3d printing software for customising; Accelerometers; Audio amplifiers; Audio analyzers; Audio and video receivers; Audio and video recordings; Audio and video tapes; Audio baby monitors; Audio books; Audio cassette and cd players; Audio cassette and compact disc players; Audio cassette decks for automobiles; Audio cassette players; Audio cassette players for automobiles; Audio cassette recorders; Audio circuit boards; Audio discs; Audio dubbing apparatus; Audio equipment; Audio frequency amplifiers; Audio interfaces; Audiometers; Audio mixing consoles; Audio recorders; Audio recordings; Audio recordings featuring music; Audio speakers; Audio switching apparatus; Audio tape recorders; Audiovisual and information technology equipment; Audiovisual apparatus; Audiovisual equipment; Audiovisual receivers; Audiovisual teaching apparatus; Blank audio cassettes; Blank audio discs; Blank audio tapes; Blank digital audio tapes; Computer software for controlling the operation of audio and video devices; Computer software to enhance the audiovisual capabilities of multimedia applications; Digital audio broadcasting [dab] radios; Digital audio recorders; Digital audio tape players; Digital audio tape recorders; Digital audio tapes; Downloadable audio files; Downloadable templates for designing audiovisual presentations; Downloadable video and audio files; Electronic audio signal processors for compensating sound distortion in speakers; Equalisers [audio apparatus]; Graphics decoders for audio karaoke systems; Head cleaning tapes for audio cassette recorders; Power mixers [audio apparatus]; Pre-recorded audio cassettes; Pre-recorded audio discs; Pre-recorded audio tapes; Pre-recorded audio tapes featuring music; Pre-recorded digital audio tapes; Pre-recorded music audio tapes; Pre-recorded non-musical audio tapes; Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; Wireless audio speakers; Arm rests for use with computers; Backup drives for computers; Bags adapted for computers; Bags adapted for tablet computers; Battery chargers for laptop computers; Battery chargers for tablet computers; Bike computers; Blank discs for computers; Car navigation computers; Carrying cases adapted for computers; Cases adapted for computers; Cases adapted for notebook computers; Cash registers, calculating machines, data processing equipment, computers; Cd drives for computers; Clock generators for computers; Communications computers; Components for computers; Computer programs for connecting remotely to computers or computer networks; Computer programs for searching remotely for content on computers and computer networks; Computers; Computers and instructional manuals in electronic format sold as a unit; Computers for use in data management; Computer software for communicating with users of handheld computers; Computer software for synchronizing data between handheld or portable computers and host computers; Computer software that assists computers in deploying parallel applications and performing parallel computations; Cycle computers; Cycling computers; Data processing apparatus and computers; Desktop computers; Disk drives for computers; Downloadable emojis for computers; Downloadable emojis for tablet computers; Drawing apparatus and instruments adapted for use with computers; Dust covers for computers; Electronic components for computers; Encoded electronic chip cards for identifying particular users of computers and cell phones; Expansion boards for computers; Fax modem cards for computers; Flexible flat panel displays for computers; Hand-held computers; Hand-held personal computers; Hard discs for computers; Headsets for use with computers; Heat sinks for use in computers; Input devices for computers; Interactive entertainment software for use with computers; Interface boards for computers; Interfaces for computers; Internal cooling fans for computers; Joysticks for use with computers, other than for video games; Keyboards for computers; Magnetic tape units for computers; Memories for use with computers; Microcomputers; Minicomputers; Mobile computers; Mounting brackets adapted for computers; Multifunction keyboards for computers; Navigation apparatus for vehicles in the nature of on-board computers; Navigation computers for cars; Notebook computers; Operating and user instructions for computers stored in digital form; Palmtop computers; Peripheral equipment for computers and data processing equipment; Personal computers; Pocket computers for note-taking; Portable computers; Power adapters for computers; Printers for use with computers; Protective films adapted for screens for tablet computers; Screen filters for computers and televisions; Simulation software for use in digital computers; Single-board computers; Software for computers; Speakers for computers; Stands adapted for tablet computers; Stick computers; Supercomputers;

Superminicomputers; Tablet computers; Thin client computers; Touch pads for computers; Wearable computers; Wireless adapters for computers; Wrist rests for use with computers; 3d printing software for modelling; 3d printing software for sculpting; Application software; Application software for cell phones; Application software for cloud computing; Application software for mobile phones; Application software for mobile telephones; Artificial intelligence and machine learning software; Artificial intelligence software; Artificial intelligence software for analysis; Artificial intelligence software for driverless cars; Artificial intelligence software for healthcare; Artificial intelligence software for surveillance; Artificial intelligence software for vehicles; Augmented reality computer game software; Augmented reality game software; Augmented reality software; Augmented reality software for cinematography; Augmented reality software for creating maps; Augmented reality software for education; Augmented reality software for medical teaching; Augmented reality software for pilot training; Augmented reality software for playing computer games; Augmented reality software for use in mobile devices; Augmented reality software for use in mobile devices for integrating electronic data with real world environments; Augmented reality training simulation software in the field of aviation; Augmented reality training simulation software in the field of cinematography; Augmented reality training simulation software in the field of education; Augmented reality training simulation software in the field of engineering; Augmented reality training simulation software in the field of information technology; Augmented reality training simulation software in the field of science; Augmented reality training simulation software in the field of security; Bioinformatics software; Bios [basic input/output system] software; Browser extension being downloadable software; Chatbot [downloadable software for simulating conversations]; Children's educational software; Cloud computing software; Communication software; Communication software for connecting computer network users; Communications software for connecting global computer networks; Compiler software; Computer application software for cell phones; Computer communication software to allow customers to access bank account information and transact bank business; Computer e-commerce software to allow users to perform electronic business transactions via a global computer network; Computer firewall software; Computer game software; Computer game software and manuals in electronic format sold as a unit; Computer game software downloadable from a global computer network; Computer games software; Computer gaming software; Computer-generated imagery [cgi] software; Computer graphics software; Computer hardware and computer software for database management; Computer hardware and software; Computer hardware and software for blockchain technology; Computer hardware and software for cryptocurrency; Computer hardware and software for digital currencies; Computer hardware and software for performing optical diagnostics; Computer hardware and software for providing secure remote access to computer and communication networks; Computer hardware and software for setting up and configuring local area networks; Computer hardware, firmware and software; Computer interface software; Computer operating software; Computer operating system software; Computer programs and computer software for electronically trading securities; Computer programs and software; Computer programs and software for image processing; Computer programs and software for image processing used for cell phones; Computer screensaver software; Computer search engine software; Computer software and telecommunications apparatus, including modems, to enable connection to databases and the internet; Computer software and telecommunications apparatus, including modems, to enable connection to databases, computer networks and the internet; Computer software and telecommunications apparatus to enable connection to databases and the internet; Computer software applications, downloadable; Computer software designed to estimate costs; Computer software designed to estimate resource requirements; Computer software development tools; Computer software downloaded from the internet; Computer software for administration of local area networks; Computer software for aiding the development of blockchain-based applications; Computer software for application and database integration; Computer software for arcade apparatus and games; Computer software for blockchain data mining; Computer software for blockchain mobile applications and wallets; Computer software for blockchain technology; Computer software for blockchain technology and cryptocurrency; Computer software for business purposes; Computer software for computer-aided design/computer-aided manufacturing [cad/cam]; Computer software for controlling self-service terminals; Computer software for creating and editing music and sounds; Computer software for creating digitized patterns; Computer software for creating maps; Computer software for creating music; Computer software for creating searchable databases; Computer software for cross blockchain transfers; Computer software for cryptocurrency asset management; Computer software for data and document capture, transmission, storage and indexing; Computer software for database management; Computer software for data processing; Computer software for developing, building, and operating consumer blockchain applications; Computer software for electronic trading of virtual currency; Computer software for encryption; Computer software for facsimile, electronic mail, voice mail or internet messaging; Computer software for global positioning systems; Computer software for global positioning systems [gps]; Computer software for image processing; Computer software for interacting with blockchain platforms; Computer software for optical character recognition; Computer software for processing digital images; Computer software for processing images, graphics and text; Computer software for processing information; Computer software for producing financial models; Computer software for project management; Lan [local area network] hardware; Usb [universal serial bus] hardware; Vpn [virtual private network] hardware; Wan [wide area network] hardware; Buffer memory devices [computer hardware]; Communications servers [computer hardware]; Computer hardware for use with apparatus for cutting polyurethane screen protectors; Computer network-attached storage [nas] hardware; Computer networking hardware; Computer workstations [hardware]; Cryptocurrency hardware wallets; Electronic sports training

simulators [computer hardware and software-based teaching apparatus]; Internal cooling fans for computers [hardware]; Memory cards [computer hardware]; Microchips [computer hardware]; Monitors [computer hardware]; Mounting racks adapted for computer hardware; Network access server hardware; Pattern recognition systems composed of computer chips, computer hardware and software; Telecommunications hardware; Virtual private network [vpn] hardware; Application software for cellular phones; Downloadable applications for use with mobile devices; Downloadable computer software applications; Downloadable metronome software applications; Downloadable mobile applications; Downloadable smart phone application [software]; Downloadable software applications [apps]; Downloadable software applications for cell phones; Downloadable software applications for mobile telephones; Mobile application software; Mobile application software for booking taxis; Mobile applications for booking taxis; Software and applications for mobile devices; Information technology apparatus and equipment; Information technology equipment; Measuring and control devices for air-conditioning technology; Virtual reality training simulation software in the field of information technology; Dmb [digital multimedia broadcasting] televisions; Secure digital [sd] memory cards; Analog-to-digital converters; Apparatus and instruments for transferring, receiving and storing sound, images and data, both in digital and analog form; Blank digital recording media; Blank digital storage media; Carrying cases for digital music players; Cases for digital media players; Cases for personal digital assistants; Clear protective covers adapted for personal digital assistants; Climate control digital thermostats; Compact digital cameras; Compact discs, dvds and other digital recording media; Computer programmes stored in digital form; Computer programs for processing digital music files; Computer programs stored in digital form; Computer software for organizing and viewing digital images and photographs; Computer software for processing digital music files; Computerized digital maps; Covers for digital media players; Covers for personal digital assistants; Digital audio players; Digital bathroom scales; Digital book readers; Digital books downloadable from the internet; Digital camcorders; Digital cameras; Digital cameras for industrial use; Digital cell phones; Digital color copiers; Digital color photocopiers; Digital colour copiers; Digital colour printers; Digital compact disc players; Digital compact discs; Digital controls for robots; Digital disc drives; Digital door locks; Digital egg timers; Digital force gauges; Digital function generators; Digital indicators; Digital karaoke mixers; Digital map making apparatus; Digital meat thermometers; Digital mixing desks; Digital mobile phones; Digital music [downloadable] provided from mp3 internet web sites; Digital music downloadable from the internet; Digital music players; Digital notepads; Digital organizers; Digital ph meters; Digital panel meters; Digital phones; Digital photo frames; Digital plotters; Digital projectors; Digital recording media; Digital signage display panels; Digital signage monitors; Digital signal processors; Digital signs; Digital single-lens reflex [dslr] cameras; Digital sound processors; Digital tablets; Digital telecommunications apparatus; Digital telephone switching apparatus; Digital thermometers, not for medical purposes; Digital to analogue converters; Digital torque gauges; Digital transmitters; Digital versatile disc drives; Digital versatile disc players; Digital versatile disc players and recorders; Digital video cameras; Digital video discs; Digital video disk drives; Digital video disk players and recorders; Digital video disks; Digital video players; Digital video recorders; Digital voice recorders; Digital voice signal processors; Digital weather stations; Digital-to-analog converters; Docking stations for digital music players; Downloadable digital books; Downloadable digital music; Holders and cases for compact discs and digital video discs; Operating and user instructions for computer software stored in digital form; Operating and user instructions stored in digital form; Personal digital assistants in the shape of a watch; Portable digital electronic scales; Pre-recorded digital video discs; Prerecorded digital audio tapes; Privacy screen protectors adapted for personal digital assistants; Programmable digital television recorders; Protective cases for personal digital assistants; Screen protectors made of polyethylene terephthalate [pet] specially adapted for personal digital assistants; Screen protectors made of tempered glass specially adapted for personal digital assistants; Screen protectors made of thermoplastic polyurethane [tpu] specially adapted for personal digital assistants; Secure digital [sd] card readers; Selfie sticks for use with digital cameras; Software for processing digital images; Telecommunications apparatus for use with digital and analogue signals; Thermopile infrared [ir] digital sensors; Touchscreens for personal digital assistants; Lcd monitors; Led monitors; Tv monitors; Anti-glare filters for computer monitors; Atmospheric oxygen monitors; Audio-video baby monitors; Baby monitors; Computer display monitors; Computer monitors; Display monitors; Display screen filters adapted for use with computer monitors; Dust emission monitors; Gas flow monitors; Monitors [computer programs]; Mounting brackets adapted for computer monitors; Oxygen monitors, not for medical purposes; Oxygen monitors, other than for medical use; Particle emission monitors; Particle flow monitors; Tablet monitors; Temperature monitors for household purposes; Temperature monitors for industrial purposes; Temperature monitors for scientific purposes; Touchscreen monitors; Wearable video display monitors; T-squares [measuring instruments]; Apparatus and instruments for astronomy; Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; Apparatus and instruments for controlling and monitoring aircraft, watercraft and unmanned vehicles; Apparatus and instruments for controlling and monitoring aircrafts; Apparatus and instruments for microscopy; Apparatus and instruments for physics; Apparatus and instruments for recording, transmission or reproduction of sound or images; Apparatus and instruments for recording, transmission or reproduction of sound, data or images; Apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; Apparatus and instruments for research purposes; Apparatus and instruments for scanning ion conductance microscopy; Apparatus and instruments for scanning probe microscopy; Apparatus and instruments for scientific purposes; Apparatus and instruments for scientific research

in laboratories; Apparatus and instruments for weighing; Astrometric apparatus and instruments; Azimuth instruments; Boiler control instruments; Cases especially made for photographic apparatus and instruments; Checking [supervision] apparatus and instruments; Chemistry apparatus and instruments; Chromatography instruments for laboratory use; Clamp meters [measuring instruments]; Conductivity meters [scientific measuring instruments]; Conductivity meters being scientific measuring instruments; Connected bracelets [measuring instruments]; Coordinate measuring instruments; Cosmographic instruments; Crack meters [measuring instruments]; Data communication apparatus and instruments; Educational apparatus and instruments; Effects pedals for use with electrical musical instruments; Electrical and electronic control apparatus and instruments; Electrical communication machines and instruments; Electronic circuits and cd-roms recorded with automatic performance programs for electronic musical instruments; Electronic control circuits for electronic musical instruments; Electronic navigational and positioning apparatus and instruments; Electronic navigational instruments; Electronic navigational, tracking and positioning apparatus and instruments; Gas testing instruments; Gasometers [measuring instruments]; Height measuring instruments; Instructional and teaching apparatus and instruments; Instruments containing eyepieces; Instruments for measuring length; Instruments for scientific research in laboratories; Joint meters [measuring instruments]; Laboratory apparatus and instruments; Laboratory apparatus and instruments for scientific research; Leveling instruments; Leveling staffs [surveying instruments]; Levelling instruments; Levels [instruments for determining the horizontal]; Logs [measuring instruments]; Material testing instruments; Material testing instruments and machines; Mathematical instruments; Measuring and control apparatus and instruments; Measuring apparatus and instruments; Measuring apparatus, devices and instruments; Measuring or testing machines and instruments; Meteorological instruments; Micrometer screws for optical instruments; Multimedia apparatus and instruments; Nautical apparatus and instruments; Navigational instruments; Observation instruments; Optical apparatus and instruments; Photographic and cinematographic apparatus and instruments; Photographic apparatus and instruments; Photographic, cinematographic and optical apparatus and instruments; Plane tables [surveying instruments]; Protractors [measuring instruments]; Radiation measuring instruments; Radio apparatus and instruments; Radioactivity measuring instruments; Record playing apparatus and instruments; Remote control apparatus and instruments; Resistance measuring instruments; Rods [surveying instruments]; Rulers [measuring instruments]; Safety and security apparatus and instruments; Satellite broadcast receiving and decoding apparatus and instruments; Scientific apparatus and instruments; Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signaling, checking [supervision], life-saving and teaching apparatus and instruments; Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signaling, checking, life-saving and teaching apparatus and instruments; Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking [supervision], lifesaving and teaching apparatus and instruments; Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking, life-saving and teaching apparatus and instruments; Scientific, optical, measuring, signaling and checking apparatus and instruments; Screw-thread measuring machines and instruments; Set squares [measuring instruments]; Signaling apparatus and instruments; Sliding squares [measuring instruments]; Sound effects pedals for use with musical instruments; Sound locating instruments; Straightedges [measuring instruments]; Surface roughness testing machines and instruments; Surveying apparatus and instruments; Surveying instruments; Teaching and instructional apparatus and instruments; Telecommunication apparatus and instruments; Tool measuring instruments; Weighing apparatus and instruments; Xerographic apparatus and instruments; Gps apparatus; Gps navigation devices; Gps receivers; Gps tracking and location devices; Gps transmitters; Software for gps navigation systems; Usb adapters; Usb adaptors; Usb cables; Usb cables for mobile phones; Usb card readers; Usb cards; Usb chargers for electronic devices that are used for heating tobacco; Usb flash drives; Usb hardware; Usb modems; Usb operating software; Usb port cards; Usb web keys; Usb web keys for automatically launching pre-programmed website urls; Blank usb cards; Blank usb flash drives; Credit card-style usb flash drives; Micro usb cables; Pre-recorded usb flash drives; Data gloves for wireless interaction with a computer or remote device; Downloadable computer software for remote monitoring and analysis; Earpieces for remote communication; Electric apparatus for remote ignition; Electric installations for the remote control of industrial operations; Electro-dynamic apparatus for the remote control of railway points; Electro-dynamic apparatus for the remote control of signals; Electrodynamic apparatus for the remote control of railway points; Electrodynamic apparatus for the remote control of signals; Electronic apparatus for the remote control of signals; Electronic key fobs being remote control apparatus; Infrared remote controls; Manipulators for the remote operation of robotic arms; Radio receivers for remote controls; Radio transmitters for remote controls; Remote control apparatus for air-conditioning installations; Remote control apparatus for compressors; Remote control apparatus for opening and closing doors; Remote control apparatus for opening and closing vehicle doors; Remote control apparatus for vacuum pumps; Remote control apparatus; Remote control receivers; Remote control telemetering apparatus; Remote control transmitters; Remote controls; Remote controls for air-conditioning apparatus; Remote controls for operating alarm systems; Remote controls for operating vehicle alarms; Remote controls for projectors; Remote controls for radios; Remote controls for stereos; Remote controls for televisions; Remote temperature sensors; Remotely deployable spike strips used to stop cars by puncturing tyres; Software for creating, facilitating, and managing remote access to and communication with local area networks and global networks; Wireless controllers to remotely monitor and control the function and status of other electrical, electronic, and mechanical devices or systems; Wireless controllers to remotely monitor and

control the function and status of security systems; Cd-roms containing electronic telephone directories; Electronic random number indicator equipment [ernie]; Apparatus for electronic payment processing; Batteries and chargers for electronic cigarettes; Batteries for electronic cigars; Batteries for electronic devices that are used for heating tobacco; Battery chargers for electronic cigarettes; Blank electronic chip cards [blank smart cards]; Blank electronic storage media; Car chargers for electronic cigarettes; Carbon nanotubes for use in extremely small scale electronic and mechanical applications; Cases and covers for electronic devices; Cases for electronic devices; Chargers for electronic devices that are used for heating tobacco; Charging docks for electronic cigarettes; Circulators in the nature of electronic components; Computer software for converting document images into electronic formats; Computer user manuals in electronic format; Computer user manuals in the form of downloadable electronic publications; Computer-controlled electronic apparatus for electrophysiological measurement and testing of cells, not for medical purposes; Connectors for electronic circuits; Covers for electronic devices; Dictionaries in electronic form; Downloadable electronic books; Downloadable electronic mail software; Downloadable electronic maps; Downloadable electronic newspapers; Downloadable electronic publications; Downloadable electronic publications in the nature of magazines; Downloadable electronic sheet music; Downloadable fiction electronic books; Downloadable non-fiction electronic books; Downloadable software for instant messaging and electronic mail services; Electric and electronic effects units for musical instruments; Electric and electronic musical effects equipment; Electric and electronic video surveillance installations; Electric plugs for charging electronic cigarettes; Electric power supplies for electronic cigarettes; Electrical and electronic control apparatus for use with apparatus or installations for heating; Electrical and electronic control apparatus for use with apparatus or installations for ventilation; Electronic id cards; Electronic led signs; Electronic access control systems for interlocking doors; Electronic advertising displays; Electronic agendas; Electronic animal identification apparatus; Electronic apparatus for testing the sterility of medical equipment; Electronic apparatus for testing the sterility of pharmaceuticals and injectable solutions; Electronic apparatus for wireless reception, storage and transmission of data and messages; Electronic ballasts for lamps; Electronic book reader covers; Electronic book readers; Electronic books, downloadable; Electronic burglar alarms; Electronic buzzers; Electronic cables; Electronic calculators; Electronic calendars; Electronic call bells; Electronic card readers; Electronic chip cards; Electronic chips for the manufacture of integrated circuits; Electronic circuit boards; Electronic circuits; Electronic circuits and cd-roms recorded with programs for handheld games with liquid crystal displays; Electronic collars to train animals; Electronic colour analyzers; Electronic components; Electronic components for integrated circuit cards; Electronic connectors; Electronic control apparatus for robots; Electronic control circuits; Electronic control circuits for electric heaters; Electronic control gears [ecgs] for led lamps and light fixtures; Electronic control systems for machines; Electronic controllers for use with augmented reality headsets; Electronic controllers for use with virtual reality headsets; Electronic controls for motors; Electronic data gloves; Electronic data processing apparatus; Electronic databases recorded on computer media; Electronic desk calculators; Electronic desktop calendars; Electronic diaries; Electronic dictionaries; Electronic display units; Electronic distance meters; Electronic docking stations; Electronic door alarms; Electronic door locks; Electronic effects pedals for musical instruments; Electronic effects pedals for use with musical instruments; Electronic encryption units; Electronic equipment for detecting mines; Electronic equipment for mine detection; Electronic game software; Electronic game software for cell phones; Electronic game software for hand-held electronic devices; Electronic game software for handheld electronic devices; Electronic game software for mobile phones; Electronic game software for wireless devices; Electronic identification cards; Electronic imaging devices; Electronic in-vehicle parking meters; Electronic indicator boards; Electronic indicator panels; Electronic indicators; Electronic interactive whiteboards; Electronic key cards; Electronic keys; Electronic keys for automobiles; Electronic kitchen timers; Electronic labels; Electronic load modules; Electronic lock assemblies; Electronic locking mechanisms for safes; Electronic locks and keys; Electronic machines for reading credit cards; Electronic machines for recording financial operations; Electronic mail software; Electronic memory devices; Electronic message displays; Electronic metering apparatus; Electronic metering devices for faucets; Electronic meters; Electronic metronomes; Electronic motion sensitive switches; Electronic newspapers, downloadable; Electronic notice boards; Electronic numeric displays; Electronic padlocks; Electronic pagers; Electronic passports; Electronic payment terminals; Electronic pens; Electronic pens [visual display units]; Electronic personal alarm devices; Electronic personal organisers; Electronic personal organizers; Electronic pipettes; Electronic pipettes for laboratory use; Electronic planners; Electronic pocket calculators; Electronic pocket translators; Electronic power controllers; Electronic power converters; Electronic power supplies; Electronic power transformers; Electronic publications [downloadable] provided on-line from databases or the internet; Electronic publications recorded on computer media; Electronic publications, downloadable; Electronic readers; Electronic scales; Electronic scoreboards; Electronic semiconductors; Electronic sensors for measuring solar radiation; Electronic servo motor controllers; Electronic sheet music, downloadable; Electronic signal transmitters; Electronic signs; Electronic slide calipers; Electronic sports training simulators; Electronic storage media; Electronic surveillance apparatus; Electronic tags for goods; Electronic taximeters; Electronic telecommunications apparatus; Electronic telephone dialers; Electronic telephone exchange apparatus; Electronic testing apparatus; Electronic testing apparatus for use in the field of telecommunications; Electronic testing equipment; Electronic ticket validating apparatus; Electronic ticket validation apparatus; Electronic timers; Electronic touch screen displays; Electronic transit information signs; Electronic virtual reality gloves; Electronic waveform generators; Electronic weighing scales; Electronic weighing scales for kitchen use; Electronic window alarms;

Encoded electronic chip cards; Encoded electronic chip cards for identifying particular users of computers and mobile phones; Encoded electronic chip cards for identifying particular users of computers and mobile telephones; Fiction electronic books recorded on computer media; Games cartridges for use with electronic games apparatus; Hand-held electronic bar code label printers; Hand-held electronic bar code labelling appliances; Hand-held electronic calculators; Hand-held electronic combustible gas detectors; Hand-held electronic dictionaries; Hand-held electronic organizers; Hand-held electronic personal data organizers; Hand-held electronic photo printers; Hand-held electronic scanners; Light-emitting electronic pointers; Locks, electronic; Padlocks, electronic; Printed electronic circuits; Programs recorded on electronic circuits for amusement apparatus with liquid crystal screens; Pulse generators for electronic revolution counters; Secure terminals for electronic transactions; Smart wristbands that communicate data to other electronic devices; Software for ensuring the security of electronic mail; Terminals for electronically processing credit card payments; Touch sensitive electronic screens; Transistors [electronic]; Transmitters of electronic signals; Wireless controllers to monitor and control the functioning of electronic devices, other than controllers for gaming apparatus; Computer software for use in programming facsimile machines; Software for robotics programming; Testing apparatus not for medical purposes; Diagnostic apparatus, not for medical purposes; Measuring devices, electric; Readers [data processing equipment]; Teaching apparatus; Facsimile-transmitting and receiving apparatus; Sound transmitting apparatus; Transmitting and receiving apparatus for radio broadcasting; Transmitting sets [telecommunication].

CLASS 42

Architectural and engineering services; Building and structural inspection services [engineering, quality assessment, and surveying services]; Chemical engineering; Chemical engineering services; Civil engineering design services relating to water irrigation; Civil engineering services; Computer aided engineering design; Computer aided engineering design services; Computer engineering services; Computer-aided engineering design and drawing services; Conducting engineering surveys; Conducting of engineering feasibility studies; Construction engineering services [construction design]; Construction engineering services [construction planning]; Construction engineering services [technical project studies in the field of construction]; Consultancy and research services in the fields of science, engineering and information technology; Consultancy in the field of engineering; Consultancy services in the fields of science, engineering and information technology; Consulting services in the field of genetic engineering; Custom design and engineering of telephony systems, cable television systems and fiber optics; Design and development of engineering products; Design services relating to civil engineering; Development and testing services in the field of engineering; Development of engineering products; Engineering; Engineering consultancy; Engineering consultancy services; Engineering design; Engineering drawing services; Engineering research; Engineering research services; Engineering services; Engineering services for the gas industry; Engineering services in the field of building technology; Engineering services in the field of energy technology; Engineering services in the field of environmental technology; Engineering services in the field of motive power; Engineering services relating to energy supply systems; Engineering services relating to gas transport and supply systems; Engineering services relating to information technology; Engineering surveying; Environmental engineering services; Genetic engineering services; Genetic engineering services relating to plants; Information technology [it] engineering; Information technology engineering; Information technology engineering services; Levee engineering; Marine engineering [design and development of mechanical equipment of seagoing craft, docks and harbor installations]; Marine engineering [design and development of watercraft propulsion, on-board systems and oceanographic technology]; Mechanical and electrical engineering services; Mechanical engineering services; Plant engineering services; Product development consultancy for inventors in the field of biomolecular engineering; Product development consultancy for inventors in the field of chemical engineering; Product development consultancy for inventors in the field of electrical engineering; Product development consultancy for inventors in the field of engineering; Product development consultancy for inventors in the field of industrial engineering; Product development consultancy for inventors in the field of materials engineering; Product development consultancy for inventors in the field of mechanical engineering; Product development consultancy for inventors in the field of molecular engineering; Product development consultation for inventors in the field of chemical engineering; Product development consultation for inventors in the field of industrial engineering; Product development consultation for inventors in the field of mechanical engineering; Research and development services in the field of engineering; Research in the field of electrical engineering; Research in the field of engineering; Research in the field of mechanical engineering; Research in the fields of materials science and electrical engineering; Research relating to mechanical engineering; Research services in the field of engineering; Research, development, analysis and consultancy services in the field of engineering; Scientific research in the field of genetics and genetic engineering; Software engineering services; Software engineering services for data processing programs; Surveying and engineering services; Technical consultancy in the field of light engineering; Technical planning and consultancy in the field of light engineering; Technical project planning in the field of engineering; Telecommunications engineering; Telecommunications engineering consultancy; Telecommunications engineering services; Testing of apparatus in the field of electrical engineering; Dna screening for scientific research purposes; Computer aided scientific analysis; Computer aided scientific analysis services; Computer aided scientific research services; Computer aided scientific research, testing and analysis services; Computer aided scientific testing services; Conducting clinical trials for others [scientific research]; Conducting of scientific studies; Consultancy in the field of

scientific research; Consultancy relating to technical and scientific measuring; Preparation of reports relating to scientific research; Preparation of scientific reports; Providing information about medical and scientific research in the field of pharmaceuticals; Providing information and data relating to scientific and technological research and development; Providing scientific information in the field of global warming; Providing scientific information in the fields of climate change and global warming; Providing scientific information, advice and consultancy in relation to carbon offsetting; Providing scientific research information and results from an on-line searchable database; Providing technical advice in the field of scientific and industrial research; Provision of scientific information in relation to carbon offsetting; Provision of scientific information, advice and consultancy in relation to carbon offsetting; Scientific analysis services; Scientific and industrial research; Scientific and industrial research services; Scientific and medical research and development services; Scientific and technological services; Scientific and technological services and related research and design services; Scientific and technological services and research and design relating thereto; Scientific and technological services and research and design services relating thereto; Scientific and technological services and research and development relating thereto; Scientific and technological services and research and development services relating thereto; Scientific and technology services; Scientific laboratory services; Scientific research; Scientific research and analysis; Scientific research and analysis services; Scientific research and development; Scientific research and development services; Scientific research conducted using databases and the internet; Scientific research in the field of energy; Scientific research in the field of renewable energy; Scientific research services; Scientific research, testing and analysis services; Scientific services relating to the isolation and cultivation of human tissues and cells; Scientific surveys; Biochemical analysis services; Biochemical research and analysis; Biochemical research and analysis services; Biochemical research and development services; Chemical analysis; Chemical analysis services; Chemical and biological laboratory services; Chemical laboratory services; Chemical research; Chemical research and analysis services; Chemical research laboratory services; Chemical, biochemical, biological and bacteriological research and analysis; Conducting of chemical analyses; Evaluation of chemical analyses; Evaluation of chemical syntheses; Preparation of reports relating to chemical research; Product development consultancy for inventors in the field of chemical biology; Analysis and testing services for the oil industry; Analysis for oil research; Analysis in the field of oil exploration; Analysis of oil fields; Analysis of oil reservoirs; Analysis of oilfields; Design of oil-field surveys; Exploration services in the field of the oil industry; Geophysical exploration for the oil, gas and mining industries; Inspection of oil fields; Mineral and oil assaying; Oil exploration; Oil field exploration; Oil field surveying; Oil prospecting; Oil well testing; Oilfield surveying; Surveying of oil beds and fields; Surveying of oil-bearing seams; Inspection of oilfields; It programming services; Computer programming; Computer programming and design of computer software; Computer programming and design of software; Computer programming consultancy; Computer programming for data processing and communication systems; Computer programming services; Computer programming services for data warehousing; Computer programming services for electronic data security; Computer software design, development and programming services; Consultancy and information services relating to computer programming; Consultancy in the field of computer programming; Consultancy relating to computer programming; Design and programming of websites; Design, creation and programming of web pages; Design, development and programming of computer software; Development, programming and rental of data processing programmes; Preparation of reports relating to computer programming; Programming of edp software; Programming of internet security programmes; Programming of computer software for electronic language translation dictionaries and databases; Programming of computer software for evaluation and calculation of data; Programming of computer software for reading, transmitting and organising data; Programming of computer software for reading, transmitting and organizing data; Programming of customized web pages; Programming of customized web pages featuring user-defined information, personal profiles and information; Semiconductor devices; Semiconductor devices for use in telecommunications equipment; Electrical and electronic components; Integrated circuits; Chipsets; Circuit boards; Semiconductor and electronic devices for use in telecommunications equipment; Apparatus and devices for conducting, switching, transforming, accumulating, regulating or controlling electricity; Radio frequency and baseband wireless communication equipment; Multichip modules which include radio transmitters, radio receivers, or transceivers; Front end modules for conditioning radio frequency signals; Electrical, electronic, optoelectronic, and microelectronic components for telecommunications, and radar equipment; Electrical, electronic, optoelectronic, and microelectronic components for sensor sub-systems comprising sensors, signal conditioning devices and signal conditioning circuits, microcontrollers, communication modules and power supplies; Antenna tuners; Communication chipsets; Communication modules; Antenna elements; Sensors and sensor sub-systems; Sensor sub-systems comprising sensors, signal conditioning devices and signal conditioning circuits, microcontrollers, communication modules and power supplies; Firmware and software embedded with or used in the control of semiconductor devices; Circuits for use in evaluating or demonstrating semiconductors and semiconductor devices; Acoustic filters and acoustic filter assemblies; Radio frequency filters; Electroacoustic filters; Piezoelectric filters; Piezoelectric transducers and sensors; Surface acoustic wave (SAW) filters; Bulk acoustic wave (BAW) filters; Film bulk acoustic resonator (FBAR) filters; Electrical, electronic, optoelectronic, and microelectronic components, and semiconductor and electronic devices, for communications, navigation, surveillance, and for electronic interfaces, power supply and application interfaces; Optocouplers; Semiconductor and electronic devices for use in audio signal processing equipment; Semiconductor devices, electrical and electronic components, integrated circuits, circuit boards, chipsets, system on a chip (SoC), software and firmware for wireless communications and for audio signal processing; Firmware for audio, acoustic, and other signal processing and calibration routines; Microelectronic components for audio and data devices; Analysis and calibration systems; Apparatus and devices for calibrating and analyzing the performance of semiconductor devices, integrated circuits, chipsets, circuit boards, modules, electrical components, electronic components, optoelectronic components, microelectronic components, and radio frequency and baseband wireless communications equipment; Digital signal processing firmware, software, and hardware; Downloadable computer software incorporating digital signal processing algorithms in the field of audio signal manipulation; Software and processors in the form of embedded integrated circuit packages with signal processing algorithms used for AI noise suppression, active noise cancellation, acoustic on-ear detection, beamforming for headphones, and acoustic echo cancellation; Timing and signal integrity computer hardware, namely, oscillators, clock generators, clock buffers, network synchronizers, jitter attenuators, transceivers, clock multipliers, radio frequency synthesizers; Clock generation and timing-related electronic components for use in electronic systems; Electrical and electronic components, integrated circuits, semiconductor devices, circuit boards, software and firmware for clock generation and timing-related components and systems; Power management, regulation, isolation, and protection components for use in electronic systems; Electrical and electronic components, integrated circuits, and semiconductor devices for power management, regulation, isolation, and protection; Electrical and electronic communications components and devices for use in telecommunications systems; Integrated circuits, semiconductor devices, chipsets, and multi-chip modules for use in telecommunications systems; Parts and fittings for the aforementioned goods; Instruction manuals, datasheets, and applications notes provided in connection with the foregoing.

CLASS 38

Information, advisory and consultancy services for providing semi-conductor component parts for use in the fields of telecommunications, communications, navigation, surveillance, microelectronics, optoelectronics, acoustic filters, semiconductors, clock generation and timing, power management, power regulation, power isolation, power protection, and audio signal processing technology; Transmitting and disseminating information and data providing semi-conductor component parts for use in the fields of telecommunications, communications, navigation, surveillance, microelectronics, optoelectronics, acoustic filters, semiconductors, clock generation and timing, power management, power regulation, power isolation, power protection, and audio signal processing technology via computer networks and the internet.

CLASS 40

Custom manufacture and assembly of apparatus and devices for conducting, switching, transforming, accumulating, regulating or controlling electricity; Custom manufacture and assembly of radio

frequency and baseband wireless communications equipment; Custom manufacture and assembly of semiconductor devices, integrated circuits, chipsets, circuit boards, optocouplers, acoustic filters and acoustic filter assemblies, digital signal processing algorithms, digital signal processing firmware, software, and hardware, clock generation and timing-related electronic components, communication components, power management, regulation, isolation, and protection components and electrical, electronic, optoelectronic and microelectronic components; Custom manufacture and assembly of electrical, electronic, optoelectronic and microelectronic components for telecommunications, communications, navigation, surveillance, audio signal processing, and radar equipment; Custom manufacture and assembly of radio frequency modules; Custom manufacture and assembly of apparatus and devices for calibrating and analyzing the performance of semiconductor devices, integrated circuits, chipsets, circuit boards, modules, electrical components, electronic components, optoelectronic components, microelectronic components, and radio frequency and baseband wireless communications equipment; Information, advisory and consultancy services relating to the aforesaid.

CLASS 42

Product research and development; Design and testing for new product development; Engineering services; Custom design, engineering and development of apparatus and devices for conducting, switching, transforming, accumulating, regulating or controlling electricity; Custom design, engineering and development of radio frequency and baseband wireless communications equipment; Custom design, engineering, development, research, technology consultation, analysis, and testing in the fields of telecommunications, communications, navigation, surveillance, and audio signal processing technology; Custom design, engineering and development of semiconductor devices, integrated circuits, chipsets, circuit boards, optocouplers, acoustic filters and acoustic filter assemblies, digital signal processing algorithms, clock generation and timing-related electronic components, communication components, power management, regulation, isolation, and protection components, and electrical, electronic, optoelectronic and microelectronic components; Custom design, engineering and development of radio frequency modules; Custom design, engineering and development of apparatus and devices for calibrating and analyzing the performance of semiconductor devices, integrated circuits, chipsets, circuit boards, modules, electrical components, electronic components, optoelectronic components, microelectronic components, and radio frequency and baseband wireless communications equipment; Design and development of firmware and software embedded with or used in the control of semiconductor devices; Design and development of software and firmware for wireless communications, audio signal processing, calibration routines; Design and development of software and firmware for clock generation and timing-related components and systems; Information, advisory and consultancy services relating to the aforesaid.
