information resources and applications and authentication functionality;
Downloadable software for network identification verification, authentication and management services for security purposes; Downloadable authentication software for controlling access to and communications with computers and computer networks; Magnetically encoded credit cards and payment cards; Encryption devices; Security tokens; Downloadable software for use as a security token; Downloadable software used in issuing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; Downloadable audio files authenticated by non-fungible tokens; Downloadable digital files authenticated by non fungible tokens [NFTs]; Digital collectibles in the nature of downloadable multimedia files containing digital artworks authenticated by non-fungible tokens (NFTs); Downloadable software used in auditing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; Ad server, namely, a computer server for storing advertisements and delivering advertisements to websites; Altimeters; Application programming interface (API) for computer software for developing and creating virtual reality, augmented reality and mixed reality experiences; Application programming interface (API) for computer software which facilitates online services for social networking and for data retrieval, upload, download, access and management; Application programming interface (API) for software which facilitates online services for social networking and for data retrieval, upload, download, access and management; Application programming interface (API) for use in building software applications; Augmented reality glasses; Augmented reality headsets; Augmented reality software; Augmented reality software for interactive entertainment; Augmented reality software for navigating an augmented reality environment; Augmented reality software for object tracking, motion control and content visualization; Augmented reality software for operating augmented reality headsets; Augmented reality software for users to experience augmented reality visualization, manipulation and immersion; Cables, namely, electronic cables and connection

cables; Cases, straps, wrist and arm bands for electronic monitoring devices; Computer application software for smartphones and mobile devices in the fields of fitness and exercise featuring personal training services, coaching, workouts and fitness assessments; Computer application software for use in connection with configuring and controlling wearable computer hardware and wearable computer peripherals; Computer hardware for displaying data and video; Computer hardware for use in measuring heart rhythm; Computer hardware for use in taking electrocardiograms; Computer operating system software; Computer peripheral equipment for use with smartwatches, namely, smartwatch bands and smartwatch straps; Computer peripherals for displaying data and video; Computer peripherals for mobile devices for displaying data and video, namely, peripherals worn on the head for mobile devices for displaying data and video; Computer peripherals for mobile devices for remotely accessing and transmitting data, namely, peripherals worn on the head for mobile devices for remotely accessing and transmitting data; Computer peripherals for mobile devices, namely, electronic devices, monitors, sensors, and displays for sensing, monitoring, recording, displaying, measuring, and transmitting global positioning, direction, distance, altitude, speed, navigational information, weather information, temperature, physical activity level, heart rate, pulse rate, blood pressure, calories burned, steps taken, and biometric data; Computer peripherals for remotely accessing and transmitting data; Computer software and computer application software for mobile phones and personal digital devices that provides a fitness assessment and fitness score by comparing previous athletic performances and fitness levels with future athletic performances and fitness levels, and provides advice and customized workouts for improving in specific areas of a particular sport or fitness activity; Computer software and computer application software for mobile phones and personal digital devices that monitor, track, and compare sport activity and fitness level; Computer software and computer application software for mobile phones and personal digital devices that evaluates a user's fitness level and athleticism, and provides fitness scores; Computer software and computer

application software for mobile phones and personal digital devices that provides tips, coaching, and personalized workouts, to improve the user's fitness score; Computer software and computer application software for mobile phones and personal digital devices for communicating with gaming consoles, personal computers, personal digital devices, and mobile phones, regarding time, pace, speed, steps taken, athletic skill, calories burned, agility, motion, balance, coordination, and flexibility; Computer software and computer application software for mobile phones and personal digital devices for monitoring, uploading, and downloading data regarding sport activity, fitness training, and fitness level to the internet and other computer and electronic communication networks; Computer software and computer application software that detects user's movements during physical activity, fitness sessions, workouts, to provide personalized fitness scores and assessments; Computer software and firmware, namely, operating system programs, database synchronization software, and data synchronization programs; Computer software development tools; Computer software for accessing, browsing and searching online databases; Computer software for accessing, monitoring, searching, displaying, reading, recommending, sharing, organizing, and annotating news, sports, weather, commentary, and other information, content from periodicals, blogs, and websites, and other text, data, graphics, images, audio, video, and multimedia content; Computer software for communicating with gaming consoles regarding time, pace, speed, steps taken, athletic skill, calories burned, agility, motion, balance, coordination, and flexibility; Computer software for creating, authoring, distributing, downloading, transmitting, receiving, playing, editing, extracting, encoding, decoding, displaying, storing and organizing text, data, graphics, images, audio, video, and multimedia content, and electronic publications, and electronic games; Computer software for creating, editing, uploading, downloading, accessing, viewing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, embedding, transmitting, and sharing or otherwise providing electronic media or information via computer the internet and communication

networks; Computer software for creating, managing, and interacting with an online community; Computer software for fitness and weight management; Computer software for fitness, fitness assessments, and sport activities; Computer software for integrating electronic data with real world environments for the purposes of entertainment, communicating, and social networking; Computer software for managing information regarding tracking, compliance and motivation with a health and fitness program; Computer software for modifying and enabling transmission of images, audio, audio visual and video content and data; Computer software for modifying photographs, images and audio, video, and audio-visual content with photographic filters and virtual reality, mixed reality and augmented reality (AR) effects, namely, graphics, animations, text, drawings, geotags, metadata tags, hyperlinks; Computer software for monitoring, processing, displaying, storing and transmitting data relating to a user's physical activity; Computer software for processing images, graphics, audio, video, and text; Computer software for sending and receiving electronic messages, graphics, images, audio and audio visual content via computer the internet and communication networks; Computer software for sending and receiving electronic messages, alerts, notifications and reminders; Computer software for sensing, monitoring, recording, displaying, measuring, and transmitting global positioning, direction, distance, altitude, speed, navigational information, weather information, temperature, physical activity level, heart rate, pulse rate, blood pressure, calories burned, steps taken, and biometric data; Computer software for setting up, configuring, operating and controlling mobile devices, wearable devices, mobile phones, computers, and computer peripherals; Computer software for social networking and interacting with online communities; Computer software for the collection, managing, editing, organizing, modifying, transmission, sharing, and storage of data and information; Computer software for the redirection of messages, Internet e-mail, and/or other data to one or more electronic wearable wireless communication devices from a data store on or associated with a personal computer or a server; Computer software for tracking and

managing information regarding health, fitness, and wellness programs; Computer software for use as an application programming interface (API); Computer software for use in creating, managing, measuring, and disseminating advertising of others; Computer software for viewing digital images and photographs provided as updates for or in combination with head-mounted display screen devices; Computer software for wireless content, data and information delivery; Computer software for wireless data communication for receiving, processing, transmitting and displaying information relating to fitness, body fat, body mass index; Computer software in the field of health, fitness, exercise, and wellness for sensing, monitoring, recording, displaying, measuring, and transmitting global positioning, direction, distance, altitude, speed, navigational information, temperature, physical activity level, heart rate, pulse rate, blood pressure, calories burned, steps taken, and biometric data and for tracking and managing information regarding health, fitness, exercise, and wellness programs; Computer software that detects user's movements during physical activity, fitness sessions, workouts, to provide personalized fitness scores and assessments; Computer software that evaluates a user's fitness level and athleticism, and provides fitness scores; Computer software that monitor, track, and compare sport activity and fitness level; Computer software that provides a fitness assessment and fitness score by comparing previous athletic performances and fitness levels with future athletic performances and fitness levels, and provides advice and customized workouts for improving in specific areas of a particular sport or fitness activity; Computer software that provides tips, coaching, and personalized workouts, to improve the user's fitness score; Computer software to enable accessing, displaying, editing, linking, sharing and otherwise providing electronic media and information via the internet and communications networks; Computer software to enable development, assessment, testing, and maintenance of mobile software applications for portable electronic communication devices, namely, mobile phones, smartphones, handheld computers and computer tablets; Computer software to enhance the audio-visual capabilities of multimedia applications, namely,

for the three-dimensional rendering of graphics, still images and moving pictures provided as updates for or in combination with head-mounted display screen devices; Computer software, downloadable computer software and mobile application software for creating, managing and accessing groups within virtual communities; Computer software, namely, an application providing social networking functionalities; Computer software, namely, an interpretive interface for facilitating interaction between humans and machines; Computer software, namely, software development tools for the creation, debugging, and deployment of software applications for smart glasses, near eye displays, head mounted displays, and smartphones; Computers, namely, smartwatches; Connection cables; Digital video eyewear; Digital video eyewear, head mounted video displays, namely, micro screens and associated optics, virtual reality headsets, associated electronics, namely, connection cables and adaptors, software and firmware for displaying video games, electronic media and images; Downloadable computer application software for mobile phones, smartphones, computers, tablets, smart glasses, digital video eyewear, wearable digital electronic devices, namely, glasses, goggles, and headsets, head mounted displays, near eye display systems, communications networks, cloud computing services, and computer systems for communicating between the devices, networks and services; Downloadable computer application software for smart glasses, near eye display systems, and head mounted displays for displaying icons, determining and responding to user selection of icons, controlling connections to and communication with other devices, networks, and systems, operating a camera to record and display images and audio visual files, organizing digital image and audio visual files, controlling microphones, controlling sound level of built-in speakers, transferring computer files between the smart glasses, near eye display systems, head mounted displays and other devices, networks, and systems, controlling user notifications, controlling a touchpad, controlling and obtaining data from sensors in the smart glasses, near eye display systems, and head mounted displays, including accelerometers, barometric, temperature, tilt, tip, and yawl sensors, head orientation

sensors, and GPS receivers, controlling the speed of the CPU, and sensing and displaying the battery charge level, and displaying, capturing, recording, and streaming data, images, and audio visual content in standard reality, augmented reality, and mixed reality environments; Downloadable computer application software for smart glasses, near eye display systems, and head mounted displays for the generation and display of standard reality, augmented reality, mixed reality content; Downloadable computer application software for smart glasses, near eye display systems, and head mounted displays for communication with other smart glasses, near eye display systems, and head mounted displays; Downloadable computer software for enabling capture, storage, and transmission of photographs, videos, data, and information with a user's biometric, health, and other performance data overlaid and integrated into the recording; Downloadable computer software for viewing and interacting with a feed of images, audio, audio-visual and video content and associated text and data; Downloadable computer software, namely, downloadable mobile application for setting up, configuring, and controlling wearable computer hardware and wearable computer peripherals; Electric cables; Electrical adapters; Electronic monitoring devices incorporating indicators that light up and change color based on wearer's cumulative activity level; Electronic monitoring devices incorporating microprocessors, digital display, and accelerometers, for detecting, storing, reporting, monitoring, uploading and downloading sport, fitness training, and activity data to the internet, and communication with gaming consoles and personal computers, regarding time, pace, speed, steps taken, athletic skill, calories burned, heart and body rate, global positioning, direction, distance, altitude, navigational and weather information; Electronic navigational instruments and apparatus; Fitness and exercise sensors, monitors, and displays for sensing, monitoring, recording, displaying, measuring, and transmitting global positioning, direction, distance, altitude, speed, temperature, and navigational information, to be worn during exercise and for sports activities; Gesture recognition software; Glasses with the function of wireless communication; Global positioning system (GPS)

devices; Goggles for enabling virtual reality, augmented reality and mixed reality world experiences; Hardware and software to view virtual images in creating virtual, augmented and mixed reality; Head mounted video display; Head-mounted display screen devices and their component parts, namely, video display cards; Headsets; Headsets for use with computers; interactive entertainment software; interface electronics, namely, video driver interface circuits for digital video eyewear; Location-aware computer software, downloadable computer software and mobile application software for searching, determining and sharing locations; Loudspeakers; Messaging software; Microdisplays, namely, head mounted video displays and near eye video displays; Mixed reality computer hardware; Mixed reality glasses; Mixed reality headsets; Mixed reality software; Mixed reality software for interactive entertainment; Mixed reality software for navigating a mixed reality environment; Mixed reality software for object tracking, motion control and content visualization; Mixed reality software for operating mixed reality headsets; Mixed reality software for users to experience mixed reality visualization, manipulation and immersion; Mobile application software for creating personalized fitness training programs; Motion tracking sensors for augmented reality technology; Motion tracking sensors for mixed reality technology; Motion tracking sensors for virtual reality technology; Multifunctional electronic devices for displaying, measuring, and uploading to the Internet information including time, date, body and heart rates, global positioning, direction, distance, altitude, speed, steps taken, calories burned, navigational information, weather information, the temperature, wind speed, and the declination of body and heart rates, altitude and speed; Multifunctional electronic devices for displaying, measuring, and uploading to the Internet information including time, date, heart rate, global positioning, direction, distance, altitude, speed, steps taken, calories burned, navigational information, changes in heart rate, activity level, hours slept, quality of sleep, and silent wake alarm; Near eye display optics, namely, video display screens for mounting near a user's eyes and lenses for displaying images to a user; Near eye display systems comprised of GPS sensors, accelerometers,

magnetometers, directional compasses, environment temperature sensors, and electronic tip and tilt orientation sensors; Near eye display systems comprising computer hardware, electronic display interfaces, and software for the generation and display of virtual reality and mixed reality content; Near eye display systems comprising computer hardware, electronic display interfaces, and software specifically adapted for goggles; Near eye display systems comprising eyewear and software for the generation and display of standard reality, augmented reality, and mixed reality content; Near eye displays; Network communication apparatus, namely, mobile and wearable digital electronic devices for the sending and receiving of text, data, audio, image, and video files across networks; Pedometers; Peripherals for mobile devices, namely, pedometers and altimeters; Personal assistant software; Personal digital assistants; Personal electronic devices used to track fitness goals and statistics; Personal fitness trackers; Personal video display devices in the nature of wearable displays for viewing digital content including virtual reality, augmented reality and mixed reality content; Personal video display screens; Portable, handheld, and personal digital electronic devices for recording, organizing, transmitting, manipulating, reviewing, and receiving text, data, and digital files; Remote control apparatus for wearable computer hardware and smartwatches; Sensors for scientific use to be worn by a human to gather human biometric data, mobile and wearable digital electronic devices for recording, organizing, transmitting, manipulating, and reviewing text, data, audio, image and video files; Smart glasses; Smart glasses with wired and wireless audio capability; Smartwatch bands; Smartwatch straps; Smartwatches; Social assistant software; Software and firmware for controlling, configuring and managing controllers; Software and firmware for displaying video games and electronic media on display screen devices provided as updates for or in combination with head-mounted display screen devices; Software and firmware for operating system programs; Software and firmware for video drivers and video processing provided as updates for or in combination with head-mounted display screen devices; Software and firmware for enabling electronic devices to share data

and communicate with each other; Software driver programs for electronic devices for enabling computer hardware and electronic devices to communicate with each other; Software for advertisers to communicate and interact with online communities; Software for alerts, messages, emails, and reminders, and for recording, organizing, transmitting, manipulating, reviewing, and receiving text, data, audio, image and digital files and display screens; Software for communicating by wireless local area networks, wireless technologies, and other communication protocols between near-eye display systems and network devices, namely, mobile phones, smart phones, computers, tablets, and other computer systems; Software for converting natural language into machine-executable commands; Software for creating and managing social media profiles and user accounts; Software for creating, editing, uploading, downloading, accessing, viewing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, embedding, transmitting, and sharing or otherwise providing electronic media or information via computer and communication networks; Software for creating, managing and accessing groups within virtual communities; Software for creating, managing, and interacting with an online community; Software for facilitating and arranging for the financing and distribution of fundraising and donations; Software for generating images to be displayed in near-eye display system; Software for integrating electronic data with real world environments for the purposes of entertainment, education, gaming, communicating, and social networking; Software for modifying and enabling transmission of images, audio, audio visual and video content and data; Software for online charitable fundraising services and financial donation services; Software for ordering and/or purchasing goods and services; Software for organizing, searching for and managing events; Software for planning activities with other users, making recommendations; Software for processing images, graphics, audio, video, and text; Software for recording, storing, transmitting, receiving, displaying and analyzing data from wearable computer hardware; Software for smart phones and other computer systems to generate data, images, and audio for display in near-eye

display systems and for transmitting such data, images, audio to near-eye display systems; Software for smart phones and other computer systems to receive data from near-eye display systems; Software for social and destination mapping; Software for social networking; Software for streaming multimedia entertainment content; Software for the collection, managing, editing, organizing, modifying, transmission, sharing, and storage of data and information; Software for tracking motion in, visualizing, manipulating, viewing, and displaying augmented, mixed and virtual reality experiences; Software for use as an application programming interface (API); Software for use in creating and designing virtual reality, augmented reality and mixed reality software; Software for wireless content, data and information delivery; Software in the nature of a mobile application; Software that enables individuals, groups, companies, and brands to create and maintain an online presence for marketing purposes; Software, namely, an interpretive interface for facilitating interaction between humans and machines; Telecommunications apparatus and instruments, namely, speakers and microphones sold as component features of computers, mobile and wearable digital electronic devices for the sending and receiving of telephone calls, text messages, electronic mail, and other digital data, and for use in providing access to the internet; Virtual reality glasses; Virtual reality headsets; Virtual reality software; Virtual reality software for interactive entertainment; Virtual reality software for navigating a virtual reality environment; Virtual reality software for object tracking, motion control and content visualization; Virtual reality software for operating virtual reality headsets; Virtual reality software for users to experience virtual reality visualization, manipulation and immersion; Virtual, augmented, and mixed reality software for use in enabling computers, video game consoles, handheld video game consoles, tablet computers, mobile devices, and mobile telephones to provide virtual, augmented, and mixed reality experiences; Watches, bracelets, and wrist bands that communicate data to personal digital assistants, smart phones, and personal computers through Internet websites and other computer and electronic communication networks; Waterproof near eye display

systems comprising computer hardware, electronic display interfaces, and software for the generation and display of virtual reality and mixed reality content; Wearable activity trackers; Wearable computer peripherals; Wearable computing devices comprised primarily of software and display screens for connection to computers, tablet computers, mobile devices, and mobile phones in order to enable virtual reality, augmented reality and mixed reality world experiences; Wearable digital electronic devices comprised primarily of software for alerts, messages, emails, and reminders, and for recording, organizing, transmitting, manipulating, reviewing, and receiving text, data, audio, image and digital files and display screens; Wearable digital electronic devices, namely, glasses, goggles, and headsets; Wearable electronic devices, namely, watches, bracelets, and wristbands that are comprised of software that communicates data to personal digital assistants, smart phones, and personal computers through Internet websites and other computer and electronic communication networks; Wearable peripherals for computers, tablet computers, mobile devices and mobile telephones, namely, configurable head-mounted displays; Wireless computer peripherals; Downloadable software for creating and managing a blockchain platform for use in managing digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token accounts; Audio and visual headsets for use in playing video games; wearable peripherals for playing video games specially adapted for computers, tablet computers, mobile devices, and mobile telephones; Virtual reality headsets for playing video games for connection to computers, video game consoles, handheld video game consoles, tablet computers, mobile devices, and mobile phones in order to enable virtual reality experiences.

transmission of audio, video, images, text, content and data; Providing temporary use of non-downloadable software for electronic messaging; Providing temporary use of non-downloadable software to facilitate interactive discussions via communication networks; Providing temporary use of non-downloadable software for organizing events, searching for events, calendaring and managing events; Providing temporary use of non-downloadable software for modifying photographs, images and audio, video, and audio-video content; Providing temporary use of non-downloadable computer software for use in taking and editing photographs and recording and editing videos; Application service provider (ASP) featuring software to enable or facilitate taking and editing photographs and recording and editing videos; Providing temporary use of non-downloadable software for streaming multimedia entertainment content; Providing temporary use of non-downloadable computer software for enabling transmission of images, audio, audio visual and video content and data; Computer services, namely, providing search engines for obtaining data via the internet and communications networks; Providing search engines of online network environments to provide information from searchable indexes and databases of information, including text, electronic documents, databases, graphics, electronic media, images and audio visual content, via the internet and communications networks; Application service provider (ASP) services, namely, hosting software applications of others; Providing temporary use of non-downloadable software for providing, linking to, or streaming news or current events information; Providing temporary use of non-downloadable e-commerce software to allow users to perform electronic business transactions via the internet and communications networks; Application service provider (ASP) featuring application programming interface (API) software to allow users to perform electronic business transactions via the internet and communication networks; Software as a service (SAAS) services featuring software for sending and receiving electronic messages, notifications and alerts and for facilitating electronic business transactions via the internet and communications networks; Providing temporary use of non-

downloadable software for use in designing, managing, measuring, analyzing, disseminating, and serving advertising of others; Application service provider (ASP) featuring application programming interface (API) software for creating, managing, tracking, reporting and measuring advertising of others; Providing non-downloadable software for allowing buyers and sellers of online advertising to purchase and sell advertising inventory; Providing temporary use of non-downloadable software for creating, sharing, disseminating and posting advertising; Providing temporary use of non-downloadable software for creating and maintaining an online presence for individuals, groups, companies, and brands; Providing temporary use of non-downloadable software for advertisers to communicate and interact with online communities; Providing temporary use of non-downloadable software for curating online user-defined content and advertisements and creating social media feeds; Designing and developing computer game software and video game software for use with computers, video game program systems and computer networks; Development of hardware for use in connection with electronic and interactive multimedia games; Providing temporary use of non-downloadable software that gives users the ability to upload, modify and share virtual reality content, augmented reality content, mixed reality content, information, experiences and data; Hosting of virtual reality and augmented reality content on the internet; Providing user authentication services using single sign-on and software technology for e-commerce transactions; Providing user authentication services of electronic funds transfer, credit and debit card and electronic check transactions using single sign-on and software technology; Providing an application programming interface (API) to allow users to perform electronic business transactions via the internet; Providing temporary use of non-downloadable software for processing electronic payments; Platform as a service (PAAS) services featuring computer software to allow users to perform business and e-commerce transactions; Providing temporary access to non-downloadable computer software for providing electronic maps; Application service provider (ASP) featuring software for providing electronic maps; Providing temporary use of non-

downloadable computer software for searching, determining, and sharing locations; Providing temporary use of non-downloadable software for searching and identifying local and location-based points of interest, events, landmarks, employment opportunities, entertainment, cultural events, shopping and offers; Providing temporary use of non-downloadable computer software for making reservations and bookings; Application service provider (ASP) featuring software to enable or facilitate making reservations and bookings; Providing temporary use of non-downloadable software that give users the ability to post ratings, reviews, referrals and recommendations relating to businesses, restaurants, service providers, events, public services and government agencies; Providing temporary use of non-downloadable software for providing a virtual marketplace; Providing temporary use of non-downloadable computer software for ordering and/or purchasing goods and services; Application service provider (ASP) featuring software to enable or facilitate ordering and/or purchasing goods and services; Providing temporary use of non-downloadable software for searching and identifying employment opportunities; Providing temporary use of non-downloadable software for identifying and allowing users to contact government representatives; Providing temporary use of non-downloadable software for facilitating interaction and communication between humans and AI (artificial intelligence) platforms; Application service provider (ASP) featuring software to enable or facilitate interaction and communication between humans and AI (artificial intelligence) platforms; Design of augmented reality and virtual reality effects for use in modifying photographs, images, videos and audio-visual content; Providing online non-downloadable personal assistant software; Providing non-downloadable social assistant software; Providing temporary use of non-downloadable computer software for use in facilitating voice over internet protocol (VOIP) calls, phone calls, video calls, text messages, electronic message, instant message, and online social networking services; Application service provider (ASP) services featuring software to enable or facilitate voice over internet protocol (VOIP) calls, phone calls, video calls, text messages, electronic message, instant

message, and online social networking services; Providing a website featuring information in the fields of technology and software development via the internet and communication networks; Design and development of virtual reality and augmented reality and mixed reality hardware and software; Design and development of video game hardware and software; Software development; Development of interactive multimedia software; Maintenance and repair of computer software; Computer services, namely, cloud hosting provider services; Providing temporary use of online non-downloadable cloud computing software for use in electronic storage of data; Providing temporary use of online non-downloadable cloud computing software for virtual, augmented reality applications and environments; File sharing services, namely, providing temporary use of non-downloadable software featuring technology enabling users to upload and download electronic files; Application service provider, namely, providing, hosting, managing, developing, and maintaining applications, software, web sites, and databases in the fields of wireless communication, mobile information access, and remote data management for wireless delivery of content to handheld computers, laptops and mobile electronic devices; Computer services, namely, providing remote management of devices via computer networks, wireless networks or the internet; Data encryption services; Providing temporary use of online non-downloadable software and applications for customer relationship management (CRM); Application service provider (ASP) featuring software for customer relationship management (CRM); Computer services, in particular, application service provider featuring application programming interface (API) software for customer relationship management (CRM); Providing temporary use of non-downloadable software for facilitating and arranging fundraising and the distribution of fundraising donations; Providing temporary use of non-downloadable software for online charitable fundraising services and donation services; Scientific and technological services and research and design relating thereto; Industrial analysis and research services; Computer software design and development; Research services and consulting in the field of information and telecommunications

technology; Design of telecommunications apparatus and equipment; Consulting services in the field of design, selection, implementation and use of computer hardware and software systems for others; Providing online software platform featuring technology that enables online users to make payments and transfer funds; Providing online software platform featuring technology that enables online users to make payments and funds transfers across multiple websites and mobile applications; Computer services, namely, application services provider featuring application programming interface (API) software to allow users to perform e-commerce transactions via the internet and communications networks; Software as a services (SAAS) services featuring software for facilitating e-commerce transactions via the internet and communications networks; Application service provider featuring an application programming interface (API) software to allow users to perform e-commerce transactions via the internet and communications networks; Providing temporary use of non-downloadable software for converting natural language into machine-executable commands; Providing technology consulting in the field of social media through analysis and evaluation of social media content; Testing, analysis and evaluation of the services of others to determine conformity with certification standards for third-party social media content; Providing temporary use of non-downloadable computer software in the nature of a query engine; Providing temporary use of non-downloadable computer software for use in performing queries on large amounts of data; Providing temporary use of non-downloadable computer software in the nature of a query engine functioning across business intelligence (BI) tools; Providing temporary use of online non-downloadable artificial intelligence software for facilitating machine learning software; Application service provider (ASP) featuring software to enable or facilitate machine learning software; Providing temporary use of online non-downloadable software for machine learning; Providing temporary use of online non-downloadable software tools for software development; Providing temporary use of online non-downloadable software for building user interfaces; Application service provider (ASP) featuring software to enable or

facilitate user interface building software; Electronic data storage; Electronic storage of photographs; Interactive hosting services which allow the users to publish and share their own content and images online; Providing on-line non-downloadable software for database management; Computer network services; Providing temporary use of non-downloadable software for opinion polling; Providing software allowing users to post questions with answer options; Platform as a service (PAAS) services featuring technology that allows businesses, organizations and individuals to create and manage their online presences and to communicate with online users information and messages regarding their activities, products and services and to engage in business and social networking; Providing temporary use of non-downloadable software featuring technology that allows users to manage their business networking accounts; Providing temporary use of non-downloadable software for voice command and recognition software, speech to text conversion software, voice-enabled software applications for personal information management; Platform as a service (PAAS) featuring computer software platforms for personal assistant software; Platform as a service (PAAS) featuring computer software platforms for home automation and home device integration software; Platform as a service (PAAS) featuring computer software platforms for wireless communication software for voice, audio, video, and data transmission; Software as a service (SAAS) featuring computer software for personal information management; Providing temporary use of non-downloadable software for accessing, monitoring, tracking, searching, saving, and sharing information on topics of general interest; Software as a service (SAAS) featuring computer software for use to connect and control internet of things (iot) electronic devices; Software as a service (SAAS) featuring computer software for others to use for the development of software to manage, connect, and operate internet of things (iot) electronic devices; Software as a service (SAAS) featuring computer software for use as an application programming interface (API); Design, development and maintenance of proprietary computer software for others in the field of natural language, speech, language, and voice recognition excluding

post-production of picture and sound recordings; Technical support and consultation services for developing applications; Information, advisory and consultancy services relating to voice command and recognition software, speech to text conversion software, and voice-enabled software applications, home automation, and internet-of-things software; Providing information, news, and commentary in the field of science and technology, home decorating, weather, and graphic, interior, product, and fashion design; Technological services, namely, data warehousing services; Application service provider (asp), namely, hosting computer software applications through the internet of others; Consultation services relating to programming of multimedia application management, computer programming, hardware, software, and computer system design and specification; Software as a service (SAAS) services, namely, hosting software for use by others for use providing an online database featuring a wide range of general interest information via the internet; Providing temporary use of on-line non-downloadable mobile communications device software for enhancing mobile access to the internet via computers, mobile computers, and mobile communications devices; Technical support, namely, troubleshooting of computer hardware and software problems and mobile computer and mobile communications device hardware and software problems; Computer, mobile computer, and mobile communication device hardware and software consultation and design; Providing temporary use of non-downloadable computer software that enables users to access and download computer software; Providing temporary use of on-line non-downloadable software and applications for accessing streaming audio and video files, games, social networks, text files, and multimedia files; Application service provider (ASP) featuring application programming interface (API) software for the streaming, storage, and sharing of video games, content, data and information; Computer software development in the field of mobile applications; Providing technical support services, namely, troubleshooting of computer software problems regarding the usage of communications equipment; Computer advisory services; Computer database design consultancy services; computer services in the

nature of hosting web sites for others; IT services; Application service provider (ASP) services, namely, hosting computer software applications of others; Application service provider (ASP) services, featuring e-commerce software for use as a payment gateway that authorizes processing of credit cards or direct payments for merchants; Application service provider (ASP) services, namely, providing, hosting, managing, developing, and maintaining applications, software, websites and databases in the fields of information technology, blockchain, virtual currency, digital currency, cryptocurrency, and digital assets; Application service provider (ASP) services featuring software for use in virtual currency, digital currency, cryptocurrency, and digital asset exchange and transactions; Application service provider (ASP) featuring software to enable or facilitate the creating, editing, uploading, downloading, accessing, viewing, posting, displaying, commenting on, embedding, transmitting, and sharing or otherwise providing electronic media or information via the internet and communications networks; Application service provider services featuring application programming interface (API) software to allow users to perform electronic business transactions via a global computer network; Application service provider (ASP) featuring software to enable or facilitate purchasing goods and services; Software as a service (SAAS) services; Platform as a service (PAAS) services; Providing temporary use of non-downloadable cloud computing software; Providing non-downloadable distributed ledger software; Providing temporary use of non-downloadable software which facilitates the ability of users to view, analyze, record, store, monitor, manage, trade and exchange digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; Providing temporary use of non-downloadable software for sending, receiving, accepting, buying, selling, storing, transmitting, trading and exchanging digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; Providing temporary use of non-downloadable software for implementing and recording financial transactions, for creating accounts and maintaining and managing

information about financial transactions on distributed public ledgers and peer to peer payment networks; Providing temporary use of non-downloadable software for processing electronic payments and for transferring funds to and from others; Providing electronic financial platform software; Providing software for use as an application programming interface (API) for the development, testing, and integration of blockchain software applications; Providing temporary use of non-downloadable software for transfers of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens between parties; Providing temporary use of non-downloadable software for use in financial trading; Providing temporary use of non-downloadable software for use in financial exchange; Providing temporary use of non-downloadable software for use in accessing financial information and market data and trends; Providing temporary use of non-downloadable software for the management of cryptographic security of electronic transmissions across computer networks; Providing temporary use of non-downloadable software for use with virtual currency; Providing software for use with digital currency; Providing software for use with cryptocurrency; Providing temporary use of non-downloadable software for use with digital currency wallet and storage services; Providing software for use as a cryptocurrency wallet; Providing software for use as an electronic wallet; Providing software for use as a digital wallet; Electronic data storage services; Providing temporary use of non-downloadable software for electronic funds transfer; Providing temporary use of non-downloadable software for currency conversion; Providing temporary use of non-downloadable software for the collection and distribution of data; Providing temporary use of non-downloadable software for payment transactions; Providing temporary use of non-downloadable software for connecting computers to local databases and global computer networks; Providing temporary use of non-downloadable software for creating searchable databases of information and data; Providing temporary use of non-downloadable software for managing and validating digital currency, virtual currency, cryptocurrency, digital asset, blockchain asset, digitized asset, digital token,

crypto token and utility token transactions; Providing temporary use of non-downloadable software for creating and managing smart contracts; Providing temporary use of non-downloadable software for managing payment and exchange transactions; Providing temporary use of non-downloadable software for electronically exchanging currency for digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; Providing temporary use of non-downloadable software for use in enabling the electronic transfer of funds to and from others; Providing temporary use of non-downloadable software for creating a decentralized and open source digital currency for use in blockchain-based transactions; Providing temporary use of non-downloadable software for creating a decentralized and open source virtual currency for use in blockchain-based transactions; Providing temporary use of non-downloadable software for creating a decentralized and open source cryptocurrency for use in blockchain-based transactions; Providing temporary use of non-downloadable software for encrypting and enabling secure transmission of digital information over the Internet, as well as over other modes of communication between computing devices; Providing non-downloadable distributed ledger platform software for use in processing financial transactions; Providing temporary use of non-downloadable software for electronic funds transfer and currency conversion; Providing a web portal featuring blogs and non-downloadable publications in the nature of articles, columns, and informational guides in the fields of virtual currencies, digital and blockchain assets and market and trading trends; Platform as a service (PAAS) featuring computer software platforms for the selling and purchasing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; Software as a service (SAAS) featuring computer software platforms for the selling and purchasing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; Computer software development services, namely, creating an on-line virtual environment for the selling and

purchasing of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; Platform as a service (PAAS) featuring computer software platforms for managing blockchain and token driven, distributed storage computer systems; Software as a service (SAAS) featuring computer software platforms for managing blockchain and token driven, distributed storage computer systems; Computer services, namely, providing secure, private encrypted cloud storage services; Computer services, namely, providing open source decentralized cloud storage platform; Data encryption services featuring blockchain software technology and peer-to-peer protocols to provide secure, private, and encrypted cloud storage; Providing temporary use of non-downloadable software for use as a cryptocurrency wallet; Data mining; Providing temporary use of non-downloadable software for use with blockchain technology; Software as a service (SAAS) services featuring software for clearing, allocation, compliance, recordation and settlement of trading related to digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; Platform as a service (PAAS) services featuring software for clearing, allocation, compliance, recordation and settlement of trading related to digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; Platform as a service (PAAS) featuring software platforms for facilitating transactions and payments using digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens that allow users to buy from, and sell products and services to others; Software as a service (SAAS) featuring software platforms for facilitating transactions and payments using digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens that allow users to buy from, and sell products and services to others; Providing non-downloadable blockchain-based software platforms and distributed computing software platforms for auditing and verifying digital information and codes; Design, development and implementation of

audit and security software for blockchain-based platforms; Providing temporary use of non-downloadable software for use in facilitating secure transactions; Providing temporary use of non-downloadable software for auditing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; Design, development, and implementation of software for distributed computing platforms; Design, development, and implementation of software for blockchain; Design, development, and implementation of software for digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token wallets; Design, development, and implementation of software for third-party verification services for digital currency transactions, including but not limited to transactions involving bitcoin currency; Providing temporary use of non-downloadable software for users to buy and sell products by using digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; Providing temporary use of non-downloadable software for use in accessing, reading, tracking, and using blockchain technology; Technical consultancy services related to digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token transactions; Platform as a service (PAAS) featuring computer software platforms for computer system and application development, deployment, and management; Software as a service (SAAS) featuring computer software platforms for computer system and application development, deployment, and management; Providing temporary use of non-downloadable software enabling users to develop, build and run distributed applications through an open-source peer-to-peer smart-contract and payment network platform; Providing temporary use of non-downloadable authentication software for controlling access to and communications with computers and computer networks; Providing temporary use of non-downloadable software for use in the exchange of virtual items; Providing temporary use of non-downloadable software for use in issuing digital currency, virtual currency,

cryptocurrency, digital and blockchain assets, digitized as; Application service provider (ASP); Application service provider (ASP) featuring application programming interface (API) software which facilitates online services for social networking, developing software applications; Application service provider (ASP) featuring location-aware software for searching, determining and sharing the location of goods, services and events of interest; Application service provider (ASP) featuring software for mapping services; Application service provider (ASP) featuring software for social networking, managing social networking content, creating a virtual community, and transmission of images, audio-visual and video content, photographs, videos, data, text, messages, advertisements, media advertising communications and information; Application service provider (ASP) featuring software for use in buying, selling, designing, managing, tracking, valuing, optimizing, targeting, analyzing, delivery, and reporting of online advertising and marketing; Application service provider (ASP) featuring software to enable or facilitate the sharing and displaying a user's location, planning activities with other users and making recommendations; Application service provider (ASP) featuring software to enable or facilitate social and destination mapping; Application service provider (ASP) featuring software to enable or facilitate interaction and communication between humans and AI (artificial intelligence) platforms, namely, bots, virtual agents and virtual assistants; Application service provider (ASP) services; Application service provider (ASP) services featuring software for controlling, integrating, operating, connecting, and managing voice controlled information devices, namely, cloud-connected and voice-controlled smart consumer electronic devices and electronic personal assistant devices; Application service provider (ASP), namely, hosting, managing, developing and maintaining applications, software, and web sites, in the fields of personal productivity, wireless communication, and mobile applications; Application service provider (ASP), namely, providing, hosting, managing, developing, and maintaining applications, software, websites, and databases in the fields of calculation of website ranking based on user traffic; Application service

provider (ASP), namely, remote hosting of computer applications of others;
Application service provider, namely, providing, hosting, managing, developing, and maintaining applications, software, web sites, and databases in the fields of wireless communication, mobile information access, and remote data management for wireless delivery of content to handheld computers, laptops and mobile electronic devices; Application service provider, namely, providing, hosting, managing, developing, and maintaining applications, software, websites, and databases in the fields of calculation of website ranking based on user traffic; Computer consulting, computer programming; Computer hardware and software consultation and design; Computer hardware, software, application, and network consulting services; Computer services in the nature of providing customized online pages featuring user-defined or specified information, personal profiles, virtual reality, mixed reality, and augmented reality content and data; Computer software development services, namely, creating virtual communities for registered users to organize groups and events, participate in discussions, get feedback from their peers, and engage in social, business and community networking; Computer software development services, namely, developing software for curating online user-defined content and advertisements and creating social media feeds; Computer services, namely, hosting online web facilities for others for organizing and conducting meetings, events and interactive discussions via the internet and communication networks; Computer services, namely, providing information in the fields of technology and software development via the internet; Computer software development; Creating, maintaining and hosting of a website and other computer and electronic communication networks featuring information, online links, and electronic resources in the field of sports and fitness; Creating, maintaining and hosting of an interactive web site and other computer and electronic communication networks that enables users to enter, access, track progress, monitor and generate health, fitness, personal exercise, sports, and athletic activity information and achievements; Creating, maintaining and hosting of an interactive web site and other computer and electronic communication

networks that enables users to compete and compare athletic information and achievements with other users; Design and development of augmented reality hardware and software; Design and development of computer hardware and computer software; Design and development of interactive multimedia software; Design and development of mixed reality hardware and software; Design and development of virtual reality hardware and software; File sharing services, namely, providing online facilities for others featuring technology enabling users to upload and download electronic files; Hosting of digital content on the internet; Mapping services; Mobile computer and mobile communications device hardware and software consultation and design; Mobile computer and mobile communications device software design for others; Providing non-downloadable computer software for displaying, aggregating, analyzing and organizing data and information in the fields of health, wellness, fitness, physical activity, weight management, sleep, and nutrition; Providing non-downloadable computer software for facilitating interaction and communication between humans and AI (artificial intelligence) platforms, namely, bots, virtual agents and virtual assistants; Providing non-downloadable computer software for sharing and displaying a user's location, planning activities with other users and making recommendations; Providing non-downloadable computer software for social and destination mapping; Providing non-downloadable computer software for tracking fitness, health and wellness goals and statistics; Providing non-downloadable software for creating personalized fitness training programs; Providing non-downloadable software for creating, managing and accessing user-created and administered private groups within virtual communities; Providing non-downloadable software for ordering and/or purchasing goods and services; Providing non-downloadable computer software for processing electronic payments; Providing non-downloadable software for providing a virtual marketplace; Providing non-downloadable software for providing personal training services, workouts and fitness assessments; Providing non-downloadable software for social networking, creating a virtual community, and transmission of audio, video, images, text and data; Providing

non-downloadable software for streaming multimedia entertainment content; Providing non-downloadable software for transmitting, sharing, receiving, downloading, displaying, interacting with and transferring content, text, visual works, audio works, audiovisual works, literary works, data, files, documents and electronic works; Online ad-buying platform provider, namely, providing non-downloadable software programs for allowing buyers and sellers of online advertising to purchase and sell advertising inventory; Providing online non-downloadable cloud computing software for use in electronic storage of data; Providing online non-downloadable cloud computing software for virtual, mixed and augmented reality applications and environments; Providing online non-downloadable computer software for use in providing retail and ordering services for a wide variety of consumer goods; Platform as a service (PAAS) featuring computer software platforms for use in purchasing and disseminating advertising; Platform as a service (PAAS) featuring computer software platforms for social networking, managing social networking content, creating a virtual community, and transmission of images, audio-visual and video content, photographs, videos, data, text, messages, advertisements, media advertising communications and information; Platform as a service (PAAS) featuring computer software platforms for voice command and recognition software, speech to text conversion software, voice-enabled software applications for personal information management; Platform as a service (PAAS) featuring software platforms for social networking and transmission of images, audio-visual content, video content and messages; Platform as a service (PAAS) services featuring computer software to allow users to perform electronic business and e-commerce transaction; Provide an interactive web site that enables users to enter, access, track progress, monitor and generate nutrition, calories, health, fitness, personal exercise, sports, and athletic activity information and achievements; Provide use of non-downloadable software to provide information regarding sports, athletic skill development, fitness coaching, and fitness training via an online website and other computer and electronic communication networks for gaming consoles, personal computers, personal digital

devices, and smart phones; Providing an interactive web site that enables users to enter, access, track progress, monitor and generate calories, fitness, personal exercise, and athletic activity information and achievements; Providing an online network service that enables users to transfer personal identity data to and share personal identity data with and among multiple online facilities; Providing customized computer searching services, namely, searching and retrieving information at the user's specific request via the internet; Providing internet search engines; Providing non-downloadable software to allow users to perform electronic business transactions via the internet and communications networks; Providing online facilities featuring technology that enables online users to create personal profiles featuring social and business networking information, to transfer and share such information among multiple online facilities to engage in social networking, and to manage their social networking accounts; Providing online facilities that give users the ability to upload, modify and share audio, video, photographic images, text, graphics and data; Providing online facilities featuring technology that enables online users to create personal profiles featuring social and business networking information and to transfer and share such information among multiple online facilities; Providing online non-downloadable software for setting up, configuring, and controlling wearable computer hardware and wearable computer peripherals; Providing online sites that gives users the ability to upload, modify and share virtual reality, mixed reality and augmented reality content, information, experiences and data; Providing personal assistant software; Providing search platforms to allow users to request and receive photos, videos, text, data, images, and electronic works; Providing search platforms to allow users to request and receive content, text, visual works, audio works, audiovisual works, literary works, data, files, documents, and electronic works; Providing social assistant software; Providing software for facilitating and arranging for the financing and distribution of fundraising and donations; Providing software for online charitable fundraising services and financial donation services; Providing temporary access to non-downloadable computer software for mapping services; Providing temporary use

Barbed wire; Locks of metal; Hooks of metal; Flat bars of common metal; Ropes of metal; Spring locks of metal; Control valves of metal for controlling the flow of liquids, other than parts of machines; Control valves of metal for controlling the flow of gasses, other than parts of machines; Metal locks, non-electric; Small items of metal hardware; Pipes of metal; Spring locks; Non-electric cables and wires of common metal; Doors of metal; Padlocks of metal, other than electronic; Sleeves [metal hardware]; Welding wire of metal; Steel wire; Metal materials for building and construction; Screw inserts of metal; Metal hardware; Hinges of metal; Pins [metal hardware]; Iron strip; Furniture casters of metal; Buckles of common metal [hardware]; Anchors; Transportable buildings of metal; Nails of metal; Chains of metal; Tool boxes of metal, empty; Water-pipes of metal; Slings of metal for handling loads; Wire; Ferrules of metal for handles; Ferrules of metal; Metal containers for storage or transport; Rings of metal; Common metals and their alloys, ores; Keys of metal; Steel cylinders for compressed gas; Steel pipes; Door handles of metal; Valves of metal, other than parts of machines; Locks of metal for vehicles; Water-pipe valves of metal; Metal pulleys, springs and valves [not including machine elements]; Chests of metal; Metal trim for buildings; Frameworks of aluminium for building; Sills of metal; Zinc; Roofing of metal; Safe deposit boxes; Cabinet stops of metal; Ironwork for doors; Latches of metal; Common metals, unwrought or semi-

wrought; Iron, unwrought or semi-wrought; Blooms [metallurgy]; Chrome iron; Alloys of common metal; Copper rings; Nuts of metal; Screws of metal; Bolts of metal; Springs [metal hardware]; Door bells of metal, non-electric; Iron; Iron wire; Iron slabs; Reinforcing pins of metal for formwork; Ball lock pins of metal; Non-electric locks of metal; Vehicle locks of metal, non-electric; Machine belt fasteners of metal; Metal tubes for gas; Pressure gas cylinders made of metal; Runners of metal for sliding doors; Anchor socket tube sections of metal; Clamps of metal for wire rope; Spelter for brazing; Screw rings; Screwnails of metal; Welding wire; Metal welding rods; Steel strips; Rods of metal for welding; Split rings of common metal for keys; Metal security lock cylinders; Metal keys for locks; Load handling chains of metal; Steel wire rope; Fittings of metal for cabinets; Drawer pulls of metal; Trays of metal; Nozzles of metal; Metal hoses; Valves of metal other than parts of machines including those from alloy steel and titanium; Pipework of metal including those from alloy steel and titanium; Hose clamps of metal; Reels of metal, non-mechanical, for flexible hoses; Hose fittings of metal; Clips of metal for cables and pipes; Metal clips; Cable clips of metal; Clips of metal for wire rope; Clips of metal for sealing bags; Pipe clips of metal; Metal cans, sold empty.

Class 07

Sanding machines; Balers for industrial use; Pneumatic nail guns; Incubators for eggs; Air compressors; Machines for electric arc cutting; Electric drills; Electric scissors; Grinding machines; Welding machines, electric; Packing machines; Power-operated sprayers; Ratchet wrenches, electric; Grinders being power tools; Engraving machines; Electric motors, not for land vehicles; Driving motors, other than for land vehicles; Motors and engines, except for land vehicles; Motors other than for land vehicles; Vehicle trolley jacks [machines]; Jacks [machines]; Circular saws; Machines and apparatus for cleaning, electric; Polishers [machines]; Saber saws; Wind turbines; Paint spraying machines; Electric arc welding apparatus; Saw blades [parts of machines]; Clippers [machines]; Screwdrivers, electric; Alternators;

Hot melt glue guns; Thermal spray guns [machines]; Pneumatic machines and apparatus; Pneumatic machines; Pneumatic tools; Angle grinder machines; Drive belts for machines; Riveting machines; Compressed air pumps; Laser welding machines; Laser welding devices; Laser welding apparatus; Electric hand drills; Cordless electric hand drills; Drilling machines and parts therefor; Drilling machines; Magnetic separators using rare earth materials; Sharpening wheels [parts of machines]; Paint spray guns; Insecticide sprayers [machines]; Circular saw blades being parts of machines; Air blowers [machines]; Electric soldering irons; Soldering apparatus, gas-operated; Soldering apparatus, electric; Work stations [machines] for soldering; Guns [tools using explosives]; Hand-held tools, other than hand-operated; Machines, machine tools, power-operated tools; Machine coupling and transmission components, except for land vehicles; Machine coupling and transmission components, except for land vehicles, and parts therefor; Knife blades for electric knives; Knives, electric; Metal plate processors [machines]; Cutting machines; Electric sanders; Drill bits for machines; Agricultural implements, other than hand-operated hand tools; Cutters [machines]; Band saws; Sealing machines for industrial purposes; Lawnmowers; Hoists; Molding machines; Screwdrivers, pneumatic; Electric planers; Washing apparatus; Pumps [machines]; Pneumatically operated power tools; Hydraulic power tools; Electric generators; Pressure reducers [parts of machines]; Electric hammers; Electric hand-held drills; Electric hot plate welding apparatus; Electric welding apparatus; Wood sawing machines; Woodworking machines; Wood grinding machines; Wood planing machines; Wood milling machines; Wood drilling machines; Wood lathes; Wood chipping machines; Circular saws for woodworking; Cutters being machine tools; Wood carving machines; Sanding machines for woodworking; Wood pulp processing machines; Machines for cutting plywood; Plywood presses; Industrial robots for shaping wood; Presses [machines for industrial purposes]; Pressing machines; Mechanical presses [machines for industrial purposes]; Industrial robots for working wood; Saws [machines]; Cordless electric screwdrivers; Bicycle assembling machines; Automatic

vending machines; Plywood finishing machines; Plywood jointing machines; Shearing machines, electric; Chain saws; Metalworking machines; Pneumatic air tools; Mortising machines; Printing plates; Apparatus for the machining of printing plates; Industrial machine presses; Rack and pinion jacks; Jacks, electric; Hydraulic jacks; Pneumatic jacks; Power-operated tools; Impact wrenches; Electric torque wrenches; Adapters for tool bits [parts of machines]; Pneumatic ratchet wrenches; Universal joints [Cardan joints]; Sockets [parts for machines]; Power-driven wrenches; Socket wrenches [machines]; Hydraulic torque wrenches; Electric polishing machines; Welding torches; Soldering irons, electric; Soldering irons, gas-operated; Electric arc cutting apparatus; Machines for cleaning surfaces using high-pressure water; Automotive engine blocks; Chisels for machines; Compressed air staplers; Pneumatic staplers; Glue guns, electric; Welding torches, electric; Cutting torches; Gas-operated cutting torches; Gas-operated blow torches; Air brushes for applying paint; Air brushes for applying colour; Regulators [parts of machines]; Pressure regulators [parts of machines]; Welding torches, gas-operated; Painting machines; Machines for painting; Spray guns for paint; Automatic sprayers for electrostatic painting; Grease boxes [parts of machines]; Pneumatic grease guns; Grease rings [parts of machines]; Degreasers [machines]; Oil pumps for land vehicle engines; Oil pressure pumps; Oil filters for motors; Oil filters; Oil filters for engines; Pistons for compressors; Mechanical spreaders; Mechanical and hydraulic lifts; Hydraulic presses; Compressors [machines]; Bearings [parts of machines]; Ball-bearings; Lubricators [parts of machines]; Cranes; Scrapers [earth moving machines]; Inert gas generators [machines]; Electric caulking guns; Drill chucks [parts of machines]; Chucks [parts of machines]; Drill chucks for power drills; Machine tool holders; Torque converters, other than for land vehicles; Torque converters for machines; Suspension ball joints [parts of machines]; Sealing joints [parts of engines]; Gaskets for internal combustion engines; Sealing joints [parts of machines]; Clamping tools for holding piece parts during machining; Clamps for pipes [parts of machines]; Clutches, other than for land vehicles; Clutches for machines; Fans for

cooling vehicle engines; Crank shafts; Crankcases for engines; Cranks [parts of machines]; Crankcases for motors and engines; Timing belt pulleys [parts of engines]; Crankcases for machines; Timing chains for engines; Car lifts; Lifting apparatus; Cranes [lifting and hoisting apparatus]; Hydraulic lift tables; Lifting machines; Machines for lifting vehicles; Robotic mechanisms for lifting; Hydraulic couplers [parts of machines]; Fuel nozzles; Suction nozzles for vacuum cleaners; Spray nozzles being parts of machines; Fuel injectors for internal combustion engines; Centrifugal blowers; Forge blowers; Blowing machines; Mechanical reels for flexible hoses; Vacuum cleaner hoses; Power-operated nailing guns; Spraying machines; Apparatus for machining; Dyeing machines; Robotic filling machines; Mechanical seals [machine parts]; Sparking plugs for automotive engines; Spark plugs for engines; Sparking plugs for engines; Sparking plugs; Axles for machines; Pneumatic waste oil drainers; Machines for tyre changing; Metal joints for pipes [parts of machines]; Pumps as parts of machines, motors and engines; Cutting tools being parts of machines.

Class 09

Electronic calendars; Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; Gauges; Telecommunications apparatus; Computers; Navigational instruments; Teaching and instructional apparatus; Portable media players; Video display units; Time clocks [time recording devices]; Electronic digital signboards; Digital signage display panels; Electronic bulletin board apparatus; Battery packs; Earth cables; Electric wire; Magnetic wires; Disks, magnetic; Electronic metering apparatus; Scales; Weights for use with weighing scales; Leveling rods for surveying; Automatic indicators of low pressure in vehicle tires; Apparatus for scientific use; Weights; Precision balances; Neon signs; Gas meters; Cables, electric; Optical machines and apparatus; Height measuring instruments; Levelling instruments; Breathing masks, not for medical

purposes; Micrometers; Meters; Calipers; Rulers [measuring instruments]; Verniers; Fax machines; Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; Mechanisms for coin-operated apparatus; Cash registers; Calculating machines; Data processing equipment; Precision measuring instruments; Precision measuring apparatus; Wires, electric; Power wires; Sockets for electric plugs; Electric sockets; Electric power supply sockets; Connections for electric cables; USB chargers adapted for car cigarette lighter sockets; Cover plates for electric sockets; Spark plug feeler gauges; Spark plug gap gauges; Plug adaptors; USB adapters; Joint meters; Voltage testers; Feeler gauges; Tire pressure gauges; Pressure gauges; Wind pressure gauges; Fuel gauges; Tape measures; Multimeters; Digital thermometers, not for medical purposes; Quartz glass thermometers; Infrared thermometers, not for medical purposes; Battery testers; Digital torque gauges; Torque meters; Couplers [data processing equipment]; Acoustic couplers; Fiber optic couplings; Fire hoses; Heat regulators; Voltage regulators; Electric timers; Clamp meters for measuring electricity; Brake fluid testers; Plastic coated wire, electric.

Class 10

Medical apparatus and instruments; Medical instruments; Dental equipment; Dental instruments; Physiotherapy apparatus; Gloves for medical purposes; Breast milk storage bottles; Babies' bottles; Intravenous feeding bottles; Dropper bottles for medical purposes; Feeding bottles; Condoms; Non-chemical contraceptives; Artificial surgical implants; Suture materials; Surgical, medical, dental and veterinary apparatus and instruments; Artificial limbs, eyes and teeth; Therapeutic and assistive devices adapted for persons with disabilities; Manual massage instruments; Electric massage apparatus; Apparatus, devices and articles for nursing infants; Sexual activity apparatus, devices and articles; Nursing bottles; Orthopedic articles; Belts for medical purposes; Beds specially made for medical purposes; Incontinence bed pads; Optical scanners for medical inspection purposes; Spraying devices for

medical use; Inhalation devices for medical use; Surgical clips; Surgical staplers.

Class 11

Lamps; Oil lamps; Cooking apparatus; Freezing machines and apparatus; Air conditioning apparatus; Solar thermal collectors [heating]; Taps for pipes and pipelines; Bathroom installations for sanitary purposes; Disinfectant apparatus; Electric heaters; Gas lighters; Apparatus and installations for lighting, heating, cooling, steam generating, cooking, drying, ventilating, water supply and sanitary purposes; Flashlights [torches]; Electric flashlights; LED flashlights; Refrigerating cabinets; Electrically powered air blowers for air-conditioning purposes.

Class 12

Bicycles; Cars; Vehicle tires; Safety seats for children, for vehicles; Bicycle pumps; Trolleys; Air vehicles; Ships; Inner tubes for tyres; Repair outfits for inner tubes; Cable transport apparatus and installations; Vehicle safety harness for safety seats for children; Universal joints for land vehicles; Balance weights for vehicle wheels; Suspension ball joints for vehicles; Torque converters for land vehicles; Hydraulic torque converters for land vehicles; Tire liners; Steering wheel hubs; Tailboard lifts [parts of land vehicles]; Chairlifts; Carts for hoses; Electrically powered carts [trolleys]; Go-carts; Trolleys [mobile carts]; Carts; Handling carts; Hose carts; Hospital carts; Dump carts; Tilting-carts; Air pumps for two-wheeled motor vehicles or bicycles; Friction clutch driven plates for land vehicles; Clutches for land vehicles; Friction clutches for land vehicles; Friction clutch cover assemblies for land vehicles; Clutch cables for motorcycles; Transmission top covers for land vehicles; Jaw clutches for land vehicles; Clutches for automobiles; Hydraulic clutch control units for land vehicles; Power clutches for land vehicles; Axles for vehicles; Axles for land vehicles; Torque converters for automobiles.

Class 14

Precious metals; Semi-worked precious metals; Jewelry boxes; Jewelry ornaments;

Jewelry charms; Watches; Electric watches; Watch chains; Clocks; Precious metals and their alloys; Jewelry made of precious metals; Horological and chronometric instruments; Unwrought precious metals; Semi-wrought precious metals; Jewellery ornaments; Jewelry; Drawer pulls of precious metal; Drawer handles of precious metal; Ear clips.

Class 16

Fiber-tip pens; File folders; Easels; Booklets; Paper napkins; Writing materials; Adhesive materials for stationery purposes; Stamp pads; Modelling compounds; Modelling clay; Modelling paste; Covers [stationery]; Pencil leads; Staplers for paper; Adhesive for stationery purposes; Towels of paper; Stationery; Color pencils; Printed matter; Adhesive tapes for stationery purposes; Notebooks; Pencils; Plastic materials for wrapping; Drawing books; Blackboards; Mount boards being articles of cardboard for mounting pictures; Book markers; Portraits; Boxes of cardboard or paper; Cards; Gummed tape [stationery]; Instructional and teaching material [except apparatus]; Folders [stationery]; Maps; Canvas for painting; Adhesive tape for stationery purposes; Pens; Drawing rulers; Rubber erasers; Staples [office requisites]; Double-sided adhesive tapes for stationery use; Absorbent pads of paper and cellulose for use in food packaging; Envelopes; Paper clasps; Paper; Paper towels; Writing pads; Books; Tissues being disposable articles of cellulose for personal use; Materials for drawing; Writing paper; Artists' materials; Photocopying paper; Binding materials for stationery use; Document files; Pen stands; Writing instruments; Paper bags; Drafting rulers; Technical pens; Typewriters; Painting sets for children; Ballpoint pens; Adhesives for stationery or household purposes; Paint boxes [articles for use in school]; Paper bags for disposable diapers; Paintbrushes; Pencil sharpeners; Drawing paper; Printing type; Bookbinding tape; Rulers [drawing instruments]; Tissue paper; Wrapping paper; Drawing materials; Painting sets for artists; Ink pens; Paper cutters [office requisites]; Staplers [office requisites]; Paper staplers; Staples for offices; Stapler holders; Paint rollers; Pen trays; File trays; Money clips of precious

metals; Pen clips; Hole punches [office requisites]; Punches [office requisites]; Metal money clips.

Class 17

Gaskets; Artificial resins, semi-processed; Raw rubber; Rubber, raw or semi-worked; Soundproofing materials; Bags [envelopes, pouches] of rubber, for packaging; Plastics and resins in extruded form for use in manufacture; Packing, stopping and insulating materials; Unprocessed and semi-processed rubber, gutta-percha, gum, asbestos, mica and substitutes for all these materials; Flexible pipes, tubes and hoses, not of metal; Materials for insulation; Semi-processed synthetic resins; Synthetic resins, semi-processed; Envelopes of rubber for packaging; Pouches of rubber for packaging; Bags of rubber for packaging; Rubber stoppers; Flexible plastic hoses; Non-metallic flexible hoses of rubber reinforced with wires; Flexible hose of non-metallic materials; Non-metallic air hoses; Hydraulic hoses of plastic; Flexible hoses for conveying liquids; Hose pipes made of rubber; Industrial hoses of plastic; Watering hoses; Hoses made of rubber; Air hoses, not of metal; Industrial hoses of rubber; Hose pipes made of plastic; Flexible hoses composed of plastics; Connecting hoses for vehicle radiators; Flexible hose pipes of plastic; Hoses of textile material; Plastic hoses for plumbing use; Clutch linings; Non-metallic seals for pneumatic suspensions; Adhesive sealants for general use; Rings of rubber for use as pipe connection seals; Joint sealants; Non-metallic piston seals; Sealing strips made of rubber; Adhesive sealants; Sealing strips made of synthetic rubber; Anti-rust sealants; Pipe thread tapes for sealing; Combination seals; Non-metallic seals for cables; Rubber sealants for joints; Sealants for joints; Silicone sealants; Sealing compounds.

Class 18

Animal skins; Briefcases; Leather for furniture; Leather thongs; Backpacks; Luggage; Umbrellas; Umbrella covers; Canes; Dog leashes; Leather and imitations of leather;

Animal skins and hides; Carry-on bags; Whips; Harnesses; Whips, harness and saddlery; Straps of leather [saddlery]; Collars, leashes and clothing for animals; Leather shoulder belts; Shoulder belts [straps] of leather; Belt pouches; Straps for handbags; Straps for coin purses; Wallets for attachment to belts; Belt bags; Belt bags and hip bags; Bags for umbrellas.

Class 19

Non-luminous and non-mechanical signs, not of metal; Materials, not of metal, for building and construction; Rigid pipes, not of metal, for building; Asphalt, pitch and bitumen; Pitch and bitumen; Transportable buildings, not of metal; Monuments, not of metal; Mouldable wood; Hardwood boards; Wood veneers; Wood joists; Wood panelling; Multi-layered wood; Pilings of wood; Lime; Gypsum tiles; Gypsum [building material]; Boards of gypsum plaster; Gypsum roofing tiles; Gypsum boards for construction purposes; Baseboards, not of metal; Gypsum board; Non-metallic ceiling tiles; Cement; Bricks; Luminous paving blocks; Water-pipes, not of metal; Building glass; Wood for making household utensils; Beams of wood for building; Plywood; Boards of wood; Wood blocks; Building materials of wood; Luminous paving blocks, not of metal; Paving blocks, not of metal.

Class 20

Office furniture; Mirrors [looking glasses]; Works of art of bamboo; Works of art made of wood; Works of art of wood, wax, plaster or plastic; Display boards; Plastic decorations for foodstuffs; Furniture fittings, not of metal; Pillows; Window fittings, not of metal; Furniture; Mirrors; Furniture, mirrors, picture frames; Photograph frames; Containers, not of metal [storage, transport]; Unworked or semi-worked bone, horn, whalebone or mother-of-pearl; Shells; Meerscham; Amber; Non-metal cable clips; Cable clamps, not of metal; Clips, not of metal, for cables and pipes; Binding screws, not of metal, for cables; Cable clips, not of metal; Pipe clamps of rubber; Cable and pipe clips of plastics; Cable trays of non-metallic materials, other than electric; Bed

casters, not of metal; Plastic labels; Plastic keys; Plastic valves, other than for medical use or being parts of machines; Pipe or cable clips of plastics; Works of art of plastic; Plastic boxes; Boxes of plastic; Plastic squeeze tubes, empty; Plastic crates; Plastic caps; Boxes of wood or plastic; Handles made of plastics for doors; Plastic edging materials for shelving; Plastic doorknobs; Plastic pipe collars; Pipe clamps of plastics; Storage chests made of plastic; Plastic stoppers for industrial packaging containers; Plastic tubs; Valves of plastic, other than parts of machines; Water-pipe valves of plastic; Mirrors [furniture]; Bamboo, unworked or semi-worked; Wooden pallets; Wooden furniture; Wood knobs; Storage chests made of wood; Wooden signboards; Wooden boxes; Wood kegs; Figurines of wood; Non-metal chests; Wooden barrels; Wooden shelving [furniture]; Wood carvings; Fittings, not of metal, for furniture; Window shades [indoor blinds]; Indoor window blinds of paper; Indoor window blinds [shade] [furniture]; Interior textile window blinds; Decorative window finials; Indoor window blinds of textile; Window blinds [interior]; Window handles, not of metal; Plastic window handles; Non-metal window trims; Window hinges, not of metal; Indoor window blinds [shades]; Indoor window shades of paper; Indoor window blinds [furniture]; Wood window handles; Porcelain window handles; Metal indoor window blinds; Indoor window blinds of woven wood; Indoor window shades; Non-metallic rollers for sliding windows; Non-electric locking devices, not of metal, for windows; Window fasteners, not of metal; Hinges, not of metal, for doors; Hinges, not of metal, for windows; Window stops, not of metal or rubber; Sash fasteners, not of metal, for windows; Key cabinets; Cabinets [furniture]; Stone pulls for cabinets, drawers and furniture; Security cabinets; Cabinets; Display cabinets; Filing cabinets; Shelves for file cabinets; Metal cabinets; Non-metallic tool cabinets; Storage drawers [furniture]; Drawers; Drawer pulls, not of metal; Drawer units; Non-metallic tool boxes [sold empty]; Tool boxes, not of metal, empty; Trays, not of metal; Reels, not of metal, non-mechanical, for flexible hoses; Hose clamps, not of metal; Pipe clips, not of metal; Clips, not of metal, for sealing bags.

Class 21

Unworked or semi-worked glass, except building glass; Containers for household or kitchen use; Glassware; Cups; Plates; Pots; Canister sets; Porcelain ware; Tableware of porcelain, other than knives, forks and spoons; Porcelain spice jars; Decorative household containers of porcelain; Ornaments made of porcelain; Drinkware; Unworked glass, except building glass; Glassware, porcelain and earthenware; Cups of precious metal; Cups, not of precious metal; Drinking glasses; Tumblers [drinking vessels]; Tumblers for use as drinking glasses; Beakers [drinking vessels]; Drinking mugs; Drinking cups; Drinking vessels; Drinking straws; Drinking straw holders; Drinking bottles for sports; Pet drinking bowls; Drinking flasks for travelers; Insulated flasks; Smart mugs; Chargers being dinnerware; Bottles, sold empty; Boxes for tissues; Brushes; Toothbrushes; Toothpicks; Cleaning cloths; Household or kitchen utensils and containers; Cookware and tableware, except forks, knives and spoons; Combs and sponges; Brushes, except paintbrushes; Brush-making materials; Articles for cleaning purposes; Tissue box covers; Covers for tissue boxes; Dusters; Basins [bowls]; Wash basins [receptacles]; Bowls [basins]; Nozzles for watering hoses; Spray nozzles for garden hoses; Plastic spray nozzles for watering hose.

Class 22

Nylon straps for handling loads; Straps made of plastic materials for tying purposes; Bindings, not of metal; Sails; Cables, not of metal; Unfitted vehicle covers; Vehicle covers, not fitted; Padding and stuffing materials, not of rubber, plastics, paper or cardboard; Raw textile fibers; Ropes; String; Nets; Tents and tarpaulins; Tents made of textile materials; Sacks for the transport and storage of materials in bulk; Padding, cushioning and stuffing materials, except of paper, cardboard, rubber or plastics; Raw fibrous textile materials and substitutes therefor; Straps, not of metal, for handling loads; Straps made of plastic materials for wrapping purposes; Nylon strapping for securing loads; Polypropylene straps for securing bundles; Ratchet tie-

down straps of synthetic textile materials; Nylon tie down straps; Towing ropes, not of metal; Pouches of textile for packaging; Textile bags for packaging; Bags of textile for packaging; Bags [envelopes, pouches] of textile, for packaging; Polyester plastic netting for packaging goods; Thread, not of metal, for wrapping or binding; Non-metallic bands for wrapping or binding; Industrial packaging containers of textile; Envelopes of textile for packaging.

Mark Clause(s):

The following claim is made in the International Registration: Colour(s) claimed: Grey, black, blue and red.

The mark consists of a three-dimensional shape of a wine bottle (with a relief pattern) with the words "SIBERIAN EXPRESS" and devices appearing thereon, as shown in the representation on the notification of international registration. On the front of the bottle, there is a label pressed into a diamond-shaped relief with a pattern inside. In the center of the diamond-shaped label there is a circle with the image of a stylized train, above and below which, as well as on the label of the neck of the bottle, there is a verbal element "SIBERIAN EXPRESS", made in an original font in Latin. At the top of the second letter "I" of the word element "SIBERIAN", there is a figurative element in the form of a strip with a circle at the top. Below the diamond-shaped label is a wide strip pressed into the relief, which shows a label with wavy edges, divided by stripes of dots into rectangles.
