TRADE MARKS
JOURNAL

CONTENTS

General Information	2
National Applications Published For Opposition Purposes	3
International Registrations Filed Under The Madrid Protocol Published For Opposition Purposes	720
Applications Amended After Publication	1147

General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

Goods and/or Services:

Class 09

Scientific, electronic, photographic, cinematographic, optical, weighing and measuring apparatus and instruments; electric apparatus, namely, apparatus for conducting, switching, transforming, accumulating, regulating or controlling electricity; scientific apparatus and instruments for measuring, signalling, checking (supervision); magnetic data carriers, recording disks, none of the aforesaid goods relating to legendary creatures; calculating machines and data processing apparatus; apparatus for monitoring domestic or industrial consumption of electrical energy, gas, heat and water; apparatus for analysing signals, current and voltage; electrical apparatus and instruments for processing storing, transmitting, distributing or receiving data; instruments and installations for encoding, decoding, transcoding, encrypting, deciphering, recording, transmitting and reproducing images and information, computer communication, office automation, home automation and building automation monitor, consoles, and control panels; magnetic or optical data media, interfaces, reading devices for data processing, optical drive,

microprocessors, central processing devices, software, software packages, data banks and database management software systems, none of the aforesaid goods relating to legendary creatures; electrical and electronic control, monitoring, regulating, and measuring apparatus and instruments for use in or in relation to the generation or distribution of power, gas, water or electricity or telecommunications; batteries; circuit breakers, electric control panels, electric apparatus for commutation, electricity distribution bores, consoles and boards, electric branch boxes, junction boxes, electric converters, electric transformers; branch and distribution boxes, electrical cables, conductors, conduits, connectors and switches; insulated electrical connectors; insulation resistance metres; insulation testers; electric door bells, alarms; fuses and fuse wires; electric locks, sheaths for electric cables; protective clothing; safety apparatus and instruments; intercommunication apparatus; telecommunications apparatus and instruments; electronic and infrared remote control devices; apparatus for use in remote control of electricity gas, heat, water and energy supplies; remote switching apparatus and instruments; power generation monitoring apparatus; computer software for use in or relating to the generation or distribution of power, gas, water or electricity; solar panels for electricity generation; fuel meters; fuel measuring apparatus and instruments; electronic control, monitoring, regulating, and measuring devices for heating, cooling and ventilating systems; lighting controls; external power supplies; devices for monitoring, measuring, controlling, and regulating energy use; devices for tracking energy use; solar photovoltaics; energy regulators; energy control devices; thermal energy measuring apparatus; solar energy collectors for electricity generation; electric control devices for energy management; parts and fittings for all the aforesaid goods; computer software; computer software applications; mobile apps; downloadable publications, none of the aforesaid goods relating to legendary creatures; publications in electronic format, none of the aforesaid goods relating to legendary creatures; apparatus and instruments for load balancing electricity and energy, as to balancing the supply and demand of energy and electricity; chargers for batteries, including vehicle batteries;

charging points for electric vehicles; computer software platforms, computer databases; computer software and computer software platforms relating to the management of energy metering, monitoring of energy prices for buying and selling energy off the grid, the supply of energy and load balancing of electricity and energy, as to balancing the supply and demand of energy and electricity, including the supply and demand of energy from solar, wind, wave, geothermal, solid waste and other renewable sources; customer relationship management (CRM) software and CRM software platforms; computer software and computer software platforms for the tracking and monitoring of energy and power usage and consumption; mobile apps relating to the management of energy metering, monitoring of energy prices for buying and selling energy off the grid, the supply of energy and load balancing of electricity and energy, as to balancing the supply and demand of energy and electricity, including the supply and demand of energy from solar, wind, wave, geothermal, solid waste and other renewable sources; none of the aforementioned goods concerning the reproduction and amplification of sound or being connected with the music industry or musicians; and none of the foregoing pertaining to the processing, transmission and delivery of audio and audio-video content and streams.

Class 35

Business administration, business advice, business analysis, business data analysis, business assistance, business consultancy, business information, business management, business project management services, business organisation, business planning, business strategy, business supervision; compilation and provision of business data, information, statistics; data collection, data management, data processing, data retrieval; database management; meter reading for billing purposes; billing services in the field of energy; advertising; marketing; retail services in connection with the sale of gas, electricity, oil-gas, oil, fuel; procurement of contracts concerning energy supply; energy price comparison services; import-export agencies in the fields of energy and power; business consulting and business

information services in relation to the tracking and monitoring of energy, gas and power consumption for others; organisation, operation and supervision of incentive and loyalty schemes; operation and supervision of an incentive scheme for the purpose of reducing levels of carbon dioxide or other greenhouse gases; consultation services and provision of information on the cost management or analysis of electricity, gas and energy prices and markets, invoicing services in the field of energy; preparing and/or writing of business reports; business management of electricity transmission, supply and distribution apparatus, including business management of electricity and energy demand response and load balancing services; compilation of information into databases; updating and maintenance of data in databases; consultancy services relating to the management of customer call centres; business and consultancy services relating to the management of customer calls to call centres as to monitoring of waiting times and redirection of calls; commercial trading, arranging or buying contracts for third parties; business risk management relating to gas, power, water and electricity supply services; developing promotional campaigns to the public regarding environmental and conservation issues; information, advisory and consultancy services relating to all the aforesaid; none of the foregoing pertaining to the processing, transmission and delivery of audio and audio-video content and streams.

Class 36

Financial services; bill payment services; bill consolidation services; payment administration, payment processing services; credit services; provision of finance for credit sales; hire purchase financing; insurance services; warranty services; guarantee services; financial consultancy in the energy and power sectors; financial services relating to financial partnerships; financial services relating to the use of energy efficient gas and electric services and appliances; awarding of grants in relation to the use of energy efficient gas and electric services and appliances; brokerage of carbon offsets; brokerage of carbon credits; issuing of tokens of value

in relation to incentive schemes for the purpose of reducing levels of carbon dioxide and/or other greenhouse gases in the atmosphere; information, advisory and consultancy services relating to all the aforesaid; none of the foregoing pertaining to the processing, transmission and delivery of audio and audio-video content and streams.

Class 37

Repair, maintenance, servicing of power plants, power lines; installation, repair, maintenance and servicing of power generating apparatus and installations; installation, repair, maintenance and servicing of energy-saving apparatus; installation, repair, maintenance and servicing of energy supply installations; installation, repair, maintenance and servicing of electrical appliances, pipework systems, electricity, gas, oil, water meters; electrical wiring services; installation, maintenance, repair and servicing of gas and electric transmission lines; installation, maintenance, repair and servicing of apparatus and instruments using gas or electricity; installation of thermal insulation in buildings; maintenance and repair of computer hardware servers and routers; installation of computer hardware, servers and routers; information, advisory and consultancy services relating to all the aforesaid; none of the foregoing pertaining to the processing, transmission and delivery of audio and audio-video content and streams.

Class 38

Telecommunication services; communication services; broadcasting, streaming, transfer, transmission of data; providing access to databases; computer bulletin board services, electronic bulletin board services; chat room services; electronic message services; telecommunication services for hotlines and customer call centres; operation of telecommunications systems; call forwarding and call recording services; transmission of telephone calls; providing user access to platforms and portals on the Internet; information, advisory and consultancy services relating to all

the aforesaid; none of the foregoing pertaining to the processing, transmission and delivery of audio and audio-video content and streams.

Class 39

Power supply and distribution; energy distribution; storage of energy and fuels; leasing the use of power lines to third parties for the transmission of electricity; gas and electricity storage, supply and distribution services; storage, distribution, transportation and delivery of gas and gaseous fuels; transmission and/or distribution and/or supply of gas, electricity and other energy sources; electricity supply services; electricity distribution; information, advisory and consultancy services relating to all the aforesaid; none of the foregoing pertaining to the processing, transmission and delivery of audio and audio-video content and streams.

Class 42

Technological advisory, information and consultancy services relating to energy use, energy saving, and energy efficiency; scientific, technical, and technological monitoring of energy use, energy conservation and, energy efficiency; energy auditing; programming of energy management software; development of energy and power management systems; research in the field of energy; preparation of engineering reports relating to energy efficiency; engineering project management of energy efficiency, and consultancy relating thereto; auditing energy consumption of buildings; engineering project management of energy conservation; preparation of scientific, technical, and technological reports on energy consumption of buildings; auditing of energy use and energy conservation and of energy efficiency of operation of appliances and safety checking of appliances and pipework; testing of gas and electricity generating plants, gas and electric appliances, pipework, transmission lines and apparatus and instruments utilising gas and electricity; prospecting and exploitation analysis and research of natural, fossil and nuclear fuel resources; scientific information, advice and consultancy in relation to carbon offsetting;

development and design of processes which are intended to reduce levels of greenhouse gases in the atmosphere; research and consultancy, all relating to the aforesaid services; geological surveys; industrial design services; preparation of technical, technological, and scientific reports; engineering services; studies in research on environmental conservation, natural wealth and sustainable development; scientific and industrial research; providing scientific studies and consulting on the environment, ecology and sustainable development; research on energy and renewable energy; quality assessment services being expert appraisal services in the fields of the environment, energy, including new energies, natural wealth and sustainable development; technical study and technological and scientific advice concerning the distribution of energy consumption; technical evaluation and estimate services concerning energy consumption; technological and scientific services for collecting information from remote energy consumption calculators; environmental assessment, consultancy, monitoring services; providing technological advice on environment related issues; quality accreditation services and technical, technological, and scientific consultancy services relating to environmental issues and compliance with environmental requirements; consultancy in relation to the conservation of energy; providing technical advice relating to energy-saving measures; technological advice and consultancy in relation to technology transfer services, and in particular to the transfer of technical and/or professional know-how relating to all the foregoing; technical data analysis services relating to energy supply and distribution; computerised information storage services; consultancy and advisory services relating to technical data analysis of energy consumption and distribution in the field of energy saving; platform as a service (PaaS); platform as a services (PaaS) in the field of customer relationship management; platform as a service (PaaS) relating to the management of energy metering, monitoring of energy prices for buying and selling energy off the grid, the tracking and monitoring of energy and power usage and consumption, the supply of energy and load balancing of electricity and energy, as to balancing the supply and demand of energy and

electricity, including the supply and demand of energy from solar, wind, wave, geothermal, solid waste and other renewable sources; development of computer platforms; hosting of computer platforms on the internet; maintenance of database software; hosting of databases; design and updating of database software; design, installation and development of database software; design and development of computer hardware, servers and routers; providing online non-downloadable software for database management; software as a service (SaaS); software as a services (SaaS) in the field of customer relationship management; software as a service (SaaS) relating to the management of energy metering, monitoring of energy prices for buying and selling energy off the grid, the tracking and monitoring of energy and power usage and consumption, the supply of energy and load balancing of electricity and energy, as to balancing the supply and demand of energy and electricity, including the supply and demand of energy from solar, wind, wave, geothermal, solid waste and other renewable sources; development of energy and power management systems; information, advisory and consultancy services relating to all the aforesaid; none of the foregoing pertaining to the processing, transmission and delivery of audio and audio-video content and streams.

Class 45

Licensing services; licensing of technology; licensing of intellectual property; licensing of databases; licensing of research and development; licensing of software; information, advisory and consultancy services relating to all the aforesaid; none of the foregoing pertaining to the processing, transmission and delivery of audio and audio-video content and streams.

Priority Details:

Class Number: 09

Priority Date: 11/05/2021

Country/Territory: UNITED KINGDOM

Priority Application Number: UK00003639660

Goods and/or Services: Apparatus and instruments for load balancing electricity and energy, as to balancing the supply and demand of energy and electricity; chargers for batteries, including vehicle batteries; charging points for electric vehicles; computer software platforms, computer databases; computer software and computer software platforms relating to the management of energy metering, monitoring of energy prices for buying and selling energy off the grid, the supply of energy and load balancing of electricity and energy, as to balancing the supply and demand of energy and electricity, including the supply and demand of energy from solar, wind, wave, geothermal, solid waste and other renewable sources; customer relationship management (CRM) software and CRM software platforms; computer software and computer software platforms for the tracking and monitoring of energy and power usage and consumption; mobile apps relating to the management of energy metering, monitoring of energy prices for buying and selling energy off the grid, the supply of energy and load balancing of electricity and energy, as to balancing the supply and demand of energy and electricity, including the supply and demand of energy from solar, wind, wave, geothermal, solid waste and other renewable sources; none of the foregoing pertaining to the processing, transmission and delivery of audio and audio-video content and streams.

Class Number: 35

Priority Date: 11/05/2021

Country/Territory: UNITED KINGDOM

Priority Application Number: UK00003639660

Goods and/or Services: Business management of electricity transmission, supply and distribution apparatus, including business management of electricity and energy demand response and load balancing services; compilation of information into databases; updating and maintenance of data in databases; consultancy services relating to the management of customer call centres; business and consultancy

services relating to the management of customer calls to call centres as to monitoring of waiting times and redirection of calls; commercial trading, arranging or buying contracts for third parties; business risk management relating to gas, power, water and electricity supply services; information, advisory and consultancy services relating to all the aforesaid; none of the foregoing pertaining to the processing, transmission and delivery of audio and audio-video content and streams.

Class Number: 37

Priority Date: 11/05/2021

Country/Territory: UNITED KINGDOM

Priority Application Number: UK00003639660

Goods and/or Services: Maintenance and repair of computer hardware, servers and routers.

Class Number: 38

Priority Date: 11/05/2021

Country/Territory: UNITED KINGDOM

Priority Application Number: UK00003639660

Goods and/or Services: Telecommunication services for hotlines and customer call centres; operation of telecommunications systems; call forwarding and call recording services; transmission of telephone calls; providing user access to platforms and portals on the Internet; information, advisory and consultancy services relating to all the aforesaid.

Class Number: 42

Priority Date: 11/05/2021

Country/Territory: UNITED KINGDOM

Priority Application Number: UK00003639660

Goods and/or Services: Technical data analysis services relating to energy supply and distribution; computerised information storage services; consultancy and

advisory services relating to technical data analysis of energy consumption and distribution in the field of energy saving; platform as a service (PaaS); platform as a services (PaaS) in the field of customer relationship management; platform as a service (PaaS) relating to the management of energy metering, monitoring of energy prices for buying and selling energy off the grid, the tracking and monitoring of energy and power usage and consumption, the supply of energy and load balancing of electricity and energy, as to balancing the supply and demand of energy and electricity, including the supply and demand of energy from solar, wind, wave, geothermal, solid waste and other renewable sources; development of computer platforms; hosting of computer platforms on the internet; maintaining and hosting of databases; design and updating of software databases; design, installation and development of software databases; design, development and installation of computer hardware, servers and routers; providing online non-downloadable software for database management; software as a service (SaaS); software as a services (SaaS) in the field of customer relationship management; software as a service (SaaS) relating to the management of energy metering, monitoring of energy prices for buying and selling energy off the grid, the tracking and monitoring of energy and power usage and consumption, the supply of energy and load balancing of electricity and energy, as to balancing the supply and demand of energy and electricity, including the supply and demand of energy from solar, wind, wave, geothermal, solid waste and other renewable sources; development of energy and power management systems; information, advisory and consultancy services relating to all the aforesaid; none of the foregoing pertaining to the processing, transmission and delivery of audio and audio-video content and streams.

Goods and/or Services:

Class 09

Downloadable software for browsing and purchasing consumer goods of others; downloadable software for engaging and coordinating personal shopper and delivery services; downloadable software for providing information on available same-day transportation and delivery services; downloadable software for shopping in the field of consumer goods, grocery, food, pharmacy, home goods, pet supply, electronics, clothing, beauty, media, office supply, and general merchandise; downloadable

software for delivery in the field of consumer goods, grocery, food, pharmacy, home goods, pet supply, electronics, clothing, beauty, media, office supply, and general merchandise; downloadable software for searching for and accessing, creating, publishing, and browsing recipes and information in the field of food, cooking, wine, and beverages; downloadable software for searching for and accessing, creating, publishing and browsing information in the field of general merchandise, consumer goods, groceries and food, pharmacy goods, home goods, pet supplies, electronics, clothing, beauty products, media, office supplies; computer hardware and software systems for the wholesale and retail store industries, namely, point-of-sale software and computer hardware for inventory management, operating computer systems, processing of sale transactions, data and accounting management, customer relationship management, transmission of payment information, inventory management, management of consumer loyalty programs and gift card processing; artificial intelligence powered checkout system comprised of customer self-service electronic checkout stations for point of sale; artificial intelligence powered checkout systems comprised of cameras to track and process purchases of goods from stores; electronic equipment for point-of-sale (POS) systems, namely, point-of-sale terminals, bar code readers, optical readers, advertisement display monitors, computer display monitors, keyboards, printers, scanners, radio transmitters, radio receivers, and computer hardware with embedded computer operating software; point-of-sale terminals; computing hardware that consists of a screen, a central processing unit and cameras; secure electronic payment terminals for electronic transactions; downloadable mobile applications that allows users to execute shopping-related demands in the nature of building a shopping list, placing an order for groceries and retail products online, and selecting recipes according to groceries purchased; high performance one dimensional and two dimensional barcode readers using image technology; downloadable computer application software for mobile phones, handheld computers, and tablets, featuring image recognition, optical decoding, audio recognition, audio decoding, and code technology, for use in reading scanned

advertisements in print, mobile, online, and radio format, displaying consumer product information about goods or services, providing consumers with purchase options that include customer loyalty and rewards programs offerings, personalized sales offers, coupons, and recommendations, and providing consumers with the ability to order, purchase, and obtain delivery of general consumer merchandise and services; computing hardware, namely, mobile computing devices consisting of barcode scanners, interactive touchscreen monitors, and radio frequency devices featuring deep learning, camera-based item identification, and computer vision, that function as portable retail store checkouts; computing hardware, namely, mobile computing devices consisting of barcode scanners, interactive touchscreen monitors, radio frequency receivers, and electronic weighing scales consisting of weight sensors and featuring deep learning, computer vision, and camera based item identification, that enable consumers to weigh goods; computer hardware in the nature of mobile computing devices equipped to bar code scanners, touchscreen monitors and radio frequency receivers that cooperate with each other to collect and aggregate consumer behavior data, namely, tracking customer purchases and automating customer checkout within a retail store; software development kits (SDKs) consisting of computer software development tools to allow third parties to integrate retailer applications, e-commerce sites and retail fulfillment backend systems to cloud-based consumer marketplace or a locally deployed server; computer software and computer hardware that allow users to perform electronic business transactions via a global computer network; customer self-service electronic checkout stations for point of sale; computer software and programs for use in payment processing; downloadable mobile applications for commerce, namely, software that allows users to perform electronic business transactions via a global computer network; all of the foregoing excluding photo and video sharing and social networking software.

Class 35

Online retail store services featuring a wide variety of consumer goods of others;

online retail and wholesale store services relating to consumer goods, groceries, foods, pharmacy products, home goods, pet supplies, electronic apparatus and equipment, clothing, beauty products, digital recording media, magnetic data media, optical data media, office supplies, and general merchandise; advertising and promoting the goods and services of others via a global computer network, namely, advertising and promoting the availability of goods for selection, ordering, purchase, and delivery; comparison shopping services; promoting the goods and services of others through special offers and online catalogs featuring a wide variety of consumer goods of others; online ordering services for others relating to consumer goods, groceries, foods, pharmacy products, home goods, pet supplies, electronic apparatus and equipment, clothing, beauty products, digital recording media, magnetic data media, optical data media, office supplies, other supermarket products, and general merchandise; promoting the goods and services of others by dissemination of marketing information, advertisements, article publications and multimedia publications via the Internet; promoting the goods and services of others via online distribution of recipes featuring the consumer goods of others; advertising services for others, namely, dissemination of advertising materials tailored to individual customers of retail stores; order fulfillment services, namely, order processing services, clerical services for the taking of purchase orders, purchase order management services, purchase order management services for third parties, invoicing services, arranging of contracts for the purchase and sale of good [for others], ordering services for third parties and customer relationship management services; inventory management and control; inventorying merchandise; order fulfillment services incorporating robotics and automation, namely, order processing services, clerical services for the taking of purchase orders, purchase order management services, purchase order management services for third parties, invoicing services, arranging of contracts for the purchase and sale of good [for others], ordering services for third parties and customer relationship management services; all of the foregoing excluding photo and video sharing and social

networking services.

Class 36

Payment processing services, namely, charge card and credit card payment processing services, processing of electronic wallet payments, processing of contactless credit and debit card payments, and processing of credit card payments via near field communication technology-enabled devices.

Class 38

Providing electronic transmission of credit card transaction data and electronic payment data via a global computer network; all of the foregoing excluding photo and video sharing and social networking services.

Class 39

Transport and delivery of consumer goods; delivery of goods, namely, consumer goods, groceries, foods, pharmacy products, home goods, pet supplies, electronic apparatus and equipment, clothing, beauty products, digital recording media, magnetic data media, optical data media, office supplies, and general merchandise; warehousing services, namely, storage, distribution, pick-up, packing, and shipping of a wide variety of consumer goods.

Class 42

Providing online non-downloadable software that allows users to search, browse, and purchase a wide variety of consumer goods of others; providing temporary use of non-downloadable software for browsing, comparing, and purchasing a wide variety of consumer goods of others; providing temporary use of non-downloadable software for ordering delivery services; providing temporary use of non-downloadable software for engaging and coordinating personal shopper and delivery services; providing temporary use of non-downloadable software for providing information on available same-day transportation and delivery services; providing

online non-downloadable software that allows users to search, access, create, publish and browse information in the field of food, cooking, wine, beverages, recipes, general merchandise, consumer goods, pharmacy goods, home goods, pet supplies, electronics, clothing, beauty products, media, and office supplies; providing temporary use of non-downloadable software for shopping in the field of consumer goods, grocery, food, pharmacy, home goods, pet supply, electronics, clothing, beauty, media, office supply, and general merchandise; providing temporary use of non-downloadable software for delivery in the field of consumer goods, grocery, food, pharmacy, home goods, pet supply, electronics, clothing, beauty, media, office supply, and general merchandise; providing temporary use of non-downloadable software for searching for and accessing, creating, publishing, and browsing recipes and information in the field of food, cooking, wine, and beverages; providing temporary use of non-downloadable software for searching for and accessing, creating, publishing and browsing information in the field of general merchandise, consumer goods, groceries and food, pharmacy goods, home goods, pet supplies, electronics, clothing, beauty products, media, office supplies; providing temporary use of non-downloadable computer software for enabling autonomous checkout utilizing artificial intelligence; providing temporary use of non-downloadable computer software for payment processing, usage data reporting, controlling user access, and reservation of charging times; development and implementation of new technology for others in the field of robotics in retail stores; providing temporary use of non-downloadable computer software for use in database management, sales, customer tracking and management, and inventory management for the e-commerce, wholesale and retail industries; providing temporary use of non-downloadable computer software that utilizes artificial intelligence to empower cameras to identify and understand human activities; development of new technology for others in the field of retail store services, namely development of automated smart robotic systems using methods of artificial intelligence to enable a self-service electronic checkout station for point of sale; computer systems analysis of automated smart

robotic systems using methods of artificial intelligence to enable a self-service electronic checkout station for point of sale; providing temporary use of web-based software for data management for the food service field; providing temporary use of web-based software programs for data management for the food service field; providing temporary use of web-based software designed to estimate costs for food-related products and services; providing temporary use of web-based software designed to estimate resource requirements for food-related products and services; providing temporary use of web-based software for accounting systems; providing temporary use of web-based software for analyzing address files; providing temporary use of web-based software for business purposes in the field of accounting and data management for the food service industry; providing temporary use of web-based software for communicating purposes between microcomputers; providing temporary use of web-based software for communication between computer processes; providing temporary use of web-based software for processing address files; providing temporary use of web-based software packages for data management for the food service field; providing temporary use of web-based software products, namely, non-downloadable software for data management for the food service field; providing temporary use of web-based software programs for database management; providing temporary use of web-based industrial software programs for food production; providing temporary use of web-based interactive software for data management for the food service field; providing temporary use of non-downloadable computer e-commerce software to allow users to perform electronic business transactions via global computer network; providing temporary use of non-downloadable computer software for use in processing credit and debit card payments; providing temporary use of non-downloadable software development kits (SDKs) consisting of non-downloadable computer software development tools to allow third parties to integrate retailer applications, e-commerce sites and retail fulfillment backend systems to cloud-based consumer marketplace or a locally deployed server; providing temporary use of non-downloadable computer software

for image recognition and matching images so analyzed with other image data; providing temporary use of non-downloadable computer image processing software for use in extracting visual attributes from images that may be downloaded from a global computer network; providing temporary use of non-downloadable computer software for use in acquiring shopping information and price comparisons that may be downloaded from a global computer network; providing temporary use of non-downloadable computer software that provides weight, dimension, shape, and location data for digitally scanned products; providing temporary use of non-downloadable computer software that allows users to identify and locate online stores where goods that have been digitally photographed and interpreted by image recognition software can be purchased; providing temporary use of non-downloadable computer software that tracks a shopper's location inside a store and displays it to users via a screen interface while shopping; providing temporary use of non-downloadable computer software for use in inventory tracking and data analytics in the field of retail stores; providing temporary use of non-downloadable computer software for analyzing retail store customer data; providing temporary use of non-downloadable computer software for analyzing consumer behavioral data; providing temporary use of non-downloadable computer software to collect and aggregate consumer behavior data within a retail store; providing temporary use of non-downloadable computer software to provide dynamic pricing of items throughout the store; providing temporary use of non-downloadable computer software that provides recommendation of items for purchase based on shopper preferences; providing temporary use of non-downloadable computer software for use in advertising products and brands via electronic displays throughout retail stores; providing software as a service (SAAS) services featuring computer software for designing, developing, hosting, implementing and maintain web sites for others that enable, collect data with respect to, and process the selection, ordering, billing, delivering, and advertising of consumer goods and services, and for use in advising retailers regarding the use of such websites by others in the field of retail, ordering, and

delivery services featuring consumer goods; providing software as a service (SAAS) services featuring computer software for use by others to market and advertise to individual customers of retail stores; providing software as a service (SAAS) services featuring computer software for email messaging, marketing automation, retail analytics, customer analysis, website visitor analysis and website analysis; development and implementation of new technology for others in the field of robotics and automation for order fulfilment and inventorying merchandise in retail stores; all of the foregoing excluding photo and video sharing and social networking services.

Class 45

Personal shopping services for others; personal shopping for others relating to consumer goods, groceries, foods, pharmacy goods, home goods, pet supplies, electronic apparatus and equipment, clothing, beauty products, digital recording media, magnetic data media, optical data media, office supplies, and general merchandise; all of the foregoing excluding photo and video sharing and social networking services.

Goods and/or Services:

Class 07

Robotic exoskeleton suits for industrial purpose, other than for medical purposes; robotic exoskeleton suits used for fishing; robotic exoskeleton suits, other than for medical purposes; wearable apparatus for metalworking, for processing foodstuffs, for processing beverages, for construction, for load handling, other than for medical purposes; wearable apparatus for manufacturing chemicals, namely, electric apparatus for providing support when lifting loads during chemical manufacturing processes, aimed at reducing burdens for waist or body; wearable apparatus for agricultural purposes, namely, electric apparatus for providing support when lifting loads during agriculture activities, aimed at reducing burdens for waist or body; industrial robots; wearable industrial robots; metalworking machines and tools; robotic exoskeleton suits used for metalworking; wearable robots for metalworking; food or beverage processing machines and apparatus; robotic exoskeleton suits used for processing foodstuffs; robotic exoskeleton suits used for processing beverages; wearable robots for processing foodstuffs; wearable robots for processing beverages; chemical processing machines and apparatus; robotic exoskeleton suits used for chemical processing; wearable robots for manufacturing chemicals; construction machines and apparatus; robotic exoskeleton suits used for construction purposes; wearable robots for construction; loading-unloading machines and apparatus; robotic exoskeleton suits used for moving and lifting load; wearable robots for load handling; agricultural machines and agricultural implements, other than hand-operated; robotic exoskeleton suits used for agricultural work, namely, cultivating, fertilising, grass collection, grass cutting, ground cultivation, harvesting, ploughing, soil working, and sowing; wearable robots for agricultural purposes.

Class 09

Measuring or testing machines and instruments; telecommunication machines and apparatus; electric installations for the remote control of industrial operations; personal digital assistants; personal digital assistants in the shape of a watch; smartphones; parts and accessories for personal digital assistants; computers;

computer peripheral devices; computer hardware; computer software, recorded; computer programs, recorded; wearable computers to reduce burdens for waist or body, other than for medical purposes; electronic calculators; computer programs; computer software; storage media recorded with computer programs; computer application software; computer software downloadable from the Internet; application software; computer application software for personal digital assistants; downloadable programs for smartphones and personal digital assistants; computer software for data visualization.

Class 10

Robotic exoskeleton suits for medical purposes; robotic exoskeleton suits for physical rehabilitation purposes; robotic exoskeleton suits designed for use by care personnel or medical personnel to provide support when lifting patients, so as to reduce burdens on personnel's waist or body; medical apparatus and instruments wearable on body of care personnel or medical personnel; medical apparatus and instruments; medical apparatus and instruments for recovery of motor function; auxiliary medical devices and orthodontic apparatus, other than walking aids, and crutches; walking aids for medical purposes; robotic exoskeleton suits for medical purposes.

Class 42

Rental of computers; providing computer programs on data networks; software as a service (SaaS); design and development of computer software; design and development of application software for mobile phones; updating and maintenance of computer software; duplication of computer programs; installation of computer software.

Ecovyst Catalyst Technologies LLC

600 LEE ROAD, SUITE 200

WAYNE PA 19087

Agent Details/Address for Service:

SPRUSON & FERGUSON (ASIA) PTE. LTD.

152 BEACH ROAD

#37-05/06 GATEWAY EAST

SINGAPORE 189721

National Trade Mark No: 40202418607S

International Registration No: 1804706

Date of Protection in Singapore: 14 December 2023

Classes: 01 05 10 42 44

Goods and/or Services:

Class 01

Chemicals for use in industry and science; biological preparations, biological reagents, for use in industry and science.

Class 05

Pharmaceutical and biological preparations or active substances for the treatment of diseases; medical, pharmaceutical and biopharmaceutical preparations and substances for the treatment of diseases; pharmaceutical goods and preparations, namely gene transfer, regulation, modulation and delivery medications for the treatment of genetic diseases and disorders; medical products and agents; veterinary products and agents; genome editable enzymes; DNA recombinant enzymes; DNA editable enzymes for medical, pharmaceutical, or veterinary purposes in the form of recombinases and integrases; genome editable enzymes for the treatment of diseases; DNA recombinant enzymes for the treatment of diseases;

DNA editable enzymes for the treatment of diseases, including recombinases and integrases for the treatment of diseases.

Class 10

Medical apparatus and instruments.

Class 42

Scientific and technological services and research for creation and application of bioinformatic algorithms and models; science and technology services, scientific and technological research, scientific development services, technological development, all relating to gene, genome and cell editing, modulation, modification, engineering, regulation, repair and therapy for the development of pharmaceutical and biological preparations or medications for humans and diagnostic goods and services; consultancy services relating to development of pharmaceutical and biological preparations or medications for humans in the field of gene, genome and cell editing, modulation, modification, engineering, regulation, repair and therapy; genome engineering services; scientific research relating to genetics, scientific research in the field of genome editing sectors; analytical laboratory services; medical laboratory services; scientific laboratory services; research laboratories; scientific research and development; development of pharmaceutical preparations and medicines; pharmaceutical products development; bioinformatic research for identification of target sequences for genome editing in a cell's DNA; bioinformatic research for identification of target sequences for genome editing in a cell's DNA by genome editable enzymes, DNA recombinant enzymes, DNA editable enzymes, in particular recombinases and integrases; bioinformatic or computational analysis to identify target sequences in a cell's DNA; scientific investigations for medical purposes relating to screening processes for the identification of DNA target sites for genome-editable enzymes, for the identification of genome editable enzymes, DNA recombinant enzymes, DNA-editable enzymes, in particular recombinases and

integrases; research and development for the pharmaceutical industry; technological consultancy relating to the treatment of diseases by means of genome editable enzymes, DNA recombinant enzymes, DNA editable enzymes, in particular recombinases and integrases.

Class 44

Medical services; medical analysis relating to the treatment of persons; medical and health care services relating to DNA and genetics by editing genes for the treatment of diseases treatable with genome editable enzymes, DNA recombinant enzymes, DNA editable enzymes, in particular recombinases and integrases; medical services and medical services in relation to genome editing; genetic counseling; therapy services; services for the preparation of medical reports; providing personalised healthcare and medical information; providing therapy recommendations; providing of information and counselling services, in relation to the following fields: medical services, health care services; therapy consultancy, in relation to the following fields: genome editing; counselling relating to recombinases and integrases for the treatment of diseases.

Goods and/or Services:

Class 07

3D printers; electric mixers for household purposes; leather-working machines; industrial robots; sorting machines for industry; aggregate crushers; mine borers; extractors for mines; coalcutting machines for mining purposes; ore treating machines; crushing machines; rock drills; well drilling machines; diggers [machines]; coal-cutting machines; excavators; machine coupling and transmission components except for land vehicles; rings other than for land vehicles (parts of machines); brushes, electrically operated [parts of machines]; braking devices for machine (other

than for vehicles); shock absorbers for machine (other than for vehicles); dairy machines; agricultural machines; tobacco processing machines; painting machines; motive power machines (other than for land vehicles); power transmissions and gearings (other than for land vehicles); motors and engines [except for land vehicles]; motors (except for land vehicles); incubators for eggs; coffee grinders, other than hand-operated; food and drink processing machines for industrial purposes; chemical machines for industrial purposes; food peeling machines for commercial use; automatic grapnels for marine purposes; textile machines; rinsing machines; aerating pumps for aquariums; water mills; stamping machines; lifting machines; sericultural machines; fishing machines; electrodes for welding machines; printing machines; vending machines; lawnmowers [machines]; sewing machines; pneumatic door openers and closers [parts of machines]; hydraulic door openers and closers [parts of machines]; gas pumps for service stations; mechanical parking systems; milking machines; civil engineering machinery; pulp processing machines; vertical turbine pumps; compressed air pumps; reciprocating vacuum pumps; reciprocating pumps; centrifugal pumps; axial flow pumps; diffusion pumps; rotary vacuum pumps; rotary pumps; machine tools for removing waste material; packaging machines; robots; robots for assembling electronic circuits; robots for industrial use.

Class 09

DNA chips; egg-candlers; gas leak alarms; anti-theft alarms not for vehicles; acoustic [sound] alarms; alarm bells, electric; fire alarms; adding machines; electric calculators; accounting computer terminals; computer terminals for accounting purposes; slide-rules; goggles for sports; optical apparatus and instruments, except for glasses and photographic apparatus; life-saving apparatus and equipment; mechanical traffic signals; downloadable multimedia file; downloadable mobile coupons; electronic publications, downloadable; films, exposed; electronic collars to train animals; coin-operated musical automata [juke boxes]; lenses; metronomes; carpenters' rules; semi-conductors; respiratory masks, other than for artificial

respiration; protective shoes; gloves for protection against accidents, irradiation and fire; clothing for protection against accidents, irradiation and fire; buzzers; bluetooth earset; optical glass; video game cartridges; emergency and rescue apparatus, namely, non-explosive and non-pyrotechnic rescue flares, rescue laser signaling flares, and emergency thermal blankets for retaining body heat; photographic apparatus and instruments; fire boats; physical and chemical laboratory apparatus and instruments; spectacles; sports whistles; pre-recorded non-musical electronic media (excluding computer software); pre-recorded music electronic media; ionization apparatus not for the treatment of air or water; satellites; automatic fire extinguishing apparatus; divers' masks; ear plugs for divers; oxygen tanks for diving; electric door bells; electrified fences; locks, electric; telecommunication machines and apparatus; electric plugs; electric batteries; air sensor for vehicles; railway traffic safety appliances; computer software; protective helmets; protective helmets for sports; solderers' helmets.

Class 11

Gas lighters; gas regulators; heaters for heating irons; non-electric ice-cooling refrigerators for household purposes; non-electric water purifiers for household purposes; ice-cooling refrigerators [for household purposes]; electric heating and cooling systems for household purposes; water purifiers for household purposes; hair dryers [for household purposes]; air purifying apparatus and machines; air purifying apparatus; air deodorizing apparatus; industrial furnaces; water supply installations; apparatus for heating/ventilating and air conditioning; heating apparatus; heating and air conditioning apparatus; freezers; refrigerating apparatus and installations (other than for vehicles); forage drying apparatus; cooling installations for tobacco; luminous house numbers; burners (other than for laboratory use); toilet bowls; non-electric lighting apparatus and devices; sauna apparatus incorporating beds and heating apparatus; showers; heating and cooling systems for ships; pocket warmers; washers for water taps; heating apparatus for vehicles; lighting apparatus for

vehicles; aquarium filtration apparatus; heating apparatus and devices for laboratory use; sinks; cooking apparatus and installations; cookers; beverage cooling apparatus; apparatus for dehydrating food waste; medical sterilizer; toilets, portable; heating and cooling systems for motor cars, not being parts of engines or motors; lighting apparatus and devices for bicycles; electric foot warmers; coils [parts of distilling, heating or cooling installations]; heating and cooling systems for railway vehicles; dental ovens; taps [faucets]; heating and cooling systems for aircrafts; apparatus for ventilating and air conditioning; ventilators; whirlpool-jet apparatus.

Class 35

Auctioneering; advertising and business management consultancy; advertising; business management and organization consultancy; business information and accounting advisory services; retail services provided by hypermarket services; retail department store services; secretarial and clerical services; secretarial services; office functions; business management and office functions; import-export agency services; retail services provided by supermarkets; arranging newspaper subscriptions for others; promoting the goods and services of others by means of operating an on-line comprehensive shopping mall; rental of vending machines; business intermediary services relating to mail order by telecommunications; compilation of information into computer databases; providing information in the field of employment; retail services provided by convenience stores; accounting.

Class 37

Installation of furniture; cleaning of furnishings; repair of bags; leather cleaning and repair; repair of leather/fur; construction; pumicing; installation, maintenance and repair of air freshening apparatus; shoe cleaning; cleaning and repair of blocked drains; fountain pen repair; repair of razors; installation of doors and windows; repair of jewelry; repair of non-electric lighting apparatus and devices; repair of non-electric dusting apparatus; photographic apparatus repair; book repair; laundering; rebuilding

engines that have been worn or partially destroyed; repair of hand-operated tools; vehicle repair services; repair of sporting articles (other than golf articles/climbing articles); clock and watch repair; shoe repair; repair of musical instruments; repair or maintenance of sericultural machines and implements; drilling of oil wells; repair of medical machines and apparatus; clothing repair; artificial snow-making services; washing of motor vehicles; automobile detailing; automobile painting; automobile polishing; automobile reconditioning services; trimming and refinishing of automobiles; lock repair services; installation and repair of electric heating equipment; repair of braking devices; repair of non-electric lighting apparatus and devices; shipbuilding; kitchen equipment installation; repair of guns and bullets; repair of computers; installation, maintenance and repair of fire and security alarms; repair of lighters for smokers; repair of smoking equipment.

Goods and/or Services:

Class 09

Integrated circuits; electronic integrated circuits; large scale integrated circuits; semi-conductors; semiconductor chips; semiconductor chipsets; microprocessors; semiconductor memories; electronic semi-conductors; circuit boards; chips [integrated circuits]; computer software; computer programs; computer hardware and software for use in implementing internet of things [IoT]; computer hardware; computer software platforms, recorded or downloadable; computers and computer peripherals; DC/DC converters; AC/DC converters; converters, electric; electrical power supplies;

components for electrical power supplies; accessories for electrical power supplies; electronic power control apparatus; power control device; electronic power supplies; electric current control devices; power distribution or control machines and apparatus; rotary converters; phase modifiers; solar batteries; accumulators [batteries]; electrical cells and batteries; current sensors and testers for measuring semiconductor characteristics; electric or magnetic meters and testers; electric wires and cables; telecommunication machines and apparatus; personal digital assistants; vehicle drive training simulators; sports training simulators; laboratory apparatus and instruments; photographic machines and apparatus; cinematographic machines and apparatus; optical machines and apparatus; measuring or testing machines and instruments; magnetic cores; resistance wires; electrodes; game programs for home video game machines; electronic circuits and CD-ROMs recorded with programs for hand-held games with liquid crystal displays; phonograph records; downloadable music files; downloadable image files; recorded video discs and video tapes; electronic publications; exposed cinematographic films; exposed slide films; slide film mounts; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers and recording discs; data processing apparatus and computers; electronic agendas; amplifiers; antennas; bar code readers; electric cables; fiber optic cables; encoded magnetic cards; cassette players; commutators; compact discs [audio-video]; computer game programs; computer memories; recorded or downloadable computer programs; computers; printers for use with computers; electric contacts; control panels for power distributing; magnetic data media; optical data media; optical discs; blank magnetic discs; disk drives for computers; downloadable electronic publications; integrated circuit cards; inverters [electricity]; lasers, not for medical purposes; magnetic tapes; meters; modems; electric monitoring apparatus; monitors for computer; mouse for computers; digital color photocopiers; portable telephones; radio pagers; optical character readers; remote control apparatus; electric resistances; scanners for computer; electric sockets; sound recording apparatus; sound recording magnetic discs and video

tapes; sound reproducing apparatus; sound transmitting apparatus; personal stereos; electric switches; switches; telephone apparatus; thermostats; telecommunication transmitters; video cassettes; video game cartridges; video recorders; video telephones; air-gas producers for laboratory use; thermostats for laboratory use; hygrometers for laboratory use; glassware for laboratory experiments; porcelain instruments for laboratory experiments; furnaces for laboratory experiments; laboratory experimental machines and apparatus; models/specimens for laboratory use; tilting pan heads [for laboratory use]; cameras; range finders; photo-developing/printing/enlarging or finishing apparatus; tripods [for cameras]; bellows [photography]; slide projectors; self-timers; power supply equipment for photography flash bulbs; flash lamps; viewfinders; lens hoods; flash guns; shutter releases; optical lenses; exposure meters; projectors [projection apparatus]; transparent sheets [exposed films] for overhead projectors; photograph developing or finishing apparatus; cinematographic cameras; projection screens; editing machines for movie films; lens barrels [for telescopes]; tripods [for telescopes]; periscopes; binoculars; reflectors [for telescopes]; prisms [telescopes]; telescopes; magnifying glasses; metallurgical microscopes; biological microscopes; polarizing microscopes; stereoscopes; microscopes; temperature indicators; gasometers; thermometers; water meters; balances/scales; tape measures; masu [Japanese box-shaped volume measure]; planimeters; standard-unit measuring machines and apparatus; pressure gauges/manometers; level gauges; acoustic meters; tachometers; accelerometers; refractometers; luminoflux meters; photometers; altimeters; hygrometers; illuminometers; vibration gauges; noise meters; speedometers [speed indicators]; calorimeters; viscosimeters; densitometers/concentration meters; gravimeters/aerometers; densimeters [density meters]; dynamometers; flowmeters; derived-unit measuring machines and apparatus; angle gauges; angle dividing apparatus [measuring instruments]; spherometers; inclinometers; interferometers; straightness testers; projectors; graduation checkers [calibration checkers]; length gauges; screw-thread measuring machines and instruments; comparators; surface

roughness testers; flatness testers; precision measuring machines and instruments; automatic pressure controllers; automatic liquid-flow controllers; automatic fluid-composition controllers; automatic liquid-level controllers; automatic temperature controllers; automatic combustion controllers; automatic vacuum controllers; automatic calorie controllers; programmable logic controllers; metal compression testers; metal hardness testers; metal strength testers; rubber testing machines; concrete testing machines; cement testing machines; textile testing machines; plastic testing machines; lumber testing machines; material testing machines and instruments; alidades; meteorological instruments; base plates for measuring instruments; distance measuring machines or apparatus [range finders]; clinometers; magnetic compasses; compass needles; gyro compasses; gyromagnetic compasses; analysis instruments for photogrammetric purposes; levels [spirit levels]; precision theodolites; measuring rods; surveying chains; electronic target location apparatus; transits for surveying; levelling rods for surveying; sextants; surveying machines and instruments; astronomical spectroscopes; zenith telescopes; astrometric measuring apparatus and instruments; electronic charts for identifying hiding-power of paint; rust-formation testing pieces; relays; circuit breakers; power controllers; current rectifiers; connectors; circuit closers; capacitors; resistors; distributing boxes; distribution boards [electricity]; fuses; lightning arresters; transformers; induction voltage regulators; reactors [electricity]; phase meters; oscillographs; circuit testers; antenna measuring apparatus; detectors; magnetic measuring apparatus; frequency meters; vacuum tube characteristic measuring apparatus; watt hour meters; ammeters; wattmeters; oscillators; electrical power testers; interphones; automatic telephone exchange apparatus; manual telephone exchange apparatus; telephone sets; teletypewriters; automatic telegraph apparatus; phototelegraphy apparatus; manual telegraph apparatus; facsimile machines; audio frequency transmission apparatus; cable-type carrier-frequency apparatus; power-line-type frequency-carrier apparatus; open-wire-type frequency-carrier apparatus; carrier-frequency repeaters; transmission machines and apparatus for telecommunication; television receivers;

television transmitters; radio receivers [radios]; radio transmitters; broadcasting machines and apparatus; portable radio communication apparatus; aeronautical radio communication apparatus; multichannel radio communication apparatus for fixed stations; monochannel radio communication apparatus for fixed stations; radio communication apparatus for vehicles; marine radio communication apparatus; radio communication machines and apparatus; navigation apparatus for vehicles; beacon apparatus; direction finders; radar apparatus; loran apparatus; radio machines and apparatus; remote control telemetering apparatus; loudspeakers/megaphones; compact disc players; juke boxes; tape recorders; electric phonographs; record players; audio frequency devices and apparatus; video disc players; video frequency devices and apparatus; cabinets for loudspeakers; coils, electric; magnetic tape erasers; magnetic tape cleaners; magnetic head erasers; magnetic head cleaners; speakers; stands and racks for telecommunication machine and apparatus; dials [for photographic transparencies]; fuses for communication apparatus; tapes for tape recorders; change-over switches; distribution boards; pickups; video tapes; indicator lights for telecommunication apparatus; electrical phonomotors; headphones; protectors for telecommunication apparatus; microphones; record cleaners [cleaning apparatus for phonograph records]; blank record discs; cleaning apparatus for phonograph records; parts and accessories for telecommunication machines and apparatus; geiger counters; cyclotrons; X-ray apparatus, not for medical use; betatrons, not for medical use; magnetic surveying machines; magnetic object detectors; shielding cases for magnetic discs; seismic wave surveying machines; hydrophone machines and apparatus; ultrasonic depth sounders; ultrasonic flaw detectors; ultrasonic sensors; electrostatic copying machines; remote control apparatus for opening and closing doors; electronic microscopes; desk-top computers; word processors; X-rays tubes, not for medical use; tubes for photographic instruments; vacuum tubes; rectifier tubes; cathode ray tubes; discharge tubes; electron tubes; thermistors; diodes; transistors; electronic circuits and CD-ROMs recorded with program for handheld liquid crystal display game; pre-

recorded video discs and tapes; semi-conductor devices; semi-conductor integrated circuits including CPU; electronic circuits; magnetic drums, magnetic discs, magnetic tapes, CD-ROMs, electronic circuits and other storage mediums recorded with a program for developing and designing of semi-conductor devices, integrated circuits including CPU, electronic circuits and other electronic machines; microcontrollers; microcomputers; programs for microcomputers; circuits for testing/evaluating of microcomputers, microcontrollers, microprocessors and semi-conductor integrated circuits; semi-conductor integrated circuits; semi-conductor commutators; downloadable electronic publications for semi-conductors; silicon wafers for semi-conductors; DVD players; DVD recorders and digital video cameras; digital still cameras; video cameras; liquid crystal displays; plasma display television sets; light emitting diodes [LED]; printed circuit boards; notebook computers; handheld computers; personal digital assistants [PDA]; data processing apparatus; electrostatic copying machines; printers; cathode ray tube displays; computer peripheral equipment; compact discs [CD]; digital versatile disks [DVD]; encoded magnetic, optical and integrated circuit cards; magnetic cards; video projectors; semi-conductor testing apparatus; computer software in the field of artificial intelligence.

Class 42

Design of electronic circuit, semiconductor devices, integrated circuits and large scale integrated circuits; design and testing of semiconductor for others; designing of machines, apparatus, instruments [including their parts] or systems composed of such machines, apparatus and instruments; design of semiconductor devices; design of semiconductor chips; design of integrated circuits; design and updating of computer software; provision of technological information in relation to semiconductor including integrated circuits; design of computer-simulated models; computer programming; technological advice relating to computers, automobiles and industrial machines; testing or research in relation to electronic circuit, semiconductor

devices, integrated circuits and large scale integrated circuits; design, development, testing and inspection of power management integrated circuits (PMICs); testing and research services relating to machines, apparatus and instruments; Software as a service [SaaS]; Platform as a service [PaaS]; leasing of a database server to third parties; rental of computers; providing computer programs on data networks; rental of laboratory apparatus and instruments; providing meteorological information; architectural design; surveying; geological surveys; testing, inspection and research services in the fields of pharmaceuticals, cosmetics and foodstuffs; research on building construction or city planning; testing and research services in the field of preventing pollution; testing and research services in the field of electricity; testing and research services in the field of civil engineering; testing, inspection and research services in the fields of agriculture, livestock breeding and fisheries; rental of measuring apparatus; rental of telescopes; rental of technical drawing instruments; design and development of computer hardware and software; authenticating works of art; calibration [measuring]; computer software design; computer system design; computer systems analysis; consultancy in the field of computer hardware; consultation in environment protection; conversion of data or documents from physical to electronic media; creating and maintaining web sites for others; data conversion of computer programs and data, not physical conversion; design of interior decor; dress designing; duplication of computer programs; engineering; graphic arts designing; hosting computer sites [web sites]; industrial design; installation of computer software; maintenance of computer software; material testing; packaging design; physics [research]; technical project studies; quality control; recovery of computer data; rental of computer software; research and development for others; updating of computer software; styling [industrial design]; technical research; textile testing; underwater exploration; vehicle roadworthiness testing; consultancy and advice in the field of design of semi-conductor devices; testing, checking and research of semi-conductor devices; providing information about design of semi-conductor devices/consultancy and advice in the field of design of

semi-conductor devices, testing, checking and research in the field of semi-conductor devices; guidance and advice in the field of design of semi-conductor chips; testing, checking and research in the field of semi-conductor chips/consultancy and advice in the field of design of semi-conductor chips, testing, checking and research in the field of semi-conductor chips; consultancy and advice in the field of design of integrated circuits; testing, checking and research in the field of integrated circuits; providing information about design of integrated circuits/consultancy and advice in the field of design of integrated circuits, testing, checking and research in the field of integrated circuits; design of microcomputers; consultancy and advice in the field of design of microcomputers; testing, checking and research in the field of microcomputers; providing information about design of microcomputers/consultancy and advice in the field of design of microcomputers, testing, checking and research in the field of microcomputer; design of IC cards; consultancy and advice in the field of design of IC cards; testing, checking and research in the field of IC cards; providing information about design of IC cards/consultancy and advice in the field of design of IC cards, testing, checking and research in the field of IC cards; design of semi-conductor memory; consultancy and advice in the field of design of semi-conductor memory; testing, checking and research in the field of semi-conductor memory; providing information about design of semi-conductor memory/consultancy and advice in the field of design of semi-conductor memory, testing, checking and research in the field of semi-conductor memory; design of circuit boards; consultancy and advice in the field of design of circuit boards; testing, checking and research in the field of circuit boards; providing information about design of circuit boards/consultancy and advice in the field of design of circuit boards, testing, checking and research in the field of circuit boards; design of semi-conductor manufacturing apparatus; consultancy and advice in the field of design of semi-conductor manufacturing apparatus; testing, checking and research in the field of semi-conductor manufacturing apparatus; providing information about design of semi-conductor manufacturing apparatus/consultancy

and advice in the field of design of semi-conductor manufacturing apparatus, testing, checking and research in the field of semi-conductor manufacturing apparatus; design of semi-conductor testing apparatus; consultancy and advice in the field of design of semi-conductor testing apparatus; testing, checking and research in the field of semi-conductor testing apparatus; providing information about design of semi-conductor testing apparatus/consultancy and advice in the field of design of semi-conductor testing apparatus, testing, checking and research in the field of semi-conductor testing apparatus; design of semi-conductor checking apparatus; consultancy and advice in the field of design of semi-conductor checking apparatus; testing, checking and research in the field of semi-conductor checking apparatus; providing information about design of semi-conductor checking apparatus/consultancy and advice in the field of design of semi-conductor checking apparatus, testing, checking and research in the field of semi-conductor checking apparatus; provision of technological information relating to the use of semi-conductor manufacturing apparatus; computer programming and maintenance of computer software and CAD; rental of computer software and CAD; research, developing and designing of semi-conductor devices, integrated circuits, CPUS and electronic circuits for others; advice, consultation, and providing information in the field of research, developing, and designing for others of semi-conductors and devices, integrated circuits, CPUS and electronic circuits; research, developing, designing, programming and maintenance of computer software for others; advice, consultation, and providing information in the field of research, developing, designing, programming and maintenance of computer software; technical reports for others in the field of research, developing, designing, programming and maintenance of semi-conductor devices, integrated circuits, CPUs and electronic circuits; technical writing for others in the field of computer software; providing information in the field of research, developing, and designing for others of semi-conductor devices, integrated circuits, CPUs and electronic circuits by means of a global computer network; providing temporary use of on-line non-downloadable applications software (for use

in the field of semi-conductor production, for use in electronic circuit design);
evaluation of technologies for manufacturing semi-conductors for others; providing
technology information for research, developing and designing of semi-conductor
devices, integrated circuits, CPUs and electronic circuits; mechanical testing and
research; providing temporary use of on-line non-downloadable artificial intelligence
computer programs on data networks.

bsport

Goods and/or Services:

Class 35

Advertising; commercial business management; commercial administration; office functions; dissemination of advertising material (leaflets, prospectuses, printed matter, samples); newspaper subscription services (for third parties); arranging subscriptions to telecommunication services for third parties; presentation of goods on all communication media, for retail purposes; business management and organization consultancy; accounting; document reproduction; employment agency services; business management for freelance service providers; computerized file management service; website traffic optimization; organization of exhibitions for

commercial or advertising purposes; online advertising on a computer network; rental of advertising time on all communication media; publication of advertising texts; rental of advertising space; dissemination of advertisements; public relations; company audits (commercial analyses); commercial intermediation services.

Class 38

Telecommunications; information with respect to telecommunications; communications by computer terminals; communications by fiber-optic networks; radio communications; telephone communications; cellular telephone communication; providing user access to global computer networks; provision of forums online; providing access to databases; electronic bulletin board services (telecommunication services); connection by telecommunications to a global computer network; news agencies; news (information) agencies; rental of telecommunication apparatus; broadcasting of radio programs; television program broadcasting; teleconferencing services; videoconferencing services; electronic messaging services; rental of access time to global computer networks.

Class 42

Technical evaluations concerning design (engineers' services); scientific research; technical research; design of computers for third parties; computer development; software design; software development; research and development of new products for third parties; conducting of technical project studies; architecture; design of interior decor; software development (design); software installation; software maintenance; updating of software; software rental; programming for computers; computer system analysis; computer system design; consultant services with respect to computer hardware design and development; digitization of documents; Software as a Service (SaaS); cloud computing; advice regarding information technology; server hosting; motor vehicle roadworthiness testing; graphic arts design services;

styling (industrial design); authentication of works of art; energy auditing; electronic data storage.

BSPORT

30-32 BOULEVARD DE SÉBASTOPOL

F-75004 PARIS

National Trade Mark No: 40202504694U

International Registration No: 1840487

Date of Protection in Singapore: 22 November 2024

Classes: 07 12 37 41 42

Goods and/or Services:

Class 07

Propulsion bulbs, being hydrodynamic components of marine propulsion systems (included in this class); ducted propellers, being marine propulsion units comprising a propeller enclosed in a fixed hydrodynamic nozzle, for use in ships (included in this class); propeller flow influencing devices for ships, namely:, nozzles, nozzle rings, both being parts of hydrodynamic components of marine propeller systems (included in this class) and stator vane being hydrodynamic flow-directing components of marine propulsion systems (included in this class).

Class 12

Water vehicles; ships; boats; parts and fittings for water vehicles; oars, boat rudders; rudders; rudder gear; rudder blades, being structural components of marine steering systems for ships; rudder posts, being vertical shafts as parts of marine steering systems; steering gears for ships; marine propellers; steering gears for ships; guide devices for controlling propeller flow in ships, namely aerofoils or nozzles installed on ships' hulls; aerofoils, for use in relation to the following goods: ships; parts of ships' hulls, namely: energy savings devices for ships; marine masts; stabiliser for reducing the motion of ships; stabilisers for reducing the motion of ships; stabiliser blades for reducing the motion of ships.

Class 37

Shipbuilding; ship repair; repair, in relation to the following goods: parts and fittings for ships; repair, in relation to the following goods: rudders for ships; repair, in relation to the following goods: propellers for ships; ship maintenance; maintenance, in relation to the following goods: parts and fittings for ships; maintenance, in relation to the following goods: rudders for ships; maintenance, in relation to the following goods: propellers for ships; providing information relating to shipbuilding; providing information relating to the repair or maintenance of vessels; installation in relation to the following goods: parts and fittings for ships; installation, in relation to the following goods: rudders for ships; installation, in relation to the following goods: propellers for ships.

Class 41

Training courses in the shipbuilding, marine technology or nautical fields; tuition, in relation to the following fields: manoeuvring systems and rudders for ships; conducting, organising and arranging of the aforesaid training courses.

Class 42

Engineering in the shipbuilding, marine technology or nautical fields; research and

development in the shipbuilding, marine technology or nautical fields, in particular design, conducting calculations (engineering), technical consultancy; project research in the shipbuilding, marine technology or nautical fields, in particular conducting studies and investigations for the development of water vehicle steering technology designs on models and/or vessels; innovation research in the shipbuilding, marine technology or nautical fields, namely the development of steering technology elements and drafting of engineering construction documents.

**mediterranean
nutrition
science**

Goods and/or Services:

Class 01

Chemical and organic compositions for use in the manufacture of food and beverages; chemical substances, chemical materials and preparations, and natural elements being fruit extracts, botanical and plant extracts for use in the manufacture of cosmetics, for use in the food and beverage industry and for use in the manufacture of pharmaceuticals; chemical compounds and materials for use in science; chemical compounds and materials for use in the manufacture of cosmetics; chemicals for use in the manufacture of pharmaceuticals; plant extracts for use in the manufacture of pharmaceutical products; vitamins for use in the manufacture of pharmaceutical products; chemicals for use in the manufacture of food supplements; plant extracts for use in the manufacture of food supplements; plant extracts for use in the food industry; plant extracts for use in the manufacture of cosmetics; botanical extracts, other than essential oils, for the manufacture of cosmetics.

Class 03

Cosmetics; cosmetic preparations; perfumed oils for the manufacture of cosmetic preparations; essential oils and aromatic extracts; cleansing and perfuming preparations; body care and beauty care preparations; perfumery and fragrances; cosmetic oils; cosmetics and cosmetic preparations; toiletries.

Class 05

Pharmaceutical and natural medicines; food supplements and dietary preparations; pharmaceutical products.

Class 41

Services related to education, entertainment and sport; publishing services;

education, entertainment and sport; organization of conferences, exhibitions and competitions; rental services of equipment and facilities for education, entertainment, sport and culture.

Class 42

Pharmaceutical research; pharmaceutical and drug product development; pharmaceutical research and development; conducting clinical studies for pharmaceutical products; pharmaceutical research and development consultancy; technical consultancy regarding research services in the field of food and dietary supplements; technical consultancy regarding research services in the field of food and dietary supplements.

Class 44

Dietary and nutritional advice; provision of information on dietary and nutritional supplements; provision of information on dietary and nutritional guidance; provision of information on dietary and nutritional supplements; medical assistance.

The logo for Westlake, featuring the word "Westlake" in a blue, sans-serif font. The "W" is stylized with a blue outline and a solid blue fill.

Goods and/or Services:

Class 01

Commodity and specialty chemicals for industrial, commercial, and consumer

applications, namely, unprocessed artificial resins, polymers, monomers, chemical feedstocks and unprocessed plastics; chemical preparations for use in industry; unprocessed thermoplastic resins, for use as raw materials in manufacturing in a wide variety of industries; unprocessed plastic materials; vinyl compounds and resins; chlorine for use in the manufacture of plastics and vinyl resins, pharmaceuticals, agricultural products, laundry aids, cosmetics and fabrics and in water purification and waste water disinfection; vinyl chloride monomer for use in the manufacture of vinyl resins; chlor-alkali chemical products and specialty derivatives, namely caustic soda, chlorinated ethylenes, calcium hypochlorite, acid chlorides and chloroformates; polymer dispersing agents; plastisols; chemical preparations for stabilizing, binding, agglutinating, thickening and emulsifying foodstuffs, consumer packaging, medical and healthcare goods, building and construction products; adhesives for the building construction industry; industrial adhesives for coating and sealing of PVC building materials; curing agents used in the manufacture of polymers.

Class 17

Plastics and recycled plastics in molded and extruded form in powder and pellet form for general industrial use; flexible plastic pipe and pipe fittings for municipal, industrial, mining, and irrigation applications; plastic pipes, couplings, joints and pipe fittings.

Class 19

Non-metal building products, namely, siding, shutters, shingles, shake, moldings, trim, decking, railing for decks, balconies, and exterior staircases for residential and commercial use; non-metal roof products and roofing materials; non-metal membranes for use in roofing and underground building structures and applications; non-metal windows and window well systems; non-metal building materials, namely, stones, bricks, veneer, blocks and sheets; plastic or recycled plastic landscape

edging; plastic forms [building materials] for foundation footings and foundation drainage system.

Mark Clause(s):

The following claim is made in the International Registration: Colour(s) claimed: Light blue and dark blue.

Goods and/or Services:

Class 09

Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media, computer software, blank digital or analogue recording and storage media; calculating devices; computers and computer peripheral devices; software; downloadable software; computer software; downloadable computer

software; AI software; application software; collaboration software; communication software; computer software platforms, recorded or downloadable; computer software programs; interactive computer software; downloadable interactive computer software; databases; computer databases; electronic databases; electronic databases recorded on computer media; interactive databases; database software; database management software; computer software for database management; data and file management and database software; data banks; business software; business management software; downloadable publications; electronic publications; downloadable electronic publications; downloadable and recorded content; digital content; downloadable digital content; downloadable digital media content; digital organizers; digital recordings; downloadable digital publications; downloadable videos; downloadable audio recordings; podcasts; downloadable podcasts; computer programs for accessing, browsing and searching online databases; computer software for creating searchable databases of information and data; computer software for accessing, browsing and searching online data banks; computer software for the analysis of business data; computer software for the analysis of price data; computer programs for data processing; computer programs for document management; computer software for processing information; market prediction software; market forecasting software; computer software for analysing market information; computer software for processing market information; financial management software; computer software for producing financial models; price databases; computer software in connection with business procurement, analytics, planning, supply and risk management; computer software in connection with business procurement, analytics, planning, supply and risk management in relation to foods and foodstuffs; computer software in the field of pricing information for commodities and raw materials; downloadable computer software in the field of pricing information for commodities and raw materials; computer databases in the field of pricing information for commodities and raw materials; electronic databases in the field of pricing information for commodities and raw materials; electronic

databases recorded on computer media in the field of pricing information for commodities and raw materials; database management software in the field of pricing information for commodities and raw materials; digital content in the field of pricing information for commodities and raw materials; downloadable digital content in the field of pricing information for commodities and raw materials; downloadable digital media content in the field of pricing information for commodities and raw materials; market prediction software in relation to commodities and raw materials; market forecasting software in relation to commodities and raw materials; computer software for analysing market information in relation to commodities and raw materials; computer software for processing market information in relation to commodities and raw materials.

Class 31

Raw and unprocessed agricultural, aquacultural, horticultural and forestry products; raw and unprocessed grains and seeds; fresh fruits and vegetables, fresh herbs; natural plants and flowers; bulbs, seedlings and seeds for planting; live animals; foodstuffs and beverages for animals; malt; unprocessed cereals.

Class 35

Advertising; business management, organization and administration; office functions; business analysis; business information; business research; procurement services; providing and arranging of commercial and business contacts; business assistance, administrative and management services; business management analysis; business data analysis; business information analysis; business statistics analysis; competitive intelligence services; market intelligence services; market forecasting services; economic forecasting and analysis; market analysis services; price analysis services; pricing analysis; cost price analysis; price comparison services; analysis of business trends; analysis of marketing trends; supply chain management services; business risk assessment services; database management; computerised database

management; management and compilation of computerised databases; collection and systemisation of information into computer databases; collection, systematization, compilation and analysis of business data and information stored in computer databases; automated data processing; electronic data processing services; data processing for the collection of data for business purposes; market reports and studies; price comparison services in relation to food, foodstuffs, commodities and raw materials; procurement services in connection with the sourcing and supply of food, foodstuffs, commodities and raw materials; business analysis, research and information services in relation to commodities and raw materials; market intelligence services in relation to food, foodstuffs, commodities and raw materials; market forecasting services in relation to food, foodstuffs, commodities and raw materials; price analysis services in relation to food, foodstuffs, commodities and raw materials; analysis of market trends in relation to food, foodstuffs, commodities and raw materials; management and compilation of computerised databases in the field of food, foodstuffs, commodities and raw materials; collection and systemisation of information into computer databases in the field of food, foodstuffs, commodities and raw materials; collection, systematization, compilation and analysis of business data and information stored in computer databases in the field of food, foodstuffs, commodities and raw materials; data processing for the collection of data for business purposes in the field of food, foodstuffs, commodities and raw materials; market reports and studies in the field of food, foodstuffs, commodities and raw materials; information, advisory and consultancy services relating to the aforesaid services.

Class 36

Financial, monetary and banking services; insurance services; real estate services; financial analysis; commodity trading [financial services]; commodity trading for others; preparation and analysis of financial reports; financial risk assessment services; investment risk assessment services; financial analysis in the field of food,

foodstuffs, commodities and raw materials; commodity trading for others in the field of food, foodstuffs and raw materials; preparation and analysis of financial reports in the field of food, foodstuffs, commodities and raw materials; financial risk assessment services in the field of food, foodstuffs, commodities and raw materials; investment risk assessment services in the field of food, foodstuffs, commodities and raw materials; business brokerage services; information, advisory and consultancy services relating to the aforesaid services.

Class 38

Telecommunications services; telecommunication access services; electronic data transmission; telecommunication of information including web pages; communication by online blogs; provision of access to portals on the Internet; provision of access to content, websites and portals; electronic exchange of data stored in databases accessible via telecommunications networks; dissemination of documents online via the Internet; provision of access to databases; providing access to databases on the Internet; telecommunication services in the field of food, foodstuffs, commodities and raw material; provision of access to portals on the Internet in the field of food, foodstuffs, commodities and raw material; provision of access to content, websites and portals for price comparison and analysis; provision of access to content, websites and portals in the field of food, foodstuffs, commodities and raw material; communication by online blogs in the field of food, foodstuffs, commodities and raw material; provision of access to databases for price comparison and analysis; provision of access to databases in the field of food, foodstuffs, commodities and raw material; providing access to databases on the Internet for price comparison and analysis; providing access to databases on the Internet in the field of food, foodstuffs, commodities and raw material; information, advisory and consultancy services relating to the aforesaid services.

Class 41

Education; providing of training; entertainment; sporting and cultural activities; publishing services; providing non-downloadable publications; electronic publishing; multimedia publishing; online publication of journals or diaries [blog services]; news reporting services; publication of data reports, analysis and infographics; publication of market reports; education in connection with market intelligence and pricing analytics; education in connection with business procurement, analytics, planning, supply and risk management in relation to foods, foodstuffs, commodities and raw materials; education and publishing services in the field of food, foodstuffs, commodities and raw materials; publishing services in connection with market intelligence, and price comparison and analytics information in the field of food, foodstuffs, commodities and raw materials; providing non-downloadable publications in connection with market intelligence, and price comparison and analytics information; providing non-downloadable publications in connection with business procurement, analytics, planning, supply and risk management in relation to foods, foodstuffs, commodities and raw materials; publication of on-line journals being blogs featuring information on business procurement, analytics, planning, supply and risk management; publication of on-line journals being blogs featuring information on business procurement, analytics, planning, supply and risk management in relation to foods, foodstuffs, commodities and raw materials; news reporting services in connection with market intelligence, and price comparison and analytics information; publication of data reports, analysis and infographics in connection with market intelligence, and price comparison and analytics information; news reporting services in connection with business procurement, analytics, planning, supply and risk management in relation to foods, foodstuffs, commodities and raw materials; publication of data reports, analysis and infographics in connection with business procurement, analytics, planning, supply and risk management in relation to foods, foodstuffs, commodities and raw materials; publication of market reports in connection with business procurement, analytics, planning, supply and risk management in relation to foods, foodstuffs, commodities and raw materials;

information, advisory and consultancy services relating to the aforesaid services.

Class 42

Scientific and technological services and research and design relating thereto; industrial analysis, industrial research and industrial design services; research services; IT services; computer services, namely, creating computer network-based indexes of information, websites and resources; computer services, namely, information technology engineering services; computer services, namely, computer programming, and software engineering services for data processing; software as a service [SaaS] services; platform as a service [PaaS]; software as a service [SaaS] featuring software for machine learning; data mining and migration services; hosting of blogs; hosting of digital content, namely, on-line journals and blogs; scientific, technological and technical research services in connection with market intelligence, and price comparison and analytics information; scientific, technological and technical research services in the field of food, foodstuffs, commodities and raw materials; software as a service [SaaS] services featuring software for use in data management, word processing and use as a spreadsheet in connection with market intelligence, and price comparison and analytics information; software as a service [SaaS] services featuring software for use in data management, word processing and use as a spreadsheet in the field of food, foodstuffs, commodities and raw materials; software as a service [SaaS] featuring software for machine learning in connection with market intelligence, and price comparison and analytics information; software as a service [SaaS] featuring software for machine learning in the field of food, foodstuffs, commodities and raw materials; data mining and migration services in connection with market intelligence, and price comparison and analytics information; data mining and migration services in the field of food, foodstuffs, commodities and raw materials; hosting of blogs in connection with market intelligence, and price comparison and analytics information; hosting of digital content, namely, on-line journals and blogs in connection with market intelligence,

and price comparison and analytics information; hosting of blogs in the field of food, foodstuffs, commodities and raw materials; hosting of digital content, namely, on-line journals and blogs in the field of food, foodstuffs, commodities and raw materials; information, advisory and consultancy services relating to the aforesaid services.

Class 44

Agriculture, aquaculture, horticulture and forestry services; agriculture, aquaculture, horticulture and forestry services in connection with the procurement, analytics, planning, supply and risk management thereof; agriculture, aquaculture, horticulture and forestry services in connection with the procurement, analytics, planning, supply and risk management thereof in relation to foods and foodstuffs; information, advisory and consultancy services relating to the aforesaid services.

Goods and/or Services:

Class 01

Chemicals for use in industry, science and photography, as well as in agriculture, horticulture and forestry; unprocessed artificial resins; fire extinguishing and fire prevention compositions; soldering preparations; substances for tanning animal skins and hides; adhesives for use in industry; putties and other paste fillers; compost, manures, fertilizers; biological preparations for use in industry and science; degreasing preparations for use in manufacturing processes; cleaning solvents for use in manufacturing processes; chemical cleaning agents for use in industrial manufacturing processes; soldering pastes; soldering chemicals; detergents for cleaning use (part of manufacturing operations); desiccants for absorbing moisture; raw materials for the manufacture of washing and cleaning preparations; starch for industrial purposes; unprocessed plastics; tempering preparations; solder fluxes; adhesive removers.

Class 02

Paints, varnishes, lacquers; preservatives against rust and against deterioration of wood; colorants, dyes; inks for printing, marking and engraving; raw natural resins; metals in foil and powder form for use in painting, decorating, printing and art; anti-corrosive preparations.

Class 03

Non-medicated cosmetics and toiletry preparations; non-medicated dentifrices; perfumery, essential oils; bleaching preparations and other substances for laundry use; cleaning, polishing, scouring and abrasive preparations; preparations for conditioning, cleaning, tinting, dyeing, bleaching, fixing and waving of hair; skincare preparations and substances; creams and lotions; cleaning preparations; polishing preparations; scouring preparations; abrasive preparations; adhesive removers for cosmetic purposes; degreasers, other than for use in manufacturing process.

Class 04

Industrial oils; industrial grease; industrial wax; lubricants; dust absorbing, wetting and binding compositions; fuels and illuminants; wicks for candles for lighting.

Class 05

Pharmaceuticals; medical preparations; veterinary preparations; sanitary preparations for medical purposes; dietetic food and substances adapted for medical or veterinary use, food for babies; dietary supplements for human beings and animals; plasters, materials for dressings; material for stopping teeth, dental wax; disinfectants; preparations for destroying vermin; fungicides; herbicides; air freshening preparations; agents for deodorizing ambient air, deodorizing agents, not to be used by human beings or animals; agents for neutralizing and cleaning ambient air; chemical preparations for cleaning and refreshing ambient air; insecticides, insect repellents, insect attractants; agents for disruption or inhibition of mating of insects; parasitocides and antiparasitic preparations.

Class 09

Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signaling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media, computer software, blank digital or analogue recording and storage media; mechanisms for coin-operated apparatus; cash registers, calculating devices; computers and computer peripheral devices; diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming; fire-extinguishing apparatus; electrical dosage dispensers and application equipment especially for adhesives and coatings and for removing

old paints and coatings; online software in the nature of downloadable computer software for use in three dimensional scanning and printing of objects; printing and imaging software, namely, computer software for the three-dimensional scanning of objects, editing of such images, and operating and managing three dimensional printers that print such images; imaging hardware, namely, three dimensional (3D) scanners and three-dimensional (3D) capture platforms; computer software that provides web-based access to applications and services for print management; downloadable and recorded virtual goods for use online and in online virtual environments, namely software in relation to adhesive products, perfumery products, toiletry articles, cosmetic products, make-up, skincare products, preparations for body care and facial care products, haircare products and hair coloring products, pharmaceutical preparations, sanitary preparations, dietary supplements for human beings, plasters and material for dressing, disinfectants; downloadable digital files authenticated by non-fungible tokens (NFTs), namely in relation to adhesive products, perfumery products, toiletry articles, cosmetic products, make-up, skincare products, preparations for body care and facial care products, haircare products and hair coloring products, pharmaceutical preparations, sanitary preparations, dietary supplements for human beings, plasters and material for dressing, disinfectants; downloadable games and interactive entertainment software for use with a global computer network, wireless networks and electronic apparatus of all kinds; downloadable software for access to social networks and interaction with online communities; downloadable software for access to and streaming multimedia entertainment content; downloadable software for providing access to an online virtual environment; downloadable software for the creation, production and modification of digital animated and non-animated characters and designs, avatars, digital chroma keying and skins for access and use in online environments, virtual online environments and extended virtual reality environments; downloadable multimedia files containing artwork, text, audio, and video relating to adhesive products, perfumery products, toiletry articles, cosmetic products, make-up, skincare

products, preparations for body care and facial care products, haircare products and hair coloring products, pharmaceutical preparations, sanitary preparations, dietary supplements for human beings, plasters and material for dressing, disinfectants; near field communication tokens; security tokens (encryption devices); downloadable mobile applications for ordering products in relation to adhesive products, perfumery products, toiletry articles, cosmetic products, make-up, skin-care products, preparations for body care and facial care products, products for hair care and hair coloring products, pharmaceutical preparations, sanitary preparations, dietary supplements for human beings, plasters and material for dressing, disinfectants; near field communication tags for interacting with mobile applications to obtain information in relation to adhesive products, perfumery products, toiletry articles, cosmetic products, make-up, skincare products, preparations for body care and facial care products, haircare products and hair coloring products, pharmaceutical preparations, sanitary preparations, dietary supplements for human beings, plasters and material for dressing, disinfectants; near field communication tags for product promotion and authentication in relation to adhesive products, perfumery products, toiletry articles, cosmetic products, make-up, skincare products, preparations for body care and facial care products, haircare products and hair coloring products, pharmaceutical preparations, sanitary preparations, dietary supplements for human beings, plasters and material for dressing, disinfectants.

Class 16

Paper and cardboard; printed matter; bookbinding material; photographs; office requisites, except furniture; adhesives for stationery or household purposes; drawing materials; materials for artists; paintbrushes; instructional and teaching materials; plastic sheets for wrapping and packaging; plastic films for wrapping and packaging; plastic bags for wrapping and packaging; printers' type; printing blocks; stationery.

Class 17

Unprocessed and semi-processed rubber, gutta-percha, gum, asbestos, mica and substitutes for all these materials; plastics and resins in extruded form for use in manufacture; packing, stopping and insulating materials; flexible pipes, tubes and hoses, not of metal; insulating tapes, adhesive tapes, strips, bands and films; seals, not of metal for pipes, joints, pistons and cables; adhesive sealants; silicone sealants; waterproof sealants; joint sealants; sealants for buildings; elastomer sealants for filling cracks; Insulation fillers; joint fillers; expansion joint fillers; sealing membranes (non-metallic); insulating water proofing membranes and semi-processed synthetic filtering materials of plastic.

Class 19

Materials, not of metal, for building and construction; rigid pipes, not of metal, for building; asphalt, pitch, tar and bitumen; transportable buildings, not of metal; monuments, not of metal; roofing membrane, bituminous sealing membranes, bituminous coatings for roofing; plaster; cement plaster; mortar, concrete, cement, asphalt, pitch, bitumen, screed, mastic asphalt, coatings (building material), grouting material, levelling compound.

Class 37

Construction services; installation services; mining extraction, oil and gas drilling; dry cleaning; cleaning of clothing; washing, cleaning and disinfecting of clothing, carpets, upholstering, curtains, blankets, decorative fabrics, leather and textiles of all kinds; washing and linen ironing; laundry care.

Class 41

Education; providing of training; entertainment; sporting and cultural activities; providing virtual reality game services through an interactive website; entertainment services, namely providing of online, non-downloadable image files for use in virtual environments in connection with adhesive products, sealing products, perfumery products, toiletry articles, cosmetic products, make-up, skincare products,

preparations for body care and facial care products, products for hair care and hair coloring products, pharmaceutical preparations, sanitary preparations; entertainment services, namely providing of online, non-downloadable image files for use in virtual environments in connection with adhesive products, sealing products, perfumery products, toiletry articles, cosmetic products, make-up, skincare products, preparations for body care and facial care products, products for hair care and hair coloring products, pharmaceutical preparations, sanitary preparations, dietary supplements for human beings, plasters and material for dressing, disinfectants, digital animated and non-animated characters and designs, digital avatars, digital skins and digital clothing; virtual reality and interactive game services accessible online from a global computer network, wireless network and electronic apparatus of all kinds; entertainment services via virtual environments in which users may interact for recreational, leisure or entertainment purposes; provision of entertainment content and live entertainment events via an online environment; entertainment services relating to the arranging and setting up of virtual entertainment shows and social entertainment events; organization of competitions.

Class 42

Scientific and technological services and research and design relating thereto; industrial analysis, industrial research and industrial design services; quality control and authentication services; design and development of computer hardware and software; cosmetic research consultancy with regard to the design of homepages and Internet pages; providing platforms on the Internet; software design for others; design and development of software for providing online advertising and/or advertising on the Internet; design and development of computer hardware and software for online services for providing or exchanging information via the Internet, or for operating search engines or online portals with information provided via the Internet, in particular text data, image data, audio data or video data; design and development of computer hardware and software for operating telecommunications

services and digital services, in particular online services for communications via the Internet by means of text data, image data, audio data, speech data and/or video data; design, maintenance and updating of a telecommunications network search engine; creating, maintenance and adaptation of software for greeting card services, anti-spam and anti-virus services; hosting of Internet sites; rental of storage space on the Internet; rental and maintenance of memory space for use as websites for others (hosting); rental of web servers; providing of memory space on the Internet; providing memory capacity for external use (web-housing); providing web space (web-hosting); server administration; rental of web servers; rental of storage space on web servers (webspace); hosting web sites; electronic data back-up; technological services in relation to the implementation of Internet domain registration; designing and developing webpages on the Internet; leasing, hire and rental of computers, computer systems, computer programs and computer software; design and development of data processing programs; computer security services for protection against illegal network access; recovery of computer data; rental of memory server spaces in computer centres for web servers for external use (web housing); testing, authentication and quality control; Blockchain as a Service [BaaS]; hosting services; software as a service [SaaS]; and rental of software; hosting of digital content, namely, on-line journals and blogs.

HENKEL

Goods and/or Services:

Class 01

Chemicals for use in industry, science and photography, as well as in agriculture, horticulture and forestry; unprocessed artificial resins; fire extinguishing and fire prevention compositions; soldering preparations; substances for tanning animal skins and hides; adhesives for use in industry; putties and other paste fillers; compost, manures, fertilizers; biological preparations for use in industry and science; degreasing preparations for use in manufacturing processes; cleaning solvents for use in manufacturing processes; chemical cleaning agents for use in industrial manufacturing processes; soldering pastes; soldering chemicals; detergents for cleaning use (part of manufacturing operations); desiccants for absorbing moisture; raw materials for the manufacture of washing and cleaning preparations; starch for industrial purposes; unprocessed plastics; tempering preparations; solder fluxes.

Class 02

Paints, varnishes, lacquers; preservatives against rust and against deterioration of wood; colorants, dyes; inks for printing, marking and engraving; raw natural resins; metals in foil and powder form for use in painting, decorating, printing and art; anti-corrosive preparations.

Class 03

Non-medicated cosmetics and toiletry preparations; non-medicated dentifrices; perfumery, essential oils; bleaching preparations and other substances for laundry use; cleaning, polishing, scouring and abrasive preparations; preparations for conditioning, cleaning, tinting, dyeing, bleaching, fixing and waving of hair; skincare preparations and substances; creams and lotions; cleaning preparations; polishing

preparations; scouring preparations; abrasive preparations; adhesive removers for cosmetic purposes; degreasers, other than for use in manufacturing process.

Class 04

Industrial oils; industrial grease; industrial wax; lubricants; dust absorbing, wetting and binding compositions; fuels and illuminants; wicks for candles for lighting.

Class 05

Pharmaceuticals; medical preparations; veterinary preparations; sanitary preparations for medical purposes; dietetic food and substances adapted for medical or veterinary use, food for babies; dietary supplements for human beings and animals; plasters, materials for dressings; material for stopping teeth, dental wax; disinfectants; preparations for destroying vermin; fungicides; herbicides; air freshening preparations; agents for deodorizing ambient air, deodorizing agents, not to be used by human beings or animals; agents for neutralizing and cleaning ambient air; chemical preparations for cleaning and refreshing ambient air; insecticides, insect repellents, insect attractants; agents for disruption or inhibition of mating of insects; parasitocides and antiparasitic preparations.

Class 09

Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signaling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media, computer software, blank digital or analogue recording and storage media; mechanisms for coin-operated apparatus; cash registers, calculating devices; computers and computer peripheral devices; diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for

underwater swimming; fire-extinguishing apparatus; electrical dosage dispensers and application equipment especially for adhesives and coatings and for removing old paints and coatings; online software in the nature of downloadable computer software for use in three dimensional scanning and printing of objects; printing and imaging software, namely, computer software for the three-dimensional scanning of objects, editing of such images, and operating and managing three dimensional printers that print such images; imaging hardware, namely, three dimensional (3D) scanners and three-dimensional (3D) capture platforms; computer software that provides web-based access to applications and services for print management; downloadable and recorded virtual goods for use online and in online virtual environments, namely software in relation to adhesive products, perfumery products, toiletry articles, cosmetic products, make-up, skincare products, preparations for body care and facial care products, haircare products and hair coloring products, pharmaceutical preparations, sanitary preparations, dietary supplements for human beings, plasters and material for dressing, disinfectants; downloadable digital files authenticated by non-fungible tokens (NFTs), namely in relation to adhesive products, perfumery products, toiletry articles, cosmetic products, make-up, skincare products, preparations for body care and facial care products, haircare products and hair coloring products, pharmaceutical preparations, sanitary preparations, dietary supplements for human beings, plasters and material for dressing, disinfectants; downloadable games and interactive entertainment software for use with a global computer network, wireless networks and electronic apparatus of all kinds; downloadable software for access to social networks and interaction with online communities; downloadable software for access to and streaming multimedia entertainment content; downloadable software for providing access to an online virtual environment; downloadable software for the creation, production and modification of digital animated and non-animated characters and designs, avatars, digital chroma keying and skins for access and use in online environments, virtual online environments and extended virtual reality environments; downloadable

multimedia files containing artwork, text, audio, and video relating to adhesive products, perfumery products, toiletry articles, cosmetic products, make-up, skincare products, preparations for body care and facial care products, haircare products and hair coloring products, pharmaceutical preparations, sanitary preparations, dietary supplements for human beings, plasters and material for dressing, disinfectants; near field communication tokens; security tokens (encryption devices); downloadable mobile applications for ordering products in relation to adhesive products, perfumery products, toiletry articles, cosmetic products, make-up, skin-care products, preparations for body care and facial care products, products for hair care and hair coloring products, pharmaceutical preparations, sanitary preparations, dietary supplements for human beings, plasters and material for dressing, disinfectants; near field communication tags for interacting with mobile applications to obtain information in relation to adhesive products, perfumery products, toiletry articles, cosmetic products, make-up, skincare products, preparations for body care and facial care products, haircare products and hair coloring products, pharmaceutical preparations, sanitary preparations, dietary supplements for human beings, plasters and material for dressing, disinfectants; near field communication tags for product promotion and authentication in relation to adhesive products, perfumery products, toiletry articles, cosmetic products, make-up, skincare products, preparations for body care and facial care products, haircare products and hair coloring products, pharmaceutical preparations, sanitary preparations, dietary supplements for human beings, plasters and material for dressing, disinfectants.

Class 16

Paper and cardboard; printed matter; bookbinding material; photographs; office requisites, except furniture; adhesives for stationery or household purposes; drawing materials; materials for artists; paintbrushes; instructional and teaching materials; plastic sheets for wrapping and packaging; plastic films for wrapping and packaging; plastic bags for wrapping and packaging; printers' type; printing blocks; stationery.

Class 17

Unprocessed and semi-processed rubber, gutta-percha, gum, asbestos, mica and substitutes for all these materials; plastics and resins in extruded form for use in manufacture; packing, stopping and insulating materials; flexible pipes, tubes and hoses, not of metal; insulating tapes, adhesive tapes, strips, bands and films; seals, not of metal for pipes, joints, pistons and cables; adhesive sealants; silicone sealants; waterproof sealants; joint sealants; sealants for buildings; elastomer sealants for filling cracks; insulation fillers; joint fillers; expansion joint fillers; sealing membranes (non-metallic); insulating waterproofing membranes and semi-processed synthetic filtering materials of plastic.

Class 19

Materials, not of metal, for building and construction; rigid pipes, not of metal, for building; asphalt, pitch, tar and bitumen; transportable buildings, not of metal; monuments, not of metal; roofing membrane, bituminous sealing membranes, bituminous coatings for roofing; plaster; cement plaster; mortar, concrete, cement, asphalt, pitch, bitumen, screed, mastic asphalt, coatings (building material), grouting material, levelling compound.

Class 37

Construction services; installation services; mining extraction, oil and gas drilling; dry cleaning; cleaning of clothing; washing, cleaning and disinfecting of clothing, carpets, upholstering, curtains, blankets, decorative fabrics, leather and textiles of all kinds; washing and linen ironing; laundry care.

Class 41

Education; providing of training; entertainment; sporting and cultural activities; providing virtual reality game services through an interactive website; entertainment services, namely providing of online, non-downloadable image files for use in virtual

environments in connection with adhesive products, sealing products, perfumery products, toiletry articles, cosmetic products, make-up, skincare products, preparations for body care and facial care products, products for hair care and hair coloring products, pharmaceutical preparations, sanitary preparations; entertainment services, namely providing of online, non-downloadable image files for use in virtual environments in connection with adhesive products, sealing products, perfumery products, toiletry articles, cosmetic products, make-up, skincare products, preparations for body care and facial care products, products for hair care and hair coloring products, pharmaceutical preparations, sanitary preparations, dietary supplements for human beings, plasters and material for dressing, disinfectants, digital animated and non-animated characters and designs, digital avatars, digital skins and digital clothing; virtual reality and interactive game services accessible online from a global computer network, wireless network and electronic apparatus of all kinds; entertainment services via virtual environments in which users may interact for recreational, leisure or entertainment purposes; provision of entertainment content and live entertainment events via an online environment; entertainment services relating to the arranging and setting up of virtual entertainment shows and social entertainment events; organization of competitions.

Class 42

Scientific and technological services and research and design relating thereto; industrial analysis, industrial research and industrial design services; quality control and authentication services; design and development of computer hardware and software; cosmetic research consultancy with regard to the design of homepages and Internet pages; providing platforms on the Internet; software design for others; design and development of software for providing online advertising and/or advertising on the Internet; design and development of computer hardware and software for online services for providing or exchanging information via the Internet, or for operating search engines or online portals with information provided via the

Internet, in particular text data, image data, audio data or video data; design and development of computer hardware and software for operating telecommunications services and digital services, in particular online services for communications via the Internet by means of text data, image data, audio data, speech data and/or video data; design, maintenance and updating of a telecommunications network search engine; creating, maintenance and adaptation of software for greeting card services, anti-spam and anti-virus services; hosting of Internet sites; rental of storage space on the Internet; rental and maintenance of memory space for use as websites for others (hosting); rental of web servers; providing of memory space on the Internet; providing memory capacity for external use (web-housing); providing web space (web-hosting); server administration; rental of web servers; rental of storage space on web servers (webspace); hosting web sites; electronic data back-up; technological services in relation to the implementation of Internet domain registration; designing and developing webpages on the Internet; leasing, hire and rental of computers, computer systems, computer programs and computer software; design and development of data processing programs; computer security services for protection against illegal network access; recovery of computer data; rental of memory server spaces in computer centres for web servers for external use (web housing); testing, authentication and quality control; Blockchain as a Service [BaaS]; hosting services; software as a service [SaaS]; and rental of software; hosting of digital content, namely, on-line journals and blogs.

Goods and/or Services:

Class 06

Balls of steel; steel balls for industrial and aerospace applications.

Class 07

Clutches for machines, servomotors; ball-bearings and roller bearings, plain bearings, component parts and accessories thereof; mechanical seals being machine parts, bearing brackets for machines; machinery components, in particular joints, actuators, spindles for machine tools, gear wheels and actuators, axles for machines, radial ball bearings with axial slide, channel guides for balls, ball screws and roller screws, rollers for rings; pumps [machines]; insulated bearings; coated bearings; ball screws being mechanical linear actuators for the space sector; linear actuators; actuators for

valves; rotary to linear actuators; actuators for dampers; mechanical seals [machine parts]; gear wheels for machines; starter pinions for land vehicles; pinions; gear box casings, other than for land vehicles; gear cutting machines; hobbing machines; gear cutting and finishing machines; gear hobbing machines; toothed wheels for driving chains; timing belt pulleys [parts of engines]; roller bearings; slide bearings; bearing inserts; bearings for machines; bearings for shafts; power driven buffers; engine bearings; bearings [parts of machines]; ball bearings for engines; bearing brackets for ball bearings; bearing brackets for roller bearings; shaft bearings [parts of machines]; roller bearings [machine parts]; bearing cages being parts of machines; bearing housings [machine parts]; brake pads, other than for vehicles; shaft bearings for vacuum pumps; vacuum pads for vacuum pump machines; disc brakes for machines; spindle shafts [parts of machines]; spindle shafts [parts of engines]; electric driving motors for machines; geared electric motors for aircraft; motors, electric, other than for land vehicles; electric motors for machines with a digital servo drive controller; high-frequency motor spindles with high frequency electric converters and power supply units; torsion shaft; mechanical couplings; gear box casings; ballscrews being linear actuators for the space sector; ceramic balls being machine parts for industrial and aerospace applications.

Class 09

Micrometer screws; electric actuators; frequency converter for actuators; aerospace and defense design software; electric linear and rotary actuators other than for land vehicles, namely linear and rotary actuators for civil aerospace for and defence applications, linear and rotary actuators for machine tool industry, linear and rotary actuators for deformation industry, linear and rotary actuators for injection molding, linear and rotary actuators for railway industry, linear and rotary actuators for pressure intensifiers, linear and rotary actuators for robots, linear and rotary actuators for simulators, linear and rotary actuators for biomedical applications; gyroscope.

Class 12

Transmissions, gear wheels and gearboxes; airframe components not included in other classes; bearings for trains; bearings for aerospace vehicles; pinions for land vehicles; bearings [parts of vehicles]; brakes for vehicles; brakes for aircraft; landing gear [aircraft parts].

Class 40

Turning and milling being metal treatment and metal processing services.

Class 42

Design services; engineering services; software design services; technical consultation in the field of aerospace engineering; computer software design; design of EMA systems (electromechanical actuators).

GARBE.

Goods and/or Services:

Class 07

Apparatus, equipment and instruments for generating energy, namely electric generators and wind-powered electricity generators; turbines; turbines for energy production; wind turbines for energy production; wind turbines in connection with wind farms; engines and motors for power generation; solar-powered electricity generators.

Class 09

Solar cells; photovoltaic solar modules; photovoltaic installations for generating electricity [photovoltaic power plants]; photovoltaic apparatus for converting solar radiation to electrical energy; photovoltaic apparatus and installations for generating solar electricity; photovoltaic modules; solar modules; solar energy collectors for electricity generation; solar panels for the production of electricity; solar cells for electricity generation; solar panels; photovoltaic apparatus for generating electricity; photovoltaic apparatus and installations for generating solar electricity; thermal energy accumulating blocks; thermal accumulating apparatus for accumulating energy in connection with, but not limited to, photovoltaics, wind, concentrated solar thermal energy, bioenergy, fossil fuels, geothermal energy, tidal energy, wave power, hydropower, biomass, renewable and nuclear energy sources; apparatus for accumulating thermal energy or electricity; modular thermal blocks for accumulating energy and electricity; control and monitoring apparatus for wind-powered machines,

in particular windmills and wind power plants; apparatus and equipment for collecting, accumulating and transforming solar energy; connection devices [electric] and energy chargers; charging infrastructure and charging stations for electric vehicles; batteries for stationary energy storage; smart grids; accumulators, electric, electric controls for power-generating equipment, including electric accumulators and electric controllers for solar and wind power plants, electric energy supply systems, especially transformers [electricity], electric inverters, electrical battery accumulators; power distribution equipment; computer programs and software; application software; web application and server software; data processing systems; data processing programs; computer programmes for data processing; memories for data processing equipment; data processing equipment; logistics software; apparatus for improving power efficiency; development environment software; ESG software; software for collecting, hosting, managing, analysing and reporting of ESG data (environmental, social and governance); software for assessing and managing ESG risks (environmental, social and governance); software for searching for, organising, visualising and managing of ESG data (environmental, social and governance); sustainability monitoring software.

Class 35

Business management, organisation and administration services; business administration; office functions; advertising; marketing; public relations services; building promoter services, namely organizational arranging of building projects; real estate market analysis and real estate usage concepts, namely, development of advertising and marketing initiatives and advertising and marketing for real estate; commercial project planning; business project management; collating, updating and maintenance of data in computer databases; providing business information via a web site; business appraisal consultancy; assistance and consultancy services in the field of business management of companies in the energy sector; wholesale services in relation to photovoltaic apparatus for generating electricity; retail services in

relation to photovoltaic apparatus for generating electricity; procurement of contracts concerning energy supply; professional business development of charging infrastructures; development of advertising and marketing concepts and advertising and marketing for real estate; preparation of accounts; administrative support and data processing services; computerised data verification; arranging and conducting business fairs; organization of trade fairs for commercial or advertising purposes; conducting of commercial events; ESG reporting (environmental, social and governance); ESG analysis and reporting services (environmental, social and governance) in connection with the aforesaid services; negotiation and conclusion of commercial transactions for third parties; business auditing; business appraisals; business consulting; business consultancy and advisory services; business strategy services; business strategy and planning services; strategic business planning; consultancy services regarding business strategies; strategic business analysis; operational business assistance to enterprises; providing commercial information relating to companies.

Class 36

Financial preparation of building projects; planning (estate -) [financial]; real estate affairs; real estate affairs; real estate services; broking, letting services, lease-purchase financing and administration in relation to the following goods: real estate affairs, especially office, residential and industrial real estate, logistics real estate, light industrial real estate, retail real estate, research and development real estate, business real estate, data centres and mixed-use real estate; real estate management; real estate consultancy; real estate appraisal; investment services; management of investments; fund management; funds management; financial management; asset and portfolio management; financial portfolio management; investment consultancy; consultancy relating to funding works; capital management; financial investment advisory services; financial investment advisory services; arranging the provision of finance and obtaining of funds; investment analysis;

administration of capital investment services; financial advice relating to investment; computerised information services relating to investments; investment research; financial investment advisory services; financial transaction services; valuation of capital stock; investment fund transfer and transaction services; financial analysis services relating to investments; arranging of financial investments; real estate investment; financial consultancy relating to real estate investment; providing information concerning real estate; providing of information relating to the property market; financial analysis and real estate consultancy; investment advisory services relating to real estate; consultancy in the purchasing of real estate; financial services relating to the provision and structuring of capital; arranging business fundraising activities; business brokerage relating to the matching of potential investors with businesses.

Class 37

Construction; construction; construction supervision for preparing, conducting and assessing projects, for others; construction consultancy; building supervision; building monitoring; building construction management; construction project management services; building, namely the implementation of building projects; construction of structures, in particular office, residential and industrial real estate, logistics real estate, light industrial real estate, retail real estate, research and development real estate, business real estate, data centres and mixed-use real estate; construction of property; repair in the household sector (caretaking); installation of kitchen appliances; installation of lighting apparatus; installation of locks; installation of door openers and closers; installation of fixtures and fittings for domestic premises; assembling [installation] of machine plant; assembling [installation] of storage systems; assembling [installation] of shelving; assembling [installation] of building framework; installation of photovoltaic cells and modules; installation, servicing and maintenance of photovoltaic installations; infrastructure construction; civil infrastructure construction; building work for the construction of

installations for generating energy and gas, in particular installations for generating electrical and thermal energy from renewable energy sources, including wind energy, solar energy, geothermal heat and biomass, and installations for generating biogas from biomass and recyclable materials; maintenance and repair in relation to the following goods: real estate, buildings, photovoltaic installations, solar modules, wind turbines, heat accumulators, thermal storage devices, chargers, charging points, charging stations, power distributing boxes, electrical accumulators, electric controllers for electricity generating installations and smart network communications apparatus; installation of electric vehicle charging infrastructure; construction of office, residential and industrial real estate, logistics real estate, light industrial real estate, retail real estate, research and development real estate, business real estate, data centres and mixed-use real estate; on site project management relating to the construction of buildings; building maintenance and repair, construction and repair of real estate; construction and repair for modernising real estate; renovation of real estate; scaffolding; demolition services.

Class 38

Telecommunication services; providing access to information on computer networks, in relation to the following fields: trading and processing of assets; provision of on-line communications services; communications by computer and providing access to the internet; file transfer, via the Internet; transmission of digital information and transfer of digital files; transmission of information online and on the Internet.

Class 39

Rental of warehouses and storage containers; hiring of storage sites; rental of warehouses; distribution of renewable energy; storage of electricity; distribution of wind energy; solar energy distribution; distribution of hydroelectric energy.

Class 40

Energy production; generation of power; generation of electricity from solar energy;

production of electrical power from renewable sources.

Class 41

Publication and issuing of printed matter also in electronic form, not for advertising purposes; publication of company ESG analyses (environmental, social and governance).

Class 42

Building design services; technical project planning; architectural services; engineering project management services; building, namely the technical preparation of building projects; computer programming for building system analysis and planning; construction drafting; scientific and technological services and research; regulating and monitoring of energy systems; monitoring of energy systems by remote access; technological consultancy in the fields of energy production and use; environmental consultancy services; consultation in environment protection; technological consultancy in the field of energy supply; consultancy in the field of energy-saving, energy use and energy efficiency; energy auditing; design, development and programming of software and apps for controlling energy systems; design, development and programming of energy management software and energy management apps, design, development and programming of energy management systems; design, development and programming of software and apps in the energy sector; design and development of photovoltaic systems; engineering services in the field of energy technology; consultancy relating to laboratory testing; environmental testing and inspection services; civil infrastructure engineering services; civil infrastructure design services; engineering and technical consultancy in the energy and environmental sector; software creation; software engineering; software design and software development, software implementation, maintenance of computer software, repair of software; updating Internet pages; platform as a service [PaaS] featuring software platforms for transmission of images, audio-visual content, video

content and messages; design of information systems; design, development and programming of energy management software and energy management apps; design, development and programming of energy management systems; design and development of regenerative energy generation systems; certification services for the energy efficiency of buildings; engineering services, relating to the following sectors: infrastructure; quality control, especially checking of ESG criteria (environmental, social and governance); technical supervision of construction, relating to the following sectors: structures; system analysis and planning for the construction sector; structural and civil engineering.
