General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

GREENBOX

Goods and/or Services:

Class 07

Industrial robots; robotic machines and systems for use in warehouse automation; automated conveyors for processing and filling orders at warehouses; automated handling apparatus, specifically comprising a set of robotic devices designed for picking, re-binning, storing, and distributing goods at warehouses.

Class 12

Automated transport vehicles in the nature of automatic guided vehicles for use in

automated materials handling and storage systems.

Class 35

Business management of logistics for others; business consulting services relating to product distribution, operations management services, logistics, reverse logistics, supply chain, and production systems and distribution solution; comprehensive warehouse solutions, namely, business consulting and business project management services, all relating to warehouse operations, product distribution, supply chain and logistics solutions; business consulting services relating to logistics and supply chain solutions; business management of logistics for others; logistics services consisting of business management and organisation of facilities and resources; all of the aforesaid services excluding online retail services, online wholesale services, retail services, the bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods, the bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a general merchandise web site in the global communications network, the bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a wholesale outlet, wholesale services, wholesaling of goods by any means.

Class 36

Financing services; equipment financing services; financing of industrial activities; financing of logistics and warehouse systems and solutions.

Class 37

Installation, maintenance and repair of automated warehouse systems and automated materials handling and storage systems; installation, maintenance and repair of machines for transporting and lifting goods and loads; installation of

warehouse automation machinery; consultation services relating to the installation of warehouse automation machinery.

Class 39

Leasing of warehouse space; leasing of pallets for industrial and commercial use; supply chain logistics and reverse logistics services, namely, storage of goods for others; packing, crating and warehousing services; warehousing services; warehousing services, namely, storage, distribution, pick-up, and packing for shipment of packages, raw materials, and other freight for others; packaging and storage of goods; storage services, namely, provision of storage facilities; warehouse services, namely, rental of warehouse space for others; consultation services in the fields of supply chain logistics and reverse logistics services.

Class 42

Engineering; plant engineering; robotics engineering; automation engineering; consultation in the field of robotics and automation, namely, designing workplace facilities and equipment to optimize efficiency and safety; IT integration services; design, development, and consulting services related to the design and development of products in the fields of robotics, automation, warehousing, logistics, fulfillment and supply; Software as a service (SAAS) services for controlling automated materials handling and storage systems, guidance of transfer vehicles for use in the field of automated materials handling, and for use in the control of automated materials picking; software as a service (SAAS) services for logistics and warehousing services; platform as a service (PAAS) services featuring software platforms for controlling automated materials handling and storage systems, guidance of transfer vehicles for use in the field of automated materials handling, and for use in the control of automated materials picking; platform as a service (PAAS) services featuring software platforms for logistics and warehousing services; providing online, non-downloadable software for controlling automated materials

handling and storage systems, guidance of transfer vehicles for use in the field of automated materials handling, and for use in the control of automated materials picking; providing online, non-downloadable software for logistics and warehousing services.

STILLSTROM

Goods and/or Services:

Class 04

Electrical energy; electrical energy from non-renewable sources; electrical energy from renewable sources; gases for use in heating; liquid fuels; fuels and illuminants; fuel oil; fuel gas; producer gas; petroleum.

Class 06

Mooring buoys of metal; mooring cables of metal; mooring hooks of metal; mooring bollards of metal; mooring bollards of metal; systems for the transport, distribution and transmission of energy and energy from renewable sources used in the offshore industry, namely metallic connections for metal tubing, piping, rigid loading arms, structures of metal, valves, hosepipes and hose connections; structures of metal, for use in the following fields: storage, transmission and distribution of energy and energy from renewable sources in offshore and coastal installations, pipeline, for use in the following fields: transport of energy and energy from renewable sources and electricity from or to the coast or for transmission between offshore systems, floating vessels for receipt and/or energy and energy from renewable sources and electricity; floating bodies moored to the seabed for the mooring of tankers relating to the transmission of energy and energy from renewable sources and electricity.

Class 07

Electricity generators; uninterruptible power supplies [machines] for the generation of electrical energy; electricity-generating power stations; windmills, wind power installations, multi-wind turbines and other wind-operated machines; generators, including electricity generators; mechanical control systems for machines, generators, motors or engines, including control systems for wind turbines and for the control of

blade rotation; hybrid power installations, including installations combining both wind turbines and solar cells; wind- and solar-powered electricity generators; electrical generators using solar cells; and parts, fittings and accessories for all the aforesaid goods.

Class 09

Computer software for use in the fields of energy, chemicals, oil and gas; instruments and apparatus, for use in the following fields: logging and processing of data from underwater structures and equipment and the communication of data to external units; computer software and mobile apps for analyzing and managing energy distribution, consumption and storage; solar cells; solar panels for the production of electricity; batteries; electric batteries, accumulators; solar batteries; accumulators, electric; charging docks; charging equipment; charging docks for use in relation to the following goods: apparatus for locomotion, rechargeable electric vehicles, apparatus for locomotion by land, air or water; charging docks for use in relation to the following goods: electrically operated vehicles and electric vehicles, apparatus for locomotion by land, air or water; batteries for use in relation to the following goods: electrically operated vehicles, electric vehicles, apparatus for locomotion by land, air or water; battery-charging units for use in relation to the following goods: electrically operated vehicles, electric vehicles, apparatus for locomotion by land, air or water; electronic controllers, remote controllers, energy regulators, voltage regulators, electronic regulators; power controllers; electric power controllers; electronic surveillance apparatus; electric batteries and their parts; fuel cells and their components; offshore charging stations for ships; offshore power adaptors, power amplifiers, electrical power distributors, and charging apparatus for use in the maritime industry; electric power units for offshore charging; clean energy [electricity] storage devices for maritime applications; cables, electric and connectors [electricity], for use in relation to the following goods: offshore charging systems; monitoring and control systems, for use in relation to the following goods: offshore

charging infrastructure; renewable energy [electricity] storage apparatus for use in the maritime industry; converters used for the conversion of wind energy into alternating or direct current; solar panel installations for generating electricity.

Class 37

Construction, installation, servicing, maintenance and repair, refurbishment and reconditioning of wind, hybrid and other renewable energy power installations, including the erection, construction, installation, servicing, maintenance and repair, upgrading and repowering of wind turbines, solar cells, solar power generators, wind and hybrid power installations, as well as parts and accessories for wind turbines and wind and hybrid power installations; construction, installation, servicing, maintenance services and repair in relation to the following goods: electric charging stations and electric charging columns; offshore construction; construction, installation, servicing, maintenance services and repair services in relation to the following goods: turbines, offshore turbines, wind power plants, power plants, wind turbines, onshore and offshore electrical stations; services in relation to the following fields: recharging of vehicles and apparatus for locomotion by land, air or water; installation, maintenance and repair of the following goods: offshore charging structures; installation, maintenance and repair of the following goods: power-charging units for renewable energy in maritime environments.

Class 39

Distribution, supply, transport and storage in relation to the following goods: energy, renewable energy, fuels, biofuels, parquet floor oils, gases, natural gases and liquefied gas; electricity distribution, via pipelines and cables; rental of energy supply networks to others; boat storage.

Class 40

Energy production, fuel production and production of biofuels; production of energy, fuels, biofuels from renewable sources; production of environmentally-friendly forms

of energy and power; generation of electricity from solar energy; generation of electricity from wind energy; fuel refining services and refining of biofuels; processing of biofuels; refining of bio-oil; refining of biodiesels; gas production services; CO2 capture services [handling and treatment of CO2].

Class 42

Software as a service [SaaS]; design and development of offshore charging solutions; research services and development, relating to the following sectors: clean energy technologies for maritime applications; technical consultation services including in relation to the following fields: offshore power and charging technology; provision of information and consultancy in the field of clean energy technologies for maritime applications; software development for the measurement and control of offshore charging stations; technical advisory and information services relating to the treatment and management of CO2 and CO2 capture and reduction in transport and logistics.

International Registration No: 1832263

Date of Protection in Singapore: 10 July 2024

Classes: 01 05 09 42 44

Goods and/or Services:

Class 01

Reagents and assays for research purposes; kits comprising chemical reagents, DNA sequences, nucleic acids, enzymes, and nucleotides for research, scientific, and industrial purposes.

Class 05

Reagents and assays for medical purposes; kits comprising chemical reagents, DNA

sequences, nucleic acids, enzymes, and nucleotides for medical purposes.

Class 09

Laboratory analyzers for measuring, testing and analyzing biological samples, blood, and other bodily fluids and recorded computer software for use and management of such analyzers; laboratory equipment, namely, devices for genetic analysis, DNA sequencing, and proteomic analysis and recorded computer software for use and management of such equipment; recorded computer software for medical and scientific research, for data management and analysis, data organization and storage, data sharing, and for analyzing biological samples, for operation of laboratory analyzers, for genetic analysis, and for medical and scientific research and analysis in the fields of multiomics, cellular analysis, dna sequencing, biomarkers, informatics, proteomics, genomics, secretomics, transcriptomics, and RNA sequencing; microfluidic chips.

Class 42

Medical and scientific research; research and scientific consulting services in the fields of cellular analysis, genetic analysis genomics, multiomics, biomarkers, dna sequencing, informatics, proteomics, genomics, secretomics, transcriptomics, and RNA sequencing; providing software as a service for management and operation of laboratory equipment and laboratory analyzers; providing software as a service for cellular analysis, genetic analysis, genomics, multiomics, biomarkers, DNA sequencing, RNA sequencing, informatics, proteomics, secretomics, and transcriptomics; providing software as a service for analyzing biological samples and collecting, managing, sharing, and analyzing data and generating cellular images; providing software as a service in the fields of scientific research, clinical research, scientific diagnostics, and medical diagnostics; custom design and development of chemical reagents and biochemical assays; design, engineering, research, development and testing services in the fields of cellular analysis, genetic analysis,

genomics, multiomics, biomarkers, DNA sequencing, and informatics, proteomics, genomics, secretomics, transcriptomics, and RNA sequencing.

Class 44

Medical testing services; medical information; medical services in the nature of testing, analyzing, reporting, and consulting services in the fields of genetic analysis, proteomic analysis, cellular analysis, multiomics, biomarkers, DNA sequencing, and informatics, proteomics, genomics, secretomics, transcriptomics, and RNA sequencing.

UNSEENLABS

Goods and/or Services:

Class 09

Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signaling, checking (supervision) apparatus and instruments; electric control apparatus for robotics; data processing equipment, computers, computer peripherals; software; apparatus and instruments for collecting and processing information, and signal processing; scrambling equipment; remote monitoring and detection of instruments for airplanes and space applications; guidance apparatus for landing aircraft and spacecraft; satellite communications systems; alert systems; computer hardware equipment and software systems for satellite monitoring for civil and military use; electric and electronic apparatus and instruments for examining, analyzing, observing and monitoring telecommunications and/or navigation data and telecommunications and/or navigation signals as well as equipment and components thereof; radar apparatus; radar systems; air traffic control systems; communication systems intended for airplanes and drones (unmanned automated air vehicle); imaging and targeting systems for air vehicles and particularly drones (unmanned automated air vehicles); air vehicle and drone tracking systems (unmanned

automated air vehicles); aerial drone tracking systems (unmanned automated air vehicles); computer hardware equipment and software systems for air traffic surveillance of aircrafts flights, drones (unmanned automated air vehicles) and satellites; electronic operating systems for regulating air traffic; computer hardware equipment, software systems and computer devices used for the provisions of data for safety and information of traveller; software and computer devices in the field of cyber security and protection of electronic data (cryptography, encryption, decryption, and certification of data); computer peripherals for data encryption and security, such as particularly USB flash drives and/or physical protection keys (dongles); flight simulators; simulators for piloting aircraft and spacecraft; flight simulation software; simulators for training personnel in flying aircraft and spacecraft; computer software and programs for computers, mobile telephones, tablet computers; computer software packages; air traffic management software; software for identifying airplanes and drones (unmanned automated air vehicles); computer database; database management software; software for authorizing access to databases; software for consulting navigation databases in the field of aeronautics and space; computer software for database management in the field of network and data cryptographic security functions; encryption software enabling the secure transmission of digital information particularly via computer and telephone networks; computer software for detecting, blocking and intercepting malware and other threats to computer hardware and software; computer software for monitoring computers for security purposes; computer software intended for examining computer network vulnerability; software for encrypting and authenticating data; satellite; satellite receivers, target trackers [satellite]; earth stations for satellite; global positioning systems (GPS); GPS receivers, GPS navigation apparatus, switching systems; antennas; devices for navigation, guidance, tracking, detecting, marking and mapping; computer software for generating model for scientific experiments in laboratories (representing empirical objects, phenomena, and physical processes).

Class 35

Management of computer databases; updating and maintenance of data in computer databases; collecting, compiling and systematizing data in computer databases in the field of aeronautics and/or space; computer file management; data search in computer files on behalf of third parties in the field of aeronautics and/or space; data collection services, in particular in the field of navigation and telecommunications, positioning data, navigation and/or telecommunications data in the field of aeronautics and space; collecting telecommunication-related data and/or navigation-related data and telecommunication-related information and/or navigation-related information.

Class 37

Construction of permanent buildings; factory construction; assembly of aircraft services; information with respect to construction of aircraft; supervision (management) of aircraft construction works; construction; repair, installation services, namely repairing and servicing airplanes and aircraft component parts; maintenance, servicing and repair of aircraft and spacecraft; providing services pertaining to the repair of satellites in orbit; machinery installation; installing electric or electronic equipment and apparatus.

Class 38

Telecommunications; data transmission services; transmitting data by communication satellite; electronic exchange of data stored in databases accessible via telecommunication networks; Communication services for accessing databases; providing access and rental of access to databases; electronic data transfer, in particular in the field of navigation and telecommunications, positioning data, navigation and/or telecommunications data in the field of aeronautics and space; receiving, collecting and transmitting telecommunication signals and/or navigation signals; transmitting telecommunication-related data and/or navigation-related data

and telecommunication-related information and/or navigation-related information; communication services by computer terminals; rental of telecommunication equipment; computer-aided transmission of messages and images; telecommunication, namely dispatching and receiving messages, documents, images and other data by electronic transmission; information with respect to telecommunications.

Class 39

Navigation services (predicting passages, calculations from navigation data, positioning and defining routes and trajectories); flight tracing services; aerial navigation services; dissemination of arrival and departure information; information services with respect to aerial navigation; advisory services relating to navigation; positioning and remote control of satellites and space vessels in the nature of space transport; providing services pertaining to the correction of trajectories of satellites in orbit in the nature of space transport.

Class 42

Scientific and technological services as well as research and design services relating thereto; industrial and technological analysis and research services; scientific and technical research; research in physics and mechanics; research laboratory; developing programs (scientific methods) for simulating laboratory experiments; conducting industrial and scientific laboratory experiments; technical project studies; testing or advice on science and technology; testing of machines and apparatus; industrial analysis relating to the study of the operation and performance of machines and apparatus; designing machines, equipment or apparatus (including parts thereof); designing, developing and testing prototypes; evaluations and assessments in the fields of science and technology provided by engineers; engineering work (surveying); industrial analysis and research services; testing of materials; research and development of new products for third parties; technical studies in the field of

aeronautics and space; provisions of services of test, industrial analysis and technological monitoring of telecommunication signals, navigation signals and positioning data pertaining to aircrafts and spacecrafts in the nature of space transport; scientific, technical, technological and industrial research in the field of aeronautics and space; preparing analysis reports, graphic illustrations, tables, maps in the field of aeronautics and space; professional consultations in scientific, technical, technological and industrial matters pertaining to aeronautical and space activities and applications thereof; technical advisory services in aerospace engineering; designing aircraft and space structures; engineering services relating to robotics; designing programs for programmable controllers; analyzing, designing, integrating computer systems and networks; installation, servicing, repair and maintenance of computer software; advice and research services relating to software; programming for computers; designing and developing software for digital signal processing; developing and programming software in the field of air traffic management; developing and programming software in the field of aeronautics and aviation; developing and programming software in the field of satellite guidance; development, maintenance and updating of computer databases; developing software for consulting navigation databases in the field of aeronautics and space; development, maintenance and updating of software in the field of computer security, data encryption and authentication; professional consultancy and advisory services with respect to computer security; security and monitoring services for computer networks, computer access and computerized transactions; services for auditing the vulnerability of networks, systems, computer software and hardware; computer systems analyses in the field of security, access, authorization, authentication, encryption and identification systems intended for computers and computer networks; authentication and certification services with respect to computer and data security; computer software integration services in the field of network and computer hardware security and monitoring; developing, implementing of software, testing, analyses and advice in the field of computer security systems, access, authorization,

authentication, encryption and identification intended for computer hardware and computer networks; coding, decoding and encoding telecommunication signals and/or navigation signals and data relating to telecommunication and/or navigation-related data and information relating to telecommunication and/or navigation-related information; mapping; advisory services relating to maps or cartography.

Date of Protection in Singapore: 20 June 2024

Classes: 09 36 42

Goods and/or Services:

Class 09

Downloadable computer software for blockchain technology; downloadable computer software for managing cryptocurrency transactions using blockchain technology; security software; encryption software; downloadable cryptographic keys for receiving and for payment via crypto assets; data networks; data processing programs; interactive databases; electronic databases; distributed databases; computer network and data communication equipment relating to blockchain services and technology; mobile software applications relating to blockchain services and technology; computer software platforms, recorded or downloadable, relating to blockchain services and technology; monitoring and analysis software relating to blockchain services and technology; computer software that assists computers in providing parallel applications and performing parallel computations; smart contract software; data protection software; private sphere and data protection software; software combining multi-party computation and data processing between multiple parties and blockchain technology; decentralized computer infrastructure (software and hardware) operating on a network of standalone computers; downloadable computer software with multiparty computation (MPC) or confidential computation, that is, cryptography software used in the development of methods enabling multiple parties to collectively compute a function on their inputs, while keeping those inputs private; Downloadable computer software using blockchain technology, especially digital ledger technology (DLT), which consists of a growing list of datasets, known as blocks, that are securely linked together using cryptography; distributed databases (distributed ledger), formed by a consensus of replicated, shared and synchronized digital data, geographically distributed across numerous sites, countries or institutions; downloadable computer software that protects information by encrypting it and distributing it across a group of fault-tolerant computers; downloadable computer software with confidentiality computing that protects data and applications by encrypting the data locally before it is used and by performing the confidentiality computation directly on the encrypted data in a server network,

thereby creating a software-based solution performed by the servers, but not on the hardware in the servers; downloadable computer software using privacy enhancing technology, particularly technology and cryptography, designed to protect the private sphere and data of those using the technology; downloadable computer software using privacy enhancing technology (PET), particularly technology that enshrines the basic principles of data protection by minimizing the use of personal data and maximizing data security.

Class 36

Blockchain financial transactions; electronic funds transfer by blockchain technology; transfer of electronic money by blockchain technology; financial services in connection with digital currencies; financial, monetary and banking services in connection with blockchain services and technology; financial transfers and transactions and payment services in connection with blockchain services and technology; electronic payment services, including on the Internet and by means of mobile devices (by SMS and application software or apps) in relation to blockchain services and technology; automated payment services in relation to blockchain services and technology; electronic payment services in relation to blockchain services and technology; advice and information in relation to the aforesaid services, as included in this class; issuance of tokens in the nature of digital tokens of value stored in a blockchain, authenticated by non-fungible tokens (NFTs).

Class 42

Data storage by blockchain; blockchain authentication; blockchain as a Service [BaaS]; user authentication by blockchain technology; infrastructure as a service [IaaS]; data encryption services; data protection through the cloud; Platform as a Service [PaaS]; artificial intelligence platforms as software as a service [SaaS]; consulting and information services on information technology architecture and infrastructure; cloud computing services; software development, programming and

implementation; website hosting; software as a service [SaaS] and software rental; IT advisory and information services, IT security, protection and recovery services; data reproduction services being services for creating and maintaining multiple copies of the same electronic data in different locations; data conversion services being services for transforming electronic data from one format to another electronic format; creation of digital watermarks; updating of the databases (software) of computer systems; data migration services; technological advisory services with respect to digitization; advisory and information services relating to the aforesaid services included in this class; technological services for data privacy in digital services.

QUBE

Goods and/or Services:

Class 09

Computer software for financial and monetary services; computer software for financial investment services; computer software for financial trading; computer software for investment management; computer software for quantitative trading; computer software for investment research; computer software for the deployment of mathematical and statistical models for use in financial investments; computer software for placing and executing orders to purchase or sell stocks, securities, options, futures, foreign currency, derivatives, debt instruments, commodities and other financial instruments; computer software for financial portfolio management; computer software for financial brokerage; computer software for data management in the fields of financial investment, financial risk management, financial portfolio management, financial trading, financial brokerage and financial information; computer software for collecting, analysing, organising, storing and transmitting data and information in the fields of financial investment, financial risk management,

financial portfolio management, financial trading, financial brokerage and financial information; none of the aforesaid goods being in relation to insurance.

Class 36

Financial and monetary services, not being in relation to insurance; financial investment services; financial investment management services; financial trading services using mathematical and statistical models; financial data analysis for measuring the performance of financial markets; financial risk management services; financial investment brokerage services; financial investment advice; financial investment advisory services; financial administration services; financial management and brokerage in the fields of stocks, bonds, options, commodities, futures and other securities, and the investment of funds of others; financial operation and management of hedge funds, commodity pools and other collective investment vehicles, and trading for others of securities, options, futures, derivatives, foreign currency, debt instruments, commodities and other financial instruments; financial administration of stock exchange trading of shares and other financial securities in financial markets; monitoring financial markets for investment purposes; financial investment analysis and stock research; providing information and advice in the field of finance, financial investments and financial valuations; providing and updating a financial index; providing financial indices based on selected groups of securities; providing and updating a financial index of securities values and classification, financial analysis and reporting thereof; financial research; financial investment research; financial risk management research; consultancy, advisory and information services in connection with all of the aforesaid.

Class 42

Software as a service [SaaS] featuring software for financial and monetary services; software as a service [SaaS] featuring software for financial investment services; software as a service [SaaS] featuring software for financial trading; software as a

service [SaaS] featuring software for investment management; software as a service [SaaS] featuring software for quantitative trading; software as a service [SaaS] featuring software for investment research; software as a service [SaaS] featuring software for the deployment of mathematical and statistical models for use in financial investments; software as a service [SaaS] featuring software for placing and executing orders to purchase or sell stocks, securities, options, futures, foreign currency, derivatives, debt instruments, commodities and other financial instruments; software as a service [SaaS] featuring software for financial portfolio management; software as a service [SaaS] featuring software for financial brokerage; software as a service [SaaS] featuring software for data management in the fields of financial investment, financial risk management, financial portfolio management, financial trading, financial brokerage and financial information; software as a service [SaaS] featuring software for collecting, analysing, organising, storing and transmitting data and information in the fields of financial investment, financial risk management, financial portfolio management, financial trading, financial brokerage and financial information; platform as a service [PaaS] featuring software for financial and monetary services; platform as a service [PaaS] featuring software for financial investment services; platform as a service [PaaS] featuring software for financial trading; platform as a service [PaaS] featuring software for investment management; platform as a service [PaaS] featuring software for quantitative trading; platform as a service [PaaS] featuring software for investment research; platform as a service [PaaS] featuring software for the deployment of mathematical and statistical models for use in financial investments; platform as a service [PaaS] featuring software for placing and executing orders to purchase or sell stocks, securities, options, futures, foreign currency, derivatives, debt instruments, commodities and other financial instruments; platform as a service [PaaS] featuring software for financial portfolio management; platform as a service [PaaS] featuring software for financial brokerage; platform as a service [PaaS] featuring software for data management in the fields of financial investment, financial risk management, financial portfolio management,

financial trading, financial brokerage and financial information; platform as a service [PaaS] featuring software for collecting, analysing, organising, storing and transmitting data and information in the fields of financial investment, financial risk management, financial portfolio management, financial trading, financial brokerage and financial information; providing a trading platform for placing and executing orders to purchase or sell stocks, securities, options, futures, foreign currency, derivatives, debt instruments, commodities and other financial instruments; consultancy, advisory and information services in connection with all of the aforesaid; none of the aforesaid services being in relation to insurance.

Goods and/or Services:

Class 04

Candles.

Class 09

Musical sound recordings; series of musical sound recordings; audio recordings featuring music and musical entertainment; downloadable audio recordings featuring music and musical entertainment; downloadable musical sound recordings; digital music downloadable from the internet; downloadable music files; digital media, namely, downloadable multi-media files featuring music and musical entertainment; musical video recordings; series of musical video recordings; video recordings featuring entertainment in the nature of stage performances by a musical artist and entertainer; downloadable video recordings featuring music and musical entertainment; downloadable ring tones for mobile telephones; digital publications, namely, books, booklets and book excerpts, in the fields of entertainment, music and musical entertainment, recorded on computer media; downloadable publications, namely, downloadable electronic books in the fields of entertainment, music and

musical entertainment; downloadable electronic publications in the nature of songbooks; downloadable electronic sheet music; downloadable computer application software for mobile electronic devices, namely, software for use in accessing information about a musical artist and entertainer; downloadable computer application software for mobile electronic devices, namely, software for use in downloading and streaming audio and video recordings featuring music and musical entertainment; downloadable game software; downloadable computer graphics software; fitted protective covers for mobile telephones; fitted protective covers for handheld computers, tablet computers, portable computers and portable music players; stands adapted for mobile telephones, handheld computers, tablet computers, electronic book readers, portable computers, and portable music players; grips adapted for mobile telephones, handheld computers, tablet computers, electronic book readers, portable computers, and portable music players; devices for hands-free use of mobile telephones, handheld computers, tablet computers, electronic book readers, portable computers, and portable music players; earphone accessories, namely, earphone cushions, earphone pads, earphone cases, and earphone extension cords; earphones; headphones; audio speakers; wireless speakers; amplifiers; cases for mobile telephones, handheld computers, tablet computers, portable computers, and portable music players; camera cases; disc storage containers and storage containers adapted for vinyl records; sunglasses; cases for sunglasses; cases for glasses; lanyards for sunglasses; protective cases for earbuds; refrigerator magnets; turntable slipmats.

Class 14

Jewelry; jewelry charms; bracelets; rubber or silicone wristbands in the nature of a bracelet [artificial jewelry]; jewelry boxes; jewelry cases; fitted jewelry pouches; jewelry rolls; craft kits for jewelry construction; lapel pins; clocks; watches; watch straps; key chains.

Class 15

Guitar picks; musical instruments; guitars; music boxes.

Class 16

Blank writing journals; printed notebooks; note paper; writing paper; stationery; stationery kits comprised of printed notebooks, writing instruments and stickers; envelopes; decals; stickers; decals and stickers for use as home décor; art prints; photographic prints; lithographs; printed posters; printed calendars; art supplies, namely, art paper, artists' brushes, paint brushes, painters' brushes, artists' pens, crayons, pencils, colored pencils, pencils for painting and drawing, chalks and writing implements, erasers, arts and crafts paint kits, painting palettes, drawing boards, pen and pencil holders, pen and pencil cases, ink stamps, rubber stamps, stamp inks, stamp pads; stencils; stencil cases; pens; pencils; writing instruments; pouches for writing instruments; pen and pencil cases; pen and pencil boxes; desktop organizers; boxes of paper or cardboard; stationery boxes; coasters of paper; party ornaments of paper; printed greeting cards; gift bags; paper gift bag tags; disposable napkins; printed publications, namely, newsletters, books, booklets, book excerpts, brochures, guides, magazines and pamphlets in the fields of entertainment, music and musical entertainment; printed song books; printed sheet music; printed coloring books; bookmarks; lanyards for holding name badges of paper holders, lanyards for holding laminated visiting card holders; lanyards for holding visiting card holders.

Class 18

All-purpose carrying bags; backpacks; drawstring backpacks; drawstring bags; handbags; messenger bags; reusable shopping bags; textile shopping bags; tote bags; cosmetic bags sold empty; luggage; luggage tags; baggage tags; purses; wallets; key wallets; key pouches; drawstring pouches; imitation leather pouches; pouches; umbrellas.

Class 21

Beverageware; beverage glassware; coffee cups; tea cups; cups and mugs; travel mugs; drinking glasses, namely, tumblers; dinnerware; disposable dinnerware; plates; disposable plates; cooking spoons; serving spoons; insulated lunch bags not of paper; lunch boxes; insulated lunch bags of textile; insulating sleeve holders for jars, bottles or cans; baskets for household purposes; containers for household use; kitchen mitts; pot holders; napkin holders; napkin rings; candle holders; coasters not of paper or textile; decorative plates; ornaments of china, crystal, glass or terracotta; hair brushes; hair combs; make-up brushes; incense burners; jewelry dishes being dishes for holding jewelry.

Class 24

Towels; blanket throws; lap blankets.

Class 25

Tops as clothing; tank tops; shirts; T-shirts; short-sleeve shirts; jerseys; sweaters; sweatshirts; pullovers; hooded pullovers; hoodies; bottoms as clothing; pants; jeans; sweatpants; shorts; skirts; dresses; coats; jackets; ponchos; vests; loungewear; sleepwear; pajamas; bathrobes; cover-ups; belts; gloves; scarves; hosiery; socks; bandanas; hats; headwear; headbands; footwear; shoes; sleep masks; aprons.

Class 26

Cellular phone accessory charms; embroidery; appliques; ornamental cloth patches; cloth patches for clothing; embroidered patches for clothing; ornamental adhesive patches for clothing; ornamental novelty buttons; ornamental novelty pins; ornamental novelty hair bands; hair pins; barrettes; hair clips; hair bands; hair bows; hair accessories, namely, hair ties; elastic ribbons; shoe laces.

Class 28

Stuffed toys; toy glow sticks; toy glow bracelets; toys that glow, namely, toy glow headbands, toy glow necklaces, toy glow glasses, toy glow lanyards; toy battery-

activated light sticks; light-up toys, namely, light-up toy headbands, light-up toy necklaces, light-up toy glasses, light-up toy lanyards; inflatable toys; dolls; doll accessories; jigsaw puzzles; games, namely, card games, board games, puzzle games, dice games, trivia games played with cards and game components; novelty toys, namely, novelty toy headbands, novelty toy necklaces, novelty toy glasses, novelty toy lanyards; balloons; Christmas tree accessories, namely, Christmas tree skirts, Christmas tree stands; Christmas tree ornaments and decorations; Christmas stockings; paper party favors; party favors in the nature of small toys; musical toy boxes; toy music boxes; bean bags being playthings; snow globes.

Class 35

Retail store services featuring a wide variety of consumer goods; on-line retail store services, namely, retail store services provided through electronic and digital means, featuring a wide variety of consumer goods; retail store services featuring consumer products in the fields of music and musical entertainment; on-line retail store services featuring consumer products in the fields of music and musical entertainment; retail store services featuring a wide variety of consumer products relating to a musical artist and an entertainer; on-line retail store services featuring a wide variety of consumer products relating to a musical artist and an entertainer; promoting goods and services of others via global communications networks; dissemination of advertising for others via global communications networks.

Class 41

Entertainment services in the nature of live musical performances; live music concerts; live stage performances in the nature of musical and theatrical productions; public appearances by a musical artist and entertainer, for entertainment purposes; interviews with a musical artist and entertainer, for entertainment purposes; entertainment services, namely, providing information relating to entertainment, music and musical entertainment; entertainment services, namely, providing

information relating to a musical artist and entertainer; fan club services; providing non-downloadable multi-media entertainment content in the nature of audio recordings, video recordings, and audio-visual recordings in the fields of entertainment, music and musical entertainment via a website; providing non-downloadable multi-media entertainment content in the nature of audio recordings, video recordings, and audio-visual recordings relating to a musical artist and entertainer via a website; providing online electronic publications, not downloadable, in the nature of electronic newsletters and magazines in the fields of entertainment, music and musical entertainment; providing online electronic publications, not downloadable, in the nature of electronic newsletters and magazines relating to a musical artist and entertainer; online publication of journals [blog services] in the nature of blogs in the fields of entertainment, music and musical entertainment; providing online non-downloadable electronic publications in the nature of articles in the fields entertainment, music and musical entertainment; providing online non-downloadable music; providing online non-downloadable music videos; providing online non-downloadable electronic multi-media content featuring pre- recorded musical performances, stage performances, public appearances, interviews, news, photographs, and other information and multi-media materials relating to music and musical entertainment; providing online non-downloadable electronic multi-media content featuring pre-recorded musical performances, stage performances, public appearances, interviews, news, photographs, and other information and multi-media materials relating to a musical artist and entertainer; providing online non-downloadable electronic newsletters in the fields of entertainment, music and musical entertainment; educational services, namely, live and online instruction in the fields of entertainment, music and musical entertainment, accessible via audio, video, radio, television, satellite, electronic communications, telephone communications and digital transmission networks; educational services, namely, providing continuing educational programs, classes, conferences, coaching, lectures, educational meetings, retreats, seminars, educational summits, educational

symposiums, training programs, workshops, self-guided classes and self-guided online courses of instruction, in the fields of entertainment, music and musical entertainment, and distribution of materials in connection therewith; providing online non-downloadable electronic educational publications in the nature of electronic books, booklets, book excerpts, brochures, guides, magazines and newsletters, multi-media content, and audio and video recordings in the fields of entertainment, music and musical entertainment; providing instruction in the fields of entertainment, music and musical entertainment via global communication networks; providing temporary use of non-downloadable computer games; arranging and conducting contests and sweepstakes; entertainment services, namely, providing online puzzle games.

Computer hardware, communications hardware, namely PDAs, cell phones, walkie talkies and pagers, and computer software for providing voice mail, voice messaging, e-mail forwarding services, text and numeric wireless digital messaging services, transmission of graphics, video messaging, and optimization of telecommunications performance under variable and unpredictable bandwidth conditions through wireless telecommunication.

Class 38

Wireless telecommunications services, namely, providing voice mail, voice messaging, e-mail forwarding services, text and numeric wireless digital messaging services, transmission of graphics, video messaging, and optimization of telecommunications connections to the Internet under variable and unpredictable bandwidth conditions.

Applicant/Proprietor Details:

SINGAPORE 018989

National Trade Mark No: 40202516538P

International Registration No: 1862703

Date of Protection in Singapore: 18 December 2024

Classes: 07 09 11 37 42

Goods and/or Services:

Class 07

Compressors for refrigerators; compressors (machines); compressors for machines; compressors for air conditioning apparatus; condensers (steam parts of machines); air-cooled condensers; air condensers; hydraulic valve actuators; pneumatic valve actuators; valves (parts of machines); valves (parts of pumps); filters (parts of machines, motors or engines); filtering machines; filters for cleaning cooling air, for motors and engines; oil filters for engines; pumps [motor] used in heating, ventilation, climate control and refrigeration apparatus and systems; refrigeration condensers.

Class 09

Video monitors; electronic access control systems for doors with locks; biometric access control systems; access control and alarm monitoring systems; apparatus for monitoring and recording the performance of machines; security cameras; downloadable computer software for remote monitoring and analysis; electrical control, testing and monitoring apparatus; interactive touch screen terminals; touch sensitive display and control screens; thermal imaging apparatus used in security systems; motion sensors; sensors (measuring apparatus), other than for medical use;

temperature sensors; electronic monitoring apparatus; security alarms; keypads for security alarms; control panels for security alarms; smoke alarms; alarms; Fire alarms; downloadable computer software applications; computer software; video surveillance systems; automatic fire extinguisher systems for fire protection; automatic fire extinguishers; fire-extinguishing systems; fire-extinguishing apparatus; flame detection apparatus; security systems, other than for vehicles; anti-theft warning apparatus; anti-theft alarms, other than for vehicles; electric theft prevention installations; home automation hubs; home automation hubs for buildings; electrical and electronic control apparatus and instruments; remote control transmitters; control panels (electricity); remote control receivers; apparatus and instruments for measuring and checking; remote control apparatus and instruments; electrical installations for remote control of industrial operations; closed circuit television systems for security and monitoring; electronic tags for goods; radio-frequency identification (RFID) tags for merchandise; solenoid valves; thermionic valves; thermionic valves; fire detectors; heat detectors; smoke detectors; gas detectors; carbon monoxide detectors; carbon dioxide detectors; detectors; proximity sensors; electrical control devices for building energy management systems; thermostats; building automation control systems using artificial intelligence; fire extinguishing nozzles; sirens; horns for loudspeakers; protective breathing apparatus; air tanks for fire-fighting; air supply system for firemen; home automation and control systems comprising computer hardware, wireless and wired controllers, sensors and detectors and downloadable software for the automation and control of security and management systems for buildings; computer hardware and software for providing secure remote access to computer and communication networks; downloadable computer software for use in residential and commercial security and management systems for buildings; downloadable facilities management software for controlling the environment, access and security systems for buildings; downloadable software for connecting, operating and managing heating, ventilation and climate control (HVAC) systems, building automation systems and control systems in the Internet of

Things (IoT); network routers; wireless transmitters; environmental monitoring software; environmental monitoring systems comprised of meters and sensors for measuring pressure, humidity, temperature and including alarm and signalling functions; downloadable and recorded computer software that uses software-based machine learning acceleration techniques and hardware to accelerate running of the edge machine learning model; downloadable and recorded computer software for use in monitoring industrial controllers and sensors and generating alerts based on user defined conditions; downloadable and recorded computer software in the field of data analytics, particularly for detecting patterns in data flows, junction of multiple flows, detecting specific failure events, operating integrated mathematical and statistical functions, adding user-defined functions and running machine learning models on real-time data; downloadable and recorded computer software for remote administration and management of other computer software; downloadable and recorded computer software for the ingestion and analysis of data from remote computer apparatus.

Class 11

Combination fire and smoke dampers; Safety and emergency lighting installations; heating, ventilating and air conditioning (HVAC) systems, installations and apparatus; heat pumps; air treatment systems and devices; air humidifiers and dehumidifiers; cooling evaporators; separators for cleaning and purifying air, liquids and gases; air cleaning and purification systems, apparatus and devices; heating equipment, namely heating furnaces, gas burners, heat exchangers not being parts of machines; ventilation equipment, namely fans, blowers, fan shutters [air control dampers] and related parts and accessories; heat recovery fans; energy recovery fans; refrigeration equipment, namely refrigeration units for food and beverages; chilling equipment, namely, chilling units consisting of blowers, coolers, cooling coils, sprayers and pumps; chilling equipment and parts thereof, namely heat exchangers, heat accumulators, economizers, separators, receivers and evaporators for cooling air,

gas or liquid; air and liquid coolers; cooling coils; apparatus for heating, cooling, namely hybrid cooling and thermosiphon systems for power plants mainly comprising thermosiphon coolers; air filters for domestic use, air filters for industrial use, air filters for climate control; air filtration systems and devices; ultraviolet air treatment devices with germicidal lamps (not intended for medical use); ultraviolet lamps (not for medical use) for use in air filtration systems; ultraviolet ray lamps, not intended for medical use; registers, grilles, diffusers, all being parts of heating, ventilating and air conditioning systems, all used to control and adjust the model, movement, distribution and flow of air, namely, heating and cooling registers and grilles, baseboard and floor registers and grilles, side wall registers and grilles, ceiling registers and grilles, filtered air recovery grilles, ceiling diffusers, peripheral diffusers, lock seam tube diffusers, slot diffusers, linear diffusers; air regulating registers being parts of ventilating apparatus; fire control registers being dampers for fires; smoke regulating registers being fire ventilators for exhausting smoke; pressure regulating registers being dampers for fires to prevent the spread of fire, flames and gas; air treatment devices, components and equipment for regulating, controlling and adjusting patterns, movement, circulation and air distribution in heating, ventilating and climate control systems and ducts, namely regulating registers, registers, grilles, air diffusers, blowers, fans, valves, louvres, air volume control boxes, registers and roof terminals [ventilation apparatus]; valves being parts of heating, ventilating, climate control and refrigeration apparatus; thermostatic valves; radiator valves; ball valves; steam valves; spring-return actuator valves used for heating, ventilation and climate control applications and systems; water cooling towers; water valves being parts of heating, ventilation and air conditioning (HVAC) systems; cooling units for computers and computer rooms; air treatment systems for cooling data centers; air purification systems for cleaning air in data centers; cooling units and systems consisting of cooling and climate control units for computer data centers.

Class 37

Installation, repair and servicing of building management systems, namely heating, ventilating, air conditioning, refrigeration, energy, lighting, fire alarm and security access systems; advisory services relating to the construction of buildings and other structures; building advice; providing information relating to building construction; retrofitting of heating, ventilating and air conditioning in buildings; providing information relating to the repair and servicing of buildings and building management systems, namely heating, ventilating, air conditioning, refrigeration, energy, lighting, fire alarm and security access systems; installation, servicing and repair of security, access control and safety systems; installation, servicing and repair of heating, ventilation, climate control and refrigeration systems; installation, repair and maintenance of floor control systems; installation, servicing and repair of fire prevention and extinguishing systems; installation, servicing and repair of control systems for use in buildings and homes; installation, servicing and repair of theft prevention systems; installation, maintenance and repair of video surveillance systems; installation, servicing and repair of monitoring systems, apparatus and equipment for use in buildings and homes; installation, servicing and repair of emergency lighting systems; installation, servicing and repair of home automation and building automation systems; installation, servicing and repair of electrical and electronic controls; construction of energy efficient buildings and structures; advice in the field of building construction.

Class 42

Design and development of computers and software; scientific and technological services, namely industrial analysis and research services in the fields of security, safety, health, fire detection and extinguishing, access control, intrusion control, the environment, energy management, home automation apparatus, systems and devices and lighting; rental of computer software; computer rental; data coding services, namely data encryption services; testing, authentication and inspection services, namely inspection of computers and software, fire alarm, detection,

prevention and suppression systems, extinguishing systems for kitchen hoods, security equipment and apparatus, smoke detectors, fire extinguishers, intrusion prevention systems, automatic watering and lighting apparatus, quality control systems and devices; design and inspection of building automation and management systems and fire extinguishing, alarm, detection and suppression systems; consultation services with respect to data security; consultation with respect to computer security; scientific and technological services, namely research and design with respect to computer network security; data migration services; design of monitoring apparatus such as video surveillance camera systems, electronic monitoring and tracking apparatus such as video surveillance installations; designing security and surveillance systems; advisory services with respect to industrial engineering; technical design services, namely design and engineering of heating, cooling, ventilating, air purification and refrigeration systems; quality control for others, namely inspection of merchandise on site for quality control purposes; testing and inspection services, namely testing the functionality of apparatus, instruments and systems relating to building management, building automation, building control, fire detection, fire suppression and security; computer services, namely providing non-downloadable software for the operation of computer systems and computer networks enabling users to monitor and control building management, automation and control systems; providing temporary use of an online non-downloadable system software for monitoring, controlling, operating and connecting apparatus and devices in the fields of security, safety, health, fire detection and suppression, access, intrusion, control of the environment, heating, cooling, refrigeration, energy management; Software as a Service (SaaS); providing non-downloadable software for monitoring, controlling and analyzing incidents related to heating, ventilation, climate control, air cleaning, security, safety, health, fire detection and suppression, access control, intrusion, control of the environment, energy management, lighting and home automation apparatus, systems and devices; technical support services relating to software and applications; providing virtual computer systems via cloud

computing for the environment, energy management, building access and security systems relating to the heating, ventilation, climate control and lighting thereof; advisory and information services on energy technology and building technology, whether or not based on the cloud; installation, maintenance, servicing and repair of software systems; technical consultation on computers, software and peripherals for control systems in buildings, installations, houses and factories; providing a hosting platform on the Internet for monitoring and controlling the energy efficiency of heating, ventilating, air conditioning and refrigeration equipment; providing temporary use of an online non-downloadable operating software for accessing and using a cloud computing network; Software as a Service (SaaS); engineering and design services relating to building technology, namely for heating, ventilating, air conditioning, refrigeration, energy, lighting, fire alarm, and security access systems; energy technology services, namely providing information systems on energy consumption management; facilities monitoring, namely monitoring computer system operation in building technology and diagnostic installations and equipment, namely heating, ventilation, climate control, lighting, power, fire, access control and security systems and equipment; integration of computer systems and networks; design and development of wired and wireless computer networks; technological advice with respect to domestic and industrial automation enabling users to view, monitor, program, operate and remotely control small and large apparatus, electrical systems and monitoring systems in buildings and residences; design, development and advice with respect to cloud computing software enabling the analysis, visualization and modeling of data as regards building automation systems; research and development of new products for others in the fields of energy management, energy efficiency and sustainability, building management and household automation for environmental protection purposes; energy auditing in the field of energy, particularly monitoring of energy consumption and monitoring services; technical advisory services concerning data center computer architecture; technological advice and information services concerning cloud and non-cloud-based energy management

systems (software); hosting a web-based platform for monitoring and controlling the energy efficiency of heating, ventilation and climate control (HVAC) and cooling equipment in chilling installations; design and development of online platforms for tracking energy management, equipment management and asset maintenance (work order management systems) in buildings; design and development of platforms for connection to security applications, smart equipment applications, corporate inspection applications, risk awareness and telephone switchboard optimization; platform as a service (PaaS) including software used for data integration, data storage, data processing, data performance monitoring and management, data sharing, data collection, data interpretation, data recovery and data analysis; providing temporary use of non-downloadable cloud-based software on the Internet of Things (IoT) for connecting, operating, and managing networked building technology systems, namely heating, ventilation, climate control, refrigeration, fire protection, fire detection and suppression, access control, security, video surveillance, theft prevention systems; providing online non-downloadable software using artificial intelligence for collecting, measuring and distributing data within computer networks, and enabling data communication between application programs, consumer apparatus and industrial apparatus in the field of building technology, heating, ventilation and climate control, refrigeration, security, fire protection, fire detection and suppression, access control, video surveillance and energy management; custom design and development of air quality measurement programs; custom design and engineering of modular data centers, data center environments, semiconductor environments, clean room environments, industrial HVAC systems; computer network configuration services; computer system design services; computer system integration services; providing temporary use of online non-downloadable software used for implementing, compiling, modeling and running computer programs for artificial intelligence on the network adjacent to machines; computer software design.

Goods and/or Services:

Class 09

Apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media, computer software, blank digital or analogue recording and storage media; computer software applications, downloadable; computer software platforms, recorded or downloadable; teaching apparatus; teaching robots; teaching apparatus with artificial intelligence; data processing apparatus; computer chatbot software for simulating conversations with artificial intelligence; computer software applications for use with artificial intelligence; electronic publications, downloadable, not in the field of medical and healthcare services; computer software for use as an application programming interface (API); intercommunication apparatus with artificial intelligence; artificial intelligence software; humanoid robots with artificial intelligence; artificial intelligence software for analysis and surveillance; artificial intelligence and machine learning software; software for the integration of artificial intelligence and machine learning in the field of big data.

Class 35

Advertising; business management and organization consultancy; business management assistance; business process management and consulting; business advisory services; business management, planning and supervision; professional business consultancy; business management consulting services in the field of information technology; business management advisory services relating to

commercial enterprises; business assistance in the fields of purchase management, supply chain management and inventory management, human resources; advisory services relating to business risk management; corporate management and corporate administration services; business consultancy services for digital transformation; business appraisals; business auditing; business strategic planning; personnel recruitment consultant services; personnel management consultancy; information and consulting services regarding employment and career planning; consultancy in the field of staff recruitment and placement; invoicing services; marketing; information in the marketing field; marketing consulting services; marketing management advice; preparation and conducting of marketing studies; marketing research; marketing agency services; marketing in the framework of software publishing; promotional and advertising services; distribution of samples of products for promotional purposes; dissemination of advertising, marketing and publicity materials; dissemination of advertising matter; online advertising on a computer network; computerized file management; data search in computer files for others; updating and maintenance of data in computer databases; administrative data analysis in the fields of artificial intelligence, science, technology; data collection services; collection of data for market studies; data processing for the collection of data for business purposes; collection, systematization, compilation and analysis of business data and information stored in computer databases; collection, systematization, compilation and analysis of business data, statistics, information and indexes of information for commercial or advertising purposes; market research data analysis; analysis of market study data and statistics; computerized data verification; outsourced administrative management for companies; outsourcing services [business assistance]; providing information relating to business intelligence; providing business information via a web site; web site traffic optimization; outsourcing [business assistance] of business processes in relation to financing, marketing, supply, supply chain services, human resources; consultancy and information in relation to the aforesaid.

Class 41

Providing of training; vocational guidance [education or training advice]; coaching [training]; education services relating to data processing; training services relating to data processing; providing training in the use and operation of computer programs and software; providing online training; arranging and conducting of colloquiums, conferences, congresses, seminars and symposiums; arranging and conducting of workshops [training]; conducting of training courses, training seminars; providing information in the field of training; providing online electronic publications, not downloadable; consultancy regarding training, further training and education; business training consultancy; all the aforementioned services are not in the field of medical and healthcare services.

Class 42

Design and development of computer hardware and software; maintenance and updating of computer software; computer software consultancy; web site design consultancy; consultancy in the design and development of computer hardware; advisory services relating to computer based information systems; technical strategy advice on IT structures for companies; technical consultancy and analysis relating to information systems and information technologies; information technology (IT) consultancy; information technology services provided on an outsourcing basis; research in the field of artificial intelligence; product research in the field of artificial intelligence; hosting, programming, development and maintenance of applications, computer software and websites; hosting and development of databases; software as a service [SaaS] featuring computer software platforms for artificial intelligence; data encryption services; data security services; data migration services; data decryption services; database development services; electronic data storage services; technical data analysis services; providing online non-downloadable application software for general and professional purposes; platforms for artificial

intelligence as software as a service [PaaS]; software engineering services relating to data processing programmes; design and development services for data processing systems; technical consulting services in the fields of datacenter architecture, public and private cloud computing solutions, and evaluation and implementation of internet technology and services; scientific and technological services, namely research and design in the field of datacenter architecture, public and private cloud computing solutions, and evaluation and implementation of internet technology and services; maintenance of databases.

PALLET PORTER

Goods and/or Services:

Class 16

Boxes of paperboard, cardboard, corrugated cardboard; cardboard; cardboard tubes; bags [envelopes, pouches] of paper or plastics, for packaging; packing [cushioning, stuffing] materials of paper or cardboard; plastic film for wrapping and palletization; plastic materials for packaging; cardboard and corrugated cardboard, all being in the form of collapsible boxes and enclosures; panels of cardboard and corrugated cardboard being parts of packaging containers and enclosures.

Class 17

Plastic materials in the form of mouldings for use in packaging; packing material and packaging of rubber; adhesive tapes; duct tapes; plastics in extruded form, including sheets, for use in manufacture and packaging; packing, stopping and insulating materials; stuffing of rubber or plastic; packing [cushioning, stuffing] materials of rubber or plastics; self-adhesive tapes; plastics panels.

Class 20

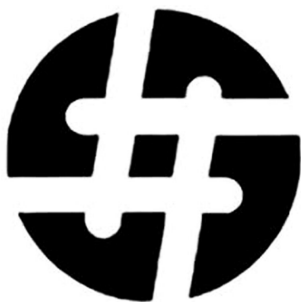

Containers not of metal for transport and storage; closures for containers; transport

and storage pallets, not of metal; non-metal pallets for transportation; interlocking pallet systems, not of metal; panels of plastics being parts of packaging containers; protective containers of non-metallic materials for storing goods; non-metallic end closures for containers; plastics components for packaging containers and packaging enclosures; boxes of corrugated plastics.

Applicant/Proprietor Details:

2nd Level Global Solutions Limited
CARNAC PLACE, CARNAC COURT
FAREHAM, HAMPSHIRE PO16 8UY

National Trade Mark No:	40202519166R

Date of Protection in Singapore:	23 January 2025
Classes:	09 35 41 42 45

Goods and/or Services:

Class 09

Computer software platforms, downloadable, for distributed consensus computing

and the development, operation and maintenance of distributed ledger technology and applications; downloadable computer application software for mobile phones, handheld computers, personal computers, and laptops, namely, software for use in development of distributed applications, distributed ledger technology, and transmission of electronic data; downloadable computer software for distributed ledger platforms, distributed ledger technology, blockchain platforms, distributed database systems, tokenization of real-world assets, digital asset transactions, digital currency transactions for the electronic transfer of data and use of smart contracts; downloadable computer software for the electronic transfer of data using distributed ledgers and smart contracts; downloadable computer software for authenticating, facilitating and processing data in the fields of cryptocurrency, gaming, online collaboration, public ledger, identity authentication and verification, and stocks and financial markets; downloadable computer software which facilitates the ability of users to view, analyze, record, store, monitor, and manage digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, and digital tokens; downloadable software development kits (SDKs); downloadable computer software for use as an application programming interface (API).

Class 35

Promoting public awareness of distributed ledger technology and distributed consensus computing; advertising, marketing and promotion services; business assistance, advisory and consulting services in the field of business strategies and creative ideation, business applications utilizing distributed ledger technology, blockchain technology, cryptocurrency, digital tokens, smart contracts, and marketing strategies; provision of an online marketplace for buyers and sellers of goods and services; association services, namely, promoting public awareness of distributed ledger technology; organizing business networking events in the field of distributed ledger technology; promoting public awareness in the field of voluntary common industry standards for software development and execution for others.

Class 41

Providing workshops, podcasts and non-downloadable electronic publications in the nature of technical papers in the fields of distributed ledger technology, distributed applications, and cryptocurrency; entertainment services, namely, providing podcasts and non-downloadable videos in the field of distributed ledger technology, distributed applications, and cryptocurrency, organization of social entertainment events; organizing and presenting exhibitions for education in the fields of distributed ledger technology, distributed applications, and cryptocurrency, educational conferences, organization of educational panel discussions, providing podcasts, and social entertainment events in the fields of distributed ledger technology, blockchain technology, cryptocurrencies, and digital tokens.

Class 42

Computer services, namely, technological monitoring, technical analysis and preparation of technical reports on the computer network performance of others; computer services, namely, hosting network mode operations in the nature of server hosting for others; computer services, namely, managing websites for others; design and development of computer software; computer programming services; research and development of computer software; software development and product development consulting in the field of distributed ledgers and web3.0; user authentication services using distributed ledger technology; software as a service (SAAS) services featuring software for managing, tracking, analyzing, and reporting data; software as a service (SAAS) services featuring software for gathering, dissemination, analysis, manipulation, and transmission of social content; software as a service (SAAs) services featuring software for distributed ledger technology, namely, software for authenticating, facilitating and processing data; platform as a service (PAAS) featuring computer software platforms for use with a distributed ledger and with distributed applications for authenticating, facilitating, and processing

data; platform as a service (PAAS) featuring computer software platforms for managing, tracking, analyzing, and reporting data; platform as a service (PAAS) featuring computer software platforms for gathering, dissemination, analysis, manipulation and transmission of social content; providing a website featuring information about computer technology in the field of distributed consensus computing; providing information about computer technology in the field of distributed consensus computing; providing temporary use of on-line non-downloadable software for use with a distributed ledger and distributed ledger applications for the electronic transfer of data and use of smart contracts; providing temporary use of on-line non-downloadable software for accessing, reading, and tracking information on a distributed ledger; application service provider featuring application programming interface (API) software; application service provider (ASP), namely, hosting computer software applications of others; technical consulting services, namely computer technology consulting in the field of distributed ledger technology and distributed applications.

Class 45

Online social networking services.

Goods and/or Services:

Class 35

Organising and developing environmental projects to promote awareness of tree and environmental conservation for charitable purposes; organizing and developing environmental projects to promote awareness of tree and environmental conservation for charitable purposes; arranging and developing environmental projects to promote awareness of tree and environmental conservation for charitable purposes; organising and conducting volunteer projects to promote public awareness of environmental matters for charitable purposes; organizing and conducting

volunteer projects to promote public awareness of environmental matters for charitable purposes; compilation of information relating to environmental conditions into computer databases; promoting public awareness of environmental matters; promotional sponsorship of charitable fundraising events; arranging of promotional events for charitable fundraising; organising and conducting business administration for charitable organisations; providing business management services for charitable organisations.

Class 36

Fundraising; charitable fundraising; fundraising for charitable purposes; charitable fundraising services; charitable fund-raising; organization of charitable fundraising events; charitable fund raising.

Class 38

Providing radio and cellular communication services to those in need for charitable purposes; providing radio and cellular communication services for charitable purposes.

Class 39

Donating land vehicles to persons in need for charitable purposes; distribution of electrical power to those in need for charitable purposes.

Class 41

Education and training relating to nature conservation and the environment; organizing and conducting of educational events for charitable purposes; arranging and conducting of sports events for charitable purposes; arranging and conducting educational events for charitable purposes; organisation and conducting of educational events for charitable purposes; providing educational materials to children in need for charitable purposes; animal parks; training; providing training courses; providing training; organization of training courses; provision of training;

providing training programs; adult training; providing training courses for young people in preparation for careers; continuous training; driver training; providing professional training courses; practical training; providing on-line information about training; providing training, including practical training; training in dog handling; providing facilities for educational training; advanced training; vocational training; health and fitness training; personal development training; career and vocational training; providing training and educational examination for certification purposes; organization and conducting of training exchange programmes for students; organising of professional workshop and training courses; simulator-based combat training services; physical fitness training; vocational training relating to self-defence; organising and conducting of training courses for students in the field of science; obedience school training for animals; providing instruction in the field of physical exercise; providing martial arts training; training in the operation of computerised systems.

Class 42

Scientific research in the field of environmental conservation and protection.

Class 44

Providing medical services being charitable services; wildlife care services [medical and veterinary services]; wildlife management; forest habitat restoration services; forest habitat restoration.

Class 45

Civil protection; legal research in the field of environmental conservation and protection; security services for the protection of property and individuals; consultancy services relating to security; safety risk management; security guard services; security services for the protection of material assets or persons.
