General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

Goods and/or Services:

Class 19

Ceramic tiles for internal floors; Ceramic tiles for internal walls; Ceramic floor tiles; Ceramic wall tiles; Decorative ceramic tiles for floors; Decorative ceramic tiles for walls; Decorative ceramic tiles for work tops.

Class 20

Bathroom cabinets; Bathroom cupboards; Bathroom vanities [furniture]; Cupboards for bathrooms; Furniture for bathrooms; Furniture for the bathroom; Built-in cabinets [furniture]; Cupboards being built-in; Cabinet doors; Cabinets; Cabinets [furniture]; Cabinets for display purposes; Cabinets for storage purposes; Display cabinets; Furniture cabinets; Kitchen cabinets; Shoe cabinets; Storage cabinets [furniture]; Chests of drawers; Drawers; Drawers for furniture; Dressers [furniture]; Closets; Cupboards for kitchens; Fitted kitchen furniture; Furniture for kitchens; Height adjustable kitchen furniture; Kitchen cupboards; Kitchen display units; Kitchen furniture; Furniture for the living room; Living room furniture; Furniture for the home; Bedroom furniture; Fitted bedroom furniture; Furniture for the bedroom; Bathroom furniture.

Class 37

Construction of kitchens; Installation of kitchen cabinets; Installation of kitchens.

Class 40

Custom manufacturing of kitchen cabinets; Custom manufacturing of cabinets;
Custom manufacture of cabinets; Cabinet making [custom manufacture].

International Registration No: 1662238

Date of Protection in Singapore: 10 November 2021

Classes: 09 16 35 41 42

Goods and/or Services:

Class 09

Computer software programs, database management programs and manuals in electronic format sold as a unit used to create, access, view, review, manipulate, categorize, analyze, format, and prepare and print reports from data and information regarding product manufacturers and distributors, retail stores, mass merchandisers, wholesale clubs, supercenters, dollar stores, chain drug stores, department stores, specialty retailers, military buying centers, and other alternate channel retailers, films and television programming, media rating information, radio airplay, book sales, music sales, video sales, media research, sales and profit information, retail and on-premises business locations, demographic information, and advertising, promotion, trade and marketing planning, all in downloadable form or recorded on computer media; computer software for use in collecting, analyzing, and producing reports regarding information about the transmission and reception of signals delivered via over-the-air broadcast, cable, satellite, and a global computer network and their

content, and the listening, viewing, and usage habits of signal receiving audiences and user manuals in electronic format sold as a unit; and electronic audio and video readers, namely, audio and video encoders and decoders; computer software for planning and scheduling advertising and marketing in the fields of advertising and marketing research, market research, media research and rating, and corporate and business information; computer software for planning advertising and determining and estimating media and marketing plan effectiveness and for measuring consumer responsiveness to advertising; computer software programs that match product advertisements, the budget allocated for advertising the individual products, and probable buying habits of an expected viewing audience of television programming in downloadable form or recorded on computer media.

Class 16

Printed reports, directories, magazines, and publications, namely, newsletters, in the fields of marketing, media research, media ratings, programming, advertising, media rating services, market research, consumer purchases, consumer media usage, advertising research, business research and analysis, demographic research, and media and marketing measurement information, analyses, and directories; periodical journals containing media viewing and advertising reports, and consumer promotion reports; reports, magazine columns, periodical columns, and booklets containing statistical and other information concerning films, film viewing, books, music and video sales and promotions, sports events and promotions; printed market research reports, diaries for entry of information relating to the listening, viewing and usage habits of signal receiving audiences, internet and/or computer users; printed publications, namely, business-to-business magazines, periodicals, printed reports, presentations and retail store directories in the fields of advertising and marketing research, market research, media research, and corporate and business information, and directories in the fields of advertising and marketing research, market research, media research, and corporate and business information, and featuring retail

business and business locations, advertising, marketing research, and business entities; newsletters and printed periodicals featuring information related to business, marketing, developments, and trends related to retail marketing and sales, companies, retailers, mass merchandisers, wholesale clubs, supercenters, dollar stores, chain drug stores, department stores, specialty retailers, military buying centers, and other alternate channel retailers; printed charts and reports featuring sound recording sales, ratings, and popularity charts.

Class 35

Market research services; advertising research services; business research services; retail marketing and sales information services; consumer purchase and behavior research services; conducting market, business and advertising research, in the fields of media usage and rating research; conducting analysis of market research data and statistics; conducting surveys and polls, namely business surveys, and public opinion surveys; market reports and studies; evaluation of business and market data; providing user ratings for advertising and commercial purposes; preparing business, commercial and marketing reports; business and brand consulting services; market research services related to new retail sales, product placement and point-of-purchase displays, and retail facility information, product ideas, introductions and re-introductions; providing marketing, advertising and business consulting services related to product and package breakthrough and visibility relating to product package performance; compilation of statistics for determining audience ratings of television and radio programs and other media; business and marketing research and analysis in the fields of media research and media rating research services as well as media research services regarding computers, computer networks and their use; demographic and consumer research services for marketing purposes; collecting data, conducting market, advertising, media, and business research, analyzing and providing reports based thereon relating to population and product trend studies and information; collecting data

concerning the marketing, sales, and usage of consumer products, pharmaceuticals and nutraceuticals, durable goods, books, music and video marketing and sales and consumer behavior and providing business reports based thereon; market research and business research services relating to media research and rating services, namely, market research services relating to the broadcasting, narrow casting, cable, and network transmission, signal receiving audience demographics and behavior, and the listening, viewing, and usage habits of signal receiving audiences, computer users, and users of a global computer network; sales volume tracking for others; preparation and compilation of business and commercial reports and information, namely, sales volume tracking for others through the collection of sales data and market research and the distribution of the results thereof for others of music, music videos, prerecorded DVDs, prerecorded CD-ROMs, and audio sell-through data, prerecorded videos on VHS, video DVDs, and video sell-through data, books, including audio and electronic books, sold on-line and by retail and wholesale stores, consumer goods, durable goods, pharmaceuticals, sports events, sporting goods, music, music videos, DVDs, books, namely, printed, audio and electronic books sold on-line and by retail and wholesale stores, telephone and cell phone ring tones, ring backs, music-related products and services for mobile telephone consumers, online music downloads, online video and movie downloads; collecting correlating marketing, advertising, and business information regarding sports venue advertising and signage, advertisements, and sponsorship marketing derived from and including images of television, cable, and radio programming and internet and print publications, as well as revenue, for statistical analysis and market research purposes via the internet and preparation and dissemination of marketing, advertising and business reports based on the foregoing to third parties; compiling information about commercial advertisements televised during national and regional telecasts; business information and consultancy services relating to broadcast recognition technology services for others, namely, electronic recognition and identification of pre-recorded music, commercials and programming on radio,

television and cable stations; preparing market research and business research reports from computer databases, in the fields of market research and product retailer and manufacturer information relating to retail sales, consumer demographics, product placement and point-of-purchase displays, and retail facility information, product information, product catalogs, product sales, competitor information, retail consumer information, segmentation and targeting information, manufacturing information, and marketing; business information and market research services, namely, conducting market, advertising and marketing research, analyzing statistical data, preparing reports, and consulting regarding business and market research information.

Class 41

Planning and conducting, business and educational seminars; and conducting workshops and seminars in market research, marketing and advertising research, and consumer research and consulting.

Class 42

Providing online non-downloadable database management software for creating, accessing, updating, downloading, viewing and manipulating information in the fields of market research and product retailer and manufacturer information relating to retail sales, consumer demographics, product placement and point-of-purchase displays, and retail facility information, product information, product catalogs, product sales, competitor information, retail consumer information, segmentation and targeting information, manufacturing information, and marketing; providing online non-downloadable computer software for use in analyzing advertising, marketing, sales, and product information in connection with retail store marketing sales, promotion, and other marketing activities; providing online non-downloadable software in the form of interactive databases in the fields of business and market research, demographic information and data relating to the sale and promotion of

consumer and durable goods, conducting market and business surveys, studies, analyses and evaluations; providing temporary use of online non-downloadable software in the form of databases in the fields of advertising, marketing, business, media and market research, consumer surveys, product retailer, retail store and product sales, trading areas, and demographic information; providing temporary use of online non-downloadable software in the form of databases for creating, accessing, updating, downloading, viewing and manipulating information in the fields of market research and product retailer and manufacturer information relating to retail sales, consumer demographics, product placement and point-of-purchase displays, and retail facility information, product information, product catalogs, product sales, competitor information, retail consumer information, segmentation and targeting information, manufacturing information, and marketing; providing online non-downloadable software in the form of databases for use in analyzing advertising, marketing, sales, and product information in connection with retail store marketing sales, promotion, and other marketing activities.

Goods and/or Services:

Class 09

Computer software programs, database management programs and manuals sold therewith as a unit used to create, access, view, review, manipulate, categorize, analyze, format, and prepare and print reports from data and information regarding product manufacturers and distributors, retail stores, mass merchandisers, wholesale clubs, supercenters, dollar stores, chain drug stores, department stores, specialty retailers, military buying centers, and other alternate channel retailers, films and television programming, media rating information, radio airplay, book sales, music sales, video sales, media research, sales and profit information, retail and on-premises business locations, demographic information, and advertising, promotion,

trade and marketing planning, all in downloadable form or recorded on computer media; computer software for use in collecting, analyzing, and producing reports regarding information about the transmission and reception of signals delivered via over-the-air broadcast, cable, satellite, and a global computer network and their content, and the listening, viewing, and usage habits of signal receiving audiences and user manuals sold as a unit therewith; and electronic audio and video readers, namely, audio and video encoders and decoders; computer software for planning and scheduling advertising and marketing in the fields of advertising and marketing research, market research, media research and rating, and corporate and business information; computer software for planning advertising and determining and estimating media and marketing plan effectiveness and for measuring consumer responsiveness to advertising; computer software programs that match product advertisements, the budget allocated for advertising the individual products, and probable buying habits of an expected viewing audience of television programming in downloadable form or recorded on computer media.

Class 16

Printed reports, directories, magazines, and publications, namely, newsletters, in the fields of marketing, media research, media ratings, programming, advertising, media rating services, market research, consumer purchases, consumer media usage, advertising research, business research and analysis, demographic research, and media and marketing measurement information, analyses, and directories; periodical journals containing media viewing and advertising reports, and consumer promotion reports; reports, magazine columns, periodical columns, and booklets containing statistical and other information concerning films, film viewing, books, music and video sales and promotions, sports events and promotions; printed market research reports, diaries for entry of information relating to the listening, viewing and usage habits of signal receiving audiences, Internet and/or computer users; printed publications, namely, business-to-business magazines, periodicals, printed reports,

presentations and retail store directories in the fields of advertising and marketing research, market research, media research, and corporate and business information, and directories in the fields of advertising and marketing research, market research, media research, and corporate and business information, and featuring retail business and business locations, advertising, marketing research, and business entities; newsletters and printed periodicals featuring information related to business, marketing, developments, and trends related to retail marketing and sales, companies, retailers, mass merchandisers, wholesale clubs, supercenters, dollar stores, chain drug stores, department stores, specialty retailers, military buying centers, and other alternate channel retailers; printed charts and reports featuring sound recording sales, ratings, and popularity charts.

Class 35

Market research services; advertising research services; business research services; retail marketing and sales information services; consumer purchase and behavior research services; conducting market, business and advertising research, in the fields of media usage and rating research; conducting analysis of market research data and statistics; conducting surveys and polls, namely business surveys, and public opinion surveys; market reports and studies; evaluation of business and market data; providing user ratings for advertising and commercial purposes; preparing business, commercial and marketing reports; business and brand consulting services; market research services related to new retail sales, product placement and point-of-purchase displays, and retail facility information, product ideas, introductions and re-introductions; providing marketing, advertising and business consulting services related to product and package breakthrough and visibility relating to product package performance; compiling statistics for determining audience ratings of television and radio programs and other forms of media; business research services regarding media; business data analysis services in the field of media; business research services regarding media ratings; marketing

research services regarding media ratings; business research services regarding computers and computer networks and their use; demographic and consumer research services for marketing purposes; collecting data relating to population and product trend studies; conducting market, advertising, media, and business research relating to population and product trend studies; business analysis and providing business reports relating to population and product trend studies; collecting data concerning the marketing, sales, and usage of consumer products, pharmaceuticals and nutraceuticals, durable goods, books, music and video marketing and sales and consumer behavior and providing business reports based thereon; market research and business research services; media research and rating services, namely, market research services relating to the broadcasting, narrow casting, cable, and network transmission, signal receiving audience demographics and behavior, and the listening, viewing, and usage habits of signal receiving audiences, computer users, and users of a global computer network; sales volume tracking for others; sales volume tracking for others through the collection of sales data and market research in the fields of music, music videos, prerecorded DVDs, prerecorded CD-ROMs, and audio sell-through data, pre-recorded videos on VHS, video DVDs, and video sell-through data, books, including audio and electronic books (sold on-line and by retail and wholesale stores), consumer goods, durable goods, pharmaceuticals, sports events, sporting goods, music, music videos, DVDs, books, namely, printed, audio and electronic books sold on-line and by retail and wholesale stores, telephone and cell phone ring tones, ring backs, music-related products and services for mobile telephone consumers, online music downloads, online video and movie downloads; collecting correlating marketing, advertising, and business information regarding sports venue advertising and signage, advertisements, and sponsorship marketing derived from and including images of television, cable, and radio programming and internet and print publications, as well as revenue, for statistical analysis and market research purposes via the internet and preparation and dissemination of marketing, advertising and business reports based on the foregoing to third parties; compiling

information about commercial advertisements televised during national and regional telecasts; business information and consultancy services relating to reviewing, coding, and conforming retail, retail stores, retail store products and provision of marketing data relating thereto; planning and conducting business meetings, and tradeshow in the fields of advertising and marketing research, market research, media research, and corporate and business information; preparing market research and business research reports from computer databases, in the fields of market research and product retailer and manufacturer information relating to retail sales, consumer demographics, product placement and point-of-purchase displays, and retail facility information, product information, product catalogs, product sales, competitor information, retail consumer information, segmentation and targeting information, manufacturing information, and marketing; business information and market research services, namely, conducting market, advertising and marketing research, analyzing statistical data, preparing reports, and consulting regarding business and market research information.

Class 41

Planning and conducting, business and educational seminars; and conducting workshops and seminars in market research, marketing and advertising research, and consumer research and consulting.

Class 42

Providing online non-downloadable database management software for creating, accessing, updating, downloading, viewing and manipulating information in the fields of market research and product retailer and manufacturer information relating to retail sales, consumer demographics, product placement and point-of-purchase displays, and retail facility information, product information, product catalogs, product sales, competitor information, retail consumer information, segmentation and targeting information, manufacturing information, and marketing; providing online

non-downloadable computer software for use in analyzing advertising, marketing, sales, and product information in connection with retail store marketing sales, promotion, and other marketing activities; Provision of technological information, namely information relating to broadcast recognition which includes electronic recognition and identification of prerecorded music, commercials and programming on radio, television, cable stations, and online by use of passive pattern recognition technology; providing online non-downloadable software in the form of interactive databases in the fields of business and market research, demographic information and data relating to the sale and promotion of consumer and durable goods, conducting market and business surveys, studies, analyses and evaluations; providing temporary use of online non-downloadable software in the form of databases in the fields of advertising, marketing, business, media and market research, consumer surveys, product retailer, retail store and product sales, trading areas, and demographic information; providing temporary use of online non-downloadable software in the form of databases for creating, accessing, updating, downloading, viewing and manipulating information in the fields of market research and product retailer and manufacturer information relating to retail sales, consumer demographics, product placement and point-of-purchase displays, and retail facility information, product information, product catalogs, product sales, competitor information, retail consumer information, segmentation and targeting information, manufacturing information, and marketing; providing online non-downloadable software in the form of databases for use in analyzing advertising, marketing, sales, and product information in connection with retail store marketing sales, promotion, and other marketing activities.

Goods and/or Services:

Class 06

Metal hardware; nuts, bolts and fasteners, of metal; cables, wires and chains, of

metal; bar connectors of metal; metal screws; metal nuts; metal washers; metal spacers; cleats of metal; metal clamps; clamp cleats; metal collars; clamp collars; metal machine screws; metal pins; metal coiled pins; metal dowel pins; pins for wheels; disc springs; circlips; metal gear clamps; metal gear clamp hubs; metal gear pin hubs being hubs specially adapted for metal cotter pins; metal clamp hub pinions being pinion gears specially adapted for metal gear clamps; leadscrews; anti-backlash leadscrews; spacers of metal; metal couplings namely, couplings of metal for chains, metal couplings for use with hydraulic and pneumatic systems, pipe couplings of metal, and metal couplings for fire hoses; none of the aforesaid in relation to AC and DC industrial electric motors over 3kW.

Class 07

Engines, powertrains for power transmission other than for land vehicles and machine parts, and controls being part of and for the operation of machines and engines; cutting, drilling, abrading, sharpening and surface treatment machines and apparatus [parts of machines]; machines, machine tools, and power-operated apparatus being parts of machines, for fastening and joining; cargo handling machines; handling machines; opening and closing mechanisms being parts of machines; lifting and hoisting equipment; conveyors and conveyor belts; machine transmission components; gears, other than for land vehicles; anti-backlash gears, other than for land vehicles; anti-backlash gear assemblies, other than for land vehicles; pinions, other than for land vehicles; couplings other than for land vehicles; hydraulic actuators; valve actuators; actuators for mechanisms; ball bearings; ball roller slides [parts of machines]; crossed roller slides [parts of machines]; ballslides [parts of machines]; bearings for machines; roller bearings; slide bearings; timing belts [parts of machines]; drive belts; control cables for machines, engines or motors; bevel gear grinding machines; gear boxes for hydraulic transmissions, other than for land vehicles; gear boxes being parts of machines; gear boxes, other than for land vehicles; clutches for machines; clutches other than for land vehicles; linear guides

[parts of machines]; linear rails being part of linear driving systems; linear slides [parts of machines]; drives for converting rotary motion to linear motion, other than for land vehicles; gear worms for machines; timing belt pulleys; rack and pinion jacks; control cables for machines, engines or motors; shafts (bearings for transmission -); shafts for machines; anti-backlash shafts for machines; drive shaft assemblies for machines; spindle shafts for machines; transmission shafts for machines; spline shafts [parts of machines]; springs [parts of machines]; servo-mechanisms; precision machine tools; thrusters for machinery; thrusters [marine propulsion apparatus]; fin actuators [parts of machines]; resolver gearboxes; control surface actuators [parts of machines]; gears, feedback gears and gearboxes for aerospace machines; none of the aforesaid including AC and DC industrial electric motors over 3kW.

Class 09

Scientific research and laboratory apparatus; electrical and electronic apparatus and instruments, namely, electrical and electronic test, control, weighing, measuring and signalling apparatus and instruments, apparatus for the transmission of data, robotic electrical control apparatus and electronic coding apparatus; computer software; sensors and detectors; navigation, tracking devices; lasers for guiding machine tools; vehicle guide apparatus; aiming apparatus [electronic guidance]; electronic guidance controls for detecting and sensing purposes; telescopic, electronic, electric or optical target location apparatus; telescopic, electronic, electric or optical target seekers; telescopic, electronic, electric or optical target surveillance apparatus; satellite, telescopic, electric, electronic or optical target trackers; software for monitoring, controlling and running physical world operations; electromechanical software; scientific apparatus and instruments; electromechanical apparatus and instruments for the scientific industry; satellite apparatus; mass spectrometers; X, Y stages being part of automatic control apparatus; pipette racks for laboratory use; racks for positioning liquid handling dispensers for laboratory use; electromechanical sub-assemblies for high-performance liquid chromatography, and gas chromatography

for laboratory use; optomechanical assemblies being chromatography apparatus for laboratory use; optomechanical sub-assemblies for high-performance liquid chromatography and gas chromatography for laboratory use; apparatus and instruments for microscopy, imaging apparatus; radar; radar apparatus and instruments; launch control apparatus; target trackers, seekers and location apparatus; target location apparatus; laser designators, namely, target locating laser devices; focus mechanisms, namely, optical assemblies; lens assemblies; electronic fin actuation control systems; fire control apparatus; parts and fittings for scientific research and laboratory instruments and apparatus; none of the aforesaid in relation to AC and DC industrial electric motors over 3kW.

Class 10

Medical and veterinary apparatus and instruments; prosthetics; optomechanical components for medical purposes; electromechanical apparatus and instruments for the medical industry; non-invasive medical device products and components; mass spectrometry quadrupoles for medical and veterinary use; mass spectrometry vacuum assemblies for medical and veterinary use; apparatus for DNA and RNA and protein testing for medical purposes; medical imaging apparatus; medical optomechanical assemblies and sub-assemblies; rehabilitation apparatus (body-) for medical purposes; robotic exoskeleton suits for medical purposes; parts and fittings for medical and veterinary apparatus and instruments; none of the aforesaid in relation to AC and DC industrial electric motors over 3kW.

Class 12

Parts and fittings for land vehicles; parts and fittings for air, sea and space vehicles; pinions for land, air, sea and space vehicles; shaft couplings for land, air, sea and space vehicles; gear boxes for land, air, sea and space vehicles; gear boxes for hydraulic transmissions of land, air, sea and space vehicles; friction clutches for land, air, sea and space vehicles; shafts for land, air, sea and space vehicles; gears for

land, air, sea and space vehicles; anti-backlash gears for land, air, sea and space vehicles; anti-backlash shafts for land, air, sea and space vehicles; motors for land vehicles; aircraft stabilization units being structural parts of aircraft; thrust vectoring assemblies being propulsion mechanisms for land vehicles; aerospace throttle gearboxes; none of the aforesaid in relation to AC and DC industrial electric motors over 3kW.

Class 13

Pyrotechnic thrust generators for steering airborne weapons.

Class 40

Custom manufacture and assembly services in the fields of aerospace, defence, space and life sciences; custom manufacture and assembly of apparatus, equipment and instruments in the fields of assay development, automated cell culture, biobanking, bioprocessing, drug discovery and screening, electrospinning, laboratory automation, liquid handling, medical devices and technology, molecular diagnostics and sample management; custom manufacture and assembly services for optomechanical assemblies, sub-assemblies and components; none of the aforesaid in relation to AC and DC industrial electric motors over 3kW.

Class 42

Scientific and technological services; engineering services; design and development of new products; computer hardware development; software design, development, programming and implementation; scientific and technological consultancy services; testing, authentication and quality control services; design and development of mechanical, electromechanical apparatus and instruments; calibration services; scientific and technological services in the fields of aerospace, defence, space and life sciences; scientific and technological services in the fields of assay development, automated cell culture, biobanking, bioprocessing, drug discovery and screening, electrospinning, laboratory automation, liquid handling, medical devices and

technology, molecular diagnostics and sample management; technological consultancy services in the fields of aerospace, defence, space and life sciences; technological consultancy services in the fields of assay development, automated cell culture, biobanking, bioprocessing, drug discovery and screening, electrospinning, laboratory automation, liquid handling, medical devices and technology, molecular diagnostics and sample management; engineering services in the fields of aerospace, defence, space and life sciences; engineering services in the fields of assay development, automated cell culture, biobanking, bioprocessing, drug discovery and screening, electrospinning, laboratory automation, liquid handling, medical devices and technology, molecular diagnostics and sample management; product design and development services in the fields of aerospace, defence, space and life sciences; development services in the fields of aerospace, defence, space and life sciences; product design and development services in the fields of assay development, automated cell culture, biobanking, bioprocessing, drug discovery and screening, electrospinning, laboratory automation, liquid handling, medical devices and technology, molecular diagnostics and sample management; custom product design and development services; design and development services related to engineering products; product design and development services; design and development of machines, scientific and medical devices, special purpose machinery, products, computer hardware and factory automation products; design and development of scientific machines and parts of machines for non-medical imaging, including light microscopy, electron microscopy and x-ray diffraction; aerospace actuator design services; fin actuation design services; none of the aforesaid in relation to AC and DC industrial electric motors over 3kW.

Goods and/or Services:

Class 09

Software development kits (SDKs); downloadable software; downloadable machine learning software; downloadable software for data analytics, modeling, and forecasting; downloadable advertising and marketing software; downloadable software for customer engagement and customer relationship management; downloadable app store optimization services (ASO) software, namely, software for improving, tracking, monitoring, evaluating, measuring, and performing analytics relating to the popularity and performance of mobile apps; downloadable app store optimization services (ASO) software, namely, software for increasing the visibility, ranking, and number of downloads of a mobile app in online marketplaces and app stores, and tracking, monitoring, measuring, evaluating, and performing analytics on same; downloadable software for collecting, performing analytics, and identifying and forecasting trends relating to mobile app store and online marketplace data; downloadable software that suggests and provides data, analysis, and insight relating to search terms for mobile apps in online marketplaces and app stores; downloadable software for creating, A/B testing of, performing analytics relating to, modifying, and managing app store page layout and features; downloadable software for testing, A/B testing, experimentation, optimization, and management of software, mobile app, and website design, features, functionality, and operation; downloadable software for responding to, monitoring, tracking, and providing recommendations regarding user reviews and feedback; downloadable software for responding to, monitoring, tracking, and providing recommendations regarding user reviews and feedback; downloadable e-books, blog posts, podcasts, whitepapers, articles, and publications in the field of advertising, marketing, and promotion; downloadable webinars and online videos in the field of advertising, marketing, and promotion; downloadable software for tracking, collecting, measuring, reporting, analyzing, manipulating, and performing analytics on data; downloadable software

for tracking, collecting, measuring, reporting, and analyzing user activity and user-related data; downloadable software for monitoring, designing, developing, updating, analyzing, managing, troubleshooting, fixing, modifying, and enhancing software, mobile apps, and websites; downloadable software for transmitting electronic data, messages and images; downloadable software for optimizing and enhancing end user experience and use of software programs; downloadable computer application software for optimizing, analyzing, segmenting, hosting, and transmitting electronic data, messages and images for digital customer engagement and marketing; downloadable computer software for accessing and analyzing data, and for launching, optimizing and evaluating customer engagement campaigns; downloadable advertising and marketing computer software for managing data, messages and images related to customer engagement; downloadable business intelligence computer software that provides customer engagement data about multi-channel messaging, push notifications, in-app notifications, web notifications, text messaging, and email; downloadable application programming interface (API) software and software development kits (SDKs) for sending marketing messages via push notifications, in-app notifications, web notifications, text messaging, and email.

Class 35

Advertising, marketing, and promotion consulting services; advertising and marketing copywriting; consulting services regarding customer engagement and customer relationship management; development of advertising concepts and advertising material; business services relating to business demand creation and lead generation activities and services; app store optimization (ASO) services, namely, providing business advice and consulting relating to the popularity and performance of mobile apps; providing business advice and consulting relating to increasing the visibility, ranking, and number of downloads of a mobile app in online marketplaces and app stores; business consulting services regarding app store page layout, content, and features; Business consulting services regarding app store user reviews

and feedback; providing business statistical information and insights in the field of mobile apps, software, and digital content; business intelligence services; providing business assistance in development of marketing strategies and concepts and creative ideation; business monitoring services by means of tracking and analyzing websites and applications to collect data and provide insight and information on performance and user experience; advertising, marketing, and promotion services; business research; business consultation; business monitoring and consulting services by means of tracking web sites and applications of others to provide strategy, insight, and information on marketing, sales, business operation and product design; development of marketing strategy and concepts; compilation, processing and analysis of business data.

Class 42

Website and software design, development, and testing services; software as a service (SaaS) services; providing temporary use of online, non-downloadable software; providing temporary use of online, non-downloadable machine learning software; providing temporary use of online, non-downloadable software for customer engagement and customer relationship management; providing temporary use of online, non-downloadable software for data analytics, modeling, and forecasting; providing temporary use of online, non-downloadable advertising and marketing software; providing temporary use of online, non-downloadable software for providing app store optimization services (ASO), namely, improving, tracking, monitoring, evaluating, measuring, and performing analytics relating to the popularity and performance of mobile apps; providing temporary use of online, non-downloadable software for providing app store optimization services (ASO), namely, increasing the visibility, ranking, and number of downloads of a mobile app in online marketplaces and app stores, and tracking, monitoring, measuring, evaluating, and performing analytics on same; providing temporary use of online, non-downloadable software for collecting, performing analytics, and identifying and forecasting trends

relating to mobile app store and online marketplace data; providing temporary use of online, non-downloadable software that suggests and provides data, analysis, and insight relating to search terms for mobile apps in online marketplaces and app stores; providing temporary use of online, non-downloadable software for creating, A/B testing of, performing analytics relating to, modifying, and managing app store page layout and features; providing temporary use of online, non-downloadable software for testing, A/B testing, experimentation, optimization, and management of software, mobile app, and website design, features, functionality, and operation; providing temporary use of online, non-downloadable software for responding to, monitoring, tracking, and providing recommendations regarding user reviews and feedback; providing temporary use of online non-downloadable software for digital content management; providing temporary use of online, non-downloadable software for tracking, collecting, measuring, reporting, analyzing, manipulating, and performing analytics on data; providing temporary use of online, non-downloadable software for tracking, collecting, measuring, reporting, and analyzing user activity and user-related data; providing temporary use of online, non-downloadable software for monitoring, designing, developing, updating, analyzing, managing, troubleshooting, fixing, modifying, and enhancing software, mobile apps, and websites; providing temporary use of online, non-downloadable software for transmitting electronic data, messages and images; providing temporary use of online, non-downloadable software for optimizing and enhancing end user experience and use of software programs; software as a service (SaaS) services featuring software for optimizing, analyzing, segmenting, hosting and transmitting electronic data, messages and images for digital customer engagement and marketing; software as a service (SaaS) services featuring software for digital and social media marketing; software as a service (SaaS) services featuring software for analyzing and improving digital advertising, digital communications and content, and social media engagement; providing non-downloadable online computer software for push, in-app and web notifications, multi-channel and text messaging, and email;

application service provider featuring application programming interface (API) software and software development kits (SDKs) that collect and compile business intelligence, marketing and advertising data for text messaging, email, data analytics, and push, in-app and web notifications.

SHARDEUM

Goods and/or Services:

Class 09

Downloadable computer software enabling the creation of decentralized software applications to be deployed using blockchain technology; downloadable computer software enabling the creation of software applications to be deployed using blockchain technology; downloadable computer application software for blockchain-based platforms; downloadable electronic publications in the field of blockchain technology; downloadable cryptographic keys for receiving and processing cryptocurrency; software for creating blockchains, software for blockchain technology; compilation software for blockchain, cryptocurrency and digital assets; downloadable digital files authenticated by non-fungible tokens (NFT).

Class 35

Updating and maintenance of data in computer databases; compilation and systematization of data in databases; data processing services.

Class 36

Cryptocurrency services, namely, providing a digital currency or digital tokens used by members of an online community on a global computer network; cryptocurrency services, namely, providing a digital currency or a digital token containing cryptographic protocols and used to operate and create applications and blockchains on a decentralized computer platform and as a method of payment for goods and services; services of a business incubator, namely, financial intermediation and organization of financial investments in start-ups and emerging companies; financial services for blockchains, cryptocurrency and digital assets; conducting financial

transactions via blockchain; financial services; provision of financial information.

Class 41

Educational services, namely, preparing, conducting and organizing seminars, workshops, forums, presentations and academic conferences in the field of blockchain technology; education on blockchain technology; providing non-downloadable electronic publications in the field of blockchain technology; providing online non-downloadable electronic publications in the field of blockchain technology.

Class 42

Providing online non-downloadable software for creating software applications for use in deployment using blockchain technology; developing software for the blockchain industry, cryptocurrency industry and digital asset industry; computer platform as a service (PaaS) including a decentralized computer software platform for use in enabling scalable computer solutions as well as the storage, deployment and operation of decentralized software applications; computer platform as a service (PaaS) in the field of blockchain technology; providing non-downloadable computer software platforms on the Internet for developing, deploying, and operating distributed applications; technological services for programming Internet platforms and electronic order books for the exchange of securities of all kinds, technological services for developing structures for digital assets as well as for real estate assets.

Class 08

Cutlery; side arms; razors; diving knife holders; diving knives; harpoons; harpoons and knives for sports.

Class 09

Scientific apparatus and instruments; nautical, photographic, cinematographic, optical, measuring, signalling, monitoring and lifesaving apparatus and instruments; all the aforesaid goods for use in water sports industry; underwater cameras; gloves for divers; divers' nose clips; divers' masks; divers' masks; underwater dive computers; diving snorkels; diving suits; wetsuits for scuba diving; wet suits for above-the-water sports; divers' hoods; neoprene head band for use in diving masks; divers' weight belts; underwater acoustic detecting apparatus; underwater sonar surveying apparatus; breathing apparatus for underwater swimming; buoyancy jackets [life jackets]; ear plugs for divers; gas canisters for diving; diving weights; diving equipment; diving snorkels; diving helmets; protective goggles for watersports; scuba snorkels; buoyancy control devices; diving regulators; divers' life jackets; compasses [measuring instruments]; pressure measuring apparatus; sensors and devices for measuring depth; signalling buoys for diving; surface marker buoys for divers; computer software relating to water sports; computer bags; waterproof camera cases; waterproof camcorder cases; waterproof videocamera cases; waterproof cases for smartphone; protective clothing for watersports; optical glasses; sunglasses; wrist top computers; consoles for use with computers; diving equipment, namely, breathing tubes; high-pressure and low-pressure hoses for divers; backplates for diving regulators; sensors and devices for measuring pressure; over-pressure valves [parts of regulators for use in scuba diving]; corrugated hoses for diving regulators; air regulators for divers; electronic slates for underwater activities; electronic blackboards for diving; notebook computers; digital notepads; pocket computers for note-taking; spools for distance line for divers; nautical apparatus and instruments; nautical rescue apparatus and instruments; breathing apparatus for underwater swimming; buoyancy bladders for diving; smartwatches; compressed air bailout units for diving; wet suits for water-skiing and sub-aqua.

Class 11

Lighting and heating apparatus; diving lights; diving lights; heating devices for

sporting activities.

Class 13

Harpoon guns; sporting guns; gun carrying bags; sporting rifles; air guns; spring activated spearguns [scuba equipment]; spearfishing harpoon guns [scuba equipment]; harpoon guns; harpoons for harpoon guns; spear-guns.

Class 18

Trunks and travelling bags; umbrellas and parasols; casual bags; holdalls; small bags; wheeled holdalls and bags; gym bags; beach bags; wallets; watertight bags for sports.

Class 25

Clothing, footwear, headgear; swimming costumes; beach sandals; undershirts; sweat shirts; tee-shirts; clothing and headgear of neoprene; beachwear; robes; bermuda shorts; footwear for sports; headbands [clothing]; beach wraps; pockets for clothing, all of the aforesaid goods solely in the form of sporting articles.

Class 28

Gymnastics and sports equipment; scuba flippers; flippers for swimming; bags adapted for fishing; harnesses for use in sport; straps for diving fins; swimming fins, swimming jackets; swimming belts; floats for swimming; fishing equipment; swim boards; cases adapted for sporting articles; diving flippers; masks for water sports.

Classes: 07 09 35 36 37 40 41 42 45

Goods and/or Services:

Class 07

Industrial robots; robotic apparatus for handling materials; robotic cleaning machines; mechanical cleaning apparatus (electric); mineworking machines; waste disposer machines; machines and equipment for mining, cleaning, sorting, washing, processing, filtration, waste management and recycling; parts and accessories for all the aforesaid.

Class 09

Software; downloadable software applications; computers; computer hardware; apparatus and instruments for conducting, switching, transforming, accumulating or regulating electricity; data processing equipment; apparatus for recording, transmission or reproduction of sound or images; solar panels (electric); solar batteries; power supply devices (transformers); measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; calculating devices; fire-extinguishing apparatus; parts and accessories for all the aforesaid; electronic publications (downloadable) including podcasts and electronic publications (downloadable) sold and distributed online.

Class 35

Business management; business project management services; logistics services (business management and organisation of facilities and resources); supply chain management services; business management and consulting in the field of supply chain management and logistics; business risk and business compliance management consultancy services including in relation to occupational health and safety; business administration; procurement services including procurement of contracts (for others); personnel management consultancy; providing staff; business information; commercial or industrial management assistance; retail and wholesale services, including those provided online and via an e-commerce platform; provision

of an on-line marketplace for buying and selling goods and services; advertising; marketing; public relations; marketing research; accounting; business and financial auditing; office functions; operation of energy production facilities, namely business management of energy production facilities; advisory, consultancy and information services in relation to the aforesaid.

Class 36

Asset management; funds management; financial management; investment services; financial services; project finance services; financial asset management; investment asset management; financial affairs; monetary services; insurance; capital investment services; provision of credit; financial and insurance risk management and advisory services; advisory, consultancy and information services in relation to all of the aforesaid.

Class 37

Construction management (supervision); construction project management services (construction supervision); building; installation, maintenance and repair services relating to project management, engineering or engineering design in the energy, chemical and resources sectors; rental and hire of construction and building equipment and materials; cleaning of buildings, construction sites, industrial sites; cleaning industrial waste, chemicals and materials such as catalyst and sludge, from industrial sites including tanks and vessels; industrial maintenance services, namely, removing catalyst from industrial process beds, tanks, and vessels; industrial maintenance services, namely, removing adsorbent from industrial process beds, tanks, and vessels; industrial maintenance services, namely, removing process residue from industrial process beds, tanks, and vessels; oil and gas drilling; extraction of oil; extraction of gas; maintenance of energy production facilities; installation and maintenance of computer hardware; advisory, consultancy and information services in relation to all of the aforesaid.

Class 40

Treatment of materials including by means of chemical processing; treatment of water; recycling of waste and trash; air purification; water and waste treatment; waste destruction; sorting of waste and recyclable material; waste processing and treatment; fabrication of parts, fixtures and prototypes to the order and specification of others; custom fabricating of goods or materials (for others) such as bespoke pipework, metalwork, joinery, control panels and electrical panels; production of energy; generation of electricity; processing of gas; supervision and management of decontamination of hazardous materials; destruction of waste; recycling for carbon offsetting purposes; consultancy services relating to the generation of electrical power; generation of electricity from solar energy; technical consultancy in the field of production of solar energy; production of hydroelectric power; production of electrical energy from renewable sources; production of energy by power plants; production and processing of fuels and of other sources of energy; advisory, consultancy and information services in relation to all of the aforesaid.

Class 41

Education; providing of training; conducting classes, training, seminars, conferences and workshops in the fields of construction, engineering, building safety, business, supply chain management, project management, and occupational health and safety; advisory, consultancy and information services in relation to all of the aforesaid.

Class 42

Design and development of computer software for logistics, supply chain management and e-business portals; design and development of computer hardware and software; online provision of web-based applications (non-downloadable); online provision of web-based software (non-downloadable); engineering project management services; engineering; engineering design services; conducting of engineering feasibility studies; computer software development and support services;

software as a service (SaaS); hosting of software as a service (SaaS); online provision of interactive web-based application (non-downloadable); design, development, installation, testing, updating, management and maintenance of computer software; design, development, testing, updating, and management of computer hardware and information technology; web portal hosting services; computerised storage of business and commercial information; support services for computer software and computer hardware; Information technology (IT) services (computer hardware, software and peripherals design and technical consultancy); computer network design for others; scientific and technological services and research and design relating thereto; scientific and industrial analysis and research for the oil, gas, mining, chemical, petrochemical and energy industry; surveying services; analysis and testing services for the oil, gas, mining, chemical, petrochemical and or energy industry; industrial analysis, industrial research and industrial design services; technical data analysis; quality control and authentication services; materials testing; oil exploration; gas exploration; geological surveys; geographical mapping; architectural design services; architectural planning; industrial failure analysis services; consultancy and advisory services in the field of energy use and energy efficiency; energy auditing; environmental assessment and sustainability consultancy services; environmental assessment services; environmental monitoring services; advisory, consultancy and information services in relation to all of the aforesaid.

Class 45

Inspection of factories, buildings, construction sites, and facilities in relation to safety; fire safety consultancy services; project studies in relation to safety; information and consultancy services in relation to safety; mediation services including industrial relations mediation services; advisory, consultancy and information services in relation to all of the aforesaid.

MIMICS

Goods and/or Services:

Class 09

Computer software and software applications for processing, storing, editing, analysing and making available of digital images and files for medical, surgical and dental applications and for three-dimensional [3D] printing of medical, surgical and dental models and prototypes, for controlling production processes, in particular three-dimensional [3D] printers and other equipment and instruments relating thereto, and for automating quotation calculations, management and invoicing; computer software and application software for establishing and controlling innovation suites of companies, research institutions and organisations for collaboration, co-creation, production, management and distribution of digital images and files for medical, surgical and dental applications and for three-dimensional [3D] printing of medical, surgical and dental models and prototypes; computer software and application software for controlling equipment and instruments [IOT] and for data management and analysis, artificial intelligence and machine learning in the medical, surgical and dental field; computer software and software applications for mixed reality applications, surgical planning and case management in the medical, surgical and dental field.

Class 35

Business assistance, business management and administration services relating to the establishing of innovation suites of companies, research institutions and

organisations for collaboration, co-creation, production, management and distribution of digital images and files for medical, surgical and dental applications and for three-dimensional [3D] printing of medical and surgical models and prototypes; business organisation advice, business administration consultancy and professional business consultancy relating to the establishing of innovation suites of companies, research institutions and organisations for collaboration, co-creation, production, management and distribution of digital images and files for medical, surgical and dental applications and for three-dimensional [3D] printing of medical, surgical and dental models and prototypes; commercial intermediation services in the nature of bringing together companies, research institutions and organisations for collaboration, co-creation, production, management and distribution of digital images and files for medical, surgical and dental applications and for three-dimensional [3D] printing of medical and surgical models and prototypes.

Class 42

Scientific and technological services and research and design relating thereto; the aforesaid services also provided online; development, installation and updating software and software applications (apps) for processing, storing, editing, analysing and making available of digital images and files for medical, surgical and dental applications and for three-dimensional [3D] printing of medical, surgical and dental models and prototypes, and for controlling production processes, in particular three-dimensional [3D] printers and other equipment and instruments relating thereto; development, installation and updating software and software applications (apps) for automating quotation calculations, management and invoicing, for establishing and controlling innovation suites of companies, research institutions and organisations for collaboration, co-creation, production, management and distribution of digital images and files for medical, surgical and dental applications and for three-dimensional [3D] printing of medical, surgical and dental models and prototypes; development, the installation and updating software and software applications (apps) for controlling

equipment and instruments [IOT] and for data management and analysis, artificial intelligence and machine learning; software as a service [SaaS] for processing, storing, editing, analysing and making available of digital images and files for medical, surgical and dental applications and for three-dimensional [3D] printing of medical, surgical and dental models and prototypes, and for controlling production processes, in particular three-dimensional [3D] printers and other equipment and instruments relating thereto; software as a service [saas] for automating quotation calculations, management and invoicing, for establishing and controlling innovation suites of companies, research institutions and organisations for collaboration, co-creation, production, management and distribution of digital images and files for medical, surgical and dental applications and for three-dimensional [3D] printing of medical, surgical and dental models and prototypes; software as a service [SaaS] for controlling equipment and instruments [IOT] and for data management and analysis, artificial intelligence and machine learning; application service provider services, namely hosting in connection with the following goods: digital files, software and third-party software applications; Platform as a service [PaaS] for processing, storing, editing, analysing and making available of digital images and files for medical and surgical applications and for three dimensional [3D] printing of medical and surgical models and prototypes, for controlling production processes, in particular three-dimensional [3D] printers and other equipment and instruments relating thereto; Platform as a service [PaaS] for automating quotation calculations, management and invoicing, and for establishing and controlling innovation suites of companies, research institutions and organisations for collaboration, co-creation, production, management and distribution of digital images and files for medical and surgical applications and for threedimensional [3D] printing of medical, surgical and dental models and prototypes; Platform as a service [PaaS] for controlling equipment and instruments [IOT] and for data management and analysis, artificial intelligence and machine learning; Scientific and technological services, and research and design services relating thereto in the medical, surgical and dental field; graphic design, in

particular creation of three-dimensional graphic prints in the context of model and prototype design; drafting technical expert reports on three-dimensional [3D] printing of medical, surgical and dental models and prototypes; development, installation and updating software and software applications (apps) for mixed reality applications, surgical planning and case management in the medical, surgical and dental fields; software as a service [SaaS] for mixed reality applications, surgical planning and case management in the medical, surgical and dental fields.

Classes: 05 10 41 42 44

Goods and/or Services:

Class 05

Biological tissue for spinal implantation; human allograft tissue and biological tissue implants for use in spinal procedures; biological tissue extracts for use in spinal procedures; biological tissue grafts for use in spinal procedures; human tissue in the form of bone grafts for use in surgical spinal procedures; natural biological tissue cultures in the form of bone substitution materials for use in medical spinal procedures; bone cements for use in spinal procedures.

Class 10

Spinal implants composed of artificial materials and surgical instruments used in association therewith; bone substitution materials composed of artificial materials used in spinal procedures; surgical robots for use in spinal surgical procedures; electrical stimulators for use in treating bone and tissue; electrical stimulators for fusing vertebrae in spinal procedures; bone growth stimulators, namely, external orthopedic devices using electrical signals to stimulate bone growth; surgically non-invasive electromagnetic therapeutic equipment for medical treatment of living tissue and cells.

Class 41

Educational and training services, namely, providing classes and seminars in the spinal and bone healing fields.

Class 42

Research and development in the field of medical devices, implants and technology relating to bone healing and the spine.

Class 44

Medical services in the field of pre-operative surgical planning for spinal surgical procedures; consultation services provided to surgeons in the field of spinal surgery.

CHEMIFY

Goods and/or Services:

Class 01

Chemical compounds; chemical additives; chemical absorbents; chemicals used in industry and science; synthetic chemicals; synthetic chemical molecules.

Class 07

Industrial robots for use in relation to the automated synthesis of chemicals, molecules and materials; industrial robots for use in the fields of chemical and drug discovery, chemical synthesis, molecular discovery, molecular optimization, molecular synthesis, and materials discovery.

Class 09

Computer software relating to the digitisation and modelling of chemicals, molecules and materials; computer software platforms relating to the digitisation and modelling of chemicals, molecules and materials; computer software for controlling printers and 3-D printers; computer software relating to the operation of robots for the automated

synthesis and manufacture of chemicals, molecules and materials; computer software platforms relating to the operation of robots for the automated synthesis and manufacture of chemicals, molecules and materials; application software for robots; laboratory robots for use in relation to the automated synthesis and manufacture of chemicals, molecules and materials; databases (electronic) containing data and instructions relating to the automated synthesis and manufacture of chemicals, molecules and materials; scientific, research and laboratory apparatus and instruments; chemistry apparatus and instruments; flasks for laboratory use.

Class 35

Computerised database management services in relation to data and instructions relating to the automated synthesis and manufacture of chemicals, molecules and materials; database management services connected with the provision of data and instructions relating to the automated synthesis and manufacture of chemicals, molecules and materials.

Class 41

Electronic and multimedia library services related to digital and digitised matter, chemicals, molecules and materials.

Class 42

Scientific and technological services and research and design services relating thereto; chemical research; scientific research; chemical technological research; chemical research and analysis; chemistry services; chemistry consultation; scientific research relating to chemistry; research and development services in the field of chemistry; design and development of chemical compounds; design and development of synthetic chemical compounds; scientific and research services in relation to the digitisation of chemistry; scientific and research services in relation to chemical and drug discovery, chemical synthesis, molecular discovery, molecular optimization, molecular synthesis, and materials discovery; providing online non-

downloadable software relating to the digitisation and modelling of chemicals, molecules and materials; software as a service (saas) relating to the digitisation and modelling of chemicals, molecules and materials; platform as a service (paas) relating to the digitisation and modelling of chemicals, molecules and materials; providing online non-downloadable software relating to the operation of robots for the automated synthesis and manufacture of chemicals, molecules and materials; software as a service (saas) relating to the operation of robots for the automated synthesis and manufacture of chemicals, molecules and materials; platform as a service (paas) relating to the operation of robots for the automated synthesis and manufacture of chemicals, molecules and materials; providing online non-downloadable application software for robots; programming services relating to robots for use in relation to chemical and drug discovery, chemical synthesis, molecular discovery, molecular optimization, molecular synthesis, and materials discovery; rental of laboratory robots for laboratory research and analysis; rental of laboratory robots for laboratory testing; chemical research relating to automated synthesis; development and hosting of databases relating to research, data and instructions for the automated synthesis and manufacture of chemicals, molecules and materials; development and hosting of databases relating to research, data and instructions in the fields of chemical and drug discovery, chemical synthesis, molecular discovery, molecular optimization, molecular synthesis, and materials discovery.

Goods and/or Services:

Class 09

Scanners for data processing; computer programs for document management; software for secure remote access to computer and communication networks; computer programs for searching remotely for content on computers and computer networks; computer programs for enabling access or entrance control; computer e-commerce software to allow users to perform electronic business transactions via a global computer network; computer software for accessing information directories that may be downloaded from a global computer network; computer software to enable searching of data; computer software for email, or Internet messaging; computer software for use in the field of telecommunication, for electronic

transmission of documents; computer software for controlling and managing access server applications; computer software for converting document images into electronic formats; computer software for data and document capture, transmission, storage and indexing; computer software for application and database integration; computer software for transmission of sound and video messages; downloadable computer software for remote monitoring and analysis; downloadable software for instant messaging and electronic mail services; software as a medical device (SaMD), downloadable; software for creating, facilitating, and managing remote access to and communication with local area networks and global networks.

Class 35

Arranging commercial transactions, for others, also in the framework of e-commerce; arranging commercial transactions, for others, also in the framework of e-commerce for data or digital products; arranging of contracts, for others, for the provision of services; procurement of contracts for others; computerized management of medical records and files; updating and maintenance of data in computer databases; updating and maintenance of information in registries; providing commercial and business contact information; provision of information and advisory services relating to e-commerce; data processing services; providing business information directory services, via global computer networks; advertising services provided via the Internet; providing on-line commercial information directories on the Internet; compilation and systemization of information into computer databases; compilation of statistical information; input and compilation of information into computer databases; compilation of information into computer databases.

Class 38

Providing electronic mail and instant messaging services; providing on-line chat rooms for the transmission of messages, comments and multimedia content among users; providing on-line chat rooms and electronic bulletin boards for transmission of

messages among computer users; providing access to information on computer networks; providing access to databases on computer networks; providing access to computer networks; audio, video and multimedia broadcasting via the Internet and other communications networks; providing user access to computer programs on data networks; providing access to platforms on the Internet for the provision of product and service offerings in electronically accessible databases, with interactive access and with direct ordering possibility; rental of access time to computer databases; rental of access time to database servers; rental of access time to an e-commerce service (website) for electronic commercial operations; rental of access time to computer files; broadcasting services; data transmission services; audio and video broadcasting services provided via the Internet; transmission of encrypted communications; transmission of information, including web pages, computer programs and any other data; transmission of data and information by computer and electronic communication means; transmission of data, messages and information; transmission and distribution of data or audiovisual images via a global computer network or the Internet; transmission of data from a database; data transmission and telecommunication services; streaming of data; internet and digital transmission services for audio, video, or graphical data; internet and intranet communication and access services; collection and transmission of electronic messages; data transfer services (telecommunication); electronic transmission of data and documents via computer terminals and electronic devices; electronic transmission of instant messages and data; electronic bulletin board services (telecommunications); digital transmission of data via the Internet; digital transmission of data; data transfer services; electronic transfer of data (messaging); data transfer from and to medical devices or devices which collect, transfer, store, process or modify data from or to medical devices; computer communications services for the transmission of information; providing rental of access time to computer databases, to computer networks and interactive connection networks; providing access to e-commerce platforms on the Internet; providing user access to platforms on the Internet;

providing access to information via data networks; providing access to computer programs on data networks; provision of access to an electronic on-line network for retrieval of information; providing access to databases and information via global computer networks; providing access to data on computer networks; providing on-line access to data; providing multiple-user access to a global computer network; providing access to platforms on the Internet; providing access to platforms on the Internet, as well as on the mobile Internet; automatic transfer of digital data using telecommunications channels; providing access to an electronic marketplace (portal) on computer networks; providing access to data via the Internet; providing access to electronic communications networks; providing access to electronic information, communication and transaction platforms on the Internet; providing on-line access to databases; transmission of computerized data; providing access to databases on the Internet; providing access to databases.

Class 42

Providing internet platforms (computer software); rental of computer software; rental of software for database management; rental of computer software; rental of computer database software; rental and maintenance of computer software; rental of computer software for a royalty (licence); software as a service (SaaS); providing on-line non-downloadable software for use in database management; data conversion of electronic information; industrial research services; industrial analysis and research services; hosting computer databases; research and development services in the field of diagnostic preparations; research and development for the pharmaceutical industry; electronic data storage; electronic data backup; analysis of technical data; scientific and technological services and research and development relating thereto; design and development of databases; design of computer databases; data backup; data migration services; data coding services; computer-aided scientific research, testing and analysis services; computer-aided scientific research services; computer-aided industrial research services; providing search

engines for obtaining data via communications networks; providing on-line information about industrial analysis and research services; providing online non-downloadable computer software; providing information relating to technological research; providing information about medical and scientific research in the field of pharmaceuticals; providing information and data relating to scientific and technological research and development; providing information and data relating to medical research and development; providing information about industrial analysis and research services; providing information in the field of computer software development; providing temporary use of web-based software; providing temporary use of on-line non-downloadable software for database management; providing temporary use of on-line non-downloadable software for importing and managing data; providing temporary use of non-downloadable software applications accessible via a website; quality control and authentication services.

Class 44

Providing medical information in the healthcare domain, namely via internet; Providing information in the field of medical services; providing information relating to dietary and nutritional supplements; providing information in the field of medicine; providing information via the Internet in the field of diabetes; providing information in the field of cancer prevention, screening, diagnosis and treatment; providing information relating to dietary and nutritional guidance; providing information regarding the diagnostic, prophylactic and therapeutic properties of pharmaceuticals and biologics for prevention and treatment of diseases, disorders and medical conditions; providing medical and health information; behavioral analysis for medical purposes; medical screening; medical screening services relating to cardiovascular disease; medical information services provided via the Internet; medical imaging services; medical analysis for the diagnosis and treatment of persons; medical analysis services relating to the treatment of patients; medical analysis services relating to the treatment of persons; medical analysis services for cancer diagnosis

and prognosis; remote monitoring of medical data for medical diagnosis and treatment; providing medical information; services in the field of telemedicine; disease diagnosis services; providing health information; consultancy and information services relating to medical products; medical information.

Class 45

Legal assistance in the drawing up of contracts; Providing information on the development of privacy, security and data governance law from a web site; management and exploitation of industrial property rights and copyright by licensing for others (legal services); copyright management; granting of licenses to others for the use of industrial property rights and copyright; licensing of industrial property rights and copyright (legal services); licensing of industrial property rights; licensing of computer programs (legal services).

PFEIFFER 

Goods and/or Services:

Class 04

Industrial oils; mineral oils; lubricants.

Class 06

Flanges of metal (collars); metal flanges (collars), particularly for connecting vacuum components; metal ducts for liquids and gases; metal ducts as vacuum-sealed or non-vacuum-sealed bushings for liquids and gases.

Class 07

Pumps (machines); vacuum pumps (machines), including gas transfer vacuum pumps, positive displacement pumps, oscillation displacement vacuum pumps, membrane vacuum pumps, piston vacuum pumps, rotary displacement vacuum

pumps, rotary vane vacuum pumps, pallet vacuum pumps, rotary piston vacuum pumps, kinetic vacuum pumps, kinetic or mechanical vacuum pumps, turbocharged vacuum pumps, molecular vacuum pumps, turbocharged molecular vacuum pumps, jet pumps, diffusion vacuum pumps, vacuum pumps for binding gases, adsorption vacuum pumps, getter vacuum pumps and cryogenic vacuum pumps; condensing towers being parts of machines; vacuum pump stations primarily consisting of the aforementioned products; machine parts, namely valves, connector elements, separators and filters; automatic handling machines, particularly for mechanically moving components in a chamber, to be operated from outside; automatic mechanical handling machines in which a movement outside the chamber provokes a movement inside the chamber; vacuum chambers being parts of machines, particularly for an installation in a process technology or for process technology adaptation; travel fittings being parts of machines; vacuum chambers equipped with built-in windows being parts of machines; semiconductor processing equipment, in particular for the treatment of vacuum semiconductors; machines for transporting semiconductors; machines for semiconductor surface treatment; machines for etching of semiconductor surfaces; machines for vapor deposition of semiconductor surfaces, in particular under vacuum using Chemical Vapor Deposition (CVD) process; machines for transporting, manufacturing or treating semiconductors; machines for transporting, manufacturing or treating photoelectric elements; machines for transporting, treating or manufacturing flat panel displays; ion implanters for semiconductor manufacturing machines and systems.

Class 09

Measuring, electric regulating, electronic controlling and checking (supervision) apparatus, vacuum measuring apparatus; laboratory apparatus with vacuum chambers for vacuum experimenting, etching and coating; monitoring apparatus; leak detectors; helium leak detectors; leak detectors for identifying leaks in vacuum tanks and in hermetic containers; leak testing instruments and leak testing apparatus;

leak testers; air-operated leak testers; leak detection apparatus; vacuum leak detectors; leak detectors and detection systems consisting thereof; electric lines; vacuum-sealed and non-vacuum sealed cable ducts used as passages for electric lines; vacuum gauges; intercommunication apparatus; measuring devices; gas testing apparatus; computer; electric cells (batteries); computer peripherals; remote-controlled electric apparatus for industrial applications; connections for electric lines; mass spectrometer; solenoid valves (electromagnetic switches); measuring, electric regulating, monitoring and electronic controlling apparatus for vacuum installations, in particular vacuum pumps, pressure gauges, vacuum gauges, valves, gas flow regulating systems and vacuum pump stations; automatic vacuum control apparatus; monitoring apparatus; apparatus for measuring and monitoring gas intake; electric apparatus for regulating gas intake; electronic apparatus for controlling gas intake; data interfaces for vacuum apparatus, particularly vacuum pumps, pressure gauges, vacuum gauges, valves, gas flow regulating systems; pressure or vibration measuring, recording, monitoring or controlling apparatus; sensor measurement systems; computer programs for diagnosing vacuum apparatus, particularly vacuum pumps, pressure gauges, vacuum gauges, valves, gas flow regulating systems; electronic control apparatus for vacuum apparatus, particularly vacuum pumps, pressure gauges, vacuum gauges, valves, gas flow regulating systems; electronic control apparatus for vacuum apparatus drives, particularly vacuum pumps, pressure gauges, vacuum gauges, valves, gas flow regulating systems; electronic control apparatus for vacuum pump accessories, namely oil separators, condensate separators, dust separators, coolers, filters, vapor condensers, flanges and control apparatus; electronic control apparatus for valves; electronic control apparatus for mechanical and electric vacuum-sealed bushings, namely current bushings, thermocouple bushings, liquid bushings, tube bushings, rotary bushings; electronic control apparatus for automatic gas inlet valves; electric regulating apparatus for vacuum apparatus, particularly vacuum pumps, pressure gauges, vacuum gauges, valves, gas flow regulating systems; electric regulating apparatus for vacuum

apparatus drives, particularly vacuum pumps, pressure gauges, vacuum gauges, valves and gas flow regulating systems; electric regulating apparatus for vacuum pump accessories, namely oil separators, condensate separators, dust separators, coolers, filters, vapor condensers, flanges and control apparatus; electric regulating apparatus for valves; electric regulating apparatus for vacuum-sealed, mechanical and electric bushings, namely current bushings, thermocouple bushings; electric regulating apparatus for automatic gas inlet valves; computer hardware and software for operating installations and equipment for the thermal treatment of surfaces and objects or for thermal processes for surface modification, particularly semiconductor surfaces such as diffusion furnaces, passage furnaces, installations for evaporating semiconductor surfaces, curing furnaces, vacuum furnaces; computer hardware and software for operating installations and equipment for purifying gases and exhaust gases, including exhaust gas purification installations.

Class 11

Heating furnaces for thermal pretreatment processes or manufacturing processes, such as diffusion furnaces, continuous furnaces, coating furnaces, curing furnaces, vacuum furnaces, furnaces for vapor deposition on surfaces, particularly under vacuum conditions using Chemical Vapor Deposition (CVD) processes; air treatment installations for treating and purifying gases and fumes; apparatus for exhausting fumes into the environment [ventilation].

Class 19

Non-metallic ducts for liquids and gases; non-metallic ducts being passages sealed or not vacuum sealed for liquids and gases.

Class 35

Sales promotion for others; negotiating contracts for third parties concerning the purchase and sale of products as well as the provision of services.

Class 37

Repair, servicing and reconditioning vacuum technique machines and apparatus, machines for producing ion beams, machines for analyzing, deviating and focusing ion beams.

Class 41

Conducting seminars in the field of vacuum technology.

Class 42

Calibrating vacuum technique apparatus; technical advice in the field of vacuum technique; scientific and technological services and research in the field of physically charged ion physics.
