General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at https://www.ipos.gov.sg. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

Goods and/or Services:

Class 06

Flap gate of metal for tide prevention; flap gate of metal; doors of metal for tide prevention; doors of metal; seawall materials of metal; chimneys of metal; metal materials for movable floating structures of metal or metal materials for building or construction of movable floating structures; iron and steel materials for bridges of metal; metal materials for building or construction of offshore structures; metal materials for building or construction of floating structures; containers of metal or containers mainly of metal [for storage, transport] for storing irradiated fuel elements of nuclear power plants; high pressure metal gas containers, sold empty; containers of metal [storage, transport]; metal castings; silos of metal; vacuum valves of metal, other than parts of machines; alloys of common metal having function for blocking neutron radiation; buoys of metal; metal materials for building or construction; prefabricated building assembly kits of metal; reservoirs of metal; industrial packaging containers of metal, not including "metal stoppers, lids and caps".

Class 07

Press machines; grinding wheels (machine tools) for semiconductor wafer polishing equipment; grinding wheels (machine tools) for glass polishing; grinding wheels (machine tools) used in machining centers for precision polishing of castings; metalworking machines; industrial robots; construction machines and apparatus; parts and fittings for construction machines and apparatus; shield tunneling machines; parts and fittings for shield tunneling machines; food or beverage processing machines and apparatus; plastic processing machines; manufacturing machines and apparatus and their parts and fittings of plastic film and plastic plate;

diesel engines not for land vehicles; gas turbines for power generation; turbines, other than for land vehicles; boilers for non-electric prime movers and engines; catalytic converters; wind turbines for power generation; exhaust gas treatment systems for exhaust gas emitted from diesel engines and other internal combustion engines, and their parts and fittings; catalytic converters for exhaust gas emitted from diesel engines and other internal combustion engines, and their parts and fittings; non-electric prime movers, not for land vehicles and parts of non-electric prime movers; exhaust gas treatment systems for exhaust gas emitted from diesel engines for power generation and other internal combustion engines for power generation, and their parts and fittings; catalytic converters for exhaust gas emitted from diesel engines and other internal combustion engines for power generation, and their parts and fittings; engines for marine vessels; nitrogen oxide traps for exhaust systems being parts of exhaust apparatus for internal combustion engines; biomass power generators; biomass power generation plants; wind-powered installations for generating electricity [wind farms] and their parts and fittings; wind-powered electricity generators and their parts and fittings; tower for wind-powered electricity generators; adsorbing machines for chemical processing; filtering materials for filtering machines; filtering materials for adsorbing machines; chemical processing machines and apparatus; filter presses; filtering machines; cartridges for filtering machines; filters for filtering machines; disintegrators for chemical processing; sewage pulverizers; waste compacting machines and apparatus for industrial purposes; waste crushing machines for industrial purposes; condensing installations; sieves [machines or parts of machines]; spin driers [not heated]; waste volume reduction equipment (waste compacting machines; waste and trash separator machines; waste disposal units; industrial waste recycling and treatment equipment; pressure vessels (machines) for oil refining; pressure vessel typed reactors (machines) for plants for the production of chemical fertilisers and other chemicals; hydrogen generator in the nature of electrolysis machines for generating hydrogen; chemical processing machines and apparatus for collecting carbon dioxide; methane

synthesis machines and apparatus for chemical processing; fuel synthesis machines and apparatus for chemical processing; methanol synthesis machines and apparatus for chemical processing; polishing equipment for semiconductor substrates; vacuum thin film forming equipment (machines); vacuum deposition equipment (machines); filling machines; separation membranes for use with chemical processing machines and apparatus; separation membrane for use with separators [machines] for gas; separation membrane for use with separators for liquids; machines for generating gas by electrolysis; automatic opening and closing apparatus for floodgate and actuators thereof; washing apparatus; vacuum valves (parts of machines); rupture disc (machines parts) for use as safety valves in pressure regulators; semiconductor manufacturing machines; packing machines; vibration damping equipment (machines); machines for separating recyclable materials; denitration systems being exhaust gas treatment systems for diesel engines.

Class 09

Marking buoys; power distribution or control machines and apparatus; rotary converters; phase modifiers; fuel cells; electrical cells and batteries; apparatus for recording images for production line; telecommunication machines and apparatus for remote monitoring systems; electronic equipment, apparatus and their parts for remote monitoring systems; computer programs, downloadable; computer hardware; computer peripheral devices; computer software; downloadable computer software for remote monitoring and analysis; computer software and computer hardware for collecting, analyzing or managing digital data; computer program and computer software for collecting, editing, managing, modifying, transmission, recording, sharing, exchanging or processing data or information; electronic machines, being computer apparatus and their parts; personal digital assistants having data transmission function with computers; devices for wireless radio transmission; marine radios; telecommunication machines and apparatus; electronic image analyzers; diagnostic apparatus, not for medical purposes; analyzing and measuring

machines and instruments; motion detectors; detectors; measuring machines and instruments having communication function for transmitting measuring data to computers; measuring or testing machines and instruments; product checking (supervision) machines and instruments to look for defects of products; electric or magnetic meters and testers; detectors [electric or magnetic meters and testers]; frequency meters; radio apparatus and instruments; radio transmitters and receivers; remote control telemetering machines and instruments; wireless controllers to remotely monitor and control the function and status of other electrical, electronic, and mechanical devices or systems; industrial X-ray machines and apparatus, not for medical use; echo sounders; ultrasonic flaw detectors; ultrasonic sensors; ultrasonic non-destructive defect detecting equipment; ultrasonic non-destructive defect detecting equipment using X-rays; ultrasonic non-destructive defect detecting equipment using electromagnetic waves; transmission machines and apparatus for telecommunication; testing apparatus for appearance of materials; testing apparatus for processing and analysis of computerized image data for detecting foreign substances in raw materials, materials and products or for testing appearance and measuring dimension of raw materials, materials and products; apparatus for testing food; apparatus for recording images; audio and image recording and reproduction apparatus and parts and accessories thereof; measuring apparatus with satellite positioning system receivers; telecommunication apparatus with satellite positioning system receivers; electronic equipment and apparatus with satellite positioning system receivers; electric current control devices; power supply control devices; electric control devices; remote monitoring control devices.

Class 11

Heating furnaces for industrial purposes; melting furnaces for industrial purposes; industrial furnaces; nuclear reactors; gasification melting furnaces for municipal waste; boilers, other than parts of machines; freezing machines and apparatus; installations for wastewater treatment; sludge (effluent) treatment apparatus;

incinerators; garbage incinerators for industrial purposes; water purifying apparatus; exhaust gas treatment (purification) apparatus for garbage incinerators; water intake apparatus; purification apparatus for seawater; desalination units; water filtering apparatus; germicidal lamps; germicidal lamps for purifying air; air sterilizers; air filtering installations; sterilizers; ultraviolet sterilizers; human waste treatment apparatus; sewage treatment apparatus; drainage water treatment apparatus; wastewater treatment apparatus; denitration system (gas cleaning apparatus) for garbage incinerators; gas purification installations; denitration systems (gas cleaning apparatus) for industrial purposes; biogas generating apparatus for use in the treatment of waste; sea water desalination plants; ice machines and apparatus; heat exchangers for chemical processing; heat exchangers, other than parts of machines; sterilizers using electron beams; membrane filtration units for water treatment apparatus; water sterilizers using gases generated by electrolyzation; fire grate for incinerators.

Class 19

Reservoirs [structures] of brick or concrete for spent nuclear fuel or high-level radioactive waste; concrete building elements; blocks of concrete; concrete beams; concrete pillars; concrete walls for building; firebricks.

Class 37

Construction, inspection (prior to maintenance and repair), repair, maintenance or engineering services for operation management of incinerators and consulting and information services thereof; construction, inspection (prior to maintenance and repair), repair, maintenance or engineering services for operation management of waste treatment facilities and consulting and information services thereof; construction, inspection (prior to maintenance and repair), repair, maintenance or engineering services for operation management of gas generating plants and consulting and information services thereof; construction, inspection (prior to

maintenance and repair), repair, maintenance or engineering services for operation management of chemical plants and consulting and information services thereof; construction, inspection (prior to maintenance and repair), repair, maintenance or engineering services for operation management of power generation [energy-from-waste, wind power generation, auxiliary power generation, biomass power generation] facilities and consulting and information services thereof; construction, inspection (prior to maintenance and repair), repair, maintenance or engineering services for operation management of water, sewage and industrial wastewater treatment facilities and consulting and information services thereof; construction, inspection (prior to maintenance and repair), repair, maintenance or engineering services for operation management of desalination plants and consulting and information services thereof; construction, inspection (prior to maintenance and repair), repair, maintenance or engineering services for operation management of facilities for generating energy or resource from organic waste, or treatment of leachate from final disposal site and consulting and information services thereof; construction, inspection (prior to maintenance and repair), repair or maintenance of bridges and consulting and information services thereof; construction, inspection (prior to maintenance and repair), repair or maintenance of floodgates and consulting and information services thereof; construction, inspection (prior to maintenance and repair), repair or maintenance of chimneys and consulting and information services thereof; construction, inspection (prior to maintenance and repair), repair or maintenance of offshore structures and consulting and information services thereof; installation, inspection (prior to maintenance and repair), repair or maintenance of vacuum deposition equipment and consulting and information services thereof; installation, inspection (prior to maintenance and repair), repair or maintenance of press machines for industrial purposes and consulting and information services thereof; installation, inspection (prior to maintenance and repair), repair or maintenance of metal polishing machinery and equipment and consulting and information services thereof; installation, inspection (prior to maintenance and repair),

repair or maintenance of surface polishing equipment for semi-conductor wafers and consulting and information services thereof; installation, inspection (prior to maintenance and repair), repair or maintenance of vacuum valves and consulting and information services thereof; installation, inspection (prior to maintenance and repair), repair or maintenance of plastic processing machines and consulting and information services thereof; installation, inspection (prior to maintenance and repair), repair or maintenance of foreign substance detecting equipment and consulting and information services thereof; installation, inspection (prior to maintenance and repair), repair or maintenance of foreign substance removal equipment for processing foods or beverages and consulting and information services thereof; installation, inspection (prior to maintenance and repair), repair or maintenance of apparatus for testing food and consulting and information services thereof; installation, inspection (prior to maintenance and repair), repair or maintenance of filter presses [filtering machines] and consulting and information services thereof; installation, inspection (prior to maintenance and repair), repair or maintenance of liquid filling and packaging equipment [for food, beverages, medicinal products and chemicals] and consulting and information services thereof; installation, inspection (prior to maintenance and repair), repair or maintenance of sterilisers using electron beams and consulting and information services thereof; installation, inspection (prior to maintenance and repair), repair or maintenance of marine diesel engines and consulting and information services thereof; installation, inspection (prior to maintenance and repair), repair or maintenance of denitration systems [for thermal power plants, garbage incinerators, diesel engines and chemical plants] and consulting and information services thereof; installation, inspection (prior to maintenance and repair), repair or maintenance of water electrolyzation systems [water electrolyzation or seawater electrolyzation] and consulting and information services thereof; installation, inspection (prior to maintenance and repair), repair or maintenance of pressure vessels for plants [for use in the oil refining, petrochemical industry and chemical processing] and consulting and information services thereof; installation, inspection (prior to

maintenance and repair), repair or maintenance of heat exchangers and consulting and information services thereof; installation, inspection (prior to maintenance and repair), repair or maintenance of gas generators and consulting and information services thereof; installation, inspection (prior to maintenance and repair), repair or maintenance of power-generating units and consulting and information services thereof; construction; construction consultancy; operation and maintenance of building equipment; plumbing; machinery installation; electrical installation services; telecommunication wiring; construction project management services; installation of vibration damping equipment.

Class 39

Electricity distribution; distribution of gas; packaging of goods; transportation of goods by road, rail and water; rental of transport and storage containers; collection and hauling of domestic and industrial waste and trash.

Class 40

Waste incineration; treatment of waste; generation of electrical power; treatment of water, sewage and industrial wastewater; recycling of human waste and sludge; water treating; waste water treatment; generating energy or resource from organic waste, or treatment of leachate from final disposal site; rental of water filtration units for commercial use; rental of equipment for prevention of water contamination; rental of water treatment equipment such as pure water production system, water purifying apparatus or wastewater treatment apparatus; recycling of waste and trash; production of energy by power plants; recycling of activated carbon; custom manufacture of chemicals; cutting or grinding of semiconductor, glass, ceramic, rock crystal or metal.

Class 42

Engineering consultancy services relating to the performance of incinerators and provision of information relating thereto; engineering consultancy services relating to

the performance of waste treatment facilities and provision of information relating thereto; engineering consultancy services relating to the performance of gas generating plants and provision of information relating thereto; engineering consultancy services relating to the performance of chemical plants and provision of information relating thereto; engineering consultancy services relating to the performance of power generation [energy-from-waste, wind power generation, auxiliary power generation, biomass power generation] facilities and provision of information relating thereto; engineering consultancy services relating to the performance of water, sewage and industrial wastewater treatment facilities and provision of information relating thereto; engineering consultancy services relating to the performance of desalination plants and provision of information relating thereto; engineering consultancy services relating to the performance of facilities for generating energy or resource from organic waste, or treatment of leachate from final disposal site and provision of information relating thereto; engineering consultancy services relating to the performance of bridges and provision of information relating thereto; engineering consultancy services relating to the performance of floodgates and provision of information relating thereto; engineering consultancy services relating to the performance of chimneys and provision of information relating thereto; engineering consultancy services relating to the performance of offshore structures and provision of information relating thereto; engineering consultancy services relating to the performance of vacuum deposition equipment and provision of information relating thereto; engineering consultancy services relating to the performance of press machines for industrial purposes and provision of information relating thereto; engineering consultancy services relating to the performance of metal polishing machinery and equipment and provision of information relating thereto; engineering consultancy services relating to the performance of surface polishing equipment for semi-conductor wafers and provision of information relating thereto; engineering consultancy services relating to the performance of vacuum valves and provision of information relating thereto; engineering consultancy services

relating to the performance of plastic processing machines and provision of information relating thereto; engineering consultancy services relating to the performance of foreign substance detecting equipment and provision of information relating thereto; engineering consultancy services relating to the performance of foreign substance removal equipment and provision of information relating thereto; engineering consultancy services relating to the performance of apparatus for testing food and provision of information relating thereto; engineering consultancy services relating to the performance of filter presses [filtering machines] and provision of information relating thereto; engineering consultancy services relating to the performance of liquid filling equipment and provision of information relating thereto; engineering consultancy services relating to the performance of sterilizers using electron beams and provision of information relating thereto; engineering consultancy services relating to the performance of marine diesel engines and provision of information relating thereto; engineering consultancy services relating to the performance of denitration systems [including for marine and for land] and provision of information relating thereto; engineering consultancy services relating to the performance of water electrolyzation systems [water electrolyzation or seawater electrolyzation] and provision of information relating thereto; engineering consultancy services relating to the performance of pressure vessels and provision of information relating thereto; engineering consultancy services relating to the performance of heat exchangers and provision of information relating thereto; engineering consultancy services relating to the performance of gas generators and provision of information relating thereto; engineering consultancy services relating to the performance of power-generating units and provision of information relating thereto; research on technical issues and technical matters by maintenance data analysis in the field of incinerators and providing information relating thereto; research on technical issues and technical matters by maintenance data analysis in the field of waste treatment facilities and providing information relating thereto; research on technical issues and technical matters by maintenance data analysis in the field of gas generating plants

and providing information relating thereto; research on technical issues and technical matters in the field of chemical plants and providing information relating thereto; research on technical issues and technical matters in the field of power generation [energy-from-waste, wind power generation, auxiliary power generation, biomass power generation] facilities and providing information relating thereto; research on technical issues and technical matters by maintenance data analysis in the field of water, sewage and industrial wastewater treatment facilities and providing information relating thereto; research on technical issues and technical matters by maintenance data analysis in the field of desalination plants and providing information relating thereto; research on technical issues and technical matters by maintenance data analysis in the field of facilities for generating energy or resource from organic waste, or treatment of leachate from final disposal site and providing information relating thereto; research on technical issues and technical matters by maintenance data analysis in the field of bridges and providing information relating thereto; research on technical issues and technical matters by maintenance data analysis in the field of floodgates and providing information relating thereto; research on technical issues and technical matters by maintenance data analysis in the field of chimneys and providing information relating thereto; research on technical issues and technical matters by maintenance data analysis in the field of offshore structures and providing information relating thereto; research on technical issues and technical matters by maintenance data analysis in the field of vacuum deposition equipment and providing information relating thereto; research on technical issues and technical matters by maintenance data analysis in the field of press machines for industrial purposes and providing information relating thereto; research on technical issues and technical matters by maintenance data analysis in the field of metal polishing machinery and equipment and providing information relating thereto; research on technical issues and technical matters by maintenance data analysis in the field of surface polishing equipment for semi-conductor wafers and providing information relating thereto; research on technical issues and technical matters by maintenance

data analysis in the field of vacuum valves and providing information relating thereto; research on technical issues and technical matters by maintenance data analysis in the field of plastic processing machines and providing information relating thereto; research on technical issues and technical matters by maintenance data analysis in the field of foreign substance detecting equipment and providing information relating thereto; research on technical issues and technical matters by maintenance data analysis in the field of foreign substance removal equipment and providing information relating thereto; research on technical issues and technical matters by maintenance data analysis in the field of apparatus for testing food and providing information relating thereto; research on technical issues and technical matters by maintenance data analysis in the field of filter presses [filtering machines] and providing information relating thereto; research on technical issues and technical matters by maintenance data analysis in the field of liquid filling equipment and providing information relating thereto; research on technical issues and technical matters by maintenance data analysis in the field of sterilizers using electron beams and providing information relating thereto; research on technical issues and technical matters by maintenance data analysis in the field of marine diesel engines and providing information relating thereto; research on technical issues and technical matters by maintenance data analysis in the field of denitration systems [including for marine and for land] and providing information relating thereto; research on technical issues and technical matters by maintenance data analysis in the field of water electrolyzation systems [water electrolyzation or seawater electrolyzation] and providing information relating thereto; research on technical issues and technical matters by maintenance data analysis in the field of pressure vessels and providing information relating thereto; research on technical issues and technical matters by maintenance data analysis in the field of heat exchangers and providing information relating thereto; research on technical issues and technical matters by maintenance data analysis in the field of gas generators and providing information relating thereto; research on technical issues and technical matters by maintenance data analysis in

the field of power-generating units and providing information relating thereto; monitoring of computer systems (to detect breakdowns) for managing incinerators such as recording, notification, measuring or notifying of equipment malfunctions; monitoring of computer systems (to detect breakdowns) for managing waste treatment facilities such as recording, notification, measuring or notifying of equipment malfunctions; monitoring of computer systems (to detect breakdowns) for managing gas generating plants such as recording, notification, measuring or notifying of equipment malfunctions; monitoring of computer systems (to detect breakdowns) for managing chemical plants such as recording, notification, measuring or notifying of equipment malfunctions; monitoring of computer systems (to detect breakdowns) for managing power generation [energy-from-waste, wind power generation, auxiliary power generation, biomass power generation] facilities such as recording, notification, measuring or notifying of equipment malfunctions; monitoring of computer systems (to detect breakdowns) for managing water, sewage and industrial wastewater treatment facilities such as recording, notification, measuring or notifying of equipment malfunctions; monitoring of computer systems (to detect breakdowns) for managing desalination plants such as recording, notification, measuring or notifying of equipment malfunctions; monitoring of computer systems (to detect breakdowns) for managing facilities for generating energy or resource from organic waste, or treatment of leachate from final disposal site such as recording, notification, measuring or notifying of equipment malfunctions; monitoring of computer systems (to detect breakdowns) for managing bridges such as recording, notification, measuring or notifying of equipment malfunctions; monitoring of computer systems (to detect breakdowns) for managing floodgates such as recording, notification, measuring or notifying of equipment malfunctions; monitoring of computer systems (to detect breakdowns) for managing chimneys such as recording, notification, measuring or notifying of equipment malfunctions; monitoring of computer systems (to detect breakdowns) for managing offshore structures such as recording, notification, measuring or notifying of equipment

malfunctions; monitoring of computer systems (to detect breakdowns) for managing vacuum deposition equipment such as recording, notification, measuring or notifying of equipment malfunctions; monitoring of computer systems (to detect breakdowns) for managing press machines for industrial purposes such as recording, notification, measuring or notifying of equipment malfunctions; monitoring of computer systems (to detect breakdowns) for managing metal polishing machinery and equipment such as recording, notification, measuring or notifying of equipment malfunctions; monitoring of computer systems (to detect breakdowns) for managing surface polishing equipment for semi-conductor wafers such as recording, notification, measuring or notifying of equipment malfunctions; monitoring of computer systems (to detect breakdowns) for managing vacuum valves such as recording, notification, measuring or notifying of equipment malfunctions; monitoring of computer systems (to detect breakdowns) for managing plastic processing machines such as recording, notification, measuring or notifying of equipment malfunctions; monitoring of computer systems (to detect breakdowns) for managing foreign substance detecting equipment such as recording, notification, measuring or notifying of equipment malfunctions; monitoring of computer systems (to detect breakdowns) for managing foreign substance removal equipment such as recording, notification, measuring or notifying of equipment malfunctions; monitoring of computer systems (to detect breakdowns) for managing apparatus for testing food such as recording, notification, measuring or notifying of equipment malfunctions; monitoring of computer systems (to detect breakdowns) for managing filter presses [filtering machines] such as recording, notification, measuring or notifying of equipment malfunctions; monitoring of computer systems (to detect breakdowns) for managing liquid filling equipment such as recording, notification, measuring or notifying of equipment malfunctions; monitoring of computer systems (to detect breakdowns) for managing sterilisers using electron beams such as recording, notification, measuring or notifying of equipment malfunctions; monitoring of computer systems (to detect breakdowns) for managing marine diesel engines such as recording, notification, measuring or

notifying of equipment malfunctions; monitoring of computer systems (to detect breakdowns) for managing denitration systems [including for marine and for land] such as recording, notification, measuring or notifying of equipment malfunctions; monitoring of computer systems (to detect breakdowns) for managing water electrolyzation systems [water electrolyzation or seawater electrolyzation] such as recording, notification, measuring or notifying of equipment malfunctions; monitoring of computer systems (to detect breakdowns) for managing pressure vessels such as recording, notification, measuring or notifying of equipment malfunctions; monitoring of computer systems (to detect breakdowns) for managing heat exchangers such as recording, notification, measuring or notifying of equipment malfunctions; monitoring of computer systems (to detect breakdowns) for managing gas generators such as recording, notification, measuring or notifying of equipment malfunctions; monitoring of computer systems (to detect breakdowns) for managing power-generating units such as recording, notification, measuring or notifying of equipment malfunctions; engineering related to incinerators; engineering related to waste treatment facilities; engineering related to gas generating plants; engineering related to chemical plants; engineering related to power generation [energy-from-waste, wind power generation, auxiliary power generation, biomass power generation] facilities; engineering related to water, sewage and industrial wastewater treatment facilities; engineering related to desalination plants; engineering related to facilities for generating energy or resource from organic waste, or treatment of leachate from final disposal site; engineering related to bridges; engineering related to in floodgates; engineering related to chimneys; engineering related to offshore structures; engineering related to vacuum deposition equipment; engineering related to press machines for industrial purposes; engineering related to metal polishing machinery and equipment; engineering related to surface polishing equipment for semi-conductor wafers; engineering related to vacuum valves; engineering related to plastic processing machines; engineering related to foreign substance detecting equipment; engineering related to foreign substance removal equipment; engineering related to

apparatus for testing food; engineering related to filter presses [filtering machines]; engineering related to liquid filling equipment; engineering related to sterilizers using electron beams; engineering related to marine diesel engines; engineering related to denitration systems [including for marine and for land]; engineering related to water electrolyzation systems [water electrolyzation or seawater electrolyzation]; engineering related to pressure vessels; engineering related to heat exchangers; engineering related to gas generators; engineering related to power-generating units; designing of machines, apparatus, instruments [including their parts] or systems composed of such machines, apparatus and instruments; technological advice relating to computers, automobiles and industrial machines; research on building construction or city planning; testing or research on prevention of pollution; testing or research on electricity; testing or research on civil engineering; testing or research on machines, apparatus and instruments; design of steel structures; design of plants; design of apparatus and machines; design of offshore structures; design services in the field of naval shipbuilding; design services; computer program design; computer programming; surveying; provision of information relating to surveying; consultancy relating to surveying; provision of technological information using satellite positioning systems on correction of positioning errors for building and civil engineering structures; architectural services; design services in the field of boilers, pressure vessels, engines, industrial apparatus and machines; research and development in the field of evaluation or judgment systems for corrosion or deterioration in parts, piping, or metal columns; research and development of preventive maintenance technology for cracks in road piers or roads; research and development of preventive maintenance technology for machinery and equipment; research and development of vibration damping equipment; non-destructive inspection; conducting of chemical analyses; engineering services for diagnosis of building equipment deterioration; design of vibration damping equipment.
