General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at https://www.ipos.gov.sg. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

Class 09

Spectacles and sunglasses; Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; Apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; Data processing equipment; apparatus and instruments for controlling and monitoring unmanned vehicles; Wheel alignment meters; Vehicle tracking apparatus; Vehicle locating systems; global positioning system (GPS) apparatus and equipment; data processing apparatus for automatic shelving of goods; automatic teller machines, cash dispensers; Cash registers, calculating devices; Bar code labels, encoded; barcode devices including bar code printers, bar code readers and bar code scanners; hand-held electronic bar code label printers; Printers for use with

computers; Wireless portable printers for use with laptops and mobile devices; hand-held scanners; Toner cartridges, unfilled, for printers and photocopiers; radio frequency identification (RFID) devices, radio frequency identification (RFID) printers, radio frequency identification (RFID) writers, radio frequency identification (RFID) readers, and radio frequency identification (RFID) scanners; RFID devices to read and write electronic data with the tags (RFID handheld unit); radio frequency identification (RFID) tags; radio frequency transmitters; Radio frequency repeaters; Electronic tags for goods; Electronic tags for inventory control purposes; Labels with machine-readable codes; near field communication [NFC] tags; Biometric identification systems; Face recognition equipment; Biochips; circuit chips; computer chips and central processing units with instruction set architecture; Computer servers; Computers and computer peripheral devices; computer network adaptors, switches, routers and hubs; computer hardware and firmware; Mouse mats; Headphones; Magnetic data carriers, recording discs; computer bags; RISC-V (reduced instruction set computer-five) computer chips and central processing units; Mobile telephones; mobile phone accessories; Microcontrollers; Data feeders for use with artificial intelligence; Data processing apparatus with artificial intelligence; portable data collection terminal; Digital media streaming devices; personal media players; Electronic book readers; Mechanisms for coin-operated apparatus; Memory cards for video game machines; Security cameras; Baby monitors; Visual display units; Portable telecommunication apparatus; semi-conductor integrated circuits; semi-conductor memory chips; semi-conductor memory controllers; semi-conductor processors; Semi-conductors; Diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming; computer software for electronic security locker; Encoded key cards; encoded or magnetic bank credit, debit, cash and identification cards; electronic signboards; sensors for Internet of Things [IoT] enabled devices; sensors, detectors and monitoring instruments; Speakers; Telecommunication apparatus; telecommunication instant messaging devices; telecommunications apparatus for

use with digital and analog signals; Fire-extinguishing apparatus; Lens hoods; mobile radio and television broadcasting units; wireless and wired modems and communication cards and devices; Software; Application software; mobile applications, downloadable; apps, namely applications for smart phones, tablet PCs, e-readers and other mobile or stationery IT equipment (downloadable); Computer game software, downloadable; computer programs; computer software (including software downloadable from the Internet); computer software supplied on the Internet; computer software in the form of an application for mobile devices and computers; Downloadable application software; cloud network monitoring software; cloud software; Downloadable cloud-based software; application software for robots; operating systems for robots; Personal digital assistants; Artificial intelligence software; artificial intelligence software for driverless cars; automobile navigation system; Downloadable mobile applications using artificial intelligence and machine learning for vehicle delivery logistics to manage trip itineraries; computer programs for controlling automatic guided vehicles; Computer chatbot software for simulating conversations; interactive software; authentication software; industrial automation software; computer software for automatic item shelving and positioning systems; computer software for automatic reserved item pick-up and temporary shelving systems; computer software applications for use in implementing Internet of Things [IoT]; sensors, scanners and control software for electro-mechanical sorting systems for logistics automation; Downloadable inventory management software; collaboration management software platforms; logistics management system using RFID [RFID communication machine]; radio-frequency identification (RFID) system architecture and management systems [computer hardware and software]; project management software; Computer software for controlling self-service terminals; computer software for express pick-up systems; Alarm systems; telecommunication software; data storage programs; Downloadable application programming interface [API] software; downloadable computer software for accessing, viewing, and controlling remote computers and computer networks; Downloadable computer

programs for use in connection with transcribing, annotating, and visualizing oral and written communications; downloadable computer software which allows users to participate in web-based meetings and classes, with access to data, documents, images and software applications through a web browser; instant messaging software; communication software for electronically exchanging data, audio materials, video materials, images and graphics via computer networks, mobile networks, wireless and telecommunication networks; downloadable audio, visual, and audiovisual files and recordings, featuring multimedia entertainment programs and content; downloadable computer software to facilitate the electronic transmission of information, data, documents, voice, and images over the Internet; recorded and downloadable media, blank digital or analogue recording and storage media; downloadable games, pictures, motion pictures, movies and music; online electronic publications (downloadable from the Internet or a computer network or a computer database); computer application software for streaming audio materials, video materials, video files, music, and images; computer software for processing images, graphics, audio, video, and text; computer, electronic and video games programmes and software (including software downloadable from the Internet); downloadable electronic publications in the nature of magazines, articles, brochures, leaflets, datasheets, informational materials, instructional materials in the field of business, e-commerce, information technology, cloud computing, telecommunications, the Internet, business and e-commerce training, business, sales, marketing and financial management; monetary fine payment systems namely, electronic payment terminals; software for processing electronic payments to and from others; Video cameras; remote control; liquid crystal displays for telecommunications and electronic equipment; Computer programs for use in implementing Internet of Things [IoT]; computer software for use in implementing Internet of Things [IoT]; computer software for blockchain technology; software development kit [SDK].

Class 12

Apparatus for locomotion by land, air or water; Vehicles; Electric vehicles; electric vehicles with vertical take-off and landing; Remote controlled vehicles; Autonomous vehicles; driverless transport vehicles; Air-cushion vehicles; Trucks; Platform trucks; Refrigerated vehicles; Lorries; goods vehicles; Freight trains; cargo tricycles; Bicycles; Cargo trailers; electric cargo bicycles; Transport vehicles; Commercial vehicles; Motor coaches; Automobiles; Hybrid vehicles; Motorcycles; Sleighs [vehicles]; Mine-car pullers; Robotic cars; Self-driving robots for delivery; transportation robots; Electric railway cars; Tilting-carts; non-motorized vehicles; Babies' strollers; strollers for carrying pets; golf trolleys; Carts; aircraft and their parts and fittings; Aerial conveyors; unmanned aerial vehicles (UAV); Drones; cargo aircraft; Hydroplanes; Water vehicles; Passenger ships; Cargo ships; Hovercraft; Underwater vehicles; Pontoons; Aeronautical apparatus, machines and appliances; tops for land vehicles; Automobile sunroofs; Carriers for use on vehicles; Bodies for vehicles; Vehicle chassis; Hoods for vehicles; Motors and engines for land vehicles; caps for vehicle petrol [gas] tanks; Crankcases for land vehicle components, other than for engines; Brakes for vehicles; Vehicle bumpers; Mudguards; Rearview mirrors; Sun-blinds adapted for automobiles; Windows for vehicles; Steering wheels for vehicles; Windscreens; Windscreen wipers; Horns for vehicles; Upholstery for vehicles; Automobile wheels; Automobile tires; Non-skid devices for vehicle tires; Rims for vehicle wheels; Vehicle seats; glass-holders [parts of automobiles]; Luggage carriers for vehicles; Dashboard drawers [parts of automobiles]; Dashboard hatches [parts of automobiles]; glove compartments [parts of automobiles]; Covers for baggage compartments [parts of automobiles]; Seat covers for vehicles; arm-rests for vehicle seats; Freewheels for land vehicles; Ski carriers for cars; Vehicle covers [shaped]; Cigar lighters for automobiles; Safety belts for vehicle seats; Safety seats for children, for vehicles; Air bags [safety devices for automobiles]; Anti-theft devices for vehicles; automatic guided vehicles and automatic guided vehicle systems; automatic guided vehicles and their parts and fittings; idler arms [parts of vehicles]; Transmission mechanisms for land vehicles; all the aforesaid excluding

scooters and parts and accessories for scooters.

Class 35

Advertising; advertising relating to transport and delivery services; Advertising services provided via the Internet; advertising of goods and services of others via local and global computer networks; provision of sales, business, advertising and promotional information through a global computer network and via the Internet; advertising services provided for others; Advertising agency services; marketing and promotion services; mobile advertising services on vehicles; Production of television and radio advertisements; Business consultancy relating to advertising; dissemination of advertising materials, updating of advertising materials, compilation of advertisements for use as web pages on the Internet; Direct mail advertising; Rental of advertising space; Rental of advertising time on communication media; on-line advertising network matching services for connecting advertisers to web sites; Pay per click advertising; Planning and conducting of trade fairs, exhibitions and presentations for commercial or advertising purposes; Office functions; Secretarial services; Accounting services; document reproduction; transcription (including stencil-paper writing); Personnel management; Administrative services relating to customs clearance; Gift registry services; Auctioneering; Opinion polling; Publication of publicity materials; Import-export agency services; import-export clearance agencies (import-export agency services); Import-export business services; Rental of office equipment; telephone answering (for others); providing computerized online ordering services; providing business directory information of third party web sites to facilitate business transactions; online retail services of consumer products; Procurement services for others [purchasing goods and services for other businesses]; ordering services [for others]; Provision of an online marketplace for buyers and sellers of goods and services; online trading services relating to electronic auctioneering and providing online business evaluation relating thereto; Auctioneering provided on the internet; marketing of vacant premises; presentation

of goods on communication media for retail purposes; the bringing together, for the benefit of others, of a variety of goods, enabling customers to conveniently view and purchase those goods from retail outlets; sales agency services for buying and selling of goods and services; department store retailing services; retail and wholesale of telephones, mobile phone handsets, mobile phone accessories, electronic and telecommunications goods, computer hardware and computer software, batteries, battery chargers, apparatus and instruments for recording, receiving, transmitting and/or reproducing data, information, pictures, images and/or sound, precious metals, jewellery, precious stones, printed matter, stationery and magnetic and non magnetically encoded cards, furniture, picture frames, household and kitchen utensils, glassware, porcelain and earthenware, textiles, clothing, footwear, headgear, laces and embroidery, buttons, ribbons, pins and needles, artificial flowers, carpets, rugs, games and electronic toys, chemicals used in industry, science, photography and agriculture, paints, varnishes and lacquers, personal hygiene products, soaps, perfumery, cosmetics, hair and body lotions, essential oils, cleaning and bleaching preparations, lubricants, fuels, candles, pharmaceutical, veterinary and sanitary preparations, ironmongery and small items of metal hardware, machines and machine tools, cutlery, razors and hand tools, computers, calculating machines, electrical, photographic, cinematographic and optical apparatus and instruments, spectacles and sun glasses, surgical and medical apparatus and instruments, apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes, vehicles, firearms, fireworks, silverware, horological and chronometric instruments, musical instruments, magazine, cards, paper and cardboard products, picture, typewriters and office requisites, packaging materials, rubber and plastics for manufacture use, packing and insulating materials, leather and imitations of leather and goods made from these materials, handbags, purses, wallets, leather holders, bags, luggage, umbrellas, mirrors, ropes, string, nets, tents, yarns and threads for textile use, coat hangers, place mats, dressmaker's articles, bed and table covers, playthings and sporting articles,

foodstuffs and beverages, meat, fish, poultry, preserved, dried and cooked fruits and vegetables, jams and fruits sauces, eggs, milk and milk products, edible oils and fats, coffee, tea, cocoa, sugar, rice, flour, bread and cakes, condiments, fresh fruit and vegetables, beer, mineral water, fruit juices and other non-alcoholic drinks, alcoholic beverages, floral products, tobacco, smokers' articles and matches; agency for arranging newspaper subscriptions for others; Rental of sales stands; Search engine optimization; Web site traffic optimization; Negotiation and conclusion of commercial transactions for third parties; Sales prospecting for others; Arranging subscriptions to car transport services for others; Arranging subscriptions to telecommunication services for others; Electronic order processing; Business administration; Business management; business organisation; Business management services relating to electronic commerce; Business administration services in the field of transportation; Business management of logistics for others; Business administration services relating to customs clearance; Business project management services for construction projects; business referral services and personnel placement; Organisation, operation and supervision of loyalty and incentive schemes; Data processing; Data processing services in the field of transportation; Database management; Compilation of information into computer databases; Updating and maintenance of data in computer databases; Computerized inventory control; Computerized inventory management; typing information into computers; Commercial intermediation services; Business intermediary services relating to the matching of potential private investors with entrepreneurs needing funding; business development; Providing assistance in the management of industrial or commercial enterprises; Providing business information; Providing commercial information to consumers; provision of commercial information from on-line databases; commercial information by means of mobile applications; Providing business information via a web site; Provision of commercial and business contact information; business information and appraisal services; Compilation of business information; providing information about products via telecommunication networks for advertising and sales

purposes; Compiling indexes of information for commercial or advertising purposes; Economic analysis for business purposes; compiling and providing statistical information for business or commercial purposes; sales, business and promotional information services; market research and business consulting services; business consultancy services relating to facilitating the transaction of business via local and global computer networks by locating and providing referrals for the delivery of a wide variety of business and consumer products and services; business consulting services in the field of online collaboration and collaboration technologies; business consultancy services relating to providing a website on a global computer network by which third parties can offer and source goods and services, place, determine the status of and fulfil trade leads and orders, enter into contracts and transact business; business consulting services in the fields of sales and marketing; business advisory services in the field of transportation logistics; Business consultancy services for digital transformation; Advisory services relating to tax preparation; business administration consultancy in the field of robotics technology; business assistance relating to facilitating business transaction via local and global computer networks; business assistance services relating to compilation and rental of mailing lists; business investigation; Customer relationship management; business management and administration services relating to sponsorship programmes; charitable services, namely business administration relating to organizing and conducting volunteer programmes and community service projects; Commercial assistance services; matching consumers with service providers in the field of logistics and cross-border logistics; provision of business assistance for customs clearance of cargo; Business management for freelance service providers; compilation of information relating to financial data; providing marketing leads for the finance industry; business administration in the field of vessel husbanding on behalf of others; supply chain management services; business consultancy in the field of financing leads; Arranging and conducting of commercial events; purchasing a wide variety of consumer, business and industrial products and logistics services for individuals and businesses;

customer service management; consultancy, information and advisory services relating to the aforesaid services.

Class 38

Telecommunications; interactive telecommunications services; telecommunication services, namely, data transmission and reception services via telecommunication networks; providing telecommunication services for e-commerce platforms on the Internet and other electronic media; Internet broadcasting services, providing access to an online database of information regarding web-based broadcasting complaint submission platform; providing telecommunications connections to the Internet or data bases; Communication by computer terminals; communication by fibre optic networks; communication services, namely, text and numeric digital messaging services; providing web-based multimedia teleconferencing, videoconferencing, and online meeting telecommunication services that allow simultaneous and asynchronous viewing, sharing, editing, and discussion of documents, data, and images by participants via a web browser; providing customers with online access to online reports regarding the performance, effectiveness, and status of web-based applications, teleconferences, videoconferences, and meetings; provision of telecommunication access and links to computer database and to the Internet; providing access to computer database on the global computer network for searching and retrieving information, data, web sites and resources available on computer networks; providing access to a website on a global computer network by which third parties can offer goods and services, place and fulfil orders, enter into contracts and transact business; providing multiple user access to global computer information networks for the transfer and dissemination of a wide range of information; providing computer links to third party web sites to facilitate e-commerce and real world business transactions; providing access to electronic calendar, address book and electronic notebook, via local and global computer networks; Providing users with secure remote access via the internet to private computer

networks; providing online collaboration services (telecommunication services) allowing users to access applications, platforms, jointly-shared documents, data, task lists, and discussion forums; computer aided transmission of messages, information, data, documents and images; providing telecommunication services for collection, transmission and delivery of data by electronic means; providing telecommunication services for collection, transmission and delivery of mail messages, still picture and/or moving picture information such as characters, messages, music and images, telegrams, information and data by mechanical, electronic, telephone, telex, cable, computer and satellite means; electronic exchange of voice, data, audio, video, text and graphics accessible via computer and telecommunication networks; Computer communications services for the transmission of information; providing information in the fields of secured transmission of data and information; transmission, broadcast and reception of audio, video, still and moving images and data whether in compressed or uncompressed form and whether in real or delayed time; transmission of music, films, interactive programmes, videos, electronic computer games; Facsimile transmission; Satellite transmission; data transmission and telecommunication services; Transmission of data, messages and information; encrypted electronic transmission and delivery of recovered data; transfer of information and data via the Internet; transmission of information relating to online shopping and general retail services; Transmission of information by data communications for assisting decision making; Automatic transfer of digital data using telecommunications channels; providing electronic mail and electronic mail forwarding services; digital text messaging; Short message services [SMS]; provision of voice short message services [VSMS]; Message sending; electronic message sending, receiving and forwarding services; on call notification services; electronic messaging, conferencing and order-transmission services; Paging services; Instant messaging services; internet communication; Mobile phone communication services; International telephony services; Electronic communication services; data communication services by electronic means; audio and video communication via

computers and computer networks, and via a global communications network; Streaming of data; Video, audio and television streaming services; providing data streaming capacity to others, namely, providing others with access to remotely stored data and software; Television broadcasting services; Music broadcasting; Video conferencing services; Web conferencing services; providing distant video and/or telephone conferencing access and facilities; providing electronic bulletin boards and message boards for transmission of messages; providing access to electronic bulletin boards for the posting and transmission of messages among and between computer users concerning products, services and business opportunities; providing access to an interactive website on a global computer network for third parties to post information, respond to requests and place and fulfil orders for products, services and business opportunities; providing an online interactive bulletin board for the posting, promotion, sale and resale of items via a global computer network; providing computer access and leasing access time to online interactive bulletin boards and databases; operation of chat rooms (chat room services); provision of online discussion forums; electronic communication services for establishing virtual chatrooms via text messaging; transmission, broadcasting and streaming of audio and video via computers, computer networks and global communication network; Rental of message sending apparatus; Rental of modems; Rental of telecommunication equipment; Information services relating to data communications; Information services relating to telecommunications; providing automated telephone answering systems for companies; Provision of telecommunications connections for telephone chat lines; providing radio and cellular communication services; consulting services in the fields of secured data and information transmission services; Geolocation services [telecommunications services]; News agency services; providing access to mobile Internet platforms; consultancy, information and advisory services relating to the aforesaid services.

Class 39

Transport; national and international transport; transportation of freight by air and sea; Car transport; Armoured-car transport; Transport by pipeline; providing ocean transportation, storage and delivery services; transport services in the nature of transport management; arranging transportation of cargo; Transportation logistics; Transport reservation; Secure transport; security storage services [transport]; Guarded transport of valuables; Transport of animals; logistics services consisting of the storage, transportation and delivery of goods; Supply chain logistics and reverse logistics services consisting of the storage, transportation and delivery of freight; Freighting; transport of goods and passengers; Delivery services; Parcel delivery; Delivery of goods by mail order; Message delivery; Same day delivery services; Delivery of furniture; Flower delivery; Document delivery; Services for transporting legal documents; Laundry pick-up and delivery services; Courier services; Filling of vehicles with freight; Operation of air transport networks; ground support services for passengers and freight handling; Hauling; Removal of domestic goods; Removal of office equipment; Removal services and providing information relating thereto; loading and unloading of cargo; Export cargo handling services; Loading of freight containers onto rail vehicles; Loading, packing, storage, transport and unloading of freight; Transportation information; Locating and tracking of cargo for transportation purposes; information services relating to freight and cargo transportation; providing on-line information in the field of transport, packaging and storage of goods; providing information relating to fares, timetables and methods of transport for goods and people; Advisory services relating to the delivery of goods; consultancy relating to transport and storage services provided via telephone call centres and hotlines; tracking, locating and monitoring of vehicles, maritime vessels and aircraft; arranging the collection of goods; Collection of recyclable goods [transport]; Collection of domestic waste and trash; Collection of industrial waste and trash; transportation services for customs clearance; import and export cargo handling services relating to customs clearance; transportation logistics services relating to customs clearance; Transport brokerage; freighting and shipbrokerage services; Providing advice

relating to freight forwarding services; Providing information relating to freight brokerage; mobility as a service [MaaS], namely, providing, arranging and booking of transport; transport as a service [TaaS]; Freight warehousing; Packaging and storage of goods; Provision of warehousing services and facilities; Customs bonded warehousing; Storage of bonded goods; Storage of containers and cargo; rental of warehouses and storage containers; Rental of refrigerated storage; Warehousing information; Providing information relating to the rental of warehouse space; Providing information about temporary storage services; Physical storage of electronically stored data or documents; Luggage storage; Temporary storage of personal belongings; packaging; Gift wrapping; packing of goods using sustainable or biodegradable packaging and shipping materials; Travel arrangement; Arranging of transportation for travel tours; Providing driving directions for travel purposes; providing road and traffic information, chauffeur services; Transport services for sightseeing tours; Arranging of passenger transportation services for others via an online application; provision of information relating to travel and tourism through the Internet or through telecommunication networks; Traffic information; brokerage for rental, leasing, selling, purchasing and/or chartering of ships and/or boats; Towing; Piloting; port services [berthing, mooring, storage]; Boathouse services; Operation of ports; Rescue operations [transport]; salvage and refloating of ships and/or boats; Franking of mail; Distribution of energy; Chauffeur services; Launching of satellites for others; Rental of navigational systems; Parking place rental; Car parking; inspection of vehicles or goods for the purpose of transport; arranging for the distribution of goods; rental and/or leasing of wheelchairs; Motor coach rental; Vehicle rental; car rental services; rental and/or leasing of bicycles; Aircraft rental; Cargo container rental services; rental and/or leasing of ships and/or boats; rental and/or leasing of mechanical parking systems; rental and/or leasing of pallets; rental of pallets and containers for transportation of goods; rental and/or leasing of packaging or wrapping machines; Rental of freezers; Rental of motor racing cars; Rental of tractors; Rental of vehicle roof racks; Rental of moving vans; Rental of

goods vehicles; Rental of storage lockers; Rental of robotic cars; Rental of surveillance drones; Cash replenishment of automated teller machines; Replenishment of vending machines; Freight brokerage; consultancy, information and advisory services relating to the aforesaid services.

Class 42

Computer and computer network information services; computer and electronic signal coding and decoding; Computer programming; computer analysis services; Computer system integration services; Authentication services for computer security; computer services in relation to online authentication of electronic signatures; computer security information, consultancy, and testing services; computerized communication network security services; computer security services for access control to computers, electronic networks and databases; computer service relating to creating indexes of information, sites and resources on computer networks; computer services in connection with transmitting information, data, documents, and images over the Internet; computer services relating to certification of business transactions and preparation of reports therefor; computer services relating to customized searching of computer databases and websites; computer services, namely, creating an online community in the form of a website for registered users to participate in discussions, get feedback from their peers, form virtual communities, engage in social networking, and exchange documents; design and development of robots, vehicles and rolling stock, data processing equipment, computer hardware and of software; advisory and information services relating to the design and development of computer hardware; Design and development of computer hardware and software; customized software development in the field of traffic and transportation; Design and development of computer software for logistics; Development and maintenance of computer database software; Design and development of software for inventory management; Design and development of computer software for logistics, supply chain management and e-business portals;

Design and development of computer software for supply chain management; Maintenance of computer software; design, development, updating and upgrading of computer and video games software; installation and customization of computer applications software; Computer system design; computer system software services; Design and development of operating software for computer networks and servers; providing computer programs on data networks; consultancy services in relation to computer software; computer security services for data transmission and for transactions via computer networks; Monitoring of computer systems to detect breakdowns; provision of computer security risk management programs; providing on-line non-downloadable computer software for streaming audio materials, video materials, video files, music and images; online support services for computer program users; providing information in the fields of Internet security, world wide web security and computerized communication network security; Providing information on computer technology and programming via a web site; technical support (technical consultancy) services relating to computer software and applications provided online, by email and by telephone; Technological advice relating to computers, automobiles and industrial machines; application service provider [ASP]; providing an interactive web site and mobile application software; providing online non-downloadable software; providing on-line non-downloadable software for use in supply chain management; providing temporary use of online non-downloadable software for inventory management; providing temporary use of on-line applications and software tools; providing software for searching and retrieving information from databases and computer networks; software as a service (SaaS); Smartphone software design; Software development for others; Programming of software for inventory management; Rental of software for inventory management; development of multimedia software applications; design and maintenance of web applications; Design of storage systems; Design of transportation equipment; design and development of webpages; providing a website featuring information technology that enables users to share information and advice; providing software technical support

services, namely, technical information at the specific request of end-users by means of telephone or global computer network; hosting webpages for others; hosting computer application; installation, repair and maintenance of middleware [software]; providing internet search engines; Platform as a service [PaaS]; Product design and development; product testing and evaluation services; Packaging design; Industrial analysis, industrial research and industrial design services; Vehicle design services; architectural and design services; Quality control and authentication services; Electronic storage of data; conversion of physical data and documents into electronic media format; Off-site data backup; Cloud computing; Cloud hosting provider services; cloud-hosted data protection services; providing temporary use of non-downloadable cloud-based software and cloud computing software; consultancy in the field of cloud computing networks and applications; providing virtual computer systems and virtual computer environments through cloud computing; providing user authentication services using biometric, facial recognition, finger print authentication, voice recognition and other types of hardware and software authentication technology for provision of financial services, e-commerce transactions, donations, licensed product tracking and fan engagement; research and development relating to semiconductor, semiconductor integrated circuits, semiconductor memory chips, semiconductor memory controllers, semiconductor memory integrated circuits, semiconductor processor chips, semiconductor processors, microcontrollers, microcontroller units, low power microcontrollers, circuit chips, computer chips, CPU (central processing unit), RISC-V (reduced instruction set computer-five) computer chips and central processing units, computer chips and central processing units with instruction set architecture; Research in the field of artificial intelligence technology; Research in the field of information technology; technical project studies; Research relating to telecommunication; research, design and development services relating to communication systems; research, design and development services relating to computer programs; research, design and development services relating to data processing systems; research, design and development services relating to software

application solutions; Scientific and technological services and research and design relating thereto; Testing and analysis of goods being imported or exported for quarantine clearance purposes; technological consultancy concerning securing telecommunications; consultancy in the field of data security; consulting services in the fields of Internet security, world wide web security and computerized communication network security services, information security services; Technological consultancy services for digital transformation; Design and development of computer software for process control; Blockchain as a service [BaaS]; consultancy, information and advisory services relating to the aforesaid services.

Mark Clause(s):

The following claim is made in the International Registration: Colour(s) claimed: The color(s) orange, light blue, dark brown, dark blue is/are claimed as a feature of the mark. The mark consists of a geometric shape whose exterior massing consists of an isometrically viewed, three-dimensional cube. The volume of the open cube is formed by six rectangular bars with an open side in a C-shape, each formed by a ribbon-perimeter frame without a top or bottom. The six rectangular bars are presented in parallel in a two-bar wide by three-bar high configuration with spacing in between. Each bar has one long side and two short sides. In the middle pair of bars, the rear short sides connect. The long sides consist of a light blue right side and an

orange left side. The front short sides are dark brown; the rear short sides are dark blue. The spacing between the bars is horizontally and vertically the same.
