General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

Financial, monetary and banking services; insurance services; real estate affairs; digital currency (cryptocurrency) asset management services; issue of tokens of value; cryptocurrency exchange services; cryptocurrency trading services; financial exchange; futures exchange services; providing a financial exchange for trading virtual currency; on-line real-time currency trading; financial services provided via an electronic trading platform; financial services provided via an electronic trading platform for purchasing and selling digital currency in exchange for fiat currency or other digital currency; providing financial information; providing financial information about exchange rates; financial management; financial management of digital assets and digital asset portfolios; financial services for digital currency (cryptocurrency); financial transaction services; financial services relating to trading, advising, managing and dealing in financial derivatives and in digital currency (cryptocurrency); financial clearinghouse services; payment processing services; electronic payment services; charge card payment processing services; credit card payment processing services; debit card payment processing services; prepaid card payment processing services; brokerage services; financial research services; financial custodian

services; electronic funds transfer; money exchange services; blockchain-based payment verification services; providing financial information in the field of finance, cryptocurrency, digital currency, virtual currency, crypto tokens, digital multimedia files authenticated by non-fungible tokens, non-fungible assets and crypto collectibles; financial services, namely, trading of digital multimedia files authenticated by non-fungible token; Brokerage services for art, antiques, videos, music, tickets, digital content, historic artifacts, cultural artifacts, and other collectibles.

Class 42

Design and development of hardware and software; design and development of databases; cloud computing; analysis and design of computer systems; computer programming services for electronic data security; computer security services, in particular computer security services for protection against unauthorized access to networks; design and development of electronic data security systems; design and development of computer software for the creation of blockchains and the transfer of cryptocurrency (cryptographic currency) and digital currency; design and development of computer software for the blockchain, cryptocurrency (cryptographic currency) and digital asset industries; design and development of software for blockchain, cryptocurrency (cryptographic currency), digital currency and digital assets and encryption software; design and development of computer software based on and for interaction with blockchains and for creating, buying, trading, exchanging, tracking and storing cryptocurrency (cryptographic currency), digital currency and other digital assets; design and development of software for and based on the technology of a register simultaneously recorded and synchronized on a network of computers for the transmission of data between connected computer equipment and enabling the development of software in the field of cryptocurrency (currency cryptographic), digital currency and decentralized applications; design and development of computer software for and based on distributed ledger technology;

design and development of software enabling the development of software in the field of cryptocurrency (cryptographic currency), digital currency and decentralized applications; design and development of software for clearing operations (exchange), for settlement services, for clearing the settlement of financial assets and for transactions, management of the transfer of securities of financial and non-financial assets, physical goods, rights digital and encryption keys for documents and records; design and development of software for recording data and financial and non-financial information on a cryptographic ledger or a shared cryptographic ledger, for computer software for storing and processing data and information in a cryptographic ledger or a shared cryptographic ledger and software for database management and software for data collection and maintenance; design and development of digital file processing software, downloadable software for use in the field of crypto-crime, cryptocurrency (cryptographic currency) and digital currency; design and development of computer software for use in connection with technologies for the transmission of data between connected computer hardware and firmware; software as a service (SaaS) and platform as a service (PaaS) for the blockchain, cryptocurrency (cryptocurrency), cryptocurrency and digital asset industries; technical and scientific research; industrial analysis and research; analysis and design of computer systems based on blockchains and the technology of a register simultaneously recorded and synchronized on a computer network; research, scientific analysis and evaluation and preparation of reports relating to technical research relating to Internet protocols and decentralized software protocols, cryptographic methodology, decentralization and stability of ecosystems on global computer networks (Internet); hosting of computer sites (websites); hosting software used by others to clear and settle financial transactions and assets; consultancy, information and advisory services relating to the design and development of information and communication technologies and in relation to the services mentioned above; software as a service (SaaS); platform as a service (PaaS); design and development of computer game software and virtual reality software;

electronic data storage; compression of data for electronic storage; design and development of systems for data input, output, processing, display and storage; scientific and technological services and research and design relating thereto; industrial analysis, industrial research and industrial design services; quality control and authentication services; IT services; providing non-downloadable software for transferring data; data transfer services, namely, data migration services and data conversion services; document data transfer from one computer format to another; providing non-downloadable software for exchanging, transferring and transacting authenticated by non-fungible tokens; providing non-downloadable software for storing, transferring, collecting, managing, exchanging, organizing, modifying, transmitting, and sharing data and information; providing non-downloadable software for use as an electronic wallet; providing non-downloadable software for use as a cryptocurrency wallet; providing non-downloadable software for blockchain-based platforms and software for distributed applications; Providing non-downloadable distributed ledger platform software; providing non-downloadable software for electronic funds transfer; providing non-downloadable software for exchanging, transferring and transacting digital media files authenticated by non fungible tokens; providing non-downloadable software for use in financial exchange; providing non-downloadable software for use in financial trading; providing non-downloadable software for managing payment and exchange transactions; data encryption services; providing temporary use of non-downloadable software to serve as an exchange with blockchain technology; providing temporary use of non-downloadable software for use as a database with blockchain technology; providing temporary use of non-downloadable software for use as an application programming interface (API) for the development, testing, and integration of blockchain software applications; providing non-downloadable software in the field of decentralized web software protocols; Design and development of game software; Providing non-downloadable game software; providing non-downloadable cloud software for use in electronically trading, storing, sending, receiving, buying, selling, accessing, accepting and transmitting

crypto-collectibles, digital collectibles, digital media files authenticated by non-fungible tokens and other application tokens; providing non-downloadable software for use in electronically trading, storing, sending, receiving, accepting and transmitting digital currency, virtual currency, and cryptocurrency; providing non-downloadable software for use in electronically managing digital currency, virtual currency and cryptocurrency payment and exchange transactions; providing non-downloadable cloud software for processing transactions related to crypto-collectibles, digital collectibles, non-fungible tokens and other application tokens; providing non-downloadable cloud software for providing access to crypto collectibles, digital collectibles, digital media files authenticated by non fungible tokens and other application tokens; providing non-downloadable cloud software for downloading software, data, and image files; providing non-downloadable cloud software for managing digital and virtual currency; providing non-downloadable cloud software for managing digital assets; providing non-downloadable cloud software related to non-fungible tokens (NFTs); providing non-downloadable cloud software for use as a digital wallet; software as a service (SaaS) services featuring software for use in electronically trading, storing, sending, receiving, buying, selling, accessing, accepting and transmitting crypto-collectibles, digital collectibles, digital multimedia files authenticated by non-fungible tokens and other application tokens; software as a service (SaaS) services featuring software for use in electronically trading, storing, sending, receiving, accepting and transmitting digital currency, virtual currency, cryptocurrency; software as a service (SaaS) services featuring software for use in electronically managing digital currency, virtual currency and cryptocurrency payment and exchange transactions; software as a service (SaaS) services featuring software for viewing crypto collectibles, digital collectibles, digital multimedia files authenticated by non-fungible tokens and other application tokens; software as a service (SaaS) services featuring software for processing transactions related to crypto-collectibles, digital collectibles, non-fungible tokens and other application tokens; software as a service (SaaS) services featuring software for managing digital

multimedia files authenticated by non-fungible tokens (NFTs); software as a service (SaaS) services featuring software for downloading software, data, and image files; software as a service (SaaS) services featuring software for managing digital and virtual currency; software as a service (SaaS) services featuring software for managing digital assets; software as a service (SaaS) services featuring software for use as a digital wallet; platform as a service (PaaS) services featuring software for use in electronically trading, storing, sending, receiving, buying, selling, accessing, accepting and transmitting crypto-collectibles, digital collectibles, digital multimedia files authenticated by non-fungible tokens and other application tokens; platform as a service (PaaS) services featuring software for use in electronically trading, storing, sending, receiving, accepting and transmitting digital currency, virtual currency and cryptocurrency; platform as a service (PaaS) services featuring software for use in electronically managing digital currency, virtual currency and cryptocurrency payment and exchange transactions; platform as a service (PaaS) services featuring software for viewing crypto collectibles, digital collectibles, digital multimedia files authenticated by non-fungible tokens and other application tokens; platform as a service (PaaS) services featuring software for processing transactions related to crypto-collectibles, digital collectibles, non-fungible tokens and other application tokens; platform as a service (PaaS) services featuring software for providing access to crypto-collectibles, digital collectibles, digital multimedia files authenticated by non-fungible tokens and other application tokens; platform as a service (PaaS) services featuring software for downloading software, data, and image files; platform as a service (PaaS) services featuring software for managing digital and virtual currency; platform as a service (PaaS) services featuring software for managing digital assets; platform as a service (PaaS) services featuring software for managing digital multimedia files authenticated by non-fungible tokens (NFTs)v; platform as a service (PaaS) services featuring software for use as a digital wallet; non-downloadable cryptocurrency wallets; Providing a website featuring an online marketplace for digital files, digital multimedia files, digital media, digital collectibles, digital works and

digital materials authenticated by non-fungible tokens (NFTs); providing a website featuring an online marketplace for buyers and sellers of digital goods authenticated by non-fungible tokens (NFTs); Creating websites, namely, the creation of online retail stores for others in the nature of web-based service that allows users to create hosted crypto collectible and blockchain-based stores for digital multimedia files authenticated by non-fungible tokens; Providing a web site featuring technology that enables internet users to create, bookmark, annotate, and publicly share data; Providing a members-only website featuring technology which provides members with the ability to access multiple databases for the purpose of purchasing crypto collectible and blockchain-based digital files and digital multimedia files authenticated by non-fungible tokens; application service provider (ASP) services featuring e-commerce software; Software as a service (SaaS) services featuring software for payment processing; temporary use of on-line non-downloadable computer software for use as a digital wallet; Development of IT security software; design and development of computer networks; data mining; development of computer software for data processing; design of information systems relating to finance; providing on-line non-downloadable computer software for enabling users to electronically create, store, send, receive, accept, exchange, and transmit digital assets and digital multimedia files authenticated by non-fungible tokens based on the blockchain technology; Computer services, namely, providing technology information in the field of blockchain, non-fungible tokens, digital currency, cryptocurrency and digital assets; design, development, and implementation of software solutions for security of digital currency, digital assets, digital multimedia files authenticated by non-fungible tokens, digital collectibles, digital art, and blockchain and cryptocurrency transactions; providing non-downloadable software for managing digital collectibles, digital art, crypto-collectibles, and application tokens; providing a website in the field of creating, minting, viewing, authenticating, buying, selling, listing, auctioning and trading digital multimedia files authenticated by non-fungible tokens (NFTs); providing temporary use of non-downloadable software for minting, viewing, auctioning, authenticating

collecting, buying, selling and trading virtual items, digital collectibles, crypto collectibles, digital tokens, digital multimedia files authenticated by non-fungible tokens (NFTs), cryptocurrencies, and digital art, and other digital items; Platform as a service (PAAS) featuring computer software platforms for individuals and organizations to create, mint, upload and sell digital assets and digital multimedia files authenticated by non-fungible tokens; platform as a service (PaaS) services featuring software for developing, designing, administration, storage, and display of digital collectibles represented by non-fungible tokens via a blockchain network; Providing temporary use of on-line non-downloadable software to enable consumers and businesses to manage, use and transfer digital assets, virtual currency, cryptocurrency, crypto-collectibles, digital multimedia files authenticated by non-fungible tokens, application tokens, and other ledger technologies; providing temporary use of on-line non-downloadable software for use in accessing, reading, tracking, managing, and using blockchain technology; software as a service (SaaS) featuring software for the management, use and transfer of digital assets, crypto-collectibles, digital collectibles, digital multimedia files authenticated by non-fungible tokens, and application tokens; Providing online, non-downloadable computer software for the creation, storage, display, register, purchase, sale, transfer and trade of digital works and digital collectibles authenticated by non-fungible tokens via a blockchain network; Providing non-downloadable computer software featuring digital collectibles, comprising interactive media, images, videos, audio, three-dimensional art, digital art, photography, music, data, statistics, graphics, or visual effects, authenticated by non-fungible cryptographic tokens via a blockchain network; Computer services, namely, digital content creation of digital works and collectibles, authenticated by a non-fungible token that is considered digital art, a collectible, a media product, an asset or an item; Platform as a service (PaaS) featuring software platforms for blockchain transactions; software as a service (SaaS) services featuring software for use in database management, database integration, word processing, and administration of computer networks; Software as a service (SAAS)

services featuring software for sending and receiving electronic messages, notifications and alerts and for facilitating electronic business transactions via the internet and communications networks; platform as a service (PaaS) services featuring computer software platforms for use in database management, database integration, and administration of computer networks; platform as a service (PaaS) services featuring computer software to allow users to perform transactions; platform as a service (PaaS) services featuring computer software platforms for electronic messaging and transmission of text, graphics and data; platform as a service (PaaS) featuring computer software for creating virtual communities and transmission of information; providing digital collectible services, namely, operating a website and online database for transactions, storage, and registry services using blockchain based software technology and smart contracts for digital assets, crypto collectibles, digital multimedia files authenticated by non-fungible tokens, application tokens, digital content, art, music, videos, and other collectibles; providing platform as a service featuring electronic financial platform software for facilitating, managing, monitoring, validating, verifying, and tracking financial transactions in the field of virtual currency, cryptocurrency, and digital currency; providing temporary use of non-downloadable software for use as an application programming interface (API) for the development, testing, and integration of blockchain software applications; providing temporary use of non-downloadable software for use in financial trading; providing temporary use of non-downloadable software for use in financial exchanges; providing temporary use of non-downloadable software for facilitating, accessing, managing, monitoring, validating, verifying, transferring assets and information for use with blockchain technology; providing temporary use of non-downloadable software for use as a database with blockchain technology; providing temporary use of non-downloadable software for use in the exchange of virtual items; providing a website and non-downloadable computer software for data authentication via blockchain and for purchasing, selling, storing, managing, authenticating, and sharing digital multimedia files authenticated by non-fungible tokens, and displaying

and storing digital assets and digital multimedia files authenticated by non-fungible tokens; computer services, namely, providing non-downloadable software for mining cryptocurrencies; providing temporary use of non-downloadable software that uses distributed ledger technology for use in connection with online software applications; application service provider (ASP) services, namely, providing, hosting, managing, developing, and maintaining applications, software, websites and databases in the fields of information technology, blockchain, virtual currency, digital currency, cryptocurrency, non-fungible tokens, digital collectibles, and digital assets; computer services, namely, data encryption, data decryption, data conversion, data coding services in the nature of computer programming, and data security services in the nature of design and development of data security systems; platform as a service (PAAS) featuring computer software platforms for providing design, testing, deployment, and management of blockchain systems; platform as a service (PAAS) featuring computer software platforms for the deployment, transfer, and management of fiat and cryptocurrency; Design, development, and implementation of software for hierarchical deterministic multisignature (HDM) wallets and third party verification services for blockchain and cryptocurrency transactions; providing a website featuring technology that enables users to engage in cryptocurrency mining and verification services for cryptocurrency; consultation services, namely, software development consulting in the field of blockchain technology and cryptocurrency; computer services, namely, creating an online community in the form of a website for enthusiasts to discuss and trade digital collectibles; Providing online, non-downloadable virtual goods, namely, online non-downloadable computer programs for the creation and trade of digital collectibles; providing non-downloadable software for creating authenticated digital non fungible token and an authenticated replica of the non-fungible token; providing temporary use of non-downloadable software to serve as an exchange with blockchain technology; Providing a website for minting, creating, storing, and providing authentication services for nonfungible tokens and digital assets; providing non-downloadable software for minting, creating, storing,

and providing authentication services for non-fungible tokens and digital assets; platform as a service (PaaS) featuring software platforms for minting, creating, storing, and providing authentication services for non-fungible tokens and digital assets; Providing non-downloadable software for processing digital files, digital art, media, videos, photography, music, data, statistics, graphics, or visual effects; providing a website connecting sellers with buyers.

gloves for divers, breathing apparatus for underwater swimming; fire-extinguishing apparatus; computer software for motion control; computer software for use in the industrial automation machines; computer software for use in automation of industrial manufacturing process; computer software; computer software for programmable logic controller; computer software for health control; computer software for image processing; computer software for electrical controlling devices; computer operating programs; computer programs for processing digital image; electric industrial motion control apparatus for machines for use in automation of industrial manufacturing process; computer hardware for motion control; computer hardware and computer software for chip cards for motion control; electronic control systems and instruments for monitoring and managing industrial automation in manufacturing processes; apparatus for processing images for robots; connectors [electricity]; amplifiers for electrical controlling devices; power amplifiers; interface boards for electronic control systems; central processing units [processors]; programmable logic controllers; relays, electric; intercommunication apparatus; inverters [electricity]; electric industrial position control apparatus for machines for use in automation of industrial manufacturing process; electrical power monitors; electrical power supplies; testing apparatus for use in the industrial automation machines; uninterruptible electrical power supplies; lasers, not for medical purposes; connectors for printed circuit boards; ultraviolet ray electric radiators adapted for computers; light-emitting diode [LED] electric radiators adapted for computers; data storage devices; digital display device; plugboards; antistatic remote control apparatus; electric sockets; light emitting diodes (LED) for use in liquid crystal displays; capacitors; numerical control apparatus; remote control apparatus; robots for laboratory use; encoders; electronic power controllers; voltage regulators; current regulators; control panels [electricity]; light dimmers [regulators], electric; switches; photo current switches; basic switches; detection switches; door switches; limit switches; safety switch; push button switches; thumbwheel switches; microswitches; measuring machines for diagnostic use, not for medical use; electric cable connectors; connector for measuring machines;

measuring machines for identifying power network; measuring machines for identifying data errors, excessive bandwidth consumption and circuit problems; detectors; detectors for electrical power outage; detectors for electric current; motion detectors; water leak detectors; sensors for microscope photograph; sensors for microelectromechanical systems [MEMS]; sensors [measurement apparatus], other than for medical use; flow sensors; pressure sensors; thermal sensors; photovoltaic sensors; image sensors not for medical use; proximity sensors; vibration sensors; inclination sensors; liquid leakage sensors; displacement sensors; length measuring sensors; ultrasonic sensors; sensors for measuring light incidence from outside of car; fiber sensors not for medical use; body temperature sensors not for medical use; parking meters; testing apparatus not for medical purposes; testing apparatus for testing printed circuit boards; apparatus for the input and output of data for use in wireless automatic identification machines; electronic tags for wireless automatic identification; fiber optic cables; counters; computer software and computer hardware for use in the industrial automation machines; electronic components; computer monitoring apparatus for industrial automation machines; analysis apparatus for industrial automation machines; electrical controlling devices; amplifiers; electronic control systems for industrial robots; electronic control systems for industrial machinery; microprocessors; computers and computer software for use in the industrial automation industry; microcontrollers; computer peripherals and accessories; interface boards for computers; electrical and electronic control apparatus and instruments; digital cameras; bar code readers; bar code scanners; apparatus for processing images; scanners [data processing equipment]; print quality inspection apparatus and instruments; machine vision systems [automatic testing apparatus]; measuring and testing machines; power distribution or control machines and apparatus; rotary converters; phase modifiers; electric or magnetic meters and testers; conductors, electric; electrical communication machines and instruments; electronic data processing machines, apparatus and their parts; magnetic cores; resistance wires; electrodes; 3D scanners; abacuses; accelerometers; accumulators,

electric; actinometers; adding machines; aerometers; air analysis apparatus; altimeters; ammeters; apparatus and installations for the production of X-rays, not for medical purposes; barometers; bathroom scales; battery chargers; black boxes [data recorders]; calculating machines; calorimeters; distance measuring apparatus; camcorders; cameras [photography]; cell phones; mobile telephones; cell switches [electricity]; chemistry apparatus and instruments; chips [integrated circuits]; circuit breakers; compact discs [read-only memory]; comparators; computers; computer keyboards; computer memory devices; data processing apparatus; densimeters; densitometers; diagnostic apparatus, not for medical purposes; dosimeters; downloadable image files; dynamometers; electric installations for the remote control of industrial operations; electronic publications, downloadable; exposure meters [light meters]; flowmeters; food analysis apparatus; global positioning system [GPS] apparatus; humanoid robots with artificial intelligence for use in scientific research; hygrometers; inclinometers; integrated circuit cards [smart cards]; integrated circuits; interfaces for computers; joysticks for use with computers, other than for video games; laboratory robots; light regulators [dimmers], electric; limiters [electricity]; locks, electric; magnetic resonance imaging [MRI] apparatus, not for medical purposes; measures; measuring apparatus; measuring instruments; micrometers; monitoring apparatus, other than for medical purposes; monitors [computer hardware]; monitors [computer programs]; nanoparticle size analyzers; navigational instruments; observation instruments; optical apparatus and instruments; optical character readers; pedometers; photometers; piezoelectric sensors; polarimeters; precision measuring apparatus; pressure gauges; pressure measuring apparatus; printed circuit boards; printed circuits; printers for use with computers; quantity indicators; quantum computers; radar apparatus; readers [data processing equipment]; regulating apparatus, electric; resistances, electric; satellite finder meters; satellite navigational apparatus; scales; scales with body mass analyzers; security tokens [encryption devices]; semi-conductors; smart cards [integrated circuit cards]; smartphones; software as a medical device [SaMD], downloadable; solar

batteries; solar cells; solar panels for the production of electricity; sounding apparatus and machines; spectroscopes; speed indicators; spherometers; spirit levels; surveying apparatus and instruments; surveying instruments; switchboards; switchboxes [electricity]; switches, electric; tablet computers; tachometers; teaching apparatus; teaching robots; temperature indicator labels, not for medical purposes; temperature indicators; thermal imaging cameras; thermo-hygrometers; thermometers, not for medical purposes; thermostats; transformers [electricity]; transistors [electronic]; transmitters [telecommunication]; transmitting sets [telecommunication]; urinometers; variometers; viscosimeters; voltmeters; wafers for integrated circuits; water level indicators; wavemeters; weighing apparatus and instruments; weighing machines; X-ray apparatus not for medical purposes; oxygen breathing apparatus; photographic machines and apparatus; cinematographic machines and apparatus; optical machines and apparatus; spectacles; eyewear; personal digital assistants; data gloves; headsets; virtual reality goggles; computer video game software; augmented reality software; virtual reality software; computer software for managing transactions using blockchain technology; downloadable cryptographic keys for receiving and spending crypto assets; downloadable software featuring virtual goods, digital collectibles, and downloadable digital files authenticated by non-fungible tokens [NFTs]; downloadable image files authenticated by non-fungible tokens [NFTs]; downloadable video files authenticated by non-fungible tokens [NFTs]; downloadable music files and sound files authenticated by non-fungible tokens [NFTs]; downloadable virtual goods, namely, downloadable computer programs featuring industrial robots, electrical machinery and apparatus, computers, electronic machines and apparatus, medical apparatus and instruments, clothing, footwear, headwear, bags, jewelry, art objects, digital collectibles, for use in online virtual environments and used online; downloadable virtual goods, namely, downloadable image files featuring industrial robots, electrical machinery and apparatus, computers, electronic machines and apparatus, medical apparatus and instruments, clothing, footwear, headwear, bags, jewelry, art objects,

digital collectibles, for use in online virtual environments and used online.

Class 10

Surgical, medical, dental and veterinary apparatus and instruments; artificial limbs, eyes and teeth; orthopedic articles; suture materials; therapeutic and assistive devices adapted for persons with disabilities; massage apparatus; apparatus, devices and articles for nursing infants; sexual activity apparatus, devices and articles; sphygmomanometers; electronic sphygmomanometers; fever thermometers; electronic clinical thermometers; electronic blood cell counters; auto cell analyzers; vaporizers for medical purposes; ultrasonic nebulizers; electrocardiographs; electric massagers; electric pulse massagers; urinalysis apparatus; ultrasonic teeth cleaners for use in dentistry; blood glucose monitors; flow cytometry measuring apparatus for medical purposes; hyperthermia treatment apparatus; arterial blood pressure measuring apparatus; cuffs for blood pressure monitors; blood testing apparatus; diagnostic apparatus for medical purposes; electrodes for medical use; hearing aids; inhalers; therapeutic steam inhalers; nebulizers for medical purposes; low frequency electric therapy apparatus; electrotherapy devices for providing transcutaneous electrical nerve stimulation; pads for transcutaneous electrical nerve stimulators; sprayers for medical purpose; testing apparatus for medical purposes; thermoelectric therapeutic apparatus and instruments; thermometers for medical purposes; anesthesia monitoring apparatus; blood pressure monitors; pulse wave monitors; breathing monitors for medical purposes; heart rate monitors; pulse rate monitors; vital signs monitors; respirometers for medical purposes; pulse oximeters; patient monitors; medical devices for performing vascular testing; peak flow meters; cardiac electrodes; body fat monitors; body composition monitors; body composition analyzers for medical purposes; stethoscopes; oxygen inhalers for medical purposes; medical sleep analyzers; medical apparatus for monitoring and recording sleep conditions for use in sleeping disorder analysis; blood glucose meters; lancets; apparatus for drawing or sampling blood for purposes of diabetes monitoring; blood

glucose monitoring apparatus and instruments for medical purposes; teeth cleaning apparatus for use in dentistry; infrared radiation units for therapeutic apparatus; defibrillators; apparatus and installations for the production of X-rays, for medical purposes; apparatus for artificial respiration; apparatus for DNA and RNA testing for medical purposes; chambers for inhalers; cholesterol meters; diabetic monitoring apparatus; hemocytometers; hydrogen inhalers; keratometers; lasers for medical purposes; magnetic resonance imaging [MRI] apparatus for medical purposes; medical apparatus and instruments; nanorobots for medical purposes; radiological apparatus for medical purposes; respirators for artificial respiration; robotic exoskeleton suits for medical purposes; spacers for inhalers; spirometers [medical apparatus]; surgical apparatus and instruments; tomographs for medical purposes; electric esthetic massage apparatus; facial aesthetic treatment apparatus using ultrasonic waves.

Class 11

Apparatus and installations for lighting, heating, cooling, steam generating, cooking, drying, ventilating, water supply and sanitary purposes; air-conditioning apparatus and installations; household electrothermic appliances; bath fittings; sanitary apparatus and installations; industrial furnaces; lighting apparatus and installations; cooking apparatus and installations; garbage incinerators; water heaters; water purification apparatus.

Class 12

Vehicles for locomotion by land, air, water or rail; motors for land vehicles; engines for land vehicles; mechanical elements for land vehicles; axles for vehicles; transmission mechanisms for land vehicles; gearing for land vehicles; shock absorbers for vehicles; brakes for vehicles; motors, electric, for land vehicles; tires; anti-theft devices for vehicles; wheelchairs; carts; baby carriages; non-electric prime movers for land vehicles, not including their parts; vessels and their parts and fittings;

aircraft and their parts and fittings; railway rolling stock and their parts and fittings; automobiles and their parts and fittings; two-wheeled motor vehicles, bicycles and their parts and fittings.

Class 21

Household or kitchen utensils and containers; cookware and tableware, except forks, knives and spoons; combs and sponges; brushes, except paintbrushes; brush-making materials; articles for cleaning purposes; unworked or semi-worked glass, except building glass; glassware, porcelain and earthenware; cosmetic utensils; toothbrushes; floss for dental purposes; cleaning tools and washing utensils; utensils for household purposes; industrial packaging containers of glass or porcelain; cages for household pets; ceramics for household purposes.

Class 35

Advertising; business management, organization and administration; office functions; marketing; marketing research; promotional services; providing information concerning commercial sales; business and management consultancy; commercial information agency services; providing commercial information and advice for consumers in the choice of products and services; personnel placement and recruitment; employment agency services; auctioneering; import-export agency services; compilation and systemization of information into computer databases; providing employment information; career planning services; retail services or wholesale services for computer software; retail services or wholesale services for computer hardware; retail services or wholesale services for electrical machinery and apparatus; services consisting of the registration, transcription, composition, compilation or systematization of written communications and registrations.

Class 36

Insurance services; real estate services; banking; stocks and bonds brokerage; capital investment; financing services; issuance of credit cards; processing of credit

card payments; monetary transfer services; financial consultancy; financial research; financial analysis; financial management; organization of monetary collections; consigned collection of payment for goods; agencies for collecting gas or electric power utility payments; issuance of tokens of value; agencies for trading of commodity futures; art appraisal; financial assessment of company credit; insurance and financial information and consultancy services.

Class 37

Construction services; mining extraction, oil and gas drilling; machinery installation; construction consultancy; installation, maintenance and repair of computer hardware; installation, maintenance and repair of electronic apparatus; installation, maintenance and repair of telecommunications apparatus and instruments; electric appliance installation, maintenance and repair; installation, maintenance and repair of electrical lighting apparatus; installation, maintenance and repair of apparatus for generating electricity; installation, maintenance and repair of apparatus for distributing electricity; installation, maintenance and repair of measuring and testing apparatus and instruments; installation, maintenance and repair of medical apparatus and instruments; installation, maintenance and repair of semi-conductor manufacturing machines and systems; installation, maintenance and repair of integrated circuits manufacturing machines and systems; installation, maintenance and repair of energy generating installations; installation, maintenance and repair of manufacturing plants; installation, maintenance and repair of air-conditioning apparatus; operation and maintenance of building equipment; cleaning of buildings.

Class 41

Education; providing of training; entertainment; providing information in the field of entertainment; recreational services; providing recreation facilities; providing information relating to recreational activities; arranging and conducting of conferences, congresses, seminars, symposiums, training courses, classes and

lectures; providing online electronic publications, not downloadable; lending library services; reference libraries of literature and documentary records; publishing services; providing online music and videos, not downloadable; sporting activities; conducting of cultural events; organization of exhibitions for cultural purposes; arranging and conducting of sporting and cultural events; providing online images, not downloadable; providing non-downloadable virtual goods, namely, providing online non-downloadable images and videos featuring industrial robots, electrical machinery and apparatus, computers, electronic machines and apparatus, medical apparatus and instruments, clothing, footwear, headwear, bags, jewelry, art objects, digital collectibles, for use in online virtual environments and used online.

Class 42

Scientific and technological services and research and design relating thereto; industrial analysis, industrial research and industrial design services; quality control and authentication services; design and development of computer hardware and software; mechanical engineering services; designing of machines, apparatus, instruments [including their parts] or systems composed of such machines, apparatus and instruments; computer system design and development; maintenance of computer software; computer software consultancy; consultancy in the design and development of computer hardware; computer technology consultancy; software as a service [SaaS]; platform as a service [PaaS]; cloud computing; server hosting; electronic data storage and data back-up services; research and development of new products for others; testing services for the certification of quality or standards; user authentication services using blockchain technology; providing virtual computer systems through cloud computing; providing temporary use of on-line non-downloadable software; providing non-downloadable virtual goods, namely, providing online non-downloadable computer software featuring industrial robots, electrical machinery and apparatus, computers, electronic machines and apparatus, medical apparatus and instruments, clothing, footwear, headwear, bags, jewelry, art objects,

digital collectibles, for use in online virtual environments and used online.

Class 44

Medical services; veterinary services; hygienic and beauty care for human beings or animals; agriculture, aquaculture, horticulture and forestry services; beauty salon services; barber shop services; providing information relating to hairdressing and beauty salon services; beauty consultancy; provision of bath houses; therapy services; massage; provision of medical information; physical examination; health care; health counseling; dietary and nutritional advice; nursing care; medical equipment rental; landscape design; vermin exterminating for agriculture, aquaculture, horticulture and forestry; pest control services for agriculture, aquaculture, horticulture and forestry.

Bakery products, batter mixes thereof; baking powder; barley flakes; barley meal; barley prepared for human consumption; biscuits; bran for human consumption; bran preparations; bran products (for food); bread and cereals, all for food for human consumption; bread mixes; bread; breakfast cereals; brownies; bulgar wheat; cakes; caramel-coated raisins; cardamon; chocolate substitute-coated fruits; chocolate substitute-coated nuts; chocolate substitute-coated raisins; cereal and flour products; chicory and chicory mixtures, all for use as substitutes for coffee; chocolate; chocolate-coated fruits; chocolate-coated nuts; chocolate-coated raisins; cinnamon sticks; cloves; cocoa; coffee and chicory mixtures; coffee beans; coffee essences; coffee extracts; coffee substitutes; coffee; coffee (artificial); condiments; confectionery; couscous; crackers; culinary herbs; chocolate desserts; custard-based desserts; ice cream desserts; muesli desserts; cocoa spreads; maple spreads; chocolate spreads; yeast extract spreads; dried chillies; dried herbs; edible ices; cereal-based energy bars; flapjacks; flour and preparations made from cereals; vegan confectionery; vegan hot chocolate; vegan ice cream; vegan biscuits and cookies; vegan cakes; prepared vegan meals consisting primarily of cereals, rice, oats, grains, pasta or noodles; fruit sauces; fruit tea; ginger; herb teas; herbal infusions; herbal teas; herbal tea drinks and beverages; honey; ice cream; ice; ices; infusions; liquorice; malt for human consumption; meal; millet flakes; millet flour; millet grain prepared for human consumption; muesli and muesli products; muffins; mustard; natural sweeteners; non-medicated confectionery; herbal extracts [seasonings]; nutmegs; cereal-based and chocolate-based nutritional bars; cereal-based nutritionally balanced foods containing protein; oat-based nutritionally balanced foods containing protein; rice-based nutritionally balanced foods containing protein; grain-based nutritionally balanced foods containing protein; chocolate-based nutritionally balanced foods containing protein; oat flakes; oatmeal; oats prepared for human consumption; pastries; pastry; pepper; peppercorns; polenta; popcorn;

porridge oats; porridge; potato flour; cereal-based power bars; grain-based power bars; pralines; preparations made from cereals; preparations made from rice; pretzel snack foods; pretzels; pudding mixes; quinoa flour; processed quinoa; rice cakes; rice crackers; rice flour; rice products; rice; rye flakes; rye flour; rye prepared for human consumption; sago; salt; sauces (condiments); seasonings; semolina; calorie controlled prepared food made predominantly from cereals, rice, oats or grains; nutritionally balanced prepared food made predominantly from cereals, rice, oats or grains; cereal-based snack foods; oat-based snack foods; rice-based snack foods; grain-based snack foods; chocolate-based snack foods; soya flour; soya bean paste; spice tea; spices; sports nutrition products namely, cereal-based meal replacements, grain-based meal replacements, oat-based meal replacements, rice-based meal replacements, high-protein cereal bars, glucose for food, high-protein flapjacks; sugar; sweets; tapioca; tea; tisanes; toffee; treacle; vanilla pods; vinegar; wheat flakes; wheat prepared for human consumption; wheatgerm prepared for human consumption; wheatmeal; whole spices; yeast; wheatgerm.

Class 31

Agricultural, horticultural and forestry products and grains; berries; bran; chillies (fresh); corn for popping; dried flowers; fresh fruits; fresh vegetables; fresh herbs; fresh pulses; fruits; hemp seeds; lentils (fresh); linseed; malt; natural plants and flowers; nut kernels; nuts; oats; seeds; vegetables; olives.

Class 32

Aerated water; drinks and beverages enriched with concentrations of vitamins and/or minerals and/or proteins; drinks and beverages containing minerals; drinks and beverages containing plant extracts; drinks and beverages containing protein; drinks and beverages for promoting muscle gain; drinks and beverages for promoting weight gain; fruit drinks; fruit juices; isotonic drinks and beverages; isotonic sports drinks and beverages; lemonades; mineral water; minerals (drinks); non-alcoholic

beverages; nutritional drinks and beverages not for medical purposes; preparations for making beverages; sports nutrition drinks; syrups for drinks and beverages; syrups; tonic drinks; water; drinks and beverages based on rice; whey drinks and beverages; protein enriched sports drinks and beverages; plant-based protein-enriched drinks and beverages.

BLUEFOREST

Goods and/or Services:

Class 04

Biofuel from wood waste; wood biomass for use as fuel; wood biomass for use as fuel.

Class 19

Materials, not of metal, for building and construction; timber; lumber; boards made of wood; wood blocks; building timber, lumber; manufactured timber; shaped timber.

Class 31

Undressed timber; unsawn timber; raw bark; wood chips for the manufacture of wood pulp, building products, biofuel from wood waste.

Class 35

Wholesale and retail store services featuring timber and lumber; marketing of greenhouse gas emission credits and carbon offsets for regulatory and voluntary markets; promoting public awareness of the need for sustainable forestry management; timberland business management services; marketing of timberland products, namely timber, unprocessed logs, wood chips, biofuel from wood waste, wood pulp, wood biomass.

Class 39

Tracking and tracing of lumber, timber and other wood products in transit to ensure on-time delivery for business purposes.

Class 40

Timber felling and processing; timber logging services; sawmill services; custom manufacturing of lumber.

Class 42

Providing temporary use of online non-downloadable software for use in connection with tracking values of fixed assets, namely, timber; providing temporary use of online non-downloadable software for use as a digital community bulletin board for buying, selling, leasing, and trading fixed assets, namely, timber, providing scientific information, advice and consultancy relating to carbon offsetting, research on reducing carbon emissions; information, advisory and consultancy services related to the aforesaid services.

Goods and/or Services:

Class 06

Common metals and their alloys, ores; metal materials for building and construction; transportable buildings of metal; non-electric cables and wires of common metal;

small items of metal hardware; metal containers for storage or transport; safes; safes (metal or non-metal); ironmongery; metal hardware; metal fittings for industrial apparatus; fittings of metal for building; building materials of metal; railway material of metal; loading pallets of metal; anchors; metal cages for wild animals; traps for wild animals; tree protectors of metal; weather- or wind-vanes of metal; monuments of metal; works of art of common metal; identification bracelets of metal; signs, non-luminous and non-mechanical, of metal; locks of metal, other than electric; split rings of common metal for keys; fittings of metal for furniture; fittings of metal for compressed air lines; seals of metal for the reduction of friction in metals; anti-friction metal; common metals, unwrought or semi-wrought; ores of metal; unprocessed and semi-processed non-precious metals and their alloys; soldering wire of metal; wire of common metal; cable joints of metal, non-electric; bindings of metal; bolts of metal; flanges of metal [collars]; nuts of metal; screws of metal; sealing caps of metal; closures of metal for containers; containers of metal (storage, transport); containers of metal for compressed gas or liquid air; containers of metal for liquid fuel; pipework of metal; rivets of metal; modular shelters of metal; sheets and plates of metal; sleeves [metal hardware]; pins [metal hardware]; springs [metal hardware]; drain valves of metal; metal valves not being parts of machines; valves of metal other than parts of machines; valves of metal other than parts of machines including those from alloy steel, nickel, tantalum, and titanium; manually operated metal valves; metal valves not being parts of machines, namely vent and drain valves, isolation valves, oxygen valves, trunnion valves, ball valves, general service valves, inline repairable valves; metal pipe fittings; parts, fittings and accessories for all the aforesaid goods.

Class 07

Machine tools, power-operated tools; motors and engines, except for land vehicles; machine coupling and transmission components, except for land vehicles; agricultural implements, other than hand-operated hand tools; incubators for eggs; automatic vending machines; tools [parts of machines]; machine tools; hand-held

tools, other than hand-operated; hand-held tools, other than hand-operated machines for the electronic industry; wire drawing machines; holding devices for machine tools; handling machines, automatic [manipulators]; machines for handling materials; machines and machine tools for treatment of materials and for manufacturing; machines for processing plastics; leather-working machines; glass-working machines; optical cold working machines; enamel making machinery; engraving machines; packing machines; painting machines; printing machines; sizing machines; converters for steelworks; foundry machines; machines for battery industry; machines for the petrochemical industry; machines for the petroleum exploration and refining industry; agricultural, earthmoving, construction, oil and gas extraction and mining equipment; agricultural machines; fertilizer manufacturing machines; fodder presses; milking machines; shearing machines for animals; aerating pumps for aquaria; geological exploration, mining and mineral processing machines; salt pond smashing machines; steamrollers; oil extraction, oil refining machines; gas separating installations; aerocondensers; filter presses; electromechanical machines for chemical industry; machines for pharmaceutical processing industry; machines for the industrial preparation and processing of foodstuffs; food preparation machines, electromechanical; beverage preparation machines, electromechanical; tea manufacturing machines; vending machines; kitchen machines, electric; washing machines (laundry); washing apparatus; fittings for engine boilers; light bulb making machines; curtain drawing devices, electrically operated; cord making machines; zipper making machines; needle making machines; stitching machines; spinning wheels; potters' wheels; machines for use in aerospace applications; pulp and paper pulp processing machines; woodworking machines; papermaking machines; paper diaper making machines; honeycomb-shaped briquet making machines; cigarette machines for industrial purposes; elevators (lifts); bicycle assembling machines; welding and soldering machines and devices; welding machines, electric; sealing machines for industrial purposes; metalworking machines; electroplating machines; drainage machines; turbines other than for land vehicles;

motors, other than for land vehicles; carburetter feeders; dynamos; pumps [machines]; electric opening and closing mechanisms; pneumatic opening and closing mechanisms; gear-operated opening and closing mechanisms; mechanical control apparatus for machines; control mechanisms for machines, engines or motors; control mechanisms for machinery; regulators being parts of machines; fluid pressure control valves [parts of machines]; valves (parts of machines); ball valves being parts of machines; check valves of metal [parts of machines]; clack valves [parts of machines]; control valves [parts of machines]; pressure control valves [parts of machines]; regulators [parts of machines]; pressure regulators [parts of machines]; safety valves [parts of machines]; ventilation valves [parts of machines]; actuators for valves; drives for valves; mechanical seals [parts of machines]; industrial cleaning machines; industrial process controllers [hydraulic]; hydraulic controls for machines, motors and engines; hydraulic couplers; industrial process controllers [pneumatic]; pneumatic controls for machines, motors and engines; pneumatic hammers; bearings (parts of machines); self-oiling bearings; anti-friction bearings for machines; housings [parts of machines]; parts for machines, namely adapted covers for machine parts; axles for machines; belts for machines; valves as machine components; valve actuators; pneumatic valve actuators; machinery parts and fittings especially designed for severe service applications in industrial chemical processing equipment in the field of chemical, petrochemical, metals, minerals, oil and gas, power, refining, food, aerospace, and pulp and paper industries; chemical processing machines; industrial chemical processing machines; modular industrial chemical processing machines; chemical processing machines incorporating dual process control valves, actuated isolation valves, redundant pathway piping, parts and fittings, electronic controls, instrumentation sensors, and purging and flushing equipment thereof; valve purging and flushing equipment and systems [parts of machines] incorporating fluid heaters, purge media lines, and rotameters; valves for pumps; valves being parts of machines; pump control valves; ball valves being parts of machines; valves being parts of machines, namely, vent and drain valves,

isolation valves, switching valves, oxygen valves, trunnion valves, ball valves, general service valves, inline repairable valves; pressure reducers [parts of machines]; pressure relief valves [parts of machines] for power, chemical and petrochemical plants; chemical processing machinery; filtering machines for chemical processing, pressure reducers for chemical processing; pumps [machines] for chemical processing; parts, fittings and accessories for all the aforesaid goods.

Class 09

Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media, computer software, blank digital or analogue recording and storage media; mechanisms for coin-operated apparatus; cash registers, calculating devices; computers and computer peripheral devices; diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming; fire-extinguishing apparatus; fire extinguishers; monitoring apparatus, other than for medical purposes; monitoring apparatus and instruments; apparatus for monitoring and recording the performance of machinery; apparatus to remotely monitor and control the function and status of mechanical devices or systems; remote control apparatus; electric installations for the remote control of industrial operations; surveying instruments; material testing instruments and machines; chemistry apparatus and instruments; instruments and measuring devices for physical/chemical experiments and composition analysis; air analysis apparatus; chromatography apparatus for laboratory use; anodes; barometers; cathodic anti-corrosion apparatus; ionization apparatus not for the treatment of air or water; radiological apparatus for industrial purposes; detectors; egg-candlers; probes for

scientific purposes; diagnostic apparatus, not for medical purposes; testing apparatus not for medical purposes; time recording apparatus; time switches, automatic; weighing apparatus and instruments; weighing machines; money counting and sorting machines; apparatus to check franking; measuring apparatus; measures; distance measuring apparatus; theodolites; measuring instruments; measuring devices, electric; pressure measuring apparatus; precision measuring apparatus; precision balances; gauges; counters; meters; hydrometers; hygrometers; thermo-hygrometers; thermometers, not for medical purposes; variometers; viscosimeters; flowmeters; frequency meters; micrometers; microprocessors; central processing units [processors]; calculating machines; data processing apparatus; batteries; coils, electric; transformers (electricity); materials for electricity mains (wires, cables); printed circuits; wafers for integrated circuits; data processing equipment and accessories (electrical and mechanical); data processing software for graphic representations; image and sound recordings; digital recordings; animated cartoons; recordings of sounds, music, images, audio, visual and audio-visual content; video recordings provided from the Internet; computer software for cryptocurrency; computer software for fungible tokens; downloadable software for non-fungible tokens; digital artworks and digital cultural works; decorative magnets; ticket dispensing terminals, electronic; punched card machines for offices; computer hardware, firmware and software; computer games software; software applications (apps), including apps for installation on mobile telephones and communications devices; communications devices and cases therefor; intercommunication apparatus; transmitters [telecommunication]; transponders; portable hand held digital electronic devices and computers and other electronic devices for reading and viewing text, images and audio-visual content; portable media players; radios; dictating machines; cameras [photography]; video screens; face recognition device; computers; cameras; memory cards; data cards; mouse mats; bags adapted for laptops, cameras and video apparatus; spectacles (optics); protective clothing, footwear and headgear; protective and safety equipment; protection devices for personal use against

accidents; sports whistles; dog whistles; alarms; electrified fences; lightning conductors (rods); safety, security, protection and signalling devices; signals, luminous or mechanical; signal lanterns; automatic indicators of low pressure in vehicle tires (tyres); electronic control apparatus for valves; pressure indicator plugs for valves; remote controls for automatically operating valves; industrial automation controls; industrial controls incorporating software; industrial software; product engineering software; mechanical engineering software; inventory software; computer software to enable searching and retrieval of data; hardware reliability software; maintenance software; predictive maintenance software; scheduling software; software for diagnostics and troubleshooting; computer software, recorded; computer programs, downloadable; computer programs, recorded; monitors [computer programs]; interfaces for computers; humanoid robots with artificial intelligence for preparing beverages; non-printed, electronic, optical and digital publications; downloadable electronic publications provided on-line from databases or the Internet; electronic publications in any media; teaching apparatus; audiovisual teaching apparatus; instructional apparatus and instruments; instruction manuals in electronic format; downloadable electronic manuals; downloadable electronic reports; downloadable image files; optical apparatus and instruments; optical fibers (fibres) (light conducting filaments); optical inspection apparatus for industrial use; temperature monitors for industrial use; heat detectors; heat regulators; heat regulating apparatus; regulating apparatus, electric; sheaths for electric cables; impact sensors; pressure indicators; pressure gauges; electronic apparatus for controlling the pressure and flow of gases; flow measuring apparatus; flow control installations [electric]; control valves for regulating the flow of gases and liquids and their parts and accessories [solenoid valves]; valves for controlling and regulating the flow of gases or liquids [solenoid valves], not being parts of plumbing, heating, cooling installations or machines; noise suppression apparatus used in control valves for regulating the flow of gases and liquids [solenoid valves], to mitigate noise from gas and liquid expansion; electromagnetic valves; valve position indicators; metal

hardness testing machines; parts, fittings and accessories for all the aforesaid goods.

Class 11

Apparatus and installations for lighting, heating, cooling, steam generating, cooking, drying, ventilating, water supply and sanitary purposes; sanitary apparatus and installations; distillation apparatus for chemical processing; evaporators for chemical processing; heat exchangers for chemical processing; polymerisation installations; ball valves; level control valves; regulating and safety accessories for gas apparatus; regulating and safety accessories for water apparatus; safety valves for gas apparatus and for water apparatus; stop valves for regulating gas and water; air purgers for use with water supply installations; water distribution installations; water filtering apparatus; water purifying apparatus and machines; fog machines for theatre; ornamental fountains; cooling appliances and installations; refrigerating appliances and installations; air conditioning apparatus; drying apparatus and installations; hair driers (dryers); lighting apparatus and installations; lights for vehicles; ultraviolet ray lamps, not for medical purposes; curing lamps, not for medical purposes; oil lamps; heating apparatus; heating installations; electrically heated blankets, not for medical purposes; pocket warmers; cooking apparatus and installations; lava rocks for use in barbecue grills; gas lighters; steam valves; plumbing fittings, namely valves; manually operated plumbing valves; parts, fittings and accessories for all the aforesaid goods.

Goods and/or Services:

Class 07

Mechanical tools for machine tools; machines for metal working and machine tools; precision machine tools; tools as parts of machines; machine parts, namely, tool holding fixtures and tool holders, for use in relation to the following goods: machine tools; motors and engines (except for land vehicles), drive units (other than for land vehicles), parts of machines for operating machines, especially, motors and engines (except for land vehicles), drive units (other than for land vehicles), parts of machines for operating machine tools; cutting, drilling, abrading, sharpening and surface treatment machines and apparatus; cutting tools (mechanically operated tools); milling tools (mechanically operated tools); recessing tools (mechanically driven tools); drilling machines; tool adaptors [machine tools]; chucks [parts of machines]; drill chucks [parts of machines]; connection devices, namely, couplings, except for land vehicles; tool clamping devices [parts of machines]; interchangeable chucks, for use in relation to the following goods: machine tools; tool turrets and tool disc turrets; electric drives, hydraulic drives, electromechanical drives, for use in relation to the following goods: machine tools and power tools; mechanical positioning units for positioning workpieces in machine tools; machining centers; handling machines for transporting the following goods: parts, especially, workpieces, tools; automatic tool changing apparatus for machine tools; tool holders, namely tool magazines and mechanically operated storage devices for machine tools; machines and machine tools for treatment of materials and for manufacturing; machine tools for use with lathes [machine tools] and turning centers; mechanical tools; multi-spindle machine tools; tools, for use in relation to the following goods: sliding headstock automatic lathes; machine parts, namely, quick change systems and quick change inserts, for use in relation to the following goods: machines and machine tools for treatment of materials and for manufacturing; parts of the aforementioned goods, replacement parts for all the aforesaid goods, and fittings for all the aforesaid goods, the aforesaid

goods included in this class.

Class 09

Sensors, detectors, monitoring instruments, for use in relation to the following goods: machines tools; sensors, detectors, monitoring instruments, the aforesaid goods for digital tool management; sensors for process monitoring of the following goods: tool machines and their parts; measuring apparatus, detection apparatus, monitoring apparatus, checking (supervision) apparatus, for use in relation to the following goods: machines tools; measuring apparatus, detection apparatus, monitoring apparatus, checking (supervision) apparatus, the aforesaid goods for digital tool management; sensor systems comprising of sensors, for use with machine tools; software for digital tool management; software for process monitoring of the following goods: tool machines and their parts; software and mobile apps for application with machine tools and machines for metal working and with tools for machine tools and machines for metal working; electronic publications, downloadable, interactive electronic publications, in relation to the following fields: use of machine tools and machines for metal working, tools, fittings and parts of tools for machine tools and machines for metal working, and motors and engines, drive units, parts of machines and controllers for operating machine tools and machines for metal working; downloadable electronic publications, and interactive electronic publications relating to the provision of training and instruction in the use of machine tools and machines for metal working, tools, fittings and parts of tools for machine tools and machines for metal working, and motors and engines, drive units, parts of machines and controllers for operating machine tools and machines for metal working.

Class 37

Installation, maintenance and repair of the following goods: machining centres, tools, fittings and parts of tools for machine tools and machines for metal working, in particular tool holders and tool brackets for use in machine tools; installation,

maintenance and repair of the following goods: engines and motors, drive units, parts of machines and controllers for operating machine tools and machines for metal working.

Nitrogen; actinium; alkaloids; alginates for the food industry; alginates for industrial purposes; crotonic aldehyde; ammonium aldehyde; aldehydes; americium; amyl acetate; ammonia; ammonia [volatile alkali] for industrial purposes; acetic anhydride; anhydrides; anti-knock substances for internal combustion engines; disincrustants; antioxidants for use in the manufacture of cosmetics; antioxidants for use in the manufacture of food supplements; antioxidants for use in the manufacture of pharmaceuticals; antioxidants for use in manufacture; antistatic preparations, other than for household purposes; antifreeze; size for use in the textile industry; argon; lead arsenate; astatine; aluminium acetate; lime acetate; lead acetate; acetate of cellulose, unprocessed; acetates [chemicals]; acetylene; acetone; oenological bactericides [chemical preparations for use in wine making]; barium; barytes; albumin [animal or vegetable, raw material]; animal albumen [raw material]; iodised albumen; malt albumen; benzene; benzol; bentonite; berkelium; bicarbonate of soda for chemical purposes; potassium dioxalate; bichromate of potassium; bichromate of soda; bauxite; bromine for chemical purposes; albumenized paper; baryta paper; diazo paper; blueprint paper; test paper, chemical; litmus paper; reagent paper, other than for medical or veterinary purposes; self-toning paper [photography]; sensitized paper; photometric paper; borax; agglutinants for concrete; gas purifying preparations; substances for tanning animal skins and hides; polish removing

substances; substances for preventing runs in stockings; water-softening preparations; tanning substances; adhesives for industrial purposes; tensio-active agents; fissionable material for nuclear energy; foundry binding substances; concrete-aeration chemicals; leather-dressing chemicals; chemicals for the manufacture of paints; chemicals for the manufacture of pigments; starch-liquifying chemicals [ungluing agents]; seed preserving substances; viscose; bismuth; bismuth subnitrate for chemical purposes; vitamins for the food industry; vitamins for use in the manufacture of cosmetics; vitamins for use in the manufacture of food supplements; vitamins for use in the manufacture of pharmaceuticals; witherite; distilled water; seawater for industrial purposes; acidulated water for recharging batteries; heavy water; hydrogen; seaweeds [fertilizers]; gadolinium; getters [chemically active substances]; protective gases for welding; solidified gases for industrial purposes; propellant gases for aerosols; basic gallate of bismuth; gallium; helium; electrophoresis gels; genes of seeds for agricultural production; aluminium hydrate; hydrates; hyposulfites; gypsum for use as a fertilizer; ceramic glazings; glycol; expanded clay for hydroponic plant growing [substrate]; kaolin; alumina; glycerides; glycerine for industrial purposes; glucose for the food industry; glucose for industrial purposes; glucosides; gluten for the food industry; gluten for industrial purposes; holmium; hormones for hastening the ripening of fruit; peat pots for horticulture; graphene; graphite for industrial purposes; guano; humus; dextrin [size]; dendrimer-based polymers for use in the manufacture of capsules for pharmaceuticals; defoliants; diastase for industrial purposes; manganese dioxide; titanium dioxide for industrial purposes; zirconia; oil dispersants; petroleum dispersants; dispersions of plastics; dysprosium; bichloride of tin; detergent additives to petrol; ceramic compositions for sintering [granules and powders]; additives, chemical, to drilling muds; additives, chemical, to insecticides; chemical additives for oils; additives, chemical, to motor fuel; additives, chemical, to fungicides; dolomite for industrial purposes; tan-wood; europium; gelatine for photographic purposes; gelatine for industrial purposes; auxiliary fluids for use with abrasives; fluids for

hydraulic circuits; liquids for removing sulfates from batteries; power steering fluid; brake fluid; magnetic fluid for industrial purposes; transmission fluid; tree cavity fillers [forestry]; glaziers' putty; moderating materials for nuclear reactors; diatomaceous earth; fuller's earth for use in the textile industry; lime chloride; isotopes for industrial purposes; iodine for industrial purposes; iodine for chemical purposes; aluminium iodide; alkaline iodides for industrial purposes; ion exchangers [chemicals]; ytterbium; yttrium; casein for the food industry; casein for industrial purposes; kainite; potassium; sorrel salt; californium; calomel [mercurous chloride]; gum arabic for industrial purposes; tartar, other than for pharmaceutical purposes; camphor, for industrial purposes; calcium carbide; silicon carbide [raw material]; carbide; lime carbonate; magnesium carbonate; carbonates; cement [metallurgy]; cassiopium [lutetium]; catalysts; biochemical catalysts; catechu; caustics for industrial purposes; alum; aluminium alum; chrome alum; quebracho for industrial purposes; ketones; cinematographic film, sensitized but not exposed; oxygen for industrial purposes; nitric acid; anthranilic acid; benzoic acid; boric acid for industrial purposes; tartaric acid; tungstic acid; gallic acid for the manufacture of ink; glutamic acid for industrial purposes; tannic acid; iodic acid; citric acid for industrial purposes; lactic acid; formic acid; persulfuric acid; oleic acid; picric acid; pyrogallic acid; salicylic acid; sebacic acid; sulfuric acid; sulfurous acid; spirits of salt; stearic acid; carbonic acid; spirits of vinegar [dilute acetic acid]; phosphoric acid; hydrofluoric acid; hydrochloric acid; cholic acid; chromic acid; oxalic acid; acids; benzene-based acids; fatty acids; mineral acids; arsenious acid; adhesives for billposting; leather glues; adhesives for wall tiles; adhesives for paperhanging; glue for industrial purposes; isinglass, other than for stationery, household or alimentary purposes; gluten [glue], other than for stationery or household purposes; starch paste [adhesive], other than for stationery or household purposes; stem cells, other than for medical or veterinary purposes; collagen for industrial purposes; collodion; compost, animal manure, fertilizers; beer preserving agents; preservatives for use in the pharmaceutical industry; mangrove bark for industrial purposes; tan; starch for industrial purposes; silicon; creosote for

chemical purposes; krypton; xenon; xylene; xylol; curium; lactose [raw material]; lactose for the food industry; lactose for industrial purposes; lanthanum; dry ice [carbon dioxide]; lecithin [raw material]; lecithin for the food industry; lecithin for industrial purposes; lithium; magnesite; manganate; oils for tanning leather; oils for currying leather; oils for preparing leather in the course of manufacture; oils for the preservation of food; transmission oil; carbolineum for the protection of plants; paper pulp; wood pulp; grafting mastic for trees; mastic for leather; mastic for tyres; oil cement [putty]; synthetic materials for absorbing oil; brazing preparations; ceramic materials in particulate form, for use as filtering media; filtering materials of unprocessed plastics; filtering materials of mineral substances; filtering materials of vegetable substances; filtering materials of chemical substances; metalloids; alkaline-earth metals; alkaline metals; methane; methyl benzene; methyl benzol; flour for industrial purposes; tapioca flour for industrial purposes; potato flour for industrial purposes; arsenic; emollients for industrial purposes; animal manure; nanopowders for industrial purposes; sodium; naphthalene; sal ammoniac; toxic gas neutralizers; neodymium; neon; neptunium; ammonium nitrate; uranium nitrate; nitrates; combusting preparations [chemical additives to motor fuel]; nitrous oxide; baryta; uranium oxide; oxalates; lithia [lithium oxide]; lead oxide; antimony oxide; chromium oxide; cobalt oxide for industrial purposes; mercuric oxide; olivine [silicate mineral]; clarification preparations; wine finings; textile-brightening chemicals; must-finishing preparations; reducing agents for use in photography; bases [chemical preparations]; wax-bleaching chemicals; fat-bleaching chemicals; organic digestate [fertilizer]; paste fillers for automobile body repair; pectin for the food industry; pectin for industrial purposes; pectin [photography]; perborate of soda; humus top dressing; percarbonates; hydrogen peroxide for industrial purposes; persulfates; perchlorates; foundry sand; plastisols; sensitized plates for offset printing; ferrotype plates [photography]; plasticizers; plastics, unprocessed; X-ray films, sensitized but not exposed; plutonium; chemical coatings for ophthalmic lenses; polonium; potash; potash water; soil for growing; praseodymium; rubber preservatives; brickwork

preservatives, except paints and oils; cement preservatives, except paints and oils; preservatives for tiles, except paints and oils; bacteriological preparations for acetification; vulcanizing preparations; renovating preparations for phonograph records; currying preparations for leather; currying preparations for skins; tempering and soldering preparations; fixing baths [photography]; opacifiers for glass; opacifiers for enamel; separating and unsticking [ungluing] preparations; metal annealing preparations; metal tempering preparations; preparations for preventing the tarnishing of lenses; preparations for preventing the tarnishing of glass; cement-waterproofing chemicals, except paints; plant growth regulating preparations; wallpaper removing preparations; anti-boil preparations for engine coolants; fulling preparations for use in the textile industry; descaling preparations, other than for household purposes; fertilizing preparations; flashlight preparations; finishing preparations for use in the manufacture of steel; sizing preparations; animal carbon preparations; preparations of microorganisms, other than for medical and veterinary use; corrosive preparations; cryogenic preparations; dehydrating preparations for industrial purposes; gum solvents; oil-bleaching chemicals; decolorants for industrial purposes; preparations for stimulating cooking for industrial purposes; anti-incrustants; preparations of trace elements for plants; enzyme preparations for the food industry; enzyme preparations for industrial purposes; filtering preparations for the beverages industry; chemical preparations to prevent mildew; chemical preparations to prevent wheat blight; chemical condensation preparations; chemical preparations for smoking meat; chemical preparations for scientific purposes, other than for medical or veterinary use; chemical preparations for facilitating the alloying of metals; chemical preparations to prevent diseases affecting vine plants; chemical preparations to prevent diseases affecting cereal plants; engine-decarbonising chemicals; fulling preparations; fuel-saving preparations; coal saving preparations; damp-proofing chemicals, except paints, for masonry; preparations of the distillation of wood alcohol; by-products of the processing of cereals for industrial purposes; chemical substances for preserving foodstuffs; benzene derivatives; cellulose

derivatives [chemicals]; promethium; protactinium; protein [raw material]; proteins for the food industry; proteins for use in the manufacture of food supplements; proteins for use in manufacture; mordants for metals; radium for scientific purposes; radon; solvents for varnishes; anti-frothing solutions for batteries; drilling muds; solutions for cyanotyping; silver salt solutions for silvering; toning baths [photography]; chemical reagents, other than for medical or veterinary purposes; rhenium; mercury; rubidium; carbon black for industrial purposes; soot for industrial or agricultural purposes; lamp black for industrial purposes; samarium; selenium; saltpeter; sulfur; silver nitrate; carbon disulfide; silicates; aluminium silicate; silicones; scandium; topsoil; foundry moulding preparations; potting soil; acrylic resins, unprocessed; epoxy resins, unprocessed; soda ash; calcined soda; caustic soda for industrial purposes; barium compounds; fluorspar compounds; salts [fertilizers]; salts [chemical preparations]; ammoniacal salts; ammonium salts; salts of precious metals for industrial purposes; salts for galvanic cells; salt for preserving, other than for foodstuffs; salts for colouring metal; salts for industrial purposes; iron salts; gold salts; iodised salts; calcium salts; sodium salts [chemical compounds]; salts from rare earth metals; mercury salts; toning salts [photography]; chrome salts; chromic salts; salts of alkaline metals; rock salt; mold-release compounds; compositions for the manufacture of phonograph records; compositions for the manufacture of technical ceramics; compositions for repairing inner tubes of tyres; compositions for repairing tyres; fire extinguishing and fire prevention compositions; acid proof chemical compositions; glutinous tree-grafting preparations; adhesive preparations for surgical bandages; fireproofing preparations; compositions for threading; amyl alcohol; vinic alcohol; wood alcohol; sal ammoniac spirits; ethyl alcohol; adjuvants, other than for medical or veterinary purposes; cement for footwear; concrete preservatives, except paints and oils; water glass [soluble glass]; strontium; barium sulfate; sulfates; antimony sulfide; sulfides; sulfonic acids; sumac for use in tanning; superphosphates [fertilizers]; antimony; thallium; talc [magnesium silicate]; tannin; cream of tartar for the food industry; cream of tartar for industrial purposes; cream of tartar for chemical

purposes; tellurium; terbium; tetrachlorides; carbon tetrachloride; acetylene tetrachloride; technetium; thymol for industrial purposes; titanite; sensitized cloth for photography; blueprint cloth; toluol; fuel for nuclear reactors; thorium; peat [fertilizer]; thulium; carbonic hydrates; carbon; activated carbon; animal carbon; blood charcoal; nitrogenous fertilizers; fish meal fertilizers; wood vinegar [pyroligneous acid]; uranium; chemical intensifiers for paper; chemical intensifiers for rubber; vulcanization accelerators; enzymes for the food industry; enzymes for industrial purposes; ferments for chemical purposes; milk ferments for the food industry; milk ferments for industrial purposes; milk ferments for chemical purposes; fermium; ferrocyanides; fixing solutions [photography]; flavonoids [phenolic compounds] for industrial purposes; flocculants; soldering fluxes; brazing fluxes; formic aldehyde for chemical purposes; phosphatides; phosphates [fertilizers]; phosphorus; photographic paper; photosensitive plates; sensitized photographic plates; sensitized films, unexposed; photographic developers; photographic sensitizers; chemical preparations for use in photography; photographic emulsions; francium; fluorine; chemicals for use in forestry, except fungicides, herbicides, insecticides and parasiticides; glass-frosting chemicals; leather-renovating chemicals; glass-staining chemicals; enamel-staining chemicals; water-purifying chemicals; oil-purifying chemicals; condensation-preventing chemicals; stain-preventing chemicals for use on fabrics; anti-tarnishing chemicals for windows; leather-waterproofing chemicals; textile-waterproofing chemicals; chemicals, except pigments, for the manufacture of enamel; radiator flushing chemicals; leather-impregnating chemicals; textile-impregnating chemicals; horticultural chemicals, except fungicides, herbicides, insecticides and parasiticides; agricultural chemicals, except fungicides, herbicides, insecticides and parasiticides; soil conditioning preparations; industrial chemicals; refrigerants; coolants for vehicle engines; chlorine; chlorates; hydrochlorates; aluminium chloride; magnesium chloride; chlorides; palladium chloride; chromates; flowers of sulfur for chemical purposes; caesium; cellulose; cerium; cyanides [prussiates]; cymene; slag [fertilizers]; size for finishing and priming; spinel [oxide mineral]; alkalies; caustic alkali; tea

extracts for the food industry; tea extracts for use in the manufacture of cosmetics; tea extracts for use in the manufacture of pharmaceuticals; radioactive elements for scientific purposes; rare earths; fissionable chemical elements; emulsifiers; erbium; ethane; methyl ether; sulfuric ether; ethyl ether; glycol ether; ethers; esters; cellulose ethers for industrial purposes; cellulose esters for industrial purposes; anhydrous ammonia; nitrate paper; preparations for the separation of greases; limestone hardening substances; glues and adhesives for industrial purposes; artificial sweeteners [chemical preparations]; substances for preserving cut flowers; gambier; hydrazine; gurjun balsam for use in the manufacture of varnish; biological tissue cultures, other than for medical or veterinary purposes; cultures of microorganisms, other than for medical and veterinary use; putties and other paste fillers; soap [metallic] for industrial purposes; bate for dressing skins; hypochlorite of soda; gallnuts; beer clarifying and preserving agents; bacterial preparations, other than for medical and veterinary use; bacteriological preparations, other than for medical and veterinary use; biological preparations for use in industry and science; agar-agar for industrial purposes; diagnostic preparations, other than for medical or veterinary purposes; galvanizing preparations; moistening [wetting] preparations for use in the textile industry; moistening [wetting] preparations for use in dyeing; moistening [wetting] preparations for use in bleaching; chemical substances for analyses in laboratories, other than for medical or veterinary purposes; anti-sprouting preparations for vegetables; chemicals for use in industry, science and photography, as well as in agriculture, horticulture and forestry; saccharin for industrial purposes; galvanizing baths; artificial and synthetic resins, unprocessed; unprocessed artificial resins, unprocessed plastics; polymer resins, unprocessed; salt, raw; flame-retardant compositions; substrates for soil-free growing [agriculture]; benzoic sulfimide for industrial purposes; gum tragacanth for industrial purposes; animal charcoal; bone charcoal; oil-separating chemicals; soldering chemicals; chimney cleaners, chemical; colour-brightening chemicals for industrial purposes; calcium cyanamide [fertilizer].

Class 04

Benzine; biomass fuel; wood briquettes; combustible briquettes; petroleum jelly for industrial purposes; wax [raw material]; wax for lighting; industrial wax; belting wax; carnauba wax; beeswax; beeswax for use in the manufacture of cosmetics; gas for lighting; oil-gas; fuel gas; petrol; producer gas; solidified gases [fuel]; fuel; lubricating graphite; additives, non-chemical, to motor fuel; firewood; paper spills for lighting fires; cutting fluids; greases for the preservation of leather; grease for leather; grease for footwear; tallow; industrial grease; kerosene; coke; lanolin for use in the manufacture of cosmetics; ligroin; wax for skis; mazut; fuel oil; oils for the preservation of leather; oils for paints; oils for releasing form work [building]; oils for lighting; oils for the preservation of masonry; textile oil; lubricating oil; industrial oil; industrial oils and greases, wax; coal tar oil; coal naphtha; castor oil for industrial purposes; bone oil for industrial purposes; motor oil; sunflower oil for industrial purposes; lubricants; naphtha; nightlights [candles]; oleine; paraffin; dust removing preparations; soya bean oil preparations for non-stick treatment of cooking utensils; non-slipping preparations for belts; coal dust [fuel]; firelighters; perfumed candles; Christmas tree candles; grease for arms [weapons]; lubricating grease; grease for belts; vaporized fuel mixtures; dust absorbing compositions; dust absorbing, wetting and binding compositions; dust binding compositions for sweeping; dust laying compositions; alcohol [fuel]; methylated spirit; stearine; fuels and illuminants; benzene fuel; diesel oil; lighting fuel; xylene fuel; mineral fuel; carburants; fuel with an alcohol base; peat [fuel]; peat briquettes [fuel]; tinder; lignite; hookah charcoal; charcoal [fuel]; coal; coal briquettes; lamp wicks; wicks for candles; ceresine; electrical energy; ethanol [fuel]; petroleum ether; ozokerite; fish oil for industrial purposes; wool grease; wood shavings for lighting fires; moistening oil; refined petroleum; candles and wicks for lighting.

Class 07

Vending machines; 3D printers; welding machines, electric; soldering apparatus,

gas-operated; vulcanization apparatus; acetylene cleaning apparatus; high pressure washers; apparatus for drawing up beer under pressure; apparatus for aerating beverages; electrical apparatus for sealing plastics [packaging]; electric arc cutting apparatus; electric arc welding apparatus; electric welding apparatus; inking apparatus for printing machines; fittings for engine boilers; expansion tanks [parts of machines]; drums [parts of machines]; brake shoes, other than for vehicles; concrete mixers [machines]; bobbins for weaving looms; harrows; journal boxes [parts of machines]; bulldozers; mine borers; rolling mill cylinders; crank shafts; printing rollers for machines; camshafts for vehicle engines; transmission shafts, other than for land vehicles; fans for motors and engines; saw benches [parts of machines]; winnowers; vibrators [machines] for industrial use; water heaters being parts of machines; bellows [parts of machines]; agitators; drilling rigs, floating or non-floating; lawnmowers [machines]; card clothing [parts of carding machines]; nail extractors, electric; emergency power generators; alternators; dynamos; bicycle dynamos; current generators; electricity generators; hydraulic controls for machines, motors and engines; mufflers for motors and engines; drilling heads [parts of machines]; drilling bits [parts of machines]; cylinder heads for engines; soldering blow pipes, gas-operated; gas-operated blow torches; raking machines; stalk separators [machines]; sieves [machines or parts of machines]; mud catchers and collectors [machines]; tarring machines; rubber tracks being parts of crawlers on mining machines; rubber tracks being parts of crawlers on snow ploughs; rubber tracks being parts of crawlers on loading-unloading machines and apparatus; rubber tracks being parts of crawlers on agricultural machines; rubber tracks being parts of crawlers on construction machines; hydraulic engines and motors; aeronautical engines; aeroplane engines; engines for air cushion vehicles; compressed air engines; jet engines, other than for land vehicles; engines for boats; driving motors, other than for land vehicles; motors, other than for land vehicles; propulsion mechanisms, other than for land vehicles; de-aerators for feedwater; disintegrators; tympan [parts of printing presses]; holding devices for machine tools; turf removing

ploughs; door closers, hydraulic; door closers, pneumatic; door closers, electric; chisels for machines; jacks [machines]; rack and pinion jacks; electric hand drills; crushers for kitchen use, electric; flues for engine boilers; reapers; reapers and binders; millstones; rakes for raking machines; shredders [machines] for industrial use; kitchen grinders, electric; injectors for engines; incubators for eggs; hand-held tools, other than hand-operated; agricultural implements, other than hand-operated; air condensers; control cables for machines, engines or motors; capstans; calenders; rotary steam presses, portable, for fabrics; ditchers [ploughs]; carburettors; sliders for knitting machines; crankcases for machines, motors and engines; steamrollers; pressure valves [parts of machines]; clack valves [parts of machines]; pressure reducers [parts of machines]; cowlings [parts of machines]; machine wheels; freewheels, other than for land vehicles; scale collectors for machine boilers; lasts for shoes [parts of machines]; brake pads, other than for vehicles; piston segments; grease rings [parts of machines]; reapers and threshers; coal-cutting machines; compressors [machines]; air pumps [garage installations]; compressors for refrigerators; conveyors [machines]; belt conveyors; converters for steelworks; aerocondensers; diggers [machines]; rams [machines]; thermic lances [machines]; mechanized livestock feeders; boxes for matrices [printing]; gear boxes, other than for land vehicles; grease boxes [parts of machines]; housings [parts of machines]; harvesting machines; steam engine boilers; coffee grinders, other than hand-operated; taps [parts of machines, engines or motors]; cranes [lifting and hoisting apparatus]; roller bridges; mobile cranes; water separators; spray guns for paint; cranks [parts of machines]; potters' wheels; cultivators [machines]; soldering lamps; winches; ploughshares; belts for conveyors; igniting magnetos; churns; matrices for use in printing; machine fly-wheels; shearing machines for animals; blowing machines; knitting machines; galvanizing machines; bending machines; ironing machines; mineworking machines; blowing machines for the compression, exhaustion and transport of gases; blowing machines for the compression, sucking and carrying of grain; net hauling machines [fishing]; electroplating machines; bottle

sealing machines; sealing machines for industrial purposes; engraving machines; crushing machines; waste disposal units; earth moving machines; cord making machines; lace making machines; butter machines; cigarette machines for industrial purposes; stereotype machines; shredders [machines]; dyeing machines; bottle washing machines; dishwashers; bottle filling machines; racket stringing machines; leather-working machines; dairy machines; glass-working machines; tobacco processing machines; grain husking machines; painting machines; oil refining machines; peeling machines; machines for processing plastics; printing machines for use on sheet metal; brewing machines; whitewashing machines; road sweeping machines, self-propelled; bitumen making machines; papermaking machines; pasta making machines, electric; machines for the production of sugar; weeding machines; sifting machines; puddling machines; notchers [machine tools]; bread cutting machines; road making machines; railroad constructing machines; rammers [machines]; rail-laying machines; bottle capping machines; bottle stoppering machines; waste compacting machines; die-stamping machines; stamping machines; darning machines; drainage machines; wrapping machines; grain separators; bookbinding apparatus and machines for industrial purposes; machines and apparatus for cleaning, electric; machines and apparatus for carpet shampooing, electric; machines and apparatus for polishing [electric]; sizing machines; punching machines; riveting machines; kitchen machines, electric; foundry machines; smoothing presses; fleshing machines; flour mill machines; type-setting machines [printing]; hemming machines; grating machines for vegetables; braiding machines; wringing machines for laundry; cutting machines; steam engines; printing machines; rotary printing presses; industrial inkjet printing machines; compressed air machines; tilling machines for agricultural purposes; trimming machines; spinning machines; filling machines; friezing machines; satinizing machines; agricultural machines; mixing machines; sorting machines for industry; stitching machines; washing machines [laundry]; coin-operated washing machines; clippers [machines]; spinning frames; kneading machines; typographic machines; type-setting machines

[photocomposition]; beating machines; beaters, electric; packing machines; packaging machines; filtering machines; moulding machines; carding machines; sewing machines; typesetting machines; electromechanical machines for chemical industry; labellers [machines]; machines, machine tools, power-operated tools; mills [machines]; mills for household purposes, other than hand-operated; pepper mills, other than hand-operated; centrifugal mills; machine wheelwork; feeders [parts of machines]; forge blowers; mixers [machines]; blenders, electric, for household purposes; vacuum cleaner bags; threshing machines; pneumatic hammers; hammers [parts of machines]; tilt hammers; power hammers; reeling apparatus, mechanical; motorized cultivators; motors for boats; clutches, other than for land vehicles; meat cutters [machines]; superchargers; brake linings, other than for vehicles; guides for machines; suction nozzles for vacuum cleaners; vacuum cleaner attachments for disseminating perfumes and disinfectants; pumps [machines]; pumps [parts of machines, engines or motors]; aerating pumps for aquaria; vacuum pumps [machines]; compressed air pumps; pumps for heating installations; beer pumps; pumps for counter-current swimming; lubricating pumps; self-regulating fuel pumps; fuel dispensing pumps for service stations; centrifugal pumps; hydrogen dispensing pumps for service stations; knives [parts of machines]; tin openers, electric; knives for mowing machines; chaff cutter blades; knives, electric; shears, electric; scissors, electric; vegetable spiralizers, electric; bearing brackets for machines; pulverisers [machines]; axles for machines; steam traps; chucks [parts of machines]; drill chucks [parts of machines]; exhaust manifold for engines; soldering irons, gas-operated; soldering irons, electric; gears, other than for land vehicles; reduction gears, other than for land vehicles; drilling machines; saws [machines]; chain saws; glue guns, electric; compressed air guns for the extrusion of mastics; carburettor feeders; feeding apparatus for engine boilers; loading ramps; ploughs; pneumatic transporters; pneumatic controls for machines, motors and engines; hangers [parts of machines]; anti-friction bearings for machines; roller bearings; self-oiling bearings; bearings for transmission shafts; ball-bearings; hoists; pulleys; saw

blades [parts of machines]; pistons [parts of machines or engines]; shock absorber plungers [parts of machines]; pistons for engines; pistons for cylinders; catalytic converters; torque converters, other than for land vehicles; fuel conversion apparatus for internal combustion engines; presses [machines for industrial purposes]; wine presses; fruit presses, electric, for household purposes; fodder presses; printing presses; typographic presses; swaging machines; pedal drives for sewing machines; cleaning appliances utilizing steam; food processors, electric; springs [parts of machines]; spinning wheels; punches for punching machines; vacuum cleaners; tambours for embroidery machines; radiators [cooling] for motors and engines; sewage pulverizers; regulators [parts of machines]; pressure regulators [parts of machines]; speed governors for machines, engines and motors; cutting blow pipes, gas-operated; blade holders [parts of machines]; loom shafts; gears for weaving looms; belts for machines; elevator belts; fan belts for motors and engines; dynamo belts; belts for motors and engines; adhesive bands for pulleys; industrial robots; 3D printing pens; kick starters for motorcycles; joysticks being parts of machines, other than for game machines; paper feeders [printing]; whisks, electric, for household purposes; sparking plugs for internal combustion engines; glow plugs for Diesel engines; brake segments, other than for vehicles; tedding machines; steam/oil separators; cream/milk separators; ball rings for bearings; sowers [machines]; pigs for cleaning pipes; snow ploughs; sheaf-binding machines; machine coupling and transmission components, except for land vehicles; juice extractors, electric; straw [chaff] cutters; suction cups for milking machines; stands for machines; die-cutting and tapping machines; woodworking machines; sharpening machines; bicycle assembling machines; mortising machines; stone-working machines; metalworking machines; threading machines; planing machines; lathes [machine tools]; milling machines; grinding machines; metal drawing machines; rolling mills; starters for motors and engines; stators [parts of machines]; glaziers' diamonds [parts of machines]; tables for machines; derricks; slide rests [parts of machines]; couplings, other than for land vehicles; heat exchangers [parts of machines]; transmissions for

machines; boiler tubes [parts of machines]; wind turbines; hydraulic turbines; turbines, other than for land vehicles; turbocompressors; central vacuum cleaning installations; suction machines for industrial purposes; machines for the mineralization of drinking water; washing installations for vehicles; degreasers [machines]; dust exhausting installations for cleaning purposes; sifting installations; pneumatic tube conveyors; dust removing installations for cleaning purposes; condensing installations; floating production, storage and offloading [FPSO] units; pneumatic waste oil drainers; lifting apparatus; air suction machines; dividing machines; igniting devices for internal combustion engines; washing apparatus; binding apparatus for hay; haulage apparatus [mining]; door openers, hydraulic; door openers, pneumatic; door openers, electric; curtain drawing devices, electrically operated; anti-pollution devices for motors and engines; beverage preparation machines, electromechanical; food preparation machines, electromechanical; control mechanisms for machines, engines or motors; shoe polishers, electric; machines and apparatus for wax-polishing, electric; air cushion devices for moving loads; handling apparatus for loading and unloading; elevating apparatus; aprons [parts of machines]; filter presses; filters for cleaning cooling air, for engines; filters being parts of machines or engines; moulds [parts of machines]; printing plates; journals [parts of machines]; centrifugal machines; elevator chains [parts of machines]; drive chains, other than for land vehicles; transmission chains, other than for land vehicles; cylinders for motors and engines; cylinders for machines; printing cylinders; pneumatic jacks; shuttles [parts of machines]; universal joints [Cardan joints]; steam mops; pulleys [parts of machines]; vacuum cleaner hoses; screwdrivers, electric; brushes [parts of machines]; dynamo brushes; brushes for vacuum cleaners; brushes, electrically operated [parts of machines]; carbon brushes [electricity]; ejectors; robotic exoskeleton suits, other than for medical purposes; fuel economisers for motors and engines; excavators; shovels, mechanical; agricultural elevators; motors, electric, other than for land vehicles; electrodes for welding machines; electric hammers; parquet wax-polishers, electric; cartridges for filtering

Scientific, navigational and surveying apparatus and instruments, photographic and cinematographic apparatus and instruments, optical apparatus and instruments, weighing, measuring, signaling, surveillance (supervision), rescue and teaching

apparatus and instruments; devices and instruments for connecting, opening, transforming, condensing, regulating or controlling electrical energy; devices for recording, transmitting or copying sound or images; magnetic data holders, recording discs; CDs; DVDs and other digital recording media; mechanisms for coin-operated devices; cash registers, calculators, data processing equipment, computers; computer programs; fire extinguishers; 3D scanners; 3D glasses; counters; accelerometers; accumulators, electrical; acid hydrometers (acid density measuring devices); battery acid meters; audio alarms; audio delivery channels; audio couplers; actinometers (devices for measuring radiation intensity); data collection apparatus; antennas; air density measuring devices; air analyzers; airbags for safety purposes to prevent falls; alarm bells, electric; alarms; alcohol measuring devices; cartographic or cadastral monitoring and surveying devices; height measuring devices; electric current measuring devices; subwoofers; servo motor amplifiers; inflating tubes being life saving apparatus; wind speed measuring devices; animal signaling devices to guide livestock; animation; anode batteries/high tension batteries; anodes; automated answering machines; anti-glare glasses; anti-interference devices [electrical]; anti-theft alarms; negative electrode for laboratory research; equipment for producing X-rays, for purposes other than medical purposes; devices and instruments for astronomical purposes; apparatus and instruments for the physical sciences; devices for changing record player needles; motion picture editing equipment; gas generating devices for calibration purposes; devices for measuring the thickness of leather; apparatus for testing lactation milk, other than those for medical or veterinary use; instruments for measuring the thickness of tanned leather; armators [electricity]; asbestos clothing for fire protection; asbestos gloves for accident prevention; asbestos shields for firefighting; sound processing devices; audio mixers; audio and video receivers; audio-visual educational devices; automated teller machines [ATM]; automatic indicators to indicate low pressure in vehicle tires; automated navigation systems for ships; azimuthal instruments; infant monitors; scales used to measure infant weight; bags for laptops; weighing scales

(TIG scales) / arm scales (TIG scales); scales (arm scales); balance devices; barcode readers (vertical codes); atmospheric pressure measuring devices; bathroom scale; batteries for electronic cigarettes; batteries, electric; battery chargers; battery boxes/accumulator boxes; illuminated beacons; bells [alarms]; betatron devices; binocular microscopes; biochips; identification cards measuring vital signs; biometric locks which work by measuring vital signs; electronic passports with vital signs data and electronic passes; bioreactors for cell culture for scientific research; bioreactors for laboratory use; black boxes [data loggers]; devices for printing blueprints and designs; body harnesses to assist in lifting loads; boiler monitoring tools being control instruments; branch boxes [electricity]; breath analysis devices; breathing apparatus for underwater swimming; breathing apparatus, not for medical purposes; bulletproof clothing; bullet proof suits/bulletproof waistcoats; buzzers; speaker cabinets; electrical cables; calculators; calibration rings; calipers; calorimeters; video cameras; cameras [for photography]; capillary tubes for laboratory use; carpenters' rulers; blackout plate holders [for photography]; specially made cases for photographic equipment and tools; cases for smartphones; smartphone cases that include a keyboard; cash registers; cassette tape players; cathodes; cathodic anti-corrosion devices; mobile phone mounting straps; [electrical] cell switches; reducers [electricity]; central fixing devices for photographic transparencies; chargers for electric batteries; chargers for electronic cigarettes; charging stations for electric vehicles; chemical apparatus and instruments; chips (integrated circuits); choke coils (impedance); chromatographs for laboratory use; chronographs [time recording devices]; cinematography cameras; cinema films, exposed; circuit breakers; cleaning devices for phonograph records/cleaning devices for audio recording discs; digital thermostat for weather monitoring; telephoto lenses; laboratory clothing; clothing for accident, radiation and fire protection; fire resistant clothing/fire protection clothing; coaxial cables; electrical wire coils; disaster protective headgear; coin-operated mechanisms for television sets; electrical assemblies; power transformers; CD players; CDs (audio-video); CD-ROM (read-

only memory); comparison circuits; compasses for measurement; downloadable computer gaming software; registered computer gaming software; computer hardware; keyboards for computers; computer memory devices; routers for computer networks; registered computer drivers; computer peripherals; computer software, downloadable; registered computer programs; recorded or downloadable computer screensaver software; downloadable computer software applications; computer software platforms, registered or downloadable; computer software, registered; computers; capacitors; electrical connectors; measuring bracelets [measuring tools]; connections to power lines; connections [electricity]; contact lens cases, with ultrasonic cleaning features; contact lenses; electrical wires; contact lens cases; microscope slide cases; control panels [electricity]; control devices for servo motors; electrical transformers; cooling pads for laptops; insulated copper wires; optical correction lenses [optics]; global positioning system apparatus; counterfeit currency detectors; counters/gauges; couplers [data processing equipment]; electrical couplers; electrical connections; covers for electrical outlets; PDA covers; smartphone covers; tablet PC covers; covers for tablets; crash test dummies; terminals for use with credit cards; [laboratory] crucibles / [laboratory] crucibles; cryptocurrency wallets; power rectifiers; cyclotrons (cyclotrons); darkroom lights [for photography]; darkrooms [for photography]; dedicated bases for holding mobile phones and smartphones; data gloves; data processing devices; recorded or downloadable data; decompression chambers; decorative magnets; degaussing devices for magnetic tapes; density measuring devices, for non-medical purposes; monitoring devices; virtual keyboard projectors; diagnostic devices, for use in research laboratories; diagnostic devices, for non-medical purposes; acoustic membranes; films [for photography]; membranes for scientific instruments; dictation machines; diffraction instruments [microscopes]; digital image projectors; digital signage; digital weather stations; directional compasses; electrical discharge tubes other than those for lighting/electrical discharge tubes other than those for lighting; disc drives for computers; disks, magnetic; distance measuring devices; distance

recording devices/distance recording devices; distillation apparatus for scientific purposes; [electrical] distribution boards; distribution boxes [electrical]; distribution cabinets [electrical]; diving masks; masks for divers; diving suits; dna chips; dog whistles; dosing dispensers, for non-medical use [measuring devices]; dosing dispensers; downloadable application software for virtual environments; downloadable computer software for minting non-fungible tokens; downloadable software for managing digital asset transactions using blockchain technology; downloadable crypto keys for receiving and sending crypto assets; downloadable digital image files authenticated by non-fungible tokens (NFTs); downloadable digital music files authenticated by non-fungible tokens (NFTs); downloadable e-wallets; downloadable codes for mobile phones; downloadable graphics for mobile phones; downloadable image files; downloadable music files; downloadable ringtones for mobile phones; downloadable virtual clothing; racks for photographic use; gauges for tailors; dry suits; drying equipment for photographic prints; drying racks for photography; [electricity] pipes; dust masks include an air filter; dust measuring devices; various digital disc players; kinetic measurement apparatus; mounts for mobile phones; earplugs for divers; earbuds for remote communication; effects processors for guitar; egg settling timers/hourglasses; egg checking apparatus; electric actuators; electrical and electronic effects modules for musical instruments; electrical data processing appliances; electric doorbells; electrical equipment for remote control of industrial processes; electric linear actuators; electrical loss indicators; electrical plugs; electrical sockets; electrical wires for vehicles; electrical adapters; sheaths for electrical connections; electrically conductive fences; electrically conductive rods for mounting spotlights; electrodynamic devices for remote control of railway points; electrodynamic devices for remote control of signals; electrolytic devices for laboratory use; electromagnetic coils; electronic access control systems for telescopic doors; electronic agendas; e-book readers; electronic collars for animal training; electronic controlling devices for servo motors; interactive electronic whiteboards; electronic bulletin boards; electronic screens; electronic pens

[visual display units]; small electronic devices for translation; electronic publications (downloadable); downloadable electronic music; electronic ID cards; magnetic identification bracelets, encrypted; encrypted key cards; encrypted magnetic cards; enlargement devices [for photography]; equalizers (audio devices); equalizers (audio instruments); energy measuring devices; exposure time measuring devices [intensity measuring devices]; fax machines; fermenters for laboratory use; fiber optic cables/fiber optic cables; film cutting devices; movies, downloadable; UV filters for photography; filters for use in photography; toroidal scale maps; fire alarms; fire protection blankets; fire engines; rescue ladders in case of fire; fire pumps; fire extinguishing equipment; flashlights for smartphones; flashlights [for photography]; flashlights [illuminated signs]; floppy disks; flow meters; fluorescent screens; fog warning signs, non-explosive; foldable smartphones; food component analysis devices; frames for photographic transparencies; frequency transmitters; frequency measuring devices; ovens for laboratory use; laboratory furniture; fuse wires; fuses; galena crystals [detectors]; galvanic batteries; galvanic cells; galvanometers; gas testing instruments; gas measuring devices [measuring devices]; measuring meters; gimbals; gimbals for digital cameras for smartphones; polishing (glazing) devices for photographs; GPS devices; gloves for divers; gloves for accident prevention; gloves for protection from X-rays for industrial purposes; protective glasses for sports uses; grids for batteries; instructional apparatus for hairdressers [educational devices]; portable electronic dictionaries; headset sets for telephones; recorder head cleaning tapes [recording]; head protection equipment for sports; head-mounted displays; vehicle display devices; headphones; headphones for playing video games; height measuring instruments; heliographic devices; clothing hem ruler or measuring apparatus; high frequency devices; dedicated holders for mobile phones and smartphones; electrical wire holders; 3D drawings; holographic displays; home automation consoles; horns for loudspeakers; humanoid robots with communication and learning functions to assist and entertain people; artificial intelligence robots for preparing drinks; robots equipped with artificial intelligence for use in scientific

research; density measuring devices; atmospheric humidity measuring devices; magnetic ID cards; electric ignition devices for remote ignition; ignition batteries; car phone bases; incubators for culturing bacteria; induction coils [electricity]; infrared monitoring devices; ink cartridges, unfilled, for printers and copiers; insulating gloves to protect against accidents; integrated circuit cards [smart cards] / smart cards [integrated circuit cards]; integrated circuits; touch screen interactive terminals; intercoms; computer hardware interfaces; cooling fans for computers; inverters [electricity]; billing machines; ionization devices, not for water or air treatment; downloadable publications containing instructions for using musical instruments; joysticks for use with computers, other than those for video games; tone boxes for computers; musical juke boxes; juke boxes operated by coins; junction boxes [electrical]; connection jackets for electrical cables; knee pads for workers; graded glass tubes for laboratories; centrifugal separators for laboratories; laboratory pipettes; laboratory robotics devices; laboratory trays; milk density measuring devices; devices for measuring the specific gravity of coffee; cell phone straps; laptops, personal computers; laser devices, for non-medical purposes; lens hoods; lenses for astrophotography; letter scales; leveling tools; levels [horizontal line selection tools]; rescue belts; life buoys; life jackets; rescue devices and equipment; life saving capsules for natural disasters; electrical means of dimming [regulators]; light emitting diodes [LED]; LED electronic indicators; lighting ballasts; lightning rods; [electrical] limiters; locks, electric; recorders [measuring instruments]; amplifiers; magic lanterns; magnetic data media; magnetic encoders; magnetic resonance imaging [MRI] machines, not for medical use; magnetic tape units for computers; magnetic tapes; magnetized wires; magnets; magnifying glasses [optics]; marine depth finding devices; marker buoys; rules and levels for carpentry; masts for radio antennas; material testing machines for inspection; materials used for main electrical wiring (wires, cables); tablets for engineering drawing; measures; measuring devices; settlement signs [survey tools]; measuring equipment, electrical; measuring tools; measuring spoons; automated signals; device mechanisms operated by coins;

mechanisms of devices operated by the counter; audio amplifiers; memory cards for video game machines; mercury leveling scales; metal detectors for industrial or military purposes; meteorological balloons; meteorological instruments; metronomes; micrometer screws for optical instruments; micrometers (precision measuring devices); sound amplifiers; microprocessors; microscopes (microscopes); vehicle mileage recording devices; [optical] mirrors; inspection mirrors; missile warning systems; mobile phone chargers; ring holders for mobile phones; screensavers for mobile phones; mobile phones/cell phones/cell phones; modems; cash counting and sorting machines; measuring devices, other than those for medical purposes; monitors [computer hardware]; monitoring software [computer software]; camera mounting brackets; clothing for motorcyclists to protect against accidents or injury; mouse [computer peripherals]; mice for computers; mouthguards for sports; digital musical instrument controls representing audio interfaces; nanoparticle analyzers; navigational devices and tools; marine navigational signaling devices; vehicle navigation devices [onboard computers]; needles for record players; needles for surveying compasses; fire protection nets; nasal clips for divers and swimmers; small personal computers; objective lenses [optical]; monitoring tools; electronic price tags; resistance measuring devices; optical devices and instruments; optical character readers; optical capacitors; optical data storage media; optical discs; optical fibers [conductive filaments]/optical lanterns/optical lamps; optical lenses; organic light-emitting diodes [OLEDs]; oscillographs [oscilloscopes]; oxygen transvasing devices; ozone generators for calibration purposes/ozone generators for calibration purposes; ring locks, electronic; vehicle parking meters; parking sensors for vehicles; particle accelerators; pedometers; observation holes [magnifying glasses] for doors; periscopes [invisible observation scopes]; PDAs; personal digital assistants; personal stereo recording devices; Petri dishes for culture; gasoline meters; phonograph recorders/sound recording discs; optical copiers [photographic, electrostatic, thermal]; photometers (optical measuring devices); telegraphic image transmitters; photovoltaic cells; piezoelectric sensors; pitot tubes; plane survey boards [scanning

tools]; surface measuring devices; battery plates; digital graphic scanners; pocket calculators; point of sale terminals; polarimeter; portable document scanners; portable media players; portable emergency chargers; portable speakers; ultra-fine, portable dust meters; precision balances; precision measuring devices; pressure gauges; pressure indicator plugs for valves; pressure indicators; pressure measuring devices; printed circuit boards; printed circuits; printers used with computers; prisms (optics); probes for scientific purposes; processors [central processing units]/central processing units [processors]; processors [central processing units]; projectors; screens; X-ray protective devices for non-medical purposes; accident protective devices for personal use; protective face masks, for workers; protective cases for computer screens; protective covers for smartphones; protective helmets; protective helmets for sports; protective masks, for non-medical purposes; protective suits for pilots; protractors [measuring instruments]; office machines for punched cards; snap buttons for bells; pyrometers (devices for measuring high temperatures); quantitative indicators; quantum computers; quantum light-emitting diodes [GLEDs]; radar devices; radio pagers; radiation detectors for industrial purposes; radiographic displays for industrial purposes; radio equipment; wireless telegraphy devices; wireless telephone sets; safety devices for railway traffic; rangefinders/telemetry devices; readers [data processing equipment]; vehicle rear view cameras; record players; reflective products to wear, to protect against accidents; reflective safety vests; refractive index measuring devices; refracting telescopes; regulating devices, electrical; relays, electrical; remote controls; rescue flares, non-explosive, other than fireworks; laser beacons, for rescue; resistors, electrical; respirators for air filtration, for non-medical purposes; respiratory masks, for non-medical purposes; resuscitation statues [educational devices]; simulator training devices for practicing resuscitation and resuscitation techniques; distillation vessels; stands for distillation vessels; lap counters; rheostats; riding helmets; toroidal sizing measures or analyzers; road signs, illuminated or mechanical; rods for underwater explorers; rulers [measuring tools]; glucose level measuring devices; life nets; safety restraints,

other than those used for vehicle seats and athletic equipment; illuminated signs; safety tarpaulins; salinity measuring devices; satellite rangefinders; satellite navigation devices; satellites for scientific purposes; scales; scales equipped with body mass analysis methods; scanning devices for diagnosing vehicle problems; scanners for data processing; monitors [for photography]; screens for photogravure; internal thread gauges; robots for security surveillance; security codes (coding devices); payment terminals; lenses for taking selfies; light rings for smartphone selfies; selfie sticks for phones (handheld monopods); semiconductors; instruments for measuring the height of flying objects; sheaths for electrical cables; shoes to protect against accidents, radiation and fires; shutter releases [for photography]; camera shutter [for photography]; aiming telescopes for firearms; signal bells; signal lanterns; signaling buoys; signaling panels, illuminated or mechanical; signal whistles; signs, illuminated or mechanical; signs, illuminated; simulators for steering and controlling vehicles; portfolio covers for laptops; sliding gauge calipers; light projection devices for slide shows; sliding ruler; smart rings; smart headphones; smart glasses; smart phones; smart watches; smoke detectors; underwater breathing apparatus; downloadable SAMD medical device software; solar batteries; solar panels to produce electricity; welding helmets; solenoid operated valves [electromagnetic switches]; echo sounders; sound source identification equipment; audio recording devices; data carriers for sound recording; audio recording tapes; audio transcription devices; audio transmitters; depth sounding instruments; lead weights for sounding strings; sounding lines; sounding rockets (tests); spark protectors; speaking tubes; cases for eyeglasses; chains for eyeglasses; cords for eyeglasses; eyeglasses frames; lenses for eye glasses; eye glasses; eye glasses to correct vision defects (color blindness); spectrographs; spectroscopes (spectral detectors); speed inspection devices for vehicles; speed indicators; accelerometers [for photography]; speed regulators for record players; lens curvature measuring devices; alcohol leveling balances; reels [for photography]; whistles for sports; fire prevention atomizer systems; right-angled rulers for measuring; angle rulers for

measuring; stage lighting regulators; customized stands for personal laptops; position sensors for photographic equipment; holders for fixing photographic apparatus in position; engine starter cables; steering devices, automatic, for vehicles; crane transformers; stereoscopes (stereoscopes); stereoscopic devices; distillation units for laboratory experiments; rotation and frequency measuring instruments; low frequency amplifiers; sulfite measuring devices; sun glasses; pet sunglasses; surveying devices and tools; measurement apparatus in the form of string for measuring space; surveying equipment; surveyors' scales; rescue blankets; electrical switchboards; [electrical] switch boxes; switches, electrical; T rulers for measuring; tablet computers; angular velocity measuring devices; tape recorders; meters for cars; educational devices; educational robotics devices; mouth guards; communications devices in the form of jewelry; telegraph wires; telegraphs [devices]; telephone sets; telephone receivers; telephone transmitters; telephone wires; interactive user-programmable humanoid robots; remote printer/typewriter devices; remote prompters; remote circuit breaker; telescope binoculars; telescopic sights for firearms; televisions; temperature indicator stickers for non-medical purposes; temperature indicators; [electrical] terminals; test tubes; testing devices not for medical purposes; theft prevention equipment, electrical; theodolites (devices for measuring angles); thermal imaging cameras; thermoelectric solenoid valves/photoelectric tubes; humidity and temperature measuring devices; temperature measuring devices, for non-medical purposes; thermostats; thermostats for vehicles; computer networking devices; thin, high-performance headphones; counters; electronic terminals for ticket distribution; ticket printers; clocks recording time of arrival and departure (time recording devices); time recording devices; automatic time switches; audio joysticks for record playback devices; dry ink cartridges, unfilled, for printers and copiers; aggregate adding machines; trackballs [devices attached to computers]; traffic cones; traffic signal devices (signaling devices); electrical transformers; transistors [electronic]; transmitters [for long-distance communications]; electronic signaling devices; transmitters [for long-range

communications]; slides [for photography]; transmitters and receivers; three-valve vacuum tubes; tripods for cameras; ultrasound imaging devices for non-medical purposes; urine density measuring devices; flash drivers for usb flash drives; user-programmable humanoid robots, not configured; discharge measurement meters; vacuum tubes (wireless); magnetic heterogeneity measuring devices; warning triangles when vehicles break down; vehicle radios; verniers [ultra-precision gauges]; video devices for monitoring infants; videotapes; video game storage cassettes; video mixing discs; video projectors; video recorders; video screens; phones with video calling feature; photographic cameras; VR controllers; VR headsets; viscometers; front tips for helmets; voltage regulators for vehicles; protective devices against sudden changes in voltages; voltage measuring devices; voting machines; integrated circuit chips; sound effect units; cordless phones; illuminated warning signs; wash basins [for photography]; water level indicators; wavelength measuring devices; activity trackers, wearables; wearable computers; wearable headphones; wearable displays; computer network bridges; weighing, measuring devices and instruments; weighing machines; weight belts for divers; weights; wet suits; wheel alignment measuring devices; sirens; wind cones to show wind direction; [electrical] wire connectors; portable wireless printers for use with laptops and mobile phones; wireless microphones; wiring, electrical; wrist rests for use with computers; X-ray films, exposed to light; X-rays, other than those for medical purposes; X-ray tubes, for non-medical uses; fax machines; none of the aforementioned goods being used in connection with training and education services in the field of coding and computer programming.

Class 12

Vehicles; land, air or water transportation devices; air transport apparatus; planes; aerial vehicles; off-road vehicles; armored vehicles; vehicle frames; self-driving cars; autonomous land vehicles; bodies for vehicles; cars/carts/motorized vehicles; electric vehicles; engines for land vehicles/engines for land vehicles; hydrogen fueled cars;

military drones; military vehicles for transport; steam buses; electric motors for land vehicles; remotely controlled vehicles, other than toys; self-driving robots for delivery; space ships; vehicle structures; rescue boats.

Class 38

Communications; cable television broadcasting; communications via mobile phones; communications via computer terminals; communications via fiber optic networks; communications by telegraph; communications by telephone; sending of messages and pictures using the computer; electronic bulletin board services [telecommunications services]; location services [telecommunications services]; wired and wireless telecommunications services; sending messages; news agency services; paging services (by radio, telephone or other electronic means of communication); providing access to blockchain networks; providing access to databases; providing chat rooms in virtual settings; providing information in the field of telecommunications; providing online chat rooms; providing online forums; providing forums based on virtual reality technology; providing communication channels for telephone shopping services; providing communications links to a global computer network; providing user access to a global computer network; radio broadcast; wireless communications; leasing access time to global computer networks; leasing of fax machines; rental of messaging equipment; modem rental; smartphone rental; telecommunications equipment rental; telephone rental; satellite broadcasting; sending and receiving data; communications routing and connectivity services; telecommunications services; telegraph services; telephone services; television broadcast; telex services; transmission of digital files; communication services for sending emails and online greeting cards; streaming podcasts (online recordings); telegram sending; video-on-demand streaming services; group video calling services; voice mail services; wireless transmission.

Class 39

Transport; packaging and storage of goods; travel arrangement; air transport; transportation by armored cars/transportation by armored vehicles; services for organizing passenger transportation for others via an online application; transportation by bus; vehicle parking services; car rental; ride-sharing services for vehicles; vehicle rental services; transportation by wagons; vehicle driving services; car parking rental; launching satellites for others; shipping; passenger transportation; physical storage of electronically stored data or documents; civil aircraft traffic direction command, namely, air traffic control services; providing traffic information; navigation systems rental; security aircraft rental; renting unmanned vehicles for surveillance; warehouse rental; transfer by taxi; transportation logistics; vehicle rental.

Class 42

Scientific and technical services and related research and design services; industrial analysis and research services; computer hardware and software design and development services; conducting of analyses for oil exploration; providing artificial intelligence related consulting; mapping or thermographic measurement services by unmanned vehicles; chemical analysis; preparing chemical research; computer-aided graphic design for video presentation; computer programming; computer programming of smart contracts on the blockchain network; computer programming services for data processing; providing computer security consulting; providing consultations related to computer software; computer systems analysis; computer system design; providing consultations related to computer technology; preparing technical project studies; providing consultations related to the design and development of hardware computer equipment; providing consultations related to the field of energy saving; conversion of computer programs and computer data, other than physical conversion; converting data or documents from physical to electronic media; creating and designing website-based indexes for third party information [it services]; data encryption services; providing data security consulting; designing computer simulation models; prototyping design; development of computer platforms;

geometric design; preparing geological research; preparing geological surveys; industrial design; IT support services [finding and fixing software problems]; provision of online non-downloadable computer software; providing internet security consulting; preparing land surveys; providing information about weather conditions; remotely monitor the operation of computer operating systems; monitoring of computer systems to detect breakdowns; monitoring of computer systems for detecting unauthorized access attempts or data breaches; preparing surveys in the oil field; platform as a service [PaaS]; providing geographic information; providing information related to computer technology and programming via a website; providing non-downloadable geographic maps online; providing computer software online that cannot be downloaded; providing information, advice and scientific consultations related to reducing carbon emissions; providing virtual computer systems via cloud computing; quality control; quantum computing; software rental, computer software rental; leasing of data center facilities; renting robots with human characteristics that the user can program; research and develop new products for the benefit of others; research in the field of artificial intelligence technology; preparing research in the field of communications technology; scientific and technological research in the field of natural disasters; scientific researches; scientific research in the field of environmental protection; software as a service [SaaS]; software development within a framework related to software deployment; software design services for data processing; providing technical information relating to computers through guides and brochures; providing technological consultations; technology consulting services for digital transformation; technological research; providing consultations related to telecommunications network security; providing consultations related to communications technology; urban planning; conducting underwater exploration operations; user data authentication services using single sign-on technology for online software applications; water analysis; editing computer codes; none of the aforementioned services being used in connection with training and education services in the field of coding and computer programming.

TRUCK  **NNECT**

Goods and/or Services:

Class 37

Maintenance, repair and inspection of automobiles, their parts and accessories; maintenance, repair and inspection of trucks and buses, their parts and accessories; providing information related to the maintenance, repair and inspection of automobiles, their parts and accessories; providing information related to the maintenance, repair and inspection of trucks and buses, their parts and accessories; repair or maintenance of electronic machines and apparatus; repair or maintenance of telecommunication machines and apparatus; vehicle service stations [refuelling and maintenance].

Class 39

Providing location information of vehicles on the road by using the Global Positioning System (GPS); providing location information of vehicles on the road; providing location information of vehicles on the road using communication; fleet management services in the nature of tracking and monitoring of fleets of vehicles on the road; fleet management services in the nature of tracking and monitoring of fleets of vehicles on the road using communication; providing information related to fleet management services in the nature of tracking and monitoring of fleets of vehicles on the road; providing transportation information on operation history of vehicles on the road; transportation consultancy relating to the planning of operational management for vehicles on the road; tracking of fleets of vehicles on the road in the field of fleet management of vehicles on the road; car transport; locating and tracking of people for transportation purposes; locating and tracking of cargo for transportation purposes; rental of warehouse space; providing information relating to the rental of warehouse space; providing road and traffic information; vehicle-driving services; freight brokerage; car rental; rental of storage containers and storage devices for the transport and storage of gasoline for gasoline stations; provision of traffic information via maps for guiding mobile communication device users to their destination using the Global Positioning System (GPS); provision of current location information on

myself by using communication for transportation purposes for automobiles;
provision of one's current location information to others by using communication for transportation purposes for automobiles; provision of location information of objects, individuals and animals by using communication devices for transportation purposes for automobiles.

Class 42

Providing geographical information; providing online geographic maps, not downloadable; computer system development and consulting; providing computer programs for collecting or analyzing information data related to operations of vehicles on the road; providing computer programs that automatically calculates data related to fuel consumption of vehicles on the road; providing computer programs that automatically calculates data related to travel history of vehicles on the road; providing computer programs for vehicle management solutions using cloud computing; monitoring of computer systems to detect breakdowns; software as a service [SaaS]; platform as a service [PaaS]; providing computer software for cloud computing; electronic data storage; rental of server memory space; hosting computer websites; hosting platforms on the Internet; server hosting; rental of computers; information technology [IT] consultancy; design services; technological advice relating to computers, automobiles and industrial machines; designing of machines, apparatus, instruments [including their parts] or systems composed of such machines, apparatus and instruments; fault diagnosis of automobiles using computer software by remote access via communications networks; automobile fault diagnosis using computer software through remote monitoring; fault diagnosis using computer software by remote access via automobile communication system.

Class 45

Tracking of stolen vehicles by providing vehicle geographic location on map; providing information about the location of items by using communication devices for

security purposes; provision of current location information on myself by using communication for security purposes; provision of one's current location information to others by using communication for security purposes; provision of location information of objects, individuals and animals by using communication devices for security purposes; online social networking services; stolen property tracking services; stolen vehicle tracking services.

Goods and/or Services:

Class 01

Industrial minerals; processed minerals; processed hematite minerals; processed magnetite minerals; chemicals and chemical additives for use in industry, science, manufacture and research; cobalt chemicals; cobalt chemicals produced by renewable energy; lithium; lithium produced by renewable energy; chemical products for use in industry, science, manufacture and research; chemical preparations and substances for use in industry, science, manufacture and research; chemical preparations for decarbonising engines; ammonia and ammonia additives and hydrogen and hydrogen additives for use in industry, science, manufacture and research; ammonia and hydrogen products, preparations and substances for use in industry, science, manufacture and research; hydrogen; hydrogen chemical preparations and substances; hydrogen produced by renewable energy sources; hydrogen gas; liquid hydrogen; dissolved hydrogen; mixtures of gas, liquid and dissolved hydrogen for use in industry, research and science; graphite; synthetic graphite; graphite for industrial use; chemical reagents or mixtures, other than for medical or veterinary purposes; ammonia; ammonia (volatile alkali) for industrial purposes; volatile alkali (ammonia) for industrial purposes; ammonia for industrial purposes; ammonia produced by renewable energy sources; ammonia water; aqueous ammonia for industrial purposes; anhydrous ammonia; ammonia alum;

ammonia and ammonia produced by renewable energy sources for use in industrial processes, including industrial processes that make nitrogen based fertilisers, dye, pharmaceuticals, chemicals, metal ores, iron and steel; ammonia and ammonia produced by renewable energy sources for use for the manufacture of refrigerants, cleaning products, including household cleaning products, plastics, rubbers, explosives, textiles, pesticides and cosmetic products; ammonia and ammonia produced by renewable energy sources for purification treatments of water supplies and wastewater treatments; chemical water testing and treatment preparations; hydrocarbons; hydrocarbon compounds; gaseous hydrocarbons; gaseous hydrocarbon compounds; graphene; graphene for industrial use; carbon for industrial use; catalysts for the production of hydrogen; iron oxides, phosphates and salts used in industry; iron oxide; gases for industrial use or laboratory use, other than for medical use; gas mixtures for use in science; gas purifying preparations and substances; inert gases for industrial and scientific use; liquefied gases, for use in industry, research and science, other than for medical use; magnesium chloride for use in industry, science, manufacture and research; magnesium oxide for use in industry, science, manufacture and research; cement (adhesives); cement (metallurgy); chemical mixtures for use as additives and agglutinants for concrete; chemical mixtures for use as additives and agglutinants for cement and concrete mixtures produced by renewable energy sources; cement and concrete preservatives, except paints and oils; cement and concrete waterproofing chemicals, except paint; chemical additives for cement and concrete; chemical compositions for hardening cement and concrete; chemical preparations for the treatment of cement and concrete; binding chemicals for concrete; bonding agents for concrete; chemical preparations for use with cement and concrete; chemical products for use as additives to cement and concrete; compositions for setting cement and concrete; compositions for preserving cement and concrete; preservatives for cement and concrete; chemical products for protecting and sealing cement and concrete; chemical reagents or mixtures, other than for medical or veterinary purposes.

Class 04

Fuels; fuel mixtures; fuels derived from hydrogen or predominantly derived from hydrogen; fuels derived from hydrogen, or predominantly derived from hydrogen, produced by renewable energy sources; fuels derived from ammonia or predominantly derived from ammonia; fuels derived from ammonia, or predominantly derived from ammonia, produced by renewable energy sources; electricity (energy); energy derived from ammonia or predominantly derived from ammonia; energy derived from ammonia, or predominantly derived from ammonia, produced by renewable energy sources; energy derived from hydrogen or predominantly derived from hydrogen; energy derived from hydrogen, or predominantly derived from hydrogen, produced by renewable energy sources; fuel and energy derived from direct ammonia conversion, namely combustion or direct ammonia fuel cells; fuel and energy derived from indirect ammonia conversion, namely, hydrogen vector; hydrocarbon fuels; solid, liquid and gaseous fuels; electrical energy; carbon materials for use as fuels, namely, graphite or synthetic graphite; graphite as a fuel; liquid fuel; vaporised fuel mixtures; solid fuels; solid oxygen fuel; non-chemical additives for fuels; gaseous fuels; gas mixtures; liquid gases; dissolved gases; combustible gases; natural gas; solidified gas (fuel); synthetic gas (fuel); gases for use as illuminants; fuels and gases for heating and lighting purposes; fuels and gases for automobiles; illuminants and illuminating materials; biofuel; biogas; combustible fuels and gases; renewable energy, namely, solar energy, wind energy, hydroelectric and geothermal energy; geothermal steam for use as a fuel or industrial heating.

Class 06

Common metals and their alloys; iron; steel and chrome alloys; iron alloys; ores; iron ores; iron ores, namely, magnetite ore; iron ores produced by renewable energy sources; iron ore sinter; iron ore pellets; iron ore concentrate; pig iron; pure iron; iron metalics, namely, pig iron, direct reduced iron and hot briquetted iron; steel

produced by renewable energy; iron produced by hydrogen generated via water electrolysis using renewable energy; iron produced by hydrogen and ammonia; iron produced by electrochemicals; nickel; nickel produced by renewable energy; cobalt (raw); cobalt (raw) produced by renewable energy; metallic ores; ferrous ores; processed metal ores; processed iron ores; iron, unwrought or semi-wrought; metal powders; ore powders; iron powders; mineral ores in this class; common metals, unwrought or semi-wrought; alloys of common metals; ores of metal; limonite; chrome ores; steel; steel produced by renewable energy; copper; gold solder; lithium pegmatite ore; copper-porphyry; copper-molybdenum; copper-gold; metal building products.

Class 07

Automated assembly machines; automated machines for loading materials; automated handling apparatus; mechanical control instruments (mechanisms) for the automation of machining operations; mine working machines; machines for drilling; electric drills; bulldozers; excavators; diggers (machines); drilling rigs; automated drilling machines; automated electric drills; automated excavators; automated diggers (machines); automated drilling rigs; automated concrete mixer machines; automated concrete pump machines; automated concrete spraying machines; automated apparatus and machines for use in mining; automated energy generation plants; automated electrolysis plants; industrial robots; apparatus, equipment and instruments for the generation of power; generators; electricity generators; wind powered electricity generators; electricity generation plants; electric generators; electric generator stations; machines for generating gas by electrolysis; electrolysis plants; machines for generating power; turbines, other than for land vehicles; hydraulic turbines; wind turbines; wind towers being wind turbines; wind turbine blades; turbines for power generation; power operated tools; apparatus and machines for use in mining; concrete mixer machines; concrete pump machines; concrete spraying machines; converters for steel works; electric motors; gas

converters; gas condenser machines; fuel dispensing pumps for service stations and parts related thereto; hydrogen fuel dispensing pumps for refuelling stations for vehicles with hydrogen engines or propulsion systems; hydrogen dispensing pumps for service stations; automated control mechanisms for machines, engines or motors; electric motors for machines; electric drives for machines; transmissions for machines; power transmission systems for machines; mobile machines adapted to operate automatically; mechanical control apparatus for the automation of plant and machinery; fuel conversion apparatus for internal combustion engines; electrolysis apparatus for converting water into hydrogen and/or oxygen gas; electric engines for the propulsion of aircraft; electric engines for the propulsion of watercraft; electric drives for aircraft; electric drives for watercraft; hydrogen engines for the propulsion of aircraft; hydrogen engines for the propulsion of watercraft; engines for aircraft using ammonia as a fuel source; engines for watercraft using ammonia as a fuel source; motors and engines, except for land vehicles; engines and motors for the generation of electricity; propulsion mechanisms, other than for land vehicles; frames for electric motors, except for land vehicles; brakes for electric motors, except for land vehicles; motors, engine, couplings and transmission components, other than for land vehicles; air compressors for vehicles; alternators for land vehicles; electronic ignitions for vehicles; engine cylinders for land vehicles; engine cylinders for vehicles; exhaust systems for vehicles; mechanical engine parts for land vehicles; fuel economisers for motors and engines; couplings, other than for land vehicles; transmission components, other than for land vehicles; pneumatic controls for machines, motors and engines; machine fly-wheels; filters being parts of machines or engines; freewheels, other than for land vehicles; driving chains, other than for land vehicles; pistons for cylinders; turbocompressors; mechanical apparatus for control of electric motors for vehicles; power management systems for land vehicles, trucks, buses, trains, light rail transit, ships and boats, namely, networks of components in the nature of pressure regulators being parts of machines; control mechanisms for machines, engines or motors; 3d printers; robots [machines];

refrigeration compressors and condensers; carbon brushes [electricity]; machine tools; machine tools for use in servicing, repairing and maintaining batteries and battery systems; machine tools for use in servicing, repairing and maintaining fuel cells and fuel cell systems; machine tools for use in servicing, repairing and maintaining inverters and inverter systems; machine tools for use in servicing, repairing and maintaining motors; machine tools for use in servicing, repairing and maintaining electric motors; motors, engines and gearboxes for air or water vehicles; motors and related components, namely mechanical control mechanisms, torque converters and casings, for sea and air vehicles; parts, fittings and accessories for the aforementioned goods in this class; parts, fittings and accessories for motors and engines; parts for machines in this class.

Class 09

Scientific, research, navigation, surveying, photographic, cinematographic, audio-visual, weighing, measuring, signalling, detecting, testing, inspecting, and teaching apparatus and instruments; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media; computer software; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for accumulating and storing electricity; data processing equipment; apparatus and instruments for controlling and monitoring unmanned vehicles; apparatus for the automated control of vehicles and machines; computer apparatus for use in the automation of machines; application software; computer programs; downloadable computer software; computer firmware; computer operating programs; computer software for computer-aided design (CAD); computer software for computer-aided engineering (CAE); computer software for computer-aided manufacturing (CAM); battery management software; computer algorithms; downloadable computer software using artificial intelligence for use in machine learning; downloadable artificial intelligence software; artificial intelligence and

machine learning software; downloadable software featuring algorithms and artificial intelligence for the automation of mining machinery, industrial machinery and mining vehicles; data feeders for use with artificial intelligence; software for the supervision of equipment and installations for the production and distribution of energy; software for smart charging of electric vehicles and/or hydrogen-powered or hydrogen-propelled vehicles; computer software, computer hardware and computer firmware for the autonomous operation of vehicles and equipment, including mining haul trucks, road trains, trains, water carts, mining trucks and carts, excavators, bulldozers, diggers, machine loaders, drones and drilling rigs; downloadable and recorded computer software for the remote control of automatically guided vehicles, unmanned aircraft, drones, unmanned locomotives, and unmanned ships and barges; computer software for the remote management, maintenance, fault diagnosis, control and tracking of autonomous or semi-autonomous vehicles, including mining haul vehicles, trucks and carts, road trains, trains and drones; computer software for the remote management, maintenance, fault diagnosis, control and tracking of autonomous or semi-autonomous machines, including bulldozers, excavators, diggers, machine loaders and drilling rigs; autonomous driving control systems for vehicles; computers for autonomous operation of vehicles and equipment; autonomous navigation systems for vehicles and machines; automatic and autonomous driving control systems for vehicles; pre-collision detection and collision avoidance systems; pre-collision detection and collision avoidance systems for automated vehicles and machines; anti-collision and shockproof sensors for vehicles and automated machinery; anti-collision and shockproof radars for vehicles and automated machinery; computer hardware, software and firmware for high precision machine guidance of vehicles and machinery on mining sites; computer software for the management and operation of mining sites; computer software for the efficient assignment of manned and autonomous assets and resources on a mining site; computer algorithms for the efficient assignment of manned and autonomous assets and resources on a mining site; computer software for vehicle fleet management,

including for the management of fleets of autonomous or semi-autonomous vehicles; vehicle tracking apparatus, including in relation to fleets of autonomous or semi-autonomous vehicles; computer software for monitoring, optimising, and regulating the storage and discharge of stored energy to and from batteries and electric cells; application software for monitoring the electric charge and status of vehicles and machines powered by batteries and electric cells; downloadable and recorded computer software for monitoring energy consumption; downloadable and recorded application software for controlling and monitoring energy and utility systems, energy production plants, iron and steel production plants, cement and concrete production plants, hydrogen production plants and ammonia production plants; computer hardware, computer software and computer firmware for use in the fields of battery management/control and energy storage; computer software to enable users to capture, record, monitor, display, transmit, process and/or analyse information and data relating to energy storage and battery performance; computer software that enables users to monitor, interpret and/or model information and data relating to energy storage and battery performance; computer software for energy management; humanoid robots with artificial intelligence; electronic memories; electronic databases; computers and computer peripheral devices; computer hardware; electronic control devices for energy management; remote control apparatus and instruments; sensors; cameras; apparatus for managing energy supplies; electronic publications; electrolyzers; electric power supply units; electrification systems for land, air, rail and marine vehicles comprising vehicle battery packs, inverters for power supply, electric power controllers, electrical transformers, electrical cabling, electronic power converters, electric power distribution units, battery chargers and recorded battery management software; electric cables; bundles of electric cabling; batteries; electric batteries for powering land, air or water vehicles; battery subpacks; battery chargers, including for vehicles; electric battery chargers; rapid charger units for battery electric equipment; electric batteries; high energy density energy cells; electric charging cables; electric cells; electric control devices for energy

management; lithium batteries; battery management systems, namely, battery management software, resistor networks and electrical power connectors which monitor and regulate the supply, distribution and use of power from batteries; battery boxes; battery cables; battery cases; battery packs; battery leads; battery plates; battery testing apparatus; battery jump starters; electric accumulators, including for vehicles; battery packs for vehicles; energy management systems, namely, power management software, resistor networks and electrical power connectors which monitor and regulate the generation, supply, transmission, distribution and use of power; power electronics, including inverters, converters, semiconductors; power controllers; power distribution or control machines and apparatus; electrical and electronic monitoring and switching apparatus and systems; thermal management systems for batteries and inverters, namely, resistor networks, temperature controlling apparatus, heat regulating apparatus, computer software for controlling heat exchangers, heat sensors and regulators, thermal management software and firmware and electronic power controllers; mobile and static off board power units; electronic measuring, sensing, recording, signalling and warning apparatus; charging stations for electric vehicles; global positioning system (GPS) devices; photovoltaic cells and modules; electronic digital building automation systems; electronic digital automation installations for measuring building service installations; power units; voltage regulators for vehicles; acidimeters for batteries; fuel cells; inverters; fuel cells, batteries, inverters for land, sea and air vehicles; fuel cells, batteries, inverters for static and mobile charging devices; electrical power systems, namely, networks of components in the nature of electrical power distribution blocks which generate, supply, transmit, distribute and use electrical power; power management systems, namely, networks of components in the nature of electrical power connectors which monitor and regulate the generation, supply, transmission, distribution and use of power; fuel consumption measuring apparatus; fuel gauges; fuel regulating apparatus; fuel level indicators; fuel level indicators for vehicles; electronic safety and driver assistance systems for motor vehicles; vehicle control software; vehicle control

assistance software; apparatus and instruments for controlling vehicle dynamics; torque vectoring control apparatus, software and systems; computer software and computer hardware for designing and implementing vehicle dynamics control and torque vectoring control; simulators; training simulators; simulators for simulating the operation of land vehicles; electronic sports training simulators; goggles for sports; helmets; crash helmets; protective helmets; face shields for protective helmets; protective masks; insulating gloves; anti-glare visors; anti-glare glasses; spectacle cases; spectacle frames; spectacle lenses; control apparatus for use in refrigeration; busbars, electrical connectors for electric motors, except for land vehicles; apparatus for automatic control and/or monitoring systems for electric motors for vehicles; electronic apparatus indicating power usage which monitor and regulate the generation, supply, transmission, distribution and use of power and fuel; electronic control apparatus for vehicles; apparatus and tools for electronic control and monitoring of vehicle dynamics, including torque delivered to wheels or propellers; transformers and busbars for land, sea and air vehicles; parts, fittings and accessories for the aforementioned goods in this class.

Class 12

Vehicles; apparatus for locomotion by land, air, space, rail or water; land, air, rail and marine vehicles; helicopters; trains; regenerative trains; vehicles for transport of goods by land, air, rail or water; mining vehicles; autonomous vehicles; autonomous trains; mining trucks and carts; mine carts; mine trains; mine cart wheels; autonomous mining trucks, trains and carts; electric engines for land vehicles; electric drives for land vehicles; hydrogen engines for land vehicles; engines for land vehicles using ammonia as a fuel source; traction engines; dump trucks; camera and delivery drones; remote control vehicles (other than toys); accessories for remote control vehicles; remote control drones; accessories for remote control drones; civilian drones; military drones; photography drones; aeronautical apparatus, machines and appliances; wheeled containers for the transport of goods; traction

motors for vehicles; engines for land vehicles; motors for land vehicles; motors, engines and gearboxes for land vehicles; power transmission mechanisms for land vehicles; turbines for land vehicles; masts for boats; motors, stability and traction control systems, torque converters and casings for land vehicles; vehicle centre consoles sold as parts of vehicles and which incorporate electronic interfaces; parts, fittings and accessories for the aforementioned goods, except for electric engines, electric drives, hydrogen engines and engines for land vehicles and traction motors.

Class 19

Materials, not of metal, for building and construction; cement; concrete; concrete aggregate; cement and concrete made by renewable energy sources; blended cements and concrete; cement and concrete mixes; premixed cement or concrete; fibre cements; magnesium cement; refractory cement; building and construction materials made of cement or concrete; cement or concrete based mixtures for use in building and construction; cement or concrete based coatings for use in building and construction; cement or concrete based materials for use in building and construction; cement or concrete based wall coatings; cement or concrete blocks; cement for blast furnaces; cement or concrete posts, slabs, blocks, wall components, wall members, tiles, cladding, panels, slopes, piles, plates, posts, sheets, beams, roof panels, roofing, mouldings, architectural products; fireproof cement coating; sheets of fibre cement for use in building; soil stabilising cement for use in agriculture; substances made of cement or concrete for filling and repair of surface defects and flaws; mixtures of cement, sand and stone material; cement or concrete products for use in buildings, gardens, landscaping, roadways, walkways, ponds, pools, water tanks; mortar; grout.

Class 35

Business research services; business administration; business management; business advice and assistance; business consultancy; business analysis; business

information services; compilation and analysis of statistical information; compilation of data about mined material and mined product statistical information; business and administrative services for operating mines, including import and export agency services and retail and wholesale of mined materials and products; business and administrative management of mines including import and export agency services and retail and wholesale of mined materials and products; business and administrative management services relating to the production of cement and concrete; business and administrative management of utility networks; business and administrative management services relating to the production of steel and iron; business and administrative management services relating to the production of energy, solar energy, renewable energy, ammonia, hydrogen, electricity, gas, fuel and water; business and administrative management of hydrogen production and generation plants; business and administrative management of ammonia production and generation plants; business and administrative management of solar power plants; business and administrative management of iron production facilities and plants; business and administrative management of steel production facilities and plants; business and administrative management of energy production and generation plants; business and administrative management of solar power, turbine power, hydropower production facilities and plants; business and administrative management of fuel production and generation plants; business and administrative management of cement and concrete production facilities; advertising; marketing; retailing and wholesaling, including in relation to fuel cells, electric motors, electric generators, machines for generating gas by electrolysis, turbines for power generation, wind turbines, wind turbine blades, hydrogen dispensing pumps for services stations and parts related thereto, electric engines, electric drives, hydrogen engines, ammonia engines, artificial intelligence and machine learning software, software for the supervision of equipment and installations for the production and distribution of energy, software for smart charging of electric vehicles and/or hydrogen-powered or hydrogen-propelled vehicles, computer software, computer

hardware and computer firmware for the autonomous operation of vehicles and equipment, computer software for the remote management, maintenance, fault diagnosis, control and tracking of autonomous or semi-autonomous vehicles, unmanned aircraft, drones, unmanned locomotives and unmanned ships, autonomous driving and navigation systems for vehicles and machines, pre-collision detection and avoidance systems for automated vehicles and machines, computer hardware, software and firmware for high precision machine guidance of vehicles and machinery on mining sites, computer software for the management and operation of mining sites, computer software for the efficient assignment of manned and autonomous assets and resources on a mining site, computer software for monitoring, optimising and regulating the storage and discharge of stored energy to and from batteries and electric cells, application software for monitoring the electric charge and status of vehicles and machines powered by batteries and electric cells, application software for controlling and monitoring energy and utility systems, energy production plants, iron and steel production plants, cement and concrete production plants, hydrogen production plants and ammonia production plants, computer hardware, computer software and computer firmware for use in the fields of battery management/control and energy storage, humanoid robots with artificial intelligence, remote control apparatus and instruments, sensors, electrification systems for land, air, rail and marine vehicles, batteries, electric battery chargers, high energy density energy cells, power distribution or control machines and apparatus, battery management systems, charging stations for electric vehicles, photovoltaic cells and modules, and power units; retailing and wholesaling of mined material and products; retailing and wholesaling of hydrogen; retailing and wholesaling of hydrogen produced by renewable energy sources; retailing and wholesaling of ammonia; retailing and wholesaling of ammonia produced by renewable energy sources; retailing and wholesaling of fuels and energy; retailing and wholesaling of fuels and energy derived from ammonia or predominantly derived from ammonia; financial modelling services; retailing and wholesaling of fuels and energy derived from

ammonia, or predominantly derived from ammonia, produced by renewable energy sources; retailing and wholesaling of fuels and energy derived from hydrogen or predominantly derived from hydrogen; retailing and wholesaling of fuels and energy derived from hydrogen, or predominantly derived from hydrogen, produced by renewable energy sources; retailing and wholesaling of renewable energy, namely, solar energy, wind energy, hydroelectric and geothermal energy; retailing and wholesaling of iron; retailing and wholesaling of iron produced by renewable energy sources; retailing and wholesaling of steel; retailing and wholesaling of steel produced by renewable energy sources; retailing and wholesaling of cement and concrete and products made from cement or concrete; retailing and wholesaling of cement or concrete produced by renewable energy sources; retailing and wholesaling of autonomous vehicles, autonomous drones, autonomous mining equipment and systems for automating vehicles and equipment; the bringing together, for the benefit of others, of a variety of goods, enabling customers to conveniently view and purchase those goods; market surveys; compiling research and statistical data; computerised online ordering services; office functions; cost price analysis; public relations; import export agency services; sales promotion for others; business project management services for construction projects; business project management services for ammonia, hydrogen, hydro electrical and solar power systems and plant construction; business project management services for iron and steel production facilities and plants; business project management of mining exploration and mining extraction services; providing business information via a web site; computerised stock ordering and control services; computerised file management; foreign trade consultancy; operation of loyalty programs; personnel management; business project management of mining exploration and mining extraction services; retail sales services and marketing of shares of investment companies or other pooled investment vehicles; information, consultancy and advisory services concerning all the aforementioned.

Class 36

Financial, monetary and banking services; financial services; financial and monetary affairs; financial asset management; financial analysis; financial intermediary services; financial investment services; financial lending; securing of funds; financial risk management; financial sponsorship; financial sponsorship of education, training, entertainment, sporting, or cultural activities; charitable fundraising; financial funding services; arranging fundraising projects; financial management; valuation services; valuation of commodities; valuation of ores and precious metals; conducting financial feasibility studies; property valuation; financial planning services; arranging finance for construction projects; arranging finance for renewable energy projects; arranging finance for infrastructure projects; arranging finance for automation projects; arranging financing for the construction, conversion, modernisation and maintenance of energy supply, generation, transportation, transmission, and distribution facilities and infrastructure; associated financing of construction projects, renewable energy projects, energy projects, infrastructure projects and automation projects; industrial financing services; industrial investment; investment trust services; loan guarantees; loan financing; project finance services; provision of investment capital; raising of capital; venture capital financing; venture capital management; management of infrastructure, energy, transition and industry funds; venture capital fund management; funding of product development; establishing mutual funds for others; intellectual property venture capital fund management services; investment services; capital investment services; capital fund management; capital fund investment; financial management of funds and investments, including in relation to infrastructure funds and private equity funds; investment services, including in relation to infrastructure funds and private equity funds; investment fund management; investment management; placement of funds; securities investment services; trust management; portfolio management and investment schemes; investment fund transfer and transaction services; financial evaluation of development costs relating to the oil, gas and mining industries; financial evaluation of development costs

relating to renewable energy projects; commodities financing; conducting financial feasibility studies; crowdfunding; insurance; real estate affairs; trusteeship and fiduciary services in this class; trading and brokerage of carbon credits, securities, shares, stocks, bonds, futures and derivatives; carbon trading services; environmental brokerage services; commodities trading (financial services); asset management; financial research, including in connection with energy commodities supply, generation, transportation, transmission and distribution facilities and infrastructure; trading, brokerage and distribution of shares of investment companies or other pooled investment vehicles and providing stock market information in relation thereto; assurance [financial guarantee] services; financial forecasting services, including in relation to the financial performance and investment potential of energy commodities supply, generation, transportation, transmission and distribution facilities and infrastructure; information, advisory and consultancy services concerning all of the aforementioned; capital investment advisory services; investment advisory services; preparation and analysis of financial reports; providing financial information; financial consultancy, advice and information; financial consulting services in relation to the financial and investment aspects of energy commodities supply, generation, transportation, transmission and distribution facilities and infrastructure.

Class 37

Construction; construction of plants and facilities; mining extraction services; mining services; construction of mines; cement and concrete pumping services; civil and mechanical engineering construction of mines; beneath ground construction of mines; construction services; installation, repair and maintenance services; drilling; excavating; rental of excavators; charging electric vehicles; recharging of batteries and accumulators; rental of battery chargers; installation, repair and maintenance of electric vehicles chargers; installation, maintenance and repair of photovoltaic cells and modules; installation of photovoltaic power generation installations; construction,

installation, maintenance and repair of solar energy apparatus and installations; construction, installation, maintenance and repair of wind energy apparatus and installations; vehicle service stations and vehicle fuelling station services; hydrogen refuelling stations; hydrogen gas refuelling for vehicles; aircraft refuelling and maintenance services, including such services involving hydrogen fuels; watercraft refuelling and maintenance services, including such services involving hydrogen fuels; recharging services for electric vehicles, electric aircraft and electric watercraft; hydroelectric power station construction services; building of railways; construction of ports and port terminals; rental of machinery for use in mining and excavating; rental of autonomous machinery for use in mining and excavating; maintenance services, namely, maintenance of mining equipment via remote monitoring devices for the purpose of determining faults and conducting repairs; servicing of engines, vehicles, and motors; maintenance, repair, servicing, reconditioning, restoration, inspection in the course of maintenance, care, cleaning, painting and polishing of motor vehicles; diagnostic or inspection services carried out prior to or in the course of maintenance and repair, all for motor vehicles or for parts and fittings thereof; assembly of accessories for vehicles (installation services); tuning of engines and motor vehicles; maintenance, upgrading and diagnostic repair services for in-car electronics systems or in-car entertainment systems; installation, maintenance, and/or repair of electric vehicle charging stations; automotive upgrade services namely fitting and installing of automotive parts for improving performance; replacement of batteries; refurbishment of engines; maintenance of batteries, fuel cells, inverters, electric motors for vehicles and electric motors via remote monitoring systems; automobile customization services (custom installation of exterior, interior and mechanical parts of vehicles); construction consulting; information, consultancy and advisory services concerning all the aforementioned.

Class 38

Telecommunications and communication services; communication services for

remote control vehicles; communication services for remote control of machines and vehicles; communication services for remote controlling of transport of materials by land, rail, air and ship; providing telecommunications connections to a global computer network; web portal services (providing user access to a global computer network); transmission of information on a wide range of topics, including online and over a global computer network; providing access to online computer databases; information, consultancy and advisory services concerning all the aforementioned.

Class 39

Transport; transportation services; transport by land, air, road, marine, pipeline and railway; transportation of materials by land, air, ship and railway; packaging and storage of goods; packaging and storing of metals; transportation, transmission, storage, supply, distribution and delivery of hydrogen; transportation, transmission, storage, supply, distribution and delivery of hydrogen produced by renewable energy sources; transportation, transmission, storage, supply, distribution and delivery of ammonia; transportation, transmission, storage, supply, distribution and delivery of ammonia produced by renewable energy sources; transportation, transmission, storage, supply, distribution and delivery of fuel; transportation, transmission, storage, supply, distribution and delivery of fuel derived from ammonia or predominantly derived from ammonia, including ammonia produced by renewable energy sources; transportation, transmission, storage, supply, distribution and delivery of fuel derived from hydrogen or predominantly derived from hydrogen, including hydrogen produced by renewable energy sources; transportation, storage, supply, distribution and delivery of iron ore, iron and steel; transportation, storage, supply, distribution and delivery of iron ore, iron and steel made by renewable energy sources; transportation, storage, supply, distribution and delivery of cement and concrete; transportation, storage, supply, distribution and delivery of cement or concrete produced by renewable energy sources; transportation, transmission, storage, supply and distribution of renewable energy, solar energy, wind energy, hydroelectric

and geothermal energy; transmission and supply of energy and fuels through green electrons; transportation, transmission, storage, supply, distribution and delivery of ammonia energy, hydrogen energy, electricity, gas, natural gas, fuel, graphite and/or other hydrocarbon energy; transmission, storage, distribution and supply of electricity; electricity supply services; transportation, transmission and distribution of ammonia energy and hydrogen energy from production facilities services to end users through pipelines and by transport distribution services; storage, transportation and distribution of water; distribution of energy; transportation logistics services; transport of materials by land vehicles controlled remotely; warehousing services; logistics services for the storage and transport of goods; tracking of assets by computer; removal and transportation of waste; rental of autonomous vehicles, aircraft and watercraft; rental of hydrogen powered vehicles, aircraft and watercraft; vehicle fleet management services in the field of tracking and monitoring of vehicle fleets, including in relation to fleets of autonomous or semi-autonomous vehicles; information, consultancy and advisory services concerning all the aforementioned.

Class 40

Production and generation of energy; production and generation of fuel; production and generation of hydrogen; production and generation of hydrogen produced by renewable energy sources; production and generation of ammonia; production and generation of ammonia produced by renewable energy sources; production and generation of fuel and energy derived from ammonia or predominantly derived from ammonia, including ammonia produced by renewable energy sources; production and generation of fuel and energy derived from hydrogen or predominantly derived from hydrogen, including hydrogen produced by renewable energy sources; production and generation of solar energy, renewable energy, ammonia energy, hydrogen energy, electricity, gas, water energy and natural gas energy; production and generation of renewable energy, namely, solar energy, wind energy, hydroelectric and geothermal energy; production of iron for others; production of iron

for others, produced by renewable energy sources; production of iron for others, using electrochemicals; production of iron for others, using hydrogen produced by water electrolysis using renewable energy; production of iron for others, using hydrogen and ammonia; production of steel for others; production of steel for others, produced by renewable energy sources; processing, separation and fractionating liquids from natural gas; production of cement for others; production of concrete for others; production of cement for others, produced by renewable energy sources; production of concrete for others, produced by renewable energy sources; water treatment services; electricity generation; production of electricity; electricity generation plants; hire of electrical generators; rental of electricity generators; gas processing and treatment; gas processing services; processing and conversion of energy, ammonia, hydrogen, gas and fuels; processing and conversion of fuels and energy; processing and conversion of energy generated from renewable sources; waste water treatment services; water treatment services by operation of water treatment facilities; treatment of materials; heat treatment services; recycling services; recycling of chemicals, batteries, materials, waste and industrial goods; carbon offsetting services (recycling); energy recycling services; operation of hydrogen production and generation plants for others; operation of ammonia production and generation plants for others; operation of solar power plants for others; operation of iron production facilities and plants for others; operation of steel production facilities and plants for others; operation of energy production and generation plants for others; operation of solar power, turbine power, hydropower production facilities and plants for others; operation of fuel production and generation plants for others; operation of cement and concrete production facilities for others; custom manufacture of products, equipment, installations and systems associated with energy production, storage, supply and conversion; custom manufacture of products, equipment, installations and systems associated with hydrogen production, storage, supply and conversion; custom manufacture of products, equipment, installations and systems associated with hydrogen produced by renewable energy

sources; custom manufacture of products, equipment, installations and systems associated with storage, supply and conversion of hydrogen made by renewable energy sources; custom manufacture of products, equipment, installations and systems associated with ammonia production, storage, supply and conversion; custom manufacture of products, equipment, installations and systems associated with ammonia produced by renewable energy sources; custom manufacture of products, equipment, installations and systems associated with storage, supply and conversion of ammonia, made by renewable energy sources; custom manufacture of products, equipment, installations and systems associated with energy production, storage, supply and conversion; custom manufacture of products, equipment, installations and systems associated with energy produced by ammonia, hydrogen and renewable energy sources; custom manufacture of products, equipment, installations and systems associated with storage, supply and conversion of energy; custom manufacture of products, equipment, installations and systems associated with storage, supply and conversion of iron; custom manufacture of products, equipment, installations and systems associated with iron and steel production, including iron and steel produced by renewable energy sources; custom manufacture of products, equipment, installations and systems associated with storage, supply and conversion of steel; custom manufacture of products, equipment, installations and systems associated with storage, supply and conversion of iron, made by renewable energy sources; custom manufacture of products, equipment, installations and systems associated with storage, supply and conversion of steel made by renewable energy sources; custom manufacture of products, equipment, installations and systems associated with fuel production, storage, supply and conversion; custom manufacture of products, equipment, installations and systems associated with fuel produced by ammonia and renewable energy sources; custom manufacture of products, equipment, installations and systems associated with storage, supply and conversion of fuel; custom manufacture of products, equipment, installations and systems associated with cement and concrete production, storage and supply,

including cement and concrete produced by renewable energy sources; moulding of cement or concrete; custom manufacture of autonomous vehicles and equipment, including, mining haul trucks, road trains, trains, water carts, mining trucks and carts, excavators, bulldozers, diggers, machine loaders, drones, and drilling rigs; custom manufacturing of systems for the automation of vehicles and equipment; custom manufacturing of batteries, fuel cells, and electric powertrains for vehicles, including mining vehicles; treatment and blending of minerals, metals and ores; metal and ore processing; ore processing, namely, beneficiation of iron ores; drilling of metals; recycling and reprocessing services of common metals and their alloys and goods made from common metals and their alloys; metallurgical processing, namely, treatment of arsenic-containing materials; metallurgical processing; lithium processing; copper processing; power generation; production of energy; hydroelectric energy production; rental of batteries; rental of electricity generators; custom manufacture of goods; custom manufacturing and assembly of goods; custom manufacture of vehicles; custom manufacture of engines and powertrains for vehicles and marine vessels; custom manufacture of composite materials; custom manufacturing for others in the field of propulsion systems for motors and engines; custom assembling of thruster units; custom building of automobile engines; custom assembling of materials for others; custom assembling of motors and engines; custom manufacture and/or assembly of carriages, locomotives, cabs or other parts of rail vehicles; custom assembly of batteries, fuel cells, electric powertrains for vehicles, including land, air, space, water or rail vehicles; custom manufacture of machines and tools with a protective surface coating; custom three-dimensional printing for others; custom manufacture of moulds for use in industry; automobile customization services being custom manufacturing and assembling of automobiles; information, advisory and consultancy services in relation to all the aforesaid services.

Class 41

Education and training services; arranging and conducting workshops; organisation of competitions (education or entertainment); organising exhibitions for cultural or educational purposes; arranging and conducting of conferences; electronic publication of information on a wide range of topics, including online and over a global computer network; aerial photography services for analysing and diagnosing air, soil, earth, and water; information, consultancy and advisory services concerning all the aforementioned.

Class 42

Gas and oil exploration services; geophysical exploration; mineral exploration services including iron ore exploration; mining exploration services; mining exploration of iron, copper, gold, silver, lithium, lithium pegmatite, copper-porphyry, magnetite, copper-molybdenum and copper-gold; geological prospecting; geological test drilling; surveying services; mineral and chemical analysis services; sediment sampling; engineering services; mining and mineral exploration services; scientific and technological design, consulting, and research services; scientific and technological design, research and consulting in the mining and metallurgical industries; testing, research, design and development in the field of autonomous technology; testing, research, design and development in the field of artificial intelligence; scientific and technological design, research and consulting in the field of renewable energy; chemical analysis and research; research in the field of environmental protection; testing, research, design and development in the field of hydrogen and hydrogen products, including hydrogen production and distribution; environmental surveys and testing; environmental monitoring services; advisory and research services relating to environmental pollution and protection; environmental testing; cartographic or thermographic measurement services by drone; industrial analysis, industrial research and industrial design services; mechanical research; technical research; providing non-downloadable software; providing online non-downloadable software using artificial intelligence for machine learning; providing

non-downloadable artificial intelligence software; development and testing of computing methods, algorithms and software; providing software as a service (SaaS); design and development of computer hardware and software; computerized data storage services; providing software as a service (SaaS) for the supervision of equipment and installations for the production and distribution of energy; providing online non-downloadable software for the remote control of automatically guided vehicles, unmanned aircraft, drones, unmanned locomotives, and unmanned ships and barges; providing online non-downloadable software for the remote management, maintenance, fault diagnosis, control and tracking of autonomous or semi-autonomous vehicles, including mining haul vehicles, trucks and carts, road trains, trains and drones; providing online non-downloadable software for the remote management, maintenance, fault diagnosis, control and tracking of autonomous or semi-autonomous machines, including bulldozers, excavators, diggers, machine loaders and drilling rigs; providing online non-downloadable software for vehicle fleet management, including for the management of fleets of autonomous or semi-autonomous vehicles; providing online non-downloadable software for monitoring, optimising, and regulating the storage and discharge of stored energy to and from batteries and electric cells; providing online non-downloadable software for monitoring the electric charge and status of vehicles and machines powered by batteries and electric cells; providing online non-downloadable software for monitoring energy consumption; providing online non-downloadable software for energy management; providing online non-downloadable software for the management and operation of mining sites; providing online non-downloadable software for high precision machine guidance of vehicles and machinery on mining sites; providing online non-downloadable software for the efficient assignment of manned and autonomous assets and resources on a mining site; providing online non-downloadable software for controlling and monitoring energy and utility systems, energy production plants, iron and steel production plants, cement and concrete production plants, hydrogen production plants and ammonia production plants;

providing temporary use of non-downloadable software for use in the fields of battery management/control and energy storage; providing temporary use of non-downloadable interface software for use in connection with battery management and control systems; software as a service [SaaS] featuring software for use in the fields of battery management/control and energy storage; platform as a service [PaaS] featuring software platforms for use in the fields of battery management/control and energy storage; providing temporary use of non-downloadable software to enable users to capture, record, monitor, display, transmit, process and/or analyse information and data relating to energy storage and battery performance; providing temporary use via license of non-downloadable software to enable users to monitor, interpret and/or model information and data relating to energy storage and battery performance; computer programming services; architectural or engineering project management services; computer software project management services; design, development, installation, integration, testing, maintenance, support, repair, updating, customisation and upgrading of computer software; design, development, installation, integration, testing, maintenance, support, repair, updating and upgrading of computer software for automated vehicles and machines; software engineering services; design, development, installation, integration, testing, maintenance, support, repair, updating and upgrading of computer software for aircraft, aerial vehicles, space vehicles, land vehicles, amphibious vehicles, marine vehicles, ships, boats, and submarines; research, design, development and customisation of computer firmware, computer hardware, computer systems and computer architectures; information technology consultancy services; professional advisory services relating to computer software; professional consultancy services relating to computer programming; technical consultancy services relating to computer programming; testing of computer software; design and development of computer software for computer-aided design (CAD), computer-aided engineering (CAE) and computer-aided manufacturing (CAM), and information technology services; computer technology consultancy; operational support services for computer software; design

and development of energy and power management systems; design, development and engineering services, and consultancy services relating thereto, for batteries, fuel cells, inverters, electric motors for vehicles and electric motors; software development services for management, control and/or monitoring systems for batteries, fuel cells, inverters, electric motors for vehicles and electric motors; scientific, technological and research services in the fields of battery management/control, monitoring and energy storage; design and development of hardware, software and firmware for use in the fields of battery management/control and energy storage; design and development of battery management and control systems; consultancy services relating to the design and development of batteries; technological consultancy services relating to battery lifetime and battery lifetime extension; technological consultancy services relating to battery management/control and energy storage; technical data analysis services; electronic data storage; technological services relating to remote operation in the field of mining, including remote control and remote monitoring of mining assets; scientific and technological design, consulting, and research services relating to mining, including autonomous mining; energy use and conservation consultancy services; design and development of vehicles; design and development of vehicle parts, fittings and components; design of vehicle engines; design and development of hybrid propulsion systems; design and development of electric or alternative propulsion systems; design and development of kinetic energy storage and recovery systems; design and development of motors; design and development of computer hardware for the manufacturing industries; design and development of software for computer-aided design (CAD), computer-aided engineering (CAE) and computer-aided manufacturing (CAM); design and development of mechanical and micromechanical components; design and development of engineering products; design and development of vehicle dynamics control systems including torque vectoring; product development; product development consultancy for inventors in the field of engineering; research and development of new products for others; styling [industrial

design]; design, engineering and consultancy services related thereto for frames, busbars, connectors and peripherals for batteries, fuel cells, inverters electric motors for vehicles and electric motors; design of yachts, boats and ships; automotive design; furnishing design services for the interiors of automobiles; packaging design; design and testing for new product development; design of manufacturing methods; quality control and authentication services; laboratory testing services; testing of vehicles; engineering testing; quality testing services; testing of equipment; materials testing; testing services relating to engines, batteries, fuel cells, powertrains, vehicle control systems for land vehicle, aircraft, rail vehicle and marine vessels; vehicle roadworthiness testing; analysis and testing services relating to electrical engineering apparatus; air, sea and land vehicle design, testing and certification services; safety technology services relating to land vehicles; design, development, integration, testing and upgrading of aircraft, land vehicle and marine vehicle simulators; advisory services relating to design engineering; construction designing; consultancy in the field of energy-saving; cloud storage of battery condition and performance data; machine condition monitoring; monitoring of computer networks system operations; software maintenance, upgrading and diagnostic repair services for in-car electronics systems or in-car entertainment systems; information, advisory and consultancy services in relation to the aforementioned.
