General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

International Registrations Filed Under The Madrid Protocol Published For Opposition Purposes

National Trade Mark No: 40202300639S

International Registration No: 1706076

Date of Protection in Singapore: 05 July 2022

Classes: 01 06 07 09 11 37 42

Goods and/or Services:

Class 01

Binding substances for foundry; binding substances for molding foundry sand mold; binding substances for molding core mold; chemicals.

Class 06

Iron and steel; nonferrous metals and their alloys; wear-resistant steel plates and sheets; wear-resistant steel pipes and tubes; metal storage sheds for foundry sand.

Class 07

Foundry molding machines; foundry molding apparatus [machines]; flask conveying apparatus for foundry molding; conveying apparatus for foundry molding; casting machines for cooling foundry molding; filling machines for foundry sand; foundry machine for flask framing for foundry molding; foundry machine for flask removing for

foundry molding; mold coating execution machines for foundry; core molding machines; core molding apparatus [machines]; foundry sand adjusting machines for molding foundry sand molds; reproduction processing machines for used foundry sand; sorting apparatus for sorting foundry sand and metal [machines]; sieving apparatus for foundry sand [machines]; casting machines for water sprinkling for foundry sand; water pouring apparatus for foundry sand [machines]; casting machines for cooling foundry sand; agitating apparatus for foundry sand; mixing apparatus for foundry sand; mechanical control apparatus for foundry sand mixing apparatus; crushing apparatus that crushes sand molds after demolding castings and separates it into castings and sand; crushing apparatus that crushes sand molds after demolding castings and collects the sand; conveying machines for foundry sand; pneumatic transporters; casting machines; casting apparatus; molten metal pouring machines for pouring molten metal into molds; molten metal conveying machines; separating apparatus for separating sand from casting; casting machines for cooling casting; gate cutting apparatus for removing the draft of castings that have been demolded from the mold [machines]; metalworking machines and tools; suction apparatus for cleaning powder that collect various types of powder by vacuum suction; foundry core [parts of machines]; molds [parts of machines].

Class 09

Measuring or testing machines and instruments; measuring apparatus for properties and condition of foundry sand; measuring apparatus for water quantity contained in foundry sand.

Class 11

Industrial furnaces.

Class 37

Repair or maintenance of foundry molding machines; repair or maintenance of foundry molding apparatus; repair or maintenance of flask conveying apparatus for

foundry molding; repair or maintenance of conveying apparatus for foundry molding; repair or maintenance of cooling machines for foundry molding; repair or maintenance of filling machines for foundry sand; repair or maintenance of flask framing apparatus for foundry molding; repair or maintenance of flask removing apparatus for foundry molding; repair or maintenance of mold coating execution machines for foundry; repair or maintenance of core molding machines; repair or maintenance of core molding apparatus; repair or maintenance of foundry sand adjusting machines for molding foundry sand molds; repair or maintenance of reproduction processing machines for used foundry sand; repair or maintenance of sorting apparatus sorting foundry sand and metal; repair or maintenance of sieving apparatus for foundry sand; repair or maintenance of water sprinkling apparatus for foundry sand; repair or maintenance of water pouring apparatus for foundry sand; repair or maintenance of storage shed for foundry sand; repair or maintenance of cooling machines for foundry sand; repair or maintenance of agitating apparatus for foundry sand; repair or maintenance of mixing apparatus for foundry sand; repair or maintenance of control apparatus for foundry sand mixing apparatus; repair or maintenance of crushing apparatus that crushes sand molds after demolding castings and separates it into castings and sand; repair or maintenance of crushing apparatus that crushes sand molds after demolding castings and collects the sand; repair or maintenance of conveying machines for foundry sand; repair or maintenance of pneumatic transporters; repair or maintenance of casting machines; repair or maintenance of casting apparatus; repair or maintenance of molten metal pouring machines for pouring molten metal into molds; repair or maintenance of molten metal conveying machines; repair or maintenance of separating apparatus separating sand from casting; repair or maintenance of cooling machines for casting; repair or maintenance of gate cutting apparatus for removing the draft of castings that have been demolded from the mold; repair or maintenance of machinery and appliances for metal working; repair or maintenance of suction apparatus for cleaning powder that collect various types of powder by vacuum suction; repair or

maintenance of industrial furnaces; repair or maintenance of foundry core; repair or maintenance of measuring and testing machines and instruments; repair or maintenance of measuring apparatus for properties and condition of foundry sand; repair or maintenance of measuring apparatus for water quantity contained in foundry sand; providing information relating to the maintenance of foundry molding machines and equipment; providing information on maintenance of foundry molding machines and equipment prior to repair; providing information relating to the maintenance of foundry molding machines and equipment; providing information on maintenance of core molding machines and equipment prior to repair; providing information relating to the maintenance of foundry sand adjusting machines for molding foundry sand molds; providing information on maintenance of foundry sand adjusting machines for molding foundry sand molds prior to repair; providing information relating to the maintenance of casting machines; providing information on maintenance of casting machines prior to repair.

Class 42

Providing scientific advice, proposal and information in the field of energy-saving for factory or industrial machinery; providing scientific advice and information relating to manufacturing technology to improve the quality of casting products; cloud computing; software as a service [SaaS]; rental of memory space of computer server; electronic data storage; design of machines and equipment consist of machines, apparatus or instruments (including parts thereof) or those machinery; design of machines, apparatus and instruments; design of machinery and appliances for power distribution or power control; design of electric machines or telecommunication facilities.

RS Integrated Supply

Goods and/or Services:

Class 09

Computer software; downloadable computer software; software for use in the review, management, order, purchase, tracking, payment and delivery of goods or services; software for use in supply chain management; procurement and purchasing software;

inventory management software; e-procurement software; electronic data interchange systems; computer software and publications in electronic form supplied on line from databases or from facilities provided on the internet; computer software and telecommunications apparatus to enable connection to databases and the internet; computer software to enable searching of data; computer hardware, namely, electronic payment apparatus; computer software for use in electronic commerce; computer software for the visualisation, description, promotion, marketing, selection or selling of goods over computer networks, computer intranets or the internet; computer software for the description, illustration, promotion, marketing, selection, selling or provision of services over computer networks, computer peripheral devices; data communications and networking apparatus and instruments; telecommunication apparatus and instruments; downloadable electronic publications; downloadable catalogues provided on-line; on-line stock catalogues [downloadable]; CD-ROMS; DVDs.

Class 35

Integrated supply chain management services; supply chain management services; outsourced administrative and business management services relating to the management and supply of stock and inventory for third parties; outsourced administrative and business management services relating to the management and supply of stock and maintenance, repair and operating (MRO) inventory for third parties; physical asset management services, namely, inventory management and control of machinery, tools and equipment in an organisation; supply chain services, namely, arranging procurement of goods for others; business management services namely, monitoring and reporting on the performance of parts and equipment assets of third parties and planning and scheduling of maintenance for the parts and equipment assets of third parties; database management; compilation and systemization of information into computer databases; supply chain management and asset management services, namely, inventory management of machinery, tools

and equipment in an organisation; compiling job site safety information, plans, processes and policies into databases; database management featuring data enrichment; computerized inventory management and supply chain management in the nature of machinery, tools and equipment in an organisation; compilation and systemization of uniform parts identification and information into computer databases that are accessible and transferable to computer systems; data governance and management in the nature of compilation and systemization of information into databases and database management; business administration and management relating to maintenance, repair and operating (MRO) storeroom management services; procurement of contracts [for others]; procurement of contracts [for others] relating to the sale of goods; procurement of goods on behalf of businesses; procurement services for others [purchasing goods and services for other businesses]; arranging and concluding commercial transactions for others; arranging contracts for the buying and selling of goods for others; electronic stock management services; on-line stock management services; computerised inventory control; computerised inventory preparation; inventory management services; administrative services for invoice management; administrative processing of purchase orders; book-keeping; administrative services, namely, review of supply contracts; cost price analysis; value engineering [cost-price analysis]; cost benefit analysis; lifecycle costing; evaluations and cost estimations for business purposes; cost engineering [cost analysis services]; business feasibility studies; business assessment of a company's operations and processes; business appraisals; business management and organization consultancy; business management assistance; retail services and wholesale services in relation to the sale of mechanical goods in connection with pumps, valves, semi-finished mechanical products, machines for treatment of materials and for manufacturing and machine tools, metal building material, pipes and pipe fittings, small items of metal hardware, hand tools and implements, power operated tools, accessories for power operated tools, filtration apparatus and equipment, electrical apparatus and equipment, motors, cables, wires, plugs, sockets

and other contacts, electric connections, apparatus for lighting, differential scanning Calorimeter (DSC) systems, measuring apparatus and equipment, switch gear, personal protection equipment (PPE), ear protection equipment, eye protection equipment, head protection equipment, fall protection equipment, filtration masks, footwear, gloves, food safe products, protective clothing, workwear products, electrostatic discharge protection products, products for cleaning, fluid power products including cylinders and actuators, hoses, pneumatic parts and components, hydraulic parts and components, laboratory reagents, industrial gases, scientific apparatus and instruments, springs, tapes, chains, gaskets and seals, building materials, not of metal, fasteners, stationery and office goods including paper, printed stationery, toner cartridges, ink cartridges, labels and printing equipment, packaging products of plastics, polymers, paper, cardboard, aluminium and glass, lubricants and adhesives, chemical cleaning products, gases, road salt, bulk chemicals for industrial use, pest control products, water treatment products, oils, computer peripheral products; import-export agency services; business, organisation and professional business consultancy; marketing, market research and market analysis; business feasibility studies relating to goods handling; business consultancy services, namely consultancy, planning, organisation and management of operations in the fields of materials management, warehousing and transport.

Class 39

Storage services; stock storage services; arrangement for the storage of goods for others; transport of goods; packaging and storage of goods and articles.

Class 40

3d printing services; additive manufacturing incorporating 3d printing techniques; customised 3d printing for others, including the use of additive technology; custom manufacturing services for others; custom manufacturing services for others in the fields of new product rapid prototyping, tooling and injection moulding; custom

manufacturing services for others in the field of digital manufacturing; custom manufacture of parts of machines and components of all kinds; custom assembling of materials for others; custom manufacture of metal hardware; custom manufacture of moulds for use in industry; custom manufacture of metal, ceramic, glass and plastic goods; prototype fabrication of new products for others; machining parts for others; cnc (computer numerical control) machining services; laser cutting services [treatment of materials].

Class 42

Technology services, namely, equipment calibration services; software as a service (SAAS) services featuring software for providing supply chain management services and for inventory asset management and control; platform as a service (PaaS) featuring computer software platforms for use in supply chain management services and for inventory asset management and control.

Class 45

Safety and security services to improve performance and reliability of assets, namely creating safety plans for job site safety; providing information in the field of safety and security featuring job site safety plans, policies and processes.

Goods and/or Services:

Class 07

Machines and machine tools, namely stamping presses; welding machines; re-sharpening machines; cutting tips [parts of machines]; spray guns; pumps; paint circulation system (pcs) comprising paint mixing machines; powder coating spray guns; installations for paint spraying; power-operated tools, namely power-operated cutting tools; arm tapping machines; coolant concentrate proportioning pumps; hydraulic pumps; vacuum pumps; spin dryers [not heated]; compressed air machines; air compressors; motors and engines, except for land vehicles; machine coupling and transmission components, except for land vehicles; automotive intake manifolds.

Class 09

Electric access control systems, electric wire harnesses, connectors, software and gateway for Internet of Things [IoT].

Class 11

Environmental control apparatus namely lamps; apparatus and installations for lighting; apparatus for heating, ventilating and air-conditioning.

Class 12

Body panels and door panels for vehicles; interior trim for vehicles; shock absorbers; suspension struts for vehicles; suspension springs for vehicles; air springs for land

vehicles; rear view mirrors; apparatus for locomotion by land, air or water including transport vehicles or goods vehicles; connecting rods for land vehicles, other than parts of motors and engines.

Class 35

Business management, business administration and business consultation with respect to automotive and transport industry.

Class 39

Transportation, transportation logistics and storage.

Class 40

Die casting (pvd coatings).

Class 42

Cloud computing; design and development of computer hardware and software including computer programming; software as a service (saas); platform as a service (paas); computer technology consultancy; technological consultancy.

ROZERT

Goods and/or Services:

Class 09

Data storage devices and media; computer memory hardware; computers; processors [central processing units]; software; utility, security and cryptography software; firmware and device drivers; system and system support software, and

firmware; system software; downloadable software applications; computer software applications, downloadable; downloadable application software for smart phones; automated teller machines [ATM]; electronic payment terminals; secure terminals for electronic transactions; network communication devices; intelligent gateways for real-time data analysis; intelligent gateways for communication; intelligent gateways for data pre-processing; intelligent gateways for software defined storage; computer network bridges; storage apparatus for computer data; information storage apparatus [electric or electronic]; storage apparatus for computer programs; cards encoded with security features for identification purposes; encoded cards for use in relation to the electronic transfer of funds; encoded cards for use in relation to the electronic transfer of financial transactions; memory storage devices; firmware memory devices; machine readable information carriers; information carriers [electric or electronic]; network-attached storage [NAS] devices; downloadable e-wallets; data processing programs recorded on machine-readable data carriers; information carriers [encoded or magnetic]; electronic data carriers; memory devices; digital storage media; data storage media; downloadable computer software for blockchain technology; computer software for processing market information; hardware for processing electronic payments to and from others; big data management software; personal computer application software for managing document control systems; personal computer application software for document control systems; computer software to automate data warehousing; document management software; computer software for analysing market information; computer software for producing financial models; data storage devices; software for the processing of business transactions; downloadable cryptographic keys for receiving and spending cryptocurrency; downloadable mobile applications for the management of data; downloadable mobile applications for the management of information; encoded cards; encoded gift cards; encoded membership cards.

Class 35

Computerized file management; data processing, systematisation and management; trade show and commercial exhibition services; administrative support and data processing services; administration of sales and promotional incentive schemes; arranging of exhibitions for business purposes; arranging of exhibitions for advertising purposes; arranging of demonstrations for advertising purposes; arranging and conducting of displays for advertising purposes; arranging and conducting of demonstrations for advertising purposes; organisation and conducting of product presentations; preparation and presentation of audio visual displays for advertising purposes; presentation of financial products on communication media, for retail purposes; presentation of goods on communication media, for retail purposes; presentation of goods and services; provision of information and advisory services relating to e-commerce; organisation of promotions using audiovisual media; electronic data processing; automated data processing; data processing; data processing for businesses; business analysis and information services, and market research; consultancy relating to data processing; advisory services relating to data processing; business consultancy relating to the administration of information technology; business consultancy services relating to data processing; acquisition of commercial information; collection of data; collection of statistics for business; collection and systematisation of information into computer databases; compilation of data into computer databases; financial records management; management and compilation of computerised databases; updating and maintenance of information in registries; updating and maintenance of data in computer databases; compilation and systemization of information into computer databases; data management services; business intermediary services relating to the matching of potential private investors with entrepreneurs needing funding; negotiation and conclusion of commercial transactions for third parties; negotiation and conclusion of commercial transactions for third parties via telecommunication systems; computerised data processing; data processing for the collection of data for business purposes; business administration services for processing sales made on the Internet.

Class 36

Electronic transfer of virtual currencies; financial exchange of virtual currency; virtual currency transfer services; virtual currency exchange; issuing tokens of value in the nature of gift vouchers; issuing of payment gift cards; banking; financial advice and consultancy services; monetary affairs; currency trading and exchange services; stocks and bonds brokerage; financial transactions via blockchain; computerized financial analyses of stock exchange information; automated securities brokerage; financial investment brokerage; management of transferable securities; management of portfolios of transferable securities; financial transfers and transactions, and payment services; securities and commodities trading services; electronic funds transfer; electronic payment services; processing payments for the purchase of goods and services via an electronic communications network; processing of electronic payments; payment services provided via wireless telecommunications apparatus and devices; processing of payment transactions via the Internet; investment banking services; providing information relating to foreign exchange transactions; conducting foreign exchange transactions for others; conducting of financial transactions on-line; financial analysis; computerised financial analysis; financial evaluation and analysis; financial data analysis; deposits of valuables; real estate affairs; mutual funds; fund management; electronic debt collection; debt collection; currency dealing; financial exchange; providing information on trading in securities; clearing, financial; organization of stock exchanges for the benefit of the trade of stocks and other financial values; investment services relating to transferable securities; financial valuation of intellectual property assets; intellectual property valuation services; financial services relating to investment; financial investment management services; acquisition for financial investment; financial investment; financial advice relating to investment; financial investment advisory services; financial information and consultancy services; financial data analysis advice; financial information for investors; financial information provided by electronic

means; providing financial information via a web site; financial information provided by means of a computer database; financial information; investment information; provision of information relating to financial services; provision of investment information; computerised information services relating to investments; financial payment services; conducting cashless payment transactions; e-wallet payment services; payment administration services; electronic processing of payments via a global computer network; collection of payments for goods and services; financial consultancy relating to the execution of cashless payment transactions; providing information relating to the issue of tokens of value; issuing stored value cards; issuing gift certificates which may then be redeemed for goods or services; issuing of tokens of value in relation to incentive schemes; issue of tokens, coupons and vouchers of value; financial services relating to the provision of vouchers for the purchase of goods; conducting of financial transactions; remote payment services; financial transaction services; transfer of funds via electronic communication networks; monetary transfer; acquisition and transfer of monetary claims; provision of financial securities; asset management for third parties; management of financial assets; asset and portfolio management; administration of financial affairs; conducting of financial affairs on-line; exchange brokerage services; financial brokerage services.

Class 42

Rental of software for data processing; providing temporary use of on-line non-downloadable software for processing electronic payments; information technology consulting; IT services; information technology [IT] consultancy; electronic data back-up; design of computer hardware and software; design and development of computer hardware and software; providing information about the design and development of computer hardware and software; updating of computer software; updating of computer programs; updating of computer programs for third parties; updating and adapting of computer programs according to user requirements; design and

development of computer hardware; professional advisory services relating to computer hardware; consultancy in the design and development of computer hardware; hosting computer sites [web sites]; installation, maintenance, repair and servicing of computer software; recovery of computer data; encryption, decryption and authentication of information, messages and data; conversion of data or documents from physical to electronic media; programming of software for database management; computer programming for data duplication, data conversion and data coding; IT security, protection and restoration; user authentication services using single sign-on technology for online software applications; user authentication services using technology for e-commerce transactions; computer programming services for electronic data security; cloud-based data protection services; authentication services for computer security; data recovery services; computer security services in the nature of administering digital certificates; provision of security services for computer networks, computer access and computerised transactions; IT services for data protection; computer security services for protection against illegal network access; computer programming; development of data bases; maintenance of database software; design of computer database software; design, development and implementation of software; design of information systems relating to finance; design of information systems; designing of data processing programmes; design and development of software for database management; design and development of software for importing and managing data; rental of computer hardware and computer software; constructing an Internet platform for electronic commerce; software development, programming and implementation; electronic data storage; design and development of data storage systems; certification of data via blockchain; data storage via blockchain; blockchain as a service [BaaS].

FLEXCARE

Goods and/or Services:

Class 09

Scientific, research, navigation, surveying, audiovisual, optical, weighing, measuring, signaling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media, computer software, blank digital or analogue recording and storage media; calculating devices; computers and computer peripheral devices; fire extinguishers; all the aforesaid goods being intended for land vehicles, particularly buses, motor buses, autonomous electric vehicles and railway vehicles for transporting passengers or merchandise, rolling stock for railways, including locomotives, railcars and self-propelled vehicles, high speed and very high speed railway vehicles, subway trains and other passenger or merchandise transport vehicle carriages, automatic or non-automatic, railway vehicles on iron wheels or guided vehicles on wheels equipped with pneumatic or other types of ground liaison, railway couplings, railway infrastructure equipment, coatings, tracks and component parts thereof; electronic machines and apparatus for issuing, checking, examining and validating tickets; railway traffic safety appliances; electric and electronic apparatus, fixed or embedded or placed on rail tracks for transmitting data on position and signaling between rail vehicles and control centers for managing and monitoring rail traffic, rail vehicles and rail signaling equipment, particularly for locating and supervising trains, for securing rail tracks and train traffic, for regulating traffic, for planning and managing rail vehicle fleets; fuel cells; hydrogen fuel cells; electric cells and batteries; all the aforesaid goods being intended for the passenger or merchandise transport vehicle sector.

Class 12

Land vehicles, particularly buses, motor buses, autonomous electric vehicles and railway vehicles for the transport of passengers or merchandise; railway rolling stock, including locomotives, rail cars and self-propelled vehicles, high-speed and very

high-speed rail vehicles; underground trains and other sets of passenger vehicles, automatic or non-automatic, namely iron-wheeled rail vehicles or guided vehicles on wheels with pneumatic or other types of ground liaison; railroad trains, articulated or not; railway couplings; electric vehicles in particular trams and buses; unmanned vehicles; storage tanks for the aforesaid land vehicles; motors and engines (for vehicles) and parts thereof, shock absorbers, pneumatic shock absorbers, transmission belts and related gearings, air pumps (vehicle accessories) and transmission shafts, propulsion mechanisms, brakes, bogies, axles (for vehicles), traction systems for the aforesaid land vehicles; civilian drones for monitoring railway infrastructures, installations and materials.

Class 35

Advertising services on an online network, particularly via the Internet, intended for customers in the field of passenger or merchandise transport, particularly railway transport; online retail store services for replacement spare parts required for the servicing, repair, renovation and maintenance of land vehicles and railway rolling stock and elements thereof; commercial advice and sales promotion services for third parties on an online network, particularly via the Internet, intended for customers in the field of passenger or merchandise transport, particularly railway transport; arranging private sales events for replacement parts required for the maintenance, repair, renovation and upkeep for land vehicles and railway rolling stock and elements thereof; business management relating to e-commerce; commercial matching between sellers and buyers on the same interface accessible online; business intermediation services for the sale, purchase of goods and services; online ordering services; administrative processing of purchase orders; administrative processing of computerized purchase orders online; mail order retail of replacement parts required for the maintenance, repair, renovation and upkeep for land vehicles and railway rolling stock and elements thereof; dissemination of advertisements, advertising and promotional material (prospectuses, catalogs,

printed matter, samples); computerized file management of orders, confirmations of orders and forwarding of orders; commercial information and advice for customers; database management services enabling third parties to view and select services on an online site; market research and studies; organization and conducting of exhibitions for commercial or advertising purposes; commercial information and advice; demonstration and presentation of goods on any means of communication for retail sale; retail or wholesale services for signaling apparatus and devices, rolling stock, railway or road vehicles and infrastructures; all the aforesaid services being for the purpose of maintenance in the field of passenger or merchandise transport, particularly railway (maintenance of vehicles, infrastructure and signaling systems and installations) and road (particularly buses, motor buses, electric vehicles and autonomous vehicles for transporting passengers or merchandise) transport.

Class 37

Construction supervision for rail infrastructure projects; construction, repair, renovation, maintenance and installation of railway infrastructures, railway vehicles for transporting passengers or merchandise, underground trains, trams, buses, electric vehicles, autonomous vehicles; information with respect to the construction and repair of railway or land vehicles, particularly buses, motor buses, autonomous electric vehicles and railway vehicles for transporting passengers or merchandise, rolling stock for railways, including locomotives, railcars and self-propelled vehicles, high speed and very high speed railway vehicles, railway vehicles serving towns, suburbs and regions and other passenger or merchandise transport vehicle carriages, automatic or non-automatic, namely, railway vehicles on iron wheels or guided vehicles on wheels equipped with a tire or other types of ground liaison, railway couplings, railway infrastructure equipment, coatings, tracks and component parts thereof, storage tanks for the aforesaid land vehicles, railway couplings, motors and engines and parts thereof for the aforesaid land vehicles, shock absorbers, pneumatic shock absorbers, transmission belts and related gearings, drive shafts, air

pumps (for vehicles), propulsion mechanisms, brakes, bogies, axles (of vehicles), electric motors for the aforesaid land vehicles, traction systems for land vehicles particularly railways; construction, construction supervision, repair, renovation, maintenance and installation of electric and electronic apparatus for the management and control of railway traffic, navigation, guidance, piloting, control, measuring, signaling, detecting, inspection, life-saving systems and/or apparatus, railway and road signaling systems and installations, railway and road traffic safety apparatus; installation and continuous preventive and predictive maintenance of land transport systems and infrastructures, particularly railway or road, of passengers or merchandise, particularly for analyzing and diagnosing the condition of railway infrastructure equipment, land vehicles, particularly railway vehicles and their parts, particularly the body, wheels, brake pads, pantograph friction strips, doors, antennas and fixings, said systems and infrastructures being composed of control and diagnostic apparatus mounted on a framework or on a gantry or on arms or on vertical panels or on any other system enabling the passage of railway vehicles and/or comprising control and diagnostic apparatus laid on the railway track, said control and diagnostic apparatus being particularly optical, data visualization, measurement, monitoring, control, particularly lasers and surveillance cameras, data transmission equipment; all the aforesaid services being for the purpose of maintenance in the field of passenger or merchandise transport, particularly in the field of railway (maintenance of vehicles, infrastructures and signaling systems and installations) and road transport (particularly buses, motor buses, electric vehicles and autonomous vehicles for transporting passengers or merchandise).

Class 38

Online dissemination (transmission) of a catalog of replacement parts for land vehicles or railway rolling stock and elements thereof; provision, namely, providing access to an illustrated and interactive electronic catalog of land vehicles and railway rolling stock, fuel cells, hydrogen fuel cells, electric cells and batteries, storage tanks

for land vehicles, and maintenance documentation for such land vehicles and railway materials; rental of access time to servers (for calculating, modelling), and to services accessible remotely via computer networks; information transmission services via digital networks; all the aforesaid services being for the purpose of maintenance in the field of railway (maintenance of vehicles, infrastructures and signaling systems and installations) and road transport (particularly buses, motor buses, electric vehicles and autonomous vehicles for transporting passengers or merchandise).

Class 39

Transport; packaging and storage of merchandise, particularly spare parts intended for the servicing, repair, renovation and maintenance of land vehicles and railway rolling stock and elements thereof; distribution (delivery) of goods; Loaning and rental of spare parts for land vehicles and railway rolling stock; logistics services for merchandise delivery, logistics services with respect to transport, information with respect to the transport of merchandise for delivery; rescue operations (transport); breakdown assistance (towing); towing services in case of vehicle breakdowns; Providing traffic information; all the aforesaid services being for the purpose of maintenance in the field of railway (maintenance of vehicles, infrastructures and signaling systems and installations) and road transport of passengers or merchandise (particularly buses, motor buses, electric vehicles and autonomous vehicles).

Class 42

Engineering, research and development work for new equipment and apparatus; industrial and technical analysis and research services rendered by engineers and/or experts; advice with respect to energy saving; quality control; testing of materials; mechanical research; technical project study; industrial tests; monitoring services for rail and road infrastructures; consultation with respect to software; Software as a

Service [SaaS]; technical assistance (advice) services in the operation and supervision of computer networks; technical consulting and advice in the field of telecommunications and information technology; technical project studies and research in the field of maintenance (installation, repair, updating) of computer and telecommunication systems and hardware; design, installation, maintenance and updating of computer software for the management and control of railway and road traffic, land vehicles and railway signaling equipment, particularly software for locating and supervising trains, for securing railway tracks and train circulation, for traffic control, for planning and managing fleets of railway and land vehicles, network-connected software enabling people to be guided and directed for taking transport and validating their transport tickets; installation and maintenance of management software for analyzing and processing data collected by an analysis and diagnostic system enabling continuous preventive or predictive maintenance to be ensured for railway infrastructure equipment or railway or land vehicles and parts thereof, particularly the body, wheels, brake pads, pantograph friction strips, doors, antennas and fixings; monitoring services (control, surveillance) of computer networks for digitally securing railway and/or road operations; design of computer systems and embedded systems; computer security services for protection against unauthorized access to computer networks; all the aforesaid services being for the purpose of maintenance in the field of railway (maintenance of vehicles, infrastructures and signaling systems and installations) and road transport of passengers or merchandise (particularly buses, motor buses, electric vehicles and autonomous vehicles).

Class 45

Legal services; security services for protection of property and individuals; arbitration services; safety inspection of factories; mediation; online social networking services; provision of advice in relation to security services for the protection of property and individuals; night guard services; electronic surveillance services for security

purposes; security inspection services for railway installations and land vehicles for safety purposes; all the aforesaid services being for the purpose of security in the field of passenger or merchandise transport (maintenance of land vehicles, infrastructures and signaling systems and installations).

Seismic airguns [seismic apparatus] and acoustic signal generators, sensors, cables, and equipment for gathering, recording, or analysing geological and geophysical data, including seismic, gravity, magnetic, electromagnetic and magnetotelluric data;

seismic air guns [seismic apparatus] and acoustic signal generators for undersea and seabed surveying; acoustic signal generators and acoustic wave generators for undersea and seabed surveying; electromagnetic antennas; electromagnetic coils; source arrays in the nature of machines and instruments for surveying undersea marine formations; hydrophones; geophones [seismic detectors]; electronic receivers designed to pick up seismic vibrations; accelerometers; particle velocity sensors; pressure gauges; marine depth sensors; electrodes; seismological instruments used for surveying marine formations; electromagnetic apparatus used to generate or measure electromagnetic fields used for surveying marine formations; ocean bottom cables for the transmission of data, sounds and images; electric actuators; surveying instruments for conducting undersea geophysical surveys; optical fiber cables; electronic database in the field of geophysical information recorded on computer media; computer software for use in conducting geophysical data analysis, geophysical modelling, and geophysical data processing; electronic instruction manuals.

Class 35

Collection and compilation of information into computer databases in the field of geological and geophysical data, including, but not limited to, seismic, magnetic, electromagnetic, gravimetric, radiometric and magnetotelluric data; systemization, collection and compilation of information from computer databases in the field of geological and geophysical data, including seismic, magnetic, electromagnetic, gravimetric, radiometric data; management of computer files in geological and geophysical fields, including files in the seismic, magnetic, electromagnetic, gravimetric, radiometric and magnetotelluric fields.

Class 42

Analysis and processing of geophysical data [scientific data analysis services]; analysing geophysical data in computer databases; geophysical exploration;

geophysical data gathering services [geophysical surveys]; geophysical surveying; conducting marine floor geophysical surveys; conducting marine floor geophysical surveys for others; research and development in the field of geophysics; reservoir monitoring services; surveying of subsea oil beds and fields; subsea surveying of oil bearing seams; recording of geophysical data; scientific analysis of geophysical data; providing geophysical exploration data to others; providing geophysical exploration data via a computer database; marine exploration and surveying; consultations regarding exploration, surveying, and reservoir monitoring in oil and gas exploration and production; technology consultation in the field of geology and geophysics; technical consultation concerning marine exploration feasibility; technological consultation in the technology field of undersea and seabed surveying equipment; engineering in the technology field of undersea and seabed surveying equipment; research and consultancy services in the fields of environmental science and geosciences; scientific research and consultancy services relating to acquisition, processing, imaging and/or interpretation of geological and geophysical data, including seismic, magnetic, electromagnetic, gravimetric, radiometric and magnetotelluric data with a view to the researching, exploration, exploitation, surveillance and/or optimization of natural resources, including hydrocarbon or gas pools; subsea surveying for identification of suitable subsurface formations for renewable energy projects, namely carbon capture, utilization and storage and offshore wind; geological prospecting, research and surveys; analysis and processing of geological data [scientific data analysis services]; geotechnical investigations for use in positioning and construction of offshore assets; ground condition evaluations for offshore wind farm development using subsurface data; ground condition evaluations for offshore wind farm development using geophysical models; subsea surveying for identification of suitable cable routes for offshore wind farms; subsea surveying for qualification of CO₂ storage potential in subsurface formations; subsurface monitoring of injected CO₂ for carbon capture and storage; meteorological and oceanographic research services relating to recording,

processing and analysing meteorological and oceanographic (metocean) data for identification of meteorological and oceanographic conditions of relevance for offshore coastal engineering or renewable energy projects; meteorological and oceanographic research services relating to recording, processing and analysing of environmental data for identification of meteorological and oceanographic conditions of relevance for offshore coastal engineering or renewable energy projects; seismic surveys of a subsurface area using optical fibers as seismic sensors; recording of electrical and electromagnetic data [scientific and technological services]; recording of gravity and magnetic data [scientific and technological services].

BIOMODAL

Goods and/or Services:

Class 01

Chemical products for diagnostic use [scientific]; all the aforesaid goods for scientific research purposes; diagnostic preparations for scientific research purposes; diagnostic preparations for scientific or research use other than for medical use; reagents for scientific research use; chemical reagents for scientific purposes; chemicals for use in scientific epigenetic research; chemicals for use in scientific analysis [other than medical or veterinary]; chemicals for use in the preparation and analysis of DNA and DNA extracts for scientific purposes; chemical preparations to oxidate and bisulfite DNA extracts for scientific purposes; PCR (Polymerase Chain Reaction) reagents for scientific purposes; DNA primers for scientific purposes; biochemical preparations for scientific purposes; biochemicals for in vitro and in vivo scientific use; biomolecule labelling kits comprising reagents for use in scientific research; diagnostic preparations for medical research purposes; reagents for medical research use; chemical preparations for use in medical epigenetic research; chemicals for use in the preparation and analysis of DNA and DNA extracts for medical research purposes; chemical preparations to oxidate and bisulfite DNA extracts; PCR (Polymerase Chain Reaction) reagents for medical research purposes; DNA primers for medical research purposes; all the aforesaid goods for medical research purposes.

Class 05

Pharmaceutical and veterinary preparations; chemical and biological preparations for

medical or veterinary purposes; diagnostic substances for medical and veterinary use; preparations for detecting mutations in genes and genetic predispositions for medical or veterinary purposes; stem cells for medical or veterinary purposes; biological and chemical reagents for medical or veterinary purposes; stem cells for medical or veterinary purposes; medicines for human or veterinary purposes; all the aforesaid being diagnostic preparations for medical purposes used by medical laboratories.

Class 09

Scientific apparatus and instruments; scientific research and laboratory apparatus, educational apparatus and simulators; scientific apparatus and instruments for the analysis of DNA and other biological materials; diagnostic testing apparatus and instruments; laboratory apparatus and instruments for genetic analysis; computer programs, software and databases relating to the fields of genetics and DNA analysis; computer software relating to the analysis of DNA and other biological materials; parts and fittings for all the aforesaid goods.

Class 10

Surgical, medical and veterinary apparatus and instruments; apparatus for clinical diagnosis; medical diagnostic apparatus for the detection of mutations in genes and genetic predispositions; medical testing apparatus for the detection of mutations in genes and genetic predispositions for sale in kit form; apparatus for taking blood samples; blood testing apparatus; parts and fittings for all the aforesaid goods.

Class 42

Scientific and technological services including medical and veterinary research and analysis relating thereto; industrial analysis and research services; research and development in the field of biotechnology, biology and chemistry; scientific investigations for medical purposes; scientific laboratory services; scientific research; scientific research and analysis; scientific research and development; scientific

research for medical purposes; scientific research for medical purposes in the area of cancerous diseases; scientific research in the field of genetics and genetic engineering; scientific research relating to bacteriology; scientific research relating to biology; scientific research relating to chemistry; scientific research relating to genetics; scientific research relating to genetics of plants; scientific research services; scientific services; scientific services and research relating thereto; scientific testing services; DNA screening for scientific research purposes; pharmaceutical research and development; research and development services in the field of genetics; genome research; stem cell research; gene therapy research; genetic engineering services; genetic and epigenetic analysis services; DNA methylation and DNA hydroxymethylation analysis services; nucleic acid sequence analysis; research services for the development of new products; design and development of computer hardware and software; design and development of computer hardware and software in the field of genetic and epigenetic services; provision of information and data relating to medical and veterinary research and development; software as a service (SaaS) services relating to the analysis of DNA and other biological materials; software as a service (SaaS) services relating to the fields of genetics and DNA analysis; provision of non-downloadable computer software relating to the analysis of DNA and other biological materials; provision of non-downloadable computer software relating to the fields of genetics and DNA analysis; professional consultancy and advisory services relating to all of the aforementioned services.

Class 44

Medical and veterinary services; medical and veterinary services relating to DNA, genetics and genetic testing; clinical, medical and surgical diagnostic services; personalised medical services tailored to patients based on genetic or other information; health care; medical and healthcare clinic services; physical therapy; pharmacy advice; hospitals; medical equipment rental; professional consultancy and advisory services relating to all of the aforementioned services.

FAMILYNES

Goods and/or Services:

Class 09

Downloadable electronic publications for the provision of nutrition and health information; application software for mobile phones, mobile terminals or for laptops and office computers; downloadable software via smartphones, mobile phones, mobile terminals or other laptop and desktop applications; computer game programs downloaded via Internet [software]; computer application software for mobile phones, namely, software for posting reviews and recommendations on third-party goods and services; compact discs, DVDs and other digital recording media; application software for mobile devices; educational software.

Class 35

Providing online customer information and advice, namely commercial or advertising information on goods and services; Providing commercial or advertising information on goods and services offline via websites, online platforms, smartphones, mobile phones and other mobile devices on which users can post questions, comments and recommendations on third-party goods and services; providing advertising information via online product catalogs; promotion of retail services for third parties by displaying online coupons and links allowing access to retail sale, including via websites, online platforms, mobile phones, smartphones and other mobile devices; computerized online ordering services for third parties, namely transaction and purchase orders via websites, online platforms, mobile phones, smartphones and other mobile devices; presentation of goods on any communication medium for retailing purposes; advertising; advertising on any communication medium, including computer networks, in the form of data, text, images, sounds or all combination thereof for selling goods as well as providing information about goods for advertising and sales purposes on the Internet; commercial information services regarding locations of nearby restaurants and shops via mobile phones, smartphones and other communication media; promotional services in the entertainment field.

Class 41

Education; Training; training of personnel, organization of courses, seminars, conferences, exhibitions for cultural or educational purposes; editing and publishing of books, brochures and newspapers; provision of online electronic publications; production of videos and sound recordings for cultural or educational purposes; nutritional education, all services related to training and education in food, nutrition and health, mainly training related to food technology, nutrition, cooking and food services; providing education, training, entertainment and cultural and sporting activities; museum services, presentation and organization of exhibitions; education, sporting, cultural and educational activities, all these services also provided online; education and training in nutrition, health and food; organization and conducting of concerts; entertainment; providing online electronic publications; entertainment services provided via electronic networks, Internet and discussion forums or blogs; entertainment services, namely providing online computer games from a computer network or a mobile network; electronic game services provided via the Internet; education services relating to foodstuffs and beverages.

Class 44

Provision of advice relating to health, diet and nutrition; Medical services and provision of information in the medical field; medical diagnostic services; provision of advice about dietetics and food nutrition in general; dietary and nutritional advice provided online from a computer network or mobile phone network; providing online information and advisory services about nutrition and health also through mobile devices, smartphones, mobile terminals or other means of communication; dietetic advice and advice in the field of nutrition in general, all these services provided via the Internet; providing online interactive information on nutrition and health; provision of information about dietary supplements and nutrition.

cicor

Goods and/or Services:

Class 07

Injection molds (parts of machines) of metal for processing plastics; moulds for injection moulding tools.

Class 09

Circuit boards; electric circuit boards; printed circuit boards; multi-layered printed

circuit boards; printed electronic products, namely, printed circuits, printed electronic circuits and printed circuit boards equipped with integrated circuits; testing apparatus for circuit boards; testing apparatus for circuits; electronic components; semi-conductor devices; electronic components for smart cards; semi-conductor chips; integrated circuit modules; custom circuits (integrated circuits for specific applications); circuits for applications in the aeronautics, space, automotive, defense, machinery, medical technology, building technology and communication technology industries; thick film substrates for circuits; thin film substrates for circuits; polymer substrates for circuits; ceramic substrates for circuits; hybrid substrates for circuits; hybrid circuits; microelectronic modules; computer hardware and software; electric and electronic control devices for manufacturing installations; casings of plastic adapted for electronic products; electric cables.

Class 17

Products and precursors [products] of injection-molded plastic [semi-finished products].

Class 37

Installation of plastic injection molds in molding machines; maintenance, repair and cleaning of semiconductor manufacturing equipment and installations; repair or maintenance of machines and installations for the production of circuit boards; repair or maintenance of semiconductor manufacturing machines and systems; providing information relating to the repair or maintenance of machines and installations for the production of circuit boards; maintenance, servicing and repair of electronic apparatus, equipment and components; installation of plastic injection molding machines and components therefor; maintenance and repair of injection molds, plastic injection molding machines and components therefor.

Class 40

Treatment of materials for third parties; treatment of materials, namely, (customized)

manufacture of electronic products for third parties and/or to third-party specifications; custom manufacture of electronic products for third parties; custom manufacture of prefabricated components; custom manufacture of injection-molded parts; consultant services in relation to injection molding; consultant services relating to the treatment of materials by means of injection molding; custom plastic and metal injection molding; custom computer-integrated manufacturing of metal and plastic parts; providing information on custom injection molding of metal and plastic and custom computer-integrated manufacturing of metal and plastic parts; treatment of materials, namely, custom assembling of electronic components for the aeronautics, space, automotive, defense, machinery, medical technology, building technology and communication technology industry, using adhesives, welding and soldering techniques (included in this class); custom manufacture of electronic parts, namely, circuit boards, circuits, circuit carriers, switches, substrates, cables, conductors, coils, sensors and processors, to order and to customer specifications; custom manufacture of tools for third parties; manufacturing customized electronic components, namely, circuit boards, circuits, circuit carriers, switches, substrates, cables, conductors, coils, sensors and processors, for third parties; custom assembling of materials; machining of parts for others; custom manufacture of cables; custom assembly services for electronic apparatus for third parties; custom manufacture of tools for plastic parts, electronic apparatus and assemblies.

Class 42

Scientific and technological services as well as research and design services relating thereto; industrial research, testing and analysis services; development services in the field of engineering; engineering research; technical research for third parties in the electronics industry field; technological support services, namely, technological consultant services in relation to the manufacture and assembly of electronic products; design of electronic components, assemblies and apparatus (EMS); consultant services with respect to arranging and designing circuit boards; design of

tools and design works; design of tools for plastic parts, electronic apparatus and assemblies; analysis, design and technological control of electronic apparatus, equipment and components; consultant services relating to the analysis, design and technological control of electronic apparatus, equipment and components; technological consultant services in the field of the automotive, aeronautics, space, defense, machinery industry, as well as medical technology, building technology and communication technology; engineering consultant services; engineering; providing software (software as a service, SaaS); design, development, maintenance and updating of software; design, development, maintenance and update of software for the control, regulation and monitoring of manufacturing processes in the field of the electronics industry; design and development of logistics and supply chain management software; technical consultancy in the field of the electronics industry; design and development of computer hardware for use in manufacture; design and development of electronic controls and circuits; product design; product development; technical consultant services in the field of product development and design; product development evaluation and analysis; research and development services relating to new products for third parties; technological consultant services relating to the manufacture of tools; design of prototypes, development and performance of technical tests; quality control and technical testing services; technological integration of technical testing systems in production environments; environmental impact study services; monitoring of machine condition, namely electronic monitoring and reporting of industrial manufacturing machines using computers and sensors for quality control; process monitoring for quality assurance; design and development of data storage systems; writing of data processing programs; programming of data processing and database management software; installation, maintenance and updating of database software; engineering consultation services relating to injection molding; computer-aided design of plastic parts and molds; design of injection molds; design of custom injection molding machines.

Rapidus

Goods and/or Services:

Class 07

Semiconductor manufacturing machines; attachments and parts of semiconductor manufacturing machines; semiconductor exposure apparatus for manufacture; semiconductor wafer processing machines; semiconductor substrates manufacturing

machines; platforms for semiconductor manufacturing machines; attachments and parts of platforms for semiconductor manufacturing machines.

Class 09

Semiconductors; semiconductor memories; semiconductor memory devices; semiconductor integrated circuits; circuit boards; computer hardware; computers (including central processing units, and electronic circuits, magnetic disks, magnetic tapes, optical disks, magneto-optical disks, CD-ROMs and recording media, recorded with computer programs, and computer peripherals); computer software platforms for semiconductor manufacturing machines; computer software for semiconductor manufacturing machines; computer software platforms for manufacture of semiconductors; computer software for manufacture of semiconductors; semiconductor packages; semiconductor integrated circuit packages; semiconductor modules; semiconductor integrated circuit modules; telecommunication machines and apparatus; personal digital assistants; smartphones; computers and their peripherals; electron tubes; semiconductor elements; electronic circuits, not including those recorded with computer programs; integrated circuits; wafers for integrated circuits; printed circuits boards; computer programs; computer software, recorded; computer software in the field of artificial intelligence; downloadable music files; downloadable image files; pre-recorded CD-ROMs; electronic publications, downloadable.

Class 41

Dubbing; education and training on design and manufacture of semiconductors; education and training on design and maintenance or repair of semiconductor manufacturing machines; education and training on semiconductors and semiconductor integrated circuits; education and training on semiconductor packages and semiconductor integrated circuit packages; education and training on semiconductor modules and semiconductor integrated circuit modules; educational

and instruction services relating to arts, crafts, sports or general knowledge; practical training [demonstration]; coaching [training]; know-how transfer [training]; arranging, conducting and organization of seminars; providing electronic publications; publication of books; providing videos from the internet, not downloadable; providing digital music from the Internet, not downloadable; production of videotape film in the field of education, culture, entertainment or sports [not for movies or television programs and not for advertising or publicity]; organization of entertainment events excluding movies, shows, plays, musical performances, sports, horse races, bicycle races, boat races and auto races; providing facilities for movies, shows, plays, music or educational training; photography; language interpretation; translation.

Class 42

Creation and maintenance of computer software platforms for semiconductor manufacturing machines; creation and maintenance of computer software for semiconductor manufacturing machines; creation and maintenance of computer software platforms for manufacture of semiconductors; creation and maintenance of computer software for manufacture of semiconductors; testing, inspection and research on semiconductor manufacturing machines; analysis of technical data including operation data of semiconductor manufacturing machines and provision of information thereof; research in the field of semiconductor processing technologies; design of semiconductor manufacturing machines; design of semiconductors and semiconductor integrated circuits; design of semiconductor packages and semiconductor integrated circuit packages; design of semiconductor modules and semiconductor integrated circuit modules; designing of machines, apparatus, instruments [including their parts] or systems composed of such machines, apparatus and instruments; design services; computer software design, computer programming, and maintenance of computer software; design and creation computer software in the field of artificial intelligence; technological advice relating to the performance and operation of industrial machines; conducting technical project

studies; scientific laboratory services; research in the field of artificial intelligence technology; artificial intelligence consultancy; technical writing; research and development of new products for others; testing and research on machines, apparatus and instruments; calibration [measuring]; rental of computers; providing computer programs on data networks; platform as a service [PaaS]; software as a service [SaaS]; providing computer programs in the field of artificial intelligence on data networks.
