General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

International Registrations Filed Under The Madrid Protocol Published For Opposition Purposes

National Trade Mark No: 40202013894R

International Registration No: 1539158

Date of Protection in Singapore: 24 October 2019

Classes: 35 38 39 41 43 45

swap point

Goods and/or Services:

Class 35

Marketing and promotion services, particularly promotion of third-party goods and services; advertising and marketing, services in relation to customer loyalty, incentive, motivation and bonus programs; commercial administration; business management and assistance services and administrative services; analysis, research and information services relating to business; providing of information to consumers regarding a selection of products and articles intended for sale.

Class 38

Telecommunications; telecommunication services; provision of access to content, sites and portals on the Internet; provision of access to platforms on the Internet [for using services in the field of transport].

Class 39

Transport, transport of persons and goods; transport brokerage; transport services; logistics services, consisting in merchandise storage, transport and delivery services;

brokerage of transport services (carpooling); car sharing services; vehicle rental; transport brokerage services; packaging and storage of goods and warehouse storage services; warehouse and locker rental; delivery of merchandise; provision of information and consultant services in the field of travel.

Class 41

Leisure and sports; organizing entertainment, sporting and cultural events; publication of information and reviews in connection with accommodation and food services.

Class 43

Provision of temporary accommodation; provision of food and beverages; organizing and booking of temporary accommodation as well as restaurants and meals for providing guests with food and drink.

Class 45

Legal services, particularly licensing of rights; granting licenses for franchising concepts (legal services); licensing of industrial property rights and copyrights (legal services).

Kakao Healthcare

Goods and/or Services:

Class 09

Computer software for medical services; application software for medical services; downloadable computer software platforms and software for medical information and services; software for telemedicine services; software for analyzing medical data and records; software for viewing, analyzing, storage, processing, sharing and printing medical records; software for management, maintenance and repair of medical resources and infrastructure; software for collecting, generating, storage and viewing of medical data; software for management and security of medical data; software for

transactions and distribution of medical data; communication apparatus and data processing apparatus for remote medical services; data processing apparatus; recorded data files; downloadable software for medical equipment; software for data processing; computers; cloud servers; tablet PCs.

Class 35

Systematization and management of computer database for medical information; personnel recruitment, namely provision of medical staff; medical staff leasing; agency services for business management of hospitals; business consultancy and provision of business information for telemedicine and hospital operation and management; sales agency services featuring medical instruments and their fittings; sales arranging of medical instruments and their fittings; publicity of hospitals; employment agency services relating to placement of medical and nursing personnel; publicity; database management; business consultation; sales agency services for medical instruments; systemization of information into computer databases; employee leasing; assistance in management of business activities; assistance with business management and planning; business intermediary services in the field of distribution and transaction of medical data; collecting medical data for medical diagnosis agency services.

Class 38

Communications of data; providing access to medical database and platforms; providing access to medical information portals; transmission, reception and processing of emergency signals through electronic means and delivery of messages; providing access via data networks to software for internet access; providing access to databases or internet information; providing access to databases; providing access to e-commerce platforms on the internet; providing access to platforms and portals on the internet; rental of telecommunication machines and apparatus; transmission of information via national and international networks;

transmission of data, messages and information; providing access to information via data networks; message sending, receiving and forwarding; information services relating to broadcasting; multimedia broadcasting via the internet; digital broadcasting; rental of broadcasting equipment; radio and television broadcasting services; providing access to internet platforms for distribution and transaction of medical data.

Class 42

Electronic storage of medical data and medical records; providing temporary use of online non-downloadable computer software platforms for medical information and medical services; rental of software for storage, analysis, management and processing of medical data; medical data security services; software as a service; cloud computing services; rental of computer hardware for storage, analysis, management and processing of medical data; agency services for clinical research; development, updating and maintenance of software and database systems; server administration; providing temporary use of on-line non-downloadable software; providing online non-downloadable software; design and development of data retrieval software; maintenance and repair of software; design and development of computer software; updating of computer database software; maintenance of computer software for data processing.

Class 44

Providing of medical information; medical treatment appointment service, namely, arranging of medical treatment; arranging of medical treatment in another country in the framework of medical tourism; remote monitoring for medical diagnosis and medical data for treatment; online healthcare; online health care consultancy services; medical diagnosis services; arranging of medical treatment; services for the provision of medical facilities; medical services; hospital services; telemedicine services; medical examination of individuals; health screening; advisory services

relating to health; rental of medical apparatus and installations; physician services; medical analysis services for health care purposes and health assessment provided by medical laboratories; medical analysis services for diagnostic and treatment purposes provided by medical laboratories; rental of medical equipment and diagnostic apparatus.

Goods and/or Services:

Class 35

Providing an online marketplace for non-fungible tokens (NFTs) via a website;
providing an online marketplace for buyers and sellers of digital goods authenticated
by non-fungible tokens (NFTs) via a website.

Class 42

Providing non-downloadable software; providing non-downloadable software for electronically trading, storing, sending, receiving, accepting, and transmitting digital and virtual currency; providing non-downloadable software for electronically trading, storing, sending, receiving, accepting, and transmitting non-fungible tokens (NFTs); providing non-downloadable software for managing digital and virtual currency; providing non-downloadable software for managing digital and virtual currency payment and exchange transactions; providing non-downloadable software for processing electronic transactions; providing non-downloadable software for managing digital assets; providing non-downloadable software for managing non-fungible tokens (NFTs); providing non-downloadable software for use as a digital wallet; providing non-downloadable cryptocurrency wallets; providing non-downloadable software for creating NFTs; providing non-downloadable NFT multimedia files; providing non-downloadable NFT music files; providing non-downloadable NFT image files; providing non-downloadable NFT video files; providing non-downloadable NFT text files; providing non-downloadable NFT audio files; providing non-downloadable software for managing and verifying transactions on a blockchain; providing non-downloadable gaming software; providing non-downloadable blockchain gaming software; providing non-downloadable software for cryptocurrency mining; providing non-downloadable software for cryptocurrency farming; providing non-downloadable software for arranging and conducting auctions; providing non-downloadable software for voting; providing non-downloadable software for an online portal; providing non-downloadable software for an online portal for trading, storing, sending, receiving, accepting, and transmitting digital and virtual currency; providing non-downloadable software for an online portal for trading, storing, sending, receiving, accepting, and transmitting non-fungible tokens (NFTs); providing non-downloadable music files authenticated by non-fungible tokens (NFTs); providing non-downloadable software development tools; providing non-downloadable software for social networking; providing non-downloadable software

for creating a virtual community; providing non-downloadable software for creating, managing, and interacting with an online community; providing non-downloadable software for creating, managing and accessing groups within virtual communities; providing non-downloadable file sharing software; providing non-downloadable communications software; providing non-downloadable software for transmission of audio, video, images, text, and data; providing non-downloadable software for sending and receiving electronic messages, graphics, images, audio and audio visual content via the internet and communication networks; providing non-downloadable software for creating, editing, uploading, downloading, accessing, viewing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, voting on, embedding, transmitting, and sharing or otherwise providing electronic media or information via computer and communication networks; providing non-downloadable software for processing images, graphics, audio, video, and text; providing non-downloadable software for the collection, managing, editing, organizing, modifying, transmission, sharing, and storage of data and information; providing non-downloadable software for transmitting, sharing, receiving, downloading, displaying, interacting with and transferring content, text, visual works, audio works, audiovisual works, literary works, data, files, documents and electronic works; providing non-downloadable computer software platforms; providing non-downloadable computer software for organizing, searching for and managing events; providing non-downloadable software for use in electronic storage of data; providing non-downloadable e-commerce software; providing non-downloadable e-commerce software to allow users to perform electronic business transactions via a global computer the internet and communication networks; providing non-downloadable software for providing a virtual marketplace; providing online non-downloadable software for an online marketplace via a website; providing information in the field of cryptocurrency software; providing information relating to digital and virtual currency software; providing information in the field of non-fungible tokens (NFTs); renting computer

software; Platform as a Service [PaaS] for the renting of NFTs; computer software development; development of computer platforms; design and development of interactive multimedia software; research and development of new products for others; product research and development services; research and development of blockchain gaming software; scientific and technological services and research and design relating thereto; computer services, namely, creating virtual communities in the form of websites; computer services, namely, creating virtual communities in the form of websites for users to participate in discussions and engage in social and community networking; computer services, namely, hosting electronic facilities for others for organizing and conducting discussions via the internet communication networks; application service provider (ASP) featuring software to enable or facilitate the creating, editing, uploading, downloading, accessing, viewing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, embedding, transmitting, and sharing or otherwise providing electronic media or information via the internet and communication networks; hosting of digital content on the internet.

Date of Protection in Singapore: 29 June 2023

Classes: 07 35 37

Goods and/or Services:

Class 07

Semi-conductor substrates manufacturing machines; vacuum chambers for processing semiconductor substances [parts of machines]; sprays for fluid dispensers for semiconductor processing machines; semiconductor wafer processing machines; semiconductor wafer processing equipment; laser cutters for manufacturing semiconductors; multipolar sputtering apparatus for manufacturing LCD, PDP, semiconductor, LCD, solar cells and LED; ion beam sputter evaporation

apparatus for manufacturing LCD, PDP, semiconductor, LCD, solar cells and LED; vacuum pumps; gas distributing plate [parts of apparatus for manufacturing semiconductor]; apparatus for manufacturing semiconductors; semiconductor washing equipment; semiconductor manufacturing machines; semiconductor processing machines; laser evaporation/sublimation apparatus being part of machines for manufacturing LCD, PDP, semiconductor, LCD, solar cells and LED; vapor deposition apparatus for semiconductor processing machines; valves [parts of machines]; valves [parts of pumps]; valves other than for land vehicles [parts of machines].

Class 35

Wholesale business of PDP processing machine; retail business of PDP processing machine; wholesale business of semiconductor cleaning equipment; retail business of semiconductor cleaning equipment; wholesale business of machinery for semiconductor manufacturing; retail business of machinery for semiconductor manufacturing; wholesale business of semiconductor manufacturing equipment; retail business of semiconductor manufacturing equipment; wholesale business of semiconductor processing machine; retail business of semiconductor processing machine; wholesale business of laminator equipment for semiconductor processing; retail business of laminator equipment for semiconductor processing; retail business of semiconductor substrate manufacturing machine; wholesale business of semiconductor substrate manufacturing machine; retail business of semiconductor wafer processing machine; wholesale business of semiconductor wafer processing machine; wholesale business of semiconductor wafer processing equipment; retail business of semiconductor wafer processing equipment; wholesale business of circuit board manufacturing and processing machine; retail business of circuit board manufacturing and processing machine.

Class 37

Repair of semiconductor processing machines [devices for developing]; maintenance of semiconductor processing machines [devices for developing]; maintenance of semiconductor/crystalline liquid manufacturing machines; repair of semiconductor/crystalline liquid manufacturing machines; repair of semiconductor manufacturing equipment; installation of semiconductor processing machines [devices for developing]; repair or maintenance of semiconductor manufacturing equipment; providing information relating to the repair or maintenance of semiconductor manufacturing machines and systems; repair or maintenance of semiconductor manufacturing machines and systems and providing information relating thereto; repair or maintenance of semi-conductor manufacturing machines and systems; repair or maintenance of machines and systems for manufacturing semiconductors; repair or maintenance of semiconductor manufacturing machines and systems; maintenance of semiconductor manufacturing equipment; repair of light emitting diode [LED] making apparatus; maintenance of light emitting diode [LED] making apparatus; installation/maintenance and repair of LCD panels; installation, maintenance and repair of compressors, air pumps and vacuum pumps; reconditioning of vacuum pumps and parts thereof; consultancy and advisory services relating to the repair and maintenance of vacuum pumps and parts thereof; repair and maintenance of vacuum pumps and parts thereof.

Mark Clause(s):

The following claim is made in the International Registration: Colour(s) claimed: Blue, orange and green. The mark consists of a blue stylized "R", a green stylized "C" and a orange stylized "T" and the "R", "C" and "T" are respectively placed on three faces of the cube.

INNOMOTICS

Goods and/or Services:

Class 07

Motors and engines (except for land vehicles), and parts thereof; engines and motors for the generation of electricity, and parts thereof; electric motors, not for land vehicles, and parts thereof; electric motors for machines, and parts thereof; electrical engines, other than for land vehicles, and parts thereof; electric driving motors for machines, and parts thereof; electric drives for machines, and parts thereof; electric alternators for machines, and parts thereof; electric drives for machine tools, and

parts thereof; electrical brakes for machines, and parts thereof; electric propulsion mechanisms for machines, and parts thereof; electric brushes being parts of machines, and parts thereof; electric ignition devices [other than for igniting at a distance] and parts thereof; electrically driven tools; electric generators, and parts thereof; turbines for power generation, and parts thereof; compressors, and parts thereof; uninterruptible power supply generating machines; starters for motors and, engines; starting couplings for machines; compressors [machines]; injectors; fuel injection pumps; fuel injectors for engines; fuel filters; fuel valves; machines and machine tools for treatment of materials and for manufacturing; cutting, drilling, abrading, sharpening and surface treatment machines and apparatus; machine tools; power-operated tools; spindles for machine tools; spindle hoists; spindle shafts [parts of machines]; spindle shafts [parts of engines]; spindle shafts [parts of motors]; high-frequency motor spindles with high frequency electric converters and power supply units; machine coupling and transmission components (except for land vehicles); mining machines; mining shovels [machines]; mining drill sharpeners; drills for the mining industry; bits for mining machines; truck mills [for mining purposes]; haulage apparatus [mining].

Class 09

Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; scientific and laboratory devices for treatment using electricity; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for conducting, switching, transforming, storing, accumulating, regulating or controlling the distribution or use of electricity; electrical controlling devices; electric power distribution machines; sound transmitting apparatus; sound reproduction apparatus; sound recording apparatus; power-line transmission apparatus; electrical and electronic components; electric accumulators;

electric batteries; data-processing programs; electricity measuring instruments; recorded and downloadable media, computer software, blank digital or analogue recording and storage media; software for monitoring, analysing, controlling and running physical world operations; industrial software; electromechanical software; manufacturing software; civil engineering software; electrical engineering software; chemical engineering software; mechanical engineering software; machine control software; industrial automation software; industrial controls incorporating software; software programmable microprocessors; computers; computer peripheral devices; wireless controllers to remotely monitor and control the function and status of other electrical, electronic, and mechanical devices or systems; wireless remote controls for portable electronic devices and computers; battery chargers; electric battery chargers.

Class 37

Installation, assembly, maintenance and repair of electrotechnical, electronic, information technology, medical technology, precision engineering, optical and mechanical engineering installations, products and devices; conversion, repair, maintenance, disassembly, care, servicing and cleaning of vehicles, motors and engines, and all parts therefor; spindle reconditioning; spindle rebuilding; charging of batteries and power storage devices, and rental of equipment therefore; excavation services, and extraction of natural resources; mining services; mining extraction services; repair or maintenance of mining machines and apparatus; rental of drilling and mining apparatus; providing information relating to the repair or maintenance of mining machines and apparatus.

Class 42

Scientific and technological services; technological services; research and development services; technical research projects and studies; planning, research and development of installations, equipment and apparatus in the field of electrical

engineering, electronics, information technology, physics, chemistry and mechanical engineering; planning, consultancy, engineering and technical monitoring services in the field of electrical engineering, electronic product development, information technology, physics, chemistry and mechanical engineering; engineering services; electrical engineering services; engineering consultancy services; engineering design services; engineering project management services; mining and mineral exploration services; technical project management in the field of electrical engineering, electronics, information technology, physics, chemistry and mechanical engineering; analysis and testing services relating to electrical engineering apparatus; design and development of computer hardware and software; design, maintenance, rental and updating of computer software; rental of computers and computer software; software as a service [saas]; consulting services in the field of software as a service [saas].

Application software; application software for mobile telephones; application software for virtual environments; network operating software for network access servers; computer operating system software; computer software, firmware and hardware; software for providing secure remote access to computers and computer networks; communication software to enable customers to access their bank account information and to process bank transactions; software for setting up and configuring wide area networks; computer programs and software for trading securities electronically; software; software for wireless content delivery; software for automating and managing company processes; database and application integration software; software for communicating with users of hand-held computers; software for faxing, email, voice mail and Internet messaging; software used for sending photographs to mobile telephones; digital image processing software; software for wireless network communication; software and telecommunications equipment for connection to databases, computer networks, global computer networks and the Internet; computer software platforms; virtual reality software; software for computers; interactive software; software application solutions for blockchain technology (blockchain solutions); downloadable computer software for managing digital collectibles through blockchain technology; downloadable cryptographic keys for receiving and transmitting crypto-assets; downloadable software for managing cryptocurrency transactions using blockchain technology; software for creating and managing virtual objects authenticated by non-fungible tokens [NFTs]; downloadable computer software for creating and managing virtual clothing authenticated by non-fungible tokens [NFTs]; downloadable files authenticated by non-fungible tokens [NFTs]; Downloadable digital files authenticated by non-fungible tokens [NFTs]; downloadable graphics authenticated by non-fungible tokens [NFTs]; downloadable text files authenticated by non-fungible tokens [NFTs]; security tokens (encryption

devices); currency authentication apparatus and equipment; software for commercial use; e-commerce software enabling users to carry out commercial transactions by electronic means via a global computer network; electronic or digital currency converters; downloadable computer software for managing cryptocurrency transactions using blockchain technology; downloadable software for blockchain technology; software; computer program for recording financial and non-financial data and information in a cryptographic ledger or a shared cryptographic ledger; software for recording and processing data and information in a cryptographic ledger or a shared cryptographic ledger; software for recording and managing data and providing financial information in a cryptographic ledger or a common cryptographic ledger; downloadable computer programs for decentralized finance, blockchain-based financial software; downloadable computer program for executing, managing and verifying digital assets and cryptocurrency transactions using blockchain technology; downloadable computer program for central and decentralized exchanges for buyers and sellers of digital assets and cryptocurrencies; computer program for electronic funds transfer services; computer program for the exchange, transfer and settlement of non-fungible tokens; computer program in the decentralized Web field; journaled computer program; e-commerce software; computer program enabling users to perform electronic transactions; downloadable computer program that connects to an electronic wallets and enables users to initiate, process and execute trades.

Class 36

Financial transactions via a blockchain; electronic transfer of crypto-assets, financial services using symbolic capital (holdings) on behalf of third parties (holdings) deriving from cryptocurrencies; cryptocurrency services, namely, providing a digital currency or digital token for use by members of an online community on a global computer network; foreign currency exchange services; electronic transfer of crypto-assets; financial exchange of crypto-assets; digital currency (cryptocurrency) asset

management services; electronic transfer of funds by means of blockchain technology; automated banking services; banking services; computerized banking services; electronic banking services; financial, monetary and banking services; investment banking services; mobile banking services; on-line commercial banking services; provision of financial information online from a computer database or the Internet; credit card and payment card services; processing of electronic payments; acceptance of bill payment; carrying out cashless payment transactions; electronic payment services; electronic funds transfer and payment services; conducting of financial transactions online; financial and monetary transactions; financial analysis; services provided by financial consultants relating to the carrying out of cashless payment transactions; financial services relating to wealth management; online brokerage for operations and transactions carried out with respect to currencies and other financial products; providing information and advice concerning financial services; provision of information and analysis via the Internet in the field of financial investments; providing information in the field of finance and investment; financial information and financial advice services; provision of information by electronic means in relation to finance and investment; financial transactions via a blockchain; insurance services; issuing tokens of value; money transactions with digital currency (cryptocurrency); asset management; exchange transactions with digital currency (cryptocurrency); cryptocurrency trading services; monetary exchange operations; operations of forward contracts; real-time online currency (trading) brokerage; providing financial information; providing financial information on exchange rates; financial management; financial management of digital assets and digital asset portfolios; financial services for digital currencies (cryptocurrencies); financial transaction services; digital financial transaction services; payment processing services; processing of debit card payments; processing of credit card payments; services for processing prepaid card payments; brokerage; financial research; financial deposit services; provision of information relating to the issuance of tokens of value; financial custody services, namely, custody of currencies, digital currencies,

cryptocurrencies, blockchain tokens and other digital assets for third parties for financial management purposes; futures market services; electronic transfer of virtual currencies; issuing of stored value cards; issuing of tradable securities; digital currency services; financing services; asset management for third parties; monetary transactions; electronic financial transactions, financial transactions in the field of digitized assets; virtual currency exchange transactions; computerized financial services; payment services by means of e-wallets; electronic transfer of funds; blockchain-based payment verification services; providing information in the fields of finance, cryptocurrency, digital currency, and virtual currency.

Class 38

Provision of access to e-commerce platforms on the Internet; providing access to portals on the Internet; providing access to data via the Internet; providing access to databases and information via global computer networks; provision of access to an electronic on-line network for retrieval of information; provision of access to electronic publications; provision of access to Internet forums; providing telecommunication access to video and audio content provided via an online video-on-demand service; electronic communication by means of chatrooms, chat lines and Internet forums; providing on-line chatrooms and electronic bulletin boards for transmission of messages amongst users; providing online chat rooms for transmission of messages, comments and multimedia content among users; transmission of videos, movies, visual media, images, texts, photos, games, content generated by users, audio content and information via the Internet; providing forums online for transmission of messages, comments and multimedia content among users; provision of online forums for transmission of messages between computer users; providing access to platforms on the Internet; providing access to platforms on the Internet as well as on the mobile Internet; providing access to electronic information, communication and transaction platforms on the Internet; provision of user access to platforms on the Internet; providing access to platforms on the

Internet; rental of access time to an e-commerce service (website) for electronic commercial operations; transmission of encrypted communications; data exchange services (telecommunication); electronic exchange of messages via chat lines, chat rooms and forums on the Internet.

Class 42

Hosting an e-commerce platform for buying and selling digital currency in exchange for fiat currency or other digital currencies (cryptocurrencies); data storage via blockchain; developing cryptographic-task software application solutions for token extraction (stake) for third parties (staking) of cryptocurrencies; blockchain as a service [BaaS]; user authentication services by means of blockchain technology; software development services; development of data transmission systems; development of data processing systems; development of data storage systems; research and development services concerning new products; design and development of virtual reality software; electronic storage of tokens and securities in software applications; updating of software; maintenance and updating of software; provision of software (Software as a Service, SaaS); software development services; development of computer hardware and software; development of software application solutions; development and maintenance of software; development and maintenance of computer database software; design, installation, updating and maintenance of software; design and development of software; design, development, maintenance and updating of software; developing software and data processing software for the automated transport of letters, consignments of letters as well as other movable assets such as documents, valuables, merchandise and goods; provision of temporary on-line use of non-downloadable investment software; temporary provision of applications and software tools online; research and development services relating to computer hardware and software; services provided by consultants and research relating to software; temporary provision of online non-downloadable software for database management; research, development, design

and upgrading of software; providing advice and information services with respect to software; Software as a Service (SaaS); software development services; hosting of platforms on the Internet; computer Platform as a Service (PaaS); hosting of weblogs (blogs).

Goods and/or Services:

Class 06

Locking/unlocking apparatus with security code entry systems (non-electric); door closers of metal, non-electric; door openers of metal, non-electric; door handles of metal; thumbturns for locking/unlocking; locksets of metal; key cylinders; key cylinders of metal; locks of metal for vehicles; keys of metal for locks; metal materials for building or construction; metal joinery fittings; security locks of metal; rings of metal for keys; metal padlocks; machine keys; metal hardware, not including security locks, ring of metal for keys, keys of metal for locks and padlocks.

Class 07

Universal joints [Cardan joints]; fuel pumps for engines; oil pumps for land vehicle engines; automobile water pumps; pumps being parts of machines, motors and engines; transmissions for machines; bearings being parts of machines; shaft couplings for machines; axles for machines; shock absorbers, machine elements not for land vehicles; springs [parts of machines]; starters for motors and engines; AC motors and DC motors [not including those for land vehicles but including parts for any AC motors and DC motors]; control cables for machines, engines or motors; ignition magnetos for engines; parts and fittings for lawnmowers; electric door openers; parts and fittings for electric door openers; construction machines and apparatus; loading-unloading machines and apparatus; agricultural machines and agricultural implements, other than hand-operated; non-electric prime movers, not for land vehicles; parts of non-electric prime movers; mechanical parking systems; vehicle washing installations; machine elements, not for land vehicles; electronically operated door closers; vehicle door opening and closing devices using a human detection sensor; crankshafts.

Class 09

Switches; electrical switches for control of land vehicles; tailgate control switches; sun roof electric control switches; drive control system electric changeover switches for automobiles; drive control system electric changeover switches for motorcycles; power seat control switches for automobiles; power window electric control switches; airbag system control switches for automobile; electric switches for supplying electricity for rear window defogger for automobiles; rheostat light control switches for instrumental panels for automobiles; light changeover switches; windshield wiper electric switches for automobiles; side-mirror electric control switches for automobiles; electric switches incorporated in instrumental panels of automobiles; fog lamp electric switches for automobiles; hazard lamp electric switches for automobiles; electric switches installed in steering wheels for automatic transmission cars; upshift/downshift functions electric changeover switches for automatic

transmission cars; electric switches for detecting gear shift position; pressure switches; sensors; electric sensors; electronic sensors; rotary sensors; tilt sensors; proximity sensors; electronic sensors for vehicles; biometric sensors; touch sensors; temperature sensors; level sensors; photo sensors; light detection sensors for vehicles; wheel speed sensors for vehicles; engine starting switches; electric switches for starting or stopping vehicle engines; electromagnetic switches; relays, electric; fuse boxes; keyless entry systems for automobiles; radio control units for remote keyless entry installations; electronic locks for automobile engines; electronic locks for motorcycle engines; keys incorporating storage media and transmitters for data from electronic locks for automobile and motorcycle engines; keys incorporating transmitters for electronic locks for door opening/closing by remote control; electronic control units for automobiles; electric wire harnesses for automobiles; meters for land vehicle use; meter panels for land vehicles; wireless locking/unlocking apparatus for building; wireless remote control apparatus for door opening/closing for building; intruder detecting apparatus (other than for vehicles) for building; electric locks remote-controlled with radio signals; electric/electronic locking/unlocking control apparatus; electronic keys; magnetic key cards for operating locks; locking/unlocking control apparatus by reading integrate circuit cards/magnetic cards; cylinder locks, electric or electronic; electric locks; electronic locks; locking/unlocking control apparatus by biologic information reading; locking/unlocking control apparatus with security code entry systems (electric); integrated circuit cards [smart cards]; electrical remote control apparatus; electrical switches; theft prevention installations, electric; transmitting/receiving apparatus for remote-controlling locking/unlocking of doors (incorporating electronic circuits) of buildings; radio signal verification apparatus for personal identification; wireless engine starting controlling apparatus for land vehicles; wireless remote control apparatus for locking/unlocking of doors of land vehicles; transmitting/receiving apparatus for remote-controlling locking/unlocking of doors of land vehicles, incorporating electronic circuits; portable transmitting/receiving devices equipped with memory to store data codes relating to

vehicle conditions such as breakdown and failures; car keys incorporating transmitters with memory to store authentication codes for door locking/unlocking or engine starting; buzzers; electric buzzers; electronic buzzers; measuring or testing machines and instruments; power distribution or control machines and apparatus; electric or magnetic meters and testers; telecommunication machines and apparatus; antenna covers; antenna modules; antennas; battery boxes; radio communication machines and apparatus; electrical and electronic control apparatus and instruments; digital keys for operating door locks and starting the engine of land vehicles; keyless entry system and keyless ignition switch system for automotive vehicles comprised of a microprocessor, electronic signal receiver, and key fob with electronic signal transponder; wheel sensors for use in anti-lock braking systems for automobiles; wheel sensors for motorcycles; head-up display apparatus for vehicles; optical machines and apparatus; camera mounting holders for vehicles; electrically-operated door latches being locks, electric; door locking/latching apparatus for land vehicles, electric or mechanical; electromagnetic solenoid; electric actuators; electric wires and cables; heater controlling units for vehicle use; control panels [electricity] and apparatus for air conditioners for vehicles; electronic locking/door latching apparatus for land vehicles; electromagnetic solenoid for use as parts of driving units for land vehicles; power window regulators for automobiles; electric parking brake harnesses for automobile use; electric parking brake harnesses for motorcycle use; antenna covers for land vehicles.

Class 11

Vehicle headlights; lighting installations for vehicles; ventilation [air-conditioning] installations for vehicles; environmental control apparatus for heating units for vehicle use; lamps for directional signals of vehicles; light bulbs for directional signals for vehicles; light-emitting diodes [LED] lighting apparatus.

Class 12

Mechanical steering wheel lock apparatus for automobiles; mechanical steering wheel lock apparatus for motorcycles; electric steering wheel lock apparatus for automobiles; electric steering wheel lock apparatus for motorcycles; actuators for driving door locking/latching apparatus for land vehicles; actuators for opening/closing lids for fuel supply for land vehicles; hood latches for vehicle hoods; door handles for land vehicles; retractable door handles for automobiles and other land vehicles; geared motors for land vehicles; driving units for land vehicles; push, pull or push-pull wire cables for land vehicle use; upholstery for vehicles; horns for land vehicles; universal joints for land vehicles; power transmission shafts for land vehicles; steering wheels for land vehicles; anti-theft devices for vehicles; anti-theft alarms for vehicles; rearview mirrors for vehicles; side view mirrors for vehicles; electric retractable door mirror units for automobiles; tires for land vehicles; direction indicators for land vehicles; gearshift levers for automobiles; gearshift levers for motorcycles; gas springs for land vehicles; AC motors or DC motors for land vehicles, not including their parts; glove boxes for automobiles; console boxes of land vehicles; overhead consoles for automobiles; caps for vehicle fuel tanks; gear boxes for land vehicles; parts and fittings of automobiles; parts and fittings of two-wheeled motor vehicles, bicycles; parts and fittings of wheelchairs; enclosures for electric steering column lock units for land vehicle use, namely, cases specifically adapted for steering wheel lock units; electrical anti-theft installations for vehicles; ropeways for cargo or freight handling; mechanical elements for land vehicles; bearings, machine elements for land vehicles; driving units for power tailgate [parts of land vehicles]; security systems for vehicles (other than locks); charge port doors for electric vehicles.

INTELLIWORX

Goods and/or Services:

Class 35

Business advisory services; business consultancy relating to the administration of

information technology; business consultancy services for digital transformation; business data analysis services; business data management consultancy in information analysis; business management and administration services supporting utilisation of a global computer network; business project management; business services relating to technology transfer; compilation of information relating to information technology; computerised database management; consultancy relating to business document management; consultancy relating to business efficiency; consultancy relating to business planning; database management; project business management and administration; reseller services, namely, distributorship services in the field of computer software goods and services; value-added online reseller of products and services, namely, providing online marketplaces for the advertising and sales of products and services for others.

Class 37

Computer support services (advisory and information services in relation to the repair, maintenance and installation of computer hardware and peripherals); computer support services (installation, repair and maintenance of computer hardware and peripherals); information technology (IT) services (computer and computer peripherals installation and maintenance); information technology consultancy relating to installation, maintenance and repair of computer hardware; installation and repair of computer hardware; installation of computerised information systems; installation of computers; installation, maintenance and repair of computer hardware; installation, maintenance and repair of computer peripherals; installation, maintenance and repair of computer hardware; maintenance and repair of computer hardware; maintenance and repair of computers; maintenance of computers; maintenance services relating to computer hardware; repair of computers; technical support services, namely, troubleshooting in the nature of computer hardware repair.

Class 42

Advisory services relating to computer programming; advisory services relating to computer software; advisory services relating to computer systems analysis; analytical services relating to computers; back-up (copying) of computer data; compilation of data-processing programs; computer analysis; computer co-location services; computer disaster recovery services; computer engineering; computer engineering consultancy services; computer firewall services; computer network services; computer program advisory services; computer program maintenance services; computer program updating services; computer programming; computer programming consultancy; computer programming services for data processing; computer security consultancy; computer security engineering; computer security services (design and development of secure computer hardware, software and systems); computer security services (programming and software installation, repair and maintenance services); computer security services (testing and risk assessment of computer networks); computer security services in the nature of providing authentication, issuance, validation and revocation of digital certificates; computer software advisory services; computer software consultancy; computer software design; computer software development; computer software engineering; computer software programming services; computer support services (programming and software installation, repair and maintenance services); computer support services (software advisory and information services); computer system analysis; computer system design; computer technology consultancy; computer virus protection services; computerised business information storage; computerised data storage services; creating and designing website-based indexes of information for others (information technology services); data encryption services; data migration services; data security consultancy; data security services (firewalls); data storage, other than physical storage; design and development of computer software; design and development of computer software for cloud computing; design and development of computer software for others; design of computer programs; design of computer software; design of information systems; development of computer based networks;

development of computer programmes; development of computer software; development of computer software application solutions; development of computer systems; development of software; diagnosis of faults in computer software; hosting of cloud based software; hosting of databases; hosting of software as a service (SaaS); hosting software platforms for virtual reality-based work collaboration; identity validation (computer security); information services relating to information technology; information technology (IT) services (computer hardware, software and peripherals design and technical consultancy); information technology (IT) support services (troubleshooting of software); installation and maintenance of computer software; installation of computer software; installation of firmware; installation of middleware (software); installation, repair and maintenance of firmware; installation, repair and maintenance of middleware (software); internet portal services (designing or hosting); internet security consultancy; monitoring of computer system operation by remote access; network security services (test and risk assessment of electronic networks); online provision of web-based software (non-downloadable); preparation of reports relating to computer programs; preparation of reports relating to computers; providing information relating to computer technology and programming via a website; providing information, including online, about design and development of computer hardware and software; providing online non-downloadable computer software; providing virtual computer systems through cloud computing; provision of information relating to computer technology; provision of information relating to information technology; provision of non-downloadable cloud based software; provision of online non-downloadable software (application service provider); provision of online non-downloadable software for business automation; provision of online non-downloadable software for document management; provision of online non-downloadable web-based software; provision of technical information in relation to computers; provision of technical information services relating to computers; recovery of computer data; remote monitoring of computer systems; repair of computer software; research relating to computer security; research relating to

computers; security assessment services for computer networks; security risk assessment services relating to computer systems; server hosting; software as a service (SaaS); software creation; software development in the framework of software publishing; software engineering; software engineering services for data processing; technical support services, namely, troubleshooting of computer software problems; technological advisory services; technological analysis services; technological consultancy; technological consultation services; technological consultancy services for digital transformation; technological planning services; technological project studies; technological research; telecommunication network security consultancy; temporary use of online non-downloadable software; updating of computer programs; updating of computer software; updating of memory banks of computer systems; upgrading of computer software; verification of personal identification (computer security).

Goods and/or Services:

Class 35

Advertising, marketing and public relations; organization of exhibitions and trade fairs for commercial or advertising purposes; design of advertising materials; provision of an online marketplace for buyers and sellers of goods and services; office functions; secretarial services; arranging newspaper subscriptions for others; compilation of statistics; rental of office machines; systemization of information into computer databases; telephone answering for unavailable subscribers; business management, business administration and business consultancy; accounting; commercial consultancy services; personnel recruitment, personnel placement, employment agencies, import-export agencies; temporary personnel placement services; auctioneering; the bringing together, for the benefit of others, of a variety of goods, namely, pharmaceutical and veterinary preparations for medical purposes, chemical preparations for medical and veterinary purposes, chemical reagents for

pharmaceutical and veterinary purposes, radioactive substances for medical and veterinary purposes, medicated cosmetics, dietary supplements for pharmaceutical and veterinary purposes, dietary supplements for human consumption, dietary supplements for animals, nutritional supplements, medical preparations for slimming purposes, food for babies, herbs and herbal beverages adapted for medicinal purposes, dental preparations and articles, teeth filling material, dental impression material, dental adhesives and material for repairing teeth, sanitary preparations for medical use, hygienic pads, hygienic tampons, plasters, materials for dressings, diapers, including those made of paper and textiles, babies diapers of paper, babies diapers of textile, babies napkins of paper, adult diapers of paper, adult diapers of textile, diapers for pets, preparations for destroying vermin, fungicides, herbicides, rodenticides, deodorants, other than for human beings or for animals, air deodorising preparations, disinfectants, antiseptics, detergents for medical purposes, medicated soap, disinfectant soap, antibacterial hand lotions, machines, machine tools and industrial robots for processing and shaping wood, metals, glass, plastics and minerals, 3D printers, construction machines and robotic mechanisms (machines) for use in construction, bulldozers, diggers (machines), excavators, road construction and road paving machines, drilling machines, rock drilling machines, road sweeping machines, lifting, loading and transmission machines and robotic mechanisms (machines) for lifting, loading and transmission purposes, elevators, escalators and cranes, machines and robotic mechanisms (machines) for use in agriculture and animal breeding, machines and robotic mechanisms (machines) for processing cereals, fruits, vegetables and food, beverage preparation machines, electromechanical, beverage processing machines, engines and motors, other than for land vehicles, parts and fittings therefor, hydraulic and pneumatic controls for engines and motors, brakes other than for vehicles, brake linings for engines, crankshafts, transmission gears for machines, cylinders for engines, pistons for engines, turbines, not for land vehicles, filters for engines and motors, oil, air and fuel filters for land vehicle engines, exhausts for land vehicle engines, exhaust manifolds

for land vehicle engines, engine cylinders for land vehicles, engine cylinder heads for land vehicles, pistons for land vehicle engines, carburetors for land vehicles, fuel conversion apparatus for land vehicle engines, injectors for land vehicle engines, fuel economisers for land vehicle engines, pumps for land vehicle engines, valves for land vehicle engines, starters for motors and engines, dynamos for land vehicle engines, sparking plugs for land vehicle engines, bearings (parts of machines), roller or ball bearings, machines for mounting and detaching tires, alternators, current generators, electric generators, current generators operated with solar energy, painting machines, automatic spray guns for paint, electric, hydraulic and pneumatic punching machines and guns, electric adhesive tape dispensers (machines), electric guns for compressed gas or liquid spraying machines, electric hand drills, electric hand saws, electric jigsaw machines, spiral machines, compressed air machines, compressors (machines), vehicle washing installations, robotic mechanisms (machines) with the abovementioned functions, electric and gas-operated welding apparatus, electric arc welding apparatus, electric soldering apparatus, electric arc cutting apparatus, electrodes for welding machines, industrial robots (machines) with the abovementioned functions, printing machines, packaging machines, filling, plugging and sealing machines, labellers (machines), sorting machines, industrial robots (machines) with the abovementioned functions, electric packing machines for plugging and sealing of plastics, machines for textile processing, sewing machines, industrial robots (machines) with the abovementioned functions, pumps [machines], self-regulating fuel pumps, electric kitchen machines for chopping, grinding, crushing, mixing and mincing foodstuff, washing machines, laundry washing machines, dishwashers, spin driers (not heated), electric cleaning machines for cleaning floors, carpets or floorings, vacuum cleaners and parts thereof, automatic vending machines, galvanizing and electroplating machines, electric door openers and closers, forks, spoons, knives and non-electric cutters, slicers, peelers for kitchen use, including those made of precious metals, side arms and blades (weapons), tools and apparatus for personal beauty care use, tools and apparatus for shaving,

epilation, manicure and pedicure, electric hand implements for straightening and curling hair, scissors, hand-operated [non-electric] hand tools for the repair of machines, apparatus and vehicles and for use in construction, agriculture, horticultural and forestry, none of them being power tools, electric or non-electric irons, steam irons, measurement apparatus and equipment including those for scientific, nautical, topographic, meteorologic, industrial and laboratory purposes, thermometers, not for medical purposes, barometers, ammeters, voltmeters, hygrometers, testing apparatus not for medical purposes, telescopes, periscopes, directional compasses, speed indicators, laboratory apparatus, microscopes, magnifying glasses, binoculars, stills, ovens and furnaces for laboratory experiments, apparatus for recording, transmission or reproduction of sound or images, cameras, photographic cameras, television apparatus, video recorders, CD and DVD players and recorders, MP3 players, computers, desktop computers, tablet computers, wearable activity trackers, microphones, loudspeakers, earphones, telecommunications apparatus, apparatus for the reproduction of sound or images, computer peripheral devices, cell phones, covers for cell phones, telephone apparatus, computer printers, scanners [data processing equipment], photocopiers, apparatus for recording, transmission or reproduction of sound or images, cameras, photographic cameras, television apparatus, video recorders, CD and DVD players and recorders, MP3 players, computers, desktop computers, tablet computers, wearable activity trackers, microphones, loudspeakers, earphones, telecommunications apparatus, apparatus for the reproduction of sound or images, computer peripheral devices, cell phones, covers for cell phones, telephone apparatus, computer printers, scanners [data processing equipment], photocopiers, magnetic and optical data carriers and computer software and programmes recorded thereto, downloadable and recordable electronic publications, encoded magnetic and optic cards, prerecorded motion picture films, prerecorded music videos, antennas, satellite antennas, amplifiers for antennas, parts of the aforementioned goods, ticket dispensers, automatic teller machines (ATM), electronic components used in the

electronic parts of machines and apparatus, semi-conductors, electronic circuits, integrated circuits, chips [integrated circuits], diodes, transistors [electronic], magnetic heads for electronic apparatus, electronic locks, photocells, remote control apparatus for opening and closing doors, optical sensors, counters and quantity indicators for measuring the quantity of consumption, automatic time switches, clothing for protection against accidents, irradiation and fire, safety vests and life-saving apparatus and equipment, eyeglasses, sunglasses, optical lenses and cases, containers, parts and components thereof, apparatus and instruments for conducting, transforming, accumulating or controlling electricity, electric plugs, junction boxes [electricity], electric switches, circuit breakers, fuses, lighting ballasts, battery starter cables, electrical circuit boards, electric resistances, electric sockets, transformers [electricity], electrical adapters, battery chargers, electric door bells, electric and electronic cables, batteries, electric accumulators, solar panels for production of electricity, alarms and anti-theft alarms, other than for vehicles, electric bells, signalling apparatus and instruments, luminous or mechanical signs for traffic use, fire extinguishing apparatus, fire engines, fire hose and fire hose nozzles, radar apparatus, sonars, night vision apparatus and instruments, decorative magnets, paper and cardboard, paper and cardboard for packaging and wrapping purposes, cardboard boxes, paper towels, toilet paper, paper napkins, plastic materials for packaging and wrapping purposes, printing blocks and types, bookbinding material, printed publications, printed matter, books, magazines, newspapers, bill books, printed dispatch notes, printed vouchers, calendars, posters, photographs [printed], paintings, stickers [stationery], postage stamps, stationery, office stationery, instructional and teaching material [except furniture and apparatus], writing and drawing implements, paper products for stationery purposes, adhesives for stationery purposes, pens, pencils, erasers, adhesive tapes for stationery purposes, cardboard cartons [artists materials], writing paper, copying paper, paper rolls for cash registers, drawing materials, chalkboards, painting pencils, watercolors [paintings], office requisites, paint rollers and paintbrushes for painting, hand-

operated non-electric cleaning instruments and appliances, brushes, other than paintbrushes, steel chips for cleaning, sponges for cleaning, steel wool for cleaning, cloths of textile for cleaning, gloves for dishwashing, non-electric polishing machines for household purposes, brooms for carpets, mops, toothbrushes, electric toothbrushes, dental floss, shaving brushes, hair brushes, combs, non-electric household or kitchen utensils, [other than forks, knives, spoons], services [dishes], pots and pans, bottle openers, flower pots, drinking straws, non-electric cooking utensils, ironing boards and shaped covers therefor, drying racks for washing, clothes drying hangers, cages for household pets, indoor aquariums, vivariums and indoor terrariums for animals and plant cultivation, ornaments and decorative goods of glass, porcelain, earthenware or clay, namely statues, figurines and vases, all made of glass, porcelain, earthenware or clay and cups, not of precious metal, mouse traps, insect traps, electric devices for attracting and killing flies and insects, fly catchers, fly swatters, perfume burners, perfume sprayers, perfume vaporizers, electric or non-electric make-up removing appliances, powder puffs, toilet cases, nozzles for sprinkler hose, nozzles for watering cans, watering devices, garden watering cans, unworked or semi-worked glass, except building glass, mosaics of glass and powdered glass for decoration, except for building, glass wool other than for insulation or textile use, games and toys, arcade video game machines, game apparatus and machines for use with an external display screen and monitor, including those coin-operated, toys for animals, toys for outdoor playgrounds, parks and game parks, gymnastic and sporting articles, fishing tackle, artificial fishing bait, decoys for hunting and fishing, Christmas trees of artificial material, ornaments for Christmas trees, artificial snow for Christmas trees, rattles (playthings), novelties for parties, dances (party favors), paper party hats, joints (parts of engines), metronomes, enabling customers to conveniently view and purchase those goods, such services may be provided by retail stores, wholesale outlets, by means of electronic media or through mail order catalogues.

Class 42

Scientific and industrial analysis and research services; engineering; engineering and architectural design services; testing services for the certification of quality and standards; computer services, namely, computer programming, computer virus protection services, computer system design, creating, maintaining and updating websites for others, computer software design, updating and rental of computer software, providing search engines for the internet, hosting websites, consultancy in the design and development of computer hardware, rental of computer hardware; industrial design services, other than engineering, computer and architectural design; graphic arts designing; authenticating works of art.

Goods and/or Services:

Class 09

Computer game software, downloadable; time recording apparatus; face recognition device; special protective film for cell phone screen; cases for cell phones; cell phone straps; covers for smartphones; video discs recorded with animated cartoons; cameras [photography]; telescopes; eyeglasses; mobile power supply (rechargeable battery); animated cartoons.

Class 16

Paper; cards; printed calendars; stickers; printed periodicals in the field of films; comic books; children's painting sets; stationery; clips for offices; pen; drawing materials; writing chalk; architects' models.

Class 21

Kitchen utensils; household glasswares (including cups, plates, pots, cylinders); porcelain ware; works of art of porcelain, ceramic, earthenware, terra-cotta or glass; liqueur sets; tea services [tableware]; baby baths, portable; combs; toothbrushes; toothpicks; cosmetic utensils; thermally insulated containers for food; glass scrapers for cleaning door windows; crystal [glassware].

Class 24

Textile material; non-woven textile fabrics; silk fabrics for printing patterns; felt; towels of textile; household linen; cot bumpers [bed linen]; mattress covers; bed linen; furniture coverings of textile.

Class 25

Children's garments; clothing; layettes [clothing]; shoes; children's hat; hosiery; gloves [clothing]; scarves; girdles; shower caps.

Class 27

Carpets; mats; floor mats; gymnastic mats; bath mats; carpets for automobiles; gymnastic mats; wall hangings, not of textile; textile wallpaper; wallpaper.

Class 28

Games; plush toys; multi-purpose activity toys for children; brainpower toy; dolls; fidget toys; playing cards; balls for games; fitness balls; body-building apparatus; machines for physical exercises; knee guards [sports articles]; in-line roller skates; artificial christmas tree; fishing tackle; strings for racquetball rackets.

Class 29

Dried meat; fish-based foodstuffs; fruits, tinned; french fries; puffed potato chips; raisins; processed plums; crystallized fruits; fruit-based snack food; vegetable-based snack food; potato-based snack food; vegetables, preserved; eggs, prepared; cheese; milk products; edible fats; jelly made of konjac; jellies for food, other than confectionery; sunflower seeds, prepared; nuts, roasted; nuts, prepared; dry edible fungus; bean curd.

Class 30

Coffee; tea; fruit jellies [confectionery]; sweets; honey; cereal-based snack food; bread; fruit cake; cakes; corn-based snack food; wheat-based snack food; rice-based snack food; cereal preparations; instant noodles; dough for baking cakes; puffed rice; crispy rice; starch for food; ice cream; condiments; yeast; spices for food; gluten prepared as foodstuff.

Class 41

Educational services; organizing and arranging entertainment exhibitions; rental of

video tapes; book publishing; amusement park services; animation production services; video production; toy rental; art exhibition; modelling for artists.

Class 42

Urban planning; cosmetic research; packaging design; industrial design; interior design; dress designing; homepage designing; authenticating works of art; graphic arts design; animation design for others.
