General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

Goods and/or Services:

Class 09

Radar; Radar instruments; Electrical detectors for locating hidden objects; electrical detectors for locating underground pipes, cables and wire; devices for locating underground pipes, cables and wire; Devices for locating subterranean objects; downloadable software for locating hidden objects and creating images, maps and models; downloadable software for locating underground pipes, cables and wire and creating images, maps and models; downloadable software for locating subterranean objects and creating images, maps and models; downloadable software for use in modelling of underground works; downloadable software for use in surveying and

mapping; Electronic apparatus for surveying; Instruments for surveying physical data; Surveying apparatus and instruments; apparatus for recording, transmission or reproduction of images; apparatus for generating images; Electronic imaging devices; image processing software; Data processing equipment; downloadable images; Downloadable maps; Digital map making apparatus; all the aforementioned goods being for use in relation to engineering and subsurface exploration and none of which incorporate or utilize infrared technology or infrared detectors or computer software for seismic data processing.

Class 36

Asset management services; Property asset management services; asset management services for underground assets, including utility pipes, cable or wires; asset management services for public utilities and infrastructure; quantity surveying; financial research, consultation and planning in relation to the aforesaid fields of asset management, property asset management and quantity surveying; financial planning services relating to projects in the aforesaid fields of asset management, property asset management and quantity surveying; provision of reports, information, advisory and consulting services relating to the aforesaid fields of asset management, property asset management and quantity surveying.

Class 37

Civil engineering construction; Construction; Construction services; infrastructure construction; land development; Excavation services; drilling and digging for underground utility pipes, cable or wires; drilling and digging for construction purposes; installation and laying of underground utility pipes, cable or wires; repair and maintenance; installation of apparatus for recording, transmission or reproduction of images; consultation in relation to civil engineering, construction, construction services, infrastructure construction, land development, excavation services, drilling and digging for underground utility pipes, cable or wires, drilling and

digging for construction purposes, installation and laying of underground utility pipes, cable or wires, repair and maintenance, installation of apparatus for recording, transmission or reproduction of images; building project management [building construction supervision] in the aforesaid fields of civil engineering construction, construction, construction services, infrastructure construction, land development, excavation services, drilling and digging for underground utility pipes, cable or wires, drilling and digging for construction purposes, installation and laying of underground utility pipes, cable or wires, repair and maintenance, installation of apparatus for recording, transmission or reproduction of images; provision of reports, information, advisory and consulting services relating to the aforesaid fields of civil engineering construction, construction, construction services, infrastructure construction, land development, excavation services, drilling and digging for underground utility pipes, cable or wires, drilling and digging for construction purposes, installation and laying of underground utility pipes, cable or wires, repair and maintenance, installation of apparatus for recording, transmission or reproduction of images.

Class 42

Engineering; civil engineering services; Engineering services; Engineering research; Engineering feasibility studies; Software engineering; Design engineering; engineering drawing and imaging services; Electrical engineering services; engineering services relating to transport and supply systems for utilities; building and structural inspection services (engineering, quality assessment, and surveying services); inspection of buildings (surveying); Surveying; engineering surveying and mapping; geological surveying and mapping; land surveying and mapping; topographical surveying and mapping; surveying and engineering services; Mapping; Mapping services; underground utility mapping services; locating and marking placement of underground utility pipes, cable or wires; Geological test drilling; Geophysical exploration; concrete scanning; analysis of concrete; structural inspection services; Environmental testing and inspection services; computerised

imaging of underground landscapes, including objects of interest; photogrammetry; Photogrammetry services; digitization of images; Electronic storage of images; Technical data analysis services; materials testing and analysis; Design services; Architectural services; Design of computer-simulated models; providing online geographical maps, not downloadable; providing non-downloadable software for locating hidden objects and creating images, maps and models; providing non-downloadable software for locating underground pipes, cables and wire and creating images, maps and models; providing non-downloadable software for locating subterranean objects and creating images, maps and models; providing non-downloadable software for use in modelling of underground works; providing non-downloadable software for use in surveying and mapping; design and development of software; Development of measuring and testing methods; research, consultation and planning in relation to the aforesaid; project management for the aforesaid fields of engineering, civil engineering services, engineering services, engineering research, engineering feasibility studies, software engineering, design engineering, engineering drawing and imaging services, electrical engineering services, engineering services relating to transport and supply systems for utilities, building and structural inspection services (engineering, quality assessment, and surveying services), inspection of buildings (surveying), surveying, engineering surveying and mapping, geological surveying and mapping, land surveying and mapping, topographical surveying and mapping, surveying and engineering services, mapping, mapping services, underground utility mapping services, locating and marking placement of underground utility pipes, cable or wires, geological test drilling, geophysical exploration, concrete scanning, analysis of concrete, structural inspection services, environmental testing and inspection services, computerised imaging of underground landscapes, including objects of interest, photogrammetry, photogrammetry services, digitization of images, electronic storage of images, technical data analysis services, materials testing and analysis, design services, architectural services, design of computer-simulated models, providing online

geographical maps, not downloadable, providing non-downloadable software for locating hidden objects and creating images, maps and models, providing non-downloadable software for locating underground pipes, cables and wire and creating images, maps and models, providing non-downloadable software for locating subterranean objects and creating images, maps and models, providing nondownloadable software for use in modelling of underground works, providing nondownloadable software for use in surveying and mapping, design and development of software; provision of reports, information, advisory and consulting services relating to the aforesaid engineering, civil engineering services, engineering services, engineering research, engineering feasibility studies, software engineering, design engineering, engineering drawing and imaging services, electrical engineering services, engineering services relating to transport and supply systems for utilities, building and structural inspection services (engineering, quality assessment, and surveying services), inspection of buildings (surveying), surveying, engineering surveying and mapping, geological surveying and mapping, land surveying and mapping, topographical surveying and mapping, surveying and engineering services, mapping, mapping services, underground utility mapping services, locating and marking placement of underground utility pipes, cable or wires, geological test drilling, geophysical exploration, concrete scanning, analysis of concrete, structural inspection services, environmental testing and inspection services, computerised imaging of underground landscapes, including objects of interest, photogrammetry, photogrammetry services, digitization of images, electronic storage of images, technical data analysis services, materials testing and analysis, design services, architectural services, design of computer-simulated models, providing online geographical maps, not downloadable, providing non-downloadable software for locating hidden objects and creating images, maps and models, providing non-downloadable software for locating underground pipes, cables and wire and creating images, maps and models, providing nondownloadable software for locating subterranean objects and creating images, maps and models, providing

non-downloadable software for use in modelling of underground works, providing
non-downloadable software for use in surveying and mapping, design and
development of software.

Class 01

Chemicals for use in science and industry; diagnostic preparations for scientific, research, or laboratory use; DNA for scientific, laboratory and medical research use; reagents for scientific, and biological research use; reagents and diagnostic test kits for performing biochemical assays containing biological components, namely, substrates, enzymes, proteins, and nucleic acid molecules, chemical components, namely, buffers and reagents for scientific or research use; biological chemical diagnostic test kits for scientific or research use for comparison testing of expression levels of biological samples, consisting of nucleic acid molecules and DNA molecules; liquid chemical compositions for use with scintillation counters for detecting and measuring ionizing radiation; melt-on scintillator sheets for chemical and biological research and scientific uses in the chemical and biological industries; assays and

reagents for use in genetic research; diagnostic kits consisting primarily of polymerase chain reaction (PCR) mixes for detection of aneuploidies in chromosomes for scientific or research use; chemical reagent mixtures for use in DNA analysis in kit form, not for medical or veterinary use; chemical preparations for cell assays for laboratory or research use; diagnostic reagents for biochemical or laboratory use; living organisms, namely, genetically-engineered biological cells and pathogens for scientific, laboratory and medical research use; Assays for research purposes; Biochemical reagents used for non-medical purposes; Chemicals for use in the purification of proteins for in vitro use; Nucleic acid sequences and chemical reagents for other than medical and veterinary purposes; chemical reagent mixtures in kit form comprising generic DNA circles, DNA primers, polymerase and buffers for use in biotechnology fields; Reagents for medical research use; Biochemical reagents commonly known as probes, for detecting and analyzing molecules in protein or nucleotide arrays; Diagnostic reagents for scientific or research use; nucleic acid isolation and purification kit consisting primarily of reagents for scientific research purposes”; Fluorescent reagents for the measurement of biomolecular interactions in the field of life science research; Chemical fluorescent reagents for industrial use, chemical fluorescent reagents for scientific use, chemical fluorescent reagents for research use; Reagents for research purposes; Chemical preparations for use in scientific research, namely fluorescent reagents for in-vitro measurement of biomolecular interactions and for in-vitro drug screening research and antibody reagents used for in-vitro detection of antigens in cell and tissue; Chemical preparations for use in scientific research; biochemical reagents for non-medical purposes, namely, for detecting biomolecules or biomolecular interactions in the field of life science research; biochemical reagents for non-medical purposes, namely, for detecting biomolecules or biomolecular interactions in the field of life science research, for in-vitro research use; biochemical reagents for non-medical purposes, namely, fluorescent reagents for measuring biomolecules or biomolecular interactions in the field of life science research, for in-vitro research use; Chemical

and biochemical reagents for use in scientific research, namely, chemical and biochemical reagents for protein labelling to be used in life science and drug screening research; chemical reagents, namely, fluorescent substances and molecules for labeling proteins for scientific and research use; Kits comprising assays and reagents for screening embryos for chromosomal abnormalities for medical research purposes; kits comprising assays and reagents for analysing chromosomal content of embryos for medical research purposes; kits comprising assays and reagents for screening embryos for suitability for in vitro fertilization for medical research purposes; kits comprising assays and reagents for testing chromosome content for use in assisted reproductive technologies for medical research purposes; Reagents, and kits consisting primarily of reagents, for nucleic acid amplification for scientific, forensic and research use; reagents, and kits consisting primarily of reagents, for polymerase chain reaction for scientific, forensic and research use; PCR reagents, and kits consisting primarily of PCR reagents, for scientific, forensic and research use; PCR kits comprising nucleotide solutions, oligonucleotides, buffers and reaction reagents for scientific, forensic and research use; reagents, and kits consisting primarily of reagents, for whole genome amplification for scientific, forensic and research use; reagents, and kits consisting primarily of reagents, for whole genome application from single cells or limited DNA templates for scientific, forensic and research use; reagents, and kits consisting primarily of reagents, for chromosomal, genomic, mitochondrial, genetic and/or sequencing analyses using whole genome amplification for scientific, forensic and research use; Chemical preparations for scientific purposes, other than for medical or veterinary use; Chemical preparations for analyses in laboratories, other than for medical or veterinary purposes; Chemical reagents for non-medical purposes; Chemical substances for analyses in laboratories, other than for medical or veterinary purposes; Reagent paper other than for medical purposes; Test paper, chemical; Diagnostic preparations for scientific purposes, namely, immobilized proteins, nucleic acid sequences, allergens and biological tissue cultures;

Unprocessed synthetic resin compounds in the form of microspheres used to incorporate various other substances; chemically-treated nonmedical test strips for use in analyzing nucleic acids, proteins, cells and tissues; reagents for scientific and research use for labeling, sequencing and fragment analysis of nucleic acids and proteins; polymeric membranes in chemical form for the separation of liquid gas and patient samples; Diagnostic preparations, agents and substances for scientific purposes, in particular tissue sections and immobilised proteins on a carrier or a carrier material, in particular on a biochip, microsphere, test strip, blot, microplate or membrane; Human cells and isogenic cell lines for scientific, laboratory or medical research; genomic reference control samples for laboratory use; molecular biology research tools, in the nature of biological and biochemical reagents, specifically, genomic DNA used for scientific, laboratory or medical research purposes; DNA repair enzymes for scientific and research purposes; biological and chemical reagents, namely, genomic DNA, cell cultures and mutant and normal isogenic human cell line pairs, for research use; reagents, plasmids and assays for scientific, genetic and medical research; biological preparations in the nature of separate base editing components including mRNA, rRNA, gRNA, deaminase, nickase, ribonucleotide protein (RNP) for use in scientific, laboratory or medical research; biological preparations in the nature of genetically modified cells and vectors for scientific and research purposes; biological and chemical reagents including complexes of these molecules for research and industrial use; compounds containing nucleosides for scientific or medical research use; scientific diagnostic assay kits containing antibody reagents and processing chemicals for scientific or research laboratory use; Immunoassay preparations, namely, antibodies and processing chemicals for research on cell cultures and other biological samples; Chemical products, namely, 1,25-dihydroxyvitamin D for diagnostic use, namely, diagnostic preparations for scientific or research use; Chemicals for use in industry, science and photography, as well as in agriculture, horticulture and forestry; Unprocessed artificial resins, unprocessed plastics; Fire extinguishing and fire

prevention compositions; Tempering and soldering preparations; Substances for tanning animal skins and hides; Adhesives for use in industry; Putties and other paste fillers; Compost, manures, fertilizers; Biological preparations for use in industry and science.

Class 05

Biomedical reagents in the nature of contrast media for in vivo imaging of molecular and morphologic targets and processes in humans and animals; Chemical reagents for medical or veterinary purposes; Diagnostic preparations for medical or veterinary purposes; Preparations for detecting genetic predispositions for medical purposes; medical diagnostic reagents and assays for testing bodily fluids; diagnostic kits consisting primarily of polymerase chain reaction (PCR) mixes for detection of aneuploidies in chromosomes for medical use; diagnostic reagents, assays and kits for medical use, namely, for detecting, diagnosing, treating and monitoring of genetic disorders; chemical test kits comprised of chemical reagents for cell assays for medical and veterinary use; Reagents for medical use; Nucleic acid sequences and chemical reagents for medical and veterinary purposes; Diagnostic kits consisting primarily of monoclonal antibodies, buffers, and reagents for use in disease testing; Medical diagnostic testing kits containing diagnostic reagents and tests for medical diagnosis designed for use in clinical and medical laboratories for screening for inflammatory diseases and monitoring patients previously diagnosed as suffering from these diseases; medical diagnostic test kits to be used by staff of clinical and medical laboratories for medical diagnosis, screening and monitoring of inflammatory diseases, comprising antibodies, a tracer compound and lyophilisates used to reconstitute control solutions; Products intended for the implementation of biological/biochemical assays for in vitro diagnosis, namely immunoassay kits for use by clinical laboratories, containing labelled antibodies or antigen for in vitro diagnosis of cancer, infection, inflammation, auto-immune, cardiovascular and nervous system diseases; Medical diagnostic testing kits containing diagnostic reagents designed for

use in clinical and medical laboratories, for the diagnosis, screening or monitoring of tumors, organ dysfunction, multiple organ failure, sepsis and systemic inflammatory response; medical diagnostic test kits to be used by staff of clinical and medical laboratories for the diagnosis, screening or monitoring of tumors, organ dysfunction, multiple organ failure, sepsis and systemic inflammatory response, comprising antibodies, a tracer compound and lyophilisates used to reconstitute control solutions; medical diagnostic test kits for the immunoassay of human chromogranin A in serum or plasma to be used by staff of clinical and medical laboratories; Kits comprising reagents for medical use for screening embryos for chromosomal abnormalities for medical purposes; kits comprising reagents for medical use for analysing chromosomal content of embryos for medical purposes; kits comprising reagents for medical use for screening embryos for suitability for in vitro fertilization for medical purposes; kits comprising reagents for medical use for testing chromosome content for use in assisted reproductive technologies for medical purposes; Biological reagents for medical use; diagnostic kits for medical use comprising reagents for use in purifying T cells from blood; Assay kits comprised of chemical, biological and biochemical components for use in medical diagnosis, prognosis and therapeutic monitoring; Pharmaceutical and chemical preparations for use in gene and cell therapies, chemopharmaceuticals for use in chemotherapy, culture of microorganisms for medical purposes, preparations and biological products, chemical products, diagnostics for therapeutic and medical purposes; diagnostic preparations for clinical or medical use; Diagnostic preparations for medical and veterinary purposes in the fields of neurological diseases, infectious diseases, autoimmune diseases, allergies and cancer; diagnostic agents for medical and veterinary purposes, namely immobilized proteins, nucleic acid sequences, allergens and biological tissue cultures; reagent paper for medical or veterinary purposes; medical diagnostic test strips for testing blood, urine and saliva in the diagnosis of neurological diseases, infectious diseases, autoimmune diseases, allergies and cancer; Medical diagnostic reagents; biological and chemical preparations and

reagents for medical or veterinary purposes, namely, cells for medical or clinical use, cultures of microorganisms for medical or veterinary use, synthetic peptides for the treatment of neurological diseases, infectious diseases, autoimmune diseases, allergies and cancer and nucleic acid sequences for medical and veterinary purposes; Biological tissue cultures for medical purposes, namely, protein cell lysates, genomic DNA preparations and Formalin Fixed, Paraffin Embedded (FFPE) engineered tumor tissue mimics; Pharmaceutical preparations and therapeutic agents for the treatment of cancer; Diagnostic preparations and materials generated by the use of base editing components for medical purposes; chemical preparation for use in DNA analysis for medical purposes; biological preparations in the nature of DNA, RNA and parts thereof for medical purposes; biological preparations in the nature of DNA extracts for medical purposes; biological preparations in the nature of gene editing enzymes for medical purposes; biological preparations in the nature of protein cell lysates, genomic DNA preparations and Formalin Fixed, Paraffin Embedded (FFPE) engineered tumour tissue mimics for medical diagnostic use; biological preparations in the nature of biological, biochemical and chemical reagents, including living cells, genetically modified cells and vectors, genomic DNA, cell cultures and mutant and normal isogenic cell line pairs, peptides, proteins and nucleic acids or complexes of these molecules for medical use; all the aforesaid goods being medical preparations; Medical diagnostic assay kits containing antibody reagents and processing chemicals for clinical medical use; Immunoassay preparations, namely, antibodies and processing chemicals for clinical use on cell cultures and other biological samples; diagnostic testing materials including delipidation agent and 1,25-dihydroxyvitamin D binding partner for medical use, namely, diagnostic reagents and assays for testing body fluids; Blood products, namely cord blood and peripheral blood stem and progenitor cells; Pharmaceuticals, medical and veterinary preparations; Sanitary preparations for medical purposes; Dietetic food and substances adapted for medical or veterinary use, food for babies; Dietary supplements for human beings and animals; Plasters, materials for dressings;

Material for stopping teeth, dental wax; Disinfectants; Preparations for destroying vermin; Fungicides, herbicides; diagnostic reagents for clinical or medical use; biological and chemical reagents including complexes of these molecules for clinical use.

Class 09

Scientific instruments and apparatus for use in the fields of academia, forensics, genetic screening, life science research, namely, liquid handlers, live cell imagers, in vivo imagers, microplate readers and imagers, gamma and scintillation counters, and microplates; Microscopes; spinning disk confocal microscopes featuring electronic synchronization controls; synchronization control units for spinning disk confocal microscopes; confocal scanning systems for use with microscopes, consisting primarily of a confocal scanner, an illumination source, a charge coupled device detector, computer hardware and downloadable computer software for image acquisition; microarray scanners; radiometric detectors; automated liquid handling workstations for use in assay procedures, consisting primarily of computer-controlled robotic arms for laboratory purposes, mounted on a platform, used for pipetting liquids and for moving microplates and other objects from one location to another, and featuring computer software for operating liquid handling equipment; dispense heads for use in laboratory liquid handling devices; pipetting tips for use in liquid handling machines in the field of life science research; microplates; laboratory equipment and supplies, namely, microplates sold as part of a kit for use in scientific and pharmaceutical research; cellular screening laboratory apparatus for use in performing cell-based assays by means of luminescence and fluorescence detection; apparatus and instruments for research in laboratories and for analysis of microtiter plate based assays, namely, instruments comprising an imaging detector, a telecentric lens, illumination light source, emission and excitation filters and sample plate handling mechanics to automatically position sample plates in a well-defined position for imaging of the sample; computer workstation comprised of downloadable

computer software for controlling instruments, measuring protocols, defining sample plates, measurement technologies and optical components, and storing measurement data in a database and lets the user investigate the data and export it for further off-line analysis; laboratory apparatus, namely, cellular luminescence and fluorescence workstations consisting primarily of micro-titer plate readers, automated liquid-flow and liquid-level control machines and instruments, computers and downloadable data analysis and reporting software for analyzing and reporting data obtained from the workstation; Laboratory robots; downloadable computer software for use primarily in the field of pharmaceutical research, for analyzing fluorescence detection data; downloadable computer software for research purposes for viewing, measuring, and analyzing digital images, including color images and multispectral images, sold alone or as a system with computer hardware; laboratory equipment, namely, digital imaging systems comprising an illuminator, a digital camera, optical interference filters and a tunable filter, used for fluorescence optical imaging of samples, and downloadable computer software for use in operating the digital imaging system, or interpreting the images obtained thereby, computers, and adaptors for lenses and microscopes, all of the foregoing sold separately or as a unit for fluorescence optical imaging; laboratory equipment, namely, digital imaging systems comprising a digital camera and a tunable filter, used with microscopes or lenses to obtain images of microscopic and macroscopic samples or of natural scenes, and downloadable computer software for use in operating the digital imaging system, controlling the microscopes or lenses, or interpreting the images obtained thereby, and adaptors for microscopes and lenses, all of the foregoing sold separately or as a unit for multispectral optical imaging; automatic laboratory equipment, namely, a robotic workstation consisting of robotic arms used for transferring, dispensing and diluting liquids in drug screening applications; laboratory apparatus and equipment, namely, automated light microscope system consisting primarily of a light microscope, computer hardware and downloadable computer software for optical imaging; downloadable computer software for application and

database integration; downloadable computer software for creating searchable databases of information and data; downloadable computer software for the collection, editing, organizing, modifying, book marking, transmission, storage and sharing of data and information; downloadable computer software that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in an easy-to-understand user interface; downloadable computer software to automate data warehousing; downloadable computer software for providing and searching information in the field of chemistry, namely, information on chemicals, chemical structures, drawings, and properties, and related molecules; downloadable computer software for providing chemical supply information, namely, information about chemical supplier catalogs, chemical suppliers, chemical availability, chemical safety, chemical handling, and chemical procurement; downloadable computer programs for use in drawing biological pathways and instruction manuals sold therewith as a unit; downloadable computer programs for use in searching information and information integration in the fields of biology and chemistry, and instruction manuals sold therewith as a unit; downloadable computer software for creating searchable databases of chemical reaction data; electronic databases in the field of biological and chemical research information recorded on computer media; downloadable mobile applications for creating, editing, transmitting, storing, collaborating, importing, and organizing data and information in the field of chemistry; downloadable mobile applications for creation, edit, transmission, storage, collaboration, importation, organization of data and information; downloadable computer application software and downloadable software systems for the collection, editing, organizing, modifying, transmission, storage and sharing of data and information related to chemical research and analysis; downloadable computer programs for use in chemical structure drawing, molecular modeling and analysis, and searching information and information integration in the field of chemistry; downloadable computer software for creating searchable databases of information and data, wherein the information and data is

contained within documents and wherein the documents do not relate to customer care, financial management, billing management or ophthalmologic data; downloadable computer software for the collection, editing, organizing, modifying, book marking, transmission, storage and sharing of data and information, wherein the data and information is contained within documents and wherein the documents do not relate to customer care, financial management, billing management or ophthalmologic data; downloadable computer software that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in an easy-to-understand user interface, wherein the database content is documents and wherein the documents do not relate to customer care, financial management, billing management or ophthalmologic data; downloadable computer software that provides web-based access to applications and services through a web operating system or internet portal; downloadable computer software to automate data warehousing of documents, wherein the documents do not relate to customer care, financial management, billing management or ophthalmologic data; BIOS, being a downloadable basic input/output system computer program; downloadable computer search engine software; scientific instruments and devices for the testing, screening and analysis of pharmaceuticals, for chemical screening and analysis of biological substances and for nucleic acid characterization; computer hardware and peripheral devices used in the development, testing, screening and analysis of pharmaceuticals, for chemical screening and analysis, for the development, testing, screening and analysis of biological substances and for nucleic acid characterization; downloadable computer software for operating and controlling automatic laboratory equipment used for transferring, dispensing and diluting liquids in drug screening applications; downloadable computer programs for use in robot manipulation; downloadable computer software for operating robots containing microplate readers, washers, and incubators for pharmaceutical laboratory use; semiconductor that performs chemical and biological material analysis; microfluidic devices and instruments used for the

testing, screening and analysis of pharmaceuticals, for the testing, screening and analysis of biological substances and for nucleic acid characterization; laboratory equipment, namely, robot manipulators, laboratory consumable dispensers, laboratory sample conditioners being laboratory equipment, namely, incubators, stirrers, mixers, dispensers, and aspirators; laboratory measurement devices for measuring absorbency, weight and volume of pharmaceutical samples; Laboratory pipettes; pipette tips, glassware and filters for use in laboratories; automatic laboratory equipment, namely, a robotic workstation consisting of robotic arms used for transferring, dispensing and diluting liquids in drug screening applications comprising automated pipettors configured to dispense fluids into and remove fluid from microtiter plates; computer-controlled laboratory robots; downloadable computer software for medical services, namely, medical diagnostic software and medical testing software for medical laboratory data management, patient record keeping, tracking, recording, monitoring, analyzing and reporting medical data obtained related to newborn screenings; downloadable computer software used by research scientists to acquire, manage and analyze molecular biology and life science data and information; downloadable computer software, namely, software for use in database management in the field of bioinformatics; optical imaging devices, namely, a fluorescence imaging system comprised of computer imaging hardware, a computer, monitor and downloadable imaging software for use therewith, not for medical use; downloadable computer software used to acquire, store, archive, retrieve, track, coordinate and analyze internal light images for medical research and scientific purposes; downloadable computer software for scientific analysis of genetic sequences; downloadable software in the field of DNA research for acquisition, analysis and processing of scientific, diagnostic, pharmaceutical, biological, biotechnological and veterinary data; laboratory robots for moving microplates between storage racks and laboratory equipment, namely, laboratory readers, washers, dispensers and incubators; downloadable computer software for controlling robots that move microplates between storage racks and laboratory equipment,

namely, laboratory readers, washers, dispensers and incubators; user manuals sold as a unit with the foregoing goods; All the foregoing excluding any goods that feature or utilize public key encryption; Computer software platforms, downloadable, for scientific analysis in the field of nucleic acid analysis; Computer software platforms, recorded, for scientific analysis in the field of nucleic acid analysis; Laboratory apparatus and computer systems for use in protein purification; Laboratory apparatus and instruments for extracting DNA; Laboratory apparatus and instruments for extracting nucleic acid; Laboratory chemical reactors; Laboratory devices for detecting genetic sequences; Laboratory equipment and supplies, namely, test tubes; Magnetic separators for scientific use; Medical laboratory research instruments for DNA analysis; Medical laboratory research instruments for nucleic acid isolation; Research laboratory analyzers for measuring, testing and analyzing blood and other bodily fluids; Scientific instrumentation for measuring proteins; Scientific instruments, namely, electronic analyzers for testing and analyzing chemical and biological substances for the presence, absence, or quantity of biologics; Scientific instruments used in laboratory sample preparation for magnetic particle separation, namely, magnetic beads, magnetic particle concentrators, magnetic particle analyzers, magnetic particle separators; scientific instruments used in laboratory for preparation of samples comprising magnetic particles for chemical, biological or physical analysis or purification, namely, functional magnetic beads and chemically activated beads and beads modified with specific antibodies, magnetic purification beads, buffer-solutions, solvents, suspension agents, sample preparation kits and cartridges; laboratory apparatuses and instruments for preparation of samples comprising magnetic beads for chemical, biological or physical analysis or purification, namely, functional magnetic beads for binding analytes for chemical, biological or physical analysis and chemically activated beads and beads modified with specific antibodies, magnetic purification beads for chemical, biological or physical purification of analytes, buffer-solutions, solvents, suspension agents and sample preparation kits; Testing kits comprising a

microarray and DNA array for chromosome analysis for medical purposes or medical research purposes; chromosome testing kits comprising a microarray for use in in vitro fertilization (IVF) clinics or medical research laboratories; kits comprising a microarray for testing chromosome content for use in assisted reproductive technologies for medical purposes or medical research purposes; Laboratory apparatus and instruments for homogenizing, mixing, disrupting, and shaking samples; laboratory apparatuses comprising homogenizers, high-shear homogenizers, hand-held homogenizers, high-power homogenizers, programmable homogenizers, industrial homogenizers, multi-sample homogenizers, automated/robotic homogenizers, ultrasonic cell disrupters, bead-mill homogenizers, tissue grinders, glass homogenizers; parts and accessories of laboratory apparatuses, namely, probes, tubes, and beads for use with laboratory apparatus and instruments, homogenizer probes/tips, homogenizer containers/vessels, homogenizer sample tubes, homogenizer motor-stand assemblies, homogenizer sealed-chamber assemblies, homogenizer beads, homogenizer quick-connect couplings, homogenizer external speed controls, and homogenizer vessel-restraint disks; Laboratory apparatus and instruments for use with cell culture applications for cell-based assays; Laboratory apparatus and instruments for performing chromogenic assays; Laboratory apparatus and instruments for identifying, managing, tracking and analyzing cell cultures; apparatus and instrument for scientific research used to acquire cell data; Apparatus and instrument for scientific research used to acquire cell data, namely, automated cell counter, bright field cell counter, fluorescence cell counter, cell imaging system that quantifies cells in samples, cell analyzer, cytometer, microscope, as well as parts designed to be used therewith; Measuring devices for measuring pressure, temperature, chemical compound concentrations and optical signals, such as fluorescence and chemiluminescence for diagnostic sample testing, not for medical use; sensors and detectors for testing UV fluorescence and chemiluminescence for diagnostic sample testing, not for medical use; laboratory apparatus for recording, transmission or

reproduction of diagnostic data, sound or images, namely, cameras, microscopes, photometers, microplate photometers, ELISA (enzyme-linked immunosorbent assay) readers, photomultipliers and microplate readers; laboratory software for recording, transmitting and reproducing diagnostic data, sound and images; biochips for research or scientific purposes; plates having multi-well arrays that can be used in chemical analysis, biological analysis or patterning for scientific, laboratory or medical research use; Devices for measuring chemical levels, in particular antigen levels, in water or water-based solutions for use in diagnostic sample testing, for detecting allergies and not for medical purposes, all of the foregoing limited to devices for examining a product of which the smallest carrier unit comprises no more than one kind of diagnostic preparation or substance, other than the aforesaid goods for use with blood reserves and medical transfusion products, and limited to use in immunofluorescence-based diagnostics using tissues and transfected eukaryotic cells as substrates; Collections of DNA and gene sequences for research and reference purposes provided as DNA microarrays and DNA chips; Imaging apparatus and software for detecting and studying tumors for scientific research and laboratory purposes; imaging apparatus and software for detecting and studying in vivo disease models for scientific research and laboratory purposes; imaging apparatus for use in the field of assessment of bioengineered tissues and organs for scientific research and laboratory purposes; Instruments for testing, processing or detecting biological samples for laboratory purposes, namely, an automatic analytical device for quantifying levels of 1,25-dihydroxyvitamin D; computer software for use in analyzing and managing biological data; Microplate readers; measuring devices, namely, fluorometers; downloadable and recorded computer software for use in medical decision support systems; downloadable and recorded computer software for calculation and assessment of health risks and risks for genetic disorders; Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; Apparatus and instruments for

conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; Apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; Recorded and downloadable media, computer software, blank digital or analogue recording and storage media; Mechanisms for coin-operated apparatus; Cash registers, calculating devices; Computers and computer peripheral devices; Diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming; Fire-extinguishing apparatus; diagnostic test kits for performing biochemical assays containing slides, membranes, and microfluidic devices for scientific or research use; biological chemical diagnostic test kits for scientific or research use for comparison testing of expression levels of biological samples, consisting of slides and membranes; nucleic acid isolation and purification kit consisting of magnetic beads for scientific research purposes; microarrays, namely protein arrays and nucleotide arrays for scientific and medical research; microarrays, namely protein arrays, other than for use in medical diagnosis; Microscopes for medical examinations and medical diagnosis, in particular fluorescence microscopes.

Class 10

Apparatus for DNA and RNA testing for medical purposes; Blood testing apparatus; Medical diagnostic instruments for the analysis of body fluids; Sample preparation device for medical diagnostic uses; Medical diagnostic apparatus for testing DNA and RNA samples; Medical instruments used in the medical diagnosis and treatment of patients, for use in magnetic particle separation of biological samples; medical instruments used in the medical diagnosis and treatment of patients for use in preparation of biological samples for medical, chemical, biological, biochemical or physical analysis or purification; medical apparatuses and instruments used in the medical diagnosis and treatment of patients, for use in magnetic particle separation of biological samples; medical apparatuses and instruments used in the medical

diagnosis and treatment of patients, for use in preparation of biological samples of magnetic particles for medical, chemical, biological, biochemical or physical analysis or purification; Elution and handling boxes for radio-isotope generators, namely apparatus for production and elution of sterile 99m technetium solution to be used in hospitals and radiopharmacies and containers specifically designed for transporting and holding radio-isotope generators; Assay detection and measuring apparatus for medical and medical diagnostic use, namely, tubes, vials and plates; Chemiluminescence detectors for medical examinations and medical diagnosis, in particular chemiluminescence-immunoassay (CLIA)-readers for the detection of allergies, neurological diseases, infectious diseases, autoimmune diseases, and cancer; Diagnostic apparatus for medical purposes for detecting 1,25-dihydroxyvitamin D deficiency; diagnostic instruments for medical use for differential diagnosis of hypercalcaemia, renal disease, secondary hyperparathyroidism, hypocalcaemia and in distinguishing Vitamin D resistance syndromes from Vitamin D deficiency; medical diagnostic testing instruments for use in immunoassay procedure; medical diagnostic instruments for monitoring 1,25 dihydroxyvitamin D levels for diagnosing calcium metabolism disorders and their treatments, used in conjunction with other clinical and laboratory data; Medical diagnostic apparatus for medical purposes for the testing and processing of immunoassays; diagnostic instruments for medical use for the analysis of immunoassays; medical diagnostic testing instruments for use in immunoassay procedure testing; medical diagnostic instruments for the analysis of immunoassays; Genetic testing apparatus for medical purposes; Surgical, medical, dental and veterinary apparatus and instruments; Artificial limbs, eyes and teeth; Orthopaedic articles; Suture materials; Therapeutic and assistive devices adapted for persons with disabilities; Massage apparatus; Apparatus, devices and articles for nursing infants; Sexual activity apparatus, devices and articles; tubes for medical purposes, sold as part of medical diagnostic test kits to be used by staff of clinical and medical laboratories for medical diagnosis, screening and monitoring of inflammatory diseases; tubes for medical purposes and

membrane test plates for use in medical diagnostics, all sold as part of medical diagnostic test kits to be used by staff of clinical and medical laboratories for the diagnosis, screening or monitoring of tumors, organ dysfunction, multiple organ failure, sepsis and systemic inflammatory response; scientific instruments and apparatus for use in the fields of medicine and pharmaceutical analysis, namely, liquid handlers, live cell imagers, in vivo imagers, microplate readers and imagers, gamma and scintillation counters, and microplates.

Class 40

Treatment of biopharmaceutical materials; custom manufacture of cells and vectors for diagnostic, medical and commercial applications in relation to cell and gene therapies; consultancy and advisory services relating to the aforesaid services; manufacture of compounds containing nucleosides to the order and specification of others; Treatment of materials; Recycling of waste and trash; Air purification and treatment of water; Printing services; Food and drink preservation.

Class 42

Scientific and industrial research and analysis in the field of life sciences; scientific research for others, namely, the testing, screening and analysis of pharmaceuticals, chemical screening and analysis, the testing, screening and analysis of biological substances and nucleic acid characterization; chemical analysis and research, namely, performing pharmaceutical screening assays for others; development and testing, screening and analysis of pharmaceuticals, chemical and biological substances for use in drug discovery research; in vitro and in vivo drug discovery, analysis and screening services for use by scientists and researchers in discovering and developing new drug therapies in the life science industry; performance of chemical or biological material analysis or diagnostics, namely, detection and screening for biological or chemical substances, capillary electrophoresis, chemical or biological separation, and nucleic acid characterization; medical laboratories; Medical

research; providing scientific information about products and services in the fields of human and environmental health technology; scientific research and development services, namely, collecting information and user comments about the scientific and technological qualities of products and services in the fields of human and environmental health technology; providing on-line, non-downloadable, Internet-based software application for providing information and the ability to search information in the field of chemistry, namely, information on chemicals, chemical structures and properties, related molecules, and chemical supply information, supplier catalogs, supplier information, availability, and procurement; hosting an online interactive database in the field of chemistry, featuring chemical searching and information integration; providing on-line, non-downloadable computer software for scientific analysis of genetic sequences; providing on-line, non-downloadable computer software for medical services, namely, medical diagnostic software and medical testing software for medical laboratory data management, patient record keeping, tracking, recording, monitoring, analyzing and reporting medical data obtained related to newborn screenings; Scientific services for the pharmaceutical industry and research and design relating thereto, namely scientific and technical consulting and research services relating to the development of drug screening bioassays for use by research laboratories; Scientific and technical consulting and research services for the pharmaceutical industry, namely, scientific and technical consulting and research services relating to protein labelling to conduct life science and drug screening research; drug screening services, namely, scientific research to identify synergistic or antagonistic interactions between small-molecule drugs, therapeutic antibodies and proteins for therapeutic purposes; Custom cell-line engineering services; gene base-editing services for research purposes; gene engineering services; research and development services in the creation of databases or collections of information on biologicals including cells and cell lines for research purposes; hosting databases of information on normal and mutated genes for research purposes; providing DNA reference standards for research purposes;

providing DNA reference databases being collections of DNA and gene sequences for research purposes; research on cell line models; contract research on cell line models; research and development services relating to targeting therapies to individuals; provision of information and data relating to patient genotypes for scientific and medical research or analysis purposes; research and development services relating to combining therapies for individuals; research and development relating to reagents; disease modelling for research purposes; design of clinical trials for research purposes; research and development in re-positioning existing drugs from other therapeutic indications; consultancy and advisory services relating to the aforesaid services; all of the aforesaid services relating to biological and medical research and research and development in the field of cells and cell therapies, genome editing, genetic engineering and gene therapies; Scientific and technological services and research and design relating thereto; Industrial analysis, industrial research and industrial design services; Quality control and authentication services; Design and development of computer hardware and software.

Class 44

Medical diagnostic testing services; medical diagnostic testing services, namely, testing for tick-borne infections; Medical analysis services for diagnostic and treatment purposes provided by medical laboratories; Medical and health services relating to DNA, genetics and genetic testing; Genetic testing for medical purposes; DNA screening for medical purposes; Medical services; Veterinary services; Hygienic and beauty care for human beings or animals; Agriculture, aquaculture, horticulture and forestry services; Blood bank services.

Software to operate, maintain, store, display, buy, sell, and trade virtual assets, digital assets and other electronic property and electronic assets; downloadable computer software for use in connection with transferring, verifying, managing and processing securities, cryptocurrency, digital currency, virtual currency, crypto asset transactions and digital tokens based on blockchain technology; software for operating in the metaverse; software relating to virtual reality; software for tokenisation; software for tokenisation of digital assets, physical assets and art assets; software for tokenisation of deposits; Software for tokenisation platform; software for e-commerce and electronic payments; software for use in banking and financial transaction services; digital assets, namely, electronic financial assets and financial instruments, authenticated by non-fungible tokens [NFTs]; digital materials, namely, downloadable files authenticated by non-fungible tokens [NFTs]; Security tokens [encryption devices]; downloadable software for exchange, purchase and sale of non-fungible tokens [NFTs]; downloadable software applications for minting non-fungible tokens [NFTs]; downloadable digital and multimedia files containing artwork, text, audio, and video authenticated by non-fungible tokens [NFTs]; Downloadable virtual goods, namely, virtual clothes, bags, shoes and wallets, for use in online virtual environments; Downloadable virtual goods, namely, computer software featuring interactive characters and animals for virtual environments; Downloadable image files featuring avatars for use in virtual environments; downloadable encrypted keys for receiving and spending digital assets; Downloadable electronic wallets; Downloadable computer software for use as an electronic wallet; Downloadable computer software for blockchain technology; downloadable computer software to

allow users to perform electronic financial transactions online, in augmented reality, virtual reality, virtual world or in the metaverse; downloadable software, namely, software used in banking as a service for coding software; downloadable software, namely, electronic financial software platform for multiple types of payment and debt transactions via mobile phones, electronic tablets and web-based environments; downloadable computer software for maintaining cyber security for the processing or exchange of securities, cryptocurrency, digital currency, virtual currency, crypto asset transactions and digital tokens based on blockchain technology; downloadable computer software and applications for mobile devices for facilitating and administering banking, payment by credit card, debit card, or virtual payment card, automatic teller machine services, stored value card services, electronic funds transfer services, electronic payment processing services, electronic processing and transmission of bill payment data, transaction authentication services, routing, authorization and settlement services, and fraud detection and control services online, in augmented reality, virtual reality, virtual world or in the metaverse; downloadable computer software and applications for mobile devices comprising a digital wallet that stores customer account information and permits consumers to access coupons, vouchers, voucher codes, discount codes, and rebates at retailers and to obtain loyalty or monetary rewards that can be credited to their accounts online, in augmented reality, virtual reality, virtual world or in the metaverse; downloadable computer e-commerce software to allow users to perform electronic business transactions online, in augmented reality, virtual reality, virtual world or in the metaverse; downloadable podcasts in the field of finance and banking; downloadable recorded content in the nature of text, images, videos, audio recordings, audio visual recordings and data in the field of finance, investment, investment managers, environmentally focused investments, environmental and sustainable credentials, financial indices, exchange traded funds, tracker funds, pensions and insurance, and the assessment, rating and ranking of investments, companies and investment managers; Apparatus and instruments for recording,

transmitting, reproducing or processing sound, images or data; recorded and downloadable media, blank digital or analogue recording and storage media; Mechanisms for coin-operated apparatus; Cash registers, calculating devices; Computers and computer peripheral devices; apparatus for processing card transactions and data relating thereof and for payment processing; Apparatus for verifying data on magnetically encoded cards; electronic verification apparatus; Encoded cards; Blank smart cards; Blank integrated circuit cards [blank smart cards]; cartridges, discs, tapes, cards and other recording materials, all for collecting, processing and/or storing data and for bearing computer programs and data; Magnetic data carriers, recording discs; Video recordings; apparatus for input, output, storage and/or processing of data; data processing equipment, computers; computer software and programs; Computer operating programs, recorded; Computer hardware; Computer memories; Computer programs [downloadable software]; Computer game software; Computer software applications, downloadable; Computer software platforms, recorded or downloadable; computing apparatus and print-out apparatus; Magnetic cards; magnetically encoded and smart (programmable) cards; Cards bearing integrated circuits; telecommunications apparatus, telephones; apparatus for decoding (reading) encoded cards; Card readers; Reading machines for integrated circuit cards; Smart card readers; Chip card readers; Integrated circuit chips; Application software; Automated teller machines (ATM); automated banking and cash machines; banking cards (encoded or magnetic) for credit or debit purposes; bank cards being machine readable; charge cards (encoded or magnetic); Integrated circuit cards [smart cards]; computer cards (smart); smart cards (machine readable cards); storage cards (smart cards); Cards incorporating electronic chips; cards encoded with security features for authentication or identification purposes; Electronic banking installations; Self-service banking apparatus; Security devices for computer software; network software applications being downloadable computer programs; Interfaces for computers; Charging apparatus; Battery chargers; databases (electronic publications); electronic publications (downloadable);

Electronic publications including those sold and distributed online; cheque cards (encoded or magnetic); Software and applications for mobile devices; Software applications for use with mobile devices; Downloadable applications for use with mobile devices.

Class 35

Provision of an online marketplace for buyers and sellers of goods and services; provision of marketplace online, in augmented reality, virtual reality, virtual world or in the metaverse; provision of marketplace online, in augmented reality, virtual reality, virtual world or in the metaverse for buyers and sellers of virtual goods and services, downloadable digital and multimedia files containing artwork, text, audio, and video files authenticated by non-fungible tokens [NFTs]; retail services relating to virtual goods, digital content, digital materials, digital collectibles, digital assets and non-fungible tokens [NFTs]; assistance with business management; Business management; Business administration services; advice on business organization and business management; Advertising consultation; Business appraisals; business analysis; Market studies; Organization of exhibitions and events for commercial or advertising purposes; arranging presentations for business purposes; Arranging business introductions; Compilation of business statistics and commercial information; Business acquisitions consultation; Business development services; business development services relating to business incubation and acceleration for entrepreneurs, start-ups and emerging companies, namely, business consulting services, business networking services, and business management services; business advisory services, namely business services to assist entrepreneurs, start-ups and emerging companies in relation to strategy, technology development, marketing, operations and management; business development consulting services; business development services, namely, providing business start-up support for businesses of others; business evaluations, business appraisals, analysis, information and research; providing general business advice; technology incubation

services, namely, business consultation services in the fields of technology development, commercialization planning and strategic marketing; business incubation and accelerator support services; Online business networking services in the field of business incubation; providing office functions; Business information services; Business consultancy services; Business risk management services; Business risk assessment services; business services to mitigate risk and exposure from transactions involving cryptocurrencies and other digital assets; providing business information and business data for use in connection with regulatory compliance; providing business information relating to fraud, fraud management, identity verification and regulatory compliance; organising business networking events in the fields of corporate ESG ratings and sustainable investment and finance; providing business research and evaluations related to sustainable finance; advisory services on sustainable and responsible climate change business management strategies; consultancy of businesses and organisations in the field of sustainability and innovation, including decarbonisation, circular economy, donut economy and sustainable finance; administrative data processing, collection and systematization of commercial data related to the cryptocurrency transaction; leasing advertising space; all of aforementioned services offered physically, online, in augmented reality, virtual reality, virtual world or in the metaverse.

Class 36

Financial advisory services relating to formation, offering and management of limited partnerships; Financial affairs; fundraising and financial sponsorship; Financial management; Financial advisory services; Financial research; financial evaluation; financing services for entrepreneurs, start-ups and emerging companies; providing financial information, management and analysis services; investment management and advisory services; financial risk and asset management consultancy; financial due diligence for investment purposes; Financial consultancy, information and advisory services relating to financial services and payments innovations and fintech;

3D printing for others; 3D printing of furniture for others; 3D printing of toys for others; Abattoirs; Abrasion; Abrasive blasting services; Abrasive polishing; Abrasive polishing of metal surfaces; Abrasive polishing of metals; Acrylic finishing of vehicles; Additive manufacturing for others; Additive manufacturing of furniture for others; Additive manufacturing of toys for others; Advisory services relating to dyeing; Advisory services relating to production of electricity from liquefied natural gas; Air and water conditioning and purification; Air deodorising; Air deodorizing; Air freshening; Air purification; Air purification and treatment of water; Air regeneration; Air treatment; Air treatment services; Alteration of clothing; Alteration of clothing [custom manufacture]; Animal slaughtering services; Animal waste treatment; Annealing; Anodising; Anti-microbial treatment of carpets; Anti-microbial treatment of clothing; Anti-mildew treatment services; Anti-moth treatment services; Anti-mould treatment services; Apparel embroidering; Apparel embroidery services; Application of appliques to clothing; Application of appliques to fabrics; Application of appliques to textiles; Application of backing to carpet to the order of others; Application of coatings using chemical vapor deposition techniques; Application of coatings using chemical vapour deposition techniques; Application of coatings using physical vapor deposition techniques; Application of coatings using physical vapour deposition techniques; Application of coatings using thermal plasma spraying techniques; Application of coatings using vacuum deposition techniques; Application of finishes to textiles; Application of protective surface coatings to machines and tools; Application of wear-resistant coatings on metals and plastics; Applying backing to the underside of carpets; Applying finish to stainless steel sheets and coils; Applying finishes to cloth; Applying finishes to clothing; Applying finishes to fabric; Applying finishes to textiles; Bead blasting services; Beer brewing for others; Beer making for

others; Bevelling of glass; Beverage irradiation; Binding of books; Binding of books or documents; Binding of documents; Biological waste water treatment services; Bioremediation services; Blacksmithing; Blast treatment services; Bleaching of cloth; Bleaching of clothing; Bleaching of fabric; Bleaching of textiles; Blending of coal; Blending of crude oil and synthetic oils; Blow molding; Blow moulding; Blueprinting; Boilermaking; Bookbinding; Brazing; Brewing of beer; Brewing of beer for others; Brewing services; Burning of refuse and waste; Burnishing by abrasion; Butchering; Butchery; Cabinet making [custom manufacture]; Cadmium plating; Carbon capture; Carbon offsetting services [recycling]; Carpet dyeing; Casting; Casting of metal; Catalytic conversion of chemical compounds; Ceramic glazing; Ceramic processing; Ceramic processing and providing information relating thereto; Ceramic welding; Ceramics firing; Charitable services, namely recycling; Cheese processing services in the nature of ripening, maturing and aging of cheese; Chemical decontamination of agricultural soils; Chemical decontamination of nuclear plant; Chemical decontamination services; Chemical encapsulation of hazardous chemicals; Chemical processing of liquids; Chemical recycling of waste products; Chemical treatment of exhaust gases from fossil fuel combustion; Chemical treatment of textile; Chemical treatment of waste products; Chinese herbal medicine decocting services; Chrome plating; Chromium plating; Chromium plating of automobile bumpers; Chromium plating of car bumpers; Chromium plating of metal articles; Chromium plating of metallic objects; Chromium plating of motor vehicle bumpers; Chromium plating of vehicle bumpers; Cider-making for others; Cinematographic film duplication; Cinematographic film processing; Clean energy production; Clean energy production from biofuels; Clean energy production from biogas; Clean energy production from biomass; Clean energy production from geothermal resources; Clean energy production from hydrogen; Cloth bleaching; Cloth cutting; Cloth dyeing; Cloth edging; Cloth fireproofing; Cloth pre-shrinking; Cloth treating; Cloth waterproofing; Clothing alteration; Clothing bleaching; Clothing embroidering; Clothing embroidery services; Coal blending; Coal processing; Coal treatment; Coating of metal surfaces using

chemical vapor deposition processes; Coating of metal surfaces using chemical vapour deposition processes; Coating of metal surfaces using physical vapor deposition processes; Coating of metal surfaces using physical vapour deposition processes; Coating of metals with refractory materials; Coating of optical lenses; Cobbler's services [custom manufacture]; Coffee roasting; Coffee roasting and processing; Coffee-grinding; Cold forming of metal; Collation [binding] of printed material; Color enhancement of black and white film; Color enhancement of black and white video film; Color separation services; Colour enhancement of black and white film; Colour enhancement of black and white video film; Colour separation services; Compacting of recyclables for others; Concrete crushing; Conditioning of fur; Consultancy in the field of beer making; Consultancy in the field of energy generation; Consultancy in the field of energy production; Consultancy in the field of liqueur making; Consultancy in the field of rum making; Consultancy in the field of water treatment; Consultancy in the field of whisky making; Consultancy in the field of wine making; Consultancy relating to the destruction of waste and trash; Consultancy relating to the incineration of waste and trash; Consultancy relating to the recycling of waste and trash; Consultancy relating to the treatment of chemical pollutants; Consultancy relating to the treatment of oil pollutants; Consultancy services relating to the generation of electrical energy; Consultancy services relating to the generation of electrical power; Consultancy services relating to the production of electrical energy; Consultancy services relating to the production of electrical power; Consultancy the field of water treatment; Contact lens tinting; Conversion of nuclear fuels; Conversion of targeted substrates into targeted chemical preparations by treatment with enzyme systems; Conversion of waste energy into electricity [energy recycling services]; Conversion of waste energy into steam [energy recycling services]; Cooking oil and vegetable oil recycling services; Coppering; Cotton ginning; Cotton spinning; Covering of books; Crease resistant treatment of cloth; Crease resistant treatment of clothing; Crease resistant treatment of textiles; Crease-resistant treatment for clothing; Crease-resistant treatment of cloth; Crease-resistant

treatment of fabric; Crease-resistant treatment of textiles; Crude oil refining; Crushing of concrete; Crushing of scrapped metal goods; Cryogenic preservation; Cryopreservation services; Curtain making [custom manufacture]; Custom 3D printing for others; Custom 3D printing of furniture for others; Custom 3D printing of toys for others; Custom additive manufacturing; Custom additive manufacturing for others; Custom additive manufacturing of furniture for others; Custom additive manufacturing of toys for others; Custom aircraft manufacturing; Custom airplane manufacturing; Custom assembling of electronic components for communication devices; Custom assembling of electronic components for medical devices; Custom assembling of electronic components for mobile telephones; Custom assembling of electronic components for personal digital assistants; Custom assembling of leather materials for others; Custom assembling of materials for others; Custom bicycle manufacturing; Custom biomanufacturing of antibiotics; Custom biomanufacturing of chemotherapy drugs; Custom biomanufacturing of cultured cell tissues; Custom biomanufacturing of cultured cells; Custom biomanufacturing of pharmaceutical preparations; Custom biomanufacturing of pharmaceuticals; Custom biomanufacturing of vaccines; Custom blending of essential oils for aromatherapy use; Custom chemical distillation for others; Custom clothing alteration; Custom color compounding of paint; Custom construction of wigs; Custom dressmaking; Custom engraving of trophies; Custom fabricating, making or manufacturing of goods or materials [for others]; Custom fabrication of confection displays for weddings, celebrations, and special events; Custom fabrication of counter tops; Custom fabrication of steel construction elements; Custom fashioning of fur; Custom imprinting of clothing; Custom imprinting of clothing with decorative designs; Custom imprinting of clothing with messages; Custom imprinting of sports uniforms; Custom manufacture and fitting of wigs; Custom manufacture of artificial limbs; Custom manufacture of artificial teeth; Custom manufacture of automobile covers; Custom manufacture of automobiles; Custom manufacture of biopharmaceuticals; Custom manufacture of boats; Custom manufacture of cabinets; Custom manufacture of

cancer vaccines; Custom manufacture of cinerary caskets; Custom manufacture of communication devices for others; Custom manufacture of composite materials; Custom manufacture of computers for others; Custom manufacture of dental prostheses; Custom manufacture of dental prosthesis and dentures; Custom manufacture of dental prosthetics; Custom manufacture of doors; Custom manufacture of drapery; Custom manufacture of elastomeric components; Custom manufacture of fragrances; Custom manufacture of furniture; Custom manufacture of goods [for others]; Custom manufacture of locks; Custom manufacture of medical devices for others; Custom manufacture of metal hardware; Custom manufacture of molded components; Custom manufacture of molds for use in industry; Custom manufacture of moulded components; Custom manufacture of moulds for use in industry; Custom manufacture of ophthalmic lenses for eyeglasses; Custom manufacture of oriental hair pins; Custom manufacture of paper and paper products; Custom manufacture of pharmaceuticals; Custom manufacture of prefabricated buildings; Custom manufacture of prefabricated construction elements; Custom manufacture of prostheses; Custom manufacture of prosthetics; Custom manufacture of protective cases for cell phones; Custom manufacture of quilts; Custom manufacture of rubber stamps; Custom manufacture of semiconductor circuits; Custom manufacture of semiconductor components; Custom manufacture of semiconductor wafers; Custom manufacture of sintered structural components; Custom manufacture of thermoplastic components; Custom manufacture of tools for others; Custom manufacture of wigs; Custom manufacture of yachts; Custom manufacturing of 3D printed toys for others; Custom manufacturing of RNA molecules; Custom manufacturing of advertising signage; Custom manufacturing of aeroplanes; Custom manufacturing of aircraft; Custom manufacturing of airplanes; Custom manufacturing of antibiotic medicines; Custom manufacturing of antibiotics; Custom manufacturing of antibody-drug conjugates; Custom manufacturing of artificial bones; Custom manufacturing of artificial implants; Custom manufacturing of artificial limbs; Custom manufacturing of artificial teeth sets; Custom manufacturing

of automobile covers; Custom manufacturing of automobile engines; Custom manufacturing of automobile motors; Custom manufacturing of automobiles; Custom manufacturing of bakery products; Custom manufacturing of banners; Custom manufacturing of batteries; Custom manufacturing of bicycles; Custom manufacturing of biological preparations; Custom manufacturing of biomedical preparations; Custom manufacturing of biopharmaceuticals; Custom manufacturing of birthday cakes; Custom manufacturing of blankets; Custom manufacturing of boats; Custom manufacturing of bread; Custom manufacturing of cabinets; Custom manufacturing of cakes; Custom manufacturing of cancer vaccines; Custom manufacturing of candles; Custom manufacturing of car covers; Custom manufacturing of cars; Custom manufacturing of carved wooden handicrafts; Custom manufacturing of cell phone cases; Custom manufacturing of chemical reagents; Custom manufacturing of chemotherapy drugs; Custom manufacturing of chips [integrated circuits] for others; Custom manufacturing of chocolates; Custom manufacturing of cinerary caskets; Custom manufacturing of cinerary coffins; Custom manufacturing of communication devices for others; Custom manufacturing of compliance signs; Custom manufacturing of computers for others; Custom manufacturing of containers; Custom manufacturing of cosmetics; Custom manufacturing of cupcakes; Custom manufacturing of decals and labels; Custom manufacturing of dental prostheses; Custom manufacturing of dental prosthesis; Custom manufacturing of dental prosthetics; Custom manufacturing of dentures; Custom manufacturing of dietary supplements for humans; Custom manufacturing of doors; Custom manufacturing of drapery; Custom manufacturing of elastomeric components; Custom manufacturing of electric circuit boards; Custom manufacturing of engines; Custom manufacturing of eyewear; Custom manufacturing of false hair; Custom manufacturing of flags; Custom manufacturing of food processing and food treatment machines and apparatus; Custom manufacturing of fragrances; Custom manufacturing of furniture; Custom manufacturing of goods to the order and specification of others; Custom manufacturing of ice sculptures; Custom

manufacturing of integrated circuits; Custom manufacturing of integrated circuits for others; Custom manufacturing of jewellery; Custom manufacturing of jewelry; Custom manufacturing of joinery handicrafts; Custom manufacturing of kitchen cabinets; Custom manufacturing of kitchen utensils; Custom manufacturing of locks; Custom manufacturing of mRNA; Custom manufacturing of make-up; Custom manufacturing of medical devices; Custom manufacturing of messenger ribonucleic acids; Custom manufacturing of metal hardware; Custom manufacturing of mobile telephone cases; Custom manufacturing of modular components for modular buildings; Custom manufacturing of molded components; Custom manufacturing of moldings; Custom manufacturing of molds for use in industry; Custom manufacturing of motor car covers; Custom manufacturing of motor cars; Custom manufacturing of motorcycles; Custom manufacturing of moulded components; Custom manufacturing of mouldings; Custom manufacturing of moulds for use in industry; Custom manufacturing of ophthalmic lenses for eyeglasses; Custom manufacturing of ophthalmic lenses for spectacles; Custom manufacturing of oriental hair pins; Custom manufacturing of orthodontic appliances; Custom manufacturing of paper and paper products; Custom manufacturing of paper or plastic bags for packaging; Custom manufacturing of pastries; Custom manufacturing of pharmaceutical preparations; Custom manufacturing of pharmaceuticals; Custom manufacturing of point-of-purchase displays; Custom manufacturing of prefabricated buildings; Custom manufacturing of prefabricated construction components; Custom manufacturing of prefabricated construction elements; Custom manufacturing of propulsion systems; Custom manufacturing of prostheses; Custom manufacturing of prosthetic devices; Custom manufacturing of prosthetics; Custom manufacturing of protective cases for cell phones; Custom manufacturing of protective cases for mobile telephones; Custom manufacturing of quilts; Custom manufacturing of rice alcohol; Custom manufacturing of roller blinds; Custom manufacturing of scale model vehicles; Custom manufacturing of sculptures; Custom manufacturing of semiconductor circuits; Custom manufacturing of semiconductor components;

Custom manufacturing of semiconductor devices; Custom manufacturing of semiconductor wafers; Custom manufacturing of sintered parts; Custom manufacturing of sintered structural components; Custom manufacturing of soaps; Custom manufacturing of sporting articles; Custom manufacturing of stationery; Custom manufacturing of steel construction elements; Custom manufacturing of steel pipes and tubes; Custom manufacturing of tapestry; Custom manufacturing of tarts; Custom manufacturing of textiles; Custom manufacturing of thermoplastic components; Custom manufacturing of three dimensional letters and signage; Custom manufacturing of tools for others; Custom manufacturing of toys; Custom manufacturing of trade show displays; Custom manufacturing of trenchless tunneling equipment; Custom manufacturing of trenchless tunnelling equipment; Custom manufacturing of tunneling equipment; Custom manufacturing of tunnelling equipment; Custom manufacturing of vaccines; Custom manufacturing of vehicle covers; Custom manufacturing of vehicles; Custom manufacturing of wedding cakes; Custom manufacturing of wigs; Custom manufacturing of woodwork provided by joiners; Custom manufacturing of yachts; Custom perfume blending services; Custom production of wine for others; Custom quilting; Custom steel rolling and fabrication to the order and specification of others; Custom tailoring; Custom tailoring services; Customized printing of company names and logos for promotional and advertising purposes on the goods of others; Cutting of cloth; Cutting of curtains; Cutting of diamonds; Cutting of fabric; Cutting of fabrics; Cutting of gemstones; Cutting of leather; Cutting of metal; Cutting of precious stones; Cutting of replacement keys; Cutting of sheet glass; Cutting of textiles; Damp-proofing to existing buildings; De-acidification of paper; Decontamination of hazardous materials; Decontamination of nuclear waste; Decontamination of subsurface soil sites; Decontamination of waste; Degaussing; Demagnetisation; Demagnetization; Demineralisation of water; Dental scrap refining; Dental technician services being custom manufacturing of orthodontic appliances; Deodorising of the air; Deodorizing of the air; Desalination; Desalination of water; Design printing for others; Destruction

of trash; Destruction of waste; Destruction of waste and trash; Detoxification of hazardous materials; Developing of photographic film; Development of photographic films; Die casting; Die-casting of metals; Digital on-demand printing of books and other documents; Digital on-demand printing services of books and other documents; Digital photo printing services; Digital printing; Discharge printing; Distillation of chemicals; Distillation of hydrocarbons; Distillation of liquified plastic wastes; Distillation of oils; Distillation of recycled raw materials; Distillation services; Distilling of spirits for others; Document binding; Document destruction; Document shredding; Document shredding services; Dressing of animal skins; Dressing of skins; Dressmaking; Dressmaking consultancy; Drilling of metals; Drink preservation; Dry mounting services; Dry-rot treatment of timber; Drying of agricultural products; Duplication of CDs; Duplication of DVDs; Duplication of audio cassettes; Duplication of audio tapes; Duplication of cinematographic films; Duplication of films; Duplication of keys; Duplication of photographic film; Duplication of photographic transparencies; Duplication of sound discs; Duplication of sound tapes; Duplication of tape recordings; Duplication of video cassettes; Duplication of video discs; Duplication of video tapes; Dye-sublimation printing services; Dyeing; Dyeing of artificial fur; Dyeing of artificial leather; Dyeing of cloth; Dyeing of cloth or clothing; Dyeing of clothing; Dyeing of fabrics; Dyeing of fur; Dyeing of furs; Dyeing of imitation fur; Dyeing of leather; Dyeing of synthetic fur; Dyeing of synthetic leather; Dyeing of textiles; Dyeing services; Edging of cloth; Edging of fabric; Edging of textiles; Effluent treatment; Electricity generating; Electricity generation; Electro-phoretic coating; Electro-plating; Electrochemical treatment services; Electrophoretic coating services; Electroplating; Electrostatic printing; Embossing; Embossing printing services; Embroidering; Embroidering services; Embroidery services; Enameling; Enameling of metals; Enamelling; Enamelling of metals; Encapsulation of semi-conductors; Encapsulation of semiconductors for others; Energy generation; Energy production; Engraving; Engraving of glass; Engraving of images on objects; Engraving of metal; Engraving of rubber stamps; Engraving of sealing stamps; Enlarging of photographic

prints; Etching; Etching of a sequence of traceable identification numbers on automobile windows so as to identify a particular automobile recovered after theft; Etching of glass; Etching of metal; Etching of rubber stamps; Exterior and interior plating of pipes and tubes made of metal; Extruding of metal alloys; Extruding of plastics; Fabric bleaching; Fabric fireproofing; Fabric waterproofing; Film developing; Film development and reproduction of photographs; Film processing and photofinishing; Filtration services; Fine art printing services; Finishing and coating of textiles; Finishing of goods; Fireproofing [for textile or furs]; Fireproofing of cloth; Fireproofing of clothing; Fireproofing of existing structures; Fireproofing of fabric; Fireproofing of fabrics; Fireproofing of furs; Fireproofing of textiles; Fireproofing of wood; Firing of ceramics; Firing pottery; Fish smoking; Flame proofing [material treatment]; Flexographic printing; Flour milling; Food and drink preservation; Food and drink processing for others; Food canning; Food grinding; Food irradiation; Food milling; Food preservation; Food preservation services; Food processing; Food processing, other than cooking; Food smoking; Forage processing; Forging; Forging of metal goods to the order and specification of others; Forging of metals; Forming or moulding of plastics; Framing of pictures; Framing of works of art; Freezing; Freezing of foods; Freezing services for others; French polishing; Fruit crushing; Fuel processing; Fuel refining; Fuel treatment services; Fulling of cloth; Fur conditioning; Fur cutting; Fur dyeing; Fur glossing; Fur mothproofing; Fur satining; Fur working; Galvanisation; Galvanising; Galvanization; Galvanizing; Garbage recycling; Gas processing and treatment; Gas processing services; Gas production services; Gas refining; Generating of electricity; Generation of electrical power; Generation of electrical power using carbon sequestration; Generation of electricity; Generation of electricity from geothermal energy; Generation of electricity from solar energy; Generation of electricity from wave energy; Generation of electricity from wind energy; Generation of electricity using solar energy; Generation of electricity using wave energy; Generation of electricity using wind energy; Generation of energy; Generation of energy from renewable sources; Generation of power; Gilding; Ginning

cotton; Glass blowing; Glass engraving; Glass etching; Glass polishing; Glass resurfacing; Glass tempering; Glass tinting; Glass-blowing; Gold plating; Goldsmithing; Grain grinding; Grinding; Grinding and polishing glass for eyeglasses; Grinding of coffee; Grinding of lenses; Grinding of metals; Grinding of optical glass; Grit blasting services; Hard chromium plating and hard nickel plating of metal surfaces; Hard chromium plating of metal surfaces; Hard drive destruction services; Hard drive shredding services; Hard nickel plating of metal surfaces; Hardening of metals; Hazardous waste management [treatment]; Hazardous waste treatment; Hazardous waste treatment services; Heat treatment of metal surfaces; Heat treatment of metals; Heat treatment of pipes and tubes made of metal; Heat treatment services; Herbal medicine decocting services; Hire of electrical generators; Hot dipping; Hydrographic printing services; Imprinting messages on T-shirts; Imprinting messages on mugs; Imprinting messages on tee-shirts; Incineration and destruction of waste; Incineration of medical waste; Incineration of trash; Incineration of waste; Incineration of waste and trash; Industrial toxic waste disposal [treatment of waste]; Industrial toxic waste treatment services; Industrial treatment of effluents; Industrial waste treatment for carbon capture; Industrial waste treatment to sequester carbon; Information and advisory services relating to the generation of electricity from wave energy; Information relating to material treatment; Information services relating to production of electricity from liquefied natural gas; Information services relating to the printing of photographic film; Information services relating to the processing of photographic film; Information, advice and consultancy services relating to the recycling of waste and trash; Intaglio printing; Intaglio printing services; Irradiation of beverages; Irradiation of food; Jewellery casting; Jewelry casting; Joinery [custom manufacture]; Joinery services [custom manufacturing of woodwork]; Key cutting; Key duplicating; Kiln drying of materials; Knitting machine rental; Knitting of fabrics [treatment of materials]; Laminating; Laminating of fabrics; Laminating of plastic sheets; Land decontamination; Laser engraving; Laser scribing; Laser treatment of metal; Lead working; Leasing of chemical processing machines;

Leasing of energy generating equipment; Leasing of glassware manufacturing machines; Leasing of sewing machines; Leasing of waste compacting machines; Leasing of water purification equipment; Leather dyeing; Leather processing; Leather staining; Leather tanning; Leather working; Lens grinding; Lenticular printing services; Letterpress printing; Liquefaction of natural gas; Liquefaction of petroleum gas; Liqueur making for others; Lithographic printing; Livestock slaughtering; Locksmithing services being the custom manufacture of locks and locking systems; Machining; Machining parts for others; Magnetisation; Magnetising of metal articles; Magnetization; Material treatment information; Material treatment services; Material treatment services in connection with recycling; Medical waste disposal [treatment of waste]; Medical waste treatment; Melting of metals; Metal brazing; Metal casting; Metal coating [not painting]; Metal coloring [not painting]; Metal colouring [not painting]; Metal cutting; Metal fabrication and finishing services; Metal finishing; Metal forging; Metal hardening; Metal laminating; Metal machining; Metal melting services; Metal molding; Metal moulding; Metal plating; Metal plating and laminating; Metal polishing; Metal pressing; Metal stamping; Metal tempering; Metal treating; Metal treatment; Metal treatment services; Metal welding; Metallising; Metallizing; Metallurgical processing; Metallurgical smelting; Metallurgical treatment; Metalworking; Methane removal for air purification; Microencapsulating services provided for others; Mildew proofing; Mill working; Milling; Millworking; Mixing lubricants for third parties; Mold prevention treatment; Mold prevention treatment of cloth; Mold prevention treatment of clothing; Mold prevention treatment of fabric; Mold prevention treatment of furs; Mold prevention treatment of textiles; Molding of furniture; Molding of plastic materials; Monogramming of clothing; Mothproofing of cloth; Mothproofing of clothing; Mothproofing of fabrics; Mothproofing of furs; Mothproofing of textiles; Mothproofing services; Mould prevention treatment; Mould prevention treatment of cloth; Mould prevention treatment of clothing; Mould prevention treatment of fabric; Mould prevention treatment of furs; Mould prevention treatment of textiles; Mould-inhibiting treatment services; Moulding of concrete;

Moulding of furniture; Moulding of materials; Moulding of plastic materials; Moulding of plastics; Moulding of synthetic products; Moulding of textiles; Mounting of prints; Mounting of works of art as part of the framing process; Natural gas liquefaction services; Needlework [custom manufacture]; Needlework and dressmaking; Nickel plating; Nickelling; Nuclear fuel recycling; Nuclear fuel reprocessing; Nuclear fuel reprocessing and providing information relating thereto; Nuclear waste treatment; Odor counteracting services; Odor neutralizing services; Odor removal services; Odour counteracting services; Odour neutralizing services; Odour removal services; Offset printing; Oil refinery services; Oil refining; Oil spill treatment; Optical glass grinding; Optical lens grinding; Pad printing; Paint mixing services; Paper bleaching; Paper finishing; Paper treating; Paper treating and working; Paper treatment; Paper treatment services; Pasteurising of beverages; Pasteurising of food; Pasteurising of food and beverages; Pasteurizing of beverages; Pasteurizing of food; Pasteurizing of food and beverages; Pattern cutting; Pattern printing; Permanent press treatment of cloth; Permanent press treatment of clothing; Permanent press treatment of fabric; Permanent press treatment of textiles; Permanent-press treatment of cloth; Permanent-press treatment of clothing; Permanent-press treatment of fabrics; Permanent-press treatment of textiles; Petrochemical refining services; Petroleum distillation services for others; Petroleum gas liquefaction; Phosphating; Photo printing; Photocomposing services; Photocomposition services; Photoengraving services; Photofinishing; Photographic developing; Photographic duplicating; Photographic enlarging; Photographic etching; Photographic film developing; Photographic film development; Photographic film printing; Photographic image processing; Photographic preservation; Photographic preservation and conservation; Photographic printing; Photographic printing and providing information relating thereto; Photographic processing; Photographic reproduction; Photographic retouching; Photographic slide and print processing; Photogravure; Photogravure printing; Picture framing; Planing of materials; Plating of metals; Pneumatic abrasion of surfaces; Polishing; Polishing of diamonds; Polishing of diamonds and other

precious stones; Polishing of gems; Polishing of gemstones; Polishing of metals; Polishing of precious stones; Polymerization; Portrait printing; Pottery firing; Powder coating; Pre-shrinking of cloth; Pre-shrinking of clothing; Pre-shrinking of fabric; Pre-shrinking of fabrics; Pre-shrinking of textiles; Preparation [grinding] of eyeglass, spectacle and contact lenses; Preparation and treatment of fabric; Preservation of beverages; Preservation of drink; Preservation of food; Preservation of pharmaceuticals; Preservative treatment of wood [other than painting]; Pressing of fruit for others; Pressure-treatment of wood and timber [preservation]; Print finishing services; Printing; Printing and providing information relating thereto; Printing of advertising matter; Printing of books; Printing of calendars; Printing of cinematographic film; Printing of decorative patterns on gift wrap; Printing of decorative patterns on wrapping paper; Printing of digitally stored pictures and photographs; Printing of documents from digital media; Printing of images on objects; Printing of invitation cards; Printing of patterns on textiles; Printing of photographic film; Printing of photographic images from digital media; Printing of photographic transparencies; Printing of photographs; Printing of stamps; Printing services; Processing and cutting of diamonds and other precious stones; Processing and recycling of waste and trash; Processing of agricultural grain; Processing of agricultural products; Processing of bamboo; Processing of biopharmaceutical materials for others; Processing of chemicals; Processing of chemicals and petrochemicals; Processing of cinematographic films; Processing of coal; Processing of concrete; Processing of cooked foods; Processing of corrugated packing board; Processing of earth materials to obtain metals [material processing]; Processing of epoxy resin; Processing of food waste into animal feed; Processing of food waste into fertilisers; Processing of food waste into fertilizers; Processing of foodstuffs for use in manufacture; Processing of fuel materials; Processing of fur; Processing of gas; Processing of leather; Processing of liquefied natural gas; Processing of marble; Processing of materials; Processing of medicinal materials; Processing of metal surfaces by abrasive polishing; Processing of metal surfaces by precision grinding

and abrasive polishing; Processing of metal surfaces using precision grinding techniques; Processing of metallic materials; Processing of natural gas; Processing of oil; Processing of optical lenses to meet individual requirements; Processing of photographic and cinematographic films; Processing of photographic film; Processing of plastic materials and providing information relating thereto; Processing of plastics; Processing of plastics and providing information relating thereto; Processing of rattan; Processing of raw materials; Processing of rubber; Processing of rubber and providing information relating thereto; Processing of seeds; Processing of silicone; Processing of tea leaves; Processing of tree barks; Processing of waste materials; Production of biogas; Production of electrical energy from renewable sources; Production of electrical power; Production of electrical power from renewable sources; Production of electricity; Production of energy; Production of energy by nuclear power plants; Production of energy by power plants; Production of energy from renewable sources; Production of hydroelectric power; Production of renewable energy from biomass; Production of renewable energy from geothermal heat resources; Production of renewable energy from solar resources; Production of renewable energy from water movement resources; Production of renewable energy from wind resources; Production of renewable green energy; Prototype fabrication of new products for others; Providing information relating to bookbinding services; Providing information relating to ceramic processing; Providing information relating to custom tailoring; Providing information relating to decontamination of hazardous materials; Providing information relating to dressmaking; Providing information relating to embroidering; Providing information relating to food manufacturing; Providing information relating to material treatment; Providing information relating to mineral processing; Providing information relating to nuclear fuel reprocessing; Providing information relating to paper finishing services; Providing information relating to paper treating services; Providing information relating to photographic enlarging services; Providing information relating to photographic film development; Providing information relating to photographic printing services; Providing information

relating to photogravure services; Providing information relating to printing services; Providing information relating to refining services; Providing information relating to taxidermy; Providing information relating to the engraving of sealing stamps; Providing information relating to the processing of cinematographic films; Providing information relating to the processing of plastics; Providing information relating to the processing of rubber; Providing information relating to the recycling of waste; Providing information relating to the rental of air-conditioning apparatus; Providing information relating to the rental of bookbinding machines; Providing information relating to the rental of chemical processing machines and apparatus; Providing information relating to the rental of glassware manufacturing machines and apparatus; Providing information relating to the rental of knitting machines; Providing information relating to the rental of machines and apparatus for papermaking; Providing information relating to the rental of machines and apparatus for processing food or beverages; Providing information relating to the rental of machines for making shoes; Providing information relating to the rental of metal treating machines and tools; Providing information relating to the rental of printing machines and apparatus; Providing information relating to the rental of sewing machines; Providing information relating to the rental of space cooling apparatus for household purposes; Providing information relating to the rental of space cooling apparatus for industrial purposes; Providing information relating to the rental of tobacco processing machines; Providing information relating to the rental of waste compacting machines and apparatus; Providing information relating to the rental of waste crushing machines and apparatus; Providing information relating to the rental of water purifying apparatus; Providing information relating to the treatment of materials; Providing information relating to the treatment of waste; Providing information relating to water treatment; Providing information relating to wine making; Providing information relating to woodworking; Providing information, including online, about treatment of materials; Providing manufacturing information relating to the impact of consumer and industrial products on environmental preservation; Providing material

treatment information; Providing material treatment information via a website; Provision of information relating to the treatment of materials; Provision of information relating to water treatment; Provision of material treatment information; Purification of air; Purification of gases; Purification of industrial waste water; Purification of liquids; Purification of materials; Quilting; Radiation area decontamination services; Reclamation of material from waste; Reclamation of solvents; Recovery of precious metals; Recycling; Recycling and processing of biomass; Recycling and transformation of biomass; Recycling catalytic converters; Recycling for carbon offsetting purposes; Recycling for decarbonization purposes; Recycling of PET bottles; Recycling of aerosol propellants; Recycling of aluminium packaging; Recycling of batteries; Recycling of beverage bottles; Recycling of beverage cartons; Recycling of biogenous waste; Recycling of cans; Recycling of car batteries; Recycling of catalytic converters; Recycling of chemicals; Recycling of chlorofluorocarbon (CFC) containing gases; Recycling of chlorofluorocarbon (CFC) containing liquids; Recycling of clothing; Recycling of clothing to obtain materials for making synthetic fibers; Recycling of clothing to obtain materials for making synthetic fibres; Recycling of consumer goods; Recycling of cooking oils; Recycling of corks; Recycling of electric batteries; Recycling of electric bicycle batteries; Recycling of electric household appliances; Recycling of electric office equipment; Recycling of electric wires; Recycling of electrical appliances; Recycling of electrical components; Recycling of electronic and electrical appliances; Recycling of electronic appliances; Recycling of electronic circuits; Recycling of electronic devices; Recycling of expanded polystyrene [EPS] plastics; Recycling of fluorescent lamps; Recycling of foam blowing agents; Recycling of food waste; Recycling of food waste into animal feed; Recycling of garbage; Recycling of glass; Recycling of high-density polyethylene [HDPE] plastics; Recycling of industrial goods; Recycling of industrial oils; Recycling of ink cartridges; Recycling of inks; Recycling of insulating gases from air-conditioning machines; Recycling of insulating gases from air-conditioning plants; Recycling of insulating gases from freezers; Recycling of insulating gases from

refrigerators; Recycling of materials; Recycling of medical waste; Recycling of metals; Recycling of mineral waste; Recycling of minerals; Recycling of nuclear fuel; Recycling of organic solvents; Recycling of paper; Recycling of paper and cardboard; Recycling of photovoltaic modules; Recycling of plastic; Recycling of plastic bottles; Recycling of plastics; Recycling of polyethylene terephthalate [PET] bottles; Recycling of precious metals; Recycling of radioactive waste; Recycling of refrigerant fluids; Recycling of refuse and waste; Recycling of resistors; Recycling of rubbish; Recycling of scrap; Recycling of scrap metal; Recycling of semiconductors; Recycling of shoes; Recycling of solvents; Recycling of steel sheets; Recycling of switches; Recycling of textiles; Recycling of tins; Recycling of tires; Recycling of toner; Recycling of toner cartridges; Recycling of transformers; Recycling of trash; Recycling of tyres; Recycling of valuable materials; Recycling of waste; Recycling of waste and providing information relating thereto; Recycling of waste and rubbish; Recycling of waste and trash; Recycling of waste oils; Recycling of water filter cartridges; Recycling of wood; Recycling services; Refinement of fuel materials; Refining of crude oil; Refining of fuel materials; Refining of gas; Refining of metals; Refining of oil; Refining of petrochemicals; Refining of petroleum products; Refining services; Refrigerant reclamation services; Regasification of liquefied natural gas; Regeneration of air; Regeneration of catalysts [recycling]; Regeneration of water; Remastering services of cinematographic films to video tapes; Remastering services of movie films to video tapes; Rental of 3D printers; Rental of air conditioning apparatus; Rental of air purification apparatus; Rental of air purification equipment; Rental of air purifiers; Rental of air-conditioning apparatus; Rental of batteries; Rental of boilers; Rental of bookbinding equipment; Rental of bookbinding machines; Rental of camera batteries; Rental of cell phone batteries; Rental of chemical processing machines; Rental of chemical processing machines and apparatus; Rental of chemical processing machines and apparatus and providing information relating thereto; Rental of cooling apparatus and installations; Rental of cutting equipment; Rental of dehumidifiers; Rental of electric bicycle batteries; Rental of

Chemicals; industrial chemicals; sulfuric acid; copper sulfate [blue vitriol]; non-metallic minerals; non-metallic minerals for use in manufacture; chemicals for surface preparation; chemicals for metal surface finishing; chemicals for surface finishing to coat electroless plating layers on plastics; chemicals for surface finishing to coat electroless plating layers on metals; chemicals for surface finishing to coat electroless plating layers on ceramics; ungluing preparations; chemical agents for the surface treatment of metals; antioxidants for use in manufacture; chemical additives; chemical additives for use in resins; raw materials for plating solution; selenium; tellurium; bismuth; antimony; antimony compounds; rhenium; sputtering targets of oxides; chlorides; molybdenum chloride; tungsten chloride; cobalt chloride; tantalum chloride; niobium chloride; sulfides; oxides; metallic oxides; non-metallic oxides; powder of metallic oxides; powder of non-metallic oxides.

Class 06

Iron and steel; alloys of common metal; alloyed steels; iron, unwrought or semi-wrought; steel, unwrought or semi-wrought; alloys of common metal, unwrought or semi-wrought; alloyed steels, unwrought or semi-wrought; manganese; manganese alloys; ores of metal; copper ore; niobium; copper and its alloys; copper, unwrought or semi-wrought; copper alloys, unwrought or semi-wrought; titanium and its alloys;

tungsten; tungsten alloys; tantalum and its alloys; niobium alloys; non-ferrous metals and their alloys; copper ingots; copper-base alloy ingots; lead ingots; tin ingots; tellurium ingots; bismuth ingots; castings, foils, powder, and rolled, drawn or extruded semi-finished articles of copper or its alloys; anode of copper or its alloys, billet of copper or its alloys, cake of copper or its alloys; foils of copper and its alloys for printed circuit boards; steel rails; copper strip; copper alloy strip; steel plates; steel alloy plates; sputtering targets of metal; sputtering targets of metal alloys; sputtering targets of non-ferrous metals and their alloys; sputtering targets of copper and its alloys; sputtering targets of tantalum and its alloys; sputtering targets of titanium and its alloys; sputtering targets of cobalt and its alloys; sputtering targets of nickel and its alloys; sputtering targets of molybdenum and its alloys; sputtering targets of indium and its alloys; sputtering targets of tin and its alloys; sputtering targets of aluminum and its alloys; sputtering targets of iron and its alloys; sputtering targets of manganese and its alloys; sputtering targets of tungsten and its alloys; coils made of nonferrous metals and their alloys; coils made of copper and its alloys; coils made of titanium and its alloys; coils made of tantalum and its alloys; metal in powdered form; powder of tantalum; powder of tantalum alloys; powder of niobium; powder of niobium alloys; powder of titanium.

Class 09

Compound semiconductor wafers; semiconductor wafers; coils, electric; computer programs, downloadable.

Class 14

Precious metals and their alloys; silver; gold; platinum metal; palladium; iridium; ruthenium; rhodium; gemstones; sputtering targets of platinum metal or platinum alloys.

Class 37

Mining extraction; construction; repair or maintenance of metalworking machines and

tools; repair or maintenance of mining machines and apparatus; rental of construction machines and apparatus; rental of mining machines and apparatus.

Class 39

Transport of waste; collection of domestic and industrial waste and trash; storage of waste; collection of recyclable goods [transport]; storage of recyclable goods; collection of industrial waste.

Class 40

Metal plating; electroplating; electroless plating; metal treating; ceramic processing; recycling of precious metals contained in waste or used goods; recycling of non-ferrous metals contained in waste or used goods; recycling of iron contained in waste or used goods; recycling of steel contained in waste or used goods; recycling of copper contained in waste or used goods; recycling of lithium contained in waste or used goods; recycling of cobalt contained in waste or used goods; recycling of nickel contained in waste or used goods; recycling of tantalum contained in waste or used goods; recycling of niobium contained in waste or used goods; recycling of precious metals; recycling of non-ferrous metals; recycling of iron; recycling of steel; recycling of copper; recycling of lithium; recycling of cobalt; recycling of nickel; recycling of tantalum; recycling of niobium; recycling of plastic contained in waste or used goods; recycling of waste; recycling of waste batteries; sorting of waste; disposal of waste [treatment].

Class 42

Surveying; geological research; geological prospecting; geological surveying by exploratory drilling; geological exploration by drilling; conducting of chemical analyses of metals; research of metal resources; exploration of metal resources; computer programming; providing computer programs on data networks; technological advice relating to computers, automobiles and industrial machines;

scientific and technical research, provision of information relating to scientific and technical research.
