National Applications Published For Opposition Purposes	3
International Registrations Filed Under The Madrid Protocol Published For Opposition Purposes	594
Applications Amended After Publication	1025
Corrigenda	1028

General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

National Applications Published For Opposition

Purposes

National Trade Mark No: 40202255176X
Filing Date: 22 September 2022
Classes: 09 35 36 38 41 42

New Ganymede

Goods and/or Services:

Class 09

Downloadable cryptographic keys for receiving and spending cryptocurrency;
Security tokens [encryption devices]; Computer software applications, downloadable;
Computer software for application and database integration; Computer game
software, downloadable; Computer programs for enabling access or entrance control;
Computer graphics software; Computer software programs for database
management; Computer software for authorising access to databases; Computer
programs relating to computer networks; Storage apparatus for computer programs;
Computer hardware; Computer programs for analysing computer hardware;
Computer programs for commercial transactions; Computer software to enable
searching and retrieval of data; Intrusion detectors; Computer apparatus for use in
local area networks; Computer programs relating to local area networks; WAN [wide
area network] operating software; WAN [wide area network] hardware; Apparatus for
the conversion of data; Information distribution programs; Recorded software and
programmes for use with electronic games of all kinds; Recorded programs for
computers; Recorded data, encoded; Recorded computer software; Network
management computer software; Instruction manuals in electronic format;

Computers for managing control devices for aircraft; Simulators for training personnel in the flying of aircraft; Simulators for training personnel in the operation of aircraft; Flight simulators for aircraft; Training simulators for civil aviation purposes; Computer software development tools; Application development software, downloadable; Computer games entertainment software; Computer software for organizing and viewing digital images and photographs; Software for searching and retrieving information across a computer network; Downloadable computer security software; Computer software for use in computer access control; Virtual reality software; Privacy protection software; Computer software for encryption; Computer software to enable searching of data; Operating software for network access servers; Computer peripherals; Computer software for controlling the operation of audio and video devices; Database management software; Downloadable computer utility software; Computer utility programs; Augmented reality game software; Computer software for use in relation to digital animation and special effects of images; Audio recordings; Downloadable video recordings; Downloadable digital music; Downloadable music files; Downloadable image files; Downloadable electronic publications; Downloadable computer software; Data files, downloadable; Computer firewall software; Software for ensuring the security of electronic mail; Computer operating system software; Computer software, recorded; Programs for recording data in reproduction technology; Recording materials for the storage of digital computer programs; Communication software; Communication software for connecting computer network users; Communication software for connecting global computer networks; Computer communication apparatus; Computer programs for network management; Electronic publications, downloadable; Weekly publications downloaded in electronic form from the internet; Software for optical character recognition; Character verification apparatus; Computer video game software; Computer programs relating to computer aided design; Computer software for creating and editing music and sounds; Computer software for database management; Computer software for wireless network communications; Computer

utility programs for file management; Computer data storage apparatus; Security apparatus for computers; Biometric identification apparatus; Safety locking devices, electric; Electric locking devices; Computer software for controlling and managing access server applications; Downloadable computer software for collecting, analyzing and organizing data in the field of deep learning; Software for facilitating secure credit card transactions; Security devices for computer software.

Class 35

Business news and business information services, including collecting and providing business reports and information in the fields of loan, investment, business, management, demographic, economic, marketing, sales, advertising, tax, accounting, funds, personnel data; Business news and business information services, including collecting and providing business reports and information in relation to loan, investment, cryptocurrency and/or NFT trading, cryptocurrency charging, decentralized financing and operation; business, economic and market research services; Computerized database management; promoting the goods and/or services of others by disseminating advertisements over, by or through local or wide area computer networks, wireless communication networks, global computer information networks and other electronic communication networks; arranging and conducting trade shows in the fields of news, research, computerized databases and other indexes of information, law, government and public records, business, funds, finance, securities, securities markets, politics, current events, entertainment, sports, science, technology and/or cryptocurrency and/or NFT trading, cryptocurrency charging, tokenizing, decentralized financing and/or cryptocurrencies and/or NFT trading services; business appraisals, business consultancy and provision of business information services, economics advisory services for business purposes; providing database management services for trading of virtual assets via computer and electronic digital devices; providing business account management services in relation to financial, financial asset transaction data and financial reporting via the

Internet; market analysis and research for virtual assets; online advertising, promotional services.

Class 36

Financial affairs; Monetary affairs; banking, automated banking, electronic banking, insurance, financial sponsorship, financial research and investment services; provision of financial information and the aforesaid services also provided on-line from a computer database, the internet or mobile; Share registration services; cryptocurrency depository services; cryptocurrency charging, decentralized financing services; savings accounts services; mobile phone cryptocurrency depository, decentralized financing, tokenizing, charging and/or banking services; payment administration; bank card, credit card, debit card and electronic payment card services; debt collection and payment agency, consultancy and brokerage services; arranging and provision of loans, charges and guarantees; lending on charges; Financing of loans; credit services; money exchange and transfer services; money ordering services; money transmission services; foreign currency services; services for the provision of travellers' cheques; Pension services; pension fund administration services; personal pension services; Fund management services; fund transfer services; administration of trust services; Trusteeship services; Investment services; financial investments; Capital investment services; Raising of capital; investment risk assessment advice; Investment management services; stockbroking services; cryptocurrency, shares and securities brokerage, trading and distribution; cryptocurrency, NFT, share underwriting; cryptocurrency and NFT, share valuation; Insurance services; cryptocurrency, insurance brokerage services; cryptocurrency and financial advisory services; Provision of finance; financing services for securing funds; information and advisory services concerning or relating to all of the aforesaid services; computerized cryptocurrency, financial advisory services, computerized financial information services; cryptocurrency and financial management, planning and research; cryptocurrency and financial advice and

consultancy; cryptocurrency and fund investment; bullion trading; Trustee services; Investment trust services; financial management, planning, research and advisory services, funds investment and advisory services; Financial services; financial monetary affairs services; provision of online financial transaction services; provision of financial administration services for trading of virtual assets, issuance of e-wallets with offline private keys; provision of financial document flow services; provision of financial administration services for trading of virtual assets; online financial transaction and processing services.

Class 38

Telecommunications services in relation to cryptocurrencies, NFT trading and/or charging, decentralized financing, tokenizing affairs and/or agency services; internet based telecommunications services in relation to cryptocurrencies trading, charging, staking and agency services, information; information communication services in relation to cryptocurrency trading affairs; transmission of information for carrying out transactions in electronic form over the Internet or other communication networks or other electronic means (including all mobile or wireless devices); telecommunication services for the transmission in relation to cryptocurrencies, charging, staking, decentralized financing, tokenizing, trading services; electronic mail, message sending and receiving services in relation to cryptocurrencies, tokenizing, charging, trading, transaction affairs and/or cryptocurrencies agency services, information; providing multi-user access to a secure computerized information network for the transfer and dissemination of a range of information in the field of cryptocurrencies and financial services; providing access to application software for use on mobile telephones and other mobile devices; providing access to application service provider services; providing user access to data networks; Internet portal services; providing online access to electronic trading platforms, electronic marketplaces and electronic financial and crossing exchanges; providing online access to financial information; information, advisory and consultancy services relating to the aforesaid

services; Transmission of data and information by electronic means; Transmission of digital files; news agencies services relating to virtual assets; Providing access to databases; providing user access to computer networks; Providing online forums; providing online access to database by computer and electronic digital devices for trading of virtual assets.

Class 41

Providing online videos, not downloadable; Design of educational courses; Organisation of training courses; Videotaping; Training services in the field of computer software development; Arranging and conducting of tutorials; Arranging and conducting of workshops; Arranging and conducting of training courses; Education and training in the field of electronic data processing; Providing non-downloadable electronic publications from a global computer network or the Internet; Providing online electronic publications, not downloadable; Providing online computer games; Electronic games services provided by means of the internet; Providing online non-downloadable comic books and graphic novels; Interactive online entertainment services; Games services provided on-line from a computer network; Providing on-line computer games; Providing Internet games, non-downloadable; Conducting instructional courses; Arranging technical instruction courses; Conducting of instructional, educational and training courses for young people and adults; Multimedia production [texts, images, sound, animations, videos]; Production of audio and/or video recordings; Production of videos; Video game entertainment services.

Class 42

Advisory services relating to computer software; Computer software development; Configuration of computer software; Software as a service [SaaS]; Rental of software; Software consulting services; Software development in the framework of software publishing; Software engineering; Updating of computer software for others;

Upgrading of computer software; Advisory services in the field of product development and quality improvement of software; Design and development of computer software; Computer system analysis; Computer software design and updating; Compilation of computer programs; Compilation of data-processing programs; Advisory and information services relating to computer software; Updating and maintenance of computer software; Computer and computer software rental; Design and development of computer game software; Advisory services relating to computer hardware; Computer security services [design and development of secure computer hardware, software and systems]; Design and development of computer hardware and software; Computer software design for others; Customization of computer software; Computer software integration; Consultancy in the field of computer system analysis; Consultancy and information services relating to computer software design; Hosting of software as a service [SaaS]; Computer software installation; Consultancy and information services relating to the design, programming and maintenance of computer software; Software creation; User authentication services using single sign-on technology for online software applications; Design of computer programs; Development of computer programs; Updating of computer programs; Design and development of computer firmware; Computer systems development; Computer software installation and maintenance; Design and development of software in the field of mobile applications; Development of computer software application solutions; Leasing of computer hardware; Leasing of computer software; Consultancy in the design and development of computer hardware; Computer software consultancy; Computer technology consultancy; Research and consultancy services relating to computer software; Research and development services relating to computer hardware; Technical research services; Technical consultancy relating to the application and use of computer software; Development of systems for the transmission of data.

SCHRÖDINGER

Goods and/or Services:

Class 09

Computer software in the fields of molecular biology, chemistry, medicine, pharmacology, physics, quantum mechanics, biotechnology, biochemistry, small molecule drug discovery, biologics drug discovery, and materials science for chemical and molecular analysis and the prediction, identification, development and discovery of molecular structures, drugs, medicines, and pharmaceuticals;

Downloadable electronic publications in the nature of articles, course materials, newsletters, and instruction and training materials in the fields of molecular biology, chemistry, medicine, pharmacology, physics, quantum mechanics, biotechnology, biochemistry, small molecule drug discovery, biologics drug discovery, and materials science for chemical and molecular analysis and the prediction, identification, development and discovery of molecular structures, drugs, medicines, and pharmaceuticals.

Class 41

Educational, instruction, training, and tutorial services relating to knowledge of computer software in the fields of molecular biology, chemistry, medicine, pharmacology, physics, quantum mechanics, biotechnology, biochemistry, small molecule drug discovery, biologics drug discovery, and materials science; Arranging, conducting, and organizing online seminars, presentations, workshops, and lectures relating to knowledge of computer software in the fields of molecular biology, chemistry, medicine, pharmacology, physics, quantum mechanics, biotechnology, biochemistry, small molecule drug discovery, biologics drug discovery, and materials science; Providing educational videos, articles, publishing of newsletters, and instruction and training materials in the fields of molecular biology, chemistry, medicine, pharmacology, physics, quantum mechanics, biotechnology, biochemistry, small molecule drug discovery, biologics drug discovery, and materials science.

Class 42

Providing online non-downloadable software in the fields of molecular biology, chemistry, medicine, pharmacology, physics, quantum mechanics, biotechnology, biochemistry, small molecule drug discovery, biologics drug discovery, and materials science for chemical and molecular analysis and the prediction, identification, development and discovery of molecular structures, drugs, medicines, and pharmaceuticals; Design and development of computer software; Technical support services, namely, installation, administration, and troubleshooting of computer software; Research, analysis and consultation in the fields of molecular biology, chemistry, pharmacology, physics and quantum mechanics, biotechnology, biochemistry, small molecule drug discovery, biologics drug discovery, and materials science and product research and development in connection therewith; Research relating to medicine.

Goods and/or Services:

Class 07

Elevators and parts of elevators; Escalators; Power-operated lifting and moving equipment; Metal parts and fittings for power-operated lifting equipment; compressors; Compressors for machines; Protective metal containers being parts of gas compressors; Electronically and power-operated tools; Compressor cleaning

machines; pumps; Machine parts; Electric motors; valves; Valves as machine components; Parts of oilfield wellhead machines; Household cleaning robots with artificial intelligence; Industrial robots; Indoor self-driving robots for industrial use; Industrial robots for use in manufacture; Industrial robots for use in the handling of workpieces; Robots for handling rods; Robots for machine tools; Transportation robots [conveyors]; Dish washing machines; Clothes washing machines; industrial robots and industrial robot arms; bearings; Electric motors, and their parts, not for land vehicles; lifting equipment; Lifting machines; Automatic inlet control valves for reciprocating air compressors; Unloading check valves for the outlets of air compressors; Automatic control valves, machine elements not for land vehicles; Thermostatic control valves for machines.

Class 09

Broadband wireless equipment; Light emitting diode (LED) displays; Electronic displays, namely, digital signage; Video displays that may be worn on the body; Wearable cameras; Wearable activity trackers; Wearable computers in the nature of smartglasses; Wearable computers in the nature of smartwatches; Home theatre systems comprising of DVD players, audio amplifiers, audio speakers; TV monitors; Television receivers; Closed circuit TV systems for security and surveillance; printers; Scanners; Downloadable gaming software that generates or displays wager outcomes of gaming machines; Gaming headsets for playing video games; Network servers; Video servers; Computer servers; Internet servers; Intranet servers; Digital media servers; Communications servers; Servers for web hosting; Semiconductors; Electric power converters; Batteries; switchgears; Audio processing equipment, namely, limiters and compressors; Automated process control system comprised of logic based hardware used to monitor the status of industrial machinery, namely, turbines, generators and compressors; Inverters; Electrical cables; transformers; Hardened units composed of microprocessors and integrated transmitters and receivers installed in the field and on board both mobile and stationary equipment in

large scale mining, construction, and industrial operations to collect data from various applications, to transmit the data to central processing facilities, and to receive data transmissions directed to the applications and equipment;

Reconfigurable processors for use in wireless communication handsets and network equipment in the field of wideband communications; Microcontrollers for internet of things (IoT) enabled devices; Downloadable software for connecting, operating, and managing networked cars, kitchen appliances, HVAC systems, in the internet of things (IoT); Computer memory devices; Smartwatches; smart jewellery; wearable devices; Televisions; Mobile telephones; Smart home hubs comprised of voice-activated speakers, computer hardware, and downloadable software for controlling networked devices in the internet of things (IoT), operating internet-enabled and connected lighting apparatus and home security alarms; Downloadable mobile applications using artificial intelligence for home automation; Downloadable chatbot software using artificial intelligence; Home automation hubs using artificial intelligence comprised of voice-activated speakers, computer hardware, and recorded software for controlling networked devices in the internet of things (IoT), operating internet-enabled and connected lighting apparatus and home security alarms; Laboratory robots; Digital controls for robots; Humanoid robots having communication and learning functions for assisting and entertaining people; Humanoid robots having communication and learning functions for assisting people; Humanoid robots having communication and learning functions for entertaining people; Humanoid robots with artificial intelligence for preparing beverages; Humanoid robots with artificial intelligence for use in scientific research; Robots with articulated arms for manipulating laboratory apparatus; Security surveillance robots; Teaching robots; Telepresence robots; User-programmable humanoid robots, not configured; Computer cable assemblies, subminiature connectors, edgecard connectors; headset for computer and phone use; modular jack and phone plug; Computer keyboards; Computer motherboards; personal computer motherboards; cases for computers and computer peripherals, namely, monitors, keyboards,

printers, mice, modems, cd-rom drives; printed circuit boards for computers and computer peripherals, namely, monitors, keyboards, printers, mice, modems, cd-rom drives; computers and computer peripheral modules, namely, monitors, keyboards, printers, mice, modems, cd-rom drives, extension cards for computers and computer peripherals, namely, monitors, keyboards, printers, mice, modems, cd-rom drives; component parts for computers and computer peripherals; downloadable computer operating system software for playing audio and video documents, for playing games, for connecting the internet and world wide web, for office practice management, and for document management; computer parts for heat dissipation, namely, cooler for chip, fan, heat bag, cooler, heat sink, clip for cooler, and clip for heat sink; downloadable computer software, namely, operating system programs and utilities; computers and parts therefore, namely, computer relays; alternating current regulators for computers; Battery chargers; power supplies; Computer cables; circuit boards for use with computers and peripherals, add-on memory cards for use with computers and peripherals, semiconductor chips, semiconductor chip packages, cooler for computer, namely, combination of heat sink and fan for computer, heat sink for computer, ventilating fans for computers, computer keyboards, liquid crystal display monitors, liquid crystal display modules, cd-rom drivers, computer memories, network cables, network wires, electric communications devices, namely, mobile phones, wireless earphones and microphones, video facsimile machines, video graphics controllers, video monitors, touch screen, track balls; computer stylus, computer joysticks, optical scanners, computer printers, barcode readers, uninterrupted power supplies; contacts, namely, electrical connectors, electrical plugs, and electrical sockets; Computers; Electric sockets; Electric plugs; Electric adaptors; flexible printed circuit substrate; battery connectors; computer cable; Desktop computers; Notebook computers; computer barebone devices comprising motherboards, computer enclosure, namely, computer chassis, power supply; computer peripheral devices, namely, keyboards, mouse, touch pads, electronic card readers, flash card readers; computer components

devices, namely, electric connectors, optical connectors, cables, electric wires, electric switches, radiators, computer hard discs, computer disc drives, blank recordable floppy discs, floppy disc drives, blank recordable optical discs, optical disc drives, network interface cards, random-access memory (ram), central processing unit (cpu), video display cards, battery chargers; servers, namely, network attached storage (nas), and storage area network (san); wireless communication devices, namely, mobile phones and handsets; mobile phone components, namely mobile phone enclosure housings, electric connectors, cables and wires, keypad, stylus, print circuit boards (pcb), hinges for joining mobile phone main housings and covers, antennas, batteries, battery chargers, microphones, speakers; Fiber optic cables; computer equipment; home audio equipment; Rechargeable batteries; computer networking equipment and software; Electric valves [thermionic]; Step-up transformers; Step down transformers; Electric transformers; Electric voltage transformers; High voltage transformers; Electrical relays and transformers; inverters; Photovoltaic inverters; power inverters; Inverters for power supply; AC/DC inverters; Data mining software, downloadable; Downloadable computer software for blockchain data mining; network communication equipment, namely, routers, switches, gateways allowing a host on a subnet to talk with other hosts on different subnets, modems, lan (local area network) access points for connecting network computer users, voice over ip phones, hubs, network bridges; DVD players; dvd player components, namely, disk drives; dvd player peripherals, namely, blank recordable cd discs, blank recordable dvd discs, dvd burners, dvd recording apparatus; cameras, namely, digital cameras; digital camera components, namely, lenses and cmos image sensors; Personal digital assistants; mp3 players, video game consoles for use with television receivers; monitors, namely, computer crt monitors, lcd monitors used for computers, mobile phones; Electric switches; fiber optical cables and connectors, sockets, plugs, and adapters therefor; flexible printed circuit substrates; communications wire and cables; computer network wire and cables; electric communication devices for mobile phone comprising a wireless

earphone and wireless microphone; Laser diodes; light emitting diodes; photoelectric detectors; pumped lasers; Optical transceivers; Optical transmitters; Optical receivers; optical amplifier modules; Optical connectors; optical isolators; Optical couplers; optical attenuators; Optical switches; optical modulators; optical circulators; optical polarizers; Optical filters; optical gratings; integrated optical circuits; Waveguides; wavelength division multiplexers; and optical add/drop multiplexers; Electric wires and cables; electrical wiring harness and electrical cable assemblies; electrical connector conductors; Electrical contacts; insulated electrical copper wire; Insulated electrical wires; Telephone transmitters; Telegraph wires; enclosures and casings for computers and computer peripherals; electric extension memory cards, namely, computer memories for computers or computer peripherals; Computer peripherals; computer components, namely, micro-motors for computers and computer peripherals; integrated circuit chips and lead frames for integrated circuit chips; heat sink components for computers and computer peripherals, namely, radiators used to release heat generated from integrated computer chips or computer peripherals; micro-fans for cooling computers and computer peripherals; electrical switches for electrical devices; computer keyboards and parts therefor; heat dissipation device, namely heat sink for chip, fan, heat pipe, heat bags, heat sink, and clip for heat sink that are employed by electronic instruments such as computer or power suppliers for heat dissipation; industrial internet of things (IIOT) gateway downloadable software and software for use in accessing, acquiring, analyzing, configuring, communicating, generating, managing, monitoring, processing, reporting, and streaming, data for industrial sensing equipment; computer software for use, in the fields of medical equipment and systems, transportation systems and equipment, chemical process equipment and systems, power generating equipment and systems, manufacturing equipment and systems, instrumentation equipment and systems, computer data processing equipment and systems, biological monitoring equipment and systems, digital signal processing, intelligent data analysis, cloud computing, industrial internet, and machinery;

computer hardware modules for use in electronic devices using the internet of things
iot; computer software and firmware used to allow electronic devices to share data
and communicate with each other; Computer operating system software; electronic
device software drivers that allow computer hardware and electronic devices to
communicate with each other; middleware for management of software functions on
electronic devices; software for network and device security; computer software for
others to use for the development of software to manage, operate and connect
internet of things electronic devices; software for mobile device management; server
computers comprised of motherboards, disc drivers and computer peripheral
enclosures for network access; electric communication equipment and systems for
use in computers, servers, and portable personal telephones; heat pipes for use in
notebook computers and heat plates for use in notebook computers; game software;
Downloadable software; recorded software; downloadable mobile application
software; Computer software for videogame programming; downloadable computer
application software for videogame programming that allows users to create, modify,
upload, download, share, preview, and publish user created interactive video game
content, music, and other media files; Computer game software; Computer game
software for use on mobile and cellular phones; Computer peripherals and computer
peripheral devices; Mouse pads; Headphones; headsets for electronic virtual reality
sports games; computer bags; Video game programs; downloadable journals in the
field of electronic video games; mobile application computer game software;
Decorative magnets; downloadable mobile phone application software;
downloadable computer application software; computer software (recorded);
Downloadable electronic publications; cartoons; electronic bulletin boards; network
communication equipment; Portable media players; downloadable game software
recorded game software; Recorded computer game software; downloadable
electronic game software; Smartphone game software electrical cables.

Class 10

Surgical robots; Wearable walking assistive robots for medical purposes; Medical robots; Surgical, medical, dental and veterinary apparatus and instruments; Artificial limbs, eyes and teeth; Orthopaedic articles; Suture materials; Therapeutic and assistive devices adapted for the disabled; Massage apparatus; Apparatus, devices and articles for nursing infants; Sexual activity apparatus, devices and articles; medical equipment.

Class 11

Refrigerating appliances and installations; Appliances for heating foodstuffs; Appliances for drying hair; Cooking stoves; Cooking ovens; Microwave ovens; pizza oven; Electric coffee makers; flashlights; led (light emitting diode) light bulbs; LED lamps; led luminaries; led light fixtures; Appliances for cooking; Appliances for heating; Appliances for heating beverages; Appliances for illumination; Appliances for water distribution, automatic; Appliances for water filtration, other than machines; Chilling appliances; Cooking appliances; Cooling appliances and installations; Domestic appliances for refrigerating; Domestic central heating appliances; Electrical appliances for lighting; Electrical appliances for ventilating; Electrical appliances for water supply; Sterilising appliances; valves; Manually-operated plumbing valves; Thermostatic mixing valves; Thermostatic valves [parts of heating installations].

Class 12

Robotic cars; Self-driving delivery robots.

Class 28

Gaming consoles; gaming accessories; Computer peripherals being computer game joysticks, gaming keypads, and gaming mice used in connection with videogames and videogame systems; Collectible toy figures; Toy action figures and toy action figure accessories; hand-held game consoles and controllers for game consoles; Playing cards; Action figures; Board games; Water toys; Plush toys; Radio-controlled toy vehicles and toy drones; Party games; Trading cards for games.

Class 35

Providing consumer product information for the purpose of selecting artificial intelligence (AI) hardware and software to meet the consumer's specifications; collection, systemization, and synchronization of data and information into computer databases; Business data analysis; Data processing services; database management for others of a database comprised of data and information in the field of industrial analytics and industrial modeling; technical marketing research; Business management services; import-export agencies services; goods and services price quotations; retail store and wholesale services; Advertising; Business management; Business administration; Business analysis services.

Class 36

Insurance services; Financial services; Monetary affairs; Real estate brokerage.

Class 37

Installation, maintenance and repair of computer network and information technology equipment; Installation, maintenance and repair of elevators and escalators; Rental of construction equipment; Leasing of construction equipment; Repair of construction equipment; Maintenance of construction equipment; Construction project management services; Maintenance, cleaning, and repair of mining equipment; maintenance and repair of kitchen appliances; Repair of consumer electric appliances; Consultation in the field of repairing and maintaining home appliances; Providing information relating to the repair or maintenance of consumer electrical appliances.

Class 41

Rental of robotic drums; Rental of teaching robots; Rental of toy robots.

Class 42

Computer services, namely, providing virtual and non virtual application servers, web servers, file servers, co-location servers, load balancing servers, redundancy servers, media servers and database servers of variable capacity to third party computing and data storage facilities; Rental of web servers and co-location servers for containerized data centers of others; Cloud storage services for electronic data; Computer services, namely, cloud hosting provider services; Providing virtual computer systems through cloud computing; Consulting services in the field of cloud computing; Intelligent natural language understanding services using cloud-based software technology; Updating and maintaining cloud-based computer software; Providing temporary use of non-downloadable cloud-based software; Cloud computing featuring software; Technical consulting in the field of artificial intelligence (AI) software customization; Research in the field of artificial intelligence; Research in the field of artificial intelligence technology; Advanced product research in the field of artificial intelligence; Artificial intelligence as a service (AIAAS) services featuring software using artificial intelligence for facial and speech recognition, use in database management, machine learning; Providing temporary use of online non-downloadable chatbot software using artificial intelligence; computer software development and cloud computing services for accessing, acquiring, analyzing, configuring, communicating, generating, managing, monitoring, processing, reporting, and streaming, data for industrial sensing equipment with industrial internet of things (IIOT) and edge computing systems, platforms, gateways, and devices; industrial analysis services namely, technical analysis of data collected from different sources such as reports, enterprise resource planning (ERP) systems, industrial internet of things (IIOT) and unstructured data to obtain potential computer risk factors; software as a service (SAAS) services featuring software for monitoring, analyzing, managing, optimizing and automating the condition of industrial internet of things (IIOT) devices and system; providing temporary use of non-downloadable software for managing industrial internet of things (IIOT) communication; technical product research in the field of home appliances, industrial internet of things (IIOT), and computer software;

Computer software design; information security services being computer security services for commercial and industrial internet of things operations to monitor unauthorized network access by users without credentials, providing authentication, issuance, and validation of revocation of digital certificates; cybersecurity services in the nature of restricting access to and by computer networks to and of undesired web sites, media and individuals and facilities, administering digital certificates; providing temporary use of non-downloadable cloud-based software for connecting, operating, and managing networked devices in the internet of things; providing software as a service (SAAS) services; development of computer networks in the nature of industrial internet of things (IOT) platform and computer networks security solutions using information technology (IT) and information and communications technology (ICT) integrated technique as iot software applications; providing online, non-downloadable computer software in the field of the industrial internet of things, namely, for ingesting live equipment sensor data from industrial protocol servers and enriching and processing the data; providing a website featuring information in the fields of machine to machine computer networking, internet of things, industrial internet, cloud computing, fog computing and consulting services related thereto; cloud computing featuring software for connecting, operating and managing networked devices via wireless or wired networks; cloud computing featuring software for connecting, operating and managing networked devices in the internet of things; cloud computing featuring software for use in the collection, management, monitoring, storage and analysis of data; cloud computing featuring software for managing machine-to-machine applications and machine-to-machine networks; hosting of industrial internet of things online platforms; providing non-downloadable cloud-based industrial internet-of-things multimedia and documentation authoring and editing software; design of computers and computer peripherals for others; design of electric communication products for others; design of computer network components for other; computer services, namely, providing a site on a global computer network featuring information in the field of computers and e-commerce

software and program production; computer services, namely, designing and maintaining web sites for others; computer services, namely, testing e-commerce computer software and programs for others; commercial art design and consultation in the field of commercial art design and application service provider services, namely, hosting network and computer software programs designed for use as engagement management tools such as project, resource, budget and time tracking management via a global computer network; research and development for computers, mobiles phones, handsets, dvd players and digital cameras; design for computers, mobile phones, handsets, dvd players and digital cameras; computer hardware consultancy; Computer programming; Engineering; Material testing; Quality control for others; Software as a Service (SaaS); Provision of online non-downloadable cloud-based software; providing online non-downloadable software; Providing temporary use of online non-downloadable software; Provision of online non-downloadable game software; Application service provider (ASP) featuring software using artificial intelligence; Providing a website featuring non-downloadable software using artificial intelligence; Providing on-line non-downloadable software using artificial intelligence; Software as a service (SAAS) services featuring software using artificial intelligence; providing computer databases featuring information for use in predictive business analytics and data science; providing computer databases featuring information for use in the repair and maintenance of industrial assets; providing computer databases featuring information for use in industrial analytics and industrial modeling for business purposes.

TACHAT

Goods and/or Services:

Class 09

Computer software applications, downloadable; smartphone software applications, downloadable; Computer peripheral devices; Computer hardware; User-programmable humanoid robots, not configured; Computer chatbot software for simulating conversations; computer chatbot software for social dating; computer chatbot software for online game; computer chatbot software for video content; computer chatbot software for recommending goods and services; Electronic agendas; Apparatus to check franking; Cash registers; Mechanisms for counter-operated apparatus; Dictating machines; Holograms; Hemline markers; Voting machines; electronic random number indicator equipment [ernie]; Face recognition equipment; Ticket dispensing terminals, electronic; Punched card machines for offices; Bathroom scales; Measures; Electronic notice boards; equipment for communication network; Wireless routers; Virtual reality headsets; high-definition televisions; humanoid robots with communication and learning functions for assisting and entertaining humans; Cameras [photography]; Measuring apparatus; humanoid robots with artificial intelligence for scientific research; Optical apparatus and instruments; Materials for electricity mains [wires, cables]; Semiconductors; Electronic chips; Time switches, automatic; Video screens; Remote control apparatus; Optical fibres [light conducting filaments]; Electric installations for the remote control of industrial operations; Lightning conductors; Ionization apparatus not for the treatment of air or water; Fire extinguishers; Radiological apparatus for industrial purposes; Protection devices for personal use against accidents; Theft prevention installations, electric; Spectacles; Battery chargers; Animated cartoons; Egg-candlers; Dog whistles; Decorative magnets; Electrified fences; Electronic

collars to train animals; Sports whistles; remote control apparatus for reducing the speed of cars; refrigerator magnets; Humanoid robots with artificial intelligence for preparing beverages; Sunglasses for pets.

Class 35

Advertising; providing commercial information and advice on choosing products for customers; Sales promotion for others; Provision of an online marketplace for buyers and sellers of goods and services; procurement services for others, namely, purchasing goods for other businesses; supermarket retailing; the bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a general merchandise web site in the global communications network; business operation of shopping malls; retail services and online retail services; retail services and online wholesale services; Personnel management consultancy; Updating and maintenance of data in computer databases; Business auditing; Rental of vending machines; Rental of sales stands; Sponsorship search; Rental of cash registers; Retail services for pharmaceutical, veterinary and sanitary preparations and medical supplies.

Class 38

News agency services; Broadcasting of programs via the internet; Message sending; providing telecommunication channels for tele-shopping; Providing internet chatrooms; Providing online forums; Streaming of data; Video-on-demand transmission; Providing user access to global computer networks; Teleconferencing services.

Class 41

Teaching; Arranging and conducting of conferences; Mobile library services; Providing online electronic publications, not downloadable; videotape publishing, namely, digital video publishing services; Production of radio and television programmes; Providing online videos, not downloadable; providing online games via

a computer network; Entertainment services; Physical fitness assessment services for training purposes; Toy rental; Games equipment rental; Conducting guided tours; art exhibition; Animal training; Modelling for artists; Organization of lotteries; Rental of indoor aquaria; organization of raffles.

Class 42

Technological research; Research and development of new products for others; Quality control; surveying; Chemical research; Medical research; Meteorological information; Material testing; Packaging design; Architectural services; Dress designing; Computer software design; Computer system design; Electronic data storage; Platform as a service [PaaS]; Cloud computing; Development of computer platforms; Authenticating works of art; Graphic arts design; Cloud seeding; Handwriting analysis [graphology]; Cartography services; Weighing of goods for others; Rental of meters for the recording of energy consumption; Testing and analysis of goods being imported or exported for quarantine clearance purposes; Rental of telescopes.

Class 45

Security screening of baggage; Babysitting; Chaperoning; Evening dress rental; Conducting funeral ceremonies; Opening of security locks; Online social networking services; Fire-fighting; Organization of religious meetings; Adoption agency services; Lost property return; Rental of safes; Genealogical research; Planning and arranging of wedding ceremonies; Releasing doves for special occasions; Leasing of internet domain names; content moderation for internet chatroom; Animal adoption services; Legal research.

Goods and/or Services:

Class 07

Electrical generators using solar cells; Solar-powered electricity generators; Generators; Electricity generators.

Class 09

Solar-powered rechargeable batteries; Solar panels for electricity generation; Solar collectors for electricity generation; Solar charge controller; Electrical charge controllers; Solar-powered battery chargers; Rectifiers; Photovoltaic apparatus and installations for generating solar electricity; Solar wafers.

Class 35

Import-export agencies in the field of energy; sales agency services for solar power sales contract; Business management analysis; Business consultancy; Business consultancy services relating to the supply of quality management systems; Business management consulting; Advertising services provided over the internet; Compilation of business data; Business information or enquiries; Business advisory services relating to the establishment of businesses; Commercial consultancy services; Retail services or wholesale services for solar power generation system; Conducting business investigations in the field of social media; Preparation of accounts; Arranging and conducting of fairs and exhibitions for business and advertising purposes; Arranging exhibitions for advertising purposes; Creating advertising material; Compilation of information into computer databases; Preparation of business data; Advertising for others; Data processing for the collection of data for business purposes; Preparation and compilation of electronic

data; Promotion [advertising] of business; Business data analysis; Business analysis, information services and market research; Analysis of business data; Cost price analysis; Business information analysis; Business management assistance; Commercial information and advice for consumers; Business investigations; Business investigations regarding corporate or business activities; Advertising agency services; Business consultancy services for enterprises; Business consulting services for start-up companies; Advisory services relating to advertising, business promotion, business management and marketing; business appraisal services; Provision of business data; Advertising services; Business administration services; Data compilation for others; Compilation of commercial and business information into computer databases; Compilation of statistics; Business consultancy and business information services provided to enterprises; Business consultancy and management services regarding marketing activities and launching of new products; Professional business consultancy; Business consultancy relating to advertising; Business management and organization consultancy; Consultancy regarding advertising communication strategies; Business organizational consultation; Marketing consultancy; Business data analysis services; Business assistance and consulting services; Information services relating to advertising; Business consultancy services for freelancers; Business consultancy and advisory services; Consultancy services relating to advertising, publicity and marketing; Business efficiency expert services; Business advisory and consultancy services in the field of business management; Research services relating to advertising and marketing; Price comparison services; Layout services for advertising purposes; Conducting, arranging and organizing trade shows and trade fairs for commercial and advertising purposes; Providing information about products via telecommunication networks for advertising and sales purposes; Updating and maintenance of data in computer databases; Drawing up of statements of accounts; Organization of trade fairs for advertising purposes; Organisation of exhibitions for commercial or advertising purposes; Providing information related to consultancy services in the field of advertising; Business

advisory and information services; Data search in computer files for others; Business research; Advertising research; Development of advertising and marketing concepts; Compiling of information into computer databases; Collection, systematization, compilation and analysis of business data, statistics, information and indexes of information for commercial or advertising purposes; Provision of market research and information services; Data processing; Preparation of financial statements; Economic forecasting; Advertising planning; Production of video recordings for advertising purposes; Advertising via mobile phone networks; Business inquiries; Administrative processing of purchase orders; Market research for advertising purposes; Business advice relating to advertising; Conducting of market studies for advertising purposes; Data processing verification; Retail services; Wholesale services.

Class 37

Installation, maintenance and repair of solar installations for generating power; Installation of solar power generation devices and solar power generation system; Installation, maintenance and repair of solar installations for gathering power; Installation, maintenance and repair of photovoltaic cells; Installation of solar power cells; Electrical installation services; Repair of electrical equipment and electrotechnical installations; Residential, commercial and industrial installation and repair of electrical and computer wiring and cabling; Construction services; Maintenance, installation and maintenance of electrical systems; Construction of solar power plants; Installation of solar energy systems; Installation, maintenance and repair of solar collectors.

Class 42

Analysis and testing services relating to electrical engineering apparatus; Research and development services relating to solar cells and electricity generation; Scientific research in the field of electricity; Technical design services relating to electricity

plants; Building and maintaining website; Electrical engineering services; Development of testing apparatus for electrical wires; Design and development of software for website development; Hosting of websites; Water analysis; Water meter reading and data analysis for energy auditing purposes; Water quality control services; Water quality monitoring services; Testing of apparatus in the field of electrical engineering for certification purposes; Testing of apparatus in the field of electrical engineering; Testing for pollution; Testing and research in the field of sustainable energy; Testing and research in the field of preventing pollution; Technological consulting services in the field of alternative energy generation; Technological consultancy in the fields of energy production and use; Technological consultancy in the field of alternative energy generation; Technological consultancy; Technological analysis services; Technological analysis relating to energy and power needs of others; Technical research relating to decarbonization; Technical research in the field of environmental technology; Technical research; Technical project study services; Technical project studies in the field of construction; Technical project planning in the field of engineering; Technical project planning; Technical project design services; Technical measuring and testing; Technical inspection services; Technical drawing services; Technical diagnostic testing services; Technical design services relating to water supply installations; Technical design and planning of water purification plants; Technical design and planning of sewerage systems; Technical design and planning of power stations; Technical consulting in the field of environmental engineering; Technical consultancy in the field of environmental technology; Technical consultancy in the field of environmental science; Technical consultancy in the field of energy-saving; Scientific research relating to the impact of consumer and industrial products on environmental preservation; Scientific research in the field of environmental protection; Scientific research in the field of energy; Scientific research in the field of environmental conservation and protection; Scientific research consultancy; Scientific feasibility studies; Scientific and technological services and research and design relating thereto; Scientific advisory

services; Safety evaluation of products; Safety testing of products; Research services; Research into technologies for reduction of carbon emissions; Research in the field of extra high voltage technology; Research in the field of energy generation; Research and development of technology in the field of carbon dioxide mitigation; Research and development of new products; Research and development of environmentally friendly forms of energy and power; Research and development in the field of renewable energy; Research and development in the field of carbon capture and storage; Research and development in the field of carbon neutrality; Provision of information relating to environmental sustainability; Provision of information concerning research and technical project studies relating to the use of natural energy; Provision of geographical information; Providing technological information about environmentally conscious and green innovations; Providing scientific information about climate change and bio-diversity; Providing scientific information, advice and consultancy relating to carbon neutrality; Providing scientific information, advice and consultancy relating to carbon offsetting; Providing scientific information, advice and consultancy relating to climate change; Providing scientific information, advice and consultancy relating to global warming; Providing scientific information, advice and consultancy relating to net zero emissions; Providing information in the field of energy efficiency; Providing information in the field of green building architecture; Professional consultancy relating to technology; Professional consultancy relating to the conservation of energy; Preparation of technological reports; Process monitoring for quality assurance; Product design and development; Product failure analysis services; Product monitoring for quality control; Product quality control testing; Product quality evaluation; Product quality testing; Product research and development; Product safety testing; Preparation of technical projects, technical research and consultancy services in the field of carbon offsetting; Preparation of reports relating to technical project studies for construction projects; Preparation of reports relating to technical research; Monitoring of water quality; Monitoring of stream water quality; Measurement services; Measuring and analysis

of greenhouse gas emissions; Material testing and analysis; Material testing for fault detection; Locating and marking placement of underground utility pipes, cable or wires; Inspection of buildings [surveying]; Inspection of goods for quality control; Industrial engineering consultancy; Industrial inspection; Industrial process development; Industrial research; Industrial research of new products; Industrial research services; Industrial testing; In vitro analysis for scientific research purposes; In vitro testing for scientific research purposes; Hydrographic surveying; Hydrological research; Environmental testing services to detect contaminants in water; Engineering services relating to energy supply systems; Engineering services relating to gas transport and supply systems; Engineering services relating to information technology; Engineering services relating to robotics; Engineering surveys and inspections; Engineering testing; Environment design services; Environmental assessment services; Environmental conservation; Environmental consultancy services; Environmental engineering; Environmental hazard assessment; Environmental monitoring services; Environmental surveys; Environmental sustainability assessment services for buildings and developments; Environmental sustainability consultancy services; Environmental testing and inspection services; Environmental testing of exhaust emissions; Energy performance testing of buildings; Energy use and conservation consultancy; Engineering consultancy services; Engineering design; Engineering drawing; Engineering feasibility studies; Engineering project management services; Engineering project studies; Engineering research; Engineering services; Engineering services in the field of building technology; Engineering services in the field of energy efficiency; Engineering services in the field of energy technology; Engineering services in the field of environmental technology; Engineering services in the field of reducing carbon dioxide emissions; Electrical research; Electricity meter reading and data analysis for energy auditing purposes; Electronic data storage and data back-up services; Development of websites; Development services in the field of computer software and advisory services relating thereto; Design of web pages; Design of web portals;

Design services; Design services relating to computer hardware; Design of software; Design of programs for computers; Design of mechanical, electromechanical and optoelectronic apparatus and instruments; Design of land surveys; Design of industrial machinery; Design of industrial products; Design of feasibility studies; Design of electrical systems; Design of electronic systems; Design of computer programmes; Design of computer codes; Design of communication systems; Consultancy services in the field of technological development; Consultancy relating to scientific research in the field of environmental protection; Calibration of construction testing equipment; Building and structural inspection services [engineering, quality assessment, and surveying services]; Application service provider (ASP) services, namely, hosting computer software applications of others; Application service provider [ASP] services; Application service provider featuring application programming interface [API] software; Analysis of product development; Analysis of greenhouse gas emissions; Advisory services relating to the use of energy; Advisory services relating to technological research; Advisory services relating to environmental pollution; Advisory services relating to environmental protection.

Processed apricots; dried pineapples; peanuts, prepared; prepared peanuts; prepared peanuts; coated peanuts; roasted peanuts; processed oranges; berries, preserved; processed beets; nut and seed bars; nut-based food bars; dehydrated fruit bars; milk-based beverages containing coffee; milk-based beverages, in which milk predominates; milk-based beverages; beverages made from milk products; fermented vegetable foods (kimchi); yoghurt beverages; flavoured milk beverages; milk beverages with high milk content; milk beverages containing fruit; milk beverages in which milk predominates; yoghurt drinks; butter; honey butter; garlic butter; aromatic butter; clarified butter; concentrated butter; cooking butter; cashew nut butter; peanut butter; food cocoa butter; coconut butter; almond butter; walnut butter; seed butter; treated chickpeas; maraschino cherries; treated cherries; coconut powder; prepared coconut; jams; fruit preserves; preserved vegetables; preserved tomatoes; pork rinds; puffed pork rind; bacon rinds; pork chops; lemon spread; thick cream; buttercream; cocoa butter; seafood spreads; pumpkin vegetable spreads; low-fat dairy spreads; cheese spreads; hazelnut spreads; dairy-based spreads; spreads consisting mainly of eggs; spreads consisting mainly of fruit; fruit spreads; fruit spreads; dried dates; processed dates; dried fruit fillings; fruit-based desserts; dairy-based desserts; yoghurt-based desserts; cold desserts made with milk products; dairy-based desserts; dairy substitutes; beans; chilli beans; beans cooked in soy sauce (kongjaban); soya beans preserved for food use; soya beans, canned; refried beans; dried beans; stewed beans; dried fruit-based fillings; fruit-based fillings

for cakes and pies; dried red seaweed flakes for adding to rice in hot water (ochazuke-nori); hawthorn flakes; coconut flakes; kiwi flakes; apple flakes; potato flakes; peach flakes; soy cheese; preserved strawberries; dried strawberries; preserved nuts; dried nuts; flavoured fruit; seasoned fruit; cooked nuts; frozen fruit; preserved fruit; fruit preserved in alcohol; cooked fruit; fermented fruit; processed fruit and vegetables (including nuts and pulses); glazed fruit; bottled fruit; powdered fruit; canned fruit; prepared fruit; sugar-coated fruit on a stick; dried fruit; candied dried fruit; preserved dried fruit; ground dried fruit; peeled dried fruit; processed dried fruit; pickled fruit; cut fruit; crystallised fruit; preserved berries; processed lychee fruit; almond jelly; edible jellies; jellies and jams; compotes; fruit and vegetable spreads; jellies for food use; vegetable jellies; walnut kernels; nuts, prepared; sunflower (oil of -) edible; preserved jujube; sweet corn (preserved); edible fats; maize fats; cooking fats; vegetable fats for food; vegetable fats for cooking; coconut fat; confectionery fat; whipped toppings made from milk products; hamburgers; vegetable burgers; raw burgers; meat burgers; beef burgers; turkey burgers; hummus (chickpea paste); hummus (chickpea paste mashed and mixed with sesame paste); lard; milk; sour milk; albuminous milk; flavoured milk; beaten milk; organic milk; curdled milk; condensed milk; peanut milk for edible use; hemp milk for use as milk substitute; goat milk; coconut milk powder; coconut milk for culinary use; almond milk for edible use; sheep milk; rice milk (milk substitutes); soy milk; soy milk (milk substitutes); dehydrated milk; evaporated milk; fermented milk; milk powder; flavoured milk powder for making beverages; powdered milk for drinking; powdered milk for food use; protein milk; skimmed milk; cow's milk; dairy products; preserved vegetables; cooked vegetables; canned vegetables; dried pulses; treated pulses; lentils, prepared; preserved lentils (pulses); dried lentils; fruit salad; vegetable salad; mandarins (preserved); powdered almonds; prepared almonds; treated almonds; dried almonds; treated mangoes; margarine; citrus jams; fruit jams; edible fats for making milk shakes; edible fats for making frozen yogurt; dried cranberries; processed cranberries; fat mixtures for making canapes; butter mixtures; fruit and nut

mixtures; dried fruit mixtures; mixtures for making soup; prepared hazelnuts; canned nuts; flavoured nuts; candied nuts; edible nuts; processed betel nuts; dried coconuts; dry coconuts; prepared walnuts; salted walnuts; shelled walnuts; spiced walnuts; roasted walnuts; animal oils for food use; flavoured oils; edible oils used in cooking; edible oils used for food glazing; linseed oils (edible); coconut oils and fats for use in foodstuffs; hydrogenated oils for foodstuffs; hardened oils for foodstuffs; cooking oils; solidified oils for foodstuffs; spice oils; vegetable oils for foodstuffs; edible oils and fats; edible oils and fats; chilli oil; edible olive oil; peanut oil; peanut oil (for foodstuffs); whale oil for foodstuffs; butter oil; canola oil; coconut oil; edible rapeseed oil; rapeseed oil for foodstuffs; rice bran oil for foodstuffs; rice bran oil (for foodstuffs); camellia seed oil (for foodstuffs); edible sunflower oil; maize oil; maize oil; walnut oil; palm nut oil (for foodstuffs); olive oil; edible bone oil; bone oil (edible); palm oil (edible); edible oils derived from fish (other than cod liver oil); linseed oil for culinary use; grapeseed oil; pumpkin seed oil for edible use; sesame oil; soybean oil; soybean oil for cooking; extra virgin olive oil; mixed oil for food preserved olives; cooked olives; olives (ready-to-eat); stuffed olives; olives stuffed with feta in sunflower oil; olives stuffed with almonds; olives stuffed with red peppers; olives stuffed with red peppers and almonds; olives stuffed with pesto in sunflower oil; dried olives; processed olives; canned processed olives; gilthead sea bream (red snapper, not alive); non-living gilthead sea bream; sour cream; whipping cream; cream powder (milk product); whipped cream; coffee cream powder; cream (milk product); processed papayas; dried papayas; tomato puree; common flounder not alive; anchovy paste; garlic paste; peanut paste; artichoke paste; meat paste; guava paste; olive paste; processed olive paste; fish paste; truffle paste; meat-based food pastes; garlic spreads; liver pastes; fruit pastes; nut pastes; soup pastes; frozen ready-to-eat meals mainly with a vegetable base; soybean crisps; poultry pâtés; liver pâtés; goose liver pâtés; olive pâtés; crab-egg pâtés; vegetable pâtés; vegetable spreads; pickled hot peppers; preserved red peppers; processed sweet peppers; prepared peppers; pickled peppers; processed peppers; smoked fish; fish (food); frozen fish;

preserved fish; frozen cooked fish; fish; seafood and shellfish; fish in olive oil; fish in brine; processed peaches; vegetable-based ready meals; ready meal mainly based on enriched soy and tofu (cheonggukjang jjigae); ready meal mainly based on soybean paste and tofu (doenjang jjigae); processed pine nuts; preserved peas; split yellow peas; split early peas; processed peas; split dried peas; split green peas; processed peas; prepared pistachios; fruit pulp; tomatoes (preserved); canned tomatoes; peeled tomatoes; processed tomatoes; butter preparations; dried fruit products; dairy products and substitutes thereof; butter substitutes; milk products; non-dairy coffee creamers; milk-based beverages containing coffee; milk beverages flavored with coffee; ready-made vegetable products; prunes; preserved prunes; apple puree; fruit puree; pickles; vegetarian sausages; fruit peels; edible tallow; edible seeds; edible sunflower seeds; sunflower seeds, prepared; treated (sunflower) seeds; dried soya beans; treated soya beans; treated pumpkin seeds; seeds, prepared; (treated) seeds; smetana (sour cream); fruit snacks; candied fruit snacks; dried fruit snacks; soya snacks; tofu snacks; vegetable snacks; fruit snacks; soya (preserved); fermented soya (natto); soya (ready-made); vegetable snacks; nut and organic seed bar snacks; lard; margarine substitutes; cream substitutes (milk product substitutes); sour cream substitutes; fruit juices for cooking; concentrated vegetable juices for cooking; vegetable juices for cooking; tomato juices for cooking; truffle juice; clam juice; tempeh; tofu; fermented tofu; eggs; fish eggs for human consumption; fish eggs, prepared; fish eggs (processed); eggs and egg products; sultanas; animal fats for food; fruit jellies (jam); linseed for human consumption, sweet fruit snacks; raw walnut kernels.

Class 30

Seaweed (condiments); oat-based foods; cocoa-based foods; cereal-based foods; baked cereal-based foods; foodstuffs made of sugar for sweetening desserts; flour-based foods; rice-based foods; sugar-based foods for sweetening desserts; sugar-based foods for making cakes; cereal-based breakfast foods; cereal-based foods

(flour); wheat-based bars; muesli-based bars; high-protein cereal bars; cereal bars and cereal-based energy bars; cereal-based food bars; oat bars; cereal bars; milk chocolate bars; filled chocolate bars; muesli bars; cereal-based energy bars; pizza bases; cocoa-based drinks; cocoa-based drinks with milk; coffee beverages; coffee beverages containing milk; coffee beverages containing ice cream (affogato); chocolate beverages; chocolate beverages, not containing dairy or vegetable products; chocolate beverages with milk; coffee substitute beverages; cocoa beverages with milk; chocolate beverages with milk; chocolate beverages containing milk; chocolate-flavoured beverages; cocoa-containing beverages; cocoa-derivative beverages; powdered beverages containing cocoa; beverages primarily based on chocolate; beverages primarily based on cocoa; ready-to-drink cocoa and cocoa-based beverages; cocoa and cocoa beverages with milk; cocoa powder; instant cocoa powder; cocoa based beverages; cocoa (roasted, powdered, granulated, or in drinks); chocolate with dairy products; chocolate with alcohols; chocolate; chocolates in the form of seahorses; chocolate in the form of shells; chocolates in the form of pralines; milk chocolates; chocolates for drinking with milk; hot chocolate; puffed chocolate; filled chocolate; dairy-free chocolate; chocolate for toppings; chocolate for confectionery and bread; non-medicinal chocolate; powdered chocolate; chocolate beverages with milk; drinking chocolate; chocolate confectionery containing pralines; chocolate confectionery with praline flavouring; chocolate confectionery; chocolate based spreads also containing nuts for use on bread; chocolate based spreads also containing nuts and hazelnut paste; chocolate spreads for use on bread; chocolate spreads containing nuts; chocolate creams; cocoa-based creams in the form of spreads; candy sugar cake decorations; edible chocolate decorations for Christmas trees; chocolate decorations for cakes; chocolate decorations for confectionery; chocolate decorations for cakes; chocolate decorations for Christmas trees; malt extracts for food use; malt extracts for food use; malt extracts for use as flavourings; custard-based filling for cakes; chocolate-based filling for cakes; wheat flakes; dried cereal flakes; oat flakes; barley flakes; oat and wheat flakes; vegetable flour; flour for

food; fondants (confectionery); natural rice flakes; maize flakes; maize flakes; Turkish wheat flakes; wheat flakes; chocolate-covered fruit; chopped wheat; malted wheat; fruit jellies (confectionery); cake frostings; cake frosting and chocolate based fillings; maltodextrin confectionery frostings; maltodextrin food frostings; chocolate-flavoured frostings; frostings; cake frosting; confectioners' icing; roasted maize; ground maize; maize (flaked); crushed maize (hominy); ground wheat; processed wheat; chocolate toppings; cocoa ingredients for confectionery products; cocoa beverages with milk; malt for human consumption; malt for human consumption; ground malt; crushed malt with rye; chocolate marzipan; marzipan; chocolate-covered almonds; almonds (paste); sugar-coated almonds; cocoa-based mixtures; mixtures for making ice cream; icing mixes; mixtures for making pancakes; mixtures for making puddings; mixtures for making cakes; mixtures for custard; mixtures for biscuits; wholemeal mixtures for bread; flour mixes for baking; flour mixes for baking; flour mixes; mixes for cakes; mixes for sorbets (ice-cream); mixes for pastry; mixes for making ice-cream products; mixes for making ice-cream; mixes for making pastry products; mixes for pizza; mixes for pastry; mixes for bread; mixes for making bread; mixes for making sorbets; mixes for the preparation of bakery products; chocolate-covered nuts; chocolate-covered nuts (confectionery); chocolate-covered macadamia nuts; chocolate-covered walnuts; chocolate-covered hazelnuts; soluble mixes for the preparation of puddings; mixes ready for baking; almond paste; cocoa paste for drinking; chocolate spreads containing nuts; powders for sauces; powders for the production of ice cream; raising powders; cereal powders; ice cream powders; cake powder; custard powder; pudding powder; flour-based food preparations; cereal preparations containing oat bran; cereal preparations; cocoa preparations for making beverages; cocoa preparations; pralines with liquid fillings; pralines with wafers; chocolate pralines; pralines; preparations for making cakes; food preparations made of sugar for making a dessert; mint-flavoured drinking chocolate; nut-flavoured drinking chocolate; preparations for orange-flavoured drinking chocolate; preparations for banana-flavoured drinking chocolate; preparations for caramel-

flavoured drinking chocolate; preparations for coffee-flavoured drinking chocolate; preparations for instant dessert puddings; preparations for chocolate-flavoured drinks; preparations for chocolate drinks; preparations for beverages (coffee-based); preparations for beverages (chocolate-based); preparations for beverages (cocoa-based); preparations for beverages (tea-based); preparations for pizza bases; binding preparations for ice cream (edible ice cream); instant preparations for making ice cream; preparations to be used as leavening agents for foodstuffs; chocolate products; cereal products in bars; cocoa products; mixes for preparing sauces; preparations for making sugar confectionery; preparations for baking; confectionery products in bars; cocoa products; bakery products; chocolate confectionery and sweets; chocolate fillings for bakery products; chocolate fillings; puffed rice; wild rice (ready); dehulled rice; natural (milled) rice for human consumption; fermented malted rice (koji); milled rice for human consumption; instant rice; brown rice; glutinous rice; rice; processed rice; rice, tapioca; tartar sauce; hot chilli sriracha sauce; satay sauce; sambal sauce (ground red pepper sauce); hot soy sauce; hot sauce; pizza sauce; barbecue sauce; dried sauce powder; Korean soy sauce (ganjang); soy sauce; horseradish sauce; tomato sauce; chocolate sauce; artichoke sauce; concentrated sauce; sauce (edible); cheese-based sauces; chilli sauce; sweet and sour sauce; sweet and sour gherkin sauce; pasta sauces; salad sauces; ice cream sauces; fish sauces; cooking sauces; sauces containing nuts; sauces (condiments); seasoning sauces; nut-flavoured sauces; flavouring sauces of the hon mirin type; aromatic sauces, chutney (Indian sauce); herb sauces; pepper sauces; tomato-based sauces; curry-based sauces; chocolate-based sauces; sauces; worcestershire sauce; teriyaki sauce; savoury sauces used as condiments; savoury sauces; ready-made sauces; spicy sauces; chicken sauces; pizza sauces; frozen fish sauces; soybean meal snacks; cereal meal snacks; rice meal snacks; cereal snacks flavoured with cheese cereal snacks; toasted and ground sesame seeds; sesame seeds; dried caraway seeds; caraway seeds; dried coriander seeds for use as seasonings; soybean meal snacks; cereal meal snacks; rice-based snacks; wheat-based snacks; whole-wheat

snacks; corn-based snacks; corn snacks in ring form; puffed corn-based snacks; muesli-based snacks; crispbread snacks; rice-based snacks; tortilla-based snacks; cereal snacks; sesame snacks; sweet rice snacks; extruded snacks containing maize; cereal-based snacks containing nuts and dried fruits; chocolate substitutes; ice cream substitutes; soya-based ice cream substitutes; custard substitutes; sugars; sugars (not for medical use); sugars (cake decorations); sugar; diced sugar; caramelised sugar; candy sugar for food use; caramelised sugar; grape sugar; cane sugar; palm sugar; sugar, natural sweeteners, icings and sweet fillings, namely, chocolate-based fillings, custard-based fillings for cakes and pies and coffee-based fillings, bee products for food, namely, edible honeycombs, propolis [bee glue] for human consumption and sweet spreads [honey]; granulated sugar; granulated sugar; raw sugar; powdered sugar; powdered sugar for the preparation of isotonic drinks; invert sugar; liquid sugar; sugar, honey, molasses; sugar not for medical use; chocolate eggs; chocolate vermicelli; chocolate vermicelli; chocolate bars (confectionery); chocolate truffles; rum truffles (confectionery); truffles (confectionery); chocolate bars; flavoured confectionery sugar; sugar for icing; foods containing cocoa as main ingredient; foods containing chocolate as main ingredient; dairy-based puddings; ice cream frappes; soy burgers; tofu burgers; sauces; bean-based sauces [condiments]; dairy-based sauces.

Class 31

Oats; processed oats for consumption by animals; unprocessed oats; oats for consumption by animals; oats prepared for consumption by animals; raw cereals (not processed); unprocessed cereal grains; unprocessed cereal grains; processed cereals for consumption by animals; unprocessed cereals; unprocessed cereals; bran; wheat bran; rice bran (feedstuff); rice flour (fodder); oilseed meal for animals; soybean meal (animal feed); animal meal; cereal sprouts, fresh; fresh soybean sprouts; grains (cereals); grains for sowing; wheat; raw wheat for food use; unprocessed buckwheat; maize; sweetcorn (fresh); fresh maize; raw maize; maize

(processed) for consumption by animals; unprocessed maize; maize for consumption by animals; malt; malt and unprocessed cereals; malt grain (unprocessed); malt for animals; malt for brewing; malt for breweries and distilleries; malt for distilling; almonds (fruit); hazelnuts; fresh hazelnuts; fresh hazelnuts (fruit); walnuts; cashew nuts, fresh; betel nuts, fresh; coconuts; fresh coconuts; unprocessed coconuts; walnuts (fruit); unprocessed walnuts; barley; malting barley; unprocessed barley; barley for brewing; pearl barley (in the husk); fresh pine nuts; fresh pistachio nuts; unprocessed rice; paddy rice; cocoa beans (unprocessed); sunflower seeds; raw cocoa beans; natural seeds and seeds for animal feed other than of the genus *Phaseolus vulgaris* L; unprocessed oil seeds; fresh soya beans; live trout; unprocessed edible sesame.

Class 35

Advertising; commercial administration services; practical demonstration of products for advertising purposes; distributions of samples for advertising purposes; organization of trade fairs for advertising purposes; commercial information for consumers; demonstration of products for the purpose of offering them to the public; sales promotion, including online; market research; business assistance relating to the establishment of franchises; advertising through telesales; sales administration; demonstration of products for advertising purposes; advertising through e-mail; dissemination of advertising via online communications networks; presentation of products in wholesalers' stores; advertisements on the Internet; television advertisements.

Mark Clause(s):

The following claim is made in the International Registration: Colour(s) claimed: Green and orange.

SOLVENTUM

Goods and/or Services:

Class 03

Non-medicated cosmetics and toiletry preparations; toothpaste; non-medicated skin care preparations, namely, cleansers, creams, lotions, moisturizers, barrier creams and emollients; hand cleaning preparations; non-medicated hand soaps; non-medicated skin care preparations.

Class 05

Sanitary preparations for medical purposes; antiseptics; disinfectants; antifungal preparations; hand sanitizing preparations; plasters; materials for dressings; bandages; surgical, medical and wound dressings; medical tapes; surgical tapes; adhesive pads for medical use; dental and orthodontic preparations and materials; material for stopping teeth; dental wax; dental impression materials; dental cements; biological and chemical indicators for monitoring sterilization processes for medical, dental or veterinary purposes; steam sterilization indicator strips and tape containing predominantly thermally responsive biological compounds for monitoring sterilization processes for medical, dental or veterinary purposes; cartridges sold pre-filled with gases and gas mixtures for sterilization in the medical field; adhesive pads for use with wound dressings to seal and protect wounds from moisture; hydrocolloid pads for use with wound dressings to seal and protect wounds from moisture; biodegradable adhesive pads for use with wound dressings to seal and protect wounds from moisture; moisture absorbing, adhesive polymer pads for use with wound dressings that promote wound healing; moisture absorbing, adhesive polymer pads for use with wound dressings to seal and protect wounds from moisture; conformable adhesive pads for use with wound dressings to seal and protect wounds from moisture; burn dressings; corn pads; corn rings for the feet; corn plasters; chilblain preparations; dressings for the treatment of diabetic ulcers, pressure ulcers, surgical wounds, vascular and circulatory system-related skin diseases; medicated preparations and substances for the treatment of scars and scar-related skin conditions; medicated preparations containing antimicrobial metal coatings and powders containing silver oxysalts to treat the growth of bacteria for use in and on medical and surgical wound and burn dressings; medicated preparations containing antimicrobial preservatives containing silver oxysalts for the treatment of skin and wounds; antiseptic liquid bandages; liquid bandages for skin wounds; medical topical preparations, namely, liquids that form a barrier film to protect skin and treat damaged skin; bandages for dressings; bandages for skin wounds; adhesive bandages; surgical bandages; disinfectant and film forming solution for use on incise

area of a surgical patient; dressings for the treatment of wounds, namely, foam-based dressings, colloid and collagen-based dressings, and chemically treated dressings; foam dressings for wound healing applications; foam pads for use as materials for medical wound dressing; gauze for dressings; materials for dressings, namely, gauze, hydrogel pads, hydrocolloid pads; antimicrobial hand-sanitizing preparations; hydrogel for medical purposes; medical adhesive strips for closing wounds or incisions; medical and surgical hemostatic preparations for halting blood flow; medical wound dressings for use in cleansing wounds, exfoliating skin and wounds and removing debris from skin and wounds; dressings for the management of exudate from wounds; medicated skin care preparations; medicated compresses; medical cleansers for skin and wounds; sanitizing wipes and pads; antiseptic preparations; medicated pads impregnated with anti-infective preparations; hydrocolloid dressings; plasters for medical purposes; medical plasters; adhesive plasters for medical purposes; self-adhering foam for use in cushioning orthopedic casts and splints; swabs for medical purposes; medicated swabs; therapeutic medicated bath preparations; medicated bath preparations; bath salts and bath preparations for medical purposes; transparent film dressings; wound care products containing silver, namely, antimicrobial medical and surgical wound and burn dressings; impregnated bandages, surgical bandages, and dressings for skin wounds; wound dressings for negative pressure tissue treatment; anti-microbial wound dressing; bandages impregnated with anti-infective preparations; eye patches for medical purposes; anti-cavity dental coating preparations containing fluoride; bonding and primer materials for dental purposes; material for repairing teeth and for dental crowns and bridges; dental ceramics; material for dental bridges; dental adhesives; adhesives for dentistry and dental technical purposes; dental bite registration impression materials; duplicating impression material for tooth crowns and tooth bridges for dental and dental technical purposes, dental impression material for dental and dental technical uses; dental sealants; dental composite materials; teeth filling material; dental restoration compounds; etching materials for

dental use; fissure sealant for dental and dental technical purposes; material for lining and filling tooth cavities; material for tooth crowns and tooth bridges for dental and dental technical purposes; materials for artificial teeth; plastics for use as modeling material for dental purposes; materials for dental fillings and for sealing purposes; medicated candy, namely, a xylitol sweetened mint; medicated dental rinses; medicated anti-cavity mouth rinses; medicated anti-cavity dental rinses; medicated mouthwash; medicated dentifrices; medicated toothpaste; plastics in the form of paste or powder for the manufacture of tooth crowns, tooth bridges, artificial teeth and plastic prostheses; plastics as modelling material for dental uses, tooth fillers, tooth lacquers; sand-blasting agents for adhesive restoration and for pretreatment for adhesive attachments for dental and dental technical uses; bonding and primer materials for dental purposes; dental veneers; dental veneers for use in dental restoration; dental resin for temporary bridges, crowns and veneers; orthodontic bonding paste; adhesives for use with orthodontic appliances.

Class 09

Speech recognition software; software for medical transcription, coding and reimbursement; software for creating and maintaining medical, patient and healthcare records; computer hardware for voice transcription; electronic apparatus for testing the sterility of medical equipment; computer hardware and downloadable computer software for use in the healthcare field in connection with reporting, scanning and medical coding of patient medical information; computer hardware and downloadable computer software for use for reporting and clinical documentation of patient medical information; computer hardware and downloadable computer software for creation of clinical documentation of patient medical information in health information systems; downloadable computer software for natural language, speech, speaker, voice and/or voice-print recognition, identification, verification and/or processing for use in the field of medical records and health information management; computer hardware and downloadable software for managing patient

medical information; computer software for retrieval, display, and browsing of medical information; computer hardware in the nature of stand-alone voice controlled devices for medical and data transcription; downloadable audio to text transcription computer software used for controlling stand-alone voice controlled devices; wireless communication devices for voice and data transmission; computer hardware and downloadable software used for the control of voice controlled information and communication devices; downloadable voice recognition software; downloadable computer software for medical records management, namely, software for recording and reporting patient medical data for billing, third party payer and regulatory agencies, and for assessing, tracking, and reporting infections; downloadable computer software for natural language, speech, speaker, voice and/or voice-print recognition, identification, verification and/or processing for use in the fields of transcription, healthcare documentation, healthcare records management; computer software and computer software development tools for speech and language recognition; computer software for natural language, speech, speaker, voice and/or voice-print recognition, identification, verification and/or processing for use in the fields of medical records, medical coding, compliance and health information management; downloadable computer software for use in calculating, analyzing, grouping and processing patient information for healthcare billing and government reimbursement; downloadable computer software for use in dentistry to utilize images of teeth and the mouth, and for designing and milling dental restorations, namely, crowns, bridges, inlays, onlays and veneers; downloadable computer software for use in the reporting of and the clinical documentation of patient medical information on portable devices; downloadable computer software for use with stethoscopes and in the field of cardiac and pulmonary auscultation for the display of sounds primarily related to the heart and lung; downloadable computer software for use with stethoscopes for use in the field of medicine for auscultation and the transmission primarily of heart and lung sounds; downloadable computer software, namely, a desktop transcription platform featuring voice capture, integrated speech

recognition, interpretation and formatting, editing tools for transcriptionists, and document management and distribution; computer hardware and downloadable software for the delivery of enterprise and internet-based software applications for use in connection with healthcare transcription, dictation, electronic signature and speech recognition solutions; downloadable computer software, namely, integrated software applications designed to organize and integrate medical record information; downloadable software for the delivery of enterprise applications targeting the creation and connection of mission critical healthcare information including transcription, dictation, electronic signature and speech recognition solutions; computer transcription hardware and downloadable computer transcription software for use in the medical field to allow physicians the ability to dictate, self-edit and electronically sign medical reports and documents or send to transcription service for return to electronic inbox upon completion for signature; dictation microphones incorporating a light pen; downloadable computer software and mobile applications using artificial intelligence and speech recognition to assist in the entering of data in health information systems; downloadable mobile application software featuring a database of recorded heart and lung sounds for use as a teaching aid in training auscultation and cardiovascular and pulmonary diagnostics; downloadable mobile application software featuring a database of recorded heart and lung sounds for use by medical personnel in improving the ability to recognize benign and pathological heart sounds and murmurs; downloadable mobile application software for providing continuing professional education and training for medical personnel in the field of auscultation and cardiovascular and pulmonary diagnostics; downloadable mobile applications using speech recognition for use by medical and healthcare professionals for the documentation of patient medical information and electronic health records; downloadable mobile applications for use by medical and healthcare professionals for charge capture, order entry and dictation of e-prescriptions; downloadable software application that enables users to monitor and improve compliance with governmental guidelines and best practices in the use and

maintenance of intravenous lines, medical devices for use in connection therewith, and medical dressings for use at infusion catheter and intravenous sites; downloadable software application that enables users to monitor and improve disease infection control, workflows, clinical outcomes and compliance with governmental guidelines and guidelines of professional organizations; downloadable software application that enables users to monitor and improve best practices in the use, care and maintenance of medical devices, namely, intravenous lines and medical devices for use in connection therewith, medical dressings for use at infusion catheter and intravenous sites, medical tapes and adhesives used for securing medical tubing and devices, medical tubing, and medical apparatus for warming and cooling a patient's body temperature, managing patient hypothermia, warming blood and iv fluids, and monitoring and recording a patient's body temperature; downloadable software application that enables users to monitor and reduce infection rates and intravenous line complications, protect skin from damage, and manage wound sites, conditions that impact skin, the care and maintenance of skin, and blood stream infections; downloadable software application that enables users to monitor, and improve best practices in, sterilization procedures used in the medical field; downloadable software in the nature of a mobile application for providing information to healthcare professionals to assist in the provision of wound care services to patients and to assist in ordering or purchasing products; scanners and related downloadable software for capturing images of the mouth and teeth for use in dentistry; laboratory equipment and supplies, namely, laboratory analysis kit comprising wands for collecting bacteria and pre-measured chemical solutions for preparing standardized inoculums for antimicrobial susceptibility testing in a clinical laboratory, sold as a unit; laboratory equipment, namely solid phase extraction disks, extraction disk cartridges and high density glass beads for use as filter aids; laboratory equipment, namely, membrane filters for liquid; laboratory equipment, namely, membranes, capillary membranes, flat membranes, and porous tubular membranes, and modules containing said membranes for the equipment, namely,

liquid concentrators, purifiers, and filters; laboratory filters; filters for use in laboratory equipment; laboratory filters in the nature of membrane filters made of synthetic or regenerated polymers in the shapes of flat films, hollow fibers, tubes and pipes; laboratory filters in the nature of membrane filters in the shapes of hollow fibers, tubes and pipes connected with textile threads; scientific equipment, namely, laboratory filters for osmosis and reverse osmosis, sterilization processes, ultrafiltration, and microfiltration; laboratory equipment, namely, microporous hollow fibers for conducting membrane separations and apparatus containing the same; laboratory equipment and supplies, namely, microporous hollow fibers used in contactors, degassers, filters, concentrators, purifiers, diffusers, and medical laboratory equipment; laboratory apparatus using membranes made of synthetic or regenerated polymers in the form of hollow fibers, tubing, piping and film for laboratory separation processes, and laboratory modules apparatus equipped with the aforesaid membranes for scientific laboratory purposes, namely, filtration modules, modules for osmosis and reverse osmosis, sterilizers, ultrafiltration modules, debubblers, degassers, mass transfer devices; laboratory equipment, namely, membranes, capillary membranes, flat membranes, and porous tubular membranes; laboratory filter membranes used in microfiltration and ultrafiltration; technical apparatus, namely, filtering membranes for technical or medical separations and transfers; filters for blood and blood components for laboratory use; ophthalmic lenses and ophthalmic prisms.

Class 10

Orthopedic articles; orthopedic inserts for footwear; hosiery for medical, surgical, and orthopedic purposes; stethoscopes; orthopedic and compression bandages and wraps; medical and surgical drapes, sheets and gowns; medical connectors and closures and component parts thereof for use in connection with intravenous (iv) lines and medical fluid management, delivery, extraction and removal; patient warming system comprised of an electric warming blanket and incorporating

temperature controller therefor for medical use; medical devices for closing wounds; wound drainage apparatus; wound suction apparatus; negative pressure wound therapy systems; orthodontic brackets and appliances; dental crowns; membranes used in medical devices including blood treatment and dialysis; cases fitted for medical instruments; implant abutments for dental purposes; dental curing lights; dental apparatus, namely, intra-oral light systems; dental devices and apparatus, namely, mixers and dispensers for dental impression material; dental instruments, namely, mandrels, burs, discs, cups, wheels, points, brushes, and abrasive strips, used to grind, polish or finish dental restorations; dental instruments, namely, custom dental matrices for use with dental restoratives and dental composite materials; dental instruments, namely, dental prophylaxis angles and dental prophylaxis cups, for use in cleaning teeth and dental hygiene procedures; dental instruments, namely, disposable prophy angles; dental syringes; dental apparatus, namely, dispensing guns specially adapted for dental purposes for use in dispensing dental restorative material; finishing and polishing discs for dental use; dental instruments, namely, scissors, crimping pliers, contouring pliers and impression trays; applicators and dispensers for dental primers, cements, adhesives, impression materials and restorative materials; glass-fiber posts used in dental restorative procedures; dental prophylaxis angles and dental prophylaxis cups for use in cleaning teeth and dental hygiene procedures; dental instruments, for mixing, dispensation and application of dental impression and bite checking materials; cutting and grinding discs for dental applications; orthodontic appliances, namely, pliers, braces, lugs, wires, pins and brackets; orthodontic buccal tubes; orthodontic rubber bands; wound suction apparatus, wound drainage apparatus, and parts and fittings therefor; disposable negative pressure wound therapy device in the nature of a subatmospheric pressure source and related tubing, all for use with wound interface drainage receptacles, and all for promoting wound healing; eartips for stethoscopes; stethoscopes and parts and fittings therefor; stethoscopes incorporating electronic noise reducer for enhancing auditory capabilities for auscultation; medical instrument in the form of

electronic stethoscopes and incorporating wireless electronic transceiver for use in conjunction with for the recording and display of heart sounds and other physiological acoustic signals; elastic bandages; casting tape for orthopedic purposes; orthopedic splints; support bandages; therapeutic compression wraps; padding for orthopedic casts; orthopedic casting tools; surgical sterile sheets; medical isolation gowns; protective barriers in the nature of medical drapes; medical electrodes; cardiac electrodes; electrodes for external defibrillators; medical electrodes with or without chemical conductors and wet gels for use in cardiac, electrocardiograph, electroencephalograph and other types of patient monitoring; medical leads and connectors for use with medical electrodes; defibrillation pads; electrosurgical pads, plates and adapters to remove rf current from a patient's body during electrosurgery; padding for use between medical equipment and patients or for elevating or positioning limbs; pouches for holding surgical and medical instruments; surgical compresses; surgical wraps; medical table sheets for examining tables and operating tables; thermometers for medical use; therapeutic hot and cold therapy packs; surgical skin staplers; drainage tubes for medical purposes; receptacles for collecting wound drainage; medical and surgical apparatus for tissue transplantation; electronic temperature monitors for medical use; blankets for medical purposes; medical apparatus for human and veterinary use for warming and cooling a patient's body temperature, comprising an air convective device, a hose, a gown or blanket, sensors, controls, and parts and fittings therefor; medical apparatus for intravenous administration of fluids, namely, fluid warmers; medical apparel in the nature of lab coats for use in medical examination and treatment; medical apparatus incorporating microprocessor controlled pumps, wound dressings and connecting tubing for providing alternating negative pressure to promote tissue granulation and decompression, flap and graft survival, and to remove infectious materials; electronic medical appliances for wound healing; medical device control systems comprised of medical therapeutic pumps and medical connection tubing for controlled delivery of therapeutic pressure to wound healing devices; medical fluid

injectors; medical devices for managing fluids; medical devices for fluid delivery, extraction and removal; medical instruments, namely, hemostats that clamp blood vessels to diminish or halt blood flow; vacuum pumps for medical purposes; medical devices, namely pump units for promoting wound healing, receptacles for collecting wound drainage, and parts and accessories for the foregoing; medical devices, namely, medical connectors and component parts thereof for use with products for transferring fluids; plastic closures for use in covering fluid connectors and ends on fluid transportation lines and ports; medical devices, namely, tamper-evident devices for use in connection with intravenous (iv) lines; wound therapy system comprised of wound treatment apparatus, wound dressings, valves, tubes and straps with holsters; accessory for wound treatment apparatus, namely, strap and holster used to secure apparatus to patient; medical equipment, namely, membranes made of polymers in the form of hollow fibers for separation processes for use in medical apparatus for blood treatment, dialysis, hemodiafiltration, hemofiltration, endotoxin filtration; medical equipment, namely, membranes, capillary membranes and flat membranes, and modules containing said membranes for medical equipment, namely, hemoconcentration apparatus, hemodialysis apparatus, hemodiafiltration apparatus, plasmapheresis apparatus, oxygenators, and plasma fractionation; hypodermic needles; filters for medical purposes, namely, blood filters; hemodialysis apparatus; membranes for blood filtration, hemodialysis, hemofiltration, hemodiafiltration, and oxygenation; membranes for use in medical apparatus made of synthetic or regenerated polymers in the form of capillaries, tubing, piping, and film for hemodialysis, hemofiltration, hemodiafiltration, endotoxin filtration, plasmapheresis, hemoconcentration; membranes for use in medical apparatus made of synthetic or regenerated polymers in form of films, hollow fibers, tubings and pipings for separation processes, as well as bundles or fabrics of the aforesaid hollow fibers, tubings and pipings in combination with textile threads all for use in hemodialysis, hemofiltration, hemodiafiltration, endotoxin filtration, plasmapheresis, hemoconcentration; capillaries of hollow fibers or tubes made of polymers and

arranged in the form of mats for heat exchangers applied in medicine; membranes made of polymers in the form of hollow fibers for separation processes for use in medical apparatus for blood treatment, namely, dialysis filters, hemodiafilters, hemofilters, endotoxin filters, plasmapheresis filters, blood oxygenators, microfiltration, ultrafiltration, and sterilization units for medical purposes, air filtration for medical ventilators; membranes made of synthetic or regenerated polymers in the form of hollow fibers, tubing, piping and film for separation processes, and modules equipped with the aforesaid membranes for use in medical apparatus, namely, dialysis and plasmapheresis filters in the nature of hemodialysers, hemofiltration, hemofiltration modules, hemodiafiltration, hemodiafiltration modules, endotoxin filtration modules, plasmapheresis modules, and hemoconcentration modules; membranes in the nature of hollow fibers for medical therapeutic purposes; membranes in the nature of hollow fibers for medical therapeutic purposes, sold empty, for use in for blood filtration, hemodialysis, hemofiltration, hemodiafiltration, and oxygenation; negative pressure wound therapy device in the nature of a subatmospheric pressure source and related tubing, all for use with wound interface drainage receptacles, and all for promoting wound healing; orthopedic apparatus and instruments for diagnostic and therapeutic use; orthopedic, orthotic, chiropody, foot care and veterinary apparatus and instruments, namely, orthopedic cushions and padding, orthopedic padding for the treatment and prevention of oedema or scarring, orthopedic padding for use in combination with casts or with prosthetics, medical and surgical gloves; orthopedic cushions and padding, namely, pressure relieving cushions, pressure relieving pads, pressure redistributing pads, protective apparatus against the hardening, ulceration or inflammation of areas of skin, cushions for care of the feet; orthopedic articles, namely, orthopedic insoles, disposable orthopedic insoles; instruments and apparatus for placing bandages, namely, slings; apparatus for the fixing of fingers and toes, namely, splints; elastic bandages for joints; elastic bandages, namely, elastic gaiters; medical braces for knees, namely, elastic knee-joints; orthopedic support bandages; subatmospheric wound therapy device for use

at home, which utilizes negative pressure to promote tissue granulation and decompression, flap and graft survival, and to remove infectious materials; surgical staple removers; surgical sponges; surgical staplers; wearable medical devices for protecting against the hardening, ulceration or inflammation of areas of skin; medical apparatus incorporating microprocessor controlled pumps, wound dressings and connecting tubing for controlled delivery of therapeutic pressure to tissue; medical devices, namely, plastic closures for use in covering fluid connectors and ends on fluid transportation lines and ports; surgical masks; disposable surgical masks; reusable surgical masks; sanitary masks for medical purposes; protective masks for medical purposes; sanitary masks for medical wellness purposes; masks for use by medical personnel; protective face masks for medical use; face masks for use by health care providers; personal protective equipment (ppe), namely, masks for use by medical personnel; respirators for filtering air for medical purposes; sanitary masks; medical testing apparatus for analyzing sterilization indicators.

Class 11

Water filtering apparatus; liquid filtration and purification units and parts and accessories therefor; filters for high purity filtration for use in commercial, industrial and bioprocessing industries; autoclaves for medical use; filter membranes used in microfiltration and ultrafiltration; membrane filters for water filtering apparatus; apparatus and instruments for use in the sterilization of liquids and gases used in the medical industry; fibrous filtering media for general industrial use in the purification of air and industrial fluids; filtering for cleaning and purifying air, gases, and liquids, namely, a membrane contactor comprised of microporous hollow fibers for conducting membrane separation and transferring dissolved gases to or from a fluid stream in the nature of liquid filters; water filtration and purification units and replacement cartridges and filters therefor; apparatus for the separation of liquids being water filtering apparatus; filter cartridge for the filtration of liquids; filtering devices, namely, filters, filter cartridges, filter media and filter housings for the

removal of impurities from fluids and other filterable substances; fluid filtering cartridges for general domestic and industrial use; filtering devices, namely, filters, filter cartridges, filter media, filter housings, membranes, filter discs and parts thereof for fluid filtration for domestic and commercial use; water softening and conditioning units; reverse osmosis water purification units and flow restrictors for reverse osmosis water purification systems; fibrous filtering media for general domestic and industrial use in the purification of air and fluids; non-electrical water purification units; air filter material and air filters for industrial and domestic use in furnaces, air conditioners, room air cleaners, home and building hvac air ventilation and cleaning equipment, air cleaning and purification units, and other domestic, industrial and commercial uses and installations; filtering devices, namely, filters, filter media, filter cartridges, and filter housings and parts thereof, all for use in the filtration of liquids and gases; water purifying units, for potable water for commercial or industrial use; filters and filter cartridges sold as components of liquid purification units for filtering coatings, liquids for machinery and engines, and liquids used in the electronics industries; filters for high purity water and liquid filtration for commercial and industrial use, namely membrane filters for filtering liquids; filters for industrial use in water filtration, water purification and liquid filtration namely, membrane filters for filtering liquids; filtration capsule for use in the clarification, purification, and separation of liquids, namely, aqueous or semiaqueous compounds; mechanical liquid straining and filtering cartridges, and parts thereof; water filtration and purification units and replacement cartridges and filters therefor; water filtering units for domestic, commercial, and industrial use; water filters and components thereof, namely, filter cartridges for reduction of hard water, acid water, iron, lead, dirt, rust and sediment from drinking water supplies, from hot water systems, and from household appliances and humidifiers, for domestic and industrial use; water filtration systems comprised of a filter cartridge, tubing, connectors and brackets; water filters; water filter cartridges; air purifiers.

Class 35

Medical transcription services; business administrative services relating to medical coding services; computer data entry services relating to medical scribing; business consulting services in the field of medical coding; online retail store services; business consulting services in the field of patient medical records coding; business consulting services related to medical coding, on-site manual medical coding, and specialized medical coding/operational assessments; medical transcription and business management services provided to health care providers for improving documentation workflow and healthcare records management in the field of physician documentation, integrating dictation, transcription, speech or language recognition, medical coding, and delivery and retrieval of health related reports, allowing doctors to spend more time during physician-patient encounters, medical exams, and evaluations; business consulting services relating to assignment of predetermined codes for medical diagnoses and procedures, and business auditing of medical coding; business administration outsource service provider in the field of medical coding; business administration outsource service provider in the field of professional and technical coding for ambulatory medical and surgical providers for purposes of offering clinical documentation improvement services, improved productivity and efficiency, staffing coverage, guaranteed turnaround times and appropriate revenue capture; business consulting services in the field of professional and technical coding for ambulatory medical and surgical providers; physical and on-line retail store services featuring toiletries, therapeutic devices, surgical, medical, orthopedic, orthotic, chiropodial, podiatric, foot care related, and veterinary apparatus and instruments, wound care preparations and instruments, dressings, medicated products and preparations, and preparations for the care of the skin, feet and body.

Class 41

Medical, healthcare, dental and orthodontic education services; continuing education services, namely, providing online continuing professional education and training

seminars and courses in the field of auscultation and cardiovascular diagnostics for medical personnel; educational services related to medical coding, compliance and health information management, namely, on-site manual coding, customized training seminars and specialized coding/operational assessments; educational services, namely, providing live and online classes, non-downloadable webinars, seminars, and workshops to medical and healthcare professionals and facilities regarding compliance with governmental guidelines and guidelines of professional organizations, disease infection control, workflow and process improvement, and management and improvement of clinical outcomes, and distribution of educational materials in connection therewith; educational services, namely, providing live and online classes, non-downloadable webinars, seminars, and workshops to medical and healthcare professionals and facilities regarding best practices in the use, care and maintenance of medical devices, namely, intravenous lines and medical devices for use in connection therewith, medical dressings for use at infusion catheter and intravenous sites, medical tapes and adhesives used for securing medical tubing and devices, medical tubing, and medical apparatus for warming and cooling a patient's body temperature, managing patient hypothermia, warming blood and iv fluids, and monitoring and recording a patient's body temperature, and distribution of educational materials in connection therewith; educational services, namely, providing live and online classes, non-downloadable webinars, seminars, and workshops to medical and healthcare professionals and facilities regarding reducing infection rates and intravenous line complications, protecting skin from damage, and managing wound sites, conditions that impact skin, the care and maintenance of skin, and blood stream infections, and distribution of educational materials in connection therewith; educational services, namely, providing live and online classes, non-downloadable webinars, seminars, and workshops to medical and healthcare professionals and facilities regarding monitoring, and improving best practices in, sterilization procedures used in the medical field, and distribution of educational materials in connection therewith; educational services, namely, providing live and

online classes, seminars, workshops and learning tools to medical and healthcare professionals and facilities regarding compliance with governmental guidelines and best practices in the use, care and maintenance of intravenous lines, reducing infection rates and intravenous line complications, and protecting skin from damage, and regarding the proper usage of medical devices, namely, intravenous lines, medical devices for use in connection therewith, and medical dressings for use at infusion catheter and intravenous sites; educational services, namely, training in the use of computer software for voice recognition and medical records.

Class 42

Consulting services related to medical software; research and design for medical purposes; software as a service (SAAS) for speech recognition, medical transcription, coding and reimbursement; software as a service (SAAS) for creating and maintaining medical, patient and healthcare records; design of water treatment systems for others; consultation and testing services in the field of water treatment; computer software consultation; technical support services, namely, troubleshooting of computer software problems; computer software design; design of commercial water treatment systems for others; providing on-line non-downloadable software that enables users to monitor and improve compliance with governmental guidelines and best practices in the use and maintenance of intravenous lines, medical devices for use in connection therewith, and medical dressings for use at infusion catheter and intravenous sites via a website; providing on-line non-downloadable software that enables users to monitor and improve disease infection control, workflows, clinical outcomes and compliance with governmental guidelines and guidelines of professional organization via a website; providing on-line non-downloadable software that enables users to monitor and improve best practices in the use, care and maintenance of medical devices, namely, intravenous lines, medical devices for use in connection therewith, medical dressings for use at infusion catheter and intravenous sites, medical tapes and adhesives used for securing medical tubing and

devices, medical tubing, and medical apparatus for warming and cooling a patient's body temperature, managing patient hypothermia, warming blood and iv fluids, and monitoring and recording a patient's body temperature; providing on-line non-downloadable software that enables users to monitor and reduce infection rates and intravenous line complications, protect skin from damage, and manage wound sites, conditions that impact skin, the care and maintenance of skin, and blood stream infections via a website; providing on-line non-downloadable software that enables users to monitor, and improve best practices in, sterilization procedures used in the medical field via a website; providing on-line, non-downloadable software for use in extracting patient clinic notes and medical records and translating language for assigning diagnostic and treatment codes, and for comparing accuracy with other coding inputs, for use primarily in medical reimbursement; providing online, non-downloadable, internet-based software using speech recognition for use by medical healthcare professionals for the documentation of patient medical information and electronic health records; providing online, non-downloadable, internet-based software for use by medical and healthcare professionals for charge capture, order entry and dictation of e-prescription; providing remote diagnosis and monitoring of dictation and transcription systems for quality control in order to identify malfunctions and defects and ensure proper functioning; providing temporary use of non-downloadable cloud-based software for artificial intelligence virtual assistance for use in the healthcare field in the clinical documentation of patient medical information in health information systems and in the management of clinical documentation improvement (CDI) processes; providing temporary use of non-downloadable software for use in extracting medical records and translating language for assigning codes primarily for medical reimbursement; providing temporary use of online non-downloadable software featuring a database of recorded heart sounds for use as a teaching aid in training auscultation and cardiovascular diagnostics; providing temporary use of online non-downloadable software featuring a database of recorded heart sounds for use by medical personnel in improving the ability to

recognize benign and pathological heart sounds and murmurs; providing temporary use of online non-downloadable software featuring continuing professional education and training seminars and courses for use by medical personnel in the field of auscultation and cardiovascular diagnostics; providing temporary use of non-downloadable software that identifies patterns of language in medical documents in order to organize, manipulate, and codify such documents; software as a service (SAAS), namely, services featuring software for providing medical, health, and wellness information accessible through mobile applications; software as a service (SAAS), namely, services featuring software for providing medical, health, and wellness information accessible through remote connectivity module equipped devices; software as a service (SAAS), namely, software to assist in ordering or purchasing products.

Class 44

Therapeutic wound care services; monitoring and remote monitoring of patients for medical treatment; medical, orthodontic and dental consultation services; medical consulting services in the fields of disease infection control, intravenous line care and maintenance, and skin protection; medical consulting services provided to medical and healthcare professionals and healthcare facilities regarding best practices in the use, care and maintenance of intravenous lines, reducing infection rates and intravenous line complications, and protecting skin from damage, and regarding the proper usage of medical devices, namely, intravenous lines, medical devices for use in connection therewith, and medical dressings for use at infusion catheter and intravenous sites; medical consulting services provided to medical and healthcare professionals and healthcare facilities regarding guidelines of professional organizations, disease infection control, workflow and process improvement, and management and improvement of clinical outcomes; medical consulting services provided to medical and healthcare professionals and healthcare facilities regarding best practices in the use, care and maintenance of medical devices, namely,

intravenous lines, medical devices for use in connection therewith, medical dressings for use at infusion catheter and intravenous sites, medical tapes and adhesives used for securing medical tubing and devices, medical tubing and medical apparatus for warming and cooling a patient's body temperature, managing patient hypothermia, warming blood and iv fluids, and monitoring and recording a patient's body temperature; medical consulting services provided to medical and healthcare professionals and healthcare facilities regarding reducing infection rates and intravenous line complications, protecting skin from damage, and managing wound sites, conditions that impact skin, the care and maintenance of skin, and blood stream infections; medical consulting services provided to medical and healthcare professionals and healthcare facilities regarding monitoring, and improving best practices in, sterilization procedures used in the medical field; medical services, namely, providing information related to advanced wound care, negative pressure wound therapy, and therapeutic medical support devices; provision of medical services via monitoring, tracking, and reporting medical conditions, medical data, and medical records, namely, medical diagnostic testing, monitoring and reporting services in the nature of remote monitoring of data indicative of the health or condition of an individual or group of individuals for medical diagnosis and treatment purposes; medical diagnostic monitoring and reporting services, namely, monitoring and reporting the medical condition of individuals; provision of therapeutic healthcare services through the automated alternating application of negative pressure wound therapy and controlled delivery of topical solutions to a wound site; provision of medical tissue therapy and medical tissue therapy control services via the provision of reduced pressure tissue treatment using therapeutic devices with wound site feedback control systems for optimizing control of the therapy.

Priority Details:

Class Number: 03

Priority Date: 20/02/2023

Country/Territory: JAMAICA

Priority Application Number: 88730

Goods and/or Services: Non-medicated cosmetics and toiletry preparations; toothpaste; non-medicated skin care preparations and products, namely, cleansers, creams, lotions, moisturizers, barrier creams and emollients; hand cleaning preparations.

Class Number: 05

Priority Date: 20/02/2023

Country/Territory: JAMAICA

Priority Application Number: 88730

Goods and/or Services: Medical preparations; sanitary preparations for medical purposes; antiseptics; disinfectants; antifungal preparations; hand sanitizing preparations; plasters; materials for dressings; bandages; surgical, medical and wound dressings; medical tapes; surgical tapes; adhesive pads; dental and orthodontic preparations and materials; material for stopping teeth; dental wax; dental impression materials; dental cements; biological/nonbiological indicators.

Class Number: 09

Priority Date: 20/02/2023

Country/Territory: JAMAICA

Priority Application Number: 88730

Goods and/or Services: Scientific, research, detecting and testing apparatus and instruments; laboratory equipment and supplies; recorded and downloadable media; computer software; computer software development tools; downloadable mobile application software; computer software in the medical, healthcare, dental and orthodontic fields; speech recognition software; software for medical transcription, coding and reimbursement; software for creating and maintaining medical, patient and healthcare records; computer hardware; computer hardware for voice

transcription; electronic apparatus for testing the sterility of medical equipment.

Class Number: 10

Priority Date: 20/02/2023

Country/Territory: JAMAICA

Priority Application Number: 88730

Goods and/or Services: Surgical, medical, dental and orthodontic devices, apparatus, instruments and equipment, and parts and accessories therefor; orthopedic articles; orthopedic inserts and footwear; hosiery for medical, surgical, and orthopedic purposes; stethoscopes; bandages; orthopedic and compression bandages and wraps; medical and surgical drapes, sheets and gowns; medical connectors and closures and component parts thereof for use in connection with intravenous (IV) lines and medical fluid management, delivery, extraction and removal; patient warming systems; medical devices for closing wounds; wound drainage apparatus; wound suction apparatus; negative pressure wound therapy systems; incubators for medical purposes; orthodontic brackets and appliances; dental crowns; membranes used in medical devices including blood treatment and dialysis; cases fitted for medical instruments.

Class Number: 11

Priority Date: 20/02/2023

Country/Territory: JAMAICA

Priority Application Number: 88730

Goods and/or Services: Apparatus and installations for water supply and sanitary purposes; water filtering apparatus; liquid filtration and purification units and parts and accessories therefor; filters for high purity filtration for use in commercial, industrial, bioprocessing, pharmaceutical and biopharmaceutical industries; incubators for medical sterilization; autoclaves for medical use; membranes for use in filtration and purification in biopharma and medical industries.

Trade Marks Journal No. TM033/2025

Class Number: 35

Priority Date: 20/02/2023

Country/Territory: JAMAICA

Priority Application Number: 88730

Goods and/or Services: Business management, organization and administration; office functions; medical transcription services; medical coding services; medical scribe services; consulting services in the field of medical coding; online retail store services.

Class Number: 41

Priority Date: 20/02/2023

Country/Territory: JAMAICA

Priority Application Number: 88730

Goods and/or Services: Education; providing of training; medical, healthcare, dental and orthodontic education services.

Class Number: 42

Priority Date: 20/02/2023

Country/Territory: JAMAICA

Priority Application Number: 88730

Goods and/or Services: Scientific and technological services and research and design relating thereto; design and development of computer hardware and software; consulting services related to medical software; research and design for medical purposes; software as a service (SAAS); software as a service (SAAS) in the medical, healthcare, dental and orthodontic fields; software as a service (SAAS) for speech recognition, medical transcription, coding and reimbursement; software as a service (SAAS) for creating and maintaining medical, patient and healthcare records; design of water treatment systems for others; consultation and testing services in the field of water treatment.

Goods and/or Services:

Class 35

Advertising services; commercial data analysis and preparation of commercial reports relating thereto,, market research, consumer and customer studies (opinion polling); providing services to determine the impact of advertisements on an audience; technical advisory services relating to brand image; services for the investigations of marketing strategy; marketing services; advertising materials publication services; preparation and implementation of advertising plans and concepts; production of advertising films; advertising management services; provision of advertising space; provision of advertising space by electronic means and global information networks; consulting in providing of advertising space; advice on purchasing advertising space; purchase of advertising space on behalf of third parties (agent); advice regarding advertising communication strategies; advertising

copy-writing; planning and advice relating to brand marketing strategies; search engine marketing; market research; opinion polls; compilation of statistics; advice regarding company organization; development and implementation of marketing strategies for others; customer segmentation services, namely, marketing services for consumer behavior tracking and consumer trend analysis; business advisory and consultancy services in the fields of consumer interests and buying habits; consulting on advertising strategy on social media, namely, assistance in developing commercial and marketing strategies on social networks; management of communities on social networks, namely, the development and implementation of commercial, advertising, marketing and advertising communication strategies in the field of social networks; business management and organization consultancy; company management assistance; commercial business management; corporate economics and organization consultancy; production of advertisements with special effects; branding strategy services, advertising services to create a brand identity for third parties as well as brand positioning services, including support and advisory services and information relating thereto; editing of publicity texts on websites for advertising purposes.

Class 41

Translation services; workshops, in-person forums, seminars and training in the field of advertising, marketing and marketing communications; Audio and video production and post-production services; production of sound recordings; audio or video recording studio services, namely, editing and enhancing sound, mixing of dialogues, music, sound effects and narrations, automatic replacement of dialogues; recording of live sound effects; audio playback and sound augmentation [sound recording services]; foreign language dubbing and recording [audio or video recording studio services]; post-production editing of visual effects and graphics in video tapes, audio tapes, digital media and films; editing of films, digital images and video tapes; video post-production; audio post-production; film and video tape editing;

distribution of films and animated films; entertainment; education, instruction, teaching and training; online digital publication services; production of digital music and entertainment (not downloadable); organization of exhibitions for cultural or educational purposes; creation, writing, editing and publication of texts, publication of content and visual media; publication of the editorial content of sites accessible via a global computer network; publication of books and periodicals online; electronic desktop publishing; arranging and conducting sporting or cultural events; organization and conducting of colloquiums, conferences or congresses; organization and conducting of training seminars; organization and conducting of competitions (education or entertainment); publication of non-downloadable text and visual content online; composing songs; music composition services; recording studio services; microfilming; subtitling; photography services.

Class 42

Engineering services consisting of research and analysis services in the field of environmental technology; development (design) of processing software for calculating the performance of advertising devices; developing software applications for online advertising and social media marketing; graphic design of brands as well as the design of logos for corporate graphic identity, including assistance and advisory services and information relating thereto; services relating to corporate identity design (graphic identity design); designer services in connection with graphic arts; industrial design services; computer graphic design services; graphic design of brands and signs (graphic arts design services); services of industrial design, research, name and logotype creation (graphics designer services); product drawing and design services (industrial design); styling (design) services; design agencies (design and graphic arts service); packaging designer services; consultancy in the field of visual identity (design and graphic art); industrial research services; research relating to design; research relating to software development; research and design in the field of information technology; graphic design of promotional materials, industrial

engineering design, creation (design) and development of new product packaging; designing, creating (designing), testing and maintaining websites, software, computer programs, applications and databases; computer services, namely, design of network websites, computer technology-based software applications for e-commerce and computer network systems for others; creation (design) of website content; design of prototypes and presentations; design of point-of-sale materials; design of consumer information leaflets; hosting of third-party web sites; hosting online web facilities on behalf of third parties, graphic design services; research and testing of new products; programming of software for online discussion forums; designing downloadable software; hosting of space on the Internet for online blogs, blogs and other user-generated content; providing online technical support relating to computers and software; advice relating to computing; advice relating to computer programming; advice relating to computer systems analysis; advice with respect to design of computer systems; computer design; software consulting services; consultation with respect to software; computer-aided design of video graphics; advice on the selection and implementation of computer software; conversion of computer programs and data (other than physical conversion); conversion of documents from a physical to an electronic medium; development (design), rental and analysis of computer systems; technical project study; technical study, technical research and programming for computers; development (design) of processing software to calculate the performance of display devices, design and development of computer hardware and software; updating of software; research and development of new products for others; services provided by engineers; engineering work; technical project studies unrelated to business dealings, technical advisory services with respect to choosing computer hardware, databases, software; software rental; software development (design); programming for computers; industrial design; design services; provision of advice and information relating to all the aforementioned services by consultants; design and development of software applications and platforms; design of applications for communications apparatus

including mobile phones; product design; design of packaging; web site design; product development; development of computer games and the installation thereof to mobile communications apparatus; creating and maintaining online websites; developing streaming technologies enabling users to transmit data and audio and video content via the Internet; managing web sites for others; design and development of websites.

CISIONONE

Goods and/or Services:

Class 35

Business monitoring services related to the tracking of websites of others to provide details about user click traffic or visits to websites and computer systems; business research; business research, namely, database research; compiling and input of information in databases for business purposes; electronic business monitoring services via the internet, namely, the monitoring of press releases and issuing reports for business purposes; market research, namely, advertising monitoring

services; media monitoring services, namely, monitoring print media, television, radio and other media for customer-specified topics, and providing documentation and analysis of that media content to others for business purposes; monitoring and providing business reports on the coverage by television stations and other media offered via satellite, digital distribution networks and a global computer network; marketing services, namely, monitoring the effectiveness of press releases and marketing campaigns and provision of marketing reports; news clipping services; online business research services that allow users to search, monitor, capture, retrieve, and analyze information and content from global information networks; news clipping services in the field of monitoring online media; providing business information and business contact information related to journalist contact information, recent publications, editorial interests, industry beats, geographic location, designation market area rankings and scores reflecting measurements of a person's influence, via an online searchable database, for use by others; providing business networking services and information in the field of public relations and marketing and online marketing media via the internet; providing marketing reports and analysis; providing market research services, namely, advertising monitoring services; providing online marketing services for communications and marketing professionals; providing statistical information for commercial or business purposes in the field of media and world affairs monitoring; public relations; social media monitoring services, namely, monitoring social media for customer-specified topics, gathering relevant content on those topics, and providing documentation and analysis of that media content to others for business purposes; news clipping services in the field of monitoring the internet and social media; providing news clipping services.

Class 38

Arranging access to databases on the Internet; transmission of information, namely, press releases, news, photographs, videos, and business and entertainment information; news agency, namely, gathering and dissemination of news; news and

press release wires services, namely, gathering and dissemination of news.

Class 41

Production of videos; distribution (other than transportation) of videos; production of webcasts.

Class 42

Computer programming, design, updating and maintenance of computer software in relation to the provision of media information, distribution, monitoring and analyzing as part of public relations services; rental of software for access to computerized databases in relation to the provision of media information, distribution, monitoring and analyzing as part of public relations services; design, updating and maintenance of computer software exclusively in relation to the provision of media information, distribution, monitoring, and analyzing as part of public relations services; software as a service (SAAS) and platform as a service (PAAS) featuring computer software for providing indirect methods of marketing communications, namely, social media, search engine marketing, inquiry marketing, internet marketing, mobile marketing, blogging, and other forms of passive, sharable or viral communications channels; providing software as a service (SAAS) and providing platform as a service (PAAS) featuring computer software platforms for users with specific informed recommendations for specific products and services for use in searching social websites and other databases to identify relevant targets, namely, influencers, prospects, and advocates, based upon said targets' interests, to provide users a variety of communication means to said targets through social media connections to promote customer products and services, and to project future relevant audience growth, market share and key performance indicators; providing temporary use of on-line non-downloadable software for public relations and marketing automation that allows users to manage journalist information, news clippings, content distribution, digital public relations and marketing collateral, daily public relations,

marketing tasks and projects, an online newsroom, monitor social and other media, and conduct e-mail marketing; providing the temporary online use of non-downloadable software for users with specific informed recommendations for specific products and services for use in searching social websites and other databases to identify relevant targets, namely, influencers, prospects, and advocates, based upon said targets' interests, to provide users a variety of communication means to said targets through social media connections to promote customer products and services, and to project future relevant audience growth, market share and key performance indicators; provision of web-hosting platforms for publication and distribution of press releases and other information; software as a service (SAAS) services featuring software for searching, monitoring, capturing, retrieving and analyzing global information networks, including digital, print and broadcast media, for commercial and business purposes, namely, public relations and marketing purposes, to provide documentation, analysis, and reporting of that information and content to others for business purposes.

METLEN

Goods and/or Services:

Class 01

Industrial chemicals; raw chemicals; chemicals for use in metalworking; chemicals for use in metal treatment; chemicals for use in treating metal surfaces; chemicals for use in metal plating; chemicals for use in manufacture; metal tempering preparations [tempering chemicals]; alkaline galvanising chemicals for metallic substances; welding chemicals; brazing chemicals; waste treatment chemicals; water treatment chemicals; sewerage water treatment chemicals; waste water treatment chemicals for industrial use; chemicals for treating spent chemicals used in manufacture; chemicals for the manufacture of preparations for preventing corrosion; binding chemicals for concrete; chemicals for use in the gas industry; mixtures of chemicals and microorganisms for fertilizing compost; chemicals for use in the manufacture of

solar cells; earth metals; alkaline metals; salts of metals; rare earth metals; alkaline-earth metals; mordant for metals; preservatives for metals [chemical]; hardening preparations for metals; gases for carbonizing metals; alloys of rare earth metals; salts from rare earth metals; formulations for electroplating metals on substrates; salts of precious metals for industrial purposes; chemical preparations for facilitating the alloying of metals; chemical additives for use in the moulding of metals; chemical additives for use in the casting of metals; chemicals used for plating non-conducting surfaces with metals; metallic oxides; cement [metallurgy]; sands for use in metallurgy; dielectric fluids as a chemical preparation for use in metalworking, except oils; alumina; bauxite; zinc oxide for use in manufacture; gas purifying preparations; solidified gases for industrial purposes; gases and gas mixtures for use in industry; industrial minerals.

Class 04

Mineral fuels; biomass fuel; gas oil; ethanol [fuel]; gas for lighting; hydrogen fuel; solidified gases [fuel]; vaporized fuel mixtures; electrical energy.

Class 06

Aluminium; aluminium alloys; aluminium foil; aluminium wire; bindings of metal; common metals, unwrought or semi-wrought; alloys of common metal; ores of metal; non-ferrous metal alloys; non-ferrous metals; brass, unwrought or semi-wrought; bronze; balls of steel; wire of common metal; brazing alloys.

Class 07

Electricity generators; mobile electric power generators.

Class 09

Power adaptors; power amplifiers; power cables; power connectors; power controllers; power inverters; power modules; power relays; power testers; power wires; automation systems for power stations; control equipment for power stations;

electrical power distribution units; electrical power supplies; portable power chargers; power conditioning apparatus; power generation monitoring apparatus; power regulating apparatus; power system meters; solar-powered battery chargers; mobile power supply [rechargeable batteries]; power distributing apparatus for street lighting; photovoltaic installations for generating electricity [photovoltaic power plants]; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; electricity measuring instruments; apparatus for recording, transmission or reproduction of sound or images relating to the mining industry, metal, gas and oil processing, fuels, energy production; charging stations for electric vehicles; charging cables for electric vehicles; electric vehicle charging piles; electrical cells and batteries; electric battery chargers; electric batteries for vehicles; electric navigational instruments; solar collectors for electricity generation; solar electricity panels; cables for electrical or optical signal transmission; electrical energy utilization metering devices; electric installations for the remote control of industrial operations; electrical apparatus for controlling the pressure and flow of gases; electrical apparatus for monitoring the pressure and flow of gases; electric cables and wires; data processing equipment and computers relating to the mining industry, metal, gas and oil processing, fuels, energy production; software in relation to metals, minerals, fuels, and energy production; facilities management software to control building environmental access and security systems; digital data processing apparatus.

Class 11

Apparatus for the purification of gas; cooling installations for gas; gas burners for industrial purposes; gas recovery apparatus; gas generation furnaces for industrial purposes; regulating apparatus for gas pipe installations; solar energy collectors for heating; solar-powered lamps; solar-powered steam generators; solar powered ventilation apparatus; environmental control apparatus and installations for the purposes of lighting, namely computer controlled lighting apparatus, reflectors for

light control, louvres for light control, screens for controlling light, shades for light sources, filters for lighting apparatus, electric discharge tubes for lighting, luminous cables for lighting purposes, solar powered lamps; environmental control apparatus and installations for the purposes of cooling, namely electrically-operated devices used in cooling, electrically powered fans for ventilation purposes, electrically powered air blowers for air-conditioning purposes, solar powered ventilation apparatus; environmental control apparatus and installations for the purposes of sanitizing, namely ozonizers for sanitizing purposes, air cleaning filters [parts of air cleaning machines or installations], electric air purifiers, electric water purifiers for household purposes, water purifiers for industrial use, electric humidifiers, portable decontamination apparatus, wastewater purification units, water conditioning units; desalination installations; steam heating apparatus for industrial purposes; heating installations for industrial purposes.

Class 35

Business project management services for construction projects; commercial intermediation services; retail services for construction equipment; wholesale services for construction equipment; energy price comparison services; preparation of energy consumption statements; billing services in the field of energy; import-export agencies in the field of energy; procurement of contracts concerning energy supply; procurement services in the nature of purchasing energy supply for others; tracking and monitoring energy consumption for others for account auditing purposes; retail services for metal hardware; wholesale services for metal hardware; retail and wholesale services for non-metallic building materials; retail and wholesale services in relation to aluminium; retail and wholesale services in relation to common metals, unwrought or semi-wrought; retail and wholesale services in relation to alloys of common metal; distributorship services in the field of aluminium; retail and wholesale services in relation to electricity generators; negotiation and conclusion of commercial transactions for procurement of electricity for third parties; retail services

relating to electric charging infrastructures for electric vehicles; business management of infrastructures for electric vehicles; subscription services to electric vehicle charging services; electricity meter reading for billing purposes; arranging subscriptions to electric vehicle charging services; retail and wholesale services for electricity measuring instruments; business management supervision in the field of electric mobility; business project management services in the field of electric mobility; price comparison services relating to gas, electricity and water utilities; auditing utility rates for others; utility meter reading for billing purposes; retail services relating to electric charging infrastructures for hybrid vehicles; sales promotion and publicity relating to electric vehicle charging services; providing advice in the field of business efficiency; wholesale services for lighting.

Class 36

Energy brokerage services; brokerage of renewable energy credits; brokerage of financial investments in energy companies; brokerage of solar renewable energy credits; consultancy concerning financing of energy projects; agencies for collecting gas or electric power utility payments; arranging finance for construction projects; lease-purchase financing of mobile and modular constructions; real-estate affairs relating to industrial premises; real estate management services relating to industrial premises; investment trust services; services of brokers dealing in shares and property.

Class 37

Building and construction services; construction engineering services [construction consultancy]; construction engineering services [construction supervision]; construction project management [construction supervision]; commercial property construction; communications infrastructure construction; construction equipment rental; construction of commercial buildings; construction of industrial plants; construction, repair and maintenance of power plants; construction of energy and

power generating installations being structures; construction of solar power plants; construction of wind power plants; construction, maintenance and renovation of public works; power infrastructure construction; provision of construction advice; construction of structures for the production of natural gas; construction of structures for the storage of natural gas; construction of structures for the transportation of natural gas; real estate development [building and construction services]; construction of roads, sewers and water supply systems; construction, repair and maintenance of heat insulation systems; extraction of natural gas; installation of gas pipelines; gas supply system repair services; installation of gas detection systems; mining extraction, oil and gas drilling; compressed natural gas [CNG] fueling equipment installation, maintenance and repair; installation, maintenance and repair of gas and electricity systems; installation of apparatus for supply and distribution of gas; installation, maintenance and repair of gas, electricity and water supply apparatus; mining of metals; mining of metal ores; mining extraction services; installation, maintenance and repair of apparatus for processing metals; earthworks [excavation] in the field of the mining industry; mining extraction of minerals; construction of residential buildings; servicing and repair of lifting apparatus; construction work relating to the installation and maintenance of electrical systems.

Class 39

Distribution of energy; storage of energy and fuels; information and advisory services in relation to the distribution of energy; providing information on chemical storage of energy via a website; storage, distribution and supply of energy and fuel; supply of electrical energy, gas, water and district heating; leasing the use of power lines to third parties for the transmission of electricity; public utility services in the nature of electricity distribution.

Class 40

Energy generation services; conversion of waste energy into electricity [energy

recycling services]; conversion of waste energy into steam [energy recycling services]; leasing of energy generating equipment; processing and transforming of wind energy into electricity; processing and transforming of wave energy into electricity; processing and transforming of geothermal energy into electricity; processing and transforming of solar energy into electricity; processing and transforming of stored wind energy, stored wave energy, stored geothermal energy, stored solar energy into electricity; production of energy by power plants; production of renewable green energy; consultancy in the field of energy generation; production of electrical energy from renewable sources; production and processing of fuels, of energy from renewable sources and of energy from conventional sources, namely oil, natural gas, coal, nuclear energy; processing of natural gas; gas production services; natural gas liquefaction services; advisory services relating to production of electricity from liquefied natural gas; processing and transforming of mineral resources and of other raw materials, namely caustic soda, calcined coke, bauxite residues, foundry alloys, various metal, and mineral residues; treatment of metals; extrusion of metal alloys; recycling of metals; metal fabrication and finishing services; treatment of common metal materials; processing of earth materials to obtain metals [material processing]; drilling of metals; electro and metal coating, metal treating and casting, hardening of metal and metal products; provision of information in the field of mineral processing; recycling of minerals; sorting of waste and recyclable materials [transformation]; recycling of mineral waste; soil, waste or water treatment services [environmental remediation services]; treatment of waste materials in the field of environmental pollution control; sewage treatment services; water recycling and desalination services.

Class 41

Provision of educational and training services in relation to metals, energy production, minerals, and fuels; arranging and conducting of conferences, seminars, exhibitions and symposiums in relation to metals, energy production, minerals, and fuels;

training in the use of construction machinery.

Class 42

Engineering and technological consultancy for metal processing systems; engineering and technical support services for the design and configuration of hardware and software systems for use in metal finishing operations; computer programming for the energy industry; design and development of software for control, regulation and monitoring of solar energy systems; energy auditing services; energy consultancy in the field of increase savings by improving energy efficiency; design and development of energy distribution networks; development of energy and power management systems; engineering services in the field of energy technology; engineering services relating to energy supply systems; monitoring services relating to energy efficiency performance; professional consultancy in the field of energy saving; rental of meters for the recording of energy consumption; research in the field of renewable energy; design and development of regenerative energy generation systems; energy auditing services relating to electricity and natural gas; technological analysis relating to energy and power needs of others; technological consultancy in the field of alternative energy generation; conducting research and technical project studies relating to the use of natural energy; construction drafting services; construction planning services; construction research services; providing quality assurance in the construction industry; design of solar photovoltaic systems; research and development services relating to solar cells and electricity generation; scientific and industrial research in the field of photovoltaics and solar collectors; technical development of structural elements, devices and systems for solar collectors and photovoltaic plants; mineral exploration services; mineral quality evaluation; scientific research in the field of environmental conservation; technical consulting in the field of environmental engineering; providing technological information about environmentally conscious and green innovations; environmental testing; environmental assessment services; underground utility mapping services.

Class 45

Political lobbying services relating to energy policies; inspection of factories for safety purposes; regulatory compliance auditing; licensing services relating to the manufacture of goods; monitoring services of gas alarm systems for safety purposes; electronic monitoring services for control of building environmental access and security systems; legal research in the field of environmental conservation.

Goods and/or Services:

Class 03

Cakes of toilet soap; shampoos; laundry preparations; cleaning preparations; polishing preparations; grinding preparations; perfumery; cosmetics; toothpaste; incense; cosmetics for animals; air fragrancing preparations.

Class 05

Medicines for human purposes; radioactive substances for medical purposes; gases for medical purposes; chemical conductors for electrocardiograph electrodes; semen for artificial insemination; disinfectants; solutions for contact lenses; bouillons for bacteriological cultures; dietetic substances adapted for medical use; depuratives; medicines for veterinary purposes; pesticides; disinfectant wipes; antiseptic cotton; teeth filling material; diapers for pets.

Class 06

Common metals, unwrought or semi-wrought; pipes of metal; building materials of metal; railway material of metal; wire of common metal; clips of metal for cables and pipes; nails; fittings of metal for furniture; ironmongery; locks of metal, other than electric; safes [metal or non-metal]; hooks [metal hardware]; containers of metal [storage, transport]; storage containers; signboards of metal; bells for animals; rods of metal for welding; anchors; identification bracelets of metal; weather- or wind-vanes of metal; tree protectors of metal; traps for wild animals; works of art of common metal; ores of metal; monuments of metal.

Class 08

Hand tools, hand-operated; agricultural implements, hand-operated; garden tools, hand-operated; instruments and tools for skinning animals; harpoons; hand implements for hair curling; saws [hand tools]; flat irons; hobby knives [scalpels]; knives; side arms, other than firearms; table cutlery [knives, forks and spoons]; handles for hand-operated hand tools.

Class 09

Computers; computer peripheral devices; USB flash drives; mouse pads; data processing apparatus; computer software applications, downloadable; Downloadable computer software applications for smartphones; computer software platforms, recorded or downloadable; electronic publications, downloadable; time recording apparatus; apparatus to check franking; cash registers; self-checkout terminals; voting machines; face recognition equipment; electric ticket dispensing apparatus; punched card machines for offices; weighing machines; measures; electronic notice boards; radios; selfie sticks for mobile phones; cases for cellular phones; navigational instruments; cabinets for loudspeakers; camcorders; monitoring apparatus, other than for medical purposes; microphones; compact discs [audio-video]; earphones; cameras [photography]; surveying apparatus and instruments;

optical apparatus and instruments; materials for electricity mains [wires, cables]; data cable; semi-conductors; integrated circuits; conductors, electric; regulating apparatus, electric; video screens; remote control apparatus; optical fibres [light conducting filaments]; heat regulating apparatus; lightning conductors; ionization apparatus not for the treatment of air or water; fire extinguishing apparatus; radiological apparatus for industrial purposes; life-saving apparatus and equipment; theft prevention installations, electric; spectacles; sunglasses; batteries, electric; battery chargers; portable power supply [rechargeable batteries]; charging stations for electric vehicles; charging piles for electric cars; animated cartoons; egg-candlers; animal signalling rattles for directing livestock; electrified fences; sports whistles; portable remote control apparatus for reducing the speed of unmanned cars; decorative magnets; humanoid robots with artificial intelligence for making beverages.

Class 14

Alloys of precious metal; precious metals, unwrought or semi-wrought; jewellery boxes; jewellery; precious stones; jewellery charms; works of art of precious metal; key rings [split rings with trinket or decorative fob]; clocks; wristwatches.

Class 16

Paper; papers for painting and calligraphy; towels of paper; cardboard; advertisement boards of paper or cardboard; pamphlets; note books; postcards; printed matter; bookmarks; greeting cards; calendars; stickers [stationery]; figurines of papier mâché; printed publications; books; newspapers; periodicals; magazines [periodicals]; pictures; lithographic works of art; postage stamps; wrapping paper; staplers for paper; stationery; ink; stamps [seals]; pens [office requisites]; glue for stationery or household purposes; drawing instruments; drawing materials; typewriters, electric or non-electric; teaching materials [except apparatus]; tailors' chalk; architects' models; mezuzah parchments; school supplies [stationery].

Class 18

Leather, unworked or semi-worked; bags; rucksacks; pocket wallets; trunks [luggage]; trimmings of leather for furniture; leather straps; umbrellas; walking sticks; collars for animals.

Class 25

Clothing; layettes [clothing]; bathing suits; waterproof clothing; masquerade costumes; shoes; hats; hosiery; gloves [clothing]; scarves; girdles; religious clothing; sashes for wear; shower caps; sleep masks; hairdressing capes; wedding dresses.

Class 32

Beer; beer-based cocktails; non-alcoholic beverages; fruit juices; waters [beverages]; seltzer water; carbonated water; cocktails, non-alcoholic; non-alcoholic preparations for making beverages; syrups for beverages.

Class 35

Advertising; commercial or industrial management assistance; business research; arranging and conducting of commercial events; sales promotion for others; import-export agency services; provision of an online marketplace for buyers and sellers of goods and services; personnel management consultancy; systemization of information into computer databases; book-keeping; financial auditing; rental of vending machines; sponsorship search; rental of sales stands; retail services for pharmaceutical, veterinary and sanitary preparations and medical supplies.

Class 36

Insurance underwriting; insurance consultancy; providing insurance information; banking; financial management; financial evaluation [insurance, banking, real estate]; securities brokerage; capital investment; investment of funds; hire-purchase financing; art appraisal; real estate brokerage; real estate management; rental of real estate; financial customs brokerage services; surety services; charitable fund raising; trusteeship; lending against security.

Class 39

Transport; transportation logistics; providing traffic information; packaging of goods; GPS navigation services; boat rental; boat transport; car transport; air transport; car park services; carting; storage of goods; rental of warehouses; warehousing services; distribution of energy; operating canal locks; delivery of goods; travel reservation; arranging of transportation for travel tours; arranging of cruises; transport by pipeline; rental of wheelchairs; launching of satellites for others; bottling services.

Class 41

Teaching; instruction services; organization of exhibitions for cultural or educational purposes; arranging and conducting of conferences; organization of cultural and arts events; arranging and conducting of entertainment activities; organization of competitions [education or entertainment]; lending library services; publication of books; online publication of electronic books and journals; publication of texts, other than publicity texts; providing online electronic publications, not downloadable; film production, other than advertising films; entertainment services; providing sports facilities; toy rental; games equipment rental; conducting guided tours; providing museum facilities; zoological garden services; modelling for artists; organization of lotteries; rental of indoor aquaria.

Class 42

Technological research; urban planning; engineering; quality testing; geological research; chemical research; medical research; meteorological information; material testing; vehicle roadworthiness testing; packaging design; architectural services; conducting technical project studies for construction projects; dress designing; computer software design; maintenance of computer software; cloud computing; electronic data storage; software as a service [SaaS]; platform as a service [PaaS]; development of computer platforms; technical support services, namely, troubleshooting in the nature of diagnosing computer software problems; graphic arts

design; cloud seeding; handwriting analysis [graphology]; cartography services; rental of meters for the recording of energy consumption; weighing of goods for others; testing and analysis of goods being imported or exported for quarantine clearance purposes; rental of telescopes.

Class 45

Monitoring of burglar and security alarms; security screening of baggage; chaperoning; clothing rental; funerary undertaking; opening of security locks; dating services; fire-fighting; conducting religious ceremonies; adoption agency services; lost property return; rental of safes; genealogical research; planning and arranging of wedding ceremonies; releasing doves for special occasions; leasing of internet domain names; legal research.

Priority Details:

Applicant/Proprietor Details:

HUIYUAN INVESTMENT CO., LTD

ROOM 228, BUILDING NO.5, JICHENG VILLAGE,

YIZHUANG TOWN, DAXING DISTRICT

100000 BEIJING

National Trade Mark No:

40202421624R

International Registration No: 1810593

Date of Protection in Singapore: 01 April 2024

Classes: 03 05 10 35

Goods and/or Services:

Class 03

Non-medicinal toiletry preparations and cosmetic products; non-medicinal dentifrices; perfumery products; essential oils.

Class 05

Pharmaceutical products; pharmaceutical preparations; veterinary preparations; hygienic and sanitary products for medical use; dietetic foods for medical use; dietetic foods for veterinary use; food supplements for persons; food supplements for animals; dietetic substances for medical use; dietetic substances for veterinary use; food for babies; plasters, material for dressings; materials for dental fillings; dental impression materials; disinfectants; preparations for destroying vermin; fungicides; herbicides.

Class 10

Surgical apparatus and instruments; surgical apparatus and instruments for veterinary use; surgical apparatus and instruments for medical use; surgical apparatus and instruments for dental use; artificial limbs; artificial eyes; artificial teeth; orthopedic articles; suture materials; therapeutic and assistance devices for disabled persons; massage apparatus.

Class 35

Advertising; commercial business management; commercial business organization; business administration; advertising, particularly services for the promotion of goods; promotional and advertising services; advertising services relating to pharmaceutical products; advertising services relating to the sale of products; sales promotion services; business advisory services regarding the manufacture of products; retail, online retail, wholesale, online wholesale services via stores, online, by means of catalogs, and via global computer networks for non-medicinal cosmetic products and toiletry preparations, non-medicinal dentifrices, perfumery products, essential oils, pharmaceutical products, pharmaceutical preparations, veterinary preparations, hygienic and sanitary products for medical use, dietetic foods for medical use, dietetic foods for veterinary use, food supplements for humans, food supplements for animals, dietetic substances for medical use, dietetic substances for veterinary use, food for babies, plasters, material for dressings, materials for dental fillings, materials for dental impressions, disinfectants, preparations for destroying vermin, fungicides, herbicides, surgical, medical, dental and veterinary apparatus and instruments, artificial limbs, eyes and teeth, orthopedic articles, suture material, therapeutic and assistance devices for the disabled, massage apparatus, child care apparatus, devices and articles.

Goods and/or Services:

Class 09

Downloadable software for creating and managing cloud, high performance computing, cluster or grid computing resources, hybrid operating system environment and computing networks; downloadable software interface for accessing cloud, high performance computing, cluster or grid computing resources, hybrid operating system environment and computing networks for workload management by administrators, managers and end-users; downloadable software for policy-based governance, workload scheduling, resource and energy monitoring, control, management and provisioning by administrators, managers, and end users

in the nature of automated allocation of computing resources, analysis of computing resource availability and status information, installation of software and provisioning operating system changes, power management, software upgrades management, accounting and usage management for reporting and billing, third-party application integration management, workload policy management, and job scheduling for both batch and interactive jobs across cloud, high-performance computing, cluster or grid computing resources, hybrid operating system environments, and computing networks; downloadable software for governance, monitoring, managing, profiling, and indicating available computing and associated resources, namely, for intelligent automation and management of multiple resources, scheduling, operating system provisioning, power management, and computing resource policy implementation that enables administrators, managers, and end users to automate, control, and utilize multiple computing resources across cloud, high-performance computing, cluster or grid computing resources, hybrid operating system environments and computing networks; downloadable software for statistical diagnostic and performance monitoring, namely, analysis of utilization of computing resources, analysis of efficiency of use of computer resources, analysis of optimization of computing resources, analysis of fair sharing of computing resources, analysis of load balancing of computer systems, analysis of hybrid operating system environments, and analysis of power consumption in compute environments by organizations, entities, individuals, classifications of quality of service, queues, and computing nodes; downloadable software for providing a quality of service for submitted jobs and for scheduling guarantees and job reservations for users, groups, classes, accounts, and levels of quality of service; downloadable software for command-line and graphical resource and workload simulation, including simulation of simultaneous instances to explore the effects of configurations and policies on clusters, grids, high-performance computing environments, and computing networks; downloadable software for dynamic command-line and graphical management of computing resources, namely, management of software licenses within a single

computer administrative domain or across multiple heterogeneous computer administrative domains, hybrid operating system environments, file spaces, network-attached storage media, tape drives, processors, memory, disks, network bandwidth, and other hardware resources; downloadable software for interface with and collection of end-user commands for job, queue, operating system, power consumption, and system management, for internal diagnostic and logging facilities, and for integration of provisioning managers, billing systems, identity and security managers and databases, and translation of resource manager job submissions; downloadable software for peer-to-peer collaboration of multiple instances to provide domain-specific policies and to provide native resource management support; downloadable and recorded computer software for secure, high-performance edge computing and artificial intelligence processing, developing, training, and implementing edge computing artificial intelligence solutions, model and cloud development, device management, computer networking, hardware acceleration, object and audio detection, keyword spotting and voice control, data analysis, data processing and storage, shelf and spatial analytics, vehicle analytics, anomaly detection, and downloadable and recorded computer software development libraries featuring electronic data files consisting of software development tools for edge computing, artificial intelligence processing, and artificial intelligence models, all of the foregoing for use in the fields of artificial intelligence, machine learning, neural networks, deep learning, edge computing, high performance computing, distributed computing, data analytics, and information security; downloadable and recorded computer software for the development of secure, high-performance edge computing and artificial intelligence processing computer software applications for use in the fields of artificial intelligence, machine learning, neural networks, deep learning, edge computing, high performance computing, distributed computing, data analytics, and information security; intelligent edge devices consisting of computer hardware, data and vision processors, cameras and microphones, USB cables, power cables, AC/DC power converters, and antennas for use in the fields of artificial intelligence,

machine learning, neural networks, deep learning, edge computing, high performance computing, distributed computing, data analytics, and information security; edge computing and storage devices, namely, computer hardware, computer memory devices, and electronic storage devices in the nature of memory media for storing information collected from high-performance edge computing and artificial intelligence processing computer software applications for use in the fields of artificial intelligence, machine learning, neural networks, deep learning, edge computing, high performance computing, distributed computing, data analytics, and information security; downloadable security framework software for computer security, network and database security and performance, data and information security, security information and event management (SIEM), cloud security, identity and access management, privilege and permissions access management, database management, and security framework software for the collection, editing, organizing, modifying, transmission, processing, conversion, storage, analysis, and sharing of data and information to a cloud platform for use in the fields of artificial intelligence, machine learning, neural networks, deep learning, edge computing, high performance computing, distributed computing, data analytics, and information security; downloadable software for designing business processes in a visual form; downloadable software for accessing and integrating data from multiple databases, business software applications, and software as a service (SaaS) services; downloadable software for designing and automating workflows within and between business software applications and business software as a service (SaaS) services; downloadable computer software, namely, computer software for real-time analytics and debugging, computer software for user authentication, customer engagement, customer relationship management, computer software for providing messages, push notifications and information in the field of video games, computer software for user data capture, storage, and analysis, computer software for allowing users to perform electronic business transactions via a global computer network, computer software for generating coupon codes, payment processing, payment fraud detection,

and computer software for creating, using and managing virtual currency;
downloadable computer software for video game development, operation,
management, and hosting; microcontrollers; computer chipsets; microcontrollers and
chipsets for the secure transmission of data; computer hardware modules for use
with the Internet of Things (IoT); downloadable computer software and
telecommunications apparatus to enable a data connection between Internet of
things (IoT) devices or mobile connected computing devices and the Internet or
secure networks; downloadable software application platform for connecting people,
services and devices to the internet; home or industrial process automation software;
mobile application software for home or industrial process automation; operating
system software for cloud computing services and Internet of Things (IoT) devices;
cloud computing software; application software for cloud computing services;
operating software for cloud computing devices and the control and secure
management of cloud computing devices; downloadable computer software for data
storage and backup, database management, virtualization, networking, collaboration,
remote access, remote support, cloud computing, data sharing, data security, access,
administration and management of computer applications and computer hardware,
computer application distribution, and for transmission of voice, data, images, audio,
video, and information, and for content management, online project management,
online conferences, meetings, demonstrations, tours, presentations and interactive
discussions; downloadable computer software for media and design content creation;
downloadable computer software for image and video rendering, compression,
processing and visualization; downloadable computer software for administering and
managing video render farms; downloadable computer software for automating
image and video rendering and post-render tasks; downloadable computer software
for caching animated scene geometry; downloadable computer software for particle
rendering, shading, texturing, meshing, editing, simulating, manipulation and
management; downloadable computer software for visualization and processing of
digital images, film, video and data relating to computer graphics in the film,

broadcast, commercial marketing, video game, website development, computer-aided design, computer-aided manufacturing, engineering, and non-clinical medical visualization industries; downloadable computer software for the local and remote management of desktop computers, servers, and workstations, for rendering, processing, execution, and automation of other programs and computer software applications on individual or multiple concurrent computer systems; data processing computer software; downloadable computer software for cloud computing; downloadable computer software for managing virtual machines; downloadable computer software for use in cloud infrastructure management and automation; downloadable computer software for running cloud computing based applications; downloadable computer software that provides access to cloud-based scalable computing resources and data storage; downloadable computer software for monitoring cloud and application performance; downloadable computer software for event logging, reporting, analysis and alert generation; downloadable computer software for collecting, synchronizing, and monitoring of data and information; downloadable computer software for data and desktop streaming; downloadable computer software for logging changes within a database; downloadable computer software for computer network management and automation; cryptography software; network access management software; game software; game engine software; downloadable computer software to manage, connect, and operate internet of things (IOT) electronic devices; computer software development tools; software development kits (SDK); downloadable computer software for application development; downloadable computer software, namely, software for managing, monitoring, identifying, tracking, logging, analyzing and profiling robots and robotics applications; downloadable computer software for data processing, data transmission, data analytics, and electronic device operation, monitoring, management and communication in the fields of robotics and automated operations; downloadable computer software development tools for robotics applications and automated operations; downloadable computer software for the design, development,

and testing of robots, robotics applications and automated operations; downloadable software for the design, development, and testing of robotics applications and automated operations; downloadable computer software for measuring, analyzing and monitoring performance of robotics applications and automated operations; downloadable computer software for real-time messaging, authentication and security in the robotics field; downloadable computer software for end-to-end development and management of robotics applications and automated operations; downloadable computer software for creation, development and iteration of robotics functionalities; downloadable computer software for monitoring robotics and human operated equipment in manufacturing and logistics operations; downloadable computer software for gathering and analyzing equipment data in manufacturing and logistics operations; downloadable computer software for remotely orchestrating robotics and automated equipment in manufacturing and logistics operations; downloadable computer software for remotely orchestrating robotics and automated equipment in manufacturing and logistics operations for resolving operational issues; downloadable computer software for monitoring sensors; downloadable computer software for analyzing sensor signals from machines; downloadable computer software for connecting, operating, and managing networked robots and robotics systems in the internet of things (IoT); downloadable computer software using artificial intelligence for use in managing manufacturing and logistics equipment to improve efficiency and reduce costs in automated operations; downloadable computer software using artificial intelligence for automatically optimizing industrial robotic workflows and providing machine learning (ML) based recommendations to identify and resolve operational workflow and logistics issues.

Class 35

Operating online marketplaces for buyers and sellers of goods and services; online marketplace services, namely, computerized online ordering featuring software developer tools and cloud computing software and services; online marketplace

services, namely, operating an online marketplace featuring computer software, applications, and software solutions for buyers and sellers of goods and services; business advisory, consultancy, research and information services; data processing services; database management; management and compilation of computerized databases; business records management; business data analysis; analyzing and compiling business data; business management and business consulting services in the fields of database management, information technology, cloud computing, web hosting, and enterprise architecture; providing online business administration of accounts for others in the field of web hosting; advertising and marketing services; providing consumer and business information via a website; advertising and directory services, namely, promoting the goods and services of others by providing a web page featuring links to the websites of others; conducting and arranging trade show exhibitions in the fields of technology, cloud computing, web services, software, software as a service (SaaS), artificial intelligence, software development, game development, databases, data processing and analytics, data storage, data warehousing, data archiving, data and information security, networking, mobile computing, and the Internet of Things (IoT); message and conference call transcription services; business process re-engineering services to optimize robotic workflows and identify and resolve operational workflow and logistics issues utilizing machine learning-based recommendations.

Class 38

Electronic data transmission; streaming of data; streaming of software applications; providing data streaming capacity to others; electronic transmission and streaming of digital media content for others via cloud-based computer networks; streaming of audio and video material on the Internet; streaming of audio, visual and audiovisual material via a cloud-based computer network; video-on-demand transmission; telecommunications services, namely, transmission of voice, data, images, audio, video, and information via a cloud-based communication networks; providing access

to telecommunication networks; providing multiple user access to global computer information networks for the transfer and dissemination of a wide range of information; providing user access to computer software in data networks; providing access to remotely hosted operating systems and computer applications through the internet; providing access to cloud based computing resources and storage; providing access to databases; providing virtual private network (VPN) services; telephone communications; voice over Internet protocol (VOIP) services; web conferencing services; call routing services; providing voice chat services; providing internet chat rooms; transmission of messages; providing on-line forums for transmission of messages among computer users; call recording services.

Class 39

Physical storage of electronic data, text, images, files, audio, video, documents, and databases; providing information and consultation services regarding the physical storage of electronic data, text, images, files, audio, video, documents, and databases; physical storage services for archiving electronic data, text, images, files, audio, video, documents, and databases.

Class 41

Education services, namely, conducting seminars, classes, workshops, online courses, and conferences in the fields of technology, computers, computer software, computer networks, web services, mobile computing, cloud computing, software as a service (SaaS), platform as a service (PaaS), mobile-backend as a service (MBAAS), artificial intelligence, software development, game development, databases, data processing and analytics, data storage, data warehousing, data archiving, data and information security, networking, mobile computing, and the Internet of Things (IoT); online publication of journals or diaries [blog services] in the fields of technology, cloud computing, web services, software as a service (SaaS), platform as a service (PaaS), mobile-backend as a service (MBAAS), artificial intelligence, software

development, game development, internet of things, databases, and mobile computing.

Class 42

Software as a service (SaaS) services featuring software for designing business processes in a visual form; software as a service (SaaS) services featuring software for accessing and integrating data from multiple databases, business software applications, and SaaS services; software as a service (SaaS) services featuring software for designing and automating workflows within and between business software applications and business SaaS services; software as a service (SaaS) services featuring software for database design and development; software as a service (SaaS) services featuring software for use in database management; software as a service (SaaS) services featuring software for creating and managing cloud, high performance computing, cluster or grid computing resources, hybrid operating system environment and computing networks; software as a service (SaaS) services featuring software interface for accessing cloud, high performance computing, cluster or grid computing resources, hybrid operating system environment and computing networks for workload management by administrators, managers and end-users; software as a service (SaaS) services featuring software for policy-based governance, workload scheduling, resource and energy monitoring, control, management and provisioning by administrators, managers, and end users in the nature of automated allocation of computing resources, analysis of computing resource availability and status information, installation of software and provisioning operating system changes, power management, software upgrades management, accounting and usage management for reporting and billing, third-party application integration management, workload policy management, and job scheduling for both batch and interactive jobs across cloud, high-performance computing, cluster or grid computing resources, hybrid operating system environments, and computing networks; software as a service (SaaS) services featuring software for governance,

monitoring, managing, profiling, and indicating available computing and associated resources, namely, for intelligent automation and management of multiple resources, scheduling, operating system provisioning, power management, and computing resource policy implementation that enables administrators, managers, and end users to automate, control, and utilize multiple computing resources across cloud, high-performance computing, cluster or grid computing resources, hybrid operating system environments and computing networks; software as a service (SaaS) services featuring software for statistical diagnostic and performance monitoring, namely, analysis of utilization of computing resources, analysis of efficiency of use of computer resources, analysis of optimization of computing resources, analysis of fair sharing of computing resources, analysis of load balancing of computer systems, analysis of hybrid operating system environments, and analysis of power consumption in compute environments by organizations, entities, individuals, classifications of quality of service, queues, and computing nodes; software as a service (SaaS) services featuring software for providing a quality of service for submitted jobs and for scheduling guarantees and job reservations for users, groups, classes, accounts, and levels of quality of service; software as a service (SaaS) services featuring software for command-line and graphical resource and workload simulation, including simulation of simultaneous instances to explore the effects of configurations and policies on clusters, grids, high-performance computing environments, and computing networks; software as a service (SaaS) services featuring software for dynamic command-line and graphical management of computing resources, namely, management of software licenses within a single computer administrative domain or across multiple heterogeneous computer administrative domains, hybrid operating system environments, file spaces, network-attached storage media, tape drives, processors, memory, disks, network bandwidth, and other hardware resources; software as a service (SaaS) services featuring software for interface with and collection of end-user commands for job, queue, operating system, power consumption, and system management, for internal

diagnostic and logging facilities, and for integration of provisioning managers, billing systems, identity and security managers and databases, and translation of resource manager job submissions; software as a service (SaaS) services featuring software for peer-to-peer collaboration of multiple instances to provide domain-specific policies and to provide native resource management support; platform as a service (PaaS), namely, platform as a service (PaaS) featuring computer software platforms used for real-time analytics and debugging, platform as a service (PaaS) featuring computer software platforms used for user authentication, customer engagement, customer relationship management, and providing messages, push notifications and information in the field of video games, platform as a service (PaaS) featuring computer software platforms used for user data capture, storage and analysis, platform as a service (PaaS) featuring computer software platforms allowing users to perform electronic business transactions via a global computer network, and platform as a service (PaaS) featuring computer software platforms used for generating coupon codes, payment processing, payment fraud detection, and for creating, using and managing virtual currency; platform as a service (PaaS) featuring computer software platforms used for the operation, management and hosting of online video games; software as a service (SaaS), namely, software as a service (SaaS) featuring computer software platforms used for real-time analytics and debugging, software as a service (SaaS) featuring computer software platforms used for user authentication, customer engagement, customer relationship management, and providing messages, push notifications and information in the field of video games, software as a service (SaaS) featuring computer software platforms used for user data capture, storage and analysis, software as a service (SaaS) featuring computer software platforms allowing users to perform electronic business transactions via a global computer network, and software as a service (SaaS) featuring computer software platforms used for generating coupon codes, payment processing, payment fraud detection, and for creating, using and managing virtual currency; software as a service (SaaS) featuring computer software used for the operation, management and hosting of

online video games; platform as a service (PAAS) featuring computer software platforms for developing, deploying and managing web applications; platform as a service (PAAS) featuring computer software platforms for real-time modification of web applications, chat room programs, Internet of Things (IoT) software, video game software, analytics dashboards and internet-based software; providing temporary use of non-downloadable software for developing, deploying and managing web applications; providing temporary use of non-downloadable software for real-time modification of web applications, chat room programs, Internet of Things (IoT) software, video game software, analytics dashboards and internet-based software; design and development of computer hardware and software, namely, microcontrollers, computer chipsets and operating software for the aforementioned; design, development and maintenance of computer hardware modules for use with the Internet of Things (IoT); programming of operating software for accessing and using a cloud computing networks and lot (Internet of Things) devices and their components; design and development of data processing systems for the Internet of Things (IoT) and IoT devices; provision of non-downloadable system operating software for transmitting, receiving, synchronizing, displaying, backing-up, monitoring, controlling, sharing, coding, decoding, encrypting, accessing, remotely accessing, creating, collecting, storing, securing, removing, transferring, disseminating, locating, organizing or otherwise utilizing data, voice, multimedia, audio, visual, music, photographs, drawings, images, audio-visual, video, text, graphics or other data, including over a global communications network; Design and development of operating software for cloud computing networks and Internet of Things (IoT) devices; Providing temporary use of on-line non-downloadable operating software for accessing and using a cloud computing network; programming of operating software for accessing and using a cloud computing network; rental of operating software for accessing and using a cloud computing network; design and development of embedded devices; software as a service (SaaS) services for the control and monitoring of cloud computing networks and Internet of Things (IoT) devices;

infrastructure as a service (IaaS) services for use with Internet of Things (IoT) devices and networks; consultation in relation to all of the aforementioned; providing information in the fields of technology, computers, computer software, computer networks, web services, mobile computing and artificial intelligence via a website; providing temporary use of non-downloadable software for use in teaching about software development; computer services, namely, cloud hosting provider services; computer security services, namely, enforcing, restricting and controlling access privileges of users of computing resources for cloud resources based on assigned credentials; computer services, namely, integration of private and public cloud computing environments; consulting services in the field of cloud computing technology, infrastructure-as-a-service (IAAS) cloud computing technology, software-as-a-service (SAAS) cloud computing technology, and platform-as-a-service (PAAS) cloud computing technology; providing virtual computer systems and virtual computer environments through cloud computing; application service provider (ASP), namely, hosting computer software applications of others; cloud computing featuring software for use in creating web applications, data storage and backup, database management, virtualization, networking, collaboration, remote access, remote support, cloud computing, data sharing, data security, access, administration and management of computer applications and computer hardware, computer application distribution, and for transmission of voice, data, images, audio, video, and information, and for content management, online project management, online conferences, meetings, demonstrations, tours, presentations and interactive discussions; platform-as-a-service (PAAS), infrastructure-as-a-service (IAAS) and software-as-a-service (SAAS) services featuring computer software platforms for creating web applications, data storage and backup, database management, virtualization, networking, collaboration, remote access, remote support, cloud computing, data sharing, data security, access, administration and management of computer applications and computer hardware, computer application distribution, and for transmission of voice, data, images, audio, video, and information, and for

content management, online project management, online conferences, meetings, demonstrations, tours, presentations and interactive discussions; computer services, namely, creating cloud-based indexes of information; software as a service (SaaS) services featuring software for security information and event management (SIEM) employing artificial intelligence and machine learning to enable automated responses in real time to security vulnerabilities, threats and events; providing temporary use of non-downloadable computer software for collection, storage, analysis and presentation of data for forensic analysis of security events and for security compliance; providing online non-downloadable software for secure, high-performance edge computing and artificial intelligence processing, developing, training, and implementing edge computing artificial intelligence solutions, model and cloud development, device management, computer networking, hardware acceleration, object and audio detection, keyword spotting and voice control, data analysis, data processing and storage, shelf and spatial analytics, vehicle analytics, anomaly detection, and providing online non-downloadable software development libraries featuring electronic data files consisting of software development tools for edge computing, artificial intelligence processing, and artificial intelligence models, all of the foregoing for use in the fields of artificial intelligence, machine learning, neural networks, deep learning, edge computing, high performance computing, distributed computing, data analytics, and information security; software as a service (SaaS) featuring non-downloadable software for secure, high-performance edge computing and artificial intelligence processing, developing, training, and implementing edge computing artificial intelligence solutions, model and cloud development, device management, computer networking, hardware acceleration, object and audio detection, keyword spotting and voice control, data analysis, data processing and storage, shelf and spatial analytics, vehicle analytics, anomaly detection, and providing online non-downloadable software development libraries featuring electronic data files consisting of software development tools for edge computing, artificial intelligence processing, and artificial intelligence models, all of

the foregoing for use in the fields of artificial intelligence, machine learning, neural networks, deep learning, edge computing, high performance computing, distributed computing, data analytics, and information security; connectivity as a service (CaaS) featuring online non-downloadable computer software for network management, data processing, and connecting with virtual networks (VNet), virtual private networks (VPN), virtual network NAT (network address translation) gateways, the Internet, the cloud, global communications networks, wide area network (WAN), local area network (LAN), and virtual machines for use in the fields of artificial intelligence, machine learning, neural networks, deep learning, edge computing, high performance computing, distributed computing, data analytics, and information security, hardware as a service (HaaS), namely, rental of computer hardware and computer peripherals; platform as a service (PaaS) featuring non-downloadable software platforms for secure, high-performance edge computing and artificial intelligence processing, developing, training, and implementing edge computing artificial intelligence solutions, model and cloud development, device management, computer networking, hardware acceleration, object and audio detection, keyword spotting and voice control, data analysis, data processing and storage, shelf and spatial analytics, vehicle analytics, anomaly detection, and providing online non-downloadable software platforms containing development libraries featuring electronic data files consisting of software development tools for edge computing, artificial intelligence processing, and artificial intelligence models, all of the foregoing for use in the fields of artificial intelligence, machine learning, neural networks, deep learning, edge computing, high performance computing, distributed computing, data analytics, and information security; computer consultancy services, namely, computer software consultancy and consultancy in connection with all of the aforesaid services; software as a service (SaaS) services featuring software for use in data governance and management to enable users to integrate, manage, classify, label and search for data and electronic information across a network and across multiple platforms and systems; software as a service (SaaS) services featuring

software for designing, creating, constructing and managing data maps to facilitate use of and access to data and electronic information across a network and across multiple platforms and systems; software as a service (SaaS) services featuring software for extracting and generating accurate and up-to-date data lineage across a network and across multiple platforms and systems; and software as a service (SaaS) services featuring software for management, retention, preservation, classification, access, control, compliance management and disposition of metadata; software as a service (SaaS) services, namely, software for managing, monitoring, identifying, tracking, logging, analyzing and profiling robots and robotics applications; software as a service (SaaS) services featuring software for data processing, data transmission, data analytics, and electronic device operation, monitoring, management and communication in the fields of robotics and automated operations; software as a service (SaaS) services, namely, software development tools for robotics applications and automated operations; software as a service (SaaS) services featuring software for the design, development, and testing of robots, robotics applications and automated operations; software as a service (SaaS) services featuring software for the design, development, and testing of robotics applications and automated operations; software as a service (SaaS) services featuring software for measuring, analyzing and monitoring performance of robotics applications and automated operations; Software as a service (SaaS) services featuring software for real-time messaging, authentication and security in the robotics field; software as a service (SaaS) services featuring software for end-to-end development and management of robotics applications and automated operations; software as a service (SaaS) services featuring software for creation, development and iteration of robotics functionalities; software as a services (SaaS) services featuring software for monitoring robotics and human operated equipment in manufacturing and logistics operations; software as a services (SaaS) services featuring software for gathering and analyzing equipment data in manufacturing and logistics operations; software as a services (SaaS) services featuring software for

remotely orchestrating robotics and automated equipment in manufacturing and logistics operations; software as a services (SaaS) services featuring software for remotely orchestrating robotics and automated equipment in manufacturing and logistics operations for resolving operational issues; software as a services (SaaS) services featuring software for monitoring sensors; software as a services (SaaS) services featuring software for analyzing sensor signals from machines; software as a service (SAAS) services featuring software for monitoring machine performance and reliability; software as a service (SAAS) services featuring software for connecting, operating, and managing networked robots and robotics systems in the internet of things (IoT); research and development in the field of robotics software and applications, machine learning and artificial intelligence; computer systems analysis; consultation services in the field of cloud computing; consulting services in the design and development of computer systems, software and hardware; computer technology consultancy; consulting services in the field of robotics software and applications; providing temporary use of online non-downloadable cloud computing software for use in the field of robotics; software as a service (SAAS) services featuring software using artificial intelligence for use in managing manufacturing and logistics equipment to improve efficiency and reduce costs in automated operations; application service provider (ASP) services featuring software using artificial intelligence for automatically optimizing industrial robotic workflows and providing machine learning (ML) based recommendations to identify and resolve operational workflow and logistics issues; software as a service (SaaS) services featuring software for media and design content creation; software as a service (SaaS) services featuring software for image and video rendering, compression, compositing, processing and visualization; software as a service (SaaS) services featuring software for administering and managing video render farms; software as a service (SaaS) services featuring software for automating image and video rendering and post-render tasks; software as a service (SaaS) services featuring software for caching animated scene geometry; software as a service (SaaS) services featuring

software for particle rendering, shading, texturing, meshing, editing, simulating, manipulation and management; software as a service (SaaS) services featuring software for visualization and processing of digital images, photographs, film, video and data relating to computer graphics in the film, broadcast, commercial marketing, video game, website development, computer-aided design, computer-aided manufacturing, engineering, and non-clinical medical visualization industries; software as a service (SaaS) services featuring software for the local and remote management of desktop computers, servers, workstations, tablets, personal digital assistants and smartphones, for rendering, processing, execution, and automation of other programs and computer software applications on individual or multiple concurrent computer systems; information technology (IT) services; cloud computing hosting services; hosting of digital content on the Internet; cloud hosting of electronic databases and virtual computing environments; server hosting; computer time-sharing services; computer services, namely, providing virtual application, web, file, database and storage servers of variable capacity to others; scaling services, namely, providing variable computing and electronic storage capacity to others; electronic data storage; rental of web servers and co-location servers for containerized data centers of others; application service provider (ASP), namely, hosting computer software applications and databases of others; computer services, namely, hosting, managing, provisioning, scaling, administering, maintaining, monitoring, securing, encrypting, decrypting, replicating and backing up databases and cloud computing environments for others; computer software rental; providing information in the fields of information technology, cloud computing, web services, software, software as a service (SaaS), artificial intelligence, software development, game development, databases, data processing and analytics, data storage, data warehousing, data archiving, data and information security, networking, mobile computing, and the Internet of Things (IoT); data and application migration services; data mining services; data backup and data restoration services; remote online backup of computer data; data encryption and decryption services; data warehousing;

computer services, namely, monitoring the web sites of others to improve their scalability and performance; computer services, namely, enforcing, restricting and controlling access privileges of users of computing and network resources based on assigned credentials; providing search engines for obtaining data via communications networks; creating indexes of computer network-based information, sites, and other resources available on global computer networks for others; dedicated IP address hosting for others; domain name server (DNS) services for others, namely, providing computer servers for electronic storage of domain name addresses and resolution of domain name address requests; computer services, namely, intrusion detection and protection; computer services, namely, providing virtual data storage and caching to others; computer services, namely, cloud hosting of virtual desktops and applications; cross-platform conversion of digital content into other forms of digital content; digital compression of computer data; software as a service (SaaS), namely, software for data processing; software as a service (SaaS) featuring software for cloud computing; software as a service (SaaS) featuring software for virtualization; software as a service (SaaS) featuring software for managing and deploying virtual machines to a cloud computing platform; software as a service (SaaS) featuring software for use in cloud infrastructure management and automation; software as a service (SaaS) featuring software for running cloud computing based applications; software as a service (SaaS) featuring software platforms for cloud computing networks and applications; software as a service (SaaS) featuring software that provides access to cloud-based scalable computing resources and data storage; software as a service (SaaS) featuring software for monitoring cloud and application performance; software as a service (SaaS) featuring software for event logging, reporting, analysis and alert generation; software as a service (SaaS) featuring software for collecting, editing, modifying, organizing, synchronizing, integrating, monitoring, transmitting, storage and sharing of data and information; software as a service (SaaS) featuring software for data, desktop and application streaming; software as a service (SaaS) featuring software

for data backup, recovery and archiving; software as a service (SaaS) featuring software for data transfer and migration; software as a service (SaaS) featuring software for data protection and data security; software as a service (SaaS) featuring software for data warehousing; software as a service (SaaS) featuring database management software; software as a service (SaaS) featuring software for creating, configuring, provisioning and scaling databases; software as a service (SaaS) featuring software for storing, retrieving, caching, extracting, formatting, structuring, systematizing, organizing, indexing, processing, querying, analyzing, replicating and controlling access to data; software as a service (SaaS) featuring software for logging changes within a database; software as a service (SaaS) featuring software for improving database performance; software as a service (SaaS) featuring software for configuring, provisioning and scaling data cache storage for databases; software as a service (SaaS) featuring software for computer network management and automation; software as a service (SaaS) featuring software for monitoring computer network access and activity; software as a service (SaaS) featuring user authentication software; software as a service (SaaS) featuring cryptography software; software as a service (SaaS) featuring software for monitoring, tracking, logging, analyzing, auditing and reporting in the field of regulatory and information security compliance; software as a service (SaaS) featuring software for monitoring, tracking, logging and analyzing computer network events, user activity, changes to resource activity and security statistics; software as a service (SaaS) featuring network security software; software as a service (SaaS) featuring network threat detection software; software as a service (SaaS) featuring network access management and monitoring software; software as a service (SaaS) featuring search engine software; software as a service (SaaS) featuring software for searching databases; software as a service (SaaS) featuring software for creating searchable databases of information and data; software as a service (SaaS) featuring business intelligence software; software as a service (SaaS) featuring software that provides real-time, integrated business management intelligence by combining information

from various databases; software as a service (SaaS) featuring business analytics software for collecting and analyzing data to facilitate business decision making; software as a service (SaaS) featuring software for use in big data analysis; software as a service (SaaS) featuring software that automates the processing of unstructured, semi-structured and structured information and data stored on computer networks and the Internet; software as a service (SaaS) featuring e-commerce software to allow users to perform electronic business transactions via a global computer network; software as a service (SaaS) featuring software for operating and managing call centers and contact centers; software as a service (SaaS) featuring software for speech, facial and optical character recognition; software as a service (SaaS) featuring software for converting text to speech; software as a service (SaaS) featuring software for image analysis, identification, and processing; software as a service (SaaS) featuring software for video streaming and for high-speed formatting and processing of audio and video streams; software as a service (SaaS) featuring software for deploying live and on-demand video content; software as a service (SaaS) featuring software for provisioning and dynamically scaling video processing, delivery, and storage services; software as a service (SaaS) featuring software used to process, convert, transcode, encode, decode, encrypt, decrypt, distribute and manipulate digital video, image and audio files; software as a service (SaaS) featuring software for inserting and removing advertising and other content into video streams; software as a service (SaaS) featuring game software; software as a service (SaaS) featuring game engine software; software as a service (SaaS) featuring software to manage, connect, and operate internet of things (IOT) electronic devices; software as a service (SaaS) featuring software for enabling electronic devices to operate and communicate locally while retaining the benefits of analytics and high-level services in the cloud; software as a service (SaaS) featuring software development tools; software as a service (SaaS) featuring software development kits (SDK); software as a service (SaaS) featuring software for application development, testing, deployment and management; software as a

service (SaaS) featuring software for managing software development projects and teams; monitoring of computer systems and databases for security purposes in the nature of protecting data and information from unauthorized access; computerized security services, namely, electronically monitoring, detecting and reporting on suspicious and abnormal patterns of computer network access or activity in the nature of protecting data and information from unauthorized access; providing user authentication services for accessing a secure virtual computing environment; application service provider, namely, providing, hosting, managing, developing and maintaining applications, software, websites and databases in the fields of data storage, shared computing capacity scaling, and messaging services; information technology services.

Class 45

Domain name registry services, namely, coordinating the registration of domain names for identification of users and internet protocol addresses on the Internet; providing online information from a computer database in the field of domain name registration.

Mark Clause(s):

The following claim is made in the International Registration: Colour(s) claimed: The color(s) BLUE is/are claimed as a feature of the mark. The mark consists of the word OMNIVA in dark blue stylized font appearing to the right of a diamond design comprised of smaller light blue and dark blue diamonds; the two light blue center diamonds being connected together vertically by a light blue line, and the bottom center light blue diamond being connected together horizontally to the light blue diamond to its left by a light blue line; the two dark blue diamonds at the top center being connected together horizontally by a dark blue line, the left center dark blue diamond being connected together vertically to the dark blue diamond below it with a dark blue line, and the lower center left dark blue diamond being connected together

horizontally to the dark blue diamond to its left by a dark blue line; the two dark blue diamonds at the center right being connected together horizontally by a dark blue line, the left center dark blue diamond being connected together vertically to the dark blue diamond below it with a dark blue line, and the lower center right dark blue diamond being connected together horizontally to the dark blue diamond to its left by a dark blue line.

KAKEAI

Goods and/or Services:

Class 09

Electronic control apparatus; computers; computer peripherals; computer programs; computer software applications, downloadable; application software; downloadable sound, music, image, video and text data; downloadable image and text information of magazines, books, newspapers, maps, photographs and drawings; electronic

publications.

Class 35

Provision and rental of advertising space; presentation of companies on the Internet and other media; consultancy, advisory and information services relating to corporate administration, business management and operations, business organizations, personnel management, workforce management and office administration; advisory and consultancy services relating to organization management and personnel management in enterprises and workplaces; collection, accumulation, analysis and reporting of business data for managerial decision making; analysis and consultancy relating to managerial strategies pertaining to human resources of enterprises; business intermediary services relating to the matching of various professionals with clients; conducting business questionnaire surveys and analysis or evaluation of the results, and providing information relating thereto in the field of business, consumer surveys, and public opinion surveys; customer satisfaction surveys; providing business statistical information; compilation of statistical information; business management and operation of social networking sites; business operation of community sites on Internet site homepages; recruitment and personnel management services, and consultancy and information services relating thereto; providing information and consultancy relating to personnel placement and employment agency services; employment outplacement services; providing information relating to counseling for finding and changing jobs; providing information about articles in newspapers, books and magazines being news clipping services; advertising and publicity services; business management analysis or business consultancy; business management; employment agency services; compilation of information into computer databases; publicity material rental; providing employment information; providing information about newspaper articles being news clipping services.

Class 41

Multimedia publishing of magazines, journals and newspapers; providing electronic publications.

Class 42

Consultancy in the design and development of computer hardware; rental of computers; computer software design, computer programming, or maintenance of computer software; technological advice relating to computers, automobiles and industrial machines; providing computer programs on data networks; rental of computer software; rental of application software; software as a service [SaaS]; hosting platforms on the Internet.

Class 45

Online social networking services; operation of social networking services via websites for the purpose of providing communities for users to interact with each other established on the Internet; social introduction agency services, namely, providing information for finding and introducing friends for social networking users via websites on the Internet; social introduction agency services; marriage partner introduction or dating services, namely, introduction of a person of the opposite sex to marriage partner agencies in the nature of matrimonial agencies and to people who wish to marry or date using the Internet and other communication networks, and providing information relating thereto; lifestyle counseling in the nature of spiritual assistance; providing information relating to lifestyle counseling in the nature of spiritual assistance; lifestyle counseling in the nature of spiritual assistance by an agency; lifestyle counseling in the nature of spiritual assistance by others to meet the needs of individual; legal counseling and information services; marriage partner introduction or dating services; provision of expert legal opinions.

Goods and/or Services:

Class 09

Electrical and electronic data processing equipment and computers; devices for digital and analog signal processing, namely modems; electrical circuit boards, including for processing digital and analog signal; apparatus for the input, output, transmission and recording of data including reading devices and writing implements for data carriers (included in this class), namely printers, plotters, data transfer equipment (modems), light pens, joystick, scanner, multifunction keyboard, trackball input devices, namely computer mices and computer trackballs, speech input devices, audio and visual playback equipment for data processing equipment, namely monitors and speakers for use in glasses or helmets in the form of accessory or clipping devices; data carriers with or without programs and/or data files, namely floppy discs, magnetic tapes, hard disk storage units and read-only memories (ROM), random access memory [RAM] and plug-in cards, optical disks (except exposed or unexposed film) including CD-ROMs and WORM (write once, read many); integrated circuits provided on printed conductor plates, namely plug-in cards; accessories for electronic data processing equipment, namely cables, connectors, stands adapted for monitors and printers, voltage and electricity stabilizers, emergency power supply devices, voltage surge protectors, including surge plugs, mouse pads; downloadable electronic manuals stored on data carriers.

Class 16

Printed matter in the field of computer technology and computer programs, namely printed instruction and user manuals, forms, printed field manuals, books including manuals, printed documents representing computer program, printed accompanying documents for computer programs; teaching materials (except apparatus) in the form of printed matters, namely work books and training manuals in the field of computer technology and computer programs; paper, cardboard (carton) and boxes of paper or

cardboard and packaging bags made of paper and cardboard.

Class 38

Email and mailbox services, namely transmission and distribution of news and information of all kinds.

Class 41

Publication of magazines and newspapers.

Class 45

Granting of licenses relating to the copying of data processing programs, including relating to the copying of computer and video games and files.

Goods and/or Services:

Class 07

Machine tools and parts thereof, electric welding machines, hydraulic presses for drawing, machines for cooling and tempering metallurgical products, couplings and

transmission belts (other than for land vehicles), mechanical grinding machines, automated high cadence assembly machines, robotic arms and manipulator arms [parts of machines], machines for deburring mechanical parts, assembly lines (machines), hydraulic and pneumatic engines, hydraulic and pneumatic brakes for machines, hydraulic and pneumatic cylinders, aerodynamic testing machines, mufflers for machines, machines for the paper industry, mixing machines, machine presses; industrial dust removing machines.

Class 09

Apparatus for sending, recording, transmission or reproduction of sound or images; magnetic recording media; magnetic or optical data media; computer database servers; electronic memories; software, especially data processing software (recorded programs); software for creating, managing, updating and using databases; industrial logistics software packages; software packages for controlling manufacturing, resource management, storage, delivery and routing of batches of goods; software packages for document management, data collection and data acquisition; software packages for connecting systems for computer-assisted production management; software for access to electronic mail services or to computer or data transmission networks; electrical test apparatus; reference apparatus for use in testing [laboratory or scientific apparatus]; high voltage capacitors; low voltage switching devices; distribution boards [electricity]; electricity conduits; electrical connections; electrical ducts; electrical relays; electric transformers; electrical transformers; apparatus and instruments for measuring, signaling, testing (supervision); optical electronic components; optical fibers; electronic equipment and installations for controlling the temperature of industrial installations.

Class 11

Apparatus for lighting, heating, steam generation, cooking, refrigeration, drying,

ventilation, air conditioning, (including for vehicles), water distribution installations, waste water purification installations, sanitary installations, solar collectors and heat accumulators, heat pumps, heat exchangers, special furnaces, waste incinerators, refining towers for distillation.

Class 35

Administrative management of computer databases and computer networks; computerized file management; data input and processing services; computer file management consulting; updating documentation [data processing] in connection with a database and accessible via networks; business valuations and appraisals; advisory services for business management in various fields; commercial or industrial management assistance; economic forecasting.

Class 37

Construction of buildings, public works, rural works, installation of power grids, installation of electric lines, installation, maintenance and repair of industrial apparatus and equipment.

Class 42

Technological research and development for others in various industrial sectors; testing laboratory services; measurement and analysis of physical quantities, in particular as regards size, strain, vibrations, shock, temperature, electric and magnetic fields; technical and scientific appraisal; quality control; calibration, measuring and testing services; certification services; industrial design services; construction drafting; research in the field of environmental protection; biological bacteriological and chemical research; mechanical research; scientific and industrial research in connection with new information technologies for computer and communication networks; conducting technological studies, advice and analysis in the field of telecommunications and computer or data transmission networks; development (design) of software and software packages for industrial production

control systems; development of software packages (design) for making production information systems including controlling, optimizing and monitoring industrial production and manufacturing activities.

Classes:	07 09 12 35 37 38 41 42

Goods and/or Services:

Class 07

Machines; machine wheels; apparatus for agricultural use (machines); apparatus for the control of machines (pneumatic or hydraulic); apparatus for the handling of materials; apparatus for use in construction; apparatus for use in mining; apparatus for machining; robotic handling apparatus; machine tools; machines for use in engineering; machines for building; machines for construction purposes; machines for drilling; machines for mineral processing; machines for the mechanical handling of materials; mining machines; mobile machines for quarrying; parts of machines; mechanisms for use in positioning systems (non-electric, parts of machines); robots for use in industry; agricultural machines and machine tools; agricultural implements, other than hand-operated; guides for machines; machine guides (parts of machines); machines for controlling mechanical operations; mechanical apparatus for the control of machines; robots for industrial use; distributors for vehicle and machine engines.

Class 09

Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; apparatus and instruments for recording, transmitting, reproducing, or processing sound, images or data; application software; communication software; computer software; data communications apparatus and software; data processing software; data acquisition apparatus and instruments; downloadable software applications (apps); software for use in the field of surveying, civil works, mining and building activities; laser installations, other than for medical use; laser instruments, other than for medical use; laser light transmitting apparatus, other than for medical use; laser pointers; laser range finders; lasers capable of producing pulsating laser beams (other than for medical use); lasers for controlling machine tools; lasers for industrial use; lasers for machine tools; lasers for guiding machine tools; lasers for scientific use; lasers, not for medical purposes; measurement apparatus; measurement devices; acoustic temperature measurement apparatus; temperature measurement instruments; apparatus for displaying

measurements; apparatus for indicating measurements; apparatus for surface measurements; electronic measurement sensors and measuring apparatus, instruments, sensors; electronic measuring instruments; optical apparatus for measurement; optical measurement apparatus; apparatus for measuring distance; apparatus for recording distance; distance measurers; electronic distance measuring apparatus; electronic distance measuring devices; electronic distance measuring instruments; electronic distance meters; hand held lasers for measuring distances; measuring wheels; surveyors' gradient measurement apparatus incorporating spirit levels; spirit levels; mechanisms for use in positioning systems (electric); position sensing devices; surveying and positioning instruments and apparatus; global position system (GPS) apparatus; apparatus for controlling the operation of machines and machine tools (computer, electronic, remote); 3D scanners; optical scanners, other than for medical use; scanners (data processing equipment); temperature scanners for industrial use; electronic pilot apparatus for the remote control of vehicles; detection apparatus; proximity detectors; weighing devices, instruments, machines; instruments and apparatus for deformation monitoring; laser and machine control distributors; electronic control apparatus for robots; digital controls for robots; computer apparatus for use in in the automation of industrial robots; operating systems (robotic); robotic electronic control apparatus; navigational instruments; satellite navigational apparatus; theodolites; theodolites for use in surveying; scales; mobile mapping systems utilising 3D laser scanners; apparatus for the control of unmanned flying objects; apparatus for the directional guidance of unmanned flying objects.

Class 12

Unmanned aerial vehicles (UAVs); unmanned conveying vehicles; unmanned vehicles; drones; camera drones; drones for use in relation to mapping and surveying; drones with aerial mapping, photogrammetry, and laser rangefinder features; pilotless surveying vehicles.

Class 35

Retail services; wholesale services; retail of laser, optical and GPS equipment for construction and surveying.

Class 37

Building and construction services; property development (building and construction services); building construction advisory services; building construction supervision; construction consultation; building project management [building construction supervision]; civil engineering consultancy (construction and maintenance); advisory services relating to the construction of civil engineering structures; construction engineering; advisory services relating to excavating; repair services; repair, maintenance and installation advisory services; maintenance, installation and repair of industrial apparatus and instruments; machinery installation, maintenance and repair; servicing of apparatus; servicing of machines; maintenance and servicing of data processing installations; maintenance of data processing apparatus; rental of earth-moving and excavating machines; rental of building apparatus; rental of construction apparatus, equipment, machinery; hire of building apparatus, machinery, tools; hire of construction apparatus, equipment, machinery; hire of earthmoving machines; hire and rental of machines for use in civil engineering; providing information, including online, about building construction, and repair and installation services; hire and rental of laser, optical and GPS equipment for construction; rental and hire of machines for use in civil engineering; rental and hire of optical, weighing, and measuring apparatus and instruments for use in construction and civil engineering; advisory, consultancy and information services in relation to the aforementioned.

Class 38

Transmission of global positioning signals services for navigation and tracking purposes; providing user access to global positioning signals for navigation and

tracking purposes, including fleet management and tracking; communication services for the purposes of tracking; data communication by electronic means; communication services by electronic means and satellite; communication services for electronic transmission of data and images; transmission of data; wireless communication services; hire and rental of telecommunications and communications systems, apparatus, equipment, and installations; advisory, consultancy and information services in relation to the aforementioned.

Class 41

Education and training services; staff and employment training services; provision of training courses and materials; technical training; advisory, consultancy and information services in relation to the aforementioned.

Class 42

Research, engineering and technical consultancy for industry; industrial research; engineering; mapping services; surveying; engineering surveys and inspections; measurement services; preparation of technical reports; geotechnical services; testing, analysis and evaluation of the services of others to determine conformity with certification standards; product development; consultancy in civil engineering design; technological consultancy; conversion of computer programs and data, other than physical conversion; computer support services (computer hardware, software and peripherals advisory and information services); computer support services (programming and software installation, repair and maintenance services); providing information, including online, about design and development of computer hardware and software; technological analysis services; calibration services; calibration (measuring); engineering design and consultancy; engineering consultancy; engineering surveying; software as a service (SaaS); hosting of software as a service (SaaS); platform as a service (PaaS); online provision of web-based applications and software (non-downloadable); computer software advisory services;

providing online non-downloadable computer software; provision of information relating to industrial engineering; rental and hire of information processing apparatus and measuring apparatus, namely, laser levelling, optical measuring, laser scanning, and GPS equipment for use in building, civil construction, mining, geospatial and agricultural industries; scientific and technical analysis; surveying (engineering); technical survey and testing services; testing of machinery; hire and rental of laser, optical and GPS equipment for surveying; advisory, consultancy and information services in relation to the aforementioned.

Mark Clause(s):

The following claim is made in the International Registration: Colour(s) claimed: The colors blue and black are claimed as a feature of the mark. The mark consists of the stylized wording "VFCORE" in uppercase letters. The letters "VF" are in bold black font. The letters "CORE" are in black and in a smaller font size than "VF". A blue speech-bubble design featuring a "+" symbol is positioned above the letter "C" in "CORE". The color white represents background, outlining, shading, and/or transparent area and is not part of the mark.

Registration of this mark shall give no right to the exclusive use of the device of a cross.

The cross(es) contained in the trade mark will be reproduced neither in white on a red background nor in red on a white background nor silver on a red background; it will also not be reproduced in another colour likely to lead to confusion with the Swiss Cross or the emblem of the Red Cross.
