General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

National Applications Published For Opposition

Purposes

National Trade Mark No: 40202251612Y

Filing Date: 06 July 2022

Classes: 09 35 36

Yarns and threads for textile use.

Class 24

Textiles and substitutes for textiles; Household linen; Curtains of textile or plastic; Waterproof fabrics for use in the manufacture of jackets; Waterproof fabrics for use in the manufacture of clothing; Fabric for use in the manufacture of clothing; Fabric linings for clothing; Fabric linings for footwear; Fabric linings for headgear; Textile fabrics for use in the manufacture of clothing; Woolen fabric; Waterproof fabrics; Water resistant fabrics; Fabric for footwear; Fabric for manufacturing men's

outerwear; Fabric for manufacturing women's outerwear; Fabric for use in the manufacture of bags; Fabric; Elastic fabrics for clothing; Cotton fabrics; Cotton fabrics for use in the manufacture of clothing; Coated fabrics; Breathable waterproof fabrics; Polymer coated fabrics; Woven fabrics; Woven fabrics for making up into articles of clothing; Woven fabrics for use in the manufacture of clothing; Bath linen, except clothing; Cellulose acetate fabrics for use in the manufacture of clothing; Coated fabrics for use in the manufacture of clothing; Laminated fabrics for use in the manufacture of clothing; Sew-on tags of textile for clothing; Knitted elastic fabrics for use in the manufacture of sportswear; Textile fabrics for use in the manufacture of sportswear; Adhesive labels of textile; Composite textile materials; Coated textiles; Electronic textiles [textiles incorporating electronic components]; Hand towels of textile; Handkerchiefs of textile; Hat linings, of textile, in the piece; Labels of textile; Linings [textile]; Moisture absorbent microfiber textile fabrics; Non-woven textile fabrics for use in the manufacture of clothing; Rubberized textiles; Sheets [textile]; Synthetic textile substitutes; Textile exercise towels; Textile piece goods for clothing; Towels [textile]; Apparel fabrics; Fabric for boots and shoes; Textile piece goods for use in the manufacture of shoes; Waterproof fabrics for use in the manufacture of hats.

Class 26

Lace, braid and embroidery, and haberdashery ribbons and bows; Buttons, hooks and eyes, pins and needles; Artificial flowers; Hair decorations; False hair; Heat adhesive patches for repairing clothing; Patches for use in the repair of clothing; Zippers; Adjustable fasteners for clothing; Arm bands [clothing accessories]; Artificial blossoms for attachment to clothing; Belt buckles for clothing; Belt buckles of precious metal [for clothing]; Bindings for hemming clothing; Birds' feathers [clothing accessories]; Birds' feathers as clothing accessories; Borders and edgings for clothing; Borders for hemming clothing; Bows for clothing; Bra strap holders [clothing accessories]; Brooches [clothing accessories]; Brooches for clothing; Buckles

[clothing accessories]; Buckles for clothing; Buckles for clothing [clothing buckles]; Buckles of precious metal [clothing accessories]; Buttons for attachment to clothing; Buttons for clothing; Clasp fasteners for clothing; Clasps for clothing; Clips for clothing; Cloth patches for clothing; Clothing buckles; Clothing hooks [fasteners]; Common metal fasteners for clothing; Concealed fastening devices for clothing; Cords for clothing; Edgings for clothing; Embroidered badges for clothing; Embroidered patches for clothing; Eyelets for clothing; Eyes for clothing; Fasteners for clothing; Fastening devices for clothing; Fastenings for clothing; Feathers [clothing accessories]; Feathers being clothing accessories; Frills for clothing; Heat adhesive patches for decoration of clothing; Knitted cords for clothing or trimming; Lanyard cords for clothing; Letters and numerals of textile for decorating clothing; Loops for clothing; Name tags of textile for identifying clothing [haberdashery]; Name tags of textile for marking clothing [haberdashery]; Ornamental patches for clothing; Ornaments for clothing, not of precious metal; Ostrich feathers [clothing accessories]; Ostrich feathers being clothing accessories; Patches for clothing; Patches for clothing made of plastic; Patches for clothing made of rubber; Patches for clothing made of vinyl; Patches for repairing clothing; Reinforcing tapes for clothing; Removable breast enhancer pads [clothing accessories]; Removable silicone breast enhancer pads [clothing accessories]; Shoulder pads for clothing; Snap buttons for clothing; Snap hooks [fasteners] for clothing; Spangles for clothing; Starched cords for clothing or trimming; Stud buttons [fasteners] for clothing; Studs for clothing; Textile patches for clothing; Textile trimmings for clothing; Touch and close fasteners for clothing; Trimmings for clothing; Twisted cords for clothing; Whalebones for clothing; Heat adhesive patches for repairing textile articles; Badges for wear made from textile materials.

Class 27

Carpets, rugs, mats and matting, linoleum and other materials for covering existing floors; Wall hangings, not of textile; Mats for sports arenas.

Class 28

Games, toys and playthings; Video game apparatus; Gymnastic and sporting articles; Decorations for Christmas trees; Climbers' harness; Safety harnesses [sporting equipment]; Articles of clothing for dolls; Articles of clothing for teddy bears; Articles of clothing for toys; Clothing for dolls; Clothing for teddy bears; Clothing for toy figures; Dolls' clothing; Dolls' clothing accessories; Abdomen protectors for sports; Adhesive grip tape for sports equipment; Ankle protectors for sports use; Apparatus for use in sports; Articles of sports apparatus; Athletic supporters [sports articles]; Bags adapted to carry sports implements; Bags especially designed for sports equipment; Bags specially adapted for sports equipment; Body protectors for sports use; Camouflage screens [sports articles]; Clavicle guards for sports use; Elbow guards for sports use; Elbow pads for sports use; Electronic targets for games and sports; Face guards for sports use; Face masks for sports; Gloves made specifically for use in playing sports; Gym chalk for improving hand grip in sports activities; Hand pads for sports use; Hand wraps for sports use; Hip protectors for sports use; Knee guards [sports articles]; Knee pads for sports use; Leg guards [sports articles]; Leg weights [sports articles]; Neck guards for sports use; Palm protectors for sports use; Protective cups for sports; Safety restraints for use in sports; Shin guards [sports articles]; Shin pads [sports articles]; Shin protectors [sports articles]; Shoulder pads for sports use; Sleds [sports articles]; Sleighs [sports articles]; Sports equipment; Sports training apparatus; Waist protectors for sports use; Wrist guards for sports use; Apparatus for skiing; Alpine skis; Bags adapted for holding articles for skiing; Bags adapted for skis; Bindings for skis; Cases adapted for carrying ski poles; Cases adapted for carrying skis; Covers for ski bindings; Fitted protective covers specially adapted for skis; Edges of skis; Monoskis; Shaped covers for ski sticks; Shaped covers for skis; Ski bags; Ski batons; Ski bindings; Ski boards; Ski brakes; Ski cases; Ski covers; Ski edges; Ski poles; Ski skins; Ski sticks; Skis.

Class 29

Meat, fish, poultry and game; Meat extracts for culinary purposes; Preserved, frozen, dried and cooked fruits and vegetables; Jellies, jams, compotes; Eggs; Milk, cheese, butter, yogurt and other milk products; Oils and fats for food.

Class 30

Coffee, tea, cocoa and substitutes therefor; Rice, pasta and noodles; Tapioca and sago; Flour and preparations made from cereals; Bread, pastries and confectionery; Chocolate; Ice cream, sorbets and other edible ices; Sugar, honey, treacle; Yeast, baking-powder; Salt, seasonings, spices, preserved herbs; Vinegar, sauces and other condiments; Ice (frozen water).

Class 31

Raw and unprocessed agricultural, aquacultural, horticultural and forestry products; Raw and unprocessed grains and seeds; Fresh fruits and vegetables, fresh herbs; Natural plants and flowers; Bulbs, seedlings and seeds for planting; Live animals; Foodstuffs and beverages for animals; Malt.

Class 32

Beers; Non-alcoholic beverages; Mineral and aerated waters; Fruit beverages and fruit juices; Syrups and other preparations for making non-alcoholic beverages; Concentrates for use in the preparation of sports beverages; Electrolyte replacement beverages for general and sports purposes; Powders used in the preparation of sports drinks; Protein-enriched sports beverages; Sports drinks.

Class 33

Alcoholic beverages, except beers; Alcoholic preparations for making beverages.

Class 34

Tobacco and tobacco substitutes; Cigarettes and cigars; Electronic cigarettes and

oral vaporizers for smokers; Smokers' articles; Matches.

Class 36

Financial, monetary and banking services; Insurance services; Real estate services; Financial sponsorship; Financial sponsorship of entertainment activities; Financial sponsorship of sporting activities; Financial sponsorship of education, training, entertainment, sporting or cultural activities; Financial sponsorship of cultural events; Financial grant services; Providing monetary grants to charities; Providing project grants for environmental and health awareness projects; Provision of grants and financial awards in the field of education for charitable purposes; Collection of payments for goods and services; Financial investment fund services; Financial management of capital investment; Fund investment consultancy; Asset management services; Charitable fund raising by means of sports events.

Class 37

Construction services; Installation and repair services; Mining extraction, oil and gas drilling; Boot repair; Clothing repair; Clothing repair and providing information relating thereto; Maintenance and repair of clothing; Footwear repair services; Maintenance and repair of footwear; Clothing laundering; Providing information relating to clothing repair services; Maintenance and repair of sports and fitness equipment; Repair of sports equipment and providing information relating thereto; Care and repair of skis; Maintenance and repair of skis; Ski tuning services.

Class 38

Telecommunications services; Provision of access to an internet discussion website.

Class 39

Transport; Packaging and storage of goods; Travel arrangement; Pick-up and delivery of packages and goods; Pick-up and delivery of parcels and goods; Delivery of goods; Delivery of goods by mail order; Delivery of mail-order products; Advisory

services relating to the delivery of goods; Arranging for the delivery of goods; Postal delivery services; Storage of goods prior to delivery; Arranging for the shipping of goods; Shipping of goods; Monitoring and tracking of package shipments [transport information]; Location and tracking of goods in transit by computer; Charitable services, namely distribution [transport] of goods such as foodstuffs, toys, clothing, furniture and household items; Packaging clothing articles for transportation; Storage of clothing.

Class 40

Treatment of materials; Recycling of waste and trash; Air purification and treatment of water; Printing services; Food and drink preservation; Waterproofing of jackets; Applying finishes to clothing; Applying finishes to fabric; Custom imprinting of clothing; Custom imprinting of clothing with decorative designs; Dyeing of clothing; Embossing; Embroidery services; Finishing of goods; Permanent press treatment of fabric; Permanent press treatment of textiles; Preparation and treatment of fabric; Fabric waterproofing; Dyeing of fabrics; Custom tailoring; Providing information relating to custom tailoring; Prototype fabrication of new products for others; Sewing [custom manufacture]; Pattern cutting; Pattern printing; Needlework [custom manufacture]; Custom manufacturing of textiles; Custom fabricating, making or manufacturing of goods or materials [for others]; Clothing embroidering; Custom 3D printing for others; Custom additive manufacturing for others; Anti-microbial treatment of clothing; Custom imprinting of clothing with messages; Recycling of clothing to obtain materials for making synthetic fibers; Screen printing on textiles and clothing; Treatment and processing of clothing for recycling purposes; Custom imprinting of sports uniforms; Finishing and coating of textiles; Waterproofing of shoes and boots.

Class 41

Education; Providing of training; Entertainment; Sporting and cultural activities;

Arranging of community sporting events; Organisation of community sporting events; Organisation of community sports and cultural events; Arranging of music performances; Entertainment in the nature of hosting social entertainment events; Providing user reviews for entertainment or cultural purposes; Publication of reviews; Transfer of business knowledge and know-how [training]; Sewing instruction; Conducting of training courses in the field of technology and innovation; Manufacturing training services; Educational seminars; Consultancy and information services relating to arranging, conducting and organization of seminars; Simulated clothing rental services for avatars provided in virtual environments for entertainment purposes; Arranging and conducting of sports competitions; Arranging and conducting of sports events; Educational services relating to sports; Electronic sports services; Entertainment in the nature of e-sports competitions; Officiating at sports contests; Providing sports information via a website; Provision of information about sports; Timing of sports events; Conducting guided climbing tours; Organization of ski competitions; Ski schools; Ski instruction; Winter sports instruction.

Class 42

Scientific and technological services and research and design relating thereto; Industrial analysis, industrial research and industrial design services; Quality control and authentication services; Design and development of computer hardware and software; Scientific and technological services and research and development relating thereto; Creating an online community in the form of a website for registered users to form virtual communities and engage in social networking services; Creating an online community in the form of a website for registered users to participate in discussions and get feedback from their peers; Creating and maintaining websites for registered users to participate in discussions and get feedback from their peers; Hosting online facilities for conducting interactive discussions; Provision of information on safety testing of consumer products; Hosting virtual environments; Hosting websites; Providing temporary use of non-downloadable computer software

for tracking packages over computer networks, intranets and the internet; Design of clothing, footwear and headgear; Design of clothing; Design of protective clothing; Computer aided design services; Design of artwork; Design of hats; Logo design services; Design of headgear; Creating and maintaining websites; Computer-aided design for manufacturing operations; Design consultancy; Design of new products; Providing information in the field of product design; Virtual testing of new product designs using computer simulations; Textile testing; Testing services for the certification of quality and standards; Testing of products; Testing of new products; Technical testing services; Safety testing of products; Quality testing of products; Quality control testing of resistant materials; Quality control testing of products; Quality control testing and consultancy relating thereto; Computer-aided industrial testing; Computer-aided scientific testing; Computer-aided testing services; Conducting of quality control tests; Advisory services relating to product testing; Advisory services relating to the safety testing of products; Design of prototypes; Pattern design; Scientific and technological services relating to technological innovation forecasting; Technological research in the field of manufacturing processes; Technological research in the field of data processing; Technological research; Scientific research in the field of sports; Scientific research; Research to develop new products; Research relating to safety; Research relating to design; Providing information, including online, about industrial analysis and research services; Providing information, including online, about scientific and technological services and research and design relating thereto; Preparation of reports relating to technological research; Preparation of reports relating to scientific research; Advisory services relating to material testing; Development of test equipment; Evaluation of results from quality control tests conducted on goods and services; Materials quality evaluation and testing; Design and development of computer software for the collection, transmission and analysis of data; Consumer product design; Consumer product safety testing; Scientific research relating to the impact of consumer and industrial products on environmental preservation; Providing weather condition

information affecting ski conditions and road closures; Textile design services.

Class 44

Medical services; Veterinary services; Hygienic and beauty care for human beings or animals; Agriculture, aquaculture, horticulture and forestry services.

Class 45

Legal services; Security services for the physical protection of tangible property and individuals; Dating services, online social networking services; Funerary services; Babysitting; Licensing services relating to the manufacture of goods; Clothing fashion consultancy; Providing clothing to needy persons [charitable services]; Rental of protective clothing and equipment.

Applicant/Proprietor Details:

Amer Sports Canada Inc.

110-2220 DOLLARTON HWY NORTH VANCOUVER, BC V7H 1A8 CANADA

Agent Details/Address for Service:

WongPartnership LLP

12 MARINA BOULEVARD

#28-00 MARINA BAY FINANCIAL CENTRE

SINGAPORE 018982

National Trade Mark No: 40202505077T

Filing Date: 03 March 2025

Classes: 09 35 42

Live Ledger

Goods and/or Services:

Class 09

Application software; Downloadable software; Software; Software and applications for mobile devices.

Class 35

Accounting services.

Class 42

Software as a service [SaaS]; Platform as a service [PaaS]; Application service provider [ASP] services; Design, development and programming of computer software; Website design services.

Applicant/Proprietor Details:

EARLYBIRD AI PRIVATE LIMITED

32 PEKIN STREET

#05-01

SINGAPORE 048762

Agent Details/Address for Service:

Bhavana Ravindran

32 PEKIN STREET

#05-01

SINGAPORE 048762

National Trade Mark No: 40202505140T

Filing Date: 03 March 2025

Classes: 01 03 04

APICOH

Goods and/or Services:

Class 01

Chemicals used in industry.

Class 03

Bleaching preparations and other substances for laundry use; Cleaning, polishing, scouring and abrasive preparations; Soaps; Cosmetics; Hair lotions; Dentifrices.

Class 04

Industrial oils and greases; Lubricants.

Applicant/Proprietor Details:

AAA Oils & Fats Pte. Ltd.

80 RAFFLES PLACE

#50-01 UOB PLAZA 1

SINGAPORE 048624

MUMMAI
Mummai

Goods and/or Services:

Class 09

Software; Application software; Downloadable software; Downloadable computer software; Recorded computer software; Recorded and downloadable media, computer software, blank digital or analogue recording and storage media; Multimedia software recorded on CD-ROM; Collaboration management software platforms, recorded or downloadable; Computer programs, recorded; Computer programs, downloadable; Computer software programs; Computer hardware and software for blockchain technology.

Class 35

Advisory services for business management; Assistance, advisory services and consultancy with regard to business analysis; Assistance, advisory services and consultancy with regard to business organization; Assistance, advisory services and

consultancy with regard to business planning; Business advisory services; Business assistance; Business analysis services; Business consultancy; Business development services; Business efficiency advice; Business evaluation services; Business expertise services; Business feasibility studies; Business information; Business management; Business management consultancy services; Business marketing services; Business networking services; Business organisation and operation consultancy; Business planning; Business research; Business risk management services; Business strategy services.

Class 42

Design consultancy; Design engineering; Design services; Design and development of new technology for others; Design and development of computer software; Design and development of computer programs; Technological consultancy relating to digital transformation; Electronic storage of files and documents; Electronic storage of images; Electronic storage services for archiving databases, images and other electronic data; Cloud hosting provider services; Hosting computer databases; Hosting of digital content on the Internet; Hosting of multimedia and interactive applications; Platform as a service [PaaS]; Software as a service [SaaS]; Blockchain as a service [BaaS]; Artificial intelligence technology services; Artificial intelligence consultancy; Artificial Intelligence as a service [AIaaS]; Computer technology consultancy; Computer software engineering; Computer software programming services; Computer programming; Computer programming consultancy; Computer software consultancy; Computer network services.

Mark Clause(s):

Application for a series of two marks.

Goods and/or Services:

Class 09

Calculator programmes; Calculators; Calculators being electronic; Cases for pocket calculators; Computer programs for calculators; Desk calculators; Desk printers for use with calculators; Desk programme modules for use with calculators; Electronic calculators; Electronic calculators for estimating liquids; Electronic calculators for gas analysis; Electronic calculators for scoring; Electronic desk calculators; Electronic hand-held calculators; Electronic pocket calculators; Hand-held calculators; Memories for calculators; Non-predictable code calculators; Pocket calculators;

Pocket-sized electronic calculators; Programmable calculators; Programs for calculators; Programs for the processing of information on calculators; Scientific calculators; Telephone call cost calculators; Acoustic discs for data processing; Airborne data acquisition apparatus; Airborne data acquisition instruments; Airwave encoded data information receivers; Analogue to digital data converters; Apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; Apparatus for collecting encoded data for supply to computers; Apparatus for controlling the input of data; Apparatus for controlling the output of data; Apparatus for controlling the processing of data; Apparatus for controlling the storage of data; Apparatus for data collection; Apparatus for data communication between laser copying machines; Apparatus for data communications between computers; Apparatus for data entry; Apparatus for data processing; Apparatus for data storage; Apparatus for data transmitting; Apparatus for digitising geometric data contained in documents; Apparatus for downloading audio, video and data from the internet; Apparatus for interconnecting data processing equipment; Apparatus for processing data; Apparatus for processing data programmes; Apparatus for processing data relating to images; Apparatus for processing digital data; Apparatus for programming data; Apparatus for reading data on magnetic apparatus; Apparatus for reading data on optical apparatus; Apparatus for reading encoded data; Apparatus for reading recorded data; Apparatus for receiving data; Apparatus for recording data in magnetic readable form; Apparatus for remote data transmission; Apparatus for retrieving data; Apparatus for sending data; Apparatus for the acquisition of data; Apparatus for the communication of data; Apparatus for the conversion of data; Apparatus for the graphic display of data; Apparatus for the processing of data; Apparatus for the storage of data; Apparatus for the storage of pictorial data; Apparatus for the storage of textual data; Apparatus for the transmission of data; Apparatus for transmitting data; Apparatus for transmitting data by the telephone network; Apparatus for transmitting data via the telephone; Apparatus for use in data logging; Apparatus for verifying data on magnetically encoded cards; Augmented

reality software for use in mobile devices for integrating electronic data with real world environments; Automobile data recorders; Black boxes [data recorders]; Blank cartridges for recording of data; Blank data cartridges; Blank magnetic data carriers; Blank tapes for storage of computer data; Broadband data interconnecting computer installations; Cable connectors for use in the data communications industry; Cable installations for the transmission of data; Cable management installations for data signal transmission; Cards bearing coded data in magnetic form; Cards bearing coded data in punched-out form; Cards bearing data for use in computers; Cards bearing data for use in data processing apparatus; Cards bearing data for use in data storage apparatus; Cards bearing electronically recorded data; Cards bearing magnetic or encoded data for input; Cards for use as data carriers, encoded or magnetic; Cards for use with data processing apparatus, encoded or magnetic; Carriers for bearing data; Carriers in the form of chips for the reproduction of data; Carriers in the form of chips for the storage of data; Carriers in the form of tapes provided with data; Cartridges adapted for use with data carriers; Cases for data storage devices; Central processing units for processing information, data, sound or images; Computer apparatus for processing data; Computer apparatus for the control of data; Computer apparatus for the storage of data; Computer apparatus for transmitting data; Computer chipsets for use in transmitting data to and from a central processing unit; Computer controlled apparatus for furnishing voice responses to data inputs; Computer controlled workstations for data entry; Computer data in recorded form; Computer data input apparatus; Computer data input devices; Computer data interchange apparatus; Computer data recorded on optical discs; Computer data recording instruments; Computer data storage apparatus; Computer database servers; Computer databases; Computer hardware for collecting location data; Computer hardware for collecting positioning data; Computer hardware for processing location data; Computer hardware for processing positioning data; Computer installations for the communication of data; Computer installations for the processing of data; Computer installations for the storage of data; Computer

interface units for translating data; Computer measuring devices containing data; Computer networking and data communications equipment; Computer networks for the communication of data; Computer networks for the processing of data; Computer networks for the storage of data; Computer programmes for data processing; Computer programs for browsing and searching online databases; Computer programs for data processing; Computer programs for data transmission; Computer programs for processing data; Computer programs for providing a graphical presentation of data; Computer programs for scientific data analysis; Computer programs for the analysis of data processing efficiency; Computer programs for the analysis of data processing performance; Computer programs for the analysis of data processing procedures; Computer programs for use in database management; Computer programs for use in processing data relating to financial records; Computer programs recorded on data carriers; Computer programs recorded on data storage materials; Computer programs recorded on magnetic data carriers; Computer programs stored on data carriers; Computer programs stored on magnetic data carriers; Computer related data communication apparatus; Computer software for accessing data banks; Computer software for accessing databases; Computer software for application and database integration; Computer software for authorising access to databases; Computer software for authorizing access to databases; Computer software for database management; Computer software programs for database management; Computer software to automate data warehousing; Computer software to enable searching and retrieval of data; Computer software to enable searching of data; Computer utility programs for data compression; Computers for use in data management; Connecting devices for data collection; Connecting devices for data transfer; Consoles for use with data processing apparatus; Control apparatus for the management of data communication installations; Control programs for data terminals; Couplers [data processing equipment]; Covers for data storage devices; Data access apparatus for use in accessing stored information; Data acquisition apparatus; Data acquisition

instruments; Data banks; Data bearing discs; Data bearing tapes; Data being electrically recorded for computers; Data being magnetically recorded for computers; Data being optically recorded for computers; Data buffers; Data bus interface units; Data cables; Data capture apparatus; Data capture instruments; Data carriers; Data carriers bearing computer programmes; Data carriers bearing machine readable data; Data carriers bearing machine readable programs; Data carriers containing computer programs; Data carriers containing stored typographic typefaces; Data carriers equipped with controlling programs; Data carriers equipped with governing programs; Data carriers for computers having software recorded thereon; Data carriers for electronic data processing; Data carriers for use with data processing apparatus; Data carriers in the form of optical discs; Data carriers incorporating computer programs; Data carriers incorporating computer programs written in machine code; Data carriers incorporating controlling programs; Data carriers incorporating machine readable data; Data carriers incorporating programs; Data carriers incorporating regulating programs; Data carriers provided with controlling programs; Data carriers provided with regulating programs; Data carriers recorded with programs to enable data to be displayed; Data cartridges; Data collecting machines; Data collection apparatus; Data collection computer installations; Data collection instruments; Data collectors; Data communications apparatus; Data communications equipment; Data communications hardware; Data communications installations; Data communications instruments; Data communications receivers; Data communications software; Data compact discs; Data compression software; Data conversion apparatus; Data display apparatus; Data display instruments; Data encoding apparatus; Data encryption apparatus; Data entry apparatus; Data entry terminals; Data exchange units; Data exit terminals; Data feeders; Data feeders for use with artificial intelligence; Data feeders linked with artificial intelligence; Data files, downloadable; Data gloves; Data gloves incorporating haptic sensors; Data handling apparatus; Data handling installations; Data in machine readable form; Data information processing apparatus; Data information processing units; Data input apparatus for use with computers;

Data interconnecting computer installations; Data loggers; Data logging apparatus; Data management software, downloadable; Data memories; Data meters; Data mining software, downloadable; Data networks; Data packet switching apparatus; Data packet switching installations; Data printer apparatus; Data processing apparatus; Data processing apparatus for use in information storage; Data processing apparatus for use with computers; Data processing apparatus producing data in printed form; Data processing apparatus producing data in type form; Data processing apparatus with artificial intelligence; Data processing components; Data processing devices; Data processing equipment; Data processing information carriers; Data processing input devices; Data processing installations; Data processing installations incorporating expandable architecture; Data processing instruments; Data processing machines; Data processing programmes; Data processing programmes for archiving in computer aided design; Data processing programmes for editing in computer aided design; Data processing programmes for simulating behaviour; Data processing programmes for the production of newspapers; Data processing programmes for the production of periodicals; Data processing programs; Data processing programs recorded on data carriers; Data processing programs recorded on machine-readable data carriers; Data processing programs stored on data carriers; Data processing software; Data processing software for graphic representations; Data processing software for word processing; Data processing systems; Data processing terminals; Data processing units; Data processors; Data processors for business data; Data processors for control of material supply; Data processors for workshop controls; Data programmes; Data protection backup units; Data readers being acoustic devices for data processing apparatus; Data readers being optical devices for data processing apparatus; Data receivers; Data receiving apparatus; Data recorded electronically; Data recorded electronically from the internet; Data recorded in computer accessible form; Data recorded in electronic form; Data recorded in machine-readable form; Data recorded in magnetic readable form; Data recorded on magnetic materials; Data recorded on

optical materials; Data recording apparatus; Data recording machines; Data retrieval apparatus; Data retrieving devices; Data security apparatus; Data security instruments; Data sets, downloadable; Data sets, recorded; Data sets, recorded or downloadable; Data sorting apparatus; Data storage apparatus; Data storage apparatus for computers; Data storage apparatus for use with data processing apparatus; Data storage cartridges; Data storage cassettes; Data storage devices; Data storage devices bearing data; Data storage devices containing photographs; Data storage devices for recording computer programs; Data storage devices for recording data; Data storage discs; Data storage installations; Data storage instruments; Data storage machines; Data storage media for recording computer programs; Data stored for access by computer programs; Data switches; Data switching apparatus; Data synchronization cables; Data terminals; Data terminals for the communication of data to a central computer system; Data terminals for the entry of data to a central computer system; Data terminals for the validation of data; Data transfer apparatus; Data transfer instruments; Data transmission apparatus; Data transmission cables; Data transmission installations; Data transmission networks; Data transmitters; Data transmitting apparatus; Data transmitting instruments; Data-processing apparatus; Database management software; Database programs; Databases; Databases [electronic publications]; Digital cassettes for electronic data processing; Digital data receiving apparatus; Digital data recording media; Digital data transmission apparatus; Digital data transmitting apparatus; Digital event recorders for seismic data; Digital to analogue data converters; Digitized typefaces stored in electrical data carriers; Digitized typefaces stored in magnetic data carriers; Direct broadcasting apparatus for the reception of data; Direct broadcasting apparatus for the transmission of data; Disc drives for electronic data processing apparatus; Discs containing programs for data processing; Discs for the transmission of data; Display apparatus for use with data processing installations; Downloadable augmented reality software for use in mobile devices for integrating electronic data with real world environments; Downloadable computer programs for accessing,

browsing and searching online databases; Downloadable computer software for accessing, browsing and searching online databases; Downloadable computer software for blockchain data mining; Downloadable computer software for collecting, analysing and organising data in the field of deep learning; Downloadable computer software for collecting, analyzing and organizing data in the field of deep learning; Downloadable computer software for creating searchable databases of information and data; Downloadable computer software for data authentication; Downloadable computer software for market data analysis; Downloadable computer software for the collection of data and information; Downloadable computer software for the sharing of data and information; Downloadable computer software for the storage of data and information; Downloadable computer software for the transmission of data and information; Downloadable computer software using artificial intelligence for data analysis; Downloadable computer software using artificial intelligence for data models; Downloadable computer software using machine learning for data analysis; Downloadable computer software using machine learning for data models; Downloadable data and image processing software for making three dimensional models; Downloadable data files; Downloadable data management software; Downloadable data mining software; Downloadable data sets; Downloadable database server software; Downloadable database synchronization software; Downloadable interactive database software; Downloadable software for analysing energy and resource data; Downloadable software for analyzing energy and resource data; Downloadable software for automating data entry from utilities; Downloadable software for market data analysis; Downloadable software for the analysis of business data; Downloadable software for the integration of artificial intelligence and machine learning in the field of big data; Downloadable software platforms for cybersecurity data analysis; Electric apparatus for data processing; Electric apparatus for storing computer data; Electric devices for transmission of data between computers; Electric devices for transmission of data between microprocessors; Electric keyboards for data input; Electrical apparatus for data

acquisition; Electrical apparatus for recording data; Electrical apparatus for the input of data; Electrical apparatus for the output of data; Electrical apparatus for use in the calculation of data; Electrical apparatus for use in the encoding of data; Electrical communication apparatus for transmitting data; Electrical data converters; Electrical data input apparatus for use with computers; Electrical data input devices; Electrical data output apparatus for computers; Electrical data processing apparatus; Electrical devices for data information display; Electrical devices for storage of data; Electrical devices for the switching of data; Electrical devices for transmission of data; Electrical print out apparatus for use with electronic data processing apparatus; Electrical units for data conditioning; Electrically recorded data for computers; Electronic apparatus for data processing; Electronic apparatus for manipulating data; Electronic apparatus for relaying data; Electronic apparatus for the transmission of data; Electronic black boxes for recording data; Electronic circuits for data processing apparatus; Electronic data apparatus for use with computers; Electronic data banks; Electronic data carriers; Electronic data carriers in the form of identity cards; Electronic data carriers with computer programs [machine script]; Electronic data collection apparatus; Electronic data communications apparatus; Electronic data communications installations; Electronic data input apparatus; Electronic data input apparatus for use with computers; Electronic data interchange apparatus; Electronic data output apparatus; Electronic data output apparatus for use with computers; Electronic data processing apparatus; Electronic data processing apparatus for the storage of computer programs; Electronic data processing devices; Electronic data processing equipment; Electronic data processing installations; Electronic data processing machines; Electronic data processing machines for use in photographic finishing laboratories; Electronic data receiving apparatus; Electronic data recorders; Electronic data storage media; Electronic databases; Electronic databases recorded on computer media; Electronic devices for data processing; Electronic devices for the transmission of data between computers; Electronic devices for the transmission of data between microprocessors; Electronic devices for

transmitting data; Electronic industrial network apparatus for high speed data transmission; Electronic instruments for the receiving of data; Electronic memories for the control of computer data; Electronic memories for the input of computer data; Electronic memories for the output of computer data; Electronic memories for the storage of computer data; Electronic remote data transfer apparatus; Electronic telephone data communications apparatus; Encoded cards for carrying data; Encoded data for use in translation; Encoded data in the form of computer listings; Encoded programmes for data processing apparatus; Encoded programs for data processing apparatus; Expandable data processing apparatus; External storage apparatus for use with data processing apparatus; Fixed radio instruments for data transceivers; Fixed radio instruments for data transmission; Flat screens for electronic data processing apparatus; Hard discs for electronic data processing; High speed data transmission apparatus; Image data capture devices; Image data translation apparatus; Information storage devices for use in data processing apparatus; Ink jet printers for use with data processing apparatus; Input apparatus for data processors; Input apparatus for transferring data from computers; Input apparatus for transferring data to computers; Input apparatus for use with computers for handling data; Input apparatus for use with data transmission apparatus; Input devices for data processing apparatus; Installations for data processing; Installations for the electronic processing of data; Installations for the transmission of data via electric supply lines; Instruction programmes for the input of data; Instruction programmes for the output of data; Instruction programmes for the processing of data; Instruction programmes for the storage of data; Instruments for electronic data processing; Instruments for surveying physical data; Instruments for the processing of data for utility meters; Instruments for the recording of data; Integrated circuit cards for bearing stored data; Integrated circuit cards for storing data; Integrated data processing installations; Integrated optical components for data transmission; Interactive data transfer apparatus; Interactive databases; Interface cards for data processing apparatus; Interface cards for data processing equipment in the form of

printed circuits; Interfaces for use with audible data; Keyboards for data entry; Keyboards for use in data entry; Keyboards for use with data communication apparatus; Keyboards for use with data processing apparatus; Laboratory data processing apparatus; Local area networking apparatus for the switching of data; Local area networking apparatus for the transmission of data; Machine readable data carriers; Machine readable data carriers incorporating programs; Machine readable data carrying apparatus; Machine readable information carriers for recording data; Machine readable recording materials for retrieving data; Machine-readable data carriers recorded with programs; Magnetic cards being data carrying materials; Magnetic cards for recording data; Magnetic cards for the recording of data; Magnetic components for recording data; Magnetic components for the retrieval of data; Magnetic components for the storage of data; Magnetic computer tapes for recording data; Magnetic data carriers; Magnetic data carriers for use in controlling machines; Magnetic data carriers in the form of cassettes; Magnetic data carriers in the form of disks; Magnetic data carriers in the form of tapes; Magnetic data carriers recorded with programmes for instruction; Magnetic data carriers recorded with programmes for instruction in foreign languages; Magnetic data carriers, recording discs; Magnetic data carrying discs; Magnetic data carrying tapes; Magnetic data cartridges; Magnetic data media; Magnetic data memories; Magnetic data recording apparatus; Magnetic data storage materials; Magnetic data storage media; Magnetic discs for bearing recorded data; Magnetic discs for data storage purposes; Magnetic discs for the electronic recording of data; Magnetic discs for the recording of data; Magnetic discs for the storage of data; Magnetic discs recorded with data representative of text; Magnetic disks for data input; Magnetic disks for data processing; Magnetic disks for data storage; Magnetic disks for data transmission; Magnetic disks for the storage of data; Magnetic flexible disks for bearing data; Magnetic media bearing data for video games; Magnetic media for the handling of data; Magnetic media for the storage of data; Magnetic tapes being data carriers; Magnetic tapes for recording data; Magnetic tapes for the storage of data;

Magnetically encoded cards for carrying data; Magnetically recorded data for computers; Memories being cards of font data for use in lettering machines; Memories for data processing equipment; Memory devices for use with data processing apparatus; Microchips for recording data; Microcircuit data carriers; Microwave antenna for the reception of satellite data; Mobile data apparatus; Mobile data communications apparatus; Mobile data instruments; Mobile data receivers; Modular sub-assemblies for use in data processing; Multiplexers for bearing data; Multiplexers for recording data; Multiplexers for use in the alternate transmission of data; Multipole connectors as matrix plugs [program heads] for data processing machines; Non-impact printers for use with data processing apparatus; Operator controlled electrical data-interface apparatus; Optical apparatus for the processing of data; Optical apparatus for the reception of data; Optical apparatus for the recording of data; Optical apparatus for the transmission of data; Optical character readers for data entry; Optical character readers for data processing; Optical data carriers; Optical data carriers in disc form; Optical data carriers in the form of discs [disks]; Optical data media; Optical data receiving apparatus; Optical data recording apparatus; Optical data reproducing apparatus; Optical data storage apparatus; Optical data storage apparatus for use in labelling; Optical data storage drives; Optical data storage labels [bar codes]; Optical data storage media; Optical data transmission systems; Optical discs for the storage of data; Optical materials for recording data; Optical materials for storing data; Plastic cards for carrying magnetic data; Plotters for use in data processing installations; Portable electronic apparatus for the analysis of machine data; Portable electronic apparatus for the collection of machine data; Pre-recorded data carriers for use with computers; Pre-recorded magnetic data carriers; Prerecorded data carriers for use with computers; Prerecorded magnetic data carriers; Print out apparatus for use data processing apparatus; Printed circuit boards for remote data transmission; Printer apparatus for use with data processing apparatus; Printers for data processing apparatus; Printing apparatus for use with data processing apparatus; Printout apparatus for data

processing apparatus; Private automatic branch exchanges for data; Processing programmes recorded on data carriers; Program carriers for electronic data processing apparatus; Program carrying magnetic discs for use with electronic data processing apparatus; Programs for data processing apparatus recorded on cards; Programs for data processing apparatus recorded on disks; Programs for data processing apparatus recorded on tapes; Programs for data processing apparatus, recorded; Programs for data-processing; Programs for processing data on computers; Programs for recording data in reproduction technology; Programs for use with data processors; Programs recorded on data carriers; Programs recorded on machine readable data carriers; Programs recorded on magnetic data carriers; Programs recorded on optical data carriers; Programs written on data carriers for processing encoded data on computers; Public access information data terminals; Radios with electronic data decoders; Read only memory cartridges for storing data; Readers [data processing equipment]; Real-time data processing apparatus; Record [data] carriers in the form of encoded cards; Record [data] carriers in the form of encoded labels; Recorded data files; Recorded data sets; Recorded data, encoded; Recorded data, magnetic; Recording materials for bearing encoded data; Recording materials for the storage of data, magnetic; Records bearing data; Remote data gathering apparatus; Remote data processing apparatus; Repeaters for use in data networking; Scanners [data processing equipment]; Scanners for data processing; Scanners for entering data into computers; Scientific apparatus for the receiving of data; Self-adhesive labels bearing data in bar code form; Sensors for real time data input apparatus; Sensors for real time data output apparatus; Solid-state electrical apparatus for storing computer data; Solid-state electronic data storage materials; Storage apparatus for computer data; Storage materials for data in electronic form; Storage materials for data in magnetic form; Synchronous data communications apparatus; Synchronous data units; Synchronous data-link control adaptors; Tape back-up [data storing] apparatus; Tape decks for use with data processors; Tape drive apparatus for data processors; Tapes being optical data carriers; Tapes for

recording data magnetically; Telecommunications apparatus for transferring data to computers; Telecommunications apparatus for transmitting data for use with computers; Telephone directory databases; Telex interface data translating apparatus; Terminals for data processing; Terminals for remote data processing; Ticket data compiling machines; Time data generators; Typeface data recorded on electronically readable data carriers; Typefaces in the form of recorded data; Video data converting apparatus; View data terminals; Viewdata display terminals; Visual display apparatus for reading data; Visual display apparatus for recording data; Wire free data transmission apparatus; Apparatus for remote control of automatically guided vehicles; Apparatus for the remote control of aircraft; Apparatus for the remote control of industrial operations; Apparatus for the remote control of mirrors; Apparatus for the remote control of missiles; Apparatus for the remote control of ships; Apparatus for the remote control of signals; Apparatus for the remote control of vehicles; Apparatus for the remote controlling of the operation of machines; Apparatus for use in remote control; Computer programs for searching the contents of computers and computer networks by remote control; Downloadable computer software for the remote control of electric lighting apparatus; Downloadable computer software for the remote control of office machines and equipment; Downloadable computer software for the remote control of security apparatus; Downloadable computer software for the remote control of telephone sets and radiotelephony sets; Downloadable software for remotely accessing and controlling a computer; Electric installations for the remote control of fuel dispensing apparatus; Electric installations for the remote control of industrial operations; Electric remote control apparatus; Electrical remote control apparatus; Electro-dynamic apparatus for the remote control of railway points; Electro-dynamic apparatus for the remote control of signals; Electrodynamic apparatus for the remote control of railway points; Electrodynamic apparatus for the remote control of signals; Electrodynamic apparatus for the remote control of storage operations; Electrodynamic apparatus for use in remote control systems; Electronic apparatus for remote control; Electronic apparatus for the remote

control of signals; Electronic key fobs being remote control apparatus; Electronic pilot apparatus for the remote control of vehicles; Electronic pilot apparatus for the remote control of vessels; Electronic remote control units; Electronic remote printing controllers; Infrared remote control apparatus; Infrared remote controllers; Infrared remote controls; Installations for the remote control of industrial operations; Radio control units for remote keyless entry installations; Radio receivers for remote controls; Radio remote control apparatus; Radio transmitters for remote controls; Remote control apparatus; Remote control apparatus connected by modems to computers; Remote control apparatus for air-conditioning installations; Remote control apparatus for cameras; Remote control apparatus for lighting units; Remote control apparatus for opening and closing doors; Remote control apparatus for opening and closing vehicle doors; Remote control apparatus for sound reproduction apparatus; Remote control apparatus for use with televisions; Remote control apparatus for use with video cassette recorders; Remote control devices; Remote control devices for industrial operations, electric or electronic; Remote control devices, electric; Remote control devices, electronic; Remote control instruments for the closing of windows; Remote control instruments for the opening of windows; Remote control locking apparatus; Remote control loudness controllers for connecting to hearing aids; Remote control mechanisms; Remote control operating apparatus, electric; Remote control operating apparatus, electro-dynamic; Remote control receivers; Remote control sockets; Remote control stations; Remote control systems for use with cranes; Remote control systems utilising beams of light; Remote control systems utilising laser beams; Remote control telemetering apparatus; Remote control telemetering machines and apparatus; Remote control telemetering machines and instruments; Remote control transmitters; Remote control units; Remote control units for computers; Remote control units for photographic lighting apparatus; Remote control units for radiators; Remote control units for room heaters; Remote controlled apparatus for use with garage doors; Remote controlled apparatus for use with gates; Remote controllers; Remote controls; Remote controls

for air-conditioning apparatus; Remote controls for automatically operating valves; Remote controls for operating flying objects; Remote controls for operating rail vehicles; Remote controls for operating vehicle alarms; Remote controls for operating vehicle door locks; Remote controls for operating vehicles; Remote controls for projectors; Remote controls for radios; Remote controls for stereos; Remote controls for televisions; Remote entry control apparatus for buildings; Remote entry point control apparatus; Remote, electric or electronic control stations; Remotely controlled alarm locks; Remotely controlled cameras and other remotely controlled sensors; Remotely controlled door locks; Sheaths for hand held remote control units; Wireless controllers to remotely monitor and control the function and status of security systems; Wireless remote controls for portable electronic devices and computers; Wireless transmission apparatus for remote control; Crystalline silicon solar cells; Silicon carbide diodes; Silicon chips; Silicon controlled rectifiers; Silicon epitaxial wafers; Silicon microaccelerometers; Silicon rubber layered electrical connectors; Silicon voltage apparatus; Silicon wafers; Single-crystal silicon wafers; Cases adapted for semiconductors; Complimentary metal oxide semiconductor testers; Computer software for use in processing semiconductor wafers; Containers adapted for carrying semiconductor wafers; Containers adapted for containing semiconductor wafers; Electronic chips [semiconductors] for the manufacture of integrated circuits; Electronic semiconductors; Glass to metal seals being semiconductor components; Metal casings for semiconductor devices; Metal oxide semiconductor transistors; Optical semiconductor amplifiers; Optical semiconductors; Photo-semiconductors; Probes for testing semiconductors; Quantum dots [crystalline semiconductor materials]; Semiconductor apparatus; Semiconductor apparatus for use with computers; Semiconductor chips; Semiconductor devices; Semiconductor elements; Semiconductor instruments; Semiconductor memories; Semiconductor memories bearing computer programmes; Semiconductor memory apparatus; Semiconductor memory cartridges bearing computer programmes; Semiconductor memory devices; Semiconductor memory instruments; Semiconductor memory units;

Semiconductor testing apparatus; Semiconductor wafers; Semiconductors; Semiconductors [integrated circuits]; Semiconductors being electronic devices; Structured semiconductor wafers; Typeface fonts stored in semiconductor memories for use in printers; Visual instruments for examining semiconductor apparatus; Apparatus for connecting electrical circuit components; Apparatus for monitoring electrical components; Apparatus for use in communications networks; Communication devices for linking computer networks; Communication software for connecting computer network users; Communications networks; Computer hardware and software for providing secure remote access to computer and communication networks.

Class 41

Lending library services for e-books; Lending library services of e-books; Education services; Education information; Education information services; Academic education services; Academies [education]; Academy education services; Adult education; Adult education services; Advisory services relating to education; Analysing educational test scores and data for others; Analyzing educational tests scores and data for others; Analyzing of educational test scores and data for others; Arranging and conducting educational conferences; Arranging and conducting educational exchange programs for students; Arranging and conducting of art exhibitions for cultural or educational purposes; Arranging and conducting of competitions [education or entertainment]; Arranging and conducting of educational events; Arranging and conducting of educational seminars; Arranging and conducting of in-person educational forums; Arranging and conducting of meetings in the field of education; Arranging and conducting of wine tasting events for educational purposes; Arranging of competitions for education or entertainment; Arranging of competitions for educational purposes; Arranging of contests for educational purposes; Arranging of educational conferences; Arranging of educational events; Arranging of exhibitions for educational purposes; Arranging of presentations for educational purposes; Art

gallery services for cultural or educational purposes; Art gallery services for educational purposes; Boarding school education; Boarding school education consultancy; Boarding school education information; Boarding school education services; Business educational services; Career advisory services [education or training advice]; Career counseling [education or training advice]; Career counseling relating to education and training; Career counselling [education or training advice]; Career counselling relating to education and training; Career information and advisory services [educational and training advice]; Charitable services, namely education and training; Childbirth education and training; Club education services; Club services [entertainment or education]; Coaching [education and training]; Computer education training; Computer education training services; Computer-based simulation training services in the field of medical education; Conducting educational conferences in the field of sustainable construction; Conducting educational events; Conducting guided tours of caves for educational purposes; Conducting guided tours of cultural sites for educational purposes; Conducting guided tours of historical sites for educational purposes; Conducting guided tours of museums for educational purposes; Conducting of educational conferences; Conducting of educational courses; Conducting of educational events; Conducting of educational lectures; Conducting of educational seminars; Conducting of exhibitions for educational purposes; Conducting of guided tours for educational purposes; Conducting of instructional, educational and training courses for young people and adults; Consultancy services relating to education; Consultancy services relating to the education and training of management and of personnel; Cultural, educational or entertainment services provided by art galleries; Design of educational courses; Dietary education services; Dissemination of educational material; Editing of educational materials; Education; Education academy services; Education advisory services; Education and instruction services; Education and training consultancy; Education and training in the field of business management; Education and training in the field of electronic data processing; Education and training in the field of

occupational health and safety; Education and training relating to nature conservation and the environment; Education and training services; Education and training services in the field of collaborative problem solving; Education and training services in the field of occupational health and safety; Education services for people with disabilities; Education services in the field of life alignment coaching; Education services in the field of life coaching; Education services in the field of mindset coaching; Education services in the field of personal coaching; Education services in the nature of courses at the university level; Education services relating to conservation of the environment; Education services relating to meditation; Education services relating to quantum computing; Education, teaching and training; Educational advisory services; Educational and entertainment services provided by an association to its members; Educational and instruction services relating to arts and crafts; Educational and instruction services relating to sport; Educational and teaching services; Educational and training services relating to games; Educational and training services relating to sport; Educational assessment services; Educational assessment services for counteracting learning difficulties; Educational assistance services for persons with individual needs; Educational consultancy; Educational consultancy services; Educational examination; Educational examination for users to qualify to pilot drones; Educational examination services; Educational institute services; Educational instruction; Educational research; Educational seminars; Educational services; Educational services in the field of neuroscience; Educational services in the field of psychology; Educational services in the nature of beauty schools; Educational services in the nature of coaching; Educational services provided by academies; Educational services provided by beauty schools; Educational services provided by museums; Educational services provided by schools; Educational services provided by special needs assistants; Educational services provided by universities; Educational services provided by zoos; Educational services relating to cooking; Educational services relating to dancing; Educational services relating to data processing; Educational services relating to

information technology; Educational services relating to pharmacy; Educational services relating to religious development; Educational services relating to road safety; Educational services relating to sports; Educational support services for school age children; Educational testing; Event management services [organisation of educational, entertainment, sporting or cultural events]; Event management services [organization of educational, entertainment, sporting or cultural events]; Foreign language education services; Further education; Further education services; Health education; Higher education services; Hire of educational apparatus; Hire of educational materials; Information on education; Information relating to education; Information services relating to education; Interviewing of contemporary figures for educational purposes; Kindergarten services [education or entertainment]; Language education; Legal education services; Lingual education; Linguistic education; Linguistic education and training services; Management of education services; Management of educational events; Medical education services; Mentoring [education and training]; Music education; Musical education services; Online educational assessment services; Online educational examination services; Online educational testing; Organisation of animal exhibitions for cultural or educational purposes; Organisation of art exhibitions for cultural or educational purposes; Organisation of art exhibitions using virtual reality for cultural or educational purposes; Organisation of competitions [education or entertainment]; Organisation of competitions for education or entertainment; Organisation of congresses and conferences for cultural and educational purposes; Organisation of contests [education or entertainment]; Organisation of educational activities for summer camps; Organisation of educational events; Organisation of educational events for charitable purposes; Organisation of educational lectures; Organisation of educational shows; Organisation of exhibitions for cultural or educational purposes; Organisation of exhibitions for educational purposes; Organisation of exhibitions for educational purposes relating to hairdressing and beauty; Organisation of exhibitions of flowers and plants for cultural or educational purposes; Organisation of in-person

educational forums; Organisation of plant exhibitions for cultural or educational purposes; Organising educational events; Organization of animal exhibitions for cultural or educational purposes; Organization of art exhibitions for cultural or educational purposes; Organization of art exhibitions using virtual reality for cultural or educational purposes; Organization of competitions [education or entertainment]; Organization of competitions for education or entertainment; Organization of congresses and conferences for cultural and educational purposes; Organization of contests [education or entertainment]; Organization of educational activities for summer camps; Organization of educational events; Organization of educational events for charitable purposes; Organization of educational lectures; Organization of educational shows; Organization of exhibitions for cultural or educational purposes; Organization of exhibitions for educational purposes; Organization of exhibitions for educational purposes relating to hairdressing and beauty; Organization of exhibitions of flowers and plants for cultural or educational purposes; Organization of in-person educational forums; Organization of plant exhibitions for cultural or educational purposes; Organizing educational events; Personal development consultancy services [education or training]; Personal empowerment consultancy services [education or training]; Personal growth consultancy services [education or training]; Personal improvement consultancy services [education or training]; Personal motivation consultancy services [education or training]; Physical education; Physical education instruction; Physical education services; Physical health education; Pre-school education; Preparation of educational courses and examinations; Preparatory education; Preschools [education]; Primary education services; Production and rental of educational and instructional materials; Production of educational materials; Production of educational television programmes; Production of educational television programs; Providing continuing dental education courses; Providing continuing legal education courses; Providing continuing medical education courses; Providing continuing nursing education courses; Providing courses of education; Providing courses of education in the field of urban farming; Providing education

courses relating to the travel industry; Providing education in the field of art rendered through correspondence courses; Providing educational courses; Providing educational demonstrations; Providing educational entertainment services for children in after-school centers; Providing educational examinations; Providing educational examinations and tests; Providing educational information; Providing educational information on child development and parenting; Providing educational materials for distribution in professional courses; Providing educational materials to children in need for charitable purposes; Providing educational mentoring services; Providing educational supplies to children in need for charitable purposes; Providing facilities for educational purposes; Providing facilities for movies, shows, plays, music or educational training; Providing information about education; Providing information about online education; Providing information in the field of education; Providing information in the field of personal development [education or training]; Providing information in the field of personal empowerment [education or training]; Providing information in the field of personal growth [education or training]; Providing information in the field of personal improvement [education or training]; Providing information in the field of personal motivation [education or training]; Providing information in the field of self-fulfilment [education or training]; Providing information in the field of self-help [education or training]; Providing information in the field of self-improvement [education or training]; Providing information relating to continuing education via the Internet; Providing information relating to physical education via an online website; Providing information, including online, about education, training, entertainment, sporting and cultural activities; Providing online art exhibitions for cultural or educational purposes; Providing online information about education; Providing temporary use of online non-downloadable educational materials; Providing training and educational examination for certification purposes; Provision of children's educational services through play groups; Provision of education courses; Provision of educational courses; Provision of educational courses in the field of diet and health care; Provision of educational courses relating to diet;

Provision of educational examinations; Provision of educational examinations and tests; Provision of educational information; Provision of facilities for education; Provision of information relating to education; Provision of information relating to physical education via an online web site; Publication of educational and training guides; Publication of educational documents; Publication of educational materials; Publication of educational texts; Religious education; Religious educational services; Rental of educational apparatus; Rental of educational material; Rental of educational materials; Rental of educational materials or apparatus; Research in the field of education; Setting of educational standards; Singing education services; Sports education services; Standardised educational testing; Technological education services; Ticket agency services for educational events; Ticket reservation and booking services for educational events; Training or education services in the field of life coaching; University education services; Vocational education; Vocational education and training services; Vocational education for young people; Vocational education relating to first aid; Vocational education relating to home safety; Vocational education relating to personal safety; Vocational education relating to self-defence; Vocational education relating to self-defense; Vocational guidance [education or training advice]; Wine tasting services for educational purposes; Conducting of correspondence courses; Correspondence courses; Correspondence school services; Correspondence schools; Organisation of correspondence courses; Organization of correspondence courses; Provision of correspondence courses; Arranging and conducting of day school courses for adults; Academic tutoring of school age children; Academic mentoring of school age children; Academic guidance of school age children; Information services relating to schools; Advisory services relating to the organization of sporting events; Arranging, conducting and organization of colloquiums; Arranging, conducting and organization of concerts; Arranging, conducting and organization of conferences; Arranging, conducting and organization of congresses; Arranging, conducting and organization of symposiums; Arranging, conducting and organization of workshops; Consultancy and information

services relating to arranging, conducting and organization of colloquiums; Consultancy and information services relating to arranging, conducting and organization of concerts; Consultancy and information services relating to arranging, conducting and organization of conferences; Consultancy and information services relating to arranging, conducting and organization of congresses; Consultancy and information services relating to arranging, conducting and organization of seminars; Consultancy and information services relating to arranging, conducting and organization of symposiums; Consultancy and information services relating to arranging, conducting and organization of training workshops; Organization of animal racing events; Organization of animal shows; Organization of archery competitions; Organization of architecture festivals for cultural or entertainment purposes; Organization of athletics competitions; Organization of auto races; Organization of auto rallies; Organization of automobile races; Organization of automobile racing events; Organization of automobile rallies; Organization of award ceremonies; Organization of bachata performances for entertainment purposes; Organization of backgammon competitions; Organization of balls; Organization of baseball games; Organization of beauty contests; Organization of beauty pageants; Organization of bicycle races; Organization of boat races; Organization of bodybuilding competitions; Organization of boxing matches; Organization of business training; Organization of car racing events; Organization of carnivals; Organization of cha-cha-cha performances for entertainment purposes; Organization of chess tournaments; Organization of clay pigeon shooting competitions; Organization of colloquiums; Organization of comedy shows; Organization of community sporting events; Organization of community sports and cultural events; Organization of concerts; Organization of conferences; Organization of conferences and symposia in the field of medical science; Organization of congresses; Organization of contests for cultural purposes; Organization of cosplay entertainment events; Organization of cricket competitions; Organization of cultural events; Organization of cultural shows; Organization of curling games; Organization of cycling races; Organization of dance

competitions; Organization of dance events; Organization of dancing competitions; Organization of dancing events; Organization of distance learning courses; Organization of diving competitions; Organization of dog shows; Organization of dragon dance competitions; Organization of dragon dance performances for entertainment purposes; Organization of e-sports competitions; Organization of electronic game competitions; Organization of electronic sports competitions; Organization of entertainment; Organization of entertainment activities for summer camps; Organization of entertainment events; Organization of entertainment events for charitable purposes; Organization of entertainment shows; Organization of equestrian contests; Organization of ethnic festivals for cultural or entertainment purposes; Organization of events for cultural purposes; Organization of exhibitions for cultural purposes; Organization of exhibitions for entertainment purposes; Organization of fairs for entertainment purposes; Organization of fan clubs; Organization of fashion parades for entertainment purposes; Organization of fashion shows for entertainment purposes; Organization of fencing competitions; Organization of festivals; Organization of fetes for entertainment purposes; Organization of figure skating competitions; Organization of film festivals; Organization of film festivals for cultural or entertainment purposes; Organization of film screenings; Organization of fly fishing competitions; Organization of flying discs games; Organization of galas; Organization of galas for entertainment purposes; Organization of games; Organization of games and competitions; Organization of gaming competitions; Organization of go game competitions; Organization of golf competitions; Organization of golf tournaments; Organization of gymnastics events; Organization of horse races; Organization of horse racing events; Organization of horse shows; Organization of hot air balloon races; Organization of hunting competitions; Organization of ice hockey games; Organization of ice-skating competitions; Organization of ice-skating shows; Organization of latin dance performances for entertainment purposes; Organization of leisure events; Organization of lion dance competitions; Organization of lion dance performances for

entertainment purposes; Organization of live comedy performances; Organization of live musical performances; Organization of live performances; Organization of live shows; Organization of lotteries; Organization of mambo performances for entertainment purposes; Organization of merengue performances for entertainment purposes; Organization of motor car racing events; Organization of motor racing events; Organization of motorcycle rallies; Organization of music concerts; Organization of musical concerts for charitable purposes; Organization of musical events; Organization of parties; Organization of paso doble performances for entertainment purposes; Organization of pickleball competitions; Organization of pistol shooting competitions; Organization of poker tournaments; Organization of pop music concerts; Organization of professional golf tournaments or competitions; Organization of recreational events; Organization of roller-skating competitions; Organization of roller-skating shows; Organization of sailboat races; Organization of sailing boat races; Organization of seminars; Organization of shows; Organization of shows [impresario services]; Organization of shows for cultural purposes; Organization of ski competitions; Organization of soccer competitions; Organization of soccer games; Organization of speed skating competitions; Organization of sport fishing competitions; Organization of sporting activities; Organization of sporting and cultural activities; Organization of sporting competitions; Organization of sporting events; Organization of sports activities for summer camps; Organization of sports competitions; Organization of sports events; Organization of sports events for charitable purposes; Organization of sports events in the field of football; Organization of stage shows; Organization of sumo wrestling competitions; Organization of sumo- wrestling competitions; Organization of sweepstakes [lotteries]; Organization of swingers' parties; Organization of symposia; Organization of tango performances for entertainment purposes; Organization of tchoukball competitions; Organization of teaching activities; Organization of tennis tournaments; Organization of tournaments; Organization of track and field competitions; Organization of training; Organization of training courses; Organization of trout

fishing competitions; Organization of vehicle racing events; Organization of volleyball games; Organization of webinars; Organization of weight lifting competitions; Organization of wrestling contests; Organization of yacht races; Organization of yachting competitions; Organization of youth training schemes; Organization of zumba performances for entertainment purposes; Organization, arranging and conducting of auto races; Organization, arranging and conducting of baseball games; Organization, arranging and conducting of basketball games; Organization, arranging and conducting of basketball matches; Organization, arranging and conducting of bicycle races; Organization, arranging and conducting of boat races; Organization, arranging and conducting of boxing matches; Organization, arranging and conducting of golf games; Organization, arranging and conducting of horse races; Organization, arranging and conducting of professional golf tournaments or competitions; Organization, arranging and conducting of soccer games; Organization, arranging and conducting of sports competitions; Organization, arranging and conducting of sumo wrestling competitions; Organization, arranging and conducting of table tennis games; Organization, arranging and conducting of table tennis matches; Organization, arranging and conducting of tennis games; Organization, arranging and conducting of tennis matches; Production, organization and presentation of fashion shows [entertainment]; Archive library services; Electronic library services; Games library services; Information on library holdings [bibliographic services]; Lending library services; Lending library services of audiobooks; Lending library services of books; Lending library services of comic books; Lending library services of films; Lending library services of videos; Library advisory services; Library services; Mobile library services; Multimedia library services; Music library services; Newspaper library services; On-line library services, namely, providing electronic library services which feature newspapers, magazines, photographs and pictures via an on-line computer network; Online academic library services; Online library services; Online reference library services; Online research library services; Photographic library services; Reference library services; Research library services;

Video library services.

Class 42

Hosting of software for use in library management; Design and development of multimedia products; Development of application software for delivery of multimedia content; Hosting of multimedia and interactive applications; Programming of multimedia applications; Programming of multimedia equipment; Providing temporary use of non-downloadable software to enable content providers to track multimedia content; Providing temporary use of non-downloadable software to enable sharing of multimedia content and comments among users; Conducting research and technical project studies relating to the use of natural energy; Electrotechnical research; Geotechnical research; Preparation of reports relating to technical research; Preparation of technical projects, technical research and consultancy services in the field of carbon offsetting; Providing information concerning research and technical project studies relating to the use of natural energy; Provision of information concerning research and technical project studies relating to the use of natural energy; Technical consultancy in relation to research services relating to foods and dietary supplements; Technical consultancy in relation to the technical research in the field of food and beverages; Technical research; Technical research in the field of 3D laser forming; Technical research in the field of 3D optical measurement; Technical research in the field of 4D printing; Technical research in the field of aeronautics; Technical research in the field of automatic identification systems; Technical research in the field of carbon offsetting; Technical research in the field of computer vision; Technical research in the field of data processing; Technical research in the field of environmental technology; Technical research in the field of informatics; Technical research in the field of magneto-optical recording; Technical research in the field of manufacture of silicon photonic chips; Technical research in the field of optical interconnection technology; Technical research in the field of pharmaceutical studies; Technical research in the field of wireless electric vehicle

charging; Technical research projects and studies; Technical research relating to decarbonization; Technical research relating to magnetic resonance angiography; Technical research services; Conducting of quality control tests; Consultancy in the field of quality control testing; Consultancy relating to quality control; Consultancy services relating to quality control; Evaluation of results from quality control tests conducted on goods and services; Inspection of goods for quality control; Product analysis for quality control; Product monitoring for quality control; Product quality control testing; Quality control; Quality control and authentication services; Quality control consultancy; Quality control for others; Quality control of goods; Quality control of goods and services; Quality control of production processes and systems; Quality control of products; Quality control of services; Quality control relating to the hygiene of food; Quality control relating to the hygiene of foodstuffs; Quality control services; Quality control services for certification purposes; Quality control services for certifying product quality; Quality control testing; Quality control testing and consultancy relating thereto; Quality control testing of anti-corrosion materials; Quality control testing of incombustible materials; Quality control testing of insulating materials; Quality control testing of non-combustible materials; Quality control testing of products; Quality control testing of products for certification purposes; Quality control testing of refractory materials; Quality control testing of resistant materials; Quality control testing of sealing materials; Quality control testing services for agricultural machinery; Quality control testing services for forestry equipment; Quality control testing services for horticultural equipment; Quality control testing services for industrial machinery; Water quality control services; Laboratory testing of materials; Materials quality evaluation and testing; Materials testing; Materials testing and analysing; Materials testing and evaluation; Mechanical testing of materials; Testing of anti-corrosion materials; Testing of materials; Testing of non-combustible materials; Testing of raw materials; Testing of sealing materials; Design of mechanical and micromechanical components; Design of mechanical, electromechanical and optoelectronic apparatus and instruments; Mechanical

engineering; Mechanical engineering services; Mechanical research; Mechanical research in the field of motor sports; Research in the field of mechanical engineering; Research relating to mechanical engineering; Design of packaging; Design services for packaging; Designing of packaging and wrapping materials; Packaging design; Packaging design for others; Advice relating to the design of computer software; Computer security services [design and development of secure computer hardware, software and systems]; Computer software design; Computer software design and updating; Computer software design for others; Computer software design services; Consultancy and information services relating to computer software design; Consultancy and information services relating to the design, programming and maintenance of computer software; Consultancy relating to the design and development of computer software programmes; Consultancy relating to the design and development of computer software programs; Custom design of computer software; Design and development of computer game software; Design and development of computer game software and virtual reality software; Design and development of computer hardware and software; Design and development of computer hardware and software relating to quantum algorithms; Design and development of computer hardware and software relating to quantum computing; Design and development of computer hardware and software relating to quantum engineering; Design and development of computer hardware and software relating to quantum programming; Design and development of computer hardware and software relating to quantum technology; Design and development of computer software; Design and development of computer software application solutions; Design and development of computer software architecture; Design and development of computer software for cloud computing; Design and development of computer software for cloud storage of data; Design and development of computer software for data processing; Design and development of computer software for database management; Design and development of computer software for evaluation and calculation of data; Design and development of computer software for

logistics; Design and development of computer software for logistics, supply chain management and e-business portals; Design and development of computer software for process control; Design and development of computer software for reading, transmitting and organising data; Design and development of computer software for supply chain management; Design and development of computer software for the collection, transmission and analysis of big data; Design and development of computer software for the collection, transmission and analysis of data; Design and development of computer software for use with medical technology; Design and development of computer software for vehicle simulation; Design and development of computer software for word processing; Design and development of operating software for computer networks and servers; Design and development of quantum computer hardware and software; Design and writing of computer software; Design of computer game software; Design of computer programs and software relating to aircraft; Design of computer software; Design, development and programming of computer software; Design, maintenance and updating of computer software; Design, maintenance, development and updating of computer software; Design, maintenance, rental and updating of computer software; Design, programming and maintenance of computer software; Design, updating and maintenance of computer software; Designing computer software for controlling self-service terminals; Development of computer programs recorded on data media (software) designed for use in construction and automated manufacturing (cad/cam); Providing information about the design and development of computer software, systems and networks; Providing information in the field of computer software design; Providing information, including online, about design and development of computer hardware and software; Research, design and development of computer software using artificial intelligence; Research, design and development of computer software using machine learning; Research, design and development of computer software using natural language generation; Research, design and development of computer software using statistical learning; Research, design and development of computer software using

FIREFLY

Goods and/or Services:

Class 09

Application software for social networking services via internet; software for dating;

software for business networking; computer software platforms for social networking; computer game software; computer video game software; video games programs [computer software]; computer game software for use on mobile and cellular phones; instant messaging software; downloadable instant messaging software; computer software to enable the transmission of photographs to mobile telephones; blog software; podcasts; downloadable podcasts; mobile phone accessories; grips, stands and mounts for handheld electronic devices including mobile phones, tablets, sound players, video players, cameras, e-readers; protective mobile phone cases; adaptors; tablet cases; laptop cases; laptop bags; earphone cases; speaker cases; mouse mats; none of the aforesaid in relation to cryptocurrencies and distributed ledger technology goods.

Class 35

Business management services; business management provided on-line from a computer database or the internet; business introductions, business networking services; online business introductions and online business networking services; location-based business introductions and location-based business networking services; business introductions and business networking services provided via a software application for portable electronic devices; arranging exhibitions and networking events for business purposes; opinion polling; search engine optimisation; providing business information in the field of social media; professional networking; professional introductions; business networking; information, advisory and consultancy services relating to all the aforesaid; none of the aforesaid in relation to the development, production, publication, distribution, exploitation, exhibition, performance, broadcast, and promotion of audiovisual works, live events and theatrical works.

Class 38

Electronic transmission of data, messages, graphics, images and information;

transmission of podcasts; transmission of podcasts; peer-to-peer photo sharing services, namely, electronic transmission of digital photo files among internet users; providing access to computer, electronic and online databases; email and instant messaging services in connection with social networking, social introduction or dating; chat room services in connection with social networking, social introduction or dating; operating chat rooms in connection with social networking, social introduction or dating; providing access to online services relating to social networking, social introduction or dating; location-based transmission of information; audio, text and video broadcasting services over computer or other communication networks, including uploading, posting, displaying and electronically transmitting data, information, audio and video images; providing access to an online network service; providing internet chatrooms; information, advisory and consultancy services relating to all the aforesaid; none of the aforesaid in relation to cryptocurrencies and distributed ledger technology services.

Class 41

Education; organising and conducting online educational training events including virtual meetings and seminars; social club services for entertainment purposes; publishing services; information services relating to entertainment; information services relating to education; providing on-line electronic publications (not downloadable); publication of electronic books and journals on-line; providing digital music (not downloadable) from mp3 internet web sites; writing services for blogs; none of the aforesaid in relation to the development, production, publication, distribution, exploitation, exhibition, performance, broadcast, and promotion of audiovisual works, live events and theatrical works.

Class 42

Design and development of computer software in connection with social networking, social introduction or dating; design and development of computer software for the

location-based transmission of information in connection with social networking, social introduction or dating; design and graphic arts design for the creation of web sites; creating, maintaining and hosting the web sites of others; hosting of podcasts; design and development of computer hardware and software; application service provider services; software as a service [SaaS]; providing search engines for the internet; providing search engines for obtaining data via communications networks; computer programming; data mining; research in the field of social media; creation and maintenance of software for blogs; hosting of digital content, namely, on-line journals and blogs; providing temporary use of non-downloadable computer software for use in the creation and publication of on-line journals and blogs; information, advisory and consultancy services relating to all the aforesaid; none of the aforesaid in relation to cryptocurrencies and distributed ledger technology services.

Class 45

Social introduction, social networking and dating services; internet-based personal introduction services; licensing of computer software and other technology; online social networking services; dating services provided through social networking mobile applications, websites, and in-person events; online social networking services accessible by means of downloadable mobile applications; personal introduction services; internet-based social introduction services via a computer; internet-based dating, matchmaking and social introduction services; consulting in the field of dating and social introduction of individuals via development of friendships; matchmaking services; personal concierge services for others comprising making requested personal arrangements and reservations and providing customer-specific information to meet individual needs; concierge services; none of the aforesaid in relation to cryptocurrencies and distributed ledger technology services.

Classes: 09 36 41 42

Goods and/or Services:

Class 09

Downloadable mobile application computer software for the unification, management, optimization and integration of computer systems and networks, enterprise software applications, users, and Internet resources; downloadable mobile application computer software for computer systems and network access control featuring digital identity authentication, security management and security application auditing; downloadable mobile application computer software for the monitoring, analyzing, and reporting on the performance of computer systems, networks, and enterprise software applications; downloadable mobile application computer software for providing computer security service to verify user or machine identities, user or machine permissions, and for the management of user or machine data; downloadable mobile application computer software for identity management and identity security software for use by others for ensuring the security of computer networks, databases, computer software, software applications and software development tools; downloadable mobile application computer software for use by others to manage network and database users, simplify user authentication, and control access to computer software, software applications and software development tools; downloadable mobile application computer software for securing communications between computers; downloadable mobile application computer software for providing user authentication services using software technology in online communications, transactions, and applications for network access control, security management and security application auditing; downloadable mobile application computer software for providing authentication of personal identification

information using software technology; downloadable mobile application computer software for providing authentication using software technology for communications and transactions via a global computer network; healthcare transaction fraud detection and prevention technologies, namely, downloadable identification verification and fraud detection and prevention software for providers and users of health care services; financial and insurance fraud detection and prevention technologies, namely, downloadable software for identity verification in financial transactions and financial data.

Class 36

Financial and insurance transaction authentication and verification services namely, providing secure commercial transactions and financial data; advisory services relating to the provision of secure commercial transactions and financial data for processing financial and insurance transactions via the identification and authentication of persons and computer systems; providing financial information, namely providing financial information concerning fraud detection and prevention in the field of finance and insurance.

Class 41

Educational services, namely, providing of training in the fields of technology, information technology, computers, computer software, computer networks, and computer and online security, authentication, and identity management; educational services, namely, training courses, testing, and distributing course materials in connection therewith, all in the fields of technology, information technology, computers, computer software, computer networks, and computer and online security, authentication, and identity management; educational services, namely, providing training for certification of others in the fields of technology, information technology, computers, computer software, computer networks, and computer and online security, authentication, and identity management; IT training services;

educational services, namely, organizing and providing conferences, workshops, meetings, and seminars in the field of technology, information technology, computers, computer software, computer networks, and computer and online security, authentication, and identity management.

Class 42

Software as a service (SaaS) services featuring software which provides unification, management, performance optimization, integration, and access of computer systems and networks, enterprise software applications, users, and internet resources; software as a service (SaaS) services featuring software featuring digital identity authentication, security management and security application auditing; computer services, namely, monitoring, analyzing, and reporting on the performance of computer systems, networks, and enterprise software applications; computer security consultancy; computer security services, namely, providing computer security service to verify user or machine identities, user or machine permissions, and for the management of user or machine data; providing temporary use of online non-downloadable software, namely, identity management and identity security software for use by others for ensuring the security of computer networks, databases, computer software, software applications and software development tools; providing temporary use of online non-downloadable software for use by others to manage network and database users, simplify user authentication, and control access to computer software, software applications and software development tools; software as a service (SaaS) services featuring software for securing communications between computers; computer services, namely, providing user authentication services using software technology in online communications, transactions, and applications for network access control, security management and security application auditing; computerized identification verification services, namely, providing authentication of personal identification information using software technology for communications and transactions via a global computer network;

computerized identification verification services, namely, providing authentication using software technology for communications and transactions via a global computer network, namely, validating personal identification information and user credentials to secure access to online computer services and software programs and products; providing temporary use of on-line non-downloadable identification verification software and computer security services for providers and users of health care services, for healthcare transaction fraud detection and prevention technologies and services; providing temporary use of on-line non-downloadable identification verification software and computer security services for providers and users of health care services, for healthcare transaction authentication and verification services; user authentication services using blockchain technology for identity verification in financial transactions and financial data, for financial and insurance fraud detection and prevention technologies and services.

Create Today. Enrich Tomorrow.

Goods and/or Services:

Class 07

Machine tools, power-operated tools; motors and engines, except for land vehicles; machine coupling and transmission components, except for land vehicles; agricultural implements, other than hand-operated hand tools; incubators for eggs; automatic vending machines; welding machines; industrial robots; soldering apparatus, gas-operated; soldering apparatus, electric; chip mounting machines; semiconductor manufacturing apparatus and machines; electric arc welding machines and apparatus; cutting machines; metal cutting machines and apparatus; electronic component placement machines and apparatus; electronic component insertion machines and apparatus; feeders for machines; electronic component feeding machines and apparatus; bonding machines; assembly machines; laser processing machines and apparatus; engraving machines; condensing installations; electric power tools; chucks for power drills; grinding machines; saws [machines];

blades for electric power tools; heat exchangers [parts of machines]; extracting machines; dispensing machines; printing machines; 3D printers; electric motors [other than for land vehicles]; driving motors other than for land vehicles; electricity generators; wind-powered electricity generators; ac generators [alternators]; solar power generating apparatus; centrifugal blowers; axial flow blowers; reduction gears [other than for land vehicles]; lifting machines; elevators [lifts]; electric door openers; automatic door apparatus [electric]; curtain drawing devices, electrically operated; electric washing machines; washing machines [laundry]; dish washing machines; drums [parts of machines]; compressors [machines]; pumps for machines; electric pumps; mixing machines; chopping machines; food mixing machines; food cutting machines; food chopping machines; apparatus for use in processing food; electric hand mixers for household purposes; electric food processors for household use; electric coffee mills; electric blenders for household purposes; electric juicers for household purposes; electric meat grinders for household purposes; rice polishing machines; electric ice crushers; garbage disposals; machines and apparatus for cleaning, electric; electric vacuum cleaners; electric floor polishers; blowing machines; air suction machines; dust filters and bags for vacuum cleaners; electric dust collecting machines; apparatus for aerating water; packaging machines; filters for motors and engines; gas filters for engines; vending machines; beverage dispensers for vending machines; agricultural machines; plant growth chambers and incubators for agricultural purposes; composting machines; chemical supplying apparatus for use in production lines; exhaust gas treatment apparatus; urethane foaming machines; painting and coating machines; apparatus for disposal and recovery of waste products and scraps; parts and fittings for all the aforesaid goods.

Class 08

Hand tools and implements, hand-operated; cutlery; side arms, except firearms; razors; electric shavers; electric razors; razor blades; blades [hand tools]; blades for electric shavers; blades for electric clippers; blades for electric hair trimmers; electric

hair clippers; hair clippers for animals [hand instruments]; electric beard trimmers; depilation appliances, electric and non-electric; nail polishers, electric and non-electric; manicure sets, electric and non-electric; pedicure sets, electric and non-electric; tool belts [holders] for electric power tools; trimmers [hand operated tools]; electric hair trimmers; electric ear hair trimmers; electric nasal hair trimmers; electric hair straightening irons; electric irons for styling hair; electric hair curling irons; eyelash curlers; hand implements for hair curling; electric flat irons; blades for electric razors; electric nail files; parts and fittings for all the aforesaid goods.

Class 09

Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media, computer software, blank digital or analogue recording and storage media; mechanisms for coin-operated apparatus; cash registers, calculating devices; computers and computer peripheral devices; diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming; fire-extinguishing apparatus; cameras; camera cases; digital still cameras; digital photo frames; batteries; dry cells; rechargeable batteries; electric accumulators; electric batteries for vehicles; electric batteries for electric vehicles; batteries for mobile phones; battery chargers; nickel cadmium batteries; nickel-metal hydride batteries; lithium batteries; lithium ion batteries; fuel cells; solar batteries; electric converters; solar panels for electricity generation; battery chargers for electric vehicles; electric wiring devices and instruments; sensor switches; electrical connectors; electric switches; electric sockets; dimmer switches; time switches; magnetic switches; light dimmers; switchboards; electric switch boxes;

electric cables; electricity conduits; electricity ducts; port racks being terminals for use in electrical cable installations; lighting ballasts; circuit breakers; electro-magnetic switches; electric circuit protectors; thermal surge protectors; power distributing boxes; electrical outlets; power strips; current converters; electrical outlet covers; electrical outlet plates; antennas; aerials; distribution boards [electricity]; electric power monitoring units; control panels [electricity]; electronic indicator panels; terminals [electricity]; indicator lights; signalling lamps; modular jacks for telephones; electrical adaptors; power adapters; earth terminals; electrical power extension cords; modular jacks for networks; electric wiring ducts; warning apparatus and instruments; video intercoms; intercoms; gas leak alarms; anti-theft warning apparatus; glass break detectors; passive infrared detectors; infrared detectors; electric door chimes; radio receivers and transmitters; buzzers; fire alarms; fire detectors; emergency alarms; electric warning lights; emergency signalling lights; emergency warning lights; electric locks; video surveillance systems; access control devices; face recognition equipment for access controls; iris recognition access control systems; cameras for iris recognition security; surveillance cameras; illuminated exit signs; apparatus and instruments for remote monitoring; apparatus and instruments for remote communication; apparatus and instruments for remote controlling; radios; audio tape recorders and players; digital audio players and recorders; digital video players and recorders; portable media players; mp3 players; cases for portable media players; audio speakers; stereo tuners; amplifiers; power amplifiers; microphones; record players; record player turntables; digital voice recorders; digital sound processors; headphones; earphones; stereos; stereo components; audio mixers; audio head cleaning apparatus; optical fiber cables; audio and video cables; wireless microphone systems comprising microphones, transmitters and receivers, speakers, amplifiers and tuners; audio equalizers; electronic audio signal processors; car audio apparatus; rearview cameras for vehicles; rearview monitors for vehicles; woofers; subwoofers; automatic disc changers; video apparatus; television sets; plasma televisions; plasma display panels; stands for televisions; mounting brackets adapted

for televisions; liquid crystal display (LCD) televisions; liquid crystal displays; liquid crystal display panels; wireless liquid crystal display (LCD) monitors; organic light emitting diodes (OLED) displays; organic light emitting diodes (OLED) televisions; organic light emitting diodes (OLED); 3D televisions; audio and video player-combined televisions; video tuners; projectors; liquid crystal display (LCD) projectors; lenses for projectors; video tape recorders; video tape players; camcorders; tripods for cameras; DVD recorders; DVD players; cable television receivers; set top boxes; computer hardware and software for displaying educational materials; electronic display boards; video cameras for broadcasting; computer hardware and software for use in DVD authoring; light emitting diode displays; in-vehicle cameras; network monitoring cameras; video surveillance cameras; live image switchers; downloadable electronic publications; video monitors; video switchers; video mixers; home theater systems, comprising digital video players, audio amplifiers and audio speakers; video signal splitters; image recognition apparatus; three-dimensional eyeglasses; satellite receivers; optical disc drives; optical disc recorders; optical disc players; communication apparatus; facsimile machines; telephones; mobile phones; smartphones; smart watches; accessories for mobile phones, namely, battery packs, cases, lanyards, chargers, holders, power supply adapters, headsets, earphones and microphones; hands-free kits for mobile phones; cordless telephones; telephone answering machines; private branch exchanges; Global Positioning System [GPS] apparatus; transceivers; encoding and decoding apparatus; navigation apparatus for vehicles [on-board computers]; car navigation systems; digital signage; remote controllers; transmitters and receivers for remote controls; apparatus for distributing or controlling electricity; electric power controllers; programmable logic controllers; computers; computer peripheral devices; tablet computers; mobile computers; wearable computers; hard disc drives; USB cables; image scanners; printers for computers; empty toner cartridges for computer printers; toner cartridges sold empty; photo printers; video printers; digital color copiers; multi-function copiers; multi-function printers; electronic blackboards; electronic whiteboards; PC cards; computer

keyboards; floppy disk drives; electronic card readers; electronic card readers and writers; bar code readers; bar code scanners; electronic mobile data terminals; electronic cash registers; electronic calculators; routers; monitors [computer hardware]; ethernet adapters; computer port replicators; downloadable electronic maps; downloadable image and video files; downloadable electronic data files for computer programs; pre-recorded DVDs; downloadable computer programs; computer software for processing images and graphics; scientific research and laboratory apparatus; computer hardware and software for image recognition for security and surveillance; computer hardware and software for video surveillance of factory production lines; radio-frequency modulators; computer networks; computer servers; data storage media; blank video tapes; head cleaning tapes for audio and video tape recorders and players; blank audio tapes; blank floppy discs; blank optical discs; memory cards; IC memory cards; dosimeters; counters; ammeters; thermometer, not for medical purposes; voltmeters; weighing machines; pedometers; calorie consumption monitors for use during sporting activities; exercise intensity and pitch monitors for use during sporting activities; electricity meters; gas meters; water meters; wattmeters; distance measuring apparatus; sensors; light-emitting diodes; microcomputers; semi-conductors; semiconductor memory devices; integrated circuits; oxygen regulators; signal tuners; radio frequency modulators; coin validators; coin sorters; banknote validators; banknote sorters; electric power supply modules; DC/DC converters; inductors [electricity]; capacitors; power capacitors; diodes; transistors; electric signal filters; electromagnetic noise reduction filters; optical modulators; optical transmitters; optical sensors; optical connectors; optical lenses; electric circuits; transformers; thermistors; varistors; oscillators; acousto-optic devices; electric resistors; potentiometers; thermal cutoffs; encoders; magneto-resistive devices; electric chip coils; electric choke coils; current sensors; touch panels; remote controls; duplexers; surface acoustic wave devices; surface acoustic wave filters; baluns; electric power distributors; wireless communication devices; radio frequency amplifiers; frequency synthesizers; laser diodes; magnetic cores;

fuses; electric relays; solenoids; electric power supplies; electric inverters; electric timers; electric circuit boards; printed circuit boards; circuit overload protector devices; ionization apparatus for scientific or laboratory use; ionization apparatus, not for the treatment of air or water; magnetron oscillators; internal cooling fans for electronic devices; internal cooling fans for communication devices; lasers, not for medical purposes; marking gauges for joinery purposes; luminous or mechanical road signs; uninterruptible electrical power supplies; time clocks [time recording devices]; power line communication adapters; temperature indicators; moisture meters; microscopes; protective helmets; riding helmets; protective helmets for sports; humanoid robots with artificial intelligence; robots for laboratory use; temperature controllers; electric terminal blocks; image processors; semiconductor inspection apparatus; incubators for bacteria culture; incubators for laboratory use; plant growth chambers for laboratory use; clean benches for laboratory use; biological safety cabinets for laboratory use; computer hardware and software for VLC (visible light communications) for the transmission of electronic data, namely video, music, image, text and sound; computer hardware and software for Internet of Things (IoT); computer hardware and software for machine-to-machine (M2M) communication; computer hardware and software for text-to-speech converting; computer hardware and software for management of customer information; computer hardware and software for point-of-sales [POS] systems; computer database servers; computer groupware; downloadable cloud computing software; electronic control units for vehicles; electronic control units for vehicle batteries; head-up displays for vehicles; sonars; digital panel meters; electronic data archiving apparatus; electronic data storing apparatus; clothing for protection against accidents, irradiation and fire; gloves for protection against accidents, irradiation and fire; parts and fittings for all the aforesaid goods.

Class 11

Apparatus and installations for lighting, heating, cooling, steam generating, cooking,

drying, ventilating, water supply and sanitary purposes; lighting apparatus and installations; electric light bulbs; incandescent lamps; miniature light bulbs; flashlights [torches]; electric lanterns; motion sensitive security lights; discharge lamps; stage lighting apparatus; wall lights; ceiling lights; germicidal lamps; chandeliers; downlights; desk lights; sockets for electric lights; lanterns; spotlights; safety lamps; light diffusers; searchlights; cycle lights; electric fans; portable searchlights; pen lights; installations for cooking; electric cooking utensils; microwave ovens; bread baking machines; electric kettles; electric cooking pots; electric pressure cookers; electric rice cookers; electric rice warmers; electric food warmers; electric roasters; cooking ovens; toasters; electric sandwich toasters; electric coffee makers; electric ice cream makers; electric cooking stoves; gas cookers; induction cookers; electric cookers; electric cooking pans; fermenting machines for food products; sinks; faucets; electric frying pans; refrigerators; gas refrigerators; freezers; water dispensers; heating and cooling apparatus for dispensing hot and cold beverages; water coolers; ice makers; cool boxes, electric; refrigerating display cabinets; refrigerating showcases; freezing showcases; heat exchanger-typed air cooling units; ventilating apparatus and instruments; ventilating fans for household use; dehumidifiers; humidifiers; air curtains; ceiling fans; ventilating fans; electrostatic precipitators for cleaning air; electric air blowers for air conditioning or ventilating; air purifying apparatus and machines; filters for air purifiers; range hoods; air filtering installations; installations for air heating; air conditioners; air conditioners for vehicles; air filters for air conditioners; heat exchangers; electrically heated carpets; electric space heaters; electric blankets, not for medical purposes; electric radiant heaters; hot-water space heating apparatus; electric heating apparatus; electric foot warmers; floor heating apparatus; heaters for vehicles; electric water heaters; gas fired heaters; water heaters; gas water heaters; heat pumps; solar water heaters; waste water treatment apparatus; water supply installations; watering installations, automatic; sanitary installations and apparatus; toilet stool units with a washing water squirter; saunas; showers; shower apparatus; shower heads; water boilers; bathtubs; bathroom

installations; bathtub jets; whirlpool baths; toilets; toilet bowls; water ionizers; bidets; portable toilets; portable bidets; wash-hand basins [parts of sanitary installations]; sterilizers; water softening apparatus; water purifying apparatus; drying apparatus; clothes drying machines; electric clothes drying machines; electric hand dryers; electric hair dryers; electric dish dryers; dish dryers; electric hair steamers; steam facial apparatus [saunas]; electric autoclaves; facial saunas; fabric steamers; watering machines for agricultural purposes; fog machines for use in air-conditioning; fog machines for purifying air; fog machines for sterilising air; ventilation hoods; air deodorizing apparatus; apparatus for generating ultrapure water; cooling water circulation apparatus; hazardous liquid treatment apparatus; air nozzles for air conditioning; thermal incineration installations; installations for the recycling [purification] of waste water; wash-hand bowls [parts of sanitary installations]; automatic temperature regulators for central heating radiators; fan coil units for air conditioning; ionisation apparatus for the treatment of air or water; ozone water generators; refrigerating containers; freezing containers; coffee roasters; parts and fittings for all the aforesaid goods.

Class 35

Advertising; business management, organization and administration; office functions; providing information concerning commercial sales; business information; commercial information agencies; rental of photocopying machines; publicity material rental; rental of vending machines; rental of office machinery and equipment; retail or wholesale services for domestic electric and domestic electronic appliances; retail or wholesale services for beds, chairs and lifts for the elderly, children and adults with disabilities; retail or wholesale services for communication apparatus; retail or wholesale services for sports goods; retail or wholesale services for building materials; retail or wholesale services for pharmaceutical, veterinary and sanitary preparations, and medical supplies; retail or wholesale services for food and beverage; advertising and publicity services; providing employment information;

arranging newspaper subscriptions for others; providing information or news in the field of business; data processing services; commercial information and advice for consumers [consumer advice shop]; arranging subscriptions to telecommunication services for others; business information or consulting services relating to the electric energy industry; business management analysis and business consultancy; marketing research or analysis; preparation and auditing of financial statements; personnel relocation services; retail or wholesale services for scientific or laboratory apparatus and instruments; retail or wholesale services for electric washing machines; retail or wholesale services for vacuum cleaners; retail or wholesale services for dish washing machines; retail or wholesale services for audio visual equipment; retail or wholesale services for navigation apparatus; retail or wholesale services for computers; retail or wholesale services for computer software; retail or wholesale services for batteries and cells; retail or wholesale services for medical apparatus and instruments; retail or wholesale services for electric shavers; retail or wholesale services for electrical cooking apparatus; retail or wholesale services for cooling apparatus; retail or wholesale services for heating apparatus; retail or wholesale services for refrigerating apparatus; retail or wholesale services for drying apparatus; retail or wholesale services for lighting; retail or wholesale services for beauty implements for humans; business planning services and consultancy relating thereto; inventory management services and consultancy relating thereto; sales management services and consultancy relating thereto; business process management services and consultancy relating thereto; client and customer management services and consultancy relating thereto; sales management services and consultancy; arranging of contracts for the purchase and sale of goods and consultancy relating thereto; company receptionist services and consultancy relating thereto; providing multilingual commercial information and consultancy relating thereto; business management services for computerized production, and consultancy relating thereto; business management services in the field of energy consumption, and consultancy relating thereto; customer relationship management

and consultancy relating thereto; data management services; creating, production and distribution of advertising materials; billing services in electronic commerce transactions; business consulting services in the fields of energy consumption and usage conservation to improve energy efficiency; personnel management services and consultancy thereto; collecting, providing and analysis of consumer buying habits and needs for marketing purposes; business information analysis; business research and analysis of behavior patterns of customers, employees and users; business research and analysis of production process flow in the field of improving productivity efficiency; organization or management of trade fairs for commercial and advertising purposes; business consultancy services in the field of agriculture; clerical employment agency services.

Class 37

Construction services; mining extraction, oil and gas drilling; installation, repair or maintenance of electric appliances; installation, repair or maintenance of radios; installation, repair or maintenance of television sets; installation, repair or maintenance of telecommunication apparatus and machines; installation, repair or maintenance of household electric appliances; installation, repair or maintenance of lighting apparatus; installation, repair or maintenance of power distribution and control apparatus; installation, repair or maintenance of electric motors; installation, repair or maintenance of measuring apparatus and instruments; installation, repair or maintenance of testing apparatus and instruments; installation, repair or maintenance of medical apparatus and instruments; installation, repair or maintenance of metalworking machines and tools; installation, repair or maintenance of cooking apparatus; installation, repair or maintenance of automatic vending machines; installation, repair or maintenance of water purifying apparatus; installation, repair or maintenance of musical instruments; installation, repair or maintenance of watches and clocks; installation, repair or maintenance of water heaters; installation, repair or maintenance of bath equipment; installation, repair or

maintenance of toilet stool units with a washing water squirter; installation, repair or maintenance of computer hardware; installation, repair or maintenance of air-conditioning apparatus; installation, repair or maintenance of office machines and equipment; installation, repair or maintenance of machinery; repair or maintenance of vehicles; installation, repair and maintenance of computers and computer peripherals; installation, repair or maintenance of computer printers; installation, repair or maintenance of printing machines; installation, repair or maintenance of 3D printers; installation, repair or maintenance of telephones; telecommunication wiring; rental of construction equipment; installation, repair or maintenance of laboratory apparatus and instruments; installation, repair or maintenance of electronic apparatus; installation, repair or maintenance of wheelchairs; construction; construction consultancy; construction information; installation, repair or maintenance of freezing machines and apparatus; rental of laundry washing machines; rental of dish washing machines; rental of cleaning machines; rental of drying machines; rental of laundry dryers; rental of dish drying machines; installation, repair or maintenance of audio-visual apparatus and equipment; installation, repair or maintenance of industrial machinery; installation, repair or maintenance of manufacturing machines and apparatus; installation, repair or maintenance of welding machines and apparatus; installation of radio apparatus and instruments; installation of radio systems and networks; consultancy relating to the repair or maintenance of measuring and testing machines and instruments; providing information relating to the repair or maintenance of measuring and testing machines and instruments; rental of lifting apparatus; installation or adjustment of antennas; maintenance and repair of buildings; building construction supervision; installation, repair or maintenance of transport and storage containers; installation, repair or maintenance of lockers.

Class 42

Scientific and technological services and research and design relating thereto; industrial analysis, industrial research and industrial design services; quality control

and authentication services; design and development of computer hardware and software; computer software design; computer programming; maintenance of computer software; computer system design; configuration of computer systems; testing and research services relating to electric and electronic machines, apparatus and instruments; computer rental; providing temporary use of non-downloadable computer software; website design; hosting computer sites [websites]; updating of computer software; recovery of computer data; computer software support services; computer engineering services; hosting and maintaining the websites of others; file sharing services, namely, hosting a website featuring technology enabling users to upload and download electronic files; photo sharing services, namely, hosting a website featuring technology enabling users to upload, view, and download digital photos; providing non-downloadable computer software for use in digital image processing; providing non-downloadable computer software for browsing information on the internet; electronic data storage; rental of electronic storage space on the internet; rental of web servers; providing meteorological information; technological advice relating to operation of computers, automobiles and other machines, apparatus and instruments; testing and research services in the field of electricity; architectural design; designing; cartography and mapping services; hosting a website featuring technology enabling users to upload and download electronic files; hosting a website featuring technology enabling users to edit photos, create photo albums and upload photos and photo albums; hosting a website featuring technology that enables online electronic conference systems via cloud computing; computer diagnostic services; providing computer systems for remote desktop solutions through cloud computing; monitoring and maintenance of software for computer systems; computer system design; installation of software for computer systems; technical support services being troubleshooting of computer systems to detect breakdowns; technological advice relating to equipment inspection; technological advice relating to information security diagnosis; technological advice relating to assessment of information security vulnerability; technological advice relating to data

and information analysis; technological advice relating to cloud computing; technological advice relating to business information security and protection; technological advice relating to Internet of Things (IoT); technological advice relating to machine-to-machine (M2M) communication; technological advice relating to digital content distribution; technological advice relating to identification and authentication of persons; technological advice relating to billing in electronic commerce transactions; technological advice relating to remote video monitoring; technological advice relating to operation and control of plant factory systems; technological advice relating to operation and control of agricultural apparatus and systems; technological advice relating to management and control of plant cultivation; technological advice relating to operation and control of water treatment systems; technological advice relating to monitoring of air contaminants and pollutants; technological advice relating to visualization and analysis of air flow; technological advice relating to operation and control of autonomous-driving vehicles; design, development and maintenance of software for computer systems, and design and development of computer systems in the nature of computer hardware, relating to remote access to computer terminals and networks; design, development and maintenance of software for computer systems, and design and development of computer systems in the nature of computer hardware, relating to scanning, detecting and eliminating of viruses, spyware and malware; design, development and maintenance of software for computer systems, and design and development of computer systems in the nature of computer hardware, relating to search, analysis and detection of security incidents and access logs; design, development and maintenance of software for computer systems, and design and development of computer systems in the nature of computer hardware, relating to assessment of information security vulnerability; design, development and maintenance of software for computer systems, and design and development of computer systems in the nature of computer hardware, relating to data and information analysis; design, development and maintenance of software for computer systems, and design and development of computer systems in the

nature of computer hardware, relating to cloud computing; design, development and maintenance of software for computer systems, and design and development of computer systems in the nature of computer hardware, relating to sales management; design, development and maintenance of software for computer systems, and design and development of computer systems in the nature of computer hardware, relating to computer database searches; design, development and maintenance of software for computer systems, and design and development of computer systems in the nature of computer hardware, relating to providing storage, archiving, backup, and management of electronic data via network connection; design, development and maintenance of software for computer systems, and design and development of computer systems in the nature of computer hardware, relating to detecting and analyzing the presence of individuals or objects; design, development and maintenance of software for computer systems, and design and development of computer systems in the nature of computer hardware, relating to detecting and analyzing the location, staying time and moving route of individuals or objects; design, development and maintenance of software for computer systems, and design and development of computer systems in the nature of computer hardware, relating to computer file management; design, development and maintenance of software for computer systems, and design and development of computer systems in the nature of computer hardware, relating to VLC (visible light communications) for the transmission of electronic data, namely video, music, image, text and sound; design, development and maintenance of software for computer systems, and design and development of computer systems in the nature of computer hardware, relating to Internet of Things (IoT); design, development and maintenance of software for computer systems, and design and development of computer systems in the nature of computer hardware, relating to machine-to-machine (M2M) communication; design, development and maintenance of software for computer systems, and design and development of computer systems in the nature of computer hardware, relating to video surveillance; design, development and maintenance of software for

computer systems, and design and development of computer systems in the nature of computer hardware, relating to text-to-speech converting; design, development and maintenance of software for computer systems, and design and development of computer systems in the nature of computer hardware, relating to remote video monitoring; design, development and maintenance of software for computer systems, and design and development of computer systems in the nature of computer hardware, relating to management of customer information; design, development and maintenance of software for computer systems, and design and development of computer systems in the nature of computer hardware, relating to point-of-sales [POS] systems; design, development and maintenance of software for computer systems, and design and development of computer systems in the nature of computer hardware, relating to operation and control of plant factory systems; software as a service [SaaS]; software as a service [SaaS] for management and control of mobile computer or communication devices; software as a service [SaaS] for data storage management; software as a service [SaaS] for scanning, detecting and eliminating of viruses, spyware and malware; software as a service [SaaS] for data and information analysis; software as a service [SaaS] for cloud computing; software as a service [SaaS] for sales management; software as a service [SaaS] for client and customer management; software as a service [SaaS] for detecting and analyzing the presence of individuals or objects; software as a service [SaaS] for detecting and analyzing the location, staying time and moving route of individuals or objects; software as a service [SaaS] for Internet of Things (IoT); software as a service [SaaS] for machine-to-machine (M2M) communication; software as a service [SaaS] for digital content distribution; software as a service [SaaS] for text-to-speech converting; software as a service [SaaS] for computerized production management; software as a service [SaaS] for remote video monitoring; software as a service [SaaS] for management of customer information; software as a service [SaaS] for point-of-sales [POS] systems; software as a service [SaaS] for virtual reality image processing; analysis of computer database performance; cloud computing;

consultancy relating to cloud computing; digitization of documents [scanning]; Infrastructure as a Service [IaaS]; server administration; design, development and hosting of computer databases; electronic storage of archived data; data security services [firewalls]; technical verification and validation services, namely performance testing of products; technical verification and validation services, namely performance testing of computer networks; technical verification and validation services, namely performance testing of computer systems; product design; analysis and evaluation of products [quality control]; structural analysis and evaluation of buildings; materials testing and analysing; chemical testing, analysis and evaluation services; testing and analysis of communication functions between computers; consultancy relating to research and development of products; technical inspection services; consultancy relating to design, programming and maintenance of computer software; creating web sites for others; rental of computer software; technical consultancy relating to the design of computer hardware, software and computer peripherals; computer technology consultancy; hosting platforms on the internet; installation of computer software; design of telecommunication machines and apparatus and radio communication machines and apparatus, and consultancy relating to such design; design and development of computer hardware, software and databases; rental of memory space for servers on the internet; rental of computer servers; rental of measuring or testing machines and instruments; engineering relating to measuring or testing machines and instruments; design of measuring or testing machines and instruments; design and development of navigation systems; architectural research; research on city planning; testing or research on prevention of pollution; testing or research on electricity; testing or research on civil engineering; conducting surveys on energy consumption and providing information thereof; consultancy and information in the field of energy saving and efficiency; surveying; architectural services; construction drafting; architectural consultation; providing information in the field of architectural design; geological surveys or research; design of building interiors and exteriors; monitoring

IESO

Goods and/or Services:

Class 09

Downloadable publications; electronic publications; downloadable newsletters, magazines, white papers, books, training manuals, workbooks, assessments and questionnaires; software; software development programmes; software development tools; software applications; software for online messaging; scheduling software; software for instant messaging; file sharing software; downloadable computer software for processing images, graphics, audio, video and text; artificial intelligence software; artificial intelligence software for healthcare; machine learning software; machine learning software for healthcare; intelligent gateways for real-time data analysis; voice recognition software; gesture recognition software; facial recognition software; software as a medical device [SaMD], downloadable; computer software applications and platforms; computer software applications and platforms in the field of mental healthcare provision, identification, assessment, diagnosis and counselling; computer software applications and platforms in the field of physical healthcare provision, identification, assessment, diagnosis and counselling; health monitoring software; computer software applications and platforms in the field of training, supervision and quality control; computer software for the analysis of data; computer software for use in facilitating voice over internet protocol (VOIP) calls, phone calls, video calls, text messages, instant message and online social networking services; apparatus and instruments for processing, recording and reproducing of data; computer software for the collection, managing, editing, organizing, modifying, transmission, sharing, and storage of data and information; downloadable e-

commerce computer software to allow users to perform electronic business transactions via a global computer and communication networks; computer software for personal information management, and data synchronization software; computer software development tools; computer software for use as an application programming interface (API).

Class 10

Medical apparatus and devices; medical testing instruments; telemetry devices for medical applications; diabetic monitoring apparatus; medical test kits for diabetes monitoring for home use; cardio-pulmonary diagnostic instrumentation; apparatus for the diagnosis of neurological, cardiovascular, inflammatory, cerebrovascular diseases; blood testing apparatus; blood glucose testing apparatus; urine testing instruments for medical diagnostic purposes; blood oxygen monitors; pulse rate monitors; heart rate recorders; blood pressure gauges; body rehabilitation apparatus for medical purposes; body fat monitors; cholesterol meters; cases fitted for medical instruments.

Class 35

Advertising; business management; business administration; office functions; accounting; organisation, operation and supervision of loyalty and incentive schemes; production of television and radio advertisements; provision of business information; opinion polling; business information; business inquiries; business research; providing commercial information and advice for consumers in the choice of products and services; dissemination of advertising matter; layout services for advertising purposes; marketing; marketing research; marketing studies; modelling for advertising or sales promotion; online advertising on a computer network; organisation of exhibitions for commercial or advertising purposes; organisation of trade fairs for commercial or advertising purposes; personnel recruitment; presentation of goods on communication media, for retail purposes; public relations;

publication of publicity texts; publicity; radio advertising; telemarketing services; television advertising; updating of advertising material; online advertising and marketing services; promotional services; business networking; placing advertisements and promotional displays in electronic sites accessed via computer networks; providing information regarding careers, employment, and job placement; providing market information in relation to consumer products; providing shopping information; business information services; provision of business information over the internet; appointment scheduling services [office functions]; data management; data collection services; data processing services; collection and compilation of information into computer databases for use in wellness, healthcare and medicine; collection and compilation of information into computer databases for use in treating, targeting, monitoring, intervening in, and managing human health conditions, behaviours and disease; maintaining personal medical history records and files; computerised management of medical records and files; retail services relating to medical testing kits and instruments, medical apparatus and devices, medical test kits for diabetes, blood pressure gauges, blood oxygen monitors, body fat monitors, pulse rate monitors, heart rate recorders, cholesterol meters, cases fitted for medical instruments and devices.

Class 41

Education and training services; online education and training services; health education; health training services; training of healthcare professionals; coaching services; life coaching services; coaching in relation to lifestyle, health and wellbeing; conducting educational support programmes for healthcare professionals; providing online electronic publications; publication of printed matter and printed publications; providing online videos, not downloadable; providing online courses of instruction; training materials provided online; publication of training manuals; publishing and writing of texts; on-line journals including blogs featuring information; know-how transfer; provision of advice, information and consultancy related to all the aforesaid

services.

Class 42

Software design and development services; software development, programming and implementation; development of computer platforms; Platform as a service (PaaS); Software as a service [SaaS]; Blockchain as a Service [BaaS]; platforms for artificial intelligence as software as a service [SaaS]; research in the field of artificial intelligence technology; design and development of software in the field of applications; development and providing non-downloadable computer software for scheduling purposes; providing non-downloadable software; providing non-downloadable artificial intelligence and machine learning software; providing non-downloadable computer software applications and platforms; providing non-downloadable computer software applications and platforms; online data storage; data mining; providing non-downloadable computer software applications and platforms in the field of training, supervision and quality control of healthcare testing, authentication and quality control services; development and testing of computing methods, algorithms and software; hosting web site featuring temporary use of non-downloadable software for use in targeting, monitoring, intervening in, and managing human health conditions, behaviours, and disease; providing non-downloadable software application for patient behaviour and symptom tracking; providing temporary use of online non-downloadable software and applications for instant messaging, voice over internet protocol (VOIP), video conferencing, and audio conferencing; computer services, namely, hosting electronic facilities for others for interactive discussions via communication networks; providing online non-downloadable software; computer services, namely, hosting electronic facilities for others for organizing and conducting discussions via communication networks; application service provider (ASP); providing online, non-downloadable software that gives users the ability to upload, modify and share audio, video, photographic images, text, graphics and data; providing non-downloadable e-commerce software

to allow users to perform electronic business transactions via global computer network; computer services, in particular, application service provider featuring application programming interface (API) software to allow users to perform electronic business transactions via a global computer network; provision of information, advice and consultancy related to all the aforesaid services.

Class 44

Health care; Health consultancy; health counselling; healthy assessment surveys; health screening services; human healthcare services; medical consultations; medical testing services relating to the diagnosis and treatment of disease; home health care services; health risk assessment surveys; health assessment services; cholesterol testing; services for the testing of blood and urine; blood pressure screening services; behavioural health; mental health services; mental health screening services; occupational psychology services, psychological counselling; psychology services, psychological consultation; conducting of psychological assessments and examination; psychotherapy services; cognitive behavioural therapy services; behavioural analysis for medical purposes; provision of information relating to behavioural modification; telemedicine services; counselling and mental therapy services; remote monitoring of data indicative of the health or condition of an individual or group of individuals for medical diagnosis and treatment purposes; providing mental health information and advice online; nutrition consultancy; pharmaceutical consultation; provision of advice, information and consultancy related to all the aforesaid services.

EVIDEN

Goods and/or Services:

Class 09

Encryption apparatus; security tokens [encryption devices]; data networks;

interactive data transfer apparatus; computers; process calculators; calculating machines; supercomputers; computer servers; computer terminals; display screens; cloud servers; cloud computing server software; application software for cloud computing services; computer software packages; encryption software; computer systems; information processing apparatus; software; security software; software for computers; utility software, security software and cryptographic software; software reliability software; system software; anti-virus software; computer software; downloadable software; software for cloud computing; authentication software; spyware protection software; server software; computer programs [downloadable software]; software for encryption; computer application software; speech recognition software; facial recognition software; artificial intelligence software; Web server software; data communication software; data processing software; downloadable cloud software; computer firewall software; downloadable security software; collaborative software platforms [software]; server software for communications; communication processing software; operating software for main frame computers; apparatus and instruments for electric and electronic security; apparatus and instruments for electric and electronic security; target monitoring apparatus [electronic]; software [recorded programs]; smartphone software; software for tablet computers; software for accessing digital content; computer hardware testing software; software that assists computers in deploying parallel applications and performing parallel computations; network access server operating software; monitors [computer programs]; software for migration between various computer network operating systems; software for computer hardware reliability; software for maintenance and operation of computer system; software for the integration of artificial intelligence and machine learning in the megadata domain; downloadable computer software for use as an application programming interface (API); computer software for creating databases used for searching for information and data; software to provide information via communication networks; computer software allowing to provide electronic media via communication networks; downloadable software for

remotely accessing and controlling a computer; application and integration software for databases; access server control and management software [applications]; software for the operational management of portable magnetic and electronic cards; computer software intended to collect location data; software for detecting threats against computer networks; utility software for performing computer system diagnostics; software for monitoring the operation of audio and video devices; downloadable software for remote monitoring and analysis; application software for the web and servers; computer platforms in the form of recorded or downloadable software; software for the provision of information via the Internet; application software intended for portable computer devices; software to enable the search and retrieval of data; software for system cleaning and optimization; software for network security and computer units; software for authorizing access to databases; calculating devices.

Class 38

Telecommunications; provision of access to electronic sites; secure electronic mail services; computer aided transmission of messages, data and images; providing access to databases; leasing access time to a computer database; telecommunication advisory services concerning communication equipment; communication services for information transmission; communication services for the electronic transmission of data; assistance, information and consulting services in the field of telecommunications; remote transmission of data via telecommunications; services for the secure transmission of data, sound or images.

Class 42

Software as a Service [SaaS]; computer Platform as a Service [PaaS]; platforms for artificial intelligence as SaaS [Software as a Service]; programming for computers; software programming services; design, maintenance, development and updating of software; design and development of computers; development of computer platforms;

duplication of computer programs; computer code writing; quantum computing; consulting services relating to computer systems analysis; consulting services for analyzing information systems; computer programming services for data processing; software engineering services for data processing; consulting services in the field of computer system integration; technological advice relating to digital transformation; outsourced services in the field of information technology; rental of computers and software; rental of computer hardware and software; technological research; cloud seeding; cloud computing; cloud hosting provider services; providing artificial-intelligence computer programs on data networks; development of computer hardware; Software as a Service (SaaS) featuring software for machine learning, deep learning and deep learning networks; hosting of digital content; electronic data storage; digital compression of computer data; data encryption and decoding services; data security services; consultant services with respect to data security; computer programming services for data storage; computer services concerning electronic data storage; development of data storage systems; technical data analysis services; computer programming services for electronic data security; security services for computer networks, computer access and computer-based transactions; computer security services for protection against unauthorized network access; monitoring of computer systems for the detection of unauthorized access or data protection breaches; electronic monitoring of personal identification information for the detection of identity theft via the Internet; user authentication services using single sign-on technology for online software applications; technological advice in connection with computer programs; Access Control as a Service (ACaaS); application service provider (ASP); providing virtual computer systems through cloud computing; conversion of computer programs and data, other than physical conversion; recovery of computer data; cloud-stored data protection services; electronic storage services for archiving databases, images and other electronic data; rental of computer software for data stream reading; consultancy, advisory and information services in relation to information technology; information technology

security consultancy; Information technology services for data protection; authentication services for computer security; troubleshooting services for data communication systems; security consultant services for telecommunication networks; threat analysis regarding computer security for data protection; monitoring computer systems for security purposes; computer services for data protection; computer system monitoring services; data recovery services; computer virus protection services; programming of Internet security programs; consultation with respect to computer security; information security services (firewalls); security technology testing services; advice regarding artificial intelligence; design and development of software for evaluation and calculation of data; IT services, namely software development, programming and implementation; design and development of number crunchers and supercomputers.

BALLANTINE'S

Goods and/or Services:

Class 09

Downloadable virtual goods, namely, computer programs featuring alcoholic and non-alcoholic beverages, food, clothing, footwear, headwear, eyewear, bags, sports bags, backpacks, umbrellas, parasols, serving trays, portable beverage coolers, portable bars, ice buckets, cups, glasses and drinking vessels, bottle openers, cases

and covers for cell phones, smart phones, tablet computers, all for use in online virtual worlds; downloadable software, mobile application software and cloud based software for virtual reality game and virtual worlds; virtual reality headsets and glasses; electronic devices, namely, connected bracelets adapted for use in online virtual worlds; downloadable multimedia files containing artwork, text, audio, music and/or video relating to events, pop culture, sports, art, culture, entertainment, night life, travel, adventure, music, lifestyle, fashion, beauty, photography and people, namely, celebrities, athletes, artists, musicians, and photographers authenticated by non-fungible tokens; downloadable virtual and augmented reality software for education, learning, entertainment purpose; downloadable software, mobile application software and cloud based software for providing a virtual marketplace; downloadable software, mobile application software and cloud based software for generating cryptographic keys for receiving and spending crypto assets and downloadable computer software for managing cryptocurrency transactions using blockchain technology; computer programs for the creation and trade of digital collectibles using blockchain-based software technology; software, enabling the authentication, ownership, availability and trading of digital assets; downloadable software, mobile application software and cloud based software for processing transactions related to crypto-collectibles, non-fungible tokens and other application tokens; downloadable software, mobile application software and cloud based software for use in electronically trading, storing, sending, receiving, accepting and transmitting crypto-collectibles, non-fungible tokens and other application tokens; downloadable computer software, mobile application software and cloud based software for use in facilitating the purchase and sale of rights to digital goods; downloadable computer software, mobile application software and cloud based software for managing digital collectibles; downloadable computer software, mobile application software and cloud based software for viewing images, videos and content relating to beverages, food, sports, gaming, music and apparel; downloadable loyalty cards, incentive cards and reward cards.

Class 35

Retail store and online retail store services in relation to virtual goods, namely, alcoholic and non-alcoholic beverages, food, clothing, footwear, headwear, eyewear, clocks, bags, sports bags, backpacks, umbrellas, parasols, serving trays, portable beverage coolers, portable bars, ice buckets, cups, glasses and drinking vessels, bottle openers, cases and covers for cell phones, smart phones, tablet computers for use online in online virtual worlds; retail and retail store services in relation to goods authenticated by non-fungible tokens (NFTs) namely, alcoholic and non-alcoholic beverages, food, clothing, footwear, headwear, eyewear, bags, sports bags, backpacks, umbrellas, parasols, serving trays, portable beverage coolers, portable bars, ice buckets, cups, glasses and drinking vessels, bottle openers, cases and covers for cell phones, smart phones, tablet computers; organizing and conducting events, exhibitions and expositions for commercial purposes in the interactive entertainment, virtual reality, sports and video game entertainment industries; providing incentive reward programs for customers through issuance and processing of loyalty points authenticated by non-fungible tokens (nfts) for on-line purchase of a company's goods and services; providing incentive award programs for customers and employees through the issuance of digital tokens for the purpose of promoting and rewarding customer loyalty; retail store and online retail store services in relation to virtual goods, blockchain tokens, digital tokens, virtual goods authenticated by non-fungible tokens, digital media, digital files, and digital assets in the field of beverages, food, sports, gaming, music, culture and apparel; provision of online marketplaces for buyers and sellers of virtual goods, blockchain tokens, digital tokens, virtual goods authenticated by non-fungible tokens, digital media, digital files, and digital assets; provision of online marketplaces for buyers and sellers of downloadable digital art images, music, videos; providing an on-line marketplace in the nature of a virtual environment for buying and selling virtual goods, blockchain tokens, digital tokens, virtual goods authenticated by non-fungible tokens, digital

media, digital files, and digital assets.

Class 41

Entertainment services, namely, providing on-line virtual goods comprising virtual alcoholic and non-alcoholic beverages, food, clothing, footwear, headwear, eyewear, bags, sports bags, backpacks, umbrellas, parasols, serving trays, portable beverage coolers, portable bars, ice buckets, cups, glasses and drinking vessels, bottle openers, cases and covers for cell phones, smart phones and tablet computers, for use in virtual environments; entertainment services, namely, providing on-line actual and virtual concerts and other virtual events; entertainment services, namely, providing online virtual reality entertainment services for operating a virtual bar or restaurant offering virtual food and beverages; entertainment services, namely, conducting actual and virtual workshops, educational demonstrations and courses of instruction in the field of mixology and alcoholic beverages; entertainment services, namely, providing online virtual reality entertainment services featuring non-fungible tokens, digital media, digital files, and digital assets for use in virtual worlds; entertainment services, namely, providing on-line non-downloadable virtual beverages, food, bags, beverageware, coolers, clothing, headwear, footwear, umbrellas, towels, sporting equipment, toys, video game equipment and accessories, games; entertainment services, namely, online virtual reality entertainment services for production, distribution, display, and storage of digital collectibles; entertainment services, namely, providing an on-line virtual environment for entertainment featuring virtual goods, blockchain tokens, digital tokens, non-fungible tokens, digital media, digital files, and digital assets; entertainment services, namely, providing an on-line virtual environment for using virtual goods, blockchain tokens, digital tokens, non-fungible tokens, digital media, digital files, and digital assets; organizing and conducting virtual events, virtual exhibitions, virtual expositions and virtual conferences for educational and cultural purposes.

Goods and/or Services:

Class 01

Biological preparations, other than for medical or veterinary purposes in the nature of extracts, isolates, small molecules, proteins, fibers, phytonutrients, polyphenols, macronutrients, lipids and carbohydrates for use as additives in the manufacture of food and beverages, therapeutics in the nature of pharmaceuticals, dietary or herbal supplements, ointments and medical foods, goods in the nature of cosmetics, topicals and personal care products, agricultural supplies in the nature of crop biologicals, pest-control, and disease-control products, animal feeds and animal health feed supplement ingredients, pet foods, pet beverages, pet treats, and industrial materials in the nature of textiles and surface coating products for home and construction; biological preparations, other than for medical or veterinary purposes in the nature of extracts, isolates, small molecules, proteins, fibers, phytonutrients, polyphenols, macronutrients, lipids and carbohydrates derived from plants, fungi, microbes, and from bioengineered and synthetic materials, for use as additives in the manufacture of food and beverages, therapeutics in the nature of pharmaceuticals, dietary or herbal supplements, ointments and medical foods, goods in the nature of cosmetics, topicals and personal care products, agricultural supplies in the nature of crop biologicals, pest-control, and disease-control products, animal feeds and animal health feed supplement ingredients, pet foods, pet beverages, pet treats, and industrial materials in the nature of textiles and surface coating products

for home and construction.

Class 03

Personal care products; personal care products derived from or containing ingredients from plants, fungi, microbes, and from bioengineered and synthetic materials; cosmetics; cosmetics derived or containing ingredients from plants, fungi, microbes, and from bioengineered and synthetic materials; toiletries; toiletries derived from or containing ingredients from plants, fungi, microbes, and from bioengineered and synthetic materials.

Class 05

Pharmaceuticals; pharmaceuticals derived from or containing ingredients from plants, fungi, microbes, and from bioengineered and synthetic materials; medicated toiletry preparations; medicated toiletry preparations derived from plants, fungi, microbes, and from bioengineered and synthetic materials; dietary and nutritional supplements; dietary and nutritional supplements derived from or containing ingredients from plants, fungi, microbes, and from bioengineered and synthetic materials.

Class 29

Food, namely, meat-based, fish-based, fruit-based or vegetable-based food and snacks, milk beverages, milk predominating, dairy-based spreads, nut-based spreads, fruit-based spreads, vegetable-based spreads, dried fruit and vegetables, and meat-based, fish-based, fruit-based or vegetable-based prepared meals; and beverages, namely, yogurt drinks, plant-based milk alternative beverages, milk and dairy based beverages, both liquid and powdered, dairy-based beverages, yogurt-based beverages, soy milk-based beverages, nut milk-based food beverages, dairy-based beverages containing fortified nutrients for use as a healthy snack; food, namely, meat-based, fish-based, fruit-based or vegetable-based food and snacks, milk beverages, milk predominating, dairy-based spreads, nut-based spreads, fruit-based spreads, vegetable-based spreads, dried fruit and vegetables, and meat-

based, fish-based, fruit-based or vegetable-based prepared meals; snacks, namely, vegetable-based snack food, meat-based snack food, fish-based snack food, nut-based snack food, and fruit-based snack food, fruit-based snacks and snack bars, vegetable-based snacks and snack bars and nut-based snacks and snack bars; and beverages, namely, yogurt drinks, plant-based milk alternative beverages, milk and dairy based beverages, both liquid and powdered, dairy-based beverages, yogurt-based beverages; meat and processed foods and snacks for alternative meat applications, namely, meat substitutes, vegetable-based meat substitutes, meat and vegetable-based meat substitutes, vegetarian meat products, plant-based meat substitutes.

Class 30

Food, namely, bread, cakes, pastries, cereal bars, cereal preparations, preparations made from cereals, confectionery, sugar confectionery, coffee, flour, meal, pastry, sauces (condiments), candy, chocolate, cocoa, processed grains, noodles, rice, cereal-based food, rice-based food, grain-based food, oat-based food, flour-based food, salad dressings, chocolate-based products, natural sweeteners, and cereal-based, rice-based, grain-based, oat-based or flour-based prepared meals; snacks, namely, cereal-based snack foods and snack bars, rice-based snack foods and snack bars, grain-based snack foods and snack bars, oat-based snack foods and snack bars, flour-based snack foods and snack bars, chocolate-based snack foods and snack bars; and beverages and drinks, namely, coffee, tea, coffee-based beverages and drinks, cocoa-based beverages and drinks, tea-based beverages and drinks, chocolate-based beverages and drinks, herbal beverages in the form of herbal tea containing fortified nutrients for use as a healthy snack, beverage flavorings.

Class 31

Animal feed; animal feed derived from or containing ingredients from plants, fungi,

microbes, and from bioengineered and synthetic materials; pet foods; pet foods derived from or containing ingredients from plants, fungi, microbes, and from bioengineered and synthetic materials; pet beverages; pet beverages derived from or containing ingredients from plants, fungi, microbes, and from bioengineered and synthetic materials; pet treats; pet treats derived from or containing ingredients from plants, fungi, microbes, and from bioengineered and synthetic materials.

Class 32

Beverages and drinks, namely, non-alcoholic beverages and drinks, energy drinks, protein-enriched sports beverages, non-alcoholic protein-enriched beverages and drinks, mixes and powders for making non-alcoholic beverages and drinks, protein-enriched mixes and powders for making non-alcoholic beverages and drinks, flavored water, fruit drinks, fruit flavored beverages, sports drinks, isotonic drinks, functional beverages and drinks, and nutritional beverages and drinks; beverages and drinks, namely, non-alcoholic beverages and drinks, energy drinks, protein-enriched sports beverages, non-alcoholic protein-enriched beverages and drinks, mixes and powders for making non-alcoholic beverages and drinks, protein-enriched mixes and powders for making non-alcoholic beverages and drinks, flavored water, fruit drinks, fruit flavored beverages, sports drinks, isotonic drinks, functional beverages and drinks, and nutritional beverages and drinks derived from or containing ingredients from plants, fungi, microbes, and from bioengineered and synthetic materials; fruit juices; fruit juices derived from or containing ingredients from plants, fungi, microbes, and from bioengineered and synthetic materials; water; low calorie non-alcoholic beverage products for functional soft drinks and juices; functional beverages; functional beverages derived from or containing ingredients from plants, fungi, microbes, and from bioengineered and synthetic materials; protein-enriched beverages and drinks; fruit-based beverages containing fortified nutrients for use as a healthy snack; fruit-based beverages containing fortified nutrients for use as a healthy snack derived from or containing ingredients from

plants, fungi, microbes, and from bioengineered and synthetic materials; grain-based beverages and drinks, cereal-based beverages and drinks, plant-based beverages and drinks containing fortified nutrients for use as a healthy snack and concentrates.

Class 42

Scientific research and development; research and development of new products for others; product research and development for others; biological research; synthetic biology research; bioengineering research; scientific and technical research in the fields of bioactive compounds, chemistry, biology, synthetic biology, and bioengineering; scientific research services for others in the fields of compounds, extracts, isolates, small molecules, proteins, fibers, phytonutrients, polyphenols, macronutrients, lipids and carbohydrates, food products, beverages, nutritional supplements, therapeutics in the nature of pharmaceuticals, dietary or herbal supplements, ointments and medical foods, personal care products, agriculture, health, nutrition, animal feeds and animal health feed supplement ingredients, pet foods, pet beverages, pet treats, and materials in the nature of textiles and surface coating products for home and construction, and industrial products in the nature of textiles and surface coating products for home and construction; scientific research services for others in the fields of natural, bioengineered, and synthetic compounds, extracts, isolates, small molecules, proteins, fibers, phytonutrients, polyphenols, macronutrients, lipids and carbohydrates, food products, beverages, nutritional supplements, therapeutics in the nature of pharmaceuticals, dietary or herbal supplements, ointments and medical foods, personal care products, agriculture, health, nutrition, animal feeds and animal health feed supplement ingredients, pet foods, pet beverages, pet treats, and materials in the nature of textiles and surface coating products for home and construction, and industrial products in the nature of textiles and surface coating products for home and construction; product research and development for others in the fields of natural, bioengineered, and synthetic compounds, food products, beverages, nutritional supplements, therapeutics in the

nature of pharmaceuticals, dietary or herbal supplements, ointments and medical foods, extracts, isolates, small molecules, proteins, fibers, phytonutrients, polyphenols, macronutrients, lipids and carbohydrates, personal care products, agriculture, health, nutrition, animal feeds and animal health feed supplement ingredients, pet foods, pet beverages, pet treats, materials in the nature of textiles and surface coating products for home and construction, and industrial products in the nature of textiles and surface coating products for home and construction.

Goods and/or Services:

Class 09

Global Positioning System using satellite constellations; Internet servers; telecommunication hardware, namely, devices in the nature of satellite-based and earth-based antenna systems that allow wireless connection to global communication networks and wireless connection of electronic devices to global communication networks, and accessories required for facilitating such wireless connection, namely, cables, travel cases, ethernet adaptors, and routers; downloadable and recorded computer software for enabling the transmission of information in the fields of meteorology, climatology, geography, topography, oceanography, and human and animal migration to telecommunications networks and navigation devices; downloadable computer software for enabling wireless connection to global communication networks and wireless connection of electronic devices to global communication networks; electronic global positioning and geo-location systems devices, namely, global positioning satellite-based receivers; all of the foregoing excluding the US government's global positioning systems; equipment

for receiving, processing, and transmitting voice, video, data and information via telecommunications and wireless signals, satellites, and computers, namely, satellite receivers, satellite receiver modules, transmitters of electronic signals, multiplexers, decoding boxes, data processors, integrated circuits, and accessories required for facilitating the transmission of such voice, video, data and information, namely, cables, travel cases, ethernet adaptors, and routers; computer operating hardware and downloadable and recorded computer operating software for use in the aforementioned goods, satellite terminals, and satellite earth stations.

Class 38

Internet service provider (ISP) services; satellite telecommunications services, namely, transmission of a wireless internet signal via satellites; providing third party users with access to satellite telecommunications infrastructure; telecommunication services, namely, transmission and delivery of digital data, light files, sound files, data, information and image signals, by means of computer and satellite networks; collecting and transmitting real-time data and images obtained via satellites and space vehicles; satellite communication and transmission services; wireless broadband communication services; transmission of data, voice and video via satellite; Interactive satellite communication services; delivery of messages by electronic transmission; providing telecommunications connections to the Internet; telecommunications gateway services; providing high-speed wireless internet access; providing multiple-user access to the internet, global computer networks, and electronic communications networks; providing access to global computer information networks; telecommunications services, namely, transmission of voice, data, graphics, images, audio and video by means of telecommunications networks, wireless communication networks, and the Internet; providing information in the field of satellite telecommunications services via a website; providing information via a website relating to providing Internet access via satellite.

Class 39

Providing transportation and navigation information for use in the fields of meteorology, climatology, geography, topography, oceanography, and human and animal migration via telecommunications networks and satellite aided navigation devices; providing transportation and navigation information via global positioning and geolocation wireless and satellite networks, excluding the US government's global positioning systems.

Class 42

Providing via a website geographic mapping data and images obtained via satellites and space vehicles; cloud storage services for electronic data and files; cloud computing services; cloud computing featuring software for collecting, tracking, monitoring and analyzing data obtained via satellites and space vehicles in the fields of meteorology, climatology, geography, topography, oceanography, human and animal migration; cloud computing featuring software for enabling and managing simultaneous, multiple modes of communication via satellites; cloud computing featuring software for use in connection with data processing, data storage, data capture, data collection, data warehousing, data management, data mining, database analytics, and secure data sharing; satellite telecommunications technology service to allow efficiencies of the carrier by creating efficient use of bandwidth on a satellite transponder; design, development, and maintenance of telecommunications networks, software and apparatus in the field of satellite communications; providing scientific research information in the fields of meteorology, climatology, geography, topography, oceanography, and human and animal migration via telecommunication networks and wireless navigation devices; providing online computer mapping services; research and development of technology in the field of satellite communications; engineering services in the field of satellite communications; scientific research; scientific and technological services, namely, scientific research and analysis of data in the fields of meteorology, climatology,

geography, topography, and oceanography; electronic monitoring of environmental and atmospheric conditions using satellites and sensors; remote sensing services, namely, aerial surveying through the use of satellites; providing via a website geographic mapping data and images obtained via satellites and space vehicles via searching and retrieving information, sites, and other resources available on computer networks for others in relation to satellite data, recordings, and measurements; providing scientific research information concerning satellite internet services via a global information network.
