General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at https://www.ipos.gov.sg. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

Goods and/or Services:

Class 01

Chemicals; chemical substances for preserving foodstuffs; solvents for removing photoresists; solvents for industrial purposes or for use in manufacturing processes; etchants for use in the manufacture of semiconductors; chemicals for use in the manufacture of semiconductors; photodefinable polyimide coatings for electronic components; chemical source material for the deposition of thin films upon semiconductor wafers for the manufacture of semiconductors; photodefinable chemical compositions in liquid form; chemical compositions in liquid form; chemical compositions for industrial and scientific purposes; chemicals for use in industry, science and photography, as well as in agriculture, horticulture and forestry; glue and adhesives for industrial purposes; substrate cleaning agents for use in the manufacture of semiconductors; substrate cleaning agents being chemicals for use in industry; semi-conductor wafer cleaning agents for use in the manufacture of semiconductors; non-metallic minerals; chemical compositions for developing and printing photographs; photoresists; photographic developers; unprocessed artificial resins, unprocessed plastics; plastics [raw materials]; photosensitive resins for use in

the manufacture of liquid crystal displays, being artificial resins, unprocessed; wood pulp; groundwood pulp or chemical pulps for manufacturing purposes; chemicals for use in the processing of semiconductors; dispersing agents for water-based metallic oxides for polishing semiconductors; chemical additives; chemicals for scientific and industrial purposes; chemicals for use in oil and gas drilling; chemicals for use in oil and gas industries; industrial chemicals for use in wood processing; chemicals for treating and processing metals; detergents for use in the manufacture of semiconductors; chemical detergents for industrial purposes; detergents for use in manufacturing processes; etching solutions [acids]; chemical compounds for reducing reflection in photosensitive substances used in the manufacture of semiconductors and other electronic devices; liquid photoresists containing photographic sensitizers, solvents and resin; photodefinable resist films; photodefinable resin films; liquid photodefinable resin; chemical solvents; polyimide; auxiliary fluids for use with polishing semiconductors; auxiliary fluids for use with abrasives; chemicals for use in the manufacture of abrasives; conductive thin-film forming agents comprised of organic compounds for use in the manufacture of liquid crystal displays and other devices; gases for industrial purposes used in the processing of semiconductors, flat panel displays, compact discs and other recording media; chemicals for use with treating toxic gas produced in the manufacture of semiconductors; chemical agents for use with semiconductors for electronic devices; chemical agents used in the semiconductor manufacturing industry; chemical reagents used for non-medical purposes; chemical products for use in pharmaceutical product manufacturing; chemicals for use in the manufacture of veterinary pharmaceuticals; preservatives for pharmaceutical preparations; chemical preparations for scientific purposes, other than for medical or veterinary use; chemical reagents; chemical reagents for testing; reagent kits consisting of chemical reagents, other than for medical or veterinary purposes, and chemical agents; reagent kits consisting of chemical reagents, other than for medical or veterinary purposes, for use in scientific research or experimental laboratory work; diagnostic

preparations other than for medical or veterinary purposes; diagnostic preparations for scientific or research use; chemical agents and chemicals for pharmaceutical manufacturing; chemical additives for pharmaceutical use; chemicals for manufacturing cosmetics, skin cleansers and drugs; biochemical substances and chemicals for drug manufacturing [excluding those for medical and veterinary use]; biological preparations for use in industry and science; biological preparations, other than for medical or veterinary purposes; microbial preparations [chemicals]; biological preparations for experimental and analytical purposes for scientific research; biological preparation for use in cell cultures other than for medical or veterinary use; reagent kits consisting of biological preparations and enzymes with properties of human tissues or human bodily fluids, animal tissues or animal bodily fluids, cultures of microorganisms, plant tissues [excluding those for medical and veterinary use]; antibodies for experimental and analytical use in pathology research, including cancer research, and for animal experiments, other than for medical or veterinary purposes; cultures of microorganisms other than for medical or veterinary use; aqueous solution containing nutrients for culturing live cells; cells used for experiments [excluding those for medical or veterinary use]; stem cells, other than for medical or veterinary purposes; stem cells for research purposes; stem cells for scientific purposes; cells for scientific and experimental research purposes, including genetic material for protein production, other than for medical or veterinary use; research reagent kits consisting of chemical reagents and biological cells, including skin, cartilage, cornea, liver, nerve and blood vessel cells, for experimental and analytical use in scientific research, excluding medical or veterinary use; chemical and biological reagent kits for experimental and analytical use in scientific research, including cell lines, enzyme substrates and recombinant chemical preparations, other than for medical or veterinary use; cell culture media for scientific or research purposes; cell culture media for laboratory use; cells for research or science [excluding those for medical and veterinary use]; preparations derived from cells for research or science [excluding those for medical and veterinary use]; proteins and

enzymes, and cell growth agents, for experimental and analytical use in scientific research, excluding medical or veterinary purposes; chemicals for vaccine production; chemicals for peptide production; liposomes [excluding those for medical and veterinary use]; chemicals containing liposomes; vectors [excluding those for medical and veterinary use]; plasmids [excluding those for medical and veterinary use]; proteins for use in industry, manufacture and science; raw proteins; enzymes for research, industrial, scientific and technical use; chemical reagents for gene research [excluding those for medical and veterinary use]; peptides, collagen, proteins manufactured by genetic recombination [excluding those for medical and veterinary use]; peptides, proteins, nucleic acids or their complexes used for the detection of gene expression, localization of proteins, and integration of exogenous nucleic acids into the in vivo genome [excluding those for medical and veterinary use]; genetically manipulated cells and vectors for the experimental and analytical production of human, animal, and synthetic proteins for scientific research, excluding medical, veterinary, or therapeutic use; genetic DNA sequences; chemical substances used in the manufacturing process of biotechnology, namely replicable mammalian cell cultures and vectors that can transfer DNA sequences for manufacturing and development in the field of biotechnology; biochemicals for scientific use and research laboratory purposes in the field of gene pharmacology, excluding medical, veterinary, or therapeutic purposes; chemical substances and chemicals for the production of gene cell therapy products [excluding those for medical and veterinary use]; chemical and biochemical reagents and preparations for experimental and analytical use in the transfer of biomolecules to live cells and the incorporation of exogenous nucleic acids into the genome of live cells for scientific research, excluding medical, veterinary, or therapeutic purposes; soluble substances and solutions for experimental and analytical use in scientific research for introducing biomolecules into live cells and incorporating exogenous nucleic acids into the genome of live cells, excluding medical, veterinary, or therapeutic purposes; reagents, nucleic acids, and nucleotides for experimental and analytical use in

scientific research in the fields of agriculture and genetic research, excluding medical, veterinary, or therapeutic purposes; samples of mutants and modified nucleotide sequences for experimental and analytical use in scientific research, excluding medical, veterinary, or therapeutic purposes.

Class 02

Dyestuffs; pigments; paints; colorants for synthetic resin.

Class 03

Semiconductor polishing slurries; polishing slurries for manufacturing semiconductors and electronic devices; polishing preparations; abrasive paper; polishing slurries for chemical apparatus; cleaning preparations for electronic machines and components; abrasive preparations; abrasive cloth and paper for manufacturing electronic machines and apparatus; abrasive preparations for semiconductors.

Class 09

Laboratory apparatus and instruments; photographic machines and apparatus; optical machines and apparatus; cinematographic machines and apparatus; measuring or testing machines and instruments; testing apparatus for semiconductor wafers; power distribution or control machines and apparatus; rotary converters; phase modifiers; solar batteries; batteries and cells; electric or magnetic meters and testers; electric wires and cables; telecommunication machines and apparatus; personal digital assistants; LCDs [liquid crystal displays]; semiconductors; semi-conductor elements; semiconductor wafers; circuit boards; integrated circuits; semi-conductor elements for image sensors; solid state image sensors; computer programs; computer software; application software; magnetic cores; resistance wires; electrodes, other than welding electrodes or medical electrodes; semiconductor chips; chemical ingredient analyzers; chemical composition analyzers; chemical substance detectors; chemical substance measuring apparatus; mass analyzers;

laboratory experimental machines and apparatus; chemical-resistant sensors and their parts and fittings; flowing fluid detectors; downloadable virtual goods, namely, computer software programs concerning game resources, tokens, cryptocurrencies for use in video games and online virtual worlds; downloadable computer software for streaming and storing content of audio, music, image, video, text data and three-dimensional shape data like avatar files; virtual goods, namely downloadable computer programs offered online, featuring online virtual worlds with the following virtual goods: virtual camera, digital camera, instant camera, lenses for cameras, lens mount adapters for cameras, flash for cameras, cases for cameras, lens filters for cameras, blower brushes for cameras, tripods for cameras, camera straps, parts and accessories for cameras, photographic apparatus and equipment, photographic materials, photographic films, binoculars, telescopes, optical instruments, cosmetics, soaps, supplements, sanitizers, antibacterial agents, wet tissue paper, digital photo frames, albums, apparatus for mounting photographs, calendars, postcards, boxes for photographs, tin cases for photograph storage, boxes for storing photographic films, tin cases for storing photographic films, decorative stickers for cameras, decorative stickers for photos, photographs, picture frames, stationery, printed matter, picture frames for photographs, medical machinery and equipment, printers, photocopying machines, digital copiers, electrostatic digital copiers for electronic applications, multifunction devices with copy, scan, fax, print functions, smartphone photo printers, printers and their parts and accessories, printing paper, paper, lenses for television cameras, projectors, clocks, key holders, commemorative cups, commemorative plates, jewelry, precious metal shoe ornaments, clothing, hats, bags, metal fittings for bags, purse metal clasps, leather containers for packaging, pet clothing, bags, pouches, unfitted vanity case, umbrellas, walking sticks, walking stick hardware, walking stick handles, horse riding equipment, leather, mugs, cushions; downloadable video files, image files, movie files, audio files, music files, text files, art works, image files containing trading cards, image files for electronic tickets authenticated by non-fungible tokens [NFTs]; downloadable electronic publications

authenticated by non-fungible tokens [NFTs]; downloadable computer software authenticated by non-fungible tokens [NFTs]; computer software for augmented reality; computer for interactive video games in virtual reality; downloadable software for virtual reality games; recorded software for virtual reality games; headsets for virtual reality games; downloadable audio files; downloadable music files; downloadable video files; downloadable image files; downloadable image data of coupons; downloadable graphic design templates.

Class 17
Electrical insulating materials; synthetic resins, semi-processed; artificial resins, semi-processed; plastic semi-worked products.

Class 35
Inventory management of products such as plastics and chemicals; advice concerning chemical product marketing; retail services or wholesale services for chemicals; administrative work services related to the sale of chemicals; computerised stock management; product merchandising services; inventory management of products relating to carrying pharmaceuticals and medical devices into and out of a facility; sales management, inventory management, business management of logistics for others, and customer service management of products; consultancy and advice concerning business for technology, design, development, clinical trials, and product launch in the field of pharmaceuticals, biotechnology, and life sciences; consultancy or advice concerning the management or operation of businesses related to biotechnology research; providing advertising space on websites using virtual reality systems; providing information for others relating to the sale of goods using a virtual reality system; compilation of three-dimensional shape data such as audio, music, image, video, text data and avatar files into computer databases; management of digital data files by computer and providing business and commercial information relating thereto; computerized file management;

computerised database management of electronic data including music, audio, photos, drawings, documents, digital photos, images, audio, text, video by computer; retail and wholesale services for virtual goods, namely downloadable computer programs offered online and in online virtual worlds featuring virtual cameras including digital and instant cameras, camera lenses and lens mount adapters, flashes, cases, lens filters, blower brushes, tripods, camera straps, parts and accessories for cameras, photographic apparatus and equipment, photographic materials and films, binoculars, telescopes, optical instruments, cosmetics, soaps, supplements, sanitizers, antibacterial agents, wet tissue paper, digital photo frames, albums, apparatus for mounting photographs, calendars, postcards, boxes and tin cases for photograph or photographic film storage, decorative stickers for cameras and photos, photographs, picture frames, stationery, printed matter, medical machinery and equipment, printers, photocopying machines, digital copiers, electrostatic digital copiers, multifunction devices with copy, scan, fax and print functions, smartphone photo printers, printers and their parts and accessories, printing paper, paper, lenses for television cameras, projectors, clocks, key holders, commemorative cups and plates, ornaments, jewelry, precious metal shoe ornaments, clothing, hats, bags, metal fittings for bags, purse metal clasps, leather containers for packaging, pet clothing, pouches, unfitted vanity cases, umbrellas, walking sticks, walking stick hardware and handles, horse riding equipment, leather goods, mugs and cushions; retail and wholesale services for virtual goods, namely downloadable image and video files offered online and in online virtual worlds featuring virtual cameras including digital and instant cameras, camera lenses and lens mount adapters, flashes, cases, lens filters, blower brushes, tripods, camera straps, parts and accessories for cameras, photographic apparatus and equipment, photographic materials and films, binoculars, telescopes, optical instruments, cosmetics, soaps, supplements, sanitizers, antibacterial agents, wet tissue paper, digital photo frames, albums, apparatus for mounting photographs, calendars, postcards, boxes and tin cases for photograph or photographic film storage,

decorative stickers for cameras and photos, photographs, picture frames, stationery, printed matter, medical machinery and equipment, printers, photocopying machines, digital copiers, electrostatic digital copiers, multifunction devices with copy, scan, fax and print functions, smartphone photo printers, printers and their parts and accessories, printing paper, paper, lenses for television cameras, projectors, clocks, key holders, commemorative cups and plates, ornaments, jewelry, precious metal shoe ornaments, clothing, hats, bags, metal fittings for bags, purse metal clasps, leather containers for packaging, pet clothing, pouches, unfitted vanity cases, umbrellas, walking sticks, walking stick hardware and handles, horse riding equipment, leather goods, mugs and cushions; retail services or wholesale services for downloadable video files, image files, movie files, audio files, music files, text files, image files containing art works, image files containing trading cards, image files for electronic tickets authenticated by non-fungible tokens [NFTs]; retail services or wholesale services for downloadable electronic publications authenticated by non-fungible tokens [NFTs]; retail services or wholesale services for downloadable computer software authenticated by non-fungible tokens [NFTs]; retail services or wholesale services for downloadable audio files, music files, image files, movie files; retail services or wholesale services for electronic publications; retail services or wholesale services for cameras, digital cameras, photographic cameras for the instant production of pictures, cameras for self-developing film, camera lenses, mount adapters for cameras, camera flashes, cases adapted for cameras, camera lens filters, blower brushes for cameras, tripods for cameras, straps for camera, parts and fittings for cameras, and photographic machines and apparatus; retail services or wholesale services for photographic supplies; retail services or wholesale services for digital cameras, mobile phones, covers for digital cameras, cases for digital cameras, covers for mobile phones, cases for mobile phones, straps for digital cameras, straps for mobile phones, digital photo frames, telecommunication machines and apparatus; retail services or wholesale services for personal digital assistants, portable information terminal devices, smartphones, covers for

smartphones, cases for smartphones, straps for smartphones; retail services or wholesale services for paper and cardboard; retail services or wholesale services for pens, albums, mini photograph albums, photograph storage boxes, containers of tin case for photograph storage, photo film storage boxes, containers of tin case for photo film storage, decorative stickers for cameras, decorative stickers for photographs and stationery; retail services or wholesale services for photographs, films for photographic cameras for the instant production of pictures, films for cameras for self-developing film, photographic films, photo frames; retail services or wholesale services for photograph frames; retail services or wholesale services for printers; collection of medical information.

Class 39

Storage and transportation of liquid chemical reagents; consultancy related to storage and transportation of liquid chemical reagents; storage and delivery of liquid chemicals; transportation and storage of chemicals; transportation of goods; logistics services consisting of the storage, transportation and delivery of goods; packaging and storage of goods; storage of chemicals; supply chain logistics and reverse logistics services consisting of the storage, transportation and delivery of freight.

Class 40

Semiconductor processing; processing of photomasks for semiconductor manufacturing; custom manufacturing of photomasks for integrated circuit and semiconductor device production; custom manufacture of semiconductor circuits; custom manufacture of semiconductor wafers; custom assembly and processing of integrated circuits, circuit boards, and semiconductors; photographic enlarging; photographic printing; photographic film development; regeneration of used parts of semiconductor manufacturing equipment for others; custom manufacture of chemical products; rental of semiconductor device manufacturing equipment; processing of semiconductor wafers; cleaning of semiconductor wafers being treatment of

materials using chemicals; etching process of wafers for semiconductor integrated circuits; filtration of liquids; filtration of gases; custom synthesis of compounds being part of a custom manufacturing process; custom manufacturing and processing of semiconductor parts, semiconductors, wafers, and integrated circuits; reprocessing for reuse of semiconductor parts, semiconductors, wafers, and integrated circuits; application of coatings using chemical vapor deposition techniques; processing of chemicals; recycling of chemicals; processing of chemicals and petrochemicals; processing of materials containing chemicals; application of coatings using chemical, mechanical, thermal or thermomechanical processes; custom processing of human cells being custom biomanufacturing of cultured cells; processing of therapeutic cells being custom biomanufacturing of cultured cells; custom blending and processing of chemicals as well as consultancy and providing information relating thereto; custom production and processing of proteins and chemicals as well as consultancy and providing information relating thereto; custom manufacturing and blending of soaps, cosmetics, and fragrances as well as consultancy and providing information relating thereto; custom synthesis of peptide being part of a custom manufacturing process; custom extraction, purification and synthesis of medical goods, being part of a custom manufacturing process; custom manufacturing of drugs; custom manufacturing of dietary supplements for humans; custom processing and manufacturing of biological molecules such as cells, viruses, genes; processing of medical materials; custom processing and manufacturing of genetically manipulated cells and vectors for the manufacture of human proteins, animal proteins, and synthetic proteins; custom processing and manufacturing of recombinant cells and vectors for the manufacture of human proteins, animal proteins, and synthetic proteins; custom processing and manufacturing of biological products such as biological molecules including cells, viruses, genes and proteins; custom processing and manufacturing of biological molecules including cells, viruses, genes and proteins; custom processing and manufacturing of vectors, cell cultures, and recombinant proteins used in the field of biotechnology; custom processing and

manufacturing of biopharmaceuticals used in the manufacturing process; custom manufacturing and synthesis, being part of a custom manufacturing process of genetically modified DNA, biological organisms, cells, viruses, pathogens and cells used for specific purposes, for scientific, research, medical, and experimental use; processing of genes of DNA, biological organisms, cells, viruses, pathogens and cells used for specific purposes, for scientific, research, medical, and experimental use; custom manufacturing and processing of biopharmaceuticals; custom manufacturing and processing of biopharmaceuticals using biological organisms; custom synthesis and biosynthesis, being part of a custom manufacturing process, as well as custom manufacturing of chemical substances for use in the life sciences field, including pharmaceuticals and pesticides; processing of chemical reagents; rental of coin-operated photo printing machines.

Class 41

Instruction in operation techniques related to digital cameras; educational services related to digital cameras; educational services related to the management and handling of chemicals; education and training for human resource development; providing information and consultancy related to education and training for human resource development; educational and instruction services relating to artificial intelligence technologies in the field of medical image diagnosis; arranging, conducting and organization of seminars relating to artificial intelligence technologies in the field of medical image diagnosis; arranging, conducting and organization of seminars; library services; book rental; providing on-line images, videos, music, voice, text information, and electronic publications; exhibition of materials, namely real objects, facsimiles of specimens, models, documents, charts, photos, films, and records; art exhibitions; photograph exhibitions; exhibitions of cameras; exhibitions of photographic equipment; publication of magazines; photography; entertainment services; provision of movie, television and music video entertainment via an interactive web site; arranging, conducting and organization of entertainment events;

arranging, conducting and organization of photography events and photo contests and providing information relating thereto; arranging, conducting and organization of camera and digital camera experience events and providing information relating thereto; arranging, conducting and organization of photo shooting experience events and providing information relating thereto; arranging, conducting and organization of exhibitions or experience events of virtual reality and providing information relating thereto; arranging, conducting and organization of camera and digital camera experience events in two-dimensional and three-dimensional virtual spaces on the internet; arranging, conducting and organization of talk shows and consultancy or providing information relating thereto; entertainment services provided in virtual environments, relating to the online provision of non-downloadable data of virtual goods for use in virtual spaces featuring virtual cameras, digital cameras, instant cameras, camera lenses, camera lens mount adapters, camera flashes, camera cases, lens filters for cameras, blower brushes for cameras, tripods for cameras, straps for cameras, parts and accessories for cameras, photographic equipment and materials, photographic films, binoculars, telescopes, optical machinery and equipment, digital photo frames, albums, apparatus for mounting photographs, calendars, postcards, photo storage boxes, can cases for photo storage, boxes for photographic film storage, can cases for photographic film storage, decorative stickers for cameras, decorative stickers for photographs, photographs, photo frames, stationary, print media, frames for photographic prints, printers, photocopiers, smartphone photo printers, cases for smartphone photo printers, printers and their parts and accessories, printing paper, paper products, lenses for television cameras, lenses for video cameras, video cameras, camcorders, digital camcorders, camcorders with digital camera functionality, projectors, clocks, key holders, commemorative cups, memorial stands, ornaments [jewelry], precious metal shoe decorations, clothing, hats, bags and satchels, metal fittings for bags, leather packaging containers, mugs and cushions; rental of virtual cameras, digital cameras and camcorders for use in virtual spaces for entertainment purposes; providing non-

downloadable audio, music, images, videos and text; providing image files of non-downloadable avatar in three dimensional shape data; production of videotape film in the field of education, culture, entertainment or sports [not for movies or television programs and not for advertising or publicity]; arranging, conducting and organization of cultural or entertainment events for the purpose of facilitating interaction between individuals and regions; organization of entertainment events excluding movies, shows, plays, musical performances, sports events, horse races, bicycle races, boat races and auto races; photo studio services; sound recording studio services; providing film studio facilities for shooting videos and photographs; provision of facilities for education and training; rental of cameras, digital cameras and camcorders; providing non-downloadable online videos and images offered online and in online virtual worlds featuring the following virtual goods: camera, digital camera, instant camera, lenses for cameras, lens mount adapters for cameras, flash for cameras, cases for cameras, lens filters for cameras, blower brushes for cameras, tripods for cameras, camera straps, parts and accessories for cameras, photographic apparatus and equipment, photographic materials, photographic films, binoculars, telescopes, optical instruments, cosmetics, soaps, supplements, sanitizers, antibacterial agents, wet tissue paper, digital photo frames, albums, apparatus for mounting photographs, calendars, postcards, boxes for photographs, tin cases for photograph storage, boxes for storing photographic films, tin cases for storing photographic films, decorative stickers for cameras, decorative stickers for photos, photographs, picture frames, stationery, printed matter, picture frames for photographs, medical machinery and equipment, printers, photocopying machines, digital copiers, electrostatic digital copiers for electronic applications, multifunction devices with copy, scan, fax, print functions, smartphone photo printers, printers and their parts and accessories, printing paper, paper, lenses for television cameras, projectors, clocks, key holders, commemorative cups, commemorative plates, ornaments [jewelry], precious metal shoe ornaments, clothing, hats, bags, metal fittings for bags, purse metal clasps, leather containers for packaging, pet clothing,

bags, pouches, unfitted vanity case, umbrellas, walking sticks, walking stick hardware, walking stick handles, horse riding equipment, leather, mugs, cushions; providing non-downloadable, specific in-game images as part of a game that features the following virtual goods: camera, digital camera, instant camera, lenses for cameras, lens mount adapters for cameras, flash for cameras, cases for cameras, lens filters for cameras, blower brushes for cameras, tripods for cameras, camera straps, parts and accessories for cameras, photographic apparatus and equipment, photographic materials, photographic films, binoculars, telescopes, optical instruments, cosmetics, soaps, supplements, sanitizers, antibacterial agents, wet tissue paper, digital photo frames, albums, apparatus for mounting photographs, calendars, postcards, boxes for photographs, tin cases for photograph storage, boxes for storing photographic films, tin cases for storing photographic films, decorative stickers for cameras, decorative stickers for photos, photographs, picture frames, stationery, printed matter, picture frames for photographs, medical machinery and equipment, printers, photocopying machines, digital copiers, electrostatic digital copiers for electronic applications, multifunction devices with copy, scan, fax, print functions, smartphone photo printers, printers and their parts and accessories, printing paper, paper, lenses for television cameras, projectors, clocks, key holders, commemorative cups, commemorative plates, ornaments [jewelry], precious metal shoe ornaments, clothing, hats, bags, metal fittings for bags, purse metal clasps, leather containers for packaging, pet clothing, bags, pouches, unfitted vanity case, umbrellas, walking sticks, walking stick hardware, walking stick handles, horse riding equipment, leather, mugs, cushions; providing non-downloadable video files, image files, movie files, audio files, music files, text files, art work features as image files, image files featuring trading cards and image files for electronic tickets, authenticated by non-fungible tokens [NFTs]; providing non-downloadable electronic publications authenticated by non-fungible tokens [NFTs]; providing online non-downloadable audio, music, images and video; providing entertainment related to virtual reality experiences via communications networks; providing virtual reality

experience games using communication networks.

Class 42

Designing of machines, apparatus, instruments [including their parts] or systems composed of such machines, apparatus and instruments; design of semiconductors or integrated circuits and consultancy relating thereto; design of semiconductor devices; computer software design, computer programming, or maintenance of computer software; chemical research; research in the area of semiconductor processing technology; testing, inspection or research on semiconductors; testing, inspection or research on integrated circuits; testing or research on machines, apparatus and instruments; providing computer programs on data networks; rental of computers; digital restoration of analog photos; design and development of software for processing analog photos; chemical analysis services; chemical engineering; technical advice on the introduction and explanation of the use of chemical mechanical devices and semiconductor manufacturing equipment using thin film materials, provided via telecommunications or face-to-face; technical advice on the introduction and explanation of the use of chemical mechanical devices and semiconductor manufacturing equipment using organic metallic derivative compounds for reagents, provided via telecommunications or face-to-face; introduction and explanation of the technical advice and its usage methods for chemical vapor deposition equipment provided via telecommunications or face-to-face; technical advice on the introduction and explanation of the use of semiconductors, chemical reagents, and chemical delivery systems for chemical vapor deposition, provided via telecommunications or face-to-face; design services related to engineering for chemical vapor deposition devices; design services related to engineering for semiconductors, chemical reagents, and chemical delivery systems for chemical vapor deposition; testing, inspection or research of pharmaceuticals, cosmetics or foodstuffs; research and development services in the field of cytology; scientific services relating to cell cultivation for others; testing,

inspection, research or development related to cell and tissue culture; research and development related to drugs; research and development in the field of life sciences; research related to medicine and science in the field of healthcare; research and development related to technology in the field of healthcare; research and development related to technology in the field of life sciences; providing information on a portal site related to research and development of biopharmaceuticals manufactured by biological processing and bio-manufacturing platforms; testing and research related to biotechnology that features biological processing and bio-manufacturing platforms for the manufacturing of biopharmaceuticals, and consultancy relating thereto; designing or development of computer platforms for biological processing and bio-manufacturing for the manufacturing of biopharmaceuticals; hosting of computer software for others to use for custom design and ordering of assays, nucleic acids and reagents used in nucleic acid sequence analysis, genotyping, medical diagnosis, veterinary diagnosis, clinical diagnosis, medical research, veterinary research, diagnostic research, clinical research, drug discovery, drug discovery research, medical experimental research, veterinary and research, life sciences, biology, microbiology, biotechnology, agriculture, forensic science, food safety, metagenomics and genetics; testing and inspection of medical equipment; cloud computing for storing, analyzing and sharing information in the field of medical diagnosis; biotechnology, chemistry and pharmacology services, namely, provision of scientific and technical research related to the manufacture of chemicals and biotechnological products used in the preparation of pharmaceuticals and veterinary preparations, as well as providing expert advice on these matters; biotechnology research; execution of early assessment in the field of new drugs as part of scientific research; development of pharmaceuticals; provision of technical services, namely, technical advice, project research, and research in the pharmaceutical industry and healthcare industry; evaluation of pharmaceuticals as part of scientific analysis and research; research and development in the field of drug formulation; scientific research, development

and analysis concerning product development of drugs and test reagents, and consultancy relating thereto; scientific research; provision of scientific research for medical purposes and providing information relating thereto; provision of computer software by application service providers for health management by managing body weight, body fat ratio and other body composition information; hosting of computer websites for health management by managing body weight, body fat ratio and other body composition information; testing and research related to biotechnology and consultancy relating thereto; providing non-downloadable computer software offered online featuring the following virtual goods: camera, digital camera, instant camera, lenses for cameras, lens mount adapters for cameras, flash for cameras, cases for cameras, lens filters for cameras, blower brushes for cameras, tripods for cameras, camera straps, parts and accessories for cameras, photographic apparatus and equipment, photographic materials, photographic films, binoculars, telescopes, optical instruments, cosmetics, soaps, supplements, sanitizers, antibacterial agents, wet tissue paper, digital photo frames, albums, apparatus for mounting photographs, calendars, postcards, boxes for photographs, tin cases for photograph storage, boxes for storing photographic films, tin cases for storing photographic films, decorative stickers for cameras, decorative stickers for photos, photographs, picture frames, stationery, printed matter, picture frames for photographs, medical machinery and equipment, printers, photocopying machines, digital copiers, electrostatic digital copiers for electronic applications, multifunction devices with copy, scan, fax, print functions, smartphone photo printers, printers and their parts and accessories, printing paper, paper, lenses for television cameras, projectors, clocks, key holders, commemorative cups, commemorative plates, ornaments [jewelry], precious metal shoe ornaments, clothing, hats, bags, metal fittings for bags, purse metal clasps, leather containers for packaging, pet clothing, bags, pouches, unfitted vanity case, umbrellas, walking sticks, walking stick hardware, walking stick handles, horse riding equipment, leather, mugs, cushions; providing online non-downloadable computer software authenticated by non-fungible tokens [NFTs]; programming of

websites for online communities in the field of audio, music, image, video, text data and three-dimensional shape data such as avatar files; providing online non-downloadable computer software for the creation, viewing, managing, trading, collecting of audio, music, image, video, text data and three-dimensional shape data such as avatar files; electronic storage of electronic data including music, audio, photos, drawings, documents, digital photos, images, audio, text, video by computer; electronic data storage; providing online non-downloadable computer software; providing online non-downloadable computer software for cloud computing; software as a service [SaaS]; platform as a service [PaaS]; medical research.

Priority Details:

Class Number: 01
Priority Date: 11/12/2024
Country/Territory: JAPAN
Priority Application Number: 2024-133203
Goods and/or Services: Chemicals; fire extinguishing compositions; metal tempering preparations; welding chemicals; chemical substances for preserving foodstuffs; tanning substances; solvents for removing photoresists; solvents; etchants for use in the manufacture of semiconductors; chemicals for use in the manufacture of semiconductors; photodefinable polyimide coatings for electronic components; chemical source material for the deposition of thin films upon semiconductor wafers for the manufacture of semiconductors; photodefinable chemical compositions in liquid form; chemical compositions in liquid form; chemical compositions; chemicals for use in industry, science and photography, as well as in agriculture, horticulture and forestry; glue and adhesives for industrial purposes; fertilisers for soil; substrate cleaning agents for use in the manufacture of semiconductors; substrate cleaning agents; semi-conductor wafer cleaning agents for use in the manufacture of semiconductors; nonferrous metals; non-metallic minerals; chemical compositions for developing and printing photographs; photoresists; photographic developers;

unprocessed artificial resins, unprocessed plastics; plastics [raw materials]; photosensitive resins for use in the manufacture of liquid crystal displays; wood pulp; groundwood pulp or chemical pulps for manufacturing purposes; chemicals for use in the processing of semiconductors; dispersing agents for water-based metallic oxides for polishing semiconductors; chemical additives; chemicals for scientific and industrial purposes; chemicals for use in oil and gas drilling; chemicals for use in oil and gas industries; industrial chemicals for use in wood processing; chemicals for treating and processing metals; detergents for use in the manufacture of semiconductors; chemical detergents for industrial purposes; detergents for use in manufacturing processes; etching solutions [acids]; chemical compounds for reducing reflection in photosensitive substances used in the manufacture of semiconductors and other electronic devices; liquid photoresists containing photographic sensitizers, solvents and resin; photodefinable resist films; photodefinable resin films; liquid photodefinable resin; chemical solvents; polyimide; auxiliary fluids for use with polishing semiconductors; auxiliary fluids for use with abrasives; chemicals for use in the manufacture of abrasives; conductive thin-film forming agents comprised of organic compounds for use in the manufacture of liquid crystal displays and other devices; gases for use in the processing of semiconductors, flat panel displays, compact discs and other recording media; chemicals for use with treating toxic gas produced in the manufacture of semiconductors; chemical agents for use with semiconductors for electronic devices; chemical agents used in the semiconductor manufacturing industry; chemical reagents used for non-medical purposes.
